"Chinese" Pennington

It was known as "he who sees in the dark." A white man, he could appear in the presence of a Chinese criminal in a very thought.

For sustained thrill "The Yellow Seven" Edmund Snell is a story of Pennington's hair-raising adventures. It is a story of a white man who can see in the dark.

Beginning in Wichita Daily Times July 19

HYER IS APPOINTED CITY TAX ASSESSOR AND COLLECTOR

W. H. Hyer, formerly manager of the Guaranty Abstract and Title Company, and at present deputy in the office of the county tax assessor, Irvan Deaton, was appointed city tax assessor and collector to succeed H. J. Anderson at a meeting of the city council Wednesday morning.

Eleven applications were filed with the council following the announcement of Mr. Anderson's resignation. Mr. Hyer has been connected with the county tax office for the past year and is thoroughly familiar with duties of his new office.

He will assume his duties as soon as Mr. Anderson can be ousted out; it is expected that he will take active charge of the office about Aug. 1. Mr. Anderson, it has been announced, has formed a new corporation here and will continue to make this his city home.

G. G. Ehrgebrecht, representing the Manufacturers Association of Kansas, owners of the former system of taxation, appeared before the council with an explanation of the system, with a view toward installing it in the city tax office. No action was taken on the matter Wednesday morning.

The "Monroe lagoon" controversy, which has been lying dormant for several weeks of dry weather, came up for discussion as a result of the Monday afternoon rain. The council agreed to go in a body to look the situation over with a view to furnishing property owners in that section some relief from the surplus water caused by poor drainage.

BABIES CRY FOR "CASTORIA"

Mother! Fletcher's Castoria has been in use for over 29 years as a pleasant laxative for children. It is a simple, safe, and effective remedy for all cases of constipation, biliousness, and indigestion in infants and children.

Child's Best Laxative is "California Fig Syrup" - Hurry Mother! Even a bilious, constipated, feverish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get on imitation fig syrup.

Be proud of your complexion No matter how beautiful your features are, you cannot be truly attractive with a rough, clogged, blotchy, grimy skin. Resinol Ointment, aided by Resinol Soap, is what you need to overcome such troubles.

CONTRACT IS LET FOR \$30,000 TO FAIR GRANDSTAND

The contract for the erection of a \$30,000 grandstand with a seating capacity of 4,000, at the Texas-Oklahoma fair grounds, was let to the Kansas City Structural Steel Company, at a meeting of the directors of the fair association Wednesday morning.

All steel structure 134 feet in length, 78 feet wide, with the top row of seats 15 feet above the ground and with a seating capacity twice that of the stand at the Dallas fair grounds, is provided for in the contract. The stand will be all steel with the exception of seats and floor boards, and is considered fireproof.

The stand will front southeast and will accommodate the box seats in the first two rows, with an elevation of five feet above the ground. It will be built on a slant that will permit the spectators to view the runway between the box and stand seats. The first tier of stand seats will be elevated seven feet above the boxes, or 12 feet above the ground. Another attractive feature of the stand is that only nine posts will be used to support the all steel roof; the posts will be located in the rear of the structure, approximately 46 feet apart, thereby eliminating as far as possible any obstruction to sight.

Several Bids Submitted Bids were submitted by the Kansas Structural Steel Company, Kansas City; Mosler Steel and Iron Works, Dallas; and Austin Brothers, Dallas. The Kansas City company bid of \$24,000 does not include the necessary wooden work for the roof or steps. The total estimated cost will be approximately \$28,000.

TWO BURK NURSES AND WICHITA YOUTH HURT NEAR NOCONA

Carl Wells, son of Mrs. Mary Gross, owner of the Mary Gross millinery shop at Kimberlin-Smith's Ready-to-Wear, received painful bruises in an automobile accident near Nocona Monday night. Young Wells was accompanying Miss Wynne St. Neville, superintendent of the Burkburnett hospital, and Mrs. Myrtle Close, a nurse in the hospital, to Tennessee, where the women were going for a vacation.

Miss Neville lost control of her car on a steep grade near Nocona, and received a broken nose as a result of the accident, while Mrs. Close suffered a broken arm. The car was badly wrecked, it was stated.

Dr. Martin and John Wilson of Burkburnett were called from Nocona and went down on the train returning to Burk and the injured parties Tuesday. The trip will be abandoned for the present. Mr. Wells returned to the Maney Military Academy, where he will be in school this winter, by rail, it was stated.

HARRISON GOES TO FORT WORTH FOR COMMERCIAL SECRETARIES MEETING

Robert M. Harrison, general manager of the Wichita Falls Chamber of Commerce, will leave Thursday morning for Fort Worth to attend the sessions of the Texas Commercial Secretaries Association, which will hold its annual convention at the Texas Hotel, Thursday, Friday and Saturday.

Mr. Van Thompson has returned from Ada, Okla., where he has been the guest of Miss Margarita Tucker, who is visiting relatives there.

SCHEMATIC COOLER IN WICHITA FALLS FIRST PART WEEK

The rain of Monday night cooled the atmosphere to such an extent that the mercury only went to 101 degrees at a maximum Tuesday afternoon, according to the district thermometer at Art's jewelry shop. As a minimum the temperature dropped to 81 degrees early Wednesday morning, and the day dawned with pleasant weather.

ARE DETERMINED TO BREAK CONGRESSIONAL DEADLOCK IN MEXICO

MEXICO CITY, July 18. (AP)—A determined effort was made last night to break the congressional deadlock which since May 11 has prevented the selection of the entire membership of 11 justices to the supreme court. A special committee of the chamber of deputies availed itself of the absence of 16 senators of their seats unless they resumed senate attendance as their absence makes impossible the presence of a two-thirds majority which is necessary before balloting can begin on the candidates.

SAYS BANKING BUSINESS GREAT FIELD FOR WOMEN

CLEVELAND, Ohio, July 18. (AP)—There is a great field in banking for women, according to Mrs. C. E. Hearin of Clay, Ky., here attending the 11th annual convention of the American Institute of Banking. Mrs. Hearin is vice president of the Farmers' National Bank of that city.

New Jersey Gets New Dry Jolt In Series of Raids

LONG BRANCH, N. J., July 18. (AP)—Fashionable New Jersey resorts which received a shock yesterday when raids netting \$200,000 worth of liquor were made in Lakewood and Point Pleasant, got another jolt today when detectives swooped down on five illegal gambling casinos in Pleasant Bay, West End, Allenhurst and Wanaonago. Gambling paraphernalia valued at \$25,000 was confiscated, and about 100 persons were arrested. The raids were made by county detectives and state troopers.

Remove Farmer For Safekeeping Two Are Killed

STOCKTON, Mo., July 18. (AP)—With Robert A. Brown, 50, a farmer, in the Vernon county jail at Nevada, Missouri, for safekeeping, officials here prepared to file formal charges against him of first degree murder for the alleged slaying here last Sunday of Mr. and Mrs. Jess E. Yancey.

Dallas Watchman Confesses Holdup Story Was Faked

DALLAS, TEXAS, July 18. (AP)—Reports to the police of a June 26 holdup at the Dallas branch of the Mercantile Bank and Trust Company and wounding W. D. Sears, watchman, in the left arm, escaping mysteriously without any loot early this morning, were exploded shortly afterward when Sears, at the emergency hospital, confessed in a written statement to the police that an accidental discharge of the weapon and pride in a long, flawless record begged him to manufacture the story.

Sears said in his signed statement that he went to the wash room about two o'clock this morning, and coming out of the bathroom, he stumbled. He accidentally shot himself in the left arm. In the first flush of dismay at the occurrence, his mind flashed to the possibility of an alarm. Firing three times out of the bank window, he then turned to the alarm.

Newspapermen meanwhile had heard the story and rushed over to the bank. Sears told them and the police the holdup story.

Robert L. Thornton, president of the Mercantile Bank and Trust Company, said Sears' confession was a relief.

After Sears' wound was dressed at a hospital, he was sent to his home. The watchman in a written statement to police said he shot himself accidentally and during the height of excitement told the holdup story. After the accidental shooting, he said, he fired three shots to attract some one to call an ambulance.

WELL, WELL, THEY'VE FINALLY REACHED AN AGREEMENT

Robbers Secure More Than \$400 At Waxahachie

WAXAHACHIE, July 18. (AP)—Two holdups last night and early today netted more than \$400 here and scattered with most of the loot according to reports to the police this morning. The men are reported to have fled in an automobile in the direction of Dallas and are being guarded by police and deputy sheriffs.

The robbers tried to open a rear door of the Missouri, Kansas and Texas railroad depot, knocked the knob from the safe and took \$250, authorities were informed by a watchman who discovered the robbery.

Employees of the Coca Cola Bottling Company this morning found the knob knocked off the safe in that place. Between \$80 and \$100 had been taken, they reported. Someone to the present has been through a window. The safe in the Mayfield Grocery Company office was tampered with, but the inner drawers without the contents. Nothing was obtained by the burglars.

THREE ARE ACQUITTED IN CONNECTION WITH GOVERNOR SMALL CASE

WAUKESHA, ILL., July 18. (AP)—A sequel to the trial and acquittal of Fred Landon in Chicago last week was enacted yesterday in the acquittal of Edward Courtney, Edward Kaufman and John R. Fields, charged with fixing the jury that freed Governor Les Sullivan on conspiracy charges last year, according to attorneys for the men.

"The verdict proves that innocent men cannot be convicted of crime to further some one's political ambitions," said a statement by defense counsel.

Indicted in April, Fields, who was a member of the jury which acquitted the governor in June, 1932, was charged with having accepted \$500 for his influence as juror and Kaufman and Courtney were named as conspirators who attempted to influence the verdict by unlawful means.

LEWISTOWN, MICHIGAN IS FORCED TO DELAY START MITCHELL FIELD, N. Y., July 18. (AP)—Lieutenant Russell L. Maughan, who was to have taken off today on a second attempt at a sea to sun daylight flight, has been compelled to postpone the start until dawn tomorrow, to permit the correction of several minor defects in his motor.

PRESIDENTIAL PARTY AGAIN ON TRANSPORT

BEAVER, ALASKA, July 18. (AP)—President Harding and three of his cabinet officers, having visited the interior of Alaska for five days, leaving more than 1,000 miles and conferring at every opportunity with the people concerning their problems, were today again aboard the navy transport Henderson here, awaiting their departure tomorrow for the Valdez.

Part of the president's time after his return here from Fairbanks was occupied with a fishing trip to the Russian River, which Harding remained on the Henderson in quiet.

Doctors in attendance upon Mrs. Harding expressed the belief today that she had regained her strength, and that her fatigue which caused the president to cancel a proposed automobile trip over the Richardson highway was yielding satisfactorily to treatment.

QUIET AT MEXICALI FOLLOWING REMOVAL OF MAYOR AND PARTY

MEXICALI, LOWER CALIF., July 18. (AP)—Resumption of municipal governmental activities was expected today after a hiatus of nearly four days, since the shooting affray of last Saturday night, when three persons were killed and several wounded.

Orders came from Mexico City last night for Rafael Posas, vice mayor, to conduct municipal business with a council or commission to be appointed by federal authorities.

That development followed removal from the city hall yesterday of Mayor Juan Lopez and 14 political adherents, mostly council men, who had barricaded themselves in the building after Saturday's outbreak. The mayor and three wounded companions were taken to a hospital.

La Follette Says Minnesota Has Fired Shot Which Will Be Heard In Every Section of the Country

By ROBERT M. LA FOLLETTE, United States Senator from Wisconsin

Written for Universal Service

MINNEAPOLIS, Wis., July 18.—The people of the great northwest have again spoken their convictions that representative government is to survive in the United States, private monopoly must be driven out of control of their government.

The action with which the reactionaries counter the movement is the election of Magnus Johnson executive merely a sectional protest of disgruntled farmers and working men against the present conditions and governmental policies, is a ridiculous delusion.

The policy of Minnesota is the voice of the common people of this country, constituting 50 per cent of the population, who are determined to free themselves from the monopoly power over their lives which has been built up over a long period of yesterday through favors for the few extracted from the government of the many.

The old Lincoln spirit is again sweeping the west. It will find its echo in the east, the south and the middle west, just as soon as courageous and able leaders of the type of Magnus Johnson arise to champion the cause of the common people.

Save People Are Awake

Partisan politicians and their brain trust long desire their selfishness concerning the Republican government among the people. The people are awake. The old party bosses get desperate. They are not to be misled by the phantasies and hopes which have been directed at their leaders. They have learned to know the real enemies of their political and economic liberty. In Minnesota Monday they fired a shot which will be heard in every corner of the country.

This election of a man of the character of Magnus Johnson is highly significant. Born in poverty, educated to his early manhood through the labor of his own hands, Magnus Johnson was the first to break the domination of the same great name of violence which surrounded him as a baron and champion of the people.

Maybe this idea will help us out!

In every corner of the nation—EXCEPT DOWN HERE IN TEXAS—Kellogg's Corn Flakes far outclass any other kind. That's because they are more delicious in flavor, more substantial in their texture—and crispier!

I found during my recent visit that folks here want Kellogg's Corn Flakes, but they do not ask for them correctly.

HERE'S THE ANSWER—

Say "KELLOGG'S CORN FLAKES" —not "Kellogg's"; not "Corn Flakes"; Make it strong that you want Kellogg's Corn Flakes and you'll get KELLOGG'S CORN FLAKES in the RED and GREEN packages! Grocer refunds your money if you do not say they're the best ever!

We have the authority of Kellogg's own, cooked and toasted, whole-wheat, whole-wheat flours.

BURKBURNETT TO SEEK NEW SOURCE OF WATER SUPPLY

BURKBURNETT, TEXAS, July 15.—The city commission at its Monday night meeting after having made a contract for the sale of \$100,000 city of Burk Burnett water bonds, passed a resolution instructing the city engineer to make tests in an effort to locate a new source of water supply for the future use of the city. The city's present water supply is holding up remarkably well as to the volume available as the amount used each day is said to be in excess of that used in past years for the same season. The objection to the water at now furnished consumers is that it contains a solution of salt which makes it unpalatable and for this reason a source of water is desired where this objectionable feature will be entirely eliminated.

There are to be made in the southern part of the city where it is said that a large volume of pure water is available and which contains no salt or other objectionable matter.

BURKBURNETT TO GET BRANCH HOUSE OF PIGGLY WIGGLY

BURKBURNETT, TEXAS, July 15.—A branch house of the Piggly Wiggly stores will be opened in Burk Burnett just as soon as possession of the building occupied by the Miller furniture and undertaking business can be had. The building has been leased for a period of three years and the store to be opened will be one in a chain of stores now in operation in Dallas, Wichita Falls, El Paso and other points in Texas.

It was stated by representatives of the Piggly Wiggly Company who made the necessary arrangements for the building in Burk Burnett that the highest standard of efficiency and prompt maintenance of their stores elsewhere would be adhered to with respect to the Burk Burnett branch house. This will give Burk Burnett consumers the same service that is given in Dallas and Wichita Falls, with every day advertised prices prevailing.

City Officials Guests at Golf Club Smoker

About 50 members of the Municipal Golf Club, their friends and members of the city's official family were the guests of the directors of the club at a smoker and watermelon cutting at the club house Tuesday evening. The affair was the first of a series of entertainments which are being planned to stimulate interest in the club and familiarize the public with the privileges that are available at "their club."

Walter Robbins, president of the club, was master of ceremonies and presided over the music, dancing and refreshments which furnished the amusement for the evening. Arthur's five-piece orchestra furnished music throughout the evening. H. H. Shepherd, accompanied by Mrs. Shepherd, entertained the club with several vocal selections. J. D. Bright, vice-president of

Good to the last drop should say it is! I could tell a cup of Maxwell House blindfolded. What else could have such aroma, such flavor, such uniformity!

MAXWELL HOUSE COFFEE

Officers Deny That Interpretation Of Fee Bill Law Caused Them to Say They Would Fight to the Last Ditch

County officials asked Wednesday that an erroneous statement circulated early in the morning that they were putting up a fight to the last ditch on the matter relative to the interpretation of the attorney general with reference to the fee bill question, be corrected.

One of the officers said: "It is only natural that an announcement made Tuesday afternoon which affected our salaries would interest us—but there was absolutely no exhibition of force as stated. It is wrong to state that the officials are going to fight over a proposition concerning public money, whether right or wrong. It is a question which can be and will be settled in an orderly manner."

One or two of the officials who went into office on the first of the year also asked that it be stated that as yet they were taking no part in the matter. As yet the ruling of the state department does not affect them, as no annual report is made until the first of the year, by which time the question

of the club, led a round table discussion following the entertainment in methods for increasing the income of the club and impressing upon the public that the club was a municipal asset and open to the public.

It was decided to put on a drive for the sale of lockers for golf, tennis, and swimming equipment. A blanket charge of \$1.50 will be made monthly on the lockers and will entitle the holder to the use of the pool, and shower privileges and towels. The committee expects to sell 100 lockers on this basis. A special rate will be made to families. Also arrangements have also been made to give free instructions in swimming to women and children; the days and hours of the classes will be announced later.

INTERESTING TALK ON CEMENT HEARD BY TECHNICAL CLUB

"The History and Manufacture of Portland Cement" was the subject of an interesting and instructive address by Charles A. Clark, district engineer for the Portland Cement Company, at the monthly meeting of the Technical Club Tuesday evening.

The speaker traced in an interesting way the development of the cement industry from 1824, when the first Portland cement was manufactured until the present day. In discussing the magnitude of the industry at present, Mr. Clark gave some astounding figures on the amount of cement that was being manufactured, the number of men used and the amount of cloth required to furnish sacks for the product.

Several officials asked that the impression conveyed that they were assuming the attitude of obstinacy be corrected. "If the law is such that our salaries are not what we thought they were, there will be nothing else to do but to submit. However, we are of the opinion that the attorney general is in error, but just because we disagree is no cause for an assertion that we are launching a fight to the last ditch."

The law governing the fee bill system are lengthy and cumbersome and, according to many, are conflicting. The article as printed Tuesday was based entirely on the opinion of the attorney general as communicated to County Auditor H. E. Walsh.

discussing the magnitude of the industry at present, Mr. Clark gave some astounding figures on the amount of cement that was being manufactured, the number of men used and the amount of cloth required to furnish sacks for the product.

He told of the establishment of the first plant in Oppley, Pa., and of the first plant west of the Mississippi at San Antonio and described the remarkable growth that had been made since the early days of the industry.

Mr. Clark also mentioned the fact that a greater production of cement had been made since the early days of the industry.

DALLAS MAN RECOVERS DIAMONDS AFTER LONG CHASE OVER COUNTRY

NEW ORLEANS, July 15. (AP)—A chase that extended over several states and which resulted in long litigation, culminated in still disorder here yesterday when Judge Clegg awarded diamonds valued at \$100 to L. Camp, Dallas, Texas.

The diamonds were alleged to have been stolen from Camp's home by a man named Akers who was traced through Texas, Louisiana and Alabama into Tennessee.

Akers was said to have sold the stones to J. H. Colburn, a Covington, Tenn., jeweler, who was alleged to have sent them to a local jeweler for appraisal. At the request of Camp's attorneys they were sequestered by Judge Clegg who ordered them returned to Camp.

A THOUGHT FOR TODAY
A righteous man regardeth the life of his heart; but the tender mercies of the wicked are cruel.—Prov. 10:1

ANOTHER RADICAL ELECTED TO THE SENATE

Up in Minnesota Monday the people chose Magnus Johnson, a farm laborer, to the seat in the United States senate...

The election of Johnson reveals the weakness of the Harding administration in the northwest and also indicates the growing strength of radicalism in that section...

Johnson is a follower of Senator LaFollette. He would have the government go further in the regulation of business...

The chief danger to our constitution is from men highly placed, men in the house and senate, men of long service...

These two proposals urged by a minority bloc in congress would an effectually destroy this constitution under which we have lived and prospered...

JUDGE ATWELL VISITS MEN IN PRISON HE HAS SENTENCED
Hon. William H. Atwell, judge of the federal court in the northern district of Texas...

in visiting these men Judge Atwell has performed a kindly, helpful act. No doubt some of them had come to believe that they didn't have a friend in the world...

SMILE A WHILE
A bigamist says he married five times because he was crazy. Everybody agrees.

Several ball teams have quit claiming this year's pennant and are claiming next year's pennant.

Some day some confidence man is going to organize a company for carrying condensed water.

Very few husbands sleep their wives' throats.

Everybody in the service seems to be a snail.

NEWS BY PRESCRIPTION

The New York Times considered the most scholarly of American newspapers, published 1914 columns about the prize fight at Shelby...

The Christian Science Monitor, published nine columns about the educational meeting and not a word about the fight...

We are permitted to wonder whether, if the Monitor did not have wire service direct from the ringside of the fight, its editors did not perhaps indulge themselves in a momentary peek at the front pages of other publications...

Editors in America are spared the task of prescribing what patrons shall read, or of limiting news to what is prescribed by a higher authority...

JUST FOLKS
By EDGAR A. GUEST

BILL
Bill was a fisherman. He'd sit and wait for them. Knew where they were and he knew how to bait for them.

Bill knew the places and just where to go for them; Others gave up when the fishing seemed slow for them.

Hour after hour he would work with his lure for them. Studied their habits to make angling sure for them.

Bill could catch fish when the most of us couldn't. He'd get a string when the signs said he shouldn't.

Any old fool can catch fish when they're biting. When they are hungry all bait is inviting.

Boy, here's the test of you, there's no denying: How do you tell when the storm flags are flying?

Boy, when they tell you it's no use to go for them. East is the wind and you haven't a show for them.

But it takes work when the east wind you're fighting.

Remember this—you have yourself now! You may do with it whatever you please.

How much alone you are, how dependent and frail—yet how exceedingly strong you are!

What you earn will be so honestly yours. How many tired sighs will come to you—but each one will be met with a smile from your heart.

There are many roads ahead. None are smooth. Most of them are good roads leading to a happy destination.

And be happy over the fact that others will follow and pass over the way that your toil and heartaches have made possible and passible.

Some day you will learn that you didn't lose at all—but that you gained.

SMILE A WHILE
WITH YOUR GUMS

A bigamist says he married five times because he was crazy. Everybody agrees.

Several ball teams have quit claiming this year's pennant and are claiming next year's pennant.

Some day some confidence man is going to organize a company for carrying condensed water.

Very few husbands sleep their wives' throats.

Everybody in the service seems to be a snail.

TODAY YOU AND I

Magnus is in. Work best option. A white collar, with. The richest man.

You have read about Magnus Wheeler's life. He was not difficult to predict his election. Gentlemen that gamble in wheat...

John M. Siddall, able man, understanding well the average mind, has just died. For months he worked hard to get his cancer had condemned him.

By using high explosive, government chemists have succeeded in turning trees into iron. For instance, a leaf can be potted to an iron bowl...

We are ruled by mediocrity (ordinarily intelligence), hammers Senator Joe Bradley discussing prohibition and blue laws...

The white man's rule of the east is tottering and within 30 years in western Asia the Philippines will be ruled themselves.

The London editor puts Andrew Mellon, secretary of the treasury, third among rich men with one hundred and fifty million dollars.

Senator Brookhart back from Russia, says that the second most stable government in the world is in Cuba.

Galbraith-Foxworth Lumber Co.
Furnished Material of High Grade
For Times Ideal Home Beautiful

Thousands of Wichita Falls citizens visited and inspected The Times Ideal Home Beautiful a few weeks ago when it was open to the public for several days.

One of the features which caused continual comment was the high grade of material which went into the construction of the house from foundation to roof. The construction both as to material and workmanship was declared to be the best in this section of the country.

The lumber for this building was furnished by the Galbraith-Foxworth Lumber Company at 1800 Austin, which is one of a chain of 42 lumber yards owned and operated by this concern in Texas, New Mexico and Arizona.

The officials and principal owners consist of J. C. Galbraith of El Paso, H. W. Galbraith of Amarillo, and W. L. Foxworth of Dallas.

The company came to Wichita Falls in April, 1919, at which time they purchased the Miller Lumber Company at Twelfth and Ohio. In the early part of this year the South Side Lumber Company, having been acquired and became a part of the Galbraith-Foxworth Company, the stocks being combined at the location on Austin street.

Recently a purchase has been made of 30 of the Lyon and Gray Lumber Company yards, which are located in north and northwest Texas, thus evincing a strong faith in the future of this section of the state.

The local yard covers 140 by 300 feet between Austin and Burnett streets, with trackage including two switches.

A complete line of building materials is handled and a specialty is made of long leaf dimension, Arkansas short leaf finish and Tennessee hardwood flooring for better built homes, all high grade building materials.

Manager of Wide Experience.
F. J. Elbert, the local manager, is a man of wide experience in the lumber business, having been connected with the Wichita Builders Supply Company before accepting a position with Galbraith-Foxworth company in 1920.

This company helps finance the construction of homes and Mr. Elbert declares that to make an American the house of wood will always win the home.

This is not strange when it is recalled that the largest part of the development of our early houses dating back to colonial days grew up around the use of wood.

There are a number of reasons that make wood specially suitable for house construction and it is due to well to those favorable traits as to early building conditions that wood is so popular.

It has been said for many years that wood would gradually disappear as an American building material because of a diminishing supply. While this is an undoubted possibility owing to the fact that wood is a natural product, there are still ample supplies of it in most sections of the country, and it is more than likely that for many generations wood will be both available and hold its popularity.

Owing to the fact that carpentry is such a common trade, prevailing in all parts of the country, it is comparatively easy to find first class workmen for wood construction. Wood construction can also be carried on quickly and it is not hindered by cold weather so that in the matter of speed there is probably no other material that can compete with it.

Advantages of Wood
One of the particular advantages of wood for home building is the fact that it is so adaptable. It is had. This variety makes it possible to design and build a wood house that will appropriately fit in with almost any sort of location. We have for instance the choice of using clapboards, shingles, siding, veranda battens, wide weather boarding and various combinations of

EXPORTERS RUN WILD AND WALLOP SPUDDERS 15 TO 14

Bradshaw Forced to Retire When Spudders Get Revenge But Gray Was Too Stingy With Base Hits

BEAUMONT, July 17.—The Exporters took honors in a free hitting contest here this afternoon and took the second game of the series from the Spudders by a score of 15 to 11.

CATS 4, BUFFS 3

HOUSTON, July 17.—Kraft's home run in the fifth inning, with Calvo on base, decided Tuesday's game in Fort Worth's favor.

Hook Cotter was unable to resume his post at first base on account of sickness and as a result the handsy man, Cecil, was promoted to first base in true fashion.

The Exporters collected a total of 19 hits while the Spudders grabbed off but half that number.

The Spudders started the morning in the second when two men registered. The Spudders went them one better in the first half of the third but the home team got it up in the last half of the third.

It was in the fourth that the fireworks began. A strike by two batsmen on the part of Third baseman Huber the Spudders cracked out for four safeties and counted seven times.

Only one hit was chased in off Gray and this came in the last inning when Grigby doubled and Berger singled.

The Spudders left Exporterville Tuesday night for Houston where they will tie up in a three-game series with the Red Sox.

SPUDDERS—AB R H PO A E. Demaggio, 1b, 3 1 1 1 0 0. Tamm, 2b, 2 0 0 0 0 0. Kirshen, 3b, 2 1 0 0 0 0. Grigby, 4b, 2 1 0 0 0 0. Huber, 5b, 2 1 0 0 0 0. Leitch, 6b, 2 0 0 0 0 0. Bradshaw, 7b, 2 0 0 0 0 0. Gray, p, 2 0 0 0 0 0.

BEAUMONT—AB R H PO A E. Demaggio, 1b, 3 1 1 1 0 0. Tamm, 2b, 2 0 0 0 0 0. Kirshen, 3b, 2 1 0 0 0 0. Grigby, 4b, 2 1 0 0 0 0. Huber, 5b, 2 1 0 0 0 0. Leitch, 6b, 2 0 0 0 0 0. Bradshaw, 7b, 2 0 0 0 0 0. Gray, p, 2 0 0 0 0 0.

GASSERS 2-4, CRABS 3-9. GALVESTON, July 17.—Lefty Graham turned back the crippled Gassers twice, winning the first 3 to 2 and the short aftermath 5 to 4.

Baseball Calendar

Yesterday's Results. Birmingham-Atlanta, 1-0. Little Rock-Memphis, 1-0.

Where They Play Thursday. Birmingham-Atlanta, at Little Rock-Memphis.

The Scoreboard

CHICAGO, July 17. (P)—Carl Mays, the clever underhand pitcher for the New York Yankees, stood up on the mound in Cleveland yesterday and tossed the ball to the Indians, who turned the compliment by knocking it all over adjacent countryside for 11 runs and 15 hits which were good for 27 bases.

The St. Louis Browns made a fitting finish to their series of five straight victories over the Red Sox by winning 10 to 1.

In Boston, Adolfo Luque, Cincinnati Cuban leaver, scored his 11th and 12th victories when he took both games of a double header with the home team, 4 to 2, and 9 to 5.

In Chicago the Philadelphia Americans were unable to find the ball, and the westerners won the final game of the series, 4 to 1, a homer by Mauer saving the visitors from a shutout.

The Tigers defeated the Chicago Cubs 7 to 1, including two home runs by Snyder and Groh.

The Brooklyn Robins won the deciding game of the series with the Pirates in one inning rally, 4 to 2, taking all their runs in the fourth.

St. Louis won the final game of the series with Philadelphia when Fred Toney outpitched Jimmy Ring in 10 innings for a final score of 2 to 1.

CONTRACT WITH JOE JACKSON IS CAUSING WORRY

AMERICUS, Ga., July 17.—With "Cupid Joe" Jackson's contract to the Yankees today, the big league in the lineup of the local team of the South Georgia baseball league is a management of which it would be hard to find a man who would be guaranteed him five weeks employment and with the decision of the association director in their meeting last night at Albany that Jackson would play here, the local baseball world today sits in a muddle and wonders what the next move will be.

Telegraphic advices yesterday from Leslie M. Collins, secretary to Judge Landis, commissioner of organized baseball, were to the effect that players are knowingly played with outwitted ball players might subsequently find themselves barred from the minor and major leagues.

Sport Sub Sidelights

Well, any way, we won one in a row.

Hunter Hill's Houston buffs are set in line. Three games there and then two at Galveston and then the road trip is finished.

The jinx hasn't hid as yet from the Spudders camp. Just when it appeared as though the old chain would be back, sickness gnawed at Hook Kotter. It is not known how long he will be forced to remain on the sick list.

Cecil Combs, the handy man again filled in. Cecil has played in every position on the team since joining, with the exception of third pitcher and catcher. Some of the fans are hoping that he will be given an opportunity to pitch after the Spudders' game with the Exporters and not forgetting Sunday's matinee.

The noted writers have all figured out now that believing in themselves was the ministry of Tommy Gibbs and that with Jack Dempsey and what led Bobby Jones to the championship crown in the fight with Jack Britton.

They also lament the fact that well-meaning advisers are destroying Firo's confidence in himself in a match against Dempsey.

Probably this self reliance or self confidence characteristic might have its beneficial results with the Spudders. It has been suggested that the Spudders should develop some confidence in the gang and probably that would also help.

At any rate, confidence in one's self and others is half the battle. However, it is a hard to come by, and judgment must be used. Possessing a little too little confidence in one's self as well as other fellows a better playing grade than overconfidence.

When a pitcher starts out a game and the opposition starts knocking the apple to all corners of the lot and several draw rides to the initial sack, possessing confidence that the pitcher will settle down to a routine form is usually dangerous business. Another sample of disastrous results from overconfidence in a pitcher is to send him to the mound for relief duty without sending at least a few minutes in the bull pen.

Jack Kearns has promised the sporting world a decision within the next 24 hours whether he will sign for a world's championship bout with one he has recently changed, or change on Argentine money and the possibilities of whether that last \$100,000 will be paid or not.

Runyon Says--

Wife fighting is weird business. Type of honesty in sports has changed.

By DAMON RUNYON. Universal Service Staff Correspondent. Copyright, 1935.

NEW YORK, July 17.—The writer recently read an item in a newspaper stating that an office had been made for a big championship contest by a gentleman who was named by the item as "promoter."

This gentleman is a harmless soul, with a slightly disorganized brain, who would be furthering the interests of public decency by "promoting" himself into a new pair of pants.

But the gentleman was able to command for a moment the serious attention of 10 lines in a newspaper as a "promoter" that would have been denied a founding tycoon, a successful prospector. It is none the less true.

It is a weird business, this business of prize fighting that produces so much heating about the bush, so much senseless talk, so little direct action.

But, whatever of all this weird business is the fact that amiable morons without a dime in their pockets can talk glibly of half million dollar enterprises and find some one to listen.

Old timers tell the writer that in other days boxing matches were made, big bets decided, merely on a man's word.

In those times, they say, a "sporting" man's word was his bond. Times have changed. The writer does not believe there are over 10 men in the sporting game today who would stand by a man's word.

In the old days, old timers say, men would bet thousands of dollars on their "nod" by lighting a finger to a bookmaker.

"Washington"—the denial of a gambling debt—was comparatively rare. Today, "total" bookmakers at the race track, taking slips of paper signed by gamblers as a guarantee of payment, will tell you that they lose thousands every year through gamblers' refusal to pay.

Perhaps the code of honesty in sport has changed.

In boxing, the "manly" art, there are fewer men who will keep their word than in any other sport.

Two Outstanding Situations In Baseball of Great Promise Says Johnny Evers, Pioneer of Game

BY JOHNNY EVERS. Written expressly for Universal Service.

Two situations prominent with promises for the fan have developed in the last week in the baseball world.

First, there was the days of a promise that the National League pennant race will be a whipping affair right down to the post, with John McGraw and his gallant Giants leading the going worthy of everything they have to offer.

Next and of deep personal interest to me, was the leap of the highly talented Robert Quinn to the helm of the Boston American club, and the passing out of Mr. Evers, which I believe means better days all around in the great old game.

It is right here in the box that Cincinnati has the edge for Moran has pitchers going at a great pace and unless they break under the strain he is likely to beat both Pittsburgh and the Giants to the wire.

Let McGraw get his pitchers going, however, and bring Bancroft back to the game with his health, and the remainder of the clubs may find the path too heavy.

The indefatigable Bobby Quinn, heading the new group in ownership of the Boston Red Sox is one of the most popular and one of the smartest executives connected with baseball. Boston is to be congratulated.

STRAND ATTRACTION STARTING ON WEDNESDAY

GEN TURPIN IN MACK SENNETT'S 'THE SHRIEK OF ARMY'

Oil News

NEW SAND FOUND BY BOLLER MINCHEW ON WILMOT TRACT

Encountering a new sand for this part of the field at 1354 feet, which made several good flows while pulling the casing, the test of Boller Minchew on the Wilmot tract, which offsets the Verchoyle-Minchew producer to the east, is showing up for an estimated production of between 150 and 200 barrels. The top of the pay was picked up at 1415 feet and was drilled in three feet.

TEXAS COMPANY EXPLAINS RULING ON ITS CRUDE RUNS

According to advices received from the local offices of the Texas Company and the Texas Pipe Line Company, notice published by the Texas Company Thursday that effective July 1, 1932, the Texas Company will limit its purchases of crude oil in north Texas and north central Texas to 75 per cent of the production of wells connected with the Texas Pipe Line Company, means that the Texas Company will limit its purchases to 75 per cent of production of wells on leases from which the Texas Pipe Line Company is at this time running oil for purchase by the Texas Company; the Texas Pipe Line Company not having a delivery point for the remaining 25 per cent, will not run the remaining 25 per cent unless the producer finds a market or obtains storage into which the remaining 25 per cent may be delivered.

TEXAS COMPANY EXPLAINS RULING ON ITS CRUDE RUNS

Encountering a new sand for this part of the field at 1354 feet, which made several good flows while pulling the casing, the test of Boller Minchew on the Wilmot tract, which offsets the Verchoyle-Minchew producer to the east, is showing up for an estimated production of between 150 and 200 barrels. The top of the pay was picked up at 1415 feet and was drilled in three feet.

Another Good Producer For Parrish Tract

Another good producer was finished Tuesday by Featherstone-Ray and Manis on the Parrish tract, section 4, abstract 1004, American Tribune lands, Archer county. The well, which is located 780 feet north of their No. 1 Mill and Roberts, hit the sand at 1244 feet. A few feet further down the well makes several flows. Casing is being set and the well will be completed this week.

Texhoma Sets Casing In Archer County Wildcat

The Texhoma Company has set casing on top of a sand at 1477 feet in the No. 1 well on the northeast corner of section 7 of the T. D. Wilson tract in the Hooper-Wado survey, abstract 234, Archer county.

CARTER ROBBERY CASE WILL GO TO JURY WEDNESDAY

Arguments in the E. E. Carter robbery case were in progress late Wednesday afternoon, and according to the time allowed the case will be in the hands of the jury by 10 o'clock. Carter is charged with robbery in his charge to the jury, read after the noon recess. Judge Wilson charged that if the jury did not believe from the evidence beyond a reasonable doubt that J. D. Logan was the party who robbed Logan, they should acquit the defendant.

LARGE CROWD ATTENDS TUESDAY NIGHT DANCE AT LAKE WICHITA

With one of the largest crowds of the season on the floor, Madine Talley and Pat O'Dell surprised all the crowd prizes in the Lake Wichita prize dance Tuesday night, winning the waiting contest from a large number of entrants. The spot dance, with really boxes given the women were popular and starting at nine o'clock were featured throughout the evening.

TWO HELD IN FEDERAL COURT ON LIQUOR CASE

George Shubert and Mrs. Della Peterson, who were arrested Monday night by Texas Rangers and deputies of the sheriff's department, were turned over to federal authorities Wednesday. Shubert's bond was set at \$100 while Mrs. Peterson was released on her own recognizance. Both are charged with possession of whiskey for the purpose of sale.

SUGGESTS NEW LINE BETWEEN FLOYDADA AND WICHITA FALLS

A railroad 115 miles in length to connect the Santa Fe branch at Floydada with the Byers-Wauwika line at Wichita Falls, and a line from Wauwika to Ringling, Okla., connecting the two main lines of the Santa Fe, giving the Santa Fe another trunk line and making Wichita Falls the logical distributing center for California fruits and a market for Plains agricultural products is being considered favorably by railroad officials and local business men, according to John Boswell, secretary of the Flairview chamber of commerce, who was in this city Monday and Tuesday discussing the project with local business men.

Flairview already has on deposit a fund of \$50,000 to be used in the construction of the Flairview line that is built through their city giving them access to a wholesale center and a market for their products. Mr. Boswell said, "Fort Worth has agitated the extension for several years, but it has been allowed to lie dormant. Flairview is an example of the interest that is being shown along the line in the proposed road."

Mr. Boswell declined to say just what progress had been made other than it had met with the hearty approval of a number of men who are in a position to successfully finance the proposition and that several conferences with prominent railroad men had been held.

Need of Detention Home in County For Delinquent Boys and Girls Is Felt; Societies Behind Movement

The need of a county detention home for delinquent and dependent juveniles is keenly felt and a move is on foot to bring about such an institution, provided the necessary cooperation can be secured. Efforts have already been launched for the erection of an institution of this nature in Wichita county.

Juvenile Officer W. G. Bralley presented the matter to the county commissioners in session late Monday afternoon, at which time the advisability of such an institution was pointed out. Legal advice is being sought to determine just what the county is able to do under the law towards the erection and maintenance of such an institution.

Mrs. C. E. Jetter, president of the Federated Missionary societies of this city, has promised in behalf of the various missionary societies here to lend all the effort possible to the realization of the project. Mrs. J. H. Taylor, president of the Floral Heights Methodist Missionary Society, and Mrs. R. C. Smith, chairman of the Juvenile Jail committee, have endorsed the project.

The need of such a home is clearly evidenced in situations which arise practically every week. Juvenile Officer Bralley is placed in a most puzzling aspect, and a detention home for delinquent and dependent juveniles would be a solution to these problems.

Several weeks ago Mr. Bralley found on his hands four children who were not guilty of any misconduct, but due to other circumstances became public wards. They could not be placed in jail and no suitable place could be found for them. As a last resort they were sent to the county farm awaiting final disposition.

It is readily seen that the county farm is no suitable place for dependent children, because the farm is not equipped to handle them. L. M. Jernigan, superintendent of the farm, of course did the best he could with them under the circumstances, putting himself to a great deal of trouble to take care of them.

In the meantime the county will ascertain just how far it will be able to go to help carry out the plan and societies who care to assist are asked to get in touch with Mr. Bralley.

CHANGE NOTION ABOUT CALOMEL; NOW DELIGHTFUL

Old-Style Calomel Gives Place to the De-Nauseated Tablets Known as "Calotabs"

With all of the liver-cleansing and system-purifying qualities of the old-style calomel, but robbed of its sickening and dangerous effects, Calotabs has become the most popular as well as the most useful of all home remedies. For biliousness, constipation and indigestion it is indispensable, for nothing but calomel will straighten out a disordered liver.

One tablet at bedtime with a swallow of water—that's all—no laxative, no griping, no nausea, no pain. Next morning your liver is active, your system purified, and you are feeling fine, with a hearty appetite. Eat what you please—no danger.

Genuine Calotabs are never sold in bulk. Ask for the original, trademarked package. Price, 25 cents. If you are not thoroughly delighted your druggist is authorized to refund your money—Ad.

Corns

Just Say Blue-jay

The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plaster. The action is the same.

Iowa Park Items

The new Tom Burnett home in the north part of town is near completion.

Swimming Party. A number of Iowa Parks folks enjoyed a swimming party and picnic at Cocha, Okla., Saturday and Sunday.

Woman's Auxiliary. The Woman's Auxiliary of the Presbyterian Church met with Mrs. R. F. Abernathy at 6 o'clock Monday afternoon.

Baptist Meeting. The meeting being conducted by the Baptists is increasing in interest.

Work has started on the new school building of school district No. 7, better known as Pleasant Valley.

Henry Morse of Holliday spent Sunday with home folks.

Mrs. J. J. Cobb and Mrs. Scott Halseon were in Wichita Monday.

Mr. and Mrs. Rogers left for Houston Thursday morning.

W. Flahive and family left last week for New Mexico to make their home in the future.

J. F. Boyd and family are taking a two weeks' vacation in Colorado.

Last Thursday Mr. and Mrs. Allen McClure, who reside at Sunshin Hill, lost their 18 months old baby.

Mrs. McClure thought she had removed all rat poison, but evidently had left it within reach and the child ate the poison.

Mrs. McClure's parents, Mr. and Mrs. Worman, reside there.

Mrs. Clara Lowrance leaves Wednesday for Crossmore, north California.

Fred Goss, eyes tested for glasses. With Faith Optical Co.—Ad.
