The treaty, in fact, is open to all buntries under these conditions whether or not they are members of the league. Dr. Eduard Benes, the Cascho-Slovakian delegate, proba-bly will submit the proposed freaty to the assembly of the league during he forthcoming week.

Adverse critics of the project still attack it on two grounds: First, because it contains no detailed plan for a reduction in armaments, and ondly, because it authorizes sup-mentary regional guarantees ong its signatories.

Japan is one of the countries mmission stage, expressed opposition to the clause that two or more states could conclude agreements for mutual defense as subsidiary projects to the general treaty, Ja-pan held that such accords were liable to engender distrust and deobedience to the things that are un feat the object of the treaty, which | seen, is world disarmament.

The French took the lead in opposing the clause by which Ger-many as well as the United States, and Russia eventually may sub-sgribe to the pact with the consent two-thirds of the signatories of the treaty, the ground being taken that a country which has not oberved all international treaty phligations should not be permitted to adhere to the new treaty of guarantees.

To the 67th Congress:

This nation "has now reached a point where it costs more to distribute and serve than it does to produce. Commodity values are lost in a maze of service costs,"etc.

> Report of Joint Committee of 67th Congress on Marketing & Distribution

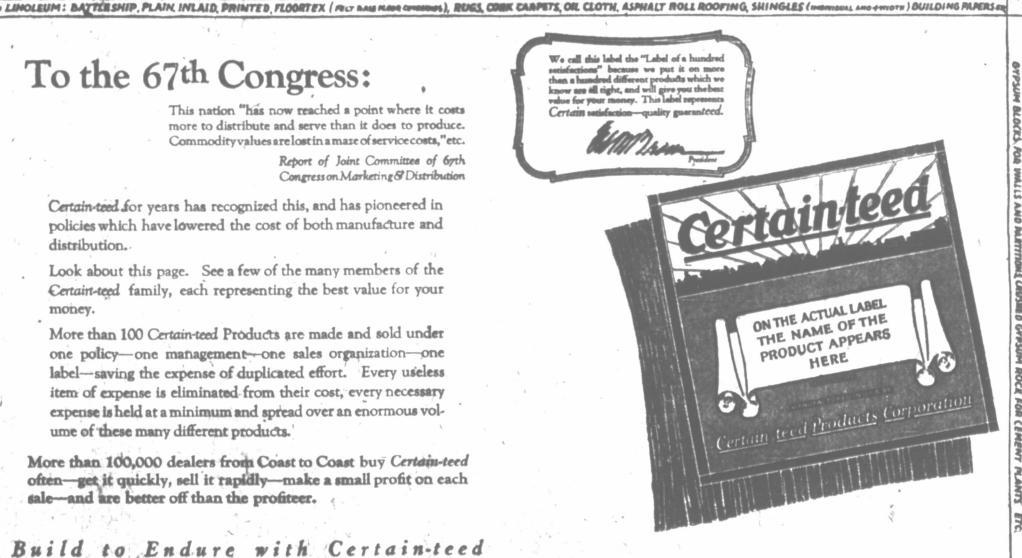

Certain teed for years has recognized this, and has pioneered in policies which have lowered the cost of both manufacture and distribution.

Look about this page. See a few of the many members of the Certaint-teed family, each representing the best value for your money.

More than 100 Certain-teed Products are made and sold under one policy—one management—one sales organization—one label-saving the expense of duplicated effort. Every useless item of expense is eliminated from their cost, every necessary expense is held at a minimum and spread over an enormous volume of these many different products.

More than 100,000 dealers from Coast to Coast buy Certain-teed often-get it quickly, sell it rapidly-make a small profit on each sale—and are better off than the profiteer.

Local railroad authorities stated Monday that every fall the Colorado and Southern railroad discontinues the fast trains from Denver to Textino, and as as important need of fast transportation is needed between Textino and discontinue the fast trains and operate, lecal trains on about the same schedule between Fort Worth and Amarillo during the winter months.

F. E. Clarity, vice president and general manager at the Denver road, has appeared before members of the state railroad commission at Austin, but nothing definite was done about the matter then, because two members of the commission were absent from the capital.

According to the Information received here, officials hope to discontinue the trains on October 18. Trains Nos. I and I are affected. They are special trains placed in service to handle the heavy tourist travel of the vacation period, and with the slackening of tourist travel, the officials seek to take the trains off. This is gone ansmally, officials stated.

In place of the two trains, the Denver will operate two local trains between Fort Worth and Amarillo.

completed within 90 days, according to J. L. Lochridge, resident angineer of the Wichita irrigation district of the Wichita irrigation district No. L. Reinforced concrete work on the gigantic spillway will be completed within the next two weeks, according to the engineers, and the huge gap in the earthen dam will then be filled in after riprapping has been completed. At present the riprapping has only been completed about half the height of the dam. Mr. Lechnidge stated that practically will materials were ready for the final work and that the work on the reinforced concrete spillway was progressing rapidly. The large gap in the earthen dam was left by the angineers in the channel of the Wichita river in order that the water could pass through the gap water could pass through the gap and not hinder the work. The river will follow a different channel when the earthen dam is completed and it is forced over the spillway.

PRESIDENT COOLIDGE AND THE WORLD COURT.

"President Coolidge is between the devil and the deep sea on the world court issue," a prominent New York Rapublican leader is quoted as saying.

This leader goes on to say that if Coolidge urges the world court Hiram Johnson will fling his nombrace into the ring and will make such a fight for the nomination as only he is capable of making.

On the other hand there is a possibility that if Coolidge evades the world court, Secretary Hughes or Secretary Roover may gult the cabinet and become a formidable candidate through espousal of its

The Wichits Falls Golf and Country Club is planning to send a count army of golfers to Fort Worth in quest of the River Crest Country Club golf championship that begins with the qualifying round Wednesday and continues through Saturday.

The annual invitation tourney of the River Crest club is one of the state's big golf classics, ranking along with the Texas amateur chempionship and the Houston Country Club invitation tourney. Each year it finds Texas' foremost golfers teeing off at the start of the qualifying round, and few of the leaders fail to take a slam at this tourney.

The Wichita Falls delegation will be headed by Tommy Cochran and Dudley Golding, the latter a former winner of the Fort Worth event, while several others have signified their intentions of being on hand Wednesday.

A program unlike anything ever staged in the southwest has been arranged. Several acts which would be headliners on any theatrical program have been arranged, and some pleasant surprises are in store for fair visitors.

Among the headline attractions

booked are: Three Tunisan Sisters, Sie Tahar's Tunisan Group, Thomas Saxonette, Loretta Twins, Nevikoff Troupe, La Salle Trio, Al Sweet and his Singing Huzzar Band and several other feature acts,
The entertainment committee

which went over the lists of at-tractions submitted by the various booking agencies which applied for this year's contract and business, not only looked for skill and nov-elty in selecting the acts, but chose those features which are smartly contumed. Since the acts are staged on open air platforms, with the scenic effects of the theatre lacking. smart costuming contributes much

smart costuming contributes much to their success.

A musical program has been worked out which will furnish the performers with the scores seeded for the staging of their sets, and entertain visitors during intermis-

afone.
The entire program will be a spicy one. In addition to the vaude-ville, there will be horse racing, carnival, fireworks, band music, anto racing, football and many other

PEWING, Sept. 24. (P)—China has replied evasively to the demands presented by the diplomatic corps as a result of the Lincheng bandit outrage last May when foreigners, including Americans were kindnaped from a train and detained in the Shantung hills for weeks. The demands were that the Chinese government punish the provincial authorities under whose jurisdiction the Lincheng outrage was committed; reorganise the railway guard under foreign supervision and take other measures for the security of foreigners, besides paying heavy lendemuities for the incidents last May
