

News of Baird PEOPLE & THINGS

By E. M.

WE ARE INDEBTED to Claud Holley, manager of the Baird Chamber of Commerce for the following figures which show that Baird and Callahan County continues to grow and continues to prosper. According to figures released by the Federal Government, the 1960 census for Callahan County showed a population figure of 7,930. The 1963 figure has reached 9,330, it was stated. That reflects a growth of about 17.5 per cent.

THE LABOR PICTURE was also encouraging. It showed a jump of 540 workers in various categories. The total labor force in 1960 was 2,835 as compared with 3,375 for 1963. In 1960 there were 100 unemployed people in the county and in 1963 the total reached 175. The question now is: are we taking proper advantage of the opportunity offered us by the increase in population, and the increase in the working personnel, or are we sitting still and letting our larger neighbor profit by our growth?

OUR SCOUTS TELL us that Baird's Linda Dill has some of her art work posted in an Abilene cafeteria where hundreds of people can see it daily. Lavender's Cafeteria advertises "all you can eat for 98c" but cautions customers not to be wasteful. The cartoon drawings by Linda are on the wall leading to the serving line and stress the importance of being conservative in food selection so that the bargain may continue to be offered. Linda, who has been an invalid since birth is a talented young lady.

WE IMAGINE THAT Mammy Estes (Mrs. Frank Estes), Linda's grandmother, and Linda were a little sad Tuesday as Baird's schools opened for the new school year. For the past eleven years, Linda and Mammy have enrolled for school, and Mammy has attended each day along with Linda. She has served as Linda's ears and as her spokesman. Linda is unable to hear and unable to talk. She is confined to her wheel chair and Mammy has also served as her legs. Mammy and Linda graduated in the spring. Linda is now spending her time writing and drawing. She is getting full use of the electric typewriter given her last Christmas by Cartoonist Ward, the creator of Bullwinkle cartoon character. Linda is one of Bullwinkle's most ardent admirers.

GUESS MOST EVERYONE will be at the Baird Bears Den Friday night to help the Bears open their new football season. The Mountaineers from Santa Anna will be the opposition. Noticed in the Abilene Reporter News last week that Callahan County towns were picked by observers to finish pretty low in conference standings. Albany was picked to win the district, and we can't find much to disagree on there, but Eastland and Ranger were picked to finish second and third in that order; and we disagree pretty heartily. The writer then picked Clyde, Baird and Cross Plains for the fourth, fifth and sixth positions in the final district standings. Our picks as of this time are: 1st, Albany; 2nd, Clyde; 3rd, Baird; 4th, Eastland; 5th, Ranger and 6th, Cross Plains. Cross Plains has the boys to rise above sixth place, but we believe that it will take their new coach a full season to get the Buffs on the winning trail. It will be interesting to watch. With 15 juniors and five or six seniors, Coach Vernon Townsend of Baird could fool a few of the dopsters.

Debbie "Doing Fine" Following Heart Surgery In Dallas Clinic

"She's doing ust fine," was the latest report from Childrens Medical Clinic on the condition of Baird's Debbie Alexander who underwent open heart surgery Thursday, August 29.

Debbie's father, John Fred Alexander, said that the child who celebrated her seventh birthday this week, was walking all over the hospital and was apparently out of danger.

Surgery was performed when it was determined that a valve leading to her heart was closing rapidly and that there was dam-

age to one of the main arteries. The valve was replaced and the damaged artery was repaired.

Debbie is making plans to enter school in Baird elementary school when her doctors give the word.

Baird and area people raised approximately \$1,000 to help defray hospital and surgical care. Mrs. China Alphin, Mrs. Fay Smith and James Eubanks were in charge of the fund.

It was not known when Debbie would be released to return to her home here.

Fund Campaign Set October 1st

October 1 has been set as the date to begin the annual Baird United Fund campaign. It was announced this week by S. L. McElroy, president of the Baird United Fund this year.

Mrs. Lee Ivey and Elsworth Mayer have been named as campaign chairmen and will spearhead the drive. All Baird civic clubs and womens clubs have been asked to assign a member to the drive committee. Club presidents were asked to make their assignments and to notify Mrs. Ivey or Mr. Mayer as soon as possible.

An effort will be made to raise some \$3,800 in the campaign. Plans are to raise the amount in a week if possible. The budget in itemized form will be released as soon as it is approved by the board of directors.

Local Schools Begin New Term

Baird School Supt. L. B. Howard reported Wednesday that 385 students had enrolled in Baird schools at the end of the first day of the 1963-64 school year. A few additional enrollments were expected before the end of the week.

133 of the students were enrolled in High School and 253 were enrolled in the elementary and junior high grades.

The figures represented a slight gain over the number enrolled at the end of the 1962-63 school year, but was slightly less than the figure a year ago.

Supt. Howard said that the term started smoothly and that students and teachers alike were enthusiastic.

A get acquainted party was held in the school cafeteria Tuesday night for teachers, administrators, employees, trustees and their wives or husbands. Most all personnel connected with the school attended the affair.

Holloway was killed August 26 when a heavy loader overturned, pinning him underneath for a half hour. The accident almost severed his left leg at the knee and death was the result of loss of blood and severe shock.

He was born on December 5, 1920, at Rowden and spent his youth in Callahan County.

Baird Bears to Host Mountaineers In Season Opener Friday Night

BEAR BAND NEWS

By Mary Jo Thompson, Reporter

The Baird High Band has really gotten underway now that school has started. When we first started our practice we had thirty-three members. Now we have a number of forty-eight. There is only one objection and that is that we do not have enough uniforms for some of the members and we are in great need of them.

Friday night is the first night for our big show. We are really proud of our marching Bears and we are hoping that this show will be the best ever to be performed on the "Bears" field.

After the game Friday night band members of both schools, the football boys, pep squad and any others who would like to attend are invited to a party in the basement of the Methodist Church. A quartet will sing. Hot dogs, drinks and potato chips will be served. There will also be a lot of games. Everyone come for a lot of fun. We will be expecting you.

If anyone would like to buy a Kingsbury piano there is one for sale in the band hall. The money will be used to help the band.

Also the band is in need of a four legged table with one single drawer. If anyone knows where we might find one notify Mr. Harper.

Clyde Church Of Christ Sponsors Mission At Monterrey, Mexico

Jesse Pyeatt, Clyde grocer, has returned from a trip to Mexico where he visited the Colonial Madero Church of Christ at Monterrey and eight other congregations in various locations; 13 Church of Christ preachers and five student preachers. He was accompanied on the trip by Dick Case, minister of the Eastland Street Church of Christ in Fort Worth and James Fulbright, manager of the student exchange at Abilene Christian College.

The mission work at the Colonial Madero church in Monterrey is supported by the Clyde Church of Christ and the Buffalo Gap Church of Christ. The Clyde church has supported the minister, Rogelio Meza, for the past 16 months, and along with the Buffalo Gap church, with assistance from some 25 other congregations is building a new church building and living quarters for the minister. The Clyde congregation has already sent

\$3,000 to apply on the building construction, and the Buffalo Gap Church has sent \$2,100. There is sufficient money in the bank to complete the contract.

Construction on the building started August 1, and will be completed in about three months from the starting date. The building is of double brick walls inside and out, and will have a six inch solid concrete roof. The auditorium will seat 100 persons when it is complete. Mr. Meza, his wife and their five months old son will occupy the living quarters.

The congregation now has 30 members, and prospects are good for continued growth. There are now 80 Church of Christ congregations in Mexico with 60 ministers. There is a school for student preachers in Torreon with Pedro Rivas, the minister of the Torreon church as its director. Central Church of Christ in Houston and the College Church of Christ in Abilene support the teachers in the school.

The three Texans visited churches in Monterrey, Saltillo, Torreon, Parras, San Pedro, Francisco Madero, Monclova and Sabinas. They met with the following ministers on their trip: Humberto Figueroa, Rogelia Meza, Rafael Falcon, Pedro Rivas, Jose Alvarez, Josue Carrillo, Jon Eldorado, Jose L. Suarez, Miguel Esparza, Eulalio Esparza, Francisco Avila and Victor Duron.

The trip to Mexico and return was over 1800 miles. It was the second trip to Mexico for Mr. Pyeatt and Mr. Case.

LETTERS TO THE EDITOR...

Notwithstanding all the political, religious, personal and financial upheaval there is around us, there are still powerful, able, and brilliant men in the United States. They are getting sick and tired of seeing America debased and low-rated in the eyes of the world. Americans by the tens of thousands tour the

European nations and the world each year, and they see with their own eyes that the countries who criticize us have a lot of straightening up to do at home

It is nothing short of downright silly to read reports almost every day that some country decided we do not treat our negro citizens right. In my visits to every country on the globe, nowhere have I seen negroes as well fed, as well housed, as well educated, nor given more opportunity for the better things of life. In other countries, the ten per cent minority of the least in taxes and upkeep and lending the least to the on-going of the country, are whipped, starved, and kept in peonage and virtual slavery. Anyone who

has ever seen the Arab workers in Egypt in chains, with the work overseer wielding a sharp whip every time a man falters for a moment, can remind our negro citizens that they are really treated like kings in this country. These men who work under leash are not slaves; they are just poor men who never had any sort of chance.

It is time for us in America to come to our senses and stop allowing the peoples of other countries to tell us how we should treat our own people. When even the poorest among us is better off than he would be anywhere else in the world. It is my purpose to show that the American negro is no the victim of white discrimination, lack of education, and lack of opportunity he seems to think he is and that our politicians in their zeal to get his vote, are egging him on to believe.

Sincerely,
William S. Hammond

Need For Education Stressed By T. E. C.

Pointing to the stay in school message appearing in the newspapers, and on radio and TV stations, the Texas Employment Commission Office Manager, W. A. Hazlewood, said they were part of the continuing effort by local public employment offices to stress the importance of education and training for jobs in today's highly industrial world.

"Requirements for beginning jobs in today's labor market make it almost impossible to get a job with a good future without at least a high school education," he said, stating that unskilled jobs are declining, "while jobs requiring a high degree of education and training are opening up."

Miss Sharon Wilkerson And Mr. George Stephens United In Double Ring Rites

In the Ward Sloan Memorial Chapel of the First Methodist Church at 8 o'clock in the evening Miss Sharon West Wilkerson of Breckenridge and George Daniel Stephens of Moran were united in marriage on Saturday, August 24. Rev. Bill Fisher read the double ring rites.

The bride is the daughter of Mr. and Mrs. Jim Wilkerson. Mrs. George Stephens and the late Mr. Stephens are parents of the bridegroom.

The altar was decorated with white stock and white carnations. A pair of greenery entwined candelabra holding white tapers stood at each end of the chancel rail.

Nuptial music was played by Miss Sandra Blackburn at the piano.

Maid of honor was Miss Mary Ann Stoker. She and Miss Blackburn wore identical dresses of Pervanche blue peau de sole with matching accessories.

Jimmy Robbins was the best man.

The bride, given in marriage by her father, wore a gown of white baroness satin. The scooped neckline dipped low in the back and was outlined in re-embroidered beaded alencon lace motifs. Matching motifs accented the graceful full skirt.

Her veil of French illusion fell to ballerina length from a pearlized tiara. She carried a white lace-covered Bible topped with a single white orchid surrounded by Stephanotis.

In the bride's tradition she carried a borrowed jeweled pin as "something old, something borrowed." Her Bible represented something new. She wore a blue garter and a penny in her shoe.

For her daughter's wedding, Mrs. Wilkerson chose a mauve colored silk with matching accessories and her corsage was of white carnations. Mrs. Stephens wore a green silk with matching accessories and her corsage was also of white carnations.

A reception followed the ceremony in the home of the bride. The tiered wedding cake was decorated in blue and white and was topped with a bride and groom.

Mrs. W. I. Lynn and Mrs. Cecil Eddins of Iowa Park, aunts of the bride, served at the bride's table. Mrs. Don Daugherty, cousin of the bride, distributed rice bags filled with blue tinted rice.

For her wedding trip, the bride chose a brown tone dress with matching jacket. She wore brown accessories and wore the orchid from her wedding bouquet.

The couple left immediately for a trip to Ruidoso, New Mexico. They will be at home in Abilene after September 9.

Mrs. George Stephens was hostess at the rehearsal dinner Friday, August 23 in the blue room of The Town Club. The bride and groom presented their attendants with gifts.

Captain Prosper Walker and family have moved to Fort Sill, Oklahoma, where he will be stationed while he is busy with the Artillery Career Officer's Course. After he completes this course, which will require about one year, Captain Walker will enter one of the nation's leading colleges, where he will receive a degree in Mechanical Engineering. After this, he will become a member of the faculty of West Point Military Academy.

Mrs. Arno Roggenstein brought me a good mess of blackeye peas Saturday afternoon. It is good to have such good sweet neighbors. I cooked them for Sunday dinner, they were real good. I had company today for dinner, my sister, Fay Wood, and husband, Emmitt, of Cisco, we still had peas for dinner.

All of you who did not go over to Mr. and Mrs. H. T. Wagleys Sunday to a barbecue which they gave to their friends, everybody was welcome to come, but lots of people did not get the word, you really missed a treat. Really was delicious barbecue, potatoes, beans, everyone brought salads, pies and cakes, there were several there, John, Roma McIntyre and I were there, so were the Weldon Isenhowers and lots of other people, Mrs. Joe Hurley and children, some from Putnam, Moran and Abilene, will not try to name them as I might

leave some out. All in all it was real good, think it was real nice of you and your wife to do this. Oh yes, Mrs. Starks Wagley helped them, maybe it will get to be an annual affair.

I was pleased last Wednesday afternoon and surprised too, when Tom Burnam of Abilene and Wayne Burnam and twin boys who are almost grown, of Lafayette, La., came to see me. The boys wanted to hunt rabbits. I told them they could hunt rabbits but doubted if they could find even one rabbit, and sure enough they did not see one, so they just shot sparrows.

Sunday was the first day of

dove season hunting, did not hear very much shooting, seems like the doves know when that day comes as they make their selves very scarce. I don't blame them.

Saturday morning Mrs. Onie Abernathy of Baird, her son, William, wife and family of Odessa visited with D. A. Yarbrough and came by to see me a while.

Good morning this Tuesday. Oh, I must tell you about the big old rattlesnake that was at my back door about 12 o'clock last night, it woke me and I tell you he really was a mad old bugger. I could not tell just what it was,

it sounded like the gas line had broken under the house and was going like mad so I turned on the flood light and there lay old Tom, my cat, and the noise seemed to get louder, I ventured to open the screen door and there the old fellow was. I did not know just what to do so I called Mark Burnam, he said he had not gone to bed so he came up and shot his old head off and could not even see his head, but it was a perfect shot, don't know what I would do without such sweet neighbors if I do call on them a lot. So be sweet and I will see you next week.

TEXAS PRESS ASSOCIATION

AUSTIN — Texas' new Parks- Wildlife Commission has reclassified its personnel in keeping the \$3,500,000 budget set by the Legislature. Reclassification will result in an additional \$10,000 in salary expenses.

Commissioners voted to keep all personnel from the old Parks Board and the Game and Fish Commission on the payroll.

Howard Dodgen, former executive secretary of the Game and Fish Commission, will be retained as a consultant to the Board until January.

Commission also approved Executive Director Weldon Watson's recommendation that the state parks system be managed through the five regional offices used by game officials. Regional headquarters are located in La Porte, Rockport, San Angelo, Tyler and Waco.

NEW TREND? — There seems to be a new trend toward refusing federal aid: The Irving School Board spurned an offer of an \$11,000 grant because "of the growing danger of federal control of the school curriculum."

But most school systems still accept educational assistance from the U. S. government. Texas Education Agency, looking at preliminary figures for the 1962-1963 school year, found \$33,700,000 was paid to Texas schools by federal programs.

In some cases, however, acceptance is selective: Both Houston and Dallas, which have local program geared to prevent student drop-outs, refused cash grants for a similar federal program.

Houston and Dallas also are among the Texas towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger and Alvin.

U. S. AID — Abilene turned down a \$446,730 offer of aid for a \$3,000,000 sewer treatment plant from the U. S. Department of Health, Education and Welfare. Federal grants for \$3,000,000 worth of sewer treatment improvements in Texas are recommended and administered by State Health Department officials.

Funds refused by Abilene were distributed among the following towns: Fritch, Gonzales, Graford, Hidalgo, Markum, Mineral Wells, Richland Hills, Smiley, West Columbia and Windom.

TEXAS' TAX TAKE — Although the Lone Star State accepted less federal money than many other states during the fiscal year that ended on June 30, it received slightly more than it paid out, according to a survey by Congressional Quarterly.

Texans paid about 4.26 per cent of all taxes received by the federal government. It reaped 4.81 per cent of the \$10,000,000,000-plus federal grant total, or \$500,295,000.

National average of federal aid received was \$56 per capita. In Texas, the assistance averaged \$49 per citizen. Alaskans were high with a per capita average of \$226. Low was New Jersey with \$34 per capita.

Schools and sewage systems were just a few targets of federal aid. In fiscal 1962, this state received \$128,734,600 for highway construction; \$31,120,182 for unemployment insurance; \$62,832,854 for agricultural conservation; \$139,252,153 for welfare assistance, and \$13,350,583 for the national guard, as well as aid in other fields.

VENISON POPULAR FOOD — State Parks and Wildlife Department has a booklet available for free distribution, which should be of interest to ranchers, hunters and just about everyone. It's title is "Texas Deer Herd Management — Problems and Principles." Booklet was written by James G. Teer, wildlife biologist formerly employed by the state. In his research, Teer found that deer herds of Texas provided more than 6,000 tons of meat for family consumption last year.

Another bulletin, newly-revised, also can be secured without cost. It's called "Poisonous Snakes of Texas and the First Aid Treatment of Their Bites."

SALES TAX RECEIPTS SOAR — State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year which ended on August 31 will exceed his expectations.

Earlier, Calvert predicted sales tax income for the state would total \$177,974,013. Now he says it will be \$2,141,429 more, or a total of \$180,116,442.

CONSTRUCTION Increase — Residential construction accounted for \$81,600,000 of the \$152,000,000 worth of construction authorized in the state in July. It was the highest July and the third highest monthly level in 17 years.

So reports the UT Bureau of Business Research.

GAS BILLS VARY — A study of records, which the Texas Railroad Commission keeps on municipal gas rate structures, reveals a wide variance in gas rates across the state.

Lowest average year's bill paid by individual consumers in 1962, among the 22 cities on the commission list was \$41.50. It was paid by citizens of Corpus Christi suburb.

Highest average gas bill was

paid by residents of Dallas. One of the lowest average was that paid by Amarillo residents. Their average bill for the year was \$53.43.

LAWMAKERS' RETIREMENT PAY — Members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms now are eligible for retirement pay under a new law, effective September 1.

When a legislator has completed eight years of service, he receives a \$100 a month retirement check. It increases \$10 a year as long as he remains in the Legislature.

SHRIMP NAMED COMMISSIONER — Gov. John Connally has appointed Virgil Versaggi of Brownsville to the Gulf States Marine Fisheries Commission. He succeeds Weldon Cabaniss of Rockport.

Versaggi has been in the Shrimp business in Brownsville since 1949. He also operates shrimping fleets out of Tampa, Fla., and British Guiana, in partnership with his four brothers.

He was first president of the Texas Shrimp Association. Also first president of the Shrimp Association of the Americas.

LAND OFFICE Returns Money — Land Commissioner Jerry Sadler has turned back to the State's General Fund \$221,275 left over by the General Land Office from its fiscal 1962 appropriation.

"Reasonable economy of operation," Sadler said, "made this refund possible."

AGRICULTURISTS IN Europe — Agriculture Commissioner John C. White, Sen. Culp Krueger of El Campo, Dr. Tyrus Timm of Texas A&M and Dr. Wayland Bennett of Texas Tech are in Brussels, Belgium, to attend a conference on agriculture.

Sen. Krueger is vice-chairman of the State Senate's agriculture committee.

EDUCATION GROUP TO Meet

— Leaders in the field of development of higher education in Texas will meet in Austin on September 9.

Calling the group together is the Committee of the Governing Boards of State Colleges and Universities. Sen. Walter Richter of Gonzales is executive secretary of the privately financed Committee.

On the program will be Governor Connally, Dr. A. B. Martin, executive director of the Governor's Committee on Education Beyond the High School; and Dr. Lester Harrell, director of the Texas Commission on Higher Education.

Purpose of the meeting is to spell out the Committee's goals for the immediate future and determine a means of attaining them. Committee represents the common interests of all state-supported senior colleges. It is interested in supporting programs and activities aimed at improving the quality of and support for higher education in Texas.
