LABOR BETTER OFF IN UNITED STATES MR. DAVIS REPORTS

POLITICAL AND ECONOMIC CHAOS EXISTS IN OTHER COUNTRIES.

UNEMPLOYMENT ABROAD AND WAGES ARE LOW

Secretary Delivers Labor Day Address at Celebration at Birmingham, Ala.

BIRMINGHAM, Ala., Sept. 1.—

Both workmen and employer are better off in America than anywhere in the world today and, everywhere else there is political and economic chaos it is only in this country that employer and workman are moving steadily under the banner of industrial peace and prosperity, James J. Davis, secretary of labor, declared today in a Labor Day address here.

Abroad unemployment is the rule, he said, and wages are low, many workers being paid a mere subsistence wage, while in America wages generally are as high as they have ever been and every workman who is willing and able to work has the opportunity to fill his job.

The secretary, who recently returned from a trip to Europe, asserted he is more optimistic than ever before of the possibility of an industrial peace which will bring the best of the world into this country.

"Both through the pay envelope and through various systems of profit sharing," Mr. Davis said, "the American worker is receiving a condition of an equitable division of the proceeds of production better than the most advanced nations are able to offer."

This Labor Day, the secretary said, finds the working men and women of America at the close of 18 months of steady progress, of peace and prosperity, but marked by one great loss—the death of Warren G. Harding, and the secretary was a great friend of America's toilers.

"During the more than two years of his service," he said, "I have seen steady, consistent, material and moral progress that it had during any similar period in the history of our country. Under his calm guidance without beating of drums, or sounding trumpets, the American workman was led from the verge of virtual economic chaos to stable employment, record wages and improved conditions. Not since the foundation of this third republic has American labor, organized and unorganized, been in better condition than it is on this Labor Day."

DAVIS CUP REMAINS IN UNITED STATES; "LITTLE BILL" WINS

FOREST HILLS, N. Y., Sept. 1.—America successfully defended the Davis cup, international tennis trophy Monday when William M. Johnston overcame John B. Hawkes, 6-0, 6-2, 6-1, in the challenge round with Australia. It gave the United States its third victory in the four matches played so far and clinched the cup, regardless of the outcome of the fifth and final contest Monday afternoon.

MOUNT JOY PRISON AND OTHER DUBLIN BUILDINGS ATTACKED SUNDAY NIGHT

DUBLIN, Sept. 1.—The Amiens street railway station, the central telegraph office in Amiens street and Mount Joy prison were attacked Sunday night. The guards successfully repelled the attacking party which was driven after an exchange of shots lasting 40 minutes. No casualties were reported.

Where Controversy Started

Arrow on the above map shows the approximate location of the place several Italian officers, members of the Commission for the Demarcation of the Albanian Frontier, were killed. Their death caused Italy to send Greece a sharp ultimatum, demanding satisfaction for the killing.

By Associated Press.

Stirred by reports that the Italian government has notified Greece it will ignore the League of Nations' decision on their dispute and that Italy's representatives at Geneva have been instructed to abstain from discussing the matter there, Great Britain has announced that she will give every ounce of her support to the league. Should the league fail it has been hinted that Great Britain is prepared to take some other action to settle the controversy.

Greece, however, has accepted the jurisdiction of the interallied council of ambassadors in addition to the League of Nations and Paris anticipates that the Rome government will also heed the ambassadorial decision, if there are any.

Although Greece attacked the Italian legation in Athens today, quietness prevails over the remainder of the Hellenic kingdom, including the Italian occupied island of Corfu. The Italian government has denied that it is occupying the island of Samos, but it has neither confirmed nor denied reports that it is holding the Ionian Islands of Patmos, Antipaxos and Cephalonia.

The crowd burned an Italian flag and attacked the Italian legation.

OSAKA, Sept. 1.—

The minister of marine today estimated the fatalities from the earthquake and fire in Tokyo alone at 150,000.

ATHENS, Sept. 1.—

A violent demonstration against Italy took place today after a parade in honor of the Italian legation. The demonstrators were dispersed by the police.

PARIS, Sept. 1.—

News was received here this afternoon that the Italian government has notified Greece it will ignore the League of Nations' decision on their dispute.

ATHENS, Sept. 1.—

The Italian government has notified Greece it will ignore the League of Nations' decision on their dispute.

PRECAUTIONARY ARRESTS ON ISLAND OF CORFU

ROME, Sept. 1.—New precautionary arrests have been made on the island of Corfu by the Italian occupying forces and the governor.

STATE DEPARTMENTS AND BUSINESS HOUSES CLOSED

AUSTIN, Sept. 1.—State activities ceased today and officials gave their attention to Labor Day ceremonies planned by Austin labor bodies. State offices and business houses were closed.

FUNERAL SERVICE FOR MRS. ELIZABETH LANE

GALVESTON, Texas, Sept. 1.—Funeral services for Mrs. Elizabeth Lane, 51, pioneer Texan, were to be held here today.

WOUNDED IN THE FACE

HARRISBURG, Texas, Sept. 1.—Woodrow Wilson Rowell, 13 years old, had an eye removed here today.

Situation in Stricken Japan

SAN FRANCISCO, Sept. 1.—The situation in Japan, resulting from one of the greatest disasters in history as disclosed by advices from all sources up to this morning, is as follows:

Estimated that at least 100,000 persons are dead. One report even gave this figure for Tokyo's dead alone.

Shocks, believed to be the "settling shock" or the original tremor were recorded on American seismographs.

Tidal waves of great intensity followed the first shocks.

Communications with Japan continued paralyzed. Some mail boats got by cables from southern Japanese ports, but most of available information emanating from Tokyo radio stations 185 miles north of Tokyo. International communications demoralized.

Disastrous fires following earthquake believed under control.

Numerous structures of scenic or historic interest known to tourists destroyed.

Fears entertained for numerous Americans in Japan or in ships either in Yokohama harbor or near it. Nothing has been heard from any of these ships, though several large passenger liners equipped with wireless.

British and American naval vessels have been ordered to Japan to give relief. Relief ships have been started from other Japanese ports to Yokohama. All Japanese naval vessels ordered to take up relief work. Caska and Kobe jointly voted 500,000 yen for relief.

Martial law declared in Tokyo and Yokohama and no one allowed to enter the former unless he carries his own food supplies.

THREE MEN KILLED THIRD INJURED IN RANGER EXPLOSION

They Say:

"One of the largest gatherings of Texas pioneers ever assembled attended the centennial in Columbus, commemorating the one hundredth anniversary of the founding of the first American colony in Texas by Stephen F. Austin in Columbus on August 24, 1823."

ROSS AND GOOD MOVED TO ABILENE TO AWAIT TRIAL MURDER CASES

ABILENE, Texas, Sept. 1.—Tom Ross and Mill Good, outlaws, were brought here yesterday from Lubbock to await the calling of their cases in district court next week wherein they are charged with the murder of H. L. Robertson, cattle inspector, at Seminole last April. Ross' case will be called Monday and Good's Friday, September 14.

ANNOUNCE BIRTH OF SON TO MRS. CHAUNCEY WADDELL

NEW YORK, Sept. 1.—Birth of a daughter to Mrs. Chauncey Waddell, daughter of Secretary of State Hughes, was announced yesterday. This is the secretary's third grand child. The mother was Miss Catherine Hughes.

"FROM LABOR THERE SHALL COME FORTH REST"—Longfellow

Cities and Towns are Completely Wiped Out by Earthquake and Fire

Flames Still Rage in Capital City

Earthquakes in History

Tokyo, Japan, 7000 killed; November 11, 1855.

Arica, Chile, 1000 killed by earthquake and tidal wave which carried two American warships inland one mile over roofs of town; August 13, 1868.

San Francisco, Cal., 400 killed by earthquake and tidal waves; April 18, 1906.

Formosa Island, Japan, 1500 killed; Feb. 7, 1904.

Valparaiso, Chile, 1500 killed; August 16, 1906.

San Francisco, Cal., 1000 killed; January 18, 1907.

Isle of Sicily and Calabria Peninsula, Italy, 70,413 killed, 60,000 injured; 11 towns destroyed; December 11, 1917.

Constantinople, Turkey, 1000 killed; March 8, 1910.

Turkey, 3000 killed; August 2, 1912.

San Francisco, Cal., 4000 homeless in earthquake and eruption; January 18, 1914.

Sicily, 500 killed; May 4, 1914.

Avellino, Italy, 20,000 killed; Avellino destroyed; January 31, 1915.

Avellino, Italy, 2000 killed; 2500 killed; December 24, 1917.

Mugello Valley, Italy, 150 killed; 16 villages damaged; June 23, 1918.

Aguedilla, Porto Rico, 116 killed; October 11, 1918.

San Francisco, Cal., 1000 killed; March 2, 1920.

Mendoza Province, Argentina, 175 killed; December 13, 1920.

Southern America, 1000 killed; 10 hurt, 10,000 homeless; December 18, 1920 and January 2, 1921.

Kanuu Province, China, over 100,000 killed by earthquake and exposure; December 23, 1921.

Cogumbo, Chile, 2500 killed in earthquake and tidal waves sweeping 100 miles of coast and damaging 40 cities and towns; November 11, 1922.

Amari Hakodate and Kushu Island, Japan, 100 killed; December 10-12, 1922.

FLORENCE, Italy, Sept. 2.—

Selenic instruments here have recorded another strong and distant earthquake. It is not yet possible to ascertain the distance of the tremors as the record was made in a special form on the instruments.

NAQASAKI, Sept. 2.—

Tokyo is still burning, according to advices received here today. The offices of the Bank of Japan are reported to have been demolished yesterday.

SAN FRANCISCO, Sept. 2.—

While the work of rendering aid to the stricken Japanese empire was underway or being organized today, reports of new disasters were being received.

With the toll in death in Saturday's earthquake and the fire following it estimated at 100,000 or more for Tokyo alone, and the property loss placed at \$100,000,000, the Japanese government today by way of Shanghai said another quake at 1 o'clock yesterday afternoon shook the Kanto district, about 30 miles south of Tokyo, at the entrance of Tokyo Bay. The quake centered in Yokosuka, a city of 70,000.

IMPERIAL PALACE WAS ONLY PARTIALLY DAMAGED

OSAKA, Sept. 1.—Lieutenant Ishida, commander of the Imperial Palace, reported to the emperor yesterday that the Imperial Palace was only partially damaged.

Tokyo itself was devastated with the exception of the central ward part of Kojimigaya ward, practically the whole of Yetsuya ward and the north side of Asayamada.

Many homes and public buildings collapsed when Fukunaga ward was flooded by the tidal wave. The fireman said it was difficult to find a shelter for the homeless. The Imperial Palace was only partially damaged.

EARTHQUAKE BULLETINS

LOS ANGELES, Sept. 1.—The Young Men's Christian Association has opened a subscription for relief work in the districts of Japan devastated by earthquake and fire.

CHICAGO, Sept. 1.—

Authorities of the board of missions of the Methodist Episcopal church and the Salvation Army yesterday in Japan \$5,000 to their respective committees in connection with the disaster occasioned by earthquake and fire.

SANTA BARBARA, Cal., Sept. 1.—

A group of prominent residents of Santa Barbara headed by Colonel Charles H. Graves, former American minister to Sweden, organized today to raise funds for the sufferers from the earthquake in Japan.

LONDON, Sept. 1.—

The health report of Karuizawa, about 50 miles northwest of Tokyo, was not affected by the earthquake, according to a message received today by the Church Missionary Society. Karuizawa is a gathering place for missionaries during the summer holidays and is also the site of many of their conferences.

JAPANESE CABINET FORMED AS CAPITAL OF COUNTRY BURNS

ACTION MADE NECESSARY BY RECENT DEATH OF PR. MIKI KATO.

SIX KOREANS ARE SHOT TO DEATH BY SOLDIERS

Work of Relief is Under Way and Provisions Are Supplied to Refugees.

SAN FRANCISCO, Sept. 1.—While flames roared and buildings toppled in the heart of Tokio yesterday the leaders in statecraft were assembled in the Naval Club to form a cabinet to succeed that of the late Premier Kato. Dispatches describing this were received early today by the Radio Corporation of America. The reports said the Naval Club collapsed and was destroyed by fire during the meeting. No mention was made of casualties there, but another wireless message told of the formation of the cabinet and gave the names of its members.

Under the cabinet as described by the radiogram Count Gomei Yamamoto, the new premier, retains the portfolio of foreign affairs. Viscount Kato, former mayor of Tokio, is minister of home affairs. Junnosuke Imoto, governor of the Bank of Japan, becomes minister of finance. Baron Den, governor general of Manchuria, is minister of justice. Ki Inoki, a leading political figure of Japan, is minister of education and agriculture. Yamamoto, crown member of the house of peers, minister of railways. Admiral Takarabe, minister of the navy.

The message dispatch made it appear that Baron Tanaka had resumed his former post as minister of war and would hold the portfolios of agriculture and commerce. The dispatch, however, was somewhat garbled.

Six Koreans were shot to death by soldiers making martial law effective in the devastated area of Tokio, according to wireless message received here at 10 o'clock this morning from Kamoko by the Radio Corporation.

The same message said the work of relief was under way and provisions were being supplied to refugees from the Tokio central station which was undamaged.

The message also said the buildings occupied by the French embassy and the Italian legation were destroyed by the fire which was started by the earthquake.

Other principal buildings reported destroyed were: The Peers School, official residence of the minister of the imperial household (the Meiji College of Law, the double bridge of the imperial palace, the imperial museum, the military preparatory school, residence of Marquis Nabeshima, Kacho music company and Nipping Printing Company.

Postpone Trial of Dr. F. A. Cook Until October

PORT WORTH, Sept. 1.—Trial of Dr. Frederick A. Cook, Arctic explorer, indicted in federal court here on mail order fraud charges, has been postponed until October. The case was set for this morning and by consent of both sides was delayed. Dr. Cook's friends Monday favored alleged oil promotion activities.

REPORT 5,000 GERMAN HAVE VOTED IN FAVOR WORKING UNDER FRENCH

DUESSELDORF, Sept. 1.—It was announced at French headquarters here today that 5,000 German miners employed in four mines, the Essen district had voted in favor of working under French direction. One hundred and fifty workers joined the meeting and fifty steel works also called a meeting to consider working for the French, but about a thousand other workers attended the meeting and it broke up in confusion before a vote could be taken.

GRAYSON COUNTY PIONEER DIES AT SHERMAN HOME

SHERMAN, Texas, Sept. 1.—John J. Sadler, 84, founder of the town of Sadler, Grayson county, died here last night. He is survived by eight children. Burial was at Sadler this afternoon.

HENRIETTA IN GALA ATTIRE FOR RODEO; HOTELS CROWDED

HENRIETTA, Texas, Sept. 1.—The three days rodeo opened here this morning. This is the first rodeo in the town since 1918. The hotels were crowded and the streets were thronged with spectators. The rodeo is being held at the new arena which was built last year.

AGE MARKING WEDNESDAY

Sept. 1.—The day of the week which is the anniversary of the birth of the nation is being observed here today. The day is being marked by a variety of patriotic exercises.

Two Safes Cracked Sunday Night Cash Drawer Rifled in Third Place Of Business; Total Loss Was \$126

Traveling and safe cracking, which is illegal had been checked by the detention of several professional burglars who are now being held in the city and county jails, broke out again Sunday night. The safe was light metal and was cracked in two business houses and \$126 in currency and checks taken; the cash drawer in a third business house was rifled and the contents in change.

An Interpretation of Policy of Labor

By SAMUEL GOMPERS, President of the American Federation of Labor. Written especially for NEA Service, Inc., and Wichita Daily Times. Labor Day is a double celebration. It records Labor's achievements in securing fundamental rights. It also expresses labor's determination to maintain those rights in every phase of human endeavor. For this reason Labor Day, as a national holiday, has a deep significance for the republic. Our fathers fought and held in defense of the inalienable rights of life, liberty, and the pursuit of happiness. The government of the United States was established to protect these rights. Labor's policy stands for their practical realization for every citizen.

It insists that labor shall have an equitable share of the wealth in which labor's own life and energies are the essential elements. Labor's policy is to secure for the masses, driving its way straight ahead of labor's objective, and striking down the barriers of reaction, greed and tyranny wherever found and by whomsoever planted.

Political Liberty—liberty to determine freely our political relations and institutions by the sovereignty of the ballot under democratic representative government. Industrial Liberty—liberty freely to negotiate industrial relations without compulsion from any source.

Liberty to strike; for the bedrock of industrial liberty is the right to quit work. The rights to life, liberty and the pursuit of happiness become academic mouthings when the right to quit work is impaired.

Liberty to strike; for the bedrock of industrial liberty is the right to quit work. The rights to life, liberty and the pursuit of happiness become academic mouthings when the right to quit work is impaired.

CREAGER FAVORED BY FRANK KELL AS ENVOY TO MEXICO

All Texans, regardless of party affiliations, should unite in requesting the appointment of Mr. E. Creager of Brownsville as American ambassador to Mexico, in the opinion of Frank Kell.

Mr. Creager is a high-grade man and a native born Texan, said Mr. Kell Monday. "He has had a good business training and is a splendid lawyer. If Mr. Creager is chosen by President Coolidge for this post, the president will have selected the best equipped man in the United States."

Mr. Creager has resided on the Texas-Mexican border for years and is familiar with international questions as they affect the two neighboring nations in a way that has been denied to Republicans living in other parts of the United States.

Auction Off Your Money

Think of your money as something for sale to the highest bidder. That's what it actually is.

And bidders are legion. Look through the advertisements and you will find them—every one. They shout, beckon or nod to you through the medium of type and picture. Each seeks to outdo the others in the attractiveness of his offer. Each vies with the others for the privilege of your attention.

Competition is keen, if you only realized it. Each advertisement in this paper is an offer made directly to you. Each is worthy of your interest in some degree.

Read the advertisements. Know what this manufacturer or that merchant offers in return for your cash. Hear all the bids. Compare values. Check up on the offering. Then you can be sure you are getting the most for your money.

Tennessee Southpaw Gunner Hangs Up Enviably Records

LUCKY, Tenn., Sept. 1.—Uncle Sam wouldn't need to worry any particular if he had a regiment of Boyd Duncans.

Over the traps at the Birmingham (Ala.) gun club, Boyd Duncan has hung up two new records that will be hard to topple over.

Shooting at 100 targets, he broke the first 50, getting a run of 451 straight for 40 yards.

In the Alabama state matches just the week previous, he smashed 100 in succession, ending the program with 519 out of 550.

Duncan has been shooting exceptionally well in the Arkansas, Louisiana, Oklahoma and South Carolina shoots.

He has won the preliminary and some handicaps and the all-round championship only three times in his career.

Boyd comes from a family of crack shots. His father and his brother-in-law were both champions in different events.

Boyd himself has won the trap-shooting title of Tennessee three times in his career before he was old enough to vote.

Duncan now is practicing for the national and international matches at Camp Perry, Ohio, in September.

Boyd comes from a family of crack shots. His father and his brother-in-law were both champions in different events.

Boyd himself has won the trap-shooting title of Tennessee three times in his career before he was old enough to vote.

SIKI WILL TAKE ON FIERO AND DAMPESEY BOUT

NEW YORK, Sept. 1.—An unobtrusive, unassuming, a look of childlike innocence, but a man of steel...

For the time it looked as if Siki might not get it, but he was determined to win.

After training and expressing his thanks through an interpreter, Siki seemed to think the next thing to do was to say that he wanted to fight the winner of the Dempsey-Fiero fight.

He seemed muscular, strong fellow, of extreme toughness. His shoulders are broad and massive and his torso is like a barrel.

Passengers said Siki played and romped with kids on shipboard and that the kids and he seemed to like each other.

Fletcher Lays Poor Showing of Phillies to Faulty Fielding on The Left Side of His Infield

PHILADELPHIA, Sept. 2.—Fletcher aren't hitting home runs. There is a fine moral around the camp, but you know it takes time to rebuild a ball club.

From the low position of the Philadelphia Phillies, Fletcher has gathered a distinguished collection of ball players. But quite the contrary is the condition in Art Fletcher's family, and that is what is keeping daylight for the first time in his managerial career.

The main difficulty with the Phillies is pitcher's quality has not been weak pitching as has been reported by the judges of the press box. Far from that, it has been a weak defense on the left side of the infield.

In the first place, it must not be forgotten that Fletcher had to block together his infield from a rather motley collection. He has Walter Holke, last year with Boston, at first; started with Parkson and now has Cotton Tierney, formerly with the Pirates, at second; Heinie Sand, last season with St. Louis, at short, and third base has been turned over to Wrightstone.

Up until this season these four had never played together before. "We may look bad where we are," remarked Fletcher. "But other day, last season, they were out there through weak fielding around the left side of the infield—games, let me tell you, that we had won and were lost by one flimsy slip."

"We had the Giants beaten in six games this season closing the seventh inning, and lost them down the stretch. Figures will support my talk. Can't beat that for tough luck—chipping the world champions right down to the stretch and then losing."

"I cannot say too much for the boys on my club," Fletcher said. "People who have not seen us play probably imagine that it is a joy-ride with us. Far from it. The hit we get is the spirit is excellent and you see us hustling whether we are in runs behind, or 10 in front."

What better illustration would you want than the home run record being made by Walter Holke? When players are sulking and loafing...

THE LOOKOUT by At Parker

The Spudders have made their final invasion of south Texas for 1932, and it might be said that the last trip was more successful than the first.

More effective than against the Robins, the Phillies getting to him for a moment seemed to wonder what it was all about.

He seems muscular, strong fellow, of extreme toughness. His shoulders are broad and massive and his torso is like a barrel.

Passengers said Siki played and romped with kids on shipboard and that the kids and he seemed to like each other.

DUNDEE BELIEVES HE WILL CAPTURE LEONARD'S TITLE

ORANGE, N. J., Sept. 2.—Johnnie Dundee is working harder at his training now than he ever worked before.

Not even the licks he put in when he was getting ready for Crigal equaled the work he is now doing in preparation for his bout with Benny Leonard.

Dundee is smart enough to know that the stories that have been printed about Leonard's weight (which stories have been attributed to him) have only served to make the lightweight champion furious.

With a word of chewing gum stuck away in his mouth, he calmly goes through his daily stunts.

"Why should I worry?" he asks. "I've faced Leonard and for eight months, and he never has been able to more than shade me."

"I believe that if he makes the lightweight limit this time that I will be able to get the decision over him, the same as I got it over Crigal."

"I have always wanted to hold the two titles and always some misfortune or other has intervened to prevent me from winning one. But now my luck has changed, and with the featherweight crown in my possession, I feel sure that my other ambition is to be realized. I'm confident I will win the lightweight championship."

Three bouts that promise the fans good scraps are listed on the American Legion fight card Monday night at the ball park arena. Lee Morrissey of Idaho and Speedy Bryson of Texas will meet in the main event, but there are two other matches that should prove fully as good as the feature attraction.

National League

Brewers & Giants 2.—The New York Giants went down to defeat Sunday before the Boston Braves, who won in the tenth inning, 3 to 2. It was the Giants' third straight loss.

Score by innings: R. H. E. Boston 000 001 1-2 10 New York 000 000 0-2 0 0

Cardinals & Reds 1.—Halton Pennock effectively pitched Sunday. Donohue was hit freely and St. Louis defeated Cincinnati, 4 to 1.

Score by innings: R. H. E. St. Louis 000 001 0-1 0 0 Cincinnati 000 000 0-1 0 1

Pirates & Cubs 6.—Johnny Rawlings broke up an 11-inning game Sunday with a two-base hit, which sent two runs across the plate and gave Pittsburgh an 8 to 6 victory over Chicago.

Score by innings: R. H. E. Pittsburgh 001 100 00-1 1 0 Chicago 000 000 0-1 0 0

Phillies 12, Robins 3.—After winning two straight from the world champion Giants, the Brooklyn Dodgers fell down hard before the Philadelphia Nationals, 12 to 3.

WHEN GOING OUT OF TOWN

LABOR DAY

This is Labor's day.

On this day everywhere throughout the country

men who labor are laying aside their tools and

are joining with their fellows in the celebration in which

Labor is exalted and in which there is exultation over

the progress and victories of Labor.

There are some whose contact with strikes, public

distress as the result of strikes, sabotage and

some of the other manifestations of a spirit of license

that has accompanied some of the better things in

the progress of Labor, who will not feel such exultation

or sympathy as they see the Labor Day parade go by,

but such things, we can hope, are but the disturbances

of camp-followers who will soon be left behind or cast out

by the great body of sober, earnest men who make up

the majority in Labor's ranks.

Labor does have the right to exult and rejoice

over its progress. Less than a century ago it was the

common thing for men to work twelve hours a day

and even longer. The right of collective bargaining

was almost unthought of. The employer was an autocrat,

although often a kindly and generous one. Now all these

things are changed. The eight-hour day is generally

recognized and within the past few weeks has been

adopted in the steel industry, one of the last of the

basic industries of the country to do so. The 15-hour

workday, now the worker and his employer meet on an

equal footing and there is a growing mutual respect

each for the other, although there are instances in which

each attempts to exert arbitrary power. There is more and more a movement

toward conciliation and arbitration to settle disputes

between workers and employers.

We can and do believe that this tendency toward

conciliation and arbitration is increasing good will

and understanding between the two sides with the result

that there will be better co-operation all around and

more efficiency from which both will profit.

We are glad that in this country the mass who labor

in the year of any and that there is no false distinction

or class in our citizenship. Let us hope that our children

may never be educated into different ideas.

WHEN YOU DIE.

All some unknown date in the future, your heart

will stop beating. What then? Death, of course.

But what is death? Read the strange case of eight-

year-old Jack Lesney, of Stratford, Canada.

He was ill in agony. At 10 o'clock at night, his heart

stopped and ceased beating. Physicians applied every

test known to science. "It's all over," they announced

gravely. "The lad is dead."

But shortly after midnight, two hours later, his heart

began beating again. He breathed. Life was miraculously

restored, though only for three hours. At 5 in the morning,

he died for the second time. This death was final. Jack

Lesney is buried, gone into the hereafter.

Medical journals soon will be discussing this.

It is possible to bring a man "back to life" after the

heart has stopped beating, by injecting adrenalin, most

powerful of heart stimulants. But only under certain

conditions, usually when the sick man expires from the

anesthesia during an operation. Even then, according to

medical rules, adrenalin must be injected within a few

minutes after the heart stops beating.

The Jack Lesney case is one of the greatest mysteries

in medical history. "The doctors," of course, finally

decided that the lad's first "death" was really a condition

of suspended animation, form of trance. But isn't "suspended

animation" a good description of his second death—of all deaths?

You see a man driving an auto. It runs along smoothly.

Then it dies dead, stops. A little tinkering, a broken-down

part replaced with a new one, and the auto runs again.

If the collapse of the mechanism is too emphatic,

the owner buys a new car. Our bodies are the auto driven

by our spirits. The auto wears out. The driver gets a new car.

Fire and fur coats will be about three arguments

and one crying spell higher this fall.

Chinese typhoons are almost as dangerous as

American booties.

Cops think a San Pedro (Calif.) oil tank fire in-

cidental. May have found oil-soaked wires.

Even though an Elkhorn (Mont.) minister married

9,000 couples he has died a natural death.

Fat men hold a convention in Portland, Me. The

funny thing is all are not landlords.

Pennsylvania man has jumped from jail three

times. If you think this is easy try it once.

A gentle, loving Los Angeles creature wants to

think little if they won't bang her husband.

Just as the boys are rushing off to college an

Oregon professor writes to become a politician.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

SOMETHING ELSE.

Whenever we pass from some scene of beauty,

some place of inspiration, or from the presence of

some unique personage, we always have the feeling

that there is something we have failed to catch.

The race does not open until it is about to wither.

It spreads its petals in one last effort to show that

which was mostly hidden during its life.

It is that "something else" by which we are lifted

out of our meaner selves into our finer natures.

Read the exploits of some great man and then stand

to watch him pass before the applause of the multi-

tude, and what do you see? A simple man who

wishes no more home!

He into whose heart you have poured the treasure

of what you are, is far finer than anything he has

said to you—or done in his world.

A nation's tears for its dead President are given

as tribute to something far deeper and richer than

any office or leadership.

There are heavenly instincts that come to us as

a part of our heritage in the world—and one of these

instincts is to know the "something else" in people

and in individual character.

Look upon him in whom there is victory, and you

already know that it isn't necessary to bear long

upon special exploits.

We never tire of the heavens for there is always

something else up there. And this is what makes

all beauty fresh to us.

And when life's failures and disappointments

have piled all too high, it is this instinct from heaven

that fires anew in our consciousness—the knowl-

edge that there is still something else for us here

and now.

(Copyright, 1932, George Matthew Adams)

Little Benny's Note-Book

Editor: Mr. Timen.

I haven't been asked to state why

I like to live in Wichita Falls, but

my reasons are so different from

Mr. Donnell's idea of what it takes

to make a Wichita home town that

I'll let the Times have it.

I like to live in Wichita Falls be-

cause if some fellow offers you

slightly or should I say a differ-

ent good deal of money—but probably

doesn't really deserve it—just to

take your little son to college—

take him out and while him good

and he'll want you one hundred

dollars like it does in some part

of Texas town. Because, in Wichita

you can't get a good education—

and if you think someone

deserves killing you get out your

gun and pump him full of lead and

prominent citizens will make a

rush to sign your bond.

I love to live in Wichita Falls be-

cause it's always open and free

settled the ago-long controversy

between scientists and the church

regarding Darwin's theory of evo-

lution. It is settled now. There is

a lineal descendant of the monkey

the majority of the churchmen of

Wichita Falls. It is a certainty

that Darwin was right. (Now let

Mr. Bryan say.)

change in their attitude having

been brought about after witness-

ing the two hundred and fifty of

their fellow citizens making

monkeys of themselves by parading

in front of the city hall in honor of

mythical King William the First

in dear old Georgia. Said King

having attained his ambience

of the royal crown, he had the

receipts of sales of \$150 per sheet

to honor the sum of \$1.25 per sheet

of love to live in Wichita Falls be-

cause it's a city of beautiful homes

and wonderful churches; homes so

beautiful that there is not room

enough in some of them to hold

the city's orphans and we have to

ship them out to Fort Worth or Dal-

las. Churches in Wichita Falls are

not allowed to use them temporarily

as schools. There are a few churches

here, as will be found in any good

live town.

And I am proud to live in a town

which shelters the sons of an an-

cient race whose civilization was

the foundation of the pyramids

of the Nile.

A race whose forefathers were

quelling in gilded palaces and

temples along the banks of the

Yang Tze Kiang—when your fore-

fathers and mine were made slav-

es of the barbarian hordes of Eu-

rope.

I love to live in Wichita Falls be-

cause there are so many Jews

here.

Their presence in a community

affords me evidence of the stability

of the race and a living ex-

ample to me and mine of the

soundness of the assertion that

the Jews are the chosen people.

As these children of the Most

High God look out to you through

eyes which reflect the suffering of

seven billion other people, fore-

bearance, and tolerance, for the

example of the holy Christ—

call them brothers! If I cannot

look upon them as my brothers,

our Savior—should we not be

then I cannot accept Christ—a Jew

or a Gentile.

As citizens, they are builders, as

neighbors they set an example

which any gentle may do well to

follow.

They surely know how to attend

to their own business, a beautiful

virtue, God grant that their tribe

increase.

I love to live in Wichita Falls be-

cause there are so many negroes

here. Negroes—whose fore-

fathers—were head hunting along

the coast of the Pacific Ocean—

and whose grand-

mothers were sold into bond-

age by your grandfathers and mine.

They are now the advanced

negroes of the world. They are

at the rapid pace his race has

made.

Go into any negro school in

Wichita Falls and you will see evi-

dence which proves that the

race—in spite of the obstacles

placed in its path by the white man

has advanced in the last hundred

years as much as the white man

has in four thousand years.

I love to live in Wichita Falls be-

cause there are so many Catholics

here. Catholics—whose fore-

fathers were head hunting along

the coast of the Pacific Ocean—

and whose grand-

mothers were sold into bond-

age by your grandfathers and mine.

They are now the advanced

negroes of the world. They are

at the rapid pace his race has

made.

Go into any negro school in

Wichita Falls and you will see evi-

dence which proves that the

race—in spite of the obstacles

placed in its path by the white man

has advanced in the last hundred

years as much as the white man

has in four thousand years.

I love to live in Wichita Falls be-

cause there are so many Protestants

here. Protestants—whose fore-

fathers were head hunting along

the coast of the Pacific Ocean—

and whose grand-

mothers were sold into bond-

age by your grandfathers and mine.

They are now the advanced

negroes of the world. They are

at the rapid pace his race has

made.

Go into any negro school in

Wichita Falls and you will see evi-

WHEELERS ARE WHIPPED IN NATIONAL GAME AT HOUSTON, 5 TO 2

Wheeler the Ripper is Hit Hard While Bergerinoes Are Able to Little With Southpaw Kircher

HOUSTON, Texas, Sept. 3.—Attracted by some stylish fielding played by Johnny Ragan and Lester Bell, the Dubs won the closing game and the final series from the Phillips Stars yesterday here Sunday. The score was 5 to 2.

Ray Wheeler, ace of the Spudder hurling corps, was on the hill for the visitors and was looking to the sun of 11 miles, while Lefty Mike Kircher yielded up a total of seven to the Duffers, but those hits came at more opportune moments.

The way the game was played, Mike would have had a shut out if it had not been for the help of his support. Stansbury committed an error in the second which gave the Spudders their first run, and later on he made what Dutch Schmandt called a "single through him" in the seventh.

The Dubs jumped away to a one run lead in the second inning after two had been retired. Dutch Spudder came out of his slump and slipped a single to left. Schmandt made a double on the bases for two bases and Spudder scored home from first.

The lead was short lived, however, as a misplayed grounder through the box put Barrett on second in the second frame. A sacrifice bunt and a sacrifice fly to left would have scored Wheeler and Cotter ended the agony for Buff fans by grounding to Kircher.

Rip Wheeler lost control temporarily in the Buff's half of the third and walked Stansbury and Spudder in succession. Schmandt pitched to catch Wheeler's error, sending Stansbury on third. At this juncture "one for the book" was called when Bischoff called for a pitch-out to catch Wheeler's error.

Tennessee Southpaw Gunner Hangs Up Envyable Records

LUCKY, Tenn., Sept. 2.—Uncle Sam wouldn't need to worry one particle if he had a regiment of Boyd Duncans.

One of the stars at the Birmingham (Ala.) Gun Club, he has just banged up two new records that will be hard to topple ever.

Shooting at 100 targets, he broke the first 95, getting a run of 621 straight from 14 yards. Then he finished with 92 in 145 for a run of 641 out of 650.

In the Alabama state match he broke the previous record, he finished with 92 in 145 for a run of 641 out of 650.

Duncan has been shooting especially well since he was transferred to Birmingham. He has won the preliminary and some other matches and the all-around championship. His best average is better than 91 per cent.

Boyd comes from a family of crack shots. His father and his brother were also famous marksmen. He still stays at a family resort.

THE LOOKOUT by Al Parker

The Spudders have made their final invasion of south Texas for 1933, and it might be said that the last trip was not too successful.

By being his final two starts Wheeler the Ripper has lost his opportunity to win five games, unless he should hit a double or a home run.

Mike Kircher, the southpaw who beat the Spudders Sunday, has been hitting better than he has all season.

When the Spudders return home to finish with a series each with Fort Worth, Beaumont and San Antonio.

Denver Grigby went hitless in five of his last seven starts, facing a southpaw hurler through part of the game.

The Spudders will present a stranger front when the team returns Tuesday, with Buddy Tanner and Ed Williams, gets back this year.

SIKI WANTS TAKE ON JACK FIRPO AND DEMPSEY BOUT

NEW YORK, Sept. 3.—An unobtrusive Siki, a look of childlike innocence on his misanthropic face, looked himself at the end of a line of 2500 passengers on the Esplanade in New York.

After grinning and expressing his thanks through an interpreter, Siki seemed to think the fight (thing) was a good one.

He seems a muscular, strong fellow, of extreme toughness. His shoulders are broad and massive and his torso tapers down.

Picture frames, all kinds and prices, and decorative 55c. 100c. street—Adv.

With a wad of chewing gum stuck away in his mouth, he calmly gazed through his daily stance.

Three bouts that promise the fans good scraps are listed on the American Legion fight card Monday night at the hall park arena.

Fletcher Lays Poor Showing of Phillies to Faulty Fielding on The Left Side of His Infield

PHILADELPHIA, Sept. 3.—Fletcher aren't hitting home runs. There is a fine morale around the camp, but you'll see the Phillies to rebuild a ball club.

From the low position of the Phillies, one gets a picture of a disorganized, classified collection of ball players. But quite the contrary is the condition in Art Fletcher's camp.

The main difficulty with the Phillies, in Fletcher's opinion, has not been weak pitching as has been reported by the judges of the press box.

Up until this season these four had never played together before. "We may look bad where we are," remarked Fletcher.

"Not exaggerating, I know of at least 15 games that were lost through faulty fielding around the left side of the infield—games, let me tell you, that we had won and were lost by a sliding stop.

"What better illustration would you want than the home run scored being made by Cy Williams? When players are quaking and loafing

BOYD DUNCAN

DUDEE BELIEVES HE WILL CAPTURE LEONARD'S TITLE

ORANGE, N. J., Sept. 3.—Johnnie Dundee is working harder at his training now than he ever worked before.

Not even the licks he put in when he was getting ready for Crigoli equalled the work he is now doing in preparation for his bout with Benny Leonard.

He knows that Leonard, despite the fact that he is now doing the shape of his career when he met Leonard.

With a wad of chewing gum stuck away in his mouth, he calmly gazed through his daily stance.

U. S. VESSELS IN ASIATIC WATERS AT JAP SERVICE

ARE RENDERED TO JAPANESE ADMIRALTY FOR RELIEF WORK.

WASHINGTON WITHOUT DETAILED INFORMATION

Relief Plans Are Discussed by Government and Red Cross Officials.

WASHINGTON, Sept. 2.—Although still without detailed information regarding the disaster in Tokyo and Yokohama, the American government is using every means at its disposal today to aid in the work of relief.

Admiral Anderson, commanding the American fleet in Asiatic waters, reported that he had placed all his ships at the service of the Japanese admiralty for such use as it desired to make of them in the work of relief.

Admiral Anderson, commanding the American fleet in Asiatic waters, reported that he had placed all his ships at the service of the Japanese admiralty for such use as it desired to make of them in the work of relief.

Although more than 700 full days have elapsed since the earthquake spent its force on the Japanese capital, not a word has reached the state department from the American embassy.

Acting Secretary Phillips of the state department said today that several more comprehensive relief plans were being held for final decision until the department was able to estimate the actual needs of the Japanese government.

As a preliminary to a more definite program of relief, President Coolidge today directed that not only the state department, but the war department and shipping board do what they could to help in relief work.

It was indicated that some shipping board vessels might be diverted from their regular routes to carry supplies to the sufferers and to serve as receiving ships for refugees.

The department called Consul Johnson after exhausting every effort to communicate directly with its representatives in Japan.

Texas Paid to U. S. Government

Total of \$34,634,081.93 in Taxes For Fiscal Year Ending June 30

WASHINGTON, Sept. 2.—Citizens of Texas paid into the United States treasury, according to a statement made public today by Commissioner of Internal Revenue Blair, a total of \$34,634,081.93 in taxes for the fiscal year ending June 30, 1923.

The receipts from the first revenue district collector's office at Austin were \$11,123,044.54, a decrease of \$2,282,000 compared with the previous fiscal year.

North Carolina topped all other southern states in having contributed \$14,655,000, \$11,123,738.76 being from income and profits taxes, and \$3,531,261.24 from other taxes.

For other southern states figures are as follows: Virginia, \$10,000,000; Georgia, \$10,450,000; Kentucky, \$5,250,000; Louisiana, \$11,450,000; Oklahoma, \$11,000,000; Mississippi, \$12,700,000; South Carolina, \$6,000,000; Arkansas, \$5,700,000; Tennessee, \$15,000,000.

Although more than 700 full days have elapsed since the earthquake spent its force on the Japanese capital, not a word has reached the state department from the American embassy.

Acting Secretary Phillips of the state department said today that several more comprehensive relief plans were being held for final decision until the department was able to estimate the actual needs of the Japanese government.

As a preliminary to a more definite program of relief, President Coolidge today directed that not only the state department, but the war department and shipping board do what they could to help in relief work.

It was indicated that some shipping board vessels might be diverted from their regular routes to carry supplies to the sufferers and to serve as receiving ships for refugees.

FOURTH GENERAL ASSEMBLY LEAGUE OF NATIONS MEETS

Geneva, Sept. 2.—The fourth general assembly of the League of Nations was opened here today.

There was no formal session of the assembly today, but the delegates in the ante-rooms expressed themselves as hopeful that a road would be found leading to a solution of the conflict and to the league's relations to it were concerned.

The session was marked by an impressive expression of sympathy for Japan from the 51 nations represented who joined in a solemn resolution voting the world's confidence over the terrible disaster afflicting the Japanese nation.

Mr. Lewis expressed his hope that the American public has given its full approval to the idea.

Organized labor stands in favor of peace in industry, he continued. "Labor desires that peace which comes with honor and through the application of the principles of fair play and justice."

Labor will do its part to establish and maintain that kind of peace. Let us all remember here and now the hope that this wish may be fulfilled and that next year may see the most cordial relations established and maintained between employer and employee so that next Labor Day may come with a cloudless industrial sky.

Although more than 700 full days have elapsed since the earthquake spent its force on the Japanese capital, not a word has reached the state department from the American embassy.

Acting Secretary Phillips of the state department said today that several more comprehensive relief plans were being held for final decision until the department was able to estimate the actual needs of the Japanese government.

REQUIRES \$1.65 TO BUY AS MUCH AS PRE-WAR \$1.00

MARKETS

Port Worth Live Stock.—Cattle: Receipts 1,500; beefs 1,000; stockers 1,500; calves 1,000. Hogs: Receipts 1,500; heavy 1,000; light 1,000. Sheep: Receipts 1,500; heavy 1,000; light 1,000.

NEW HAVEN, Conn., Sept. 2.—The purchasing power of the dollar remained practically stationary during the week, prices averaging 118 per cent of the pre-war level, and the purchasing power of the dollar being 164 per cent of the pre-war average.

AMERICAN DELEGATES OUTLINE PROGRAM AT MEETING IN BRUSSELS

BRUSSELS, Sept. 2.—The program which the American delegates will present to the fourth congress of the International Federation of War Veterans, now in session here, was made public today.

First—Support of the international court of justice.

Second—Codification of international law.

Third—Education in the United States of a certain number of British, French, Italian and other youths of the allied nations, and reciprocal advantages for American youths.

Fourth—The program includes the recommendation that the world court be provided with the physical power of compelling governments to appear before it or of having its judgments executed when pronounced.

Alvin M. Owen, national commander of the American Legion, has decided to make no statement on conditions in the Ruhr until he returns to the United States.

Weather Cooler Following Rain-Fall Last Week

Following the rains of several days ago, the weather has been cool, a slight breeze blew Monday and the mercury remained well below the century mark.

GREEK AND ITALIAN WORKERS URGED TO REFUSE TO FIGHT

MINNEAPOLIS, Sept. 2.—Resolutions adopted at a labor picnic here today urged Greek and Italian workers to refuse to fight in the event of a war between those countries.

If there should be another conflict, the resolutions said, President Coolidge should see that no arms or ammunition are shipped from this country.

A second resolution demanded a special session of congress to save American farmers from impending disaster, which, it added, was the result of "palmed and uncertain policy of the present administration."

Chicago Grain.—No live stock grain market today; holiday.

Violators of Parking Rules Pay Cheerfully

"I fought for this ordinance and have tried to get it passed for several years but I am guilty this time," said one of the first violators of the overtime parking ordinance.

One of the men charged with drunkenness was transferred to the federal court for having liquor in his possession at the time he was arrested in the residence section.

Weather Cooler Following Rain-Fall Last Week

Following the rains of several days ago, the weather has been cool, a slight breeze blew Monday and the mercury remained well below the century mark.

CREDENTIALS PRESENTED RESTORING RELATIONS

WASHINGTON, Sept. 2.—Manuel Tello, charge d'affaires of the Mexican embassy here, presented his credentials to Acting Secretary Phillips today, thus finally restoring full international relations between the two governments.

At the same time George T. Humphreys, charge of the American embassy in Mexico City, presented his credentials to the Mexican foreign office.

MINERAL WELLS, Texas, Sept. 2.—Nine model luncheons were held here at noon today presided over by visiting delegations to the sixth annual convention of the Texas-Oklahoma-Kansas Clubs.

WILLIAMS IS PRESIDENT BANKERS' ASSOCIATION

SHERMAN, Texas, Sept. 2.—Tom Williams of Bonham was elected president, succeeding Barlow Roberts of Sherman, and J. B. May of Bayou and D. E. Blackburn of Denison, vice president, and C. D. Terry, Sherman, secretary of the 10th District State Bankers' Association meeting here today.

SHERMAN MAN SHOT WHILE PLACING PISTOL IN DRAWER OF DESK

SHERMAN, Texas, Sept. 2.—T. M. Buford, Jr., was seriously wounded this morning when a pistol he was placing in a desk drawer was accidentally discharged.

RIDER ARRIVES AT DENVER AND DELIVERS MESSAGE

DENVER, Colo., Sept. 2.—Verne Z. Reed Jr., riding "Billy Mac," a thorough bred pony, arrived at the Denver relay station of the pony express at 4:45 o'clock this morning.

PRISONERS EXPECTED TO ISSUE PROCLAMATION

WASHINGTON, Sept. 2.—A proclamation calling for national expression of sympathy for the Japanese people in their distress, will be issued within the next few hours by President Coolidge.

WILLIAMS IS PRESIDENT BANKERS' ASSOCIATION

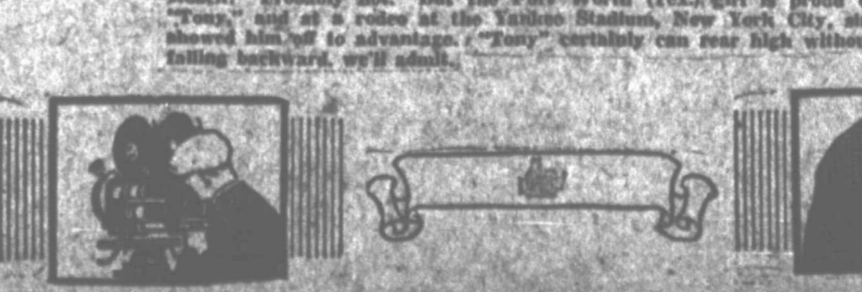

CAMERAGRAMS

WHEN EAST AND WEST MEET at the Atlantic City Beauty Pageant early in September we will see which beauty of the most beautiful girls here is Princess Miura of Japan, who journeyed from the land of cherry blossoms and will compete against the best America has to offer.

WOULD YOU SMILE were you in the same position as Miss Ruth Smith? Probably not. But the Fort Worth (Tex.) girl is proud of "Tony" and at a review at the Yallahs Stadium, New York City, she showed him off to advantage. "Tony" certainly can rear high without falling backward, you'll admit.

SWIMMING is Miss Edith Reed's greatest accomplishment. She is understood to have been asked in what way the American nation could best cooperate to alleviate suffering in and about the Japanese capital.

CHILICOTHE GETS FIRST BALE COTTON 23.00 PRICE PAID

PREMIUM OF 45.00 IS CONTRIB- UTED TO OWNER BY BUSI- NESS MEN.

GOOD ROADS ARE BEING BUILT SOUTH OF TOWN

Decided Improvement Also Being Made in the Condition of the Streets.

CHILICOTHE, Texas, Sept. 1-

W. Bailey, farmer living 18 miles south of the city in Farmers Valley, brought in the first bale of cotton this season Thursday. The bale weighed 55 pounds and was ginned by the F. P. Turner gin.

The price paid for the cotton was \$2.50 and was purchased by F. P. Turner. A premium of \$45.00 was donated by the merchants and business men of the city.

The first bale last year was ginned August 15, two weeks earlier, but considering the number of bales the cotton in this section, this is making a good record after all.

The cotton crop is going to be better than was expected.

Improving Road South. The community south of town is secured a good road as work has already begun. This was made possible by the citizens of the community south and the merchants and business men of Chillicothe.

Something like one hundred and fifty miles of road has been subscribed, together with \$1,000 subscribed by the business men of this city.

The road is approximately nine miles in length and it is expected to put the entire stretch in first class condition.

Passenger Officers Died. In the death of Francis Locke last Friday at the home of his son, George Locke in this city, the community loses one of its pleasant citizens.

Mr. Locke was born in Tennessee in 1857, coming to this community in 1890, he purchased a home in Farmers Valley, where he resided until his advanced age required him. He then moved to Oshkosh, where he resided until his health necessitated his coming to this city to spend his remaining years with his son.

Mr. Locke was twice married, his first wife having preceded him in death. He united with the Baptist church early in youth and lived an honest and upright christian life.

Surviving with the wife are six children. Mrs. Mattie Bullock of Oshkosh; J. M. Locke of Farmers Valley; F. M. of Hollis, Okla.; William of Mineral Wells, and George of Oshkosh, Okla.

Funeral services were conducted at the Baptist church Saturday afternoon at 2 o'clock by Rev. C. E. Williams, J. R. Barnes, W. L. Ledbetter, Garland Wickliffe, H. Cole, Misses Woods and Carabelle Taber, Ruby Creighton, Martie Wickliffe, Lucy Stephenson and Pattie Lee Craig.

Hostesses for Club. Mrs. M. R. Allenworth and Mrs. A. G. Rummel were joint hostesses to the members of the Forty-two Club, their husbands and invited guests Friday evening at the Allenworth home.

Funch was served on arriving and throughout the games. At their conclusion chicken sandwiches, pickles, loaf tea, frozen fruit ice and cake were served to the following: Mrs. J. W. Roberts, Earl McPherson, Lennie Brown, T. A. Gibbs, C. E. Carlock, H. E. Montgomery, H. A. Rankin, Carl Price, Madames Maude Ferris, Blain Williams of Vesper and W. A. Wickliffe of Chillicothe Falls, Misses Carabelle and Woods Taber, Martie Wickliffe, Lillian Biggers, Willie Smith, Lucy Stephenson, Anna Bell, Moore and Pattie Lee Craig, Messrs. Willey Pippin, Ernie Grimes, Don Wright, Olan Walte, M. R. Allenworth and A. G. Rummel.

Undersong Serenade Convention. Mrs. Cleveland Randle of Farmers Valley was taken to the Standford hospital, at Fernon, Maryland, where she submitted to a very serious operation. Her condition is

considered as very serious; however, latest reports from her bedside are that she is resting nicely.

Handed her money. Friends who visit to hear of her illness and wish for her speedy recovery, leave for Chillicothe.

Leave for Chillicothe. Messrs. Henderson, Warren Payne and Ab Shinn left Thursday for Wheeler county where they will spend a few days hunting prairie chickens.

Arrival at Friends View. Rev. C. E. Lancaster is conducting a revival meeting at the Friends View church this week. The meeting began Monday and continues to grow in interest. Large crowds are attending each service and it promises to be one of the most successful meetings held in recent years.

Chillicothe Parasites. Mrs. George East of Crowell is spending the week with her parents, Mr. and Mrs. O. H. Dodson.

Miss Peggy Craig is spending the week-end with friends in Electric.

Miss Claudia First of Martin spent Tuesday with Mr. and Mrs. Nat Wofford, she was enroute home from Canyon, where she attended Normal.

Mr. and Mrs. Guy McNeely of Electric spent Wednesday the guests of relatives and friends in Electric.

Mr. and Mrs. Chilton and Miss Annie Field have returned to their home in Fort Worth after a ten day visit with their uncle, Mr. and Mrs. John B. Hulkey and family.

Mr. and Mrs. W. Ross left Tuesday for Lamesa, where they will visit their son, Mr. and Mrs. O. V. Ross, for several weeks.

P. M. Locke has returned to his home in Hollis, Okla., after attending the funeral of his father, P. L. Locke.

Mrs. Mattie Bullock of Oshkosh was here to attend the funeral of her father, P. L. Locke.

After the funeral of Mr. and Mrs. A. G. Rummel left Monday evening for a week's vacation in Houston, Austin and other points.

Mrs. E. A. Withers has returned to her home in Wichita Falls after a pleasant visit with Mrs. A. G. Rummel.

Mrs. Bettie Harkey of Wichita Falls spent the week visiting Mrs. L. D. Hindman and other friends.

Elder A. P. Thurman spent a few days with homefolks, he will conduct a two weeks' meeting to Linguleville, where he will conduct a two weeks' meeting.

Mrs. L. R. Craig returned Tuesday from Electric, where she visited friends.

Bob Ross of Wichita Falls was the guest Sunday of his parents, Mr. and Mrs. J. W. Ross.

James Adams of the First National Bank at Wichita Falls spent Sunday with homefolks.

F. P. Wey and daughter, Mildred and Corina, have returned from a few days visit with relatives at Electric.

Funch was served on arriving and throughout the games. At their conclusion chicken sandwiches, pickles, loaf tea, frozen fruit ice and cake were served to the following: Mrs. J. W. Roberts, Earl McPherson, Lennie Brown, T. A. Gibbs, C. E. Carlock, H. E. Montgomery, H. A. Rankin, Carl Price, Madames Maude Ferris, Blain Williams of Vesper and W. A. Wickliffe of Chillicothe Falls, Misses Carabelle and Woods Taber, Martie Wickliffe, Lillian Biggers, Willie Smith, Lucy Stephenson, Anna Bell, Moore and Pattie Lee Craig, Messrs. Willey Pippin, Ernie Grimes, Don Wright, Olan Walte, M. R. Allenworth and A. G. Rummel.

J. G. Jones, Who Died Suddenly in New York Saturday, was Pioneer Citizen of Wichita Falls and a Railroad Builder

The body of J. G. Jones, aged 67, who died in a New York sanitarium Saturday after he had been suddenly taken ill, is being brought to this city for burial, although funeral arrangements have not yet been made.

Mr. Jones was one of the foremost citizens of Wichita Falls. He was born in Wales, and came to the United States in the 1870's, coming directly to this city. He had made his home here since that time, with the exception of a year or so spent in 3 mining ventures in Colorado.

During his stay here, Mr. Jones made his residence in the St. James Hotel on Seventh Street, going there soon after the building was completed.

Mr. Jones may be remembered by old residents of this city as first having been connected with the Wichita Valley Mill and Elevator Company, now the Wichita Mill and Elevator Company. He served as manager of the elevator, in the employ of his cousin, Morgan Jones of Abilene, who was the owner of the company.

At that time, J. G. Jones was also office manager of the Morgan Jones Construction Company. While a construction engineer, Mr. Jones supervised the building of the west extension of the Fort Worth and Denver City Railroad, and later the Santa Fe Railroad from Fort Worth to Perkiok, Oklahoma.

After leaving Colorado in 1897, Mr. Jones again went into the grain business, and organized the Jones Grain Company, remaining at head of the business until two years ago, when he sold out and retired from active business life.

"He is one of the highest grade men this ever lived here," Frank Kell said Monday. "I have been acquainted with him for 25 years and he has been one of Wichita Falls' best citizens."

Mr. Jones was on route to England to visit his sister, and was all the while waiting the sailing of his ship at the time he was stricken and was removed to the hospital there.

For several weeks he had been in poor health, himself realizing the seriousness of his condition. He was making the trip to England, not only to visit his old home and to see his kinfolk, but in the expectation also that the change would benefit his health.

CONSTITABLE AND DEPUTES PLACE SCORE IN JAIL

Constable Frank Morgan and his deputies made 23 arrests Saturday night and Sunday, which is a high water mark for the department over a week-end.

Charges of vagrancy, drunkenness and gaming were placed against them Monday morning and a number of them entered pleas of guilty. Several were released Monday morning after perfecting bond.

During the raids over the week-end a quantity of shotguns, beer and whiskey were also confiscated by the officers. All the deputies remained at work throughout the night; Saturday and made several arrests for gaming just before sunrise Sunday morning.
