PUBLIC JUST EXPECTING MARKET

CULMINATION OF SEASON BRINGS BACK TO JAPANESE DISAFFECTION

The American already benefiting from the return to a prominent position are often reported to be showing public is showing the stock market has expanded the market to find relief higher stock prices.

The Japanese demonstrated that strong technical in the stock market, particularly silk-copper.

By Universal Service LONDON, Sept. 14.—The market has been buoyant since the early part of the year. This was largely that monetary of the peace treaty.

PUBLIC JUSTIFIED EXPECTING GREATER MARKET ACTIVITY

CULMINATION OF VACATION SEASON BRINGS MANY BACK TO STREET. JAPANESE DISASTER HAS AFFECTED THE MARKET

Leading Producers Less Pessimistic Regarding Outlook For Oil Industry. By BROADAN WALL. NEW YORK, Sept. 15.—With the culmination of the vacation season and the return to the street of prominent business men and bankers one would be justified in expecting increased activity in the stock market beginning this week.

Economic conditions govern the rise and fall of quoted prices for securities but it is a fact that the big bankers and corporation heads are often responsible for much of the activity in stocks. The stock market the last week by reason of its firmness in the face of the Japanese catastrophe has demonstrated that it is in such a strong technical position because of recent liquidation that it is practically unshakable.

While there is little speculation going on in the stock market, big gamblers are extremely busy in cotton. The American silk industry is already benefiting from the destruction of about 4,000 bales of silk at Yokohama. This supply of silk represented surplus stocks. Prices have been advancing because the destruction covers the entire supply of the visible supply of raw silk of the world.

Orders placed by the Japanese have been light, but are expected to increase. Transportation shares show indications of future activity and strength because of the record-breaking volume of loaded cars being hauled and accumulation of shares by important people.

With more than a month's earnings in their treasuries all indications are for a prosperous year for the common stock of the country. Leading oil producers are less pessimistic regarding the outlook for that direction. Further reductions in dividends by some companies are looked for. While prices for oil shares are believed to have discounted the worst, publication early next year of unfavorable earnings for the last half of 1932 are likely to cause further liquidation.

By Universal Service special cable. LONDON, Sept. 15.—The earthquake catastrophe in Japan and the imminence of the renewal of war in Europe were elements not likely to create a favorable atmosphere for the expansion of business in the stock market, but it must be recognized that the repercussions were hardly commensurate with the vastness of the issues. This was largely due to the fact that monetary conditions in Great Britain are fairly comfortable and that it is the off season for speculators who do not play the important part that they did before the war.

Most transactions now are genuine buying and selling. The factor which caused the most uneasiness during the greater part of the week was the weakness of American exchange which threatened at one time to cause a rise in the bank rate. When, however, this did not happen and the dollar improved, together with Canadian and Brazilian currencies, even the German mark took heart and halved its rate by the end of the week. It is not surprising on the whole that the market tended towards irregularity, but by the end of the week there was generally a better tone, though the city was still filled with the ground for optimism for future peace and security was very small, when a great power threatens to disown its signature and the peace treaty in a fit of temper. The markets, however, already are talking of the likelihood of a great reconstruction loan to Japan in the near future, together with a number of important new colonial issues early in the autumn. This has caused gilt edges to give way. Victory bonds late in the week being sold somewhat freely that the iron, steel and coal showed strength. Tobacco and textiles improved and teas favored the holders generally. Mexican issues were benefited by American recognition and Japanese securities have begun to recover.

Woman Destroys Fiery Cross and Routs Klan Party

CORPUS CHRISTI, Texas, Sept. 15.—A lone woman, mourning the death of her husband, stood solitary and defiant watch over his grave, hurling a wordless challenge to members of the Ku Klux Klan to repeat the efforts to place a fiery cross on the grave, after she had frustrated their first effort, and had put to rout six robed and masked men. This is the story that was received here from Sinton, 30 miles from this city.

Witnesses of the incident say that immediately after the body of Orville Jenkins, of Sinton, had been placed at rest, and before the crowd had dispersed, six men in full Klan regalia, dashed up to a closed car, and without a word, placed a floral fiery cross on the grave. Mrs. Jenkins, the story relates, obtained from reliable authority, a list of the names of the three men, scratching them with her finger nails. J. D. Caddell, her father, came to her aid. The klansmen fled and until dark had descended did Mrs. Jenkins quit her lonely vigil at the newly made grave.

UNDERWOOD WILL NOT BE HERE FOR FAIR THIS FALL

EXPRESS DEEPEST REGRET FOR BEING UNABLE TO ACCEPT.

THREE MONTHS TRIP PREVIOUSLY OUTLINED

Probability That Candidate For Presidential Nomination Will Come Later.

Senator Oscar W. Underwood, candidate for the Democratic nomination for president, will be unable to attend the Texas-Oklahoma Fair this fall and address a public gathering as had been anticipated.

In a letter to W. W. Silk, president of the Underwood for President Club, organized two weeks ago, the senator expressed regret for being unable to accept the kind invitation proffered him by the citizens of Wichita county.

A three months' trip which will take the senator throughout the northwestern part of the United States and the Pacific coast had been previously outlined, which accounts for his inability to be here during the fair.

Upon receipt of the letter, Mr. Silk offered Mr. Underwood a definite date, but the senator replied that this would also be impossible for him to accept.

It is probable that upon completion of the trip through the northwestern part of the United States Senator Underwood will come to this city, but this will be late in the winter. The local committee, however, will attempt to have him come here at that time.

Plans were afoot to have the senator speak at the annual convention of county judges and county commissioners, which will be held in this city during the Texas-Oklahoma Fair. Judge H. D. Bartley, who is in charge of the program arrangements, set the date of October 5, at which time the annual banquet of the organization will be given.

It is understood that the date of October 5 was offered Senator Underwood but he replied that his outlined trip would begin prior to that time and that it would be impossible to accept.

The senator was extremely sorry, as was expressed in his letter, to be unable to accept the invitation and stated that if it were at all possible that he would be most willing to cancel several engagements and the outlined trip in order to come to Wichita Falls, but added that this was an impossibility. He stated that after this tour was completed he would be delighted to accept an invitation to come here.

MYRTLE STILES CASE TO BE TRIED AT ROBY

ROBY, Texas, Sept. 15.—The grand jury for the present term adjourned Friday afternoon until Wednesday of next week. They reported 30 true bills, 16 felonies and 14 misdemeanor.

The first week of the court was taken up in trying non-jury and minor jury civil and criminal cases. The next two weeks will get the more important cases.

The Myrtle Stiles case from Kent county, which has been tried here several times, comes up Monday of the third week and the J. W. Forester murder case Thursday of the third week.

The greater number of the criminal bills returned last week were liquor and chow beer cases and included quite a number of the sons of Ham.

Olympic to Open At Twelve During 'Hollywood' Stay

The Olympic theatre announces a change in its schedule of shows during the engagement of "Hollywood." Owing to the bigness of the production the theatre will open at 12 o'clock instead of the regular hour of 1 p. m.

This change will make show start at 12, 1, 4, 8, and 10 p. m. Making a performance start at 2 o'clock throws one at the most desired hour for the majority of those attending evening shows.

"Hollywood" is declared to be one of the classic pieces of entertainment that has reached the screen in some time and its engagement here has been awaited by everyone who has read of its merits. The Olympic management is expecting a record attendance during its three days' run and urges all who can to attend the matinee shows.

WATER DEPARTMENT RESUMES PUMPING AT DIVERSION DAM

Pumping of water by the city from this diversion dam was resumed Monday morning, according to word received from there; it is expected that the change in transformers will be completed and work will start with both pumps before the end of the week. Pumping with one of the 10,000,000 gallon pumps was started last Tuesday afternoon to test out the pumps and lines. The work was stopped later in the afternoon to make some additional changes in the line.

S. L. Williams, superintendent of the water department, said Monday morning that the water had traveled between six and seven miles of the thirty mile distance in the irrigation canal and that pumping would begin again Monday morning after being slowed down all day Sunday. It is estimated that it will be at least another week before any water reaches the city.

IRELAND UNANIMOUSLY ELECTED TO MEMBERSHIP IN LEAGUE OF NATIONS

GENEVA, Sept. 15.—Ireland was unanimously elected to membership in the League of Nations by the assembly today.

The report of the subcommittee which recommended the entrance of Ireland was read by former Premier Melvyns of Latvia. He paid high tribute to "the noble Irish nation" and likewise to England, "which had never remained deaf," he said, "to the aspirations of the Irish people for liberty."

The roll of the states was called and the election of Ireland was unanimous. Announcement of the result was followed by prolonged applause and many of the delegates and spectators rose to extend greetings to the newest member of the league.

President Torriente extended a warm greeting to the Irish. Free State in the name of the assembly and the Irish delegation was invited to enter the hall.

The applause broke out again and amid an impressive demonstration President Cosgrave ascended the rostrum and began the salutary address.

Toombs-Cummings Wedding Will Be Solemnized at Noon Tuesday

BRIEFS AND NOTICES

The marriage of Robert Toombs of Springfield, Ill., and Miss Jewel Cummings, daughter of Mr. and Mrs. R. Y. Cummings of 1817 Elizabeth, will be solemnized at noon Tuesday at the Church of the Good Shepherd.

Announcement of the engagement was made some weeks ago by Mr. and Mrs. Cummings, and the bride-elect, a fair, complimentary and well-known, attractive and popular member of a prominent family here.

Mr. and Mrs. R. Y. Toombs of Fort Worth, parents of the groom, and Miss Sue Lewis of Gonzales arrived Monday afternoon for the wedding. Mr. Toombs has been in the city several days.

Immediately following the nuptial ceremony Mr. and Mrs. Toombs will leave on a wedding trip to St. Louis, Chicago, Macineas and other points. The bride will be accompanied by her mother and her other points.

LARGE CROWDS ATTEND LUTHERAN SERVICE AT LABOR TEMPLE SUNDAY

The St. Paul's Lutheran congregation had special Mission Festival services at the Labor Temple Sunday, with members of the conference convening here, as guests.

The Rev. A. Birnbaum of Vernon delivered a powerful sermon in the morning hour, on the duty of church members towards doing mission work here and in foreign fields.

Over seven hundred were comfortably seated without using the side benches. Luncheon was served in cafeteria style by the ladies of the congregation in the basement.

The Rev. J. H. C. Steek of Canyon occupied the pulpit for the afternoon service, preaching to a full house on the subject "The Necessity of Gospel Preaching." The Rev. Mr. Steek said:

"As necessary as it was for gospel preaching because of the wickedness at the time of the deluge; as necessary as it was for Jesus to cry out over the wickedness of the city of Nineveh, so also gospel preaching is necessary in our present day, for we would deny that the sins of our cities, the sins of immorality, murder, and other crimes are not calling aloud to the heavens, demanding vengeance, which we find atoned for in the blood of Christ. Though all men and preachers should become mute in speaking of the Grace of Christ, yet the gospel would be preached. We find for example when at the dreadful time of our Lord's crucifixion all men remained silent, the elements rebelled, the earth quaked, rocks were rent and the sun refused to shine—so effective was this testimony of nature that the heathen centurion at the cross exclaimed: 'Verily this was a righteous man and the Son of God.'"

The conference discussed ways and means of collecting the five million dollars which was appropriated by the General Synod last summer in Fort Wayne, Ind. Over three million dollars of this appropriation was set aside for a new theological seminary in St. Louis and other colleges, including a Lutheran college to be built in Texas, in the near future.

A site has as yet not been picked for the Lutheran college in Texas, but active work is expected to begin in the near future.

The conference will close Monday afternoon. The next conference will meet in Vernon.

Letter From Leslie Prescott to Alice Hamilton, Continued

When I reached the part of my letter where I was telling you about my Eden, Alice dear, Jack came some and asked me to take him for a drive in my new car. It is a very lovely one and I am very proud of it, but more than all the rest I am proud of the fact that I am able to drive again without being at all nervous.

Mother tells me that Karl has brought you a string of real pearls. She asked me about it, dear, and I told her to let him buy them for you if he wanted to, because I know that he looked upon you just as his little sister and of course we both know he has so much money he doesn't care what to do with it. Sometimes it is more graceful to accept a gift than to refuse it.

But you? you don't look at pearls when you have imitations that look as well as these lovely ones of mine.

I do wish you would try and get me another string of them and also I wish you wouldn't be so mysterious about where you got them. I would like to give some to Beatrice Grimshaw for a wedding present. You remember I wrote you that I thought I would divide this string with her since it is such a long one. I decided not to. To tell the truth, I have grown so fond of them that I rather hated to do it anyway.

So you think Betty Stokley is going to fall in love with an Englishman, do you? Don't you do it, my dear, for when it comes time for you to get married there is no man who is worthy of an American girl but an American.

Italians and French and Serbians, they tell me, make great lovers. I wasn't allowed to find out when I was in Paris.

When are you going back to London? Honestly, Alice, I think your suitor over to Paris, you and Betty, with only Karl for an observer, is exceedingly flippish. I can't understand how Mrs. Stokley could let you do this. Now don't be angry for I haven't told mother what I thought of it at all and I don't think she would have let you have the pearls if I hadn't said I thought it was all right for you to accept them.

You say, Alice dear, that you

Jewish New Year Observance to Begin Monday

Observance of the Jewish new year, Rosh Hoshannah, meaning the beginning of a new year, will begin at 6:00 o'clock Monday evening and continue until 6:00 o'clock Tuesday evening at the orthodox Jewish synagogue in the city at 8:00 o'clock Monday evening. Dr. H. J. Bittinger, a professor of the State University at Austin, will conduct the services at Temple Israel, while Rabbi A. Rabinowitz will conduct the services at the orthodox Jewish synagogue.

All the stores in the city operated and owned by Jews will be closed all day Tuesday in observance of one of the two main holidays observed by them. The second day of universal observance is the day of atonement, which falls on September 21, this year.

Services will also be held Tuesday morning at 8:00 o'clock and again Tuesday afternoon.

AN APPEAL FOR THE BOYS AND GIRLS

Look back to the days when you went to school, picture in your mind what you would have given for one of these handsome Ranger Bicycles. Scores of ambitious boys and girls are working to earn one by gathering subscriptions to the Daily and Sunday Times. You can gratify their desire, fulfill their fondest wishes by rewarding them with an order for the times.

Most of Them Want The Bicycle to Ride to School

In subscribing for The Times you get the best newspaper for your money. Have your evening and Sunday newspaper delivered to your home, and help your little friend get a Ranger Bicycle.

For Particulars Call or Phone The Bicycle Manager

If you are not now a regular subscriber to The Daily and Sunday Times and would like to assist some boy or girl to win one of these \$65.00 Rangers, telephone 4391 and ask for the Bicycle Campaign Manager. He will give you a list of the workers and you can select one who will call on you and take your subscription. One of these bicycles will be given to every boy or girl who turns in thirty-five new six months' subscriptions to The Daily and Sunday Times.

Mail Subscriptions will Count

Six-Months Subscriptions by mail at the regular rate of \$2.75, payable in advance, count just the same as subscriptions by carrier. You send us the order and we will send a statement to the subscriber direct. So if you live where the Times is not delivered by carrier you have the same opportunity to earn a Ranger Bicycle as a boy or girl living in the city. So get you a subscription order book and get started today.

Conditions of the Offer

Subscriptions must be secured for six months and turned into the Times office for verification between now and Sept. 23rd.

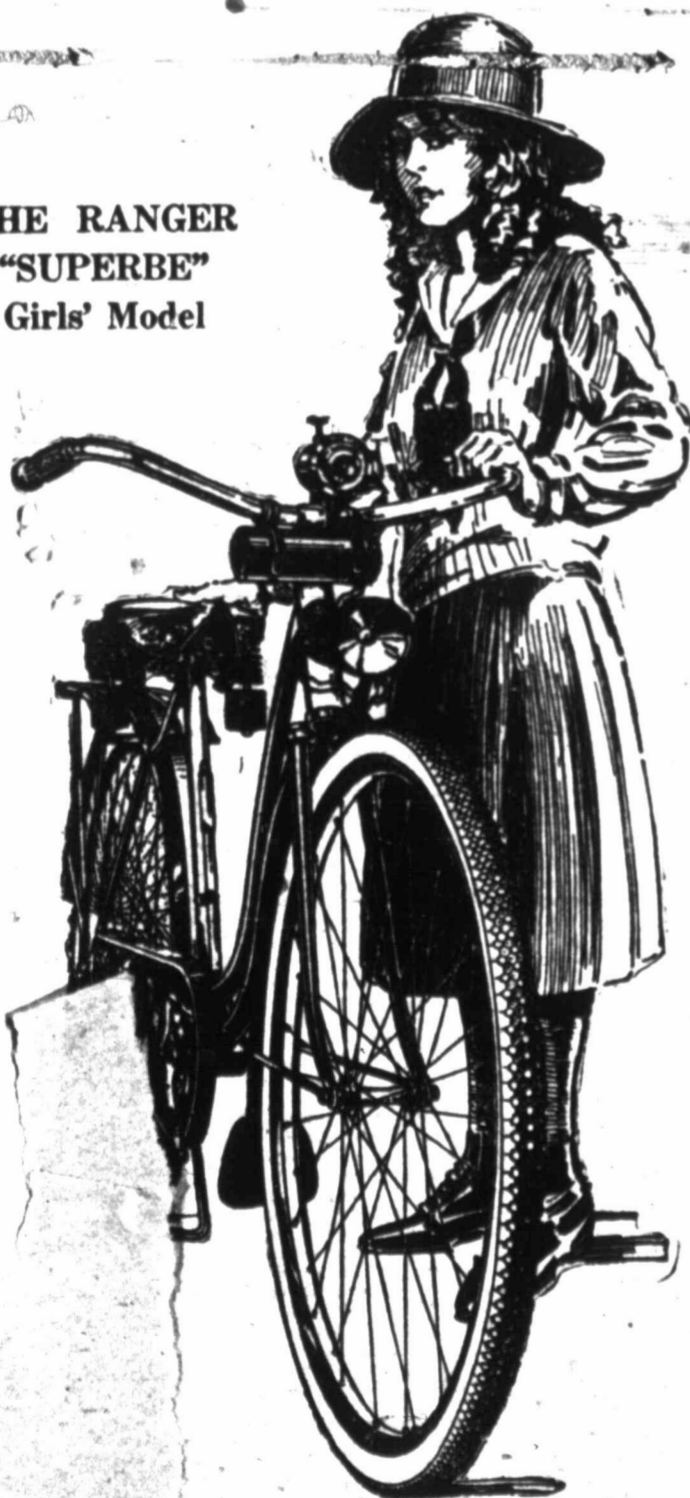

Those from whom subscriptions may be taken are all those people who are not now having The Times delivered to their homes by an authorized Times carrier and have not had The Times so delivered for thirty days preceding the date on which order is secured.

Mail subscriptions will be accepted at the regular mail subscription rates with the understanding that the subscriber is to remit for the full six months upon receiving a statement for same from The Times Publishing Co. These mail subscriptions will not be considered as verified until this payment has been made.

Each winner will be presented with a "RANGER" Bicycle immediately after verification of the 35 subscriptions. The Mead Cycle Co. will ship the bicycle by prepaid express direct from the factory in Chicago, guaranteeing safe delivery in perfect condition. Every "RANGER" is guaranteed for five years and carries insurance for six months' repair of accidental damages. A Postal to Mead Cycle Co., Chicago, will bring you the "Ranger" catalog with full details of each model.

Quaker Puffed Wheat is whole wheat puffed to airy globules, 8 times normal size. Each airy, flaky, flavory grain becomes a food confection.

It is made by Professor Anderson's process. Over 125 million steam explosions are caused in every kernel. Thus the food cells are broken for easy digestion. The elements are fitted to feed.

Every night feed children minerals, vitamins, bran

Quaker Puffed Wheat in milk is the greatest dish mothers ever served. It means whole wheat and whole milk in their most enticing form.

Wheat supplies 12 minerals which growing children must have. Also the bran they need. Milk is rich in vitamins. These are elements you want your children to get daily and in plenty. Then make them tempting in this fascinating dish.

Airy, flaky, nut-like puffs

Quaker Puffed Rice is a food confection. No breakfast dainty ever served compares with its delights.

Serve with cream and sugar. Mix in every dish of fruit. Crisp and douse with melted butter for hungry children afterwards.

Nothing is so good for people as these whole grains puffed.

CHANGING

The bottom of the Atlantic ocean, 300 miles from the southern tip of Africa, slowly bulges up to make a mountain two miles high under the sea.

This upheaval is gigantic to us, but it's mild compared with the huge size of the earth. It might very easily have taken place on land instead of beneath the waves, and given a large section of our country a terrific shaking. We live in uncertainty, figuratively on thin ice. But we plot and plan as if nothing could touch us and we were here on earth for all eternity instead of only a few, more or less, billions.

AN APPEAL FOR THE BOYS AND GIRLS

Look back to the days when you went to school, picture in your mind what you would have given for one of these handsome Ranger Bicycles. Scores of ambitious boys and girls are working to earn one by gathering subscriptions to the Daily and Sunday Times. You can gratify their desire, fulfill their fondest wishes by rewarding them with an order for the times.

Most of Them Want The Bicycle to Ride to School

In subscribing for The Times you get the best newspaper for your money. Have your evening and Sunday newspaper delivered to your home, and help your little friend get a Ranger Bicycle.

For Particulars Call or Phone The Bicycle Manager

If you are not now a regular subscriber to The Daily and Sunday Times and would like to assist some boy or girl to win one of these \$65.00 Rangers, telephone 4391 and ask for the Bicycle Campaign Manager. He will give you a list of the workers and you can select one who will call on you and take your subscription. One of these bicycles will be given to every boy or girl who turns in thirty-five new six months' subscriptions to The Daily and Sunday Times.

Mail Subscriptions will Count

Six-Months Subscriptions by mail at the regular rate of \$2.75, payable in advance, count just the same as subscriptions by carrier. You send us the order and we will send a statement to the subscriber direct. So if you live where the Times is not delivered by carrier you have the same opportunity to earn a Ranger Bicycle as a boy or girl living in the city. So get you a subscription order book and get started today.

Conditions of the Offer

Subscriptions must be secured for six months and turned into the Times office for verification between now and Sept. 23rd.

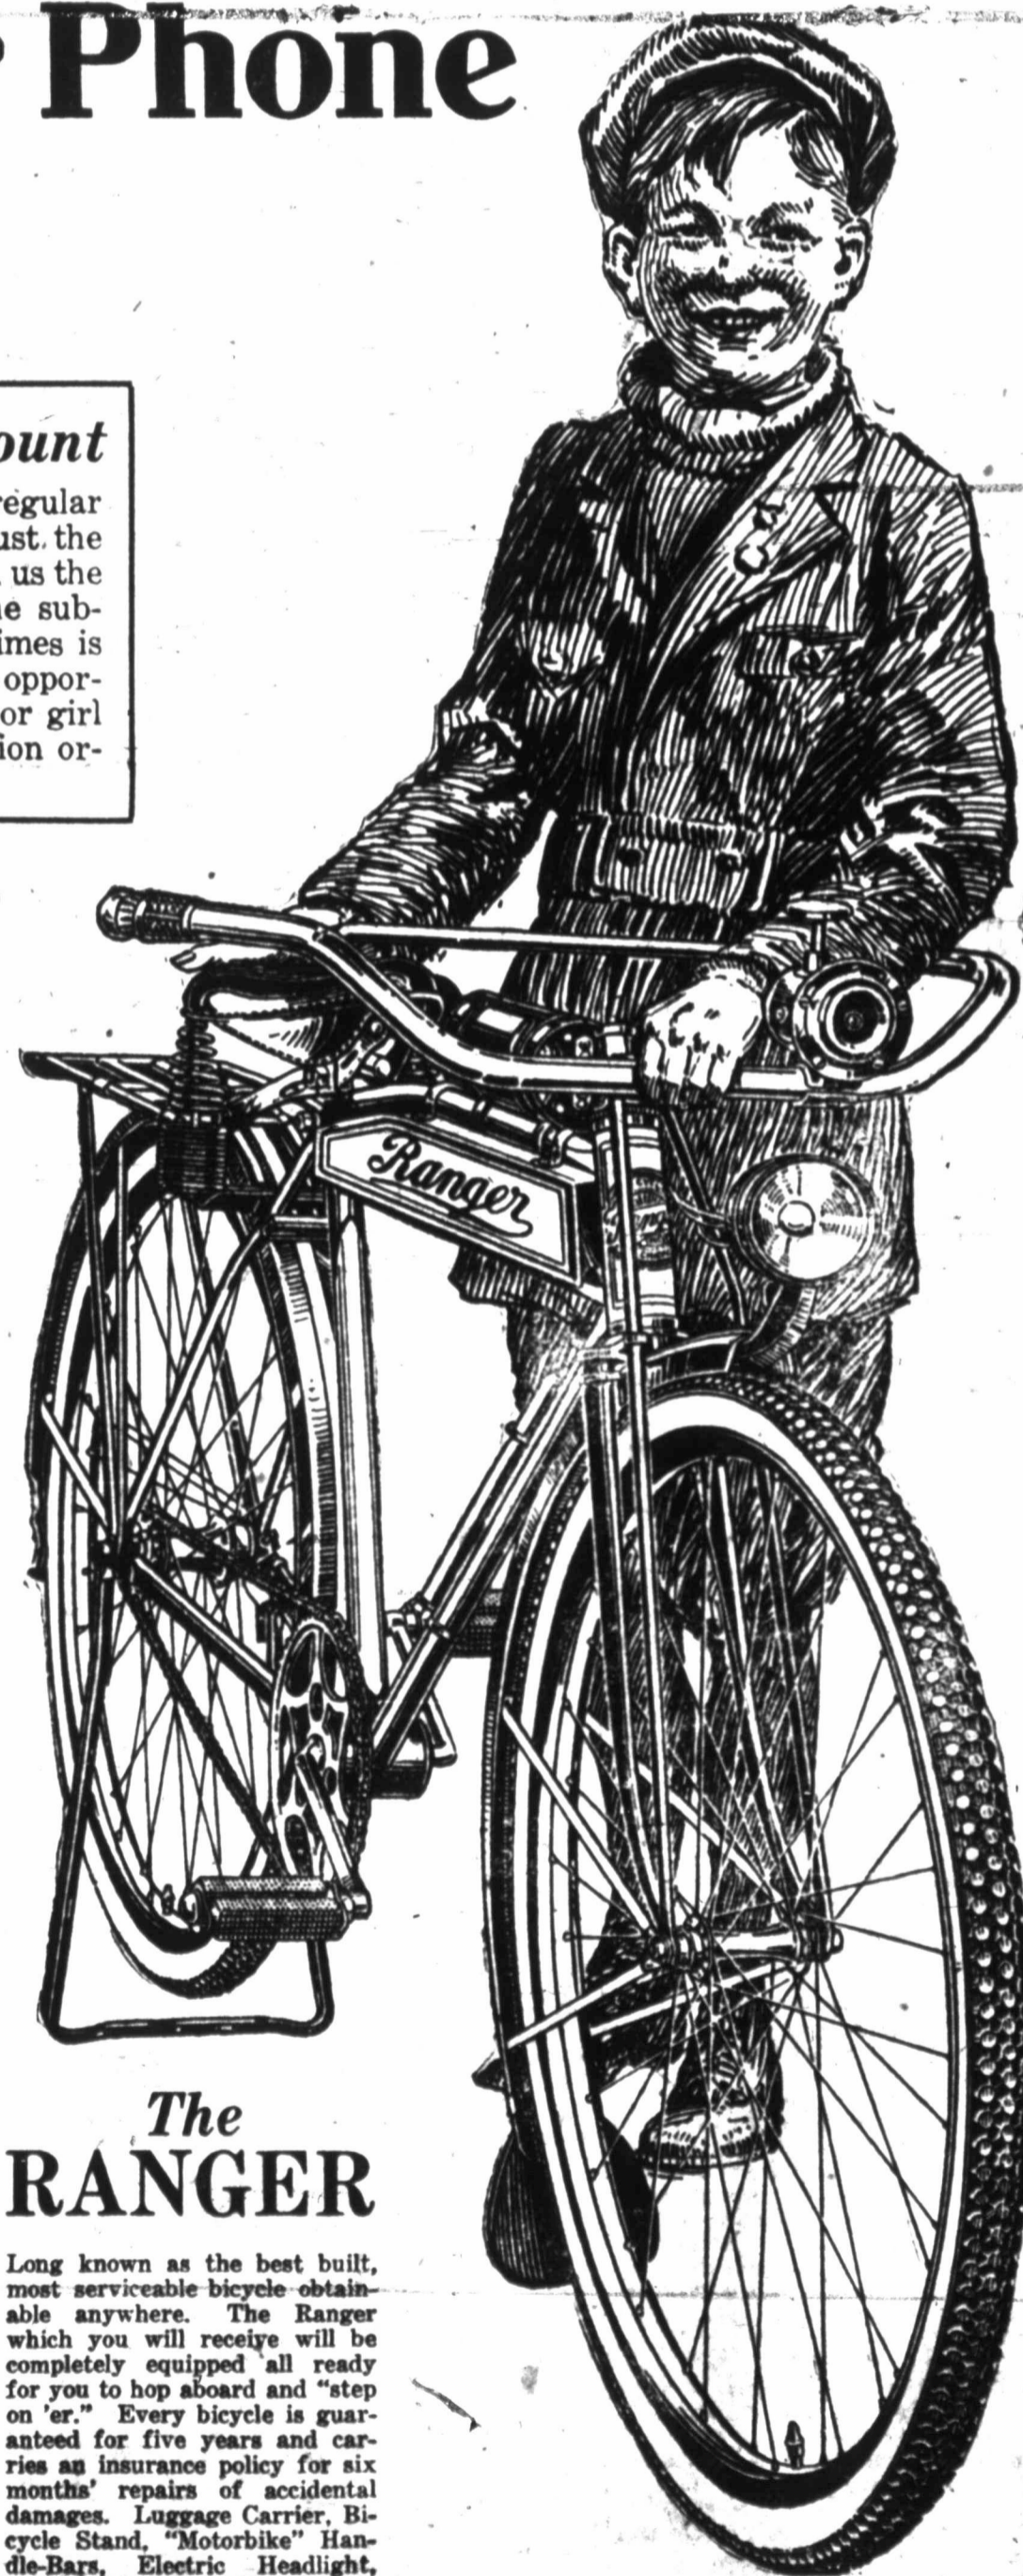

Those from whom subscriptions may be taken are all those people who are not now having The Times delivered to their homes by an authorized Times carrier and have not had The Times so delivered for thirty days preceding the date on which order is secured.

Mail subscriptions will be accepted at the regular mail subscription rates with the understanding that the subscriber is to remit for the full six months upon receiving a statement for same from The Times Publishing Co. These mail subscriptions will not be considered as verified until this payment has been made.

Each winner will be presented with a "RANGER" Bicycle immediately after verification of the 35 subscriptions. The Mead Cycle Co. will ship the bicycle by prepaid express direct from the factory in Chicago, guaranteeing safe delivery in perfect condition. Every "RANGER" is guaranteed for five years and carries insurance for six months' repair of accidental damages. A Postal to Mead Cycle Co., Chicago, will bring you the "Ranger" catalog with full details of each model.

Workers are not limited as to age or sex. Men and women will have their choice of full sized bicycles for themselves or the boys' or girls' models.

Dempsey-Firpo Bout Will Be Fierce Slugging Match With Result Toss Up, Willard Declares

By JESS WILLARD
Former Heavyweight Champion

The Dempsey-Firpo fight will be a slugging match, with the result a toss up.

Dempsey is not what you would call a clever boxer, and Firpo is an expert at a gymnasium sparring man. It will be a primitive battle.

A grizzly bear will rip into a gorilla. A pile-driver will crash against a bus and as they fall they talk about the wallop in Dempsey's punches, but I want to tell you that Firpo hits the hardest. My ribs have bent and my head has whirled under the blows of each. I know.

Both determined scrappers

And the punches won't flin the air in this coming battle. Both men can be hit.

Dempsey hasn't often had to take the full force of a straight blow in a vital place, but his policy is to plunge in regardless of punishment.

Firpo looks from the ring as if he couldn't miss him. He isn't as easy as that. But the trouble comes when you crash home your slughammer blows and they fail to make any impression on him.

Both have the fighting spirit. That is an essential element, and if it isn't here in a man it cannot be trained into him. They have plenty of confidence and determination.

Dempsey has the advantage of experience. Firpo is larger and heavier, and I think stronger.

Why is the result a toss up?

Equally matched

Well, as I analyzed their qualities in fighting them both and in thinking them over while my bruises healed, they are pretty equally matched, man to man. They are much more on the same level than

DEMPSEY VS FIRPO WILL BE LIKE A GRIZZLY BEAR RIPPING INTO A GORILLA

The crowd in the arena is going to believe before the fight starts that the champion hasn't any walk over at all. The challenger could do better later, but he is a first-class fighting man now.

Then count in a large element of luck. It is a greater factor in a heavyweight fight than anywhere else in the boxing game. I count luck for at least 30 per cent.

With big men evenly matched one is almost as liable as the other to be first with the decisive blow. The one who lands a knockout need not be the heavier hitter.

Jess'll Be There

As soon as the gong sounds, as I

dope this fight, Dempsey will rip into Firpo with everything he has. Dempsey doesn't wait for them to come to him.

Firpo, in our fight, started right in the center of the ring, never gave any ground and kept hammering away. That is his style. I believe Dempsey will find Firpo ready to stick right along at his pace and shoot back as savagely as he receives.

Usually I don't go to fights as a spectator. I intend not to miss this one.

It ought to be a superbattle for fierceness and intensity.

DEMPSEY SAYS HE IS READY FOR TITLE GO WITH SOUTH AMERICAN

SARATOGA SPRINGS, N. Y., Sept. 18. (AP)—With his championship match with Luis Angel Firpo just five days away, Jack Dempsey, world's heavyweight title holder, Monday declared he was ready to "do his stuff."

The tanned champion said he had worked as hard as he ever had trained, less than a month ago, but he was in better shape than when he fought Tommy Gibbons in Shelby, Mont., July 4, and that if he did not decisively defeat Firpo it would not be because he was not ready.

"I am positive that I'm better than I was for Gibbons, and just as good as I was for Carpenter," Dempsey said.

"Firpo is not the same fighter I was when I whipped Willard, but that was four years ago and a space of four years, especially on the wrong side of the calendar, makes a difference. I'm older, but more experienced."

The title holder boxed under the original name of Jimmy DeForest, former trainer of both Dempsey and Firpo, Sunday and the veteran condition was not profoundly impressed with what he saw. He said that in his judgment Dempsey was not the fighter he was when he defeated Lee Willis, but despite that he was still good enough to conquer Firpo.

DeForest said Dempsey probably will win with Firpo, but he felt the contest went over six weeks the champion would be facing a highly dangerous situation. Dempsey, he said, however, was a 100 per cent better hitter than the South American, could deliver a knockout blow away with his right hand, and was shifty that he would be difficult target.

FIRPO CONTINUES TO BE MYSTERY TO THOSE WHO WATCH HIM WORK

ATLANTIC CITY, N. J., Sept. 18. (AP)—Luis Angel Firpo Monday entered upon the last three days of his preparation for his world's heavyweight title match with Jack Dempsey, to be held in New York next Friday night.

In his daily workouts Firpo has been a puzzle. He has shown improvement in some things and at times has appeared awkward.

He has attempted to improve his boxing; he has worked hard trying to develop a left hand punch. He has labored hours with defensive plans. He has been in his sparring partners on certain days; on other he has been an easy mark to hit.

Some of his friends say he is for a hour and perhaps never will be, but that he will beat Dempsey. Firpo says nothing one way or another. But that he has confidence in his ability to take what Dempsey sends and stand under it is written on his countenance. There is no fear of Dempsey in Firpo's heart.

Firpo, judging from his workouts, will be easy for Dempsey to hit. Yet, he has a peculiar style of defense that may fool even the "champion" some of the experts predict that Dempsey will win in short order; others expect Firpo to be knocked out inside of six to nine rounds. Some say that the Argentine, if standing at the end of four rounds, probably will become the champion.

THE LOOKOUT by Al Parker

There is due to be much speculation from now until the end of the big league season as to the players who will be obtained by the Spudders in the deals that send Wheeler and Osborne to the Cubs. Frexy Harvey says there is "close to a dozen" athletes to come from Cuba and Firpo, but he will not disclose at least until the finish of the big league races.

The Spudders start the final week of the season Monday with seven games to go and just one full game behind the second place Bears. A victory Monday over the Bruins and a loss for the Dallas will make the hopefuls practically tied for second place.

If the Spudders should finish the season at the pace that they are in now, there is no doubt about second place, for they were unbeatable in the first game against the Bears. The Bears just couldn't hit 'em past the fielders, the Ripper wouldn't let those Bruins hit when men were on bases and the attack of the Spudders was as good as airtight. But there is a little danger of any club continuing such a gall, for so short stretch as seven games.

When Sylvester Simon threw Bucky Tanner's roller high over third base and allow Scrap Iron to go all the way to third to start the third inning Sunday, he gave the way for Scrap Iron's one hundredth run of the season. Tanner had played in seven straight games without crossing the rubber and the 10th and 10th runs were hard ones to gather. He put one out of the lot for his 113th marker. Boscher and Cotter also hit in the last game, while the first was on a line over the left field barrier.

Bobby Barrett hit for a total of 14 bases Sunday—two homers and a double. There probably will be a half dozen players who will gather 10 bases in a game during the season. Both of his homers were real drives, too. The second sailed over the left center field fence, while the first was on a line over the left field barrier.

When Bischoff made a good catch of Fuller's foul reaching over the top of the visiting players' dugout, for the final out in the eighth inning, George thought it was all over and made a dash for the clubhouse. However, Umpire Panning intervened and stepped him before he had traveled very far.

Couchman and Adams kept Wheeler from hitting safely in four times up. It is seldom that the Ripper goes through a game without cracking out at least one safe one and many times this season he has helped his cause with timely blows.

In sending Wheeler to the Cubs, Frexy Harvey's advice to Bill Killifer was to use the Ripper on every fourth day, to start him in his turn, to pick the spots for him. Killifer declared he even would work Wheeler on the fourth day after he pitched his last game for the Spudders. At least three of Wheeler's losses this season have resulted from finishing games. He lost three games in three days during the middle of the season and two of the three were games in which he attempted to rescue either batters in the late innings. After working one inning one day and two or three frames the next, he was started the third day and was driven from the mound in the second inning. That was at a time when Spudder pitchers were in bad shape and it was a case of necessity.

Joseph Berger had a great day at short Sunday, no less than a

The Scoreboard

CHICAGO, Sept. 18.—The Cincinnati Reds pushed the Pittsburgh Pirates back into third place in the National League Sunday by trouncing them, 4 to 2. The hit score was even, 13 all, but superb fielding on the part of the Cincinnati players kept down the Pirates runs.

The New York Yankees took two easy games from Boston, 6 to 2 and 4 to 0. Babe Ruth cracked out No. 40 home run, while Wagoner scored twice and Scott once. The Red Sox made only three hits off Shawkey in the second game.

The St. Louis Cardinals lost to the Brooklyn Robins, 6 to 2, in an uneventful game in which Fourrier and Kelly pounded out homers.

The Chicago White Sox defeated the St. Louis Browns in Chicago, 4 to 2, in a hard pitched battle.

The Detroit Tigers lost to the Indians in Cleveland, 3 to 1.

The Philadelphia Athletics trimmed the Washington Senators in Washington, 5 to 1.

The St. Louis Cardinals shut out the Chicago Cubs in St. Louis, 3 to 0.

According to a story printed in the St. Louis Post Dispatch, Rogers Hornsby, star second baseman of the National League and Branch Rickey, manager of the team, engaged in a fist fight in New York on the Cardinals' last eastern trip. Rickey is said to have severed Hornsby by opining that the latter was trying to run the ball club.

Despis Ruth's home run Sunday, Cy Williams of the Philadelphia Athletics continued to lead both major leagues, though only by one homer. Williams now has 11 and the babe 14.

Pittsburgh and Cincinnati continue to battle for second place in the National League. Pittsburgh held its lead Saturday only to lose it Sunday when they were defeated by Cincinnati, 4 to 1.

One Eddie Dyer, a callow rookie pitched his first game in the majors for the St. Louis Nationals and did it so well he calculated the slipping Chicago club 3 to 0.

Adolfo Luque, the best in the National League this season, tucked away his third victory in defeating Pittsburgh.

GALLOWAY'S ALL-STAR AND PANTHERS MAY PLAY GAMES IN WICHITA FALLS

Jim Galloway's all-star Texas League team probably will play the week's barnstorming tour of the two clubs during the time that intervenes between the close of the Texas and Southern Leagues, according to announcement of Galloway.

Only one Spudder is named as a member of Galloway's club, though the personnel of the club is not yet complete. Bucky Tanner will play third base for the all-stars.

The all-star lineup as given out by Galloway is as follows: Single, center, shortstop, Tanager, third base, Brown, left field; Vache, centerfield; Boone and Ostergard, rightfield. In the event Boone and Ostergard both make the trip, the latter will be the utility man.

HARRY WILLS FALLS IN EFFORT TO STOP CHAMPIONSHIP BOUT

NEW YORK, Sept. 18. (AP)—Harry Wills, negro heavyweight, Monday failed in his efforts to block the Dempsey-Firpo bout at the Polo Grounds next Friday night. Supreme Court Justice Hagarly in Brooklyn denied his application for a writ of mandamus.

CITY GOLF TITLE TO BE AT STAKE IN INTER-CLUB EVENT

The first inter-club golf tournament between the Wichita Falls Country Club and the Wichita Falls Municipal Golf Club will get under way Wednesday, according to joint announcement Sunday of George Mobley, representing the country club, and A. Keadel, municipal club professional. It is expected that 22 players from each club will be paired off to begin first round match play Wednesday.

Prizes will be offered for the winning players and it is expected that more interest will be shown in this tourney than any previous golfing event staged here, since it will carry the city championship.

Those who wish to play must get in communication with the men in charge of the tourney. Mobley for the country club and Keadel for the municipal club. It is necessary that those who wish to play turn in their entries by Tuesday.

Match play will prevail throughout the tournament and each match will have the character of playing on the money course or the country club course. Club handicaps will prevail. A revision of the municipal players' handicaps has been completed, according to Mr. Mobley, and this will be posted at the club Monday. A week's time will be allowed for the posting of such match. A country club and a municipal player will be paired in each first round match.

Wouldn't This Be a Panic

Can you imagine what would happen if everybody in this city stopped buying for one month?

At the end of that time every bank would be closed.

There would be a padlock on every store door.

There would be no telephones.

No electric lights.

Automobiles would not be moving.

All the street cars would be in the barns.

Sound strange? Nevertheless it's true. The people who work in banks and stores, at telephones and at power houses, at garages and oil stations and on street cars must buy in order to live.

If these people do not buy they starve.

If they do not buy they must go without clothing.

If they do not spend money they cannot live in apartments, flats and other places they rent.

So buying in Wichita Falls must continue as long as life continues. That is why the pessimists who say "no one is buying" are wrong. Business is good now—better in numerous lines than ever before. It is noticeably good among those who are going out after business—advertising for it.

Demand for Workers

Every activity is represented in the Times Classified Ads. Call for workers in the office, the store, the factory—the need for employees in every vocation is reflected in the Times Help Ads. Beginning with juvenile workers and the demand for apprentices, all the way to executive heads, the Times Help Ads cry aloud the opportunities for workers who are energetic and willing. Men, women, boys, girls—all are at the command of the employer who would summon them through the Times Classified columns. The Times Help Ads are the most effectual means of bringing employer and employee together in this community. Employers know those looking for work expect to find their announcements in this one newspaper, because the Times prints more help wanted advertisements than the other Wichita Falls newspaper.

CHILDRESS FAIR IS TO OPEN WEDNESDAY RACES TO FEATURE

EXHIBITION HALL WILL BE CROWDED IN EVERY DEPARTMENT. AMERICAN AUTOMOBILE ASSOCIATION RACES

Worship Carnival Has Been Secured As Special Attraction at Fair.

CHILDRESS, Texas, Sept. 11.—The state of the Children's Fair for the ninth annual exposition will be thrown open Wednesday morning and prospects are bright for the greatest fair ever held in the Panhandle.

Many Features This Year. The board of directors early decided upon a program of amusements that will cost around \$15,000, some three times as much as ever been expended.

For the first time in Northwest Texas will there be official American Automobile Association races. The races will be controlled by this organization and men are coming from New York City as official starters and in control of the grounds.

The exhibit halls will be packed and in every department all space has been sold. Additional space is being constructed to care for the exhibits.

One of the features is a fireworks program that calls for four night programs and one daylight program. A ball of fireworks from Chicago and will be fired by factory representatives.

The John T. Wortham speaker shows are jumping from Bethany, Mo., to Childress and will arrive early Tuesday morning. The grounds will be packed with cars.

Mrs. M. M. Foster will begin her piano class September 10. Music rooms convenient to Austin high and Junior high schools. Phone 4472.

Baylor County Fair Beginning At Seymour September 20, Expected To Surpass All Prior Occasions

Bigger and better than ever before is the promise for the fourth annual Baylor County Fair to be held at Seymour September 20, beginning September 20, according to announcements reaching Wichita Falls. In connection with the fair will be staged the annual rodeo and cowboy reunion that brings to Seymour almost as many visitors as the fair proper.

The Baylor County Fair Association was organized in 1929 with the object of improvement in agriculture, livestock, commerce, industry and public utilities. Because of the fact that no county fairs were held in the neighboring counties, which are similar in their productivity, and for the purpose of establishing closer cooperation between these counties, Knox, Archer and Throckmold counties were asked to join into a big-four county exposition.

The fair association has extended the following invitation to the people of Texas to attend the event during its three days duration: "In opening the fourth annual Baylor County Fair for the year 1934, the officers and directors in charge extend to the people of every county, a sincere and cordial invitation to meet and mingle; to participate in the potential feasting of competition that will exist to view the exhibits of good crops, fine livestock, textiles, etc., to enjoy the spectacular group amusements and its varied entertainment, and to meet old friends and form new acquaintances."

This year's fair is expected to surpass any of the previous events, since each year has found a bigger and better fair. Entries already are pouring into headquarters in all the various departments. The amusement offered the visitors this season will cover a larger field than ever before and it is believed that far more people will visit the fair than in any previous year.

The officers and directors of the fair association are R. E. Kallum, president; Charles Randall, vice president; F. H. Buckley, secretary; treasurer; J. T. Burns, W. T. Britton, Al Baker, T. E. Craddock, R. H. Knox and A. Power, directors. The special committees are: Rodeo—J. T. Burns, A. Power, Al Baker.

CATHOLIC PICNIC SUNDAY ATTENDED BY NEARLY 2,000

The second annual picnic of the Catholics of North Texas held at Haven Park Sunday, was attended by about 2,000 gathered from north Texas and Oklahoma. The Knights of Columbus band, which furnished music throughout the day, played a few selections on the lawn of Sacred Heart church immediately following high mass, then led the march to Haven Park.

This was followed by a short speaking program under the direction of C. J. Coffey, grand knight of Wichita Falls council. The address of welcome was by C. E. Brown, chairman of the picnic committee, followed by the Hon. J. I. Dwyer, of El Paso, state deputy of the Knights of Columbus, who spoke at length on the prominent part taken by Catholics in the early forming of our government during the revolutionary war and down to the present.

The regular weekly meeting of the city council, scheduled for Monday night has been postponed and will be held Wednesday night. The meeting was postponed on account of the absence from the city of Mayor Collier and several of the commissioners. Mayor Collier, Commissioner Stanton, City Attorney George are in Dallas attending a hearing of the Lone Star Gas company's case against the Municipal Gas company.

JOHNIE MILTON FREDER. ARREST IN ARIZONA. Johnny Hinton, who was convicted here on a charge of receiving and concealing a stolen automobile and sentenced to five years in the state penitentiary, was arrested Saturday at Florence, Arizona, according to advices received here Monday. Hinton appealed his case and the high courts affirmed it. Steps were being taken to forfeit his appeal bond, because Hinton never appeared to begin serving his sentence. Local officers will go to Arizona to bring him back and turn him over to penitentiary authorities.

MANY LABOR SAVING DEVICES FOR FARM FEATURE T-O FAIR

An array of inventions for labor saving on farms and ranches will be on display at the Texas-Oklahoma Fair and Exposition, to be held here October 1 to 7, inclusive, according to many entries of such exhibits received at C. E. Van Schoyck, secretary. Visitors will find that cows can be milked in several different ways; pigs can feed themselves by machine; patent traps where hogs are trapped and an accurate account of the number of eggs can be kept.

The machinery department will be the largest display ever held in southwestern Oklahoma or northwestern Texas. Additional display space for several of the larger firms exhibiting will be made by the fair association. Manufacturers and dealers are to send factory representatives to the fair to demonstrate the various inventions, which have recently been made as improvements in many standard farm and labor saving machines.

The Rev. J. M. Hilde of Abilene will preach at the Walnut street Baptist church Wednesday evening, September 12. A general invitation is extended. Classes: Faith Optical Co.—Adv. SERVICE—TIRES WANT ADS.

CLAY COUNTY SUIT RESULT ROAD BOND CHECK IS SETTLED

HENRIETTA, Texas, Sept. 10.—Judge Rube Lottin has returned from Houston where he went as counsel for Clay county in the matter of H. C. Burt and Co. vs. Clay County, an injunction suit which was filed by the county for the purpose of restraining the commissioners' court from collecting a check for \$2,000 which was placed in escrow as interest money in the purchase of \$100,000 road bonds of road district No. 4, Clay county. Judge Lottin reports he effected a settlement of the suit, the county agreeing to pay \$1,000 and all costs of the suit.
