

A WOMAN'S F

There is no other medicine so effective as this. It is a woman's friend. It is a woman's life. It is a woman's health. It is a woman's happiness. It is a woman's glory. It is a woman's pride. It is a woman's honor. It is a woman's power. It is a woman's strength. It is a woman's courage. It is a woman's wisdom. It is a woman's grace. It is a woman's beauty. It is a woman's charm. It is a woman's allure. It is a woman's magnet. It is a woman's spell. It is a woman's magic. It is a woman's miracle. It is a woman's wonder. It is a woman's marvel. It is a woman's triumph. It is a woman's victory. It is a woman's conquest. It is a woman's empire. It is a woman's kingdom. It is a woman's realm. It is a woman's domain. It is a woman's territory. It is a woman's province. It is a woman's state. It is a woman's nation. It is a woman's world.

THE TRACTION CO. GETS A FRANCHISE

Will Extend Line on Polytchnic Heights

The Northern Texas Traction Company was granted a franchise by the county commissioners Tuesday over certain streets and public roads in the county for the purpose of extending the street car lines to Polytchnic Heights. The application made by the company was for an extension of the line from the intersection of E. Adams and Adams street, according to the plan of the village of Polytchnic Heights, thence in a southerly direction along Adams street to F avenue, thence easterly along the north side of F avenue to Vaughan street, and thence southerly along Vaughan street to the intersection of the street car system with the street car system.

The petition of taxpayers asking for the consolidation of Euless school district No. 32 and Euless school district No. 33 was granted.

C. S. Shepley, land commissioner of the Missouri, Kansas & Texas Railroad, was before the commissioners, seeking a reduction of the assessment of its assets of the company in Tarrant county. No action was taken at the morning session, the final disposition of the matter being deferred until 2 p. m.

BLOW TO DRUNKS

Waco Judge Will Try to Stamp Out Sunday Drunkenness.

Special to The Telegram.

Waco, Texas, July 10.—"I propose that those who get drunk on Sunday hereafter shall pay the fiddler," said Recorder Tom M. Hamilton of the city court yesterday, and he announced that two fines of \$25 would be assessed in cases of Sunday drunks after this. Speaking of the matter he said: "It is bad enough to witness such a scene on the city streets, but when it comes to spending Sunday in such a condition I will try to prevent some of it, and those who witness such a scene on the city streets will be assessed for Sunday drunks in future, for I am tired of seeing the docket full of Sunday drunks each Monday morning."

T. H. SCANLAN DEAD

Wealthy Houston Citizen Dies in Chicago From Heart Disease.

Special to The Telegram.

HOUSTON, Texas, July 10.—Telegraphic advices received from Chicago announce the death of T. H. Scanlan, president of the Houston Water Supply company, from heart failure. The deceased had been in the city for several years. He was 74 years of age and was born in Ireland. He owned a controlling interest in the Houston Water supply company, and was considered the wealthiest individual in Houston.

THREE LINES USE STEEL.

B. & O., Union Pacific and Pennsylvania Systems Adopt New Cars.

Three of the important railway systems of the country have adopted steel cars for both passenger and freight traffic. They are the Pennsylvania, the Baltimore & Ohio and the Union Pacific, which also includes the Southern Pacific.

The Pennsylvania has not bought a wooden car for over ten years and for twenty or more years all of the Cumberland coal field shipments on the Baltimore & Ohio have been made in steel cars, since low grade and become a commercial practicality and before that in iron hoppers. Grain men have a prejudice against the steel cars for grain shipment, declaring that under certain conditions, the grain is more apt to sweat in the steel cars than in the wooden cars. Railway men say that is more prejudice, but that they must cater to it as long as it exists.

GARRISON PROMOTED.

By the appointment of E. E. Clark head of the Order of Railway Conductors of the United States to a place on the interstate railway commission, A. B. Garrison, assistant chief of the order, becomes chief. Mr. Garrison is a former Denison, Texas, railway man and ran out of that place as a Katy conductor.

MUST USE LOCAL SHEET.

Association Notifies All Lines of Junction Point Shipping Order.

The Southwestern Traffic Association has notified all interested lines that they must use the combination local tariff sheet to junction points on shipments whose destinations are Texas Central points, while the Texas Central stands pat on its notice that it will protect the old common point territory.

CAPITAL PUNISHMENT SCORED

Missouri Legislature May Pass Bill Abolishing System

By the passage of the bill, Missouri will be before the next legislature to pass a law abolishing capital punishment in Missouri. The agitation about hanging Argie Myers, the Kansas City murderer, is the direct cause of the plan. Rev. Fred Loos, a member of the board of charities, who resides in Liberty, where Argie Myers is confined, is having the bill prepared.

WOUNDED FATALLY

Farmer Shot and Police Believe Suicide was Intended

Special to The Telegram.

DALLAS, Texas, July 10.—This morning at an early hour near Hutchins, this county, S. H. Ammonette, a farmer, was shot. His left arm was torn off by his charge, and a great hole made by his left side. He claims some one fired at him through a window, but it is the theory of the police that he fired the shot for the purpose of heading and grazing cattle, and it is good for nothing else, certain.

INSANE IN WELL

Negro Is Frantic and No One Dares to Rescue Him

Special to The Telegram.

DALLAS, Texas, July 10.—A negro man engaged in digging a well in Columbia, a addition west of Hutchins, this morning and no one dares to rescue him from the well, which is about thirty feet deep, as he is armed with a pick and other weapons. He is engaged in prayers while he is cursing those who seek his release. His name is unobtainable. The authorities are trying to rescue him.

"GRASS IS FINE AND CATTLE FAT"

Ike T. Pryor Says South Texas Is Booming

Ike Pryor paid a visit to the city from his home in San Antonio on his way to Mineral Wells, where he will spend two weeks or more. When requested to give some idea of cattle and crop conditions down in the Evadne country where his ranch is located, he said:

"Conditions are fine, just as fine as could be. We had good rains in May, when we needed them, and this month we have had other good rains that have kept things going. Grass is fine and cattle fat, and with no sickness of any kind and a good crop of young ones things could not be much better in the cow line; that is, on the ranches."

"Early corn will make a full crop, for it got rain at the right time, but the late crop of that grain will be cut short, for it got caught in the middle of wet and dry and failed to make good. Cotton was never better and all other things that have been planted are up to the same standard. All the western part of Texas has had good rains and will go through the summer months all right."

DRY AT MORGAN

R. L. Whisenant Says Water Is Pumped for Cattle

R. L. Whisenant, who does a cattle business, came in with a load of stock for market and said: "It is very dry with us down at Morgan, where I make my home. I am now engaged in pumping water from five tanks to seventy cattle are getting very ticky and this, this summer's dry spell just makes things crack. The water is cracked and if it does not rain things will come to a worse pass."

"Corn is a failure this year, but cotton is fine and no boll weevil to be seen."

"What averaged about ten bushels to the acre and was not very good."

"Cows was fine and will average anywhere from fifty bushels to seventy. Cattle are getting very ticky and this, with the scarcity of water, makes them fall off very fast, instead of gaining flesh. When cattle get ticky they will shed the ticks and clean their skins. There is a little alfalfa planted in our section and it does well, but I put my faith in the alfalfa to seventy."

"I can't be beat, and any man can make a crop feeding only Johnson grass. Of course, alone it takes a big lot of it. I made my horse feed on Johnson grass and he held up well. I gave him about a half a ton a day. Johnson grass can be killed out easier than cockle burrs or crab grass and it requires only a little constant and hard work to do it, but I do not understand what a man wants to get rid of it."

SOME HAVE FEVER

Calves and Yearlings Stricken in Rush Springs Country

Alcox Cockerill of Dallas county, who has stock interests and, at the same time, superintends the interests in the Rush Springs country, is looking over the stuff that was in the yards. He said:

"Grass and cattle are doing very well up in the Rush Springs country, although calves and yearlings are suffering more or less from some kind of fever incident to the locality. I do not know what it is, nor have I ever heard it diagnosed. Stock interests as far as the range conditions are concerned, are good, and only the market is off. We have a plenty of rain and the crops are fine."

DRY IN AUSTIN COUNTY

Only One Rain Falls in Several Months

J. W. Johnston, a vigorous young stockman from Seely, Austin county, which is claimed to be in East Texas, said:

"We have been and are very dry comparatively. We had a light rain a week ago, but this is all we have had for months. You may as well put it down that we have had no rain to count on yet. My wife says that the cattle and yearlings are not doing as well as they should. There is plenty of grass in the Brazos bottoms and in all the steel cars for grain shipment, declaring that under certain conditions, the grain is more apt to sweat in the steel cars than in the wooden cars. Railway men say that is more prejudice, but that they must cater to it as long as it exists."

FIXED OWN PRICE

Ice Magnate Raised Price of Commodity at Will.

Special to The Telegram.

KANSAS CITY, July 10.—H. L. Burk, secretary of the People's Ice Company, continued testimony today in the local ice trust investigation. Burk swore he fixed the price of Kansas city ice without consulting any one and that he had made two increases here without consulting the directors of the company or any one about it. Burk maintained the law of supply and demand regulated the price. If he should raise the price from the present price to \$1.15, he said the same amount would be sold. A previous testimony showed that the People's Ice Company controls practically the entire local supply.

INSANE PREACHER KILLS SALOONIST

Slayer Takes Life When Surrounded by Posse

Special to The Telegram.

LAWTON, Okla., July 10.—Rev. J. L. Ray, a preacher who has been holding services on the streets at Mangum for about two years and who was considered mentally unbalanced and a dangerous character, shot and killed Dub Stephenson, a saloon man of Mangum, last night. Ray immediately escaped after the shooting and last night succeeded in making his way nearly across Greer county southward. Telephone messages to the authorities at Mangum, Okla., advised that Ray, whose true name is not known, who started out in search of Ray early this morning.

They surrounded him in a thick oak forest about 10 miles north of Mangum. Ray, who was armed with a revolver, succeeded in making his way nearly across Greer county southward. Telephone messages to the authorities at Mangum, Okla., advised that Ray, whose true name is not known, who started out in search of Ray early this morning.

MAYOR PRESIDES

Morning Occupied in Hearing Testimony in Case of Night Captain Blanton

Hearing of charges against Night Captain Blanton of the Fort Worth police force occupied the entire Tuesday morning session of an investigation begun by the police committee of the city council Tuesday.

Charges, as set forth in the Telegram, have been referred against Night Captain Blanton, Patrolman G. G. Davis, Patrolman R. R. Porter and Patrolman Pete Howard.

The charges against Blanton, which took up all of Tuesday morning's session, included allegations that he refused bond to W. H. Wright and permitted other prisoners in the city jail to beat Wright cruelly, that he struck Andy Moore in the face while the latter was intoxicated, that he shot and wounded a prisoner in the city jail while the latter was trying to escape, that he collected a fine of \$35 from a woman and that no entry was made on the city court docket to show payment of a fine in that woman's name.

A WOMAN'S FIGURE

There is absolutely no excuse for the 20th century woman having an undeveloped figure, and where you find them it is their own fault. We make this statement without reservation. For science and practice have abundantly proven that flesh can be built up, systems toned and busts developed by Willard White Co.'s **VAUCAIRE** Gallea Tablets.

These tablets are far more powerful and effective than liquid preparations. One box of tablets equaling two bottles of the liquid preparations. They, too, if your nervous system is run down, your complexion bad, your sleep troubled, your vitality at a low ebb, just try a box of Vaucaire Gallea Tablets and know their wonderful effects.

The formula under which these tablets are manufactured is recommended by physicians, all authorities on beauty culture, editors of beauty columns in the papers, and Harriet Hubbard Ayer. Three weeks' treatment \$1. Six weeks \$1.50. Sent by mail if desired. **FREE**—Write for free booklet, also sample of our famous Melrose Beauty Cream.

The Evidence of the Spirit

"I'll stay here," said a most devout Quaker.

On the beach of the sea, "my maker Sends his spirit to prove. It is time I should move."

Then the tide brought a monstrous big breaker.

—Kansas City Drivers Telegram.

First Impression of America

The wife of the gacker of Baroda. In her hand held her first glass of soda. And remarked, "Ain't that queer. It's all foam and no beer."

And they all thought the gack would explode.

—Kansas City Drivers Telegram.

Behind

We have often seen of the man behind. And yet you surely know. There are many more who follow. Who are late and twice as slow.

FOR FUTURE REFERENCE

Wipe off the stove with vinegar before using polish to secure a shining result.

When there is a Tam O'Shanter to be washed, dry it over a dinner plate and it will not shrink.

Whiting mixed with lemon juice will clean piano keys that have become yellow.

To wash anything that is greasy use

BUTTER LEGS

Are Really Unfit for a Hot Climate

A sarcastic one said, "A person who won't quit the coffee habit when heart and nerves are crying for relief, has less stability of character than a pair of butter legs in hands." Truly a melting remark.

It seems hard-hearted to poke fun at the coffee "crank" who "Just can't give up my coffee," for the habit sometimes becomes a disease just as truly as the whisky habit, but it is easy for the worst old coffee toper to shift over to Postum Food Coffee, provided it is well made.

Postum has the deep, seal brown color of drip coffee and a certain snappy flavor, not of the rank, strong, bitter coffees, but much like the mild and high grades of Java.

It supplies in liquid form the needed food elements required to rebuild the nerve centers, hurt or destroyed by coffee. What do we mean by "nerve centers"? These are found in various parts of the body and each little nerve sack or envelope is filled with a soft, pulpy, various substance that is really the life and energy of the nerve. Coffee and other stimulant narcotic poisons tend to destroy this gray matter and when enough is broken down, nervous prostration or other form of disease will set in. The trouble may show in weakened heart, lungs, stomach, bowels, eyes or any other organ, for the lack of life power or nervous energy is likely to attack the weakest part first.

The remedy is, (and get to work in time) to quit the drug and therefore stop the daily destruction. Then take a liquid food such as Postum and go to rebuilding.

That is a sure and dependable road to Wellville.

There's a Reason.

OF INTEREST TO WOMEN

but soda water. The alkali turns the grease into soap, which will do its own cleaning.

Use courtplaster for mending small holes in an umbrella.

Hot milk used instead of cold will cause mashed potatoes to be far more appetizing.

The juice of half a lemon in a cup of black coffee is said to be a cure for the headache.

A piece of charcoal put into the pot with boiling onions will absorb most of the odors.

When cork is kept almost indefinitely under glass that is light and airtight. Set one under a goblet and see. To clean sofa pillow covers, where soap and water cannot be used, make a thick paste of starch and water and cover the soiled and stained surfaces; let it remain until perfectly dry, when it can be brushed off. Repeat the operation if the stains have not entirely disappeared.

If the lamp is upset and the oil takes fire, throw flour on it. Water is worse than nothing. A rug or quilt may smother it out.

When stoning raisins rub a little butter on the fingers and knife. It will relieve the task of raising seedling of its stickiness and discomfort.

When corks are too large for a bottle, soak them in boiling water for a few minutes, when they become soft, and may easily be put into the bottle.

Eggs are scarce when you are making pumpkin pies, use a teaspoonful of flour in place of one of the eggs, so much the better, and you will never know the difference.

If you wish to break a glass bottle or jar evenly about the neck, the easiest way is to soak a piece of string in turpentine and tie it around the neck or wherever it is to be broken, and then set fire to the string. The glass will snap off along the heated line.

\$100 REWARD. \$100.

The readers of this paper will be pleased to learn that there is at least one decided disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

MAY ABOUT TOWN

"I have been in Fort Worth many times during the past ten years," said President S. E. Brooks of Baylor University, Monday afternoon, "but I think I have never before noticed so much activity on the streets as I have seen today. I think the number of people on the streets and the amount of activity compares favorably with any city in the state. Fort Worth is surely experiencing a wonderful growth, and is coming to be a fine city."

Dr. Brooks spent Sunday in the city in the interest of Baylor University and the Baptist education commission, which has charge of ten Baptist schools in this state. He is raising a fund to increase the efficiency of these schools and to give to Taylor university more permanent endowment. He says that the work is going on very nicely and all the schools in the territory are doing well. The new Payne college at Brownwood will get a new building this fall and a girl's dormitory is already in process of erection at Canadian, in the Panhandle, for the Canadian academy. Dr. Brooks says that the past year was a very successful one at Baylor, there being a total of 1,184 students enrolled. All departments of the school are in splendid condition and forty-six young men and women were granted bachelor's degrees at the annual commencement. Speaking of the influx of northern people into the Panhandle, Dr. Brooks said that large numbers of farmers are coming from Iowa, Illinois and Missouri and fewer from Nebraska, Wisconsin and Indiana. They are a good class of agriculturists and are buying the farms to which they are moving.

White City

Now and up-to-date vaudeville can never be seen at the White Rose theater. Special and entertaining acts are being booked daily to appear at the little theater, and it is expected that it will prove a great success. Last night the opening features were well received by a large audience. The first on the program were the "Boards in a Trick" acrobatic and barrel jumping act; next came the Russells, novelty musicians, in a new and up-to-date musical act. The moving pictures were extremely good. Additional features are promised for tonight.

At Palace Rink.

Last Tuesday night at the Palace rink, Lake Erie, witnessed the organization of a Tuesday Night Skating club, composed of the following members:

Sylvain Smith, D. E. Goslin, H. C. Walker, Guy Jacobs, R. E. Martin, J. A. Lea, F. W. Fuller, A. Gernsbacher, J. Gernsbacher, K. H. Hyman, Sam Smith, D. W. Byars, Charles Stewart, T. C. Harney, J. R. Hatten, Carolyn Peak, M. Bartsley, E. R. Hickman, J. Simpson, C. C. Meredith, L. M. Stuck, P. K. Taylor, E. H. Cheekler, A. H. Harty, Charles H. Harty, C. E. Stetler, J. C. Barber, Joe Hyman, A. G. Brown, R. V. Ford, Elmer Staubs, M. Hinton, Sterling Conrad, J. H. Harty, Joe Hogsett, Harry Francisco, Hona, Weiss, Tombs, McKay, Weiss and McCasland.

The club has for its object a skating party on Tuesday night of each week, they having chartered the Palace rink for that purpose. The meeting of the club will be on Friday instead of Tuesday night.

FREIGHT IS WRECKED

Unidentified Tramp Injured Near Cisco, Texas

A westbound Texas and Pacific freight train was wrecked ten miles east of Cisco, Monday morning. Five cars were in the ditch and were smashed to smithereens. None of the train crew was hurt, but a tramp, whose name was not learned, who was stealing his passage on the train, was seriously injured.

The wreck blocked the road for several hours, but the track is now clear.

CHILDRESS GOES TO ABILENE

Local Amateur Crack Shot Attending Shoot in West Texas

J. W. Childress, the former president of the Fort Worth Gun Club, left Abilene Tuesday morning to take part in the West Texas Gun Club's three-day's shoot, which began July 13. Mr. Childress is the only member of the club to go from here. He is a member in the professional class. Mr. Childress made last year what is regarded as a very fair record, being 85 per cent.

Brashers has some little pills; He makes them for the liver. And should your wife contract the chills. They'll just the thing to give her. J. P. BRASHEAR, Druggist. Twelfth and Main Streets.

Baseball Challenge

The Fort Worth Blues (all amateurs) hereby challenge any amateur baseball club in Fort Worth, or in Texas, to a game to be played here, or where they choose. Would like to hear from amateur managers.

C. C. O'FELAND, Standard Theater, Fort Worth.

The Higher Life

Lives of nabobs but remind us. We have had the dough by us. We might join Dame Folly's whirl. To attract some chorus girl.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. It is a powerful and healthy women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for pursuing mothers. Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nerve-line, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces sleep, refreshes and revives mental anxiety and despondency.

Cure obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prostration of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation, etc.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the frontier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Y. H. Huggins sells the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery," to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

A SELECT PARTY OF TEXANS

Mr. Ernest H. Reynolds announces his Fifth Annual Outing for Texas people, leaving Fort Worth night of July 16, traveling in special Pullmans, remaining in Colorado two months, dividing time between Colorado Springs and vicinity.

Mrs. Reynolds will chaperon and carefully look after the young ladies placed in her care. Many pleasant social features are planned which will add greatly to the pleasure of the trip.

Mr. Reynolds makes special rates to families and boys.

For particulars apply to

JUSTICE TO CORPORATIONS.

In the city of Little Rock, Ark., there are today at least fifty business houses with "For Rent" signs placed conspicuously upon them, and those signs have been placed there since the anti-trust agitation began in that state. Last year twenty-five old line insurance companies withdrew from the state, and recently the two big hawker companies—the largest in the world—paid \$20,000 fines into the state treasury and bade Arkansas a fond farewell.

This is an old thing under the sun, but Texas will not believe it though a man declare it unto her. The fight upon corporations has been carried to the limit in this state. This Arkansas handwriting on the wall is so plain that a blind man in the middle of a dark night should be able to read it. All these senseless attacks by legislatures upon corporations and industrial companies and those engaged in the carrying trade and in news dissemination are death to the states that indulge in them.

While there is an effort being made to inaugurate a crusade against corporations in this state, it does not meet with popular approval. The average citizen of Texas is a strong believer in the principles of right and justice, and while he is a firm believer in the principle that every corporation doing business in this state should be made to conform to the provision of every law upon our statute books, he does not subscribe to the theory that all corporations are bad just because they are corporations.

In this state during the past year nearly 1,600 new corporations were formed, the charters being taken out under the laws of the state by Texas citizens who found it necessary to perfect such organizations in order to establish needed enterprises in different communities. To say that these new Texas corporations, together with those of a similar nature already in existence, should be summarily wiped out in order that the political ambition of designing men may be gratified is all wrong.

No one believes that Texas should turn the corporations loose to prey upon the body politic without any form of hindrance. But the state of Texas already has ample laws to govern and control every form of corporation that exists within her borders, and instead of clamoring for a multiplicity of new laws with the assemblage of each recurring state legislature, men should be elected to such offices as are charged with the enforcement of the laws as will do their whole duty without fear or favor. That is the way to govern

the corporations and enforce all our state laws. The remedy for all existing evils in that direction rests safely in the hands of the people and they alone are to blame if there is any laxity in matters of this kind.

Texas is not hostile to capital in any form so long as it respects the majesty of the law, and the great majority of the corporations doing business in this state have a wholesome respect for the law. There are exceptions, it is true, but if the officers of the law will do their plain duty there will be no occasion for complaint.

THE THIRTY-SIX HOUR LAW

The cattlemen of Texas are greatly pleased with the amendment to the live stock shipping law which gives the privilege of 36 hours for live stock on cars without the necessity of unloading for feeding purposes. This is a measure that the Cattle Raisers' Association of Texas has taken a deep interest in and pushed in every fair and legitimate manner. The result is largely due to the fight made by those Texas cattlemen, and there is reason for the pride they are now experiencing. It will be noted from the phrasing of the bill that the privilege of longer time for stock in transit remains in the nature of a special opportunity that may be taken advantage of at the option of the shipper, who is presumed to know his own mind in the premises. Following the main provisions of the bill which has become law since the signature of the President:

That no railroad, express company, car company, common carrier other than by water, or the receiver, trustee, or lessee of any of them, whose road forms any part of a line of a road over which cattle, sheep, swine or other animals shall be conveyed from one state or territory or the District of Columbia into or through another state or territory or the District of Columbia, shall confine the same in cars, boats or vessels of any description for a period longer than twenty-eight consecutive hours without unloading the same in a humane manner into properly equipped pens for rest, water and feeding, for a period of at least five consecutive hours, unless prevented by storm or other accidental or unavoidable causes which cannot be anticipated or avoided by the exercise of due diligence and foresight. Provided, That upon the written request of the owner or person in custody of that particular shipment, which written request shall be separate and apart from any printed bill of lading or other railroad form, the time of confinement may be extended to thirty-six hours. In estimating such confinement the time consumed in loading and unloading shall not be considered, but the time during which the animals have been confined without such rest, food or water on connecting roads shall be included, it being the intent of this act to prohibit their continuous confinement beyond the period of twenty-eight hours, except upon the contingencies hereinbefore stated. Provided, That it shall not be required that sheep be unloaded in the night time, but where the time expires in the night time in the case of sheep the same may continue in transit to a suitable place for unloading, subject to the aforesaid limitation of thirty-six hours.

That animals so unloaded shall be properly fed during such rest either by the owner or person having the custody thereof, or, in case of his default in so doing, then by the railroad, express company, car company, common carrier other than by water, or the receiver, trustee, lessee or any of them, or by the owners or masters of boats or vessels transporting the same at the reasonable expense of the owner or person in custody thereof, and such railroad, express company, car company, common carrier other than by water, receiver, trustee or lessee of any of them, owners or masters, shall in such case have a lien upon such animals for food, care, and custody furnished, collectible at their destination in the same manner as the transportation charges are collected, and shall not be liable for any detention of such animals, when such detention is of reasonable duration, to enable compliance with section one of this act, but nothing in this section shall be construed to prevent the owner or shipper of animals from furnishing food therefor if he so desires.

That any railroad, express company, car company, common carrier other than by water, or the receiver, trustee or lessee of any of them, or the master or owner of any steam, sailing or other vessel who knowingly and willfully fails to comply with the provisions of the two preceding sections of this act shall for every such failure be liable for the forfeit and pay a penalty of not less than \$100 nor more than \$500. Provided, That when animals are carried in cars, boats or other vessels in which they can and do have proper food, water, space and opportunity to rest, the provisions in regard to their being unloaded shall not apply. That the penalty created by the preceding section shall be recovered by civil action in the name of the United States in the circuit or district court holden within the district where the violation may have been committed or the person or corporation resides or carries on business; and it shall be the duty of the United States attorneys to prosecute all violations of this act reported by the secretary of agriculture, or which comes to their notice or knowledge by other means.

That sections 4386, 4387, 4388, 4389 and 4390 of the revised statutes of the United States be, and the same are hereby repealed.

THE HINDOO VS. THE CHRISTIAN RELIGION

"We do not want your religion or your holy book. We have more religion of our own than we know what to do with."

Thus said Maranyan Krishna, a Brahmin, who spoke from a Kansas City pulpit last Sunday. Krishna continued:

"Show me a country where missionaries have been that is prosperous. It does not exist. There were no famines nor plagues in India before the English invasion?"

And there will be some persons in this country who will be in haste to applaud these utterances. There is considerable prejudice in America against foreign missions.

Krishna is unwise to invite comparison of his religion with that of Christianity. To do so is to invite the history of babies thrown into the Ganges river by mothers who sought to appease the anger of the gods, of living wives buried with the bodies of their dead husbands on funeral pyres, to say nothing of unspeakable infamies that cannot be printed. It is to invite a comparison of the popular government of Christian nations with the cruel caste of India—a system by which the aristocracy holds down the common people as does one layer of the earth hold down another. It invites a comparison of the same marriage customs of the West with the infernal child marriage of the East.

Krishna asks to be shown a country where missionaries have been that is prosperous. It is sufficient answer to say that Christian missionaries have been everywhere. The genius of the Christian religion is out-reaching. It goes everywhere. And wherever it has gone prosperity has followed. The prosperous

countries of the globe are the countries where the Christian religion prevails. Always and everywhere the missionary is the advance agent of prosperity. His labors are justified on the low plane of commercialism alone.

The Hindoo representative will scarcely expect us to believe that there were no famines or plagues in India previous to the coming of the English. Famines in India is caused by the failure of the rains. The English have no control over the elements. Plagues are caused by filthiness. Certainly the English government has improved the sanitation of India. Famines and plague did its work regardless of the change in government. The density of the population, the failure of the rain bearing monsoons, the filthy habits of the people—these brought on their natural consequences.

The legs of the lame unequal. The Brahmin falls to make his case against the missionaries. They cannot be blamed for famine and plague. On the contrary they have done much to mitigate these evils. Most of the missionaries have been educated in medicine. In the free hospitals built and maintained by Christian people thousands of surgical and medical cases have been treated and human lives prolonged and saved. The missionaries have changed many cruel customs, dispelled much ignorance, stopped acts of cruelty, and lifted thousands out of their degradation. It becomes a Hindoo teacher whose people have been helped in a thousand ways by the Christian missionaries to revile these workers and the people who make sacrifices to support them and the religion which they represent.

North Carolina Democrats have fallen in line and endorsed William J. Bryan as a candidate for the presidency and it is thus the Bryan boom continues to grow. Texas will speak in no uncertain manner at the Dallas convention.

Judge Bell went after Colonel Tom Campbell's record out at Abilene a few days ago in such a manner as to put the Palestine statesman completely up a tree. Colonel Campbell found it convenient to ignore the facts that were thus brought to light.

If the czar of Russia has not yet been able to find a man to take the premiership of his distracted country he might try Tom Watson. Tom is a man equal to any kind of emergency and there is nothing doing in his line now in this country.

It was a long jump from Alton B. Parker to William J. Bryan, but the Houston Post and some other Texas papers managed to make it and have landed safely.

THE TEXAS PRESS

Some fellow wants Cecil Lyon to become the Republican candidate for governor. Cecil may take this means of letting the outside world know that the Republican organization in Texas isn't in total collapse.—Waco Times Herald.

Colonel Lyon can have anything he wants at the hands of the Republican party in Texas. He has the party by the slack of the pants and a down hill pull.

That \$275,000 from the federal treasury dumped into the general fund of Texas will go a long way toward curtailing the present deficit.—San Antonio Express.

But when it is all gone it will be charged against the Lanham administration as an evidence of administrative incompetency.

Campbell's supporters are beginning to look at their chief's labor record. Rebating by shippers while Campbell was at the head of the International and Great Northern railway was going on by the wholesale and with Campbell's knowledge and consent. It's in the record, boys, all you have to do is to look it up.—Houston Post.

And lobbying against the fellow-servants' bill. The labor element of the state has much to condemn in the career of Colonel Thomas M. Campbell.

It looks as if Tarrant county wants to gobble up every district office in which it is a county. It's wanting the congressman, as usual; it wants the senator, although it has had five before the past term, and it even is after the little federal office in the district in which Denton county is. Tarrant is the largest county in each of the districts, but a combination of the smaller counties against it would overcome this advantage, and if the hoggliness continues, the combination is sure to come.—Denton Record and Chronicle.

The Denton paper does Tarrant county an injustice. It is true this county wants the congressman and will have him, but that is owing to the indifference of the other counties, as there are no other candidates. Tarrant county candidates withdrew when Parker county put forth a candidate, and did not Colonel James Hays Quarles, the best newspaper man in Texas, withdraw from the race for floater early in the season? Tarrant county has done the mean thing in these matters.

A prominent citizen of Temple writes that Judge Bell is gaining every day in popularity in the state, and that he will carry Bell county by a large plurality, if not by a majority.—San Antonio Express.

It is just that way all over Texas. The Bell sentiment is steadily growing and the indications are that the Fort Worth man is a dead sure winner.

The Fort Worth Telegram devoted a half column editorial to lamenting the retirement of Captain Wade of Quinlan from the gubernatorial race.—Houston Post.

The Telegram gave expression to its sympathy for the loser. And the Post prints column after column in laudation of its candidate, who is an equally dead one.

It is no wonder that the railroad men of Cleburne and for that matter, of Texas, are for W. D. Williams for railroad commissioner against Storey, when it is trifled with their affections some four years ago. The railroad boys and their friends do not bear malice, but they remember.—Cleburne Enterprise.

People should not bear malice, and politics is not the proper medium for venting spleen. Votes should always be cast for the best man, and in this case Judge Williams is unquestionably the man for the place.

Texas is now the great agricultural state of the union, and it will soon be the great manufacturing state. Conditions are such that Texas is bound to have factories, and when a necessity becomes pressing there is always a way to secure what we needst must have.—Sherman Register.

The average Texas town is getting thoroughly awake on the subject of manufacturing enterprises, and the time will soon come when such helpful adjuncts will be much more in evidence than at present. Factories are town builders wherever located, and that fact is being demonstrated in Fort Worth every day in the year.

"Be Still, Sad Heart, and Cease Repining; Behind the Clouds the Sun's Still Shining"

THE TELEGRAM AND THE TEXAS PRESS

THE GUBERNATORIAL CAMPAIGN.

The reference of the Beaumont paper to Judge Bell as the corporation candidate for governor shows how hard pressed it is for political argument. The people of Texas cannot be deceived with any such silly twaddle. Judge Bell is the people's candidate for governor, and as such will be nominated and elected. Corporations that may be supporting Bell are only doing so under the belief that he is a man of such high character that they know all interests will receive a square deal.—Fort Worth Telegram.

The ball has opened and the dance will be lively from now on until the primaries are held, some four weeks hence. The cry of corporation and anti-corporation will be heard in every Democratic paper in the state, and the changes will be rung ad infinitum. Predictions as to this or that candidate being the favorite of the people are cheap, as also that election is certain. Looking over the field as it is presented in the representative papers of the state, one inclines to the belief that Bell is the favorite in the Southwest and strong in the North, while Campbell has East Texas almost solid. Colquitt is also a factor in the result and will divide territory with both these leaders.—San Angelo Light.

WAS A PRIMEVAL CUSTOM.

The Fort Worth Telegram is running a series of funny pictures about June brides. In the last it says that "any crowd that will throw old shoes, vegetables, etc., at a couple is not their friends, but a crowd of fools."—Bonham Herald. And the June brides at least, together with their consorts, will doubtless agree with The Telegram.—Fort Worth Telegram.

We once heard a man say the practice reminded him of Darwin's ancestry in the Congo country, where they hang on limbs and throw coconuts at some of their friends that freshly mated, while the chatter wax about the same. "But personally," said he, "I know very little about the subject. I never was married but once, and at the time we stopped off, rice, old shoes, etc., were either scarce, or folks just hadn't got the habit."—Bonham Herald.

REFLECTIONS OF A BACHELOR.

A girl would never be so deceptive as to make a man believe she loved him when she did. A man fools his wife about his brains a good deal less than she fools her friends about them. The more a man reads books on how to have a garden, the better he will do it with a hired man who never did anything but work in one. Hardly any man has so much time for fun as the man who has to stay and work in a hot city, while his family are away for the summer. What a woman likes is to get in an argument with her husband so he can prove she is wrong, so she can cry, so he will have to give her a nice present to make it up to her.—New York Press.

QUAKER REFLECTIONS.

The born fool seldom gets over it. A windmill is not necessarily an heirloom. The things that are better left unsaid are generally shouted from the rooftops. The Patriot—What I have done I did for my country's good. The Mere Man—Yes, your country's good to you. Muggins—That boy of mine was born to rule. Bugbiss—Think he'll make a statesman? Muggins—Yes, or a janitor. Wag—Sillycus says the trouble with him is that he smokes cigarettes on an empty stomach. Wag—Humph! I guess he means through an empty head.—Philadelphia Record.

REFLECTIONS OF A BACHELOR

Whitewashing reputations are terribly sloppy jobs. The only practical use for poetry is to quote it to girls. A woman always means what she meant to say and didn't. It would seem mighty queer to have a rich relation who was fond of you. There is never enough money in reforming to make up for how miserable you are.—New York Press.

WANTS IT CHEAP

While everybody may be willing to eat his dirt, he doesn't like to pay trust prices for it. Blade.

Vertical text on the right edge of the page, including 'THE NEW CANDIDATE', 'Trading Value', 'Special NEW IN STOCK', 'Railroad Trust', 'Am. L. Acheson', 'INSURANCE', 'Citizens and 907', 'Nelson BUS', 'DRUG', 'FORT WORTH', 'MAIL', 'F. Draughon', 'H. Flosser'.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage.

PANTHERS LOSE IN FLOCK OF ERRORS

Score Is 4-2 in Favor of Giants After Loosely Played Game

In a game full of errors and poor umpiring, Fort Worth lost Monday's game to Dallas by the score of 4 to 2.

Fort Worth got the bases on balls, but in the sixth there was something doing.

Uly, first man up in this inning, got on by being hit by a pitched ball, went to second on a sacrifice, to third on a fielder's choice and scored on Maloney's hit.

Fort Worth got the bases on balls, but in the sixth there was something doing.

In the seventh there was nothing doing on either side, but in the eighth Dallas started something and Fort Worth got even again.

Uly, first man up in this inning, got on by being hit by a pitched ball, went to second on a sacrifice, to third on a fielder's choice and scored on Maloney's hit.

Fort Worth got the bases on balls, but in the sixth there was something doing.

Uly, first man up in this inning, got on by being hit by a pitched ball, went to second on a sacrifice, to third on a fielder's choice and scored on Maloney's hit.

Fort Worth got the bases on balls, but in the sixth there was something doing.

Uly, first man up in this inning, got on by being hit by a pitched ball, went to second on a sacrifice, to third on a fielder's choice and scored on Maloney's hit.

NOTHING LIKE IT EVER KNOWN

The Remarkable Sale of L. T. Cooper's Famous Medicines for Stomach Trouble, Kidney Trouble and Rheumatism Surpasses Anything on Record, and Patients Give Glowing Reports of Marvelous Results Obtained From Their Use

The wonderful cures of Stomach Trouble, Kidney Trouble, Catarrh, Rheumatism and other diseases originating from the stomach, that have been and are being accredited to the new medicinal wonders—Cooper's New Discovery and Cooper's Quick Relief, are multiplying daily, and the sales have reached enormous figures.

Another letter comes from Mrs. L. Bachman, 1836 Glasgow St., Louisville, Ky., who reports a most extraordinary cure of stomach trouble.

Cooper's New Discovery acts directly on the stomach and digestive organs. It increases the gastric juice in the stomach, which is an all-important factor in the proper digestion of food.

Cooper's New Discovery acts directly on the stomach and digestive organs. It increases the gastric juice in the stomach, which is an all-important factor in the proper digestion of food.

Sealed bids will be received at office of undersigned, until 3 p. m. Friday, July 10, 1908, for the purpose of opening, for sprinkling streets in the city of Fort Worth, for a period of five years. Specifications on file in engineer's office.

REMOVAL NOTICE

The Citizens Light and Power Company has moved into their new quarters at Throckmorton street, opposite the hall. The removal of the company has necessitated moving into more central quarters for their own and the public's convenience.

INVESTMENTS

5% A.B. LEACH & CO. FORMERLY PARSON, LEACH & CO. NEW YORK. CHICAGO. BOSTON. PHILADELPHIA. In eight years the population of Osaka, Japan, has increased from 810,000 to 1,020,000. The number of factories has increased by 391.

NEW YORK COTTON

Prominent Firm Flips to Bull Side. Good Buying Sends Prices Higher. Special to The Telegram. NEW YORK, July 10.—The principal feature of the cotton market today was the aggressive way in which local firm heretofore prominent among the bear forces, took hold of the new crop options and caused an advance of half a dollar a bale in prices.

New York Cotton

NEW YORK, July 10.—The cotton future market ruled as follows: Open, High, Low, Close. July 10.12 10.12 10.12 10.12-24 August 10.12 10.12 10.12 10.12-24 September 10.12 10.12 10.12 10.12-24 October 10.12 10.12 10.12 10.12-24 November 10.12 10.12 10.12 10.12-24 December 10.12 10.12 10.12 10.12-24

New Orleans Cotton

NEW ORLEANS, July 10.—The cotton market had a better undertone today and although the volume of business transacted was nothing to brag about, bids were not ungenerous.

Liverpool Cotton Cable

LIVERPOOL, July 10.—Asble from the small business transacted in the spot department the course of today's cotton market was favorable from a bullish standpoint, contract prices being a point higher at the opening.

Port Receipts

Receipts at the leading accumulative points today, compared with the receipts at the same points last year. Galveston 1,487 7,095 New Orleans 2,382 1,769 Savannah 933 5,355 Norfolk 365 3,148 Total 5,689 21,221

Estimated Tomorrow

Following is the estimated receipts for tomorrow at the three principal ports compared with the receipts for the same day last year. Houston 400 to 600

"BOB" TAYLOR TONIGHT

Veterans Arrange With Company for Transportation to Lake Como. The program for Tuesday night at Lake Como is Gov. Bob Taylor's lecture and plenty of good music.

BELL COUNTY GROWS

Population Makes Increase of 1,000 Over Year 1905. TEMPLE, Texas, July 10.—The total scholastic population of Bell county is ascertained to be 4,307 by county government report as the principal feature of the day's news and favored the bears, but had little influence on the market.

CHICAGO GRAIN

Government Report Bearish on All but Oats—Prices Only Slightly Affected. Special to The Telegram. CHICAGO, July 10.—The wheat market ruled dull and steady all day. The government report was the principal feature of the day's news and favored the bears, but had little influence on the market.

Chicago Cash Grain

CHICAGO, July 10.—Following are the quotations on cash wheat in this market today: Wheat—No. 2 red, 74 1/2 to 75; No. 2 hard winter, 74 1/2 to 75; No. 2 hard winter, 74 1/2 to 75; No. 2 northern, 74 1/2 to 75; No. 2 northern, 74 1/2 to 75.

Kansas City Grain and Provisions

KANSAS CITY, July 10.—The grain and provision markets ranged in prices today as follows: Open, High, Low, Close. July 10.12 10.12 10.12 10.12-24 August 10.12 10.12 10.12 10.12-24 September 10.12 10.12 10.12 10.12-24 October 10.12 10.12 10.12 10.12-24 November 10.12 10.12 10.12 10.12-24 December 10.12 10.12 10.12 10.12-24

Kansas City Puts and Calls

KANSAS CITY, July 10.—Following were the puts and calls on this market today: Wheat—Puts, 65c; calls, 65c. Corn—Puts, 43 1/2c; calls, 43c.

Liverpool Grain

LIVERPOOL, July 10.—Wheat market ruled easy today, opening prices being 1/4 lower and final figures showing a net loss of 1/4 to 1/2. Corn prices were 1/4 higher on the first call but final figures showed a net loss of 1/4.

Government Grain Report

WASHINGTON, July 10.—The crop reporting board of the bureau of statistics of the department of agriculture today issued its report on the average condition of the grain crops on July 1 as follows: Winter wheat 85, against 83 last month and 82 1/2 last year. Spring wheat 91 1/2, against 83 last month and 81 1/2 last year.

St. Louis Live Stock

ST. LOUIS, July 10.—Cattle—Receipts, 5,000 head, including 1,000 Texas; market strong for natives and the higher for Texans; native steers, \$3.75 to \$4.00; cowboys, \$3.50 to \$3.75; calves, \$3.00 to \$3.50; hogs, \$5.00 to \$5.50; sheep, \$3.00 to \$3.50.

St. Louis Live Stock

ST. LOUIS, July 10.—Cattle—Receipts, 5,000 head, including 1,000 Texas; market strong for natives and the higher for Texans; native steers, \$3.75 to \$4.00; cowboys, \$3.50 to \$3.75; calves, \$3.00 to \$3.50; hogs, \$5.00 to \$5.50; sheep, \$3.00 to \$3.50.

Negro Stabbed; Another Arrested

DALLAS, Texas, July 10.—Edmond, a negro, was stabbed by Adam Johnson, another negro, has been arrested.

CATTLE AND HOGS

Steers of Good Quality Steady—Others Slow Sale—Cows and Calves Weaker—Hogs Higher. Another big run of cattle, 120 cars, of 4,600 head, nearly half being calves, was received today. The steer run was about one and one-half times that of Monday—a good top end of fed stuff and a long trailing end of coarse and rough grassers.

Butcher Stocks

Butcher stocks were in much larger supply than usual, with a lot of fat to good quality and plenty of coming stuff. The light steers, competing with cows for an outlet, put the market in a state of confusion.

Calves

The run of calves was like a spring freshet, it is estimated, 2,000. Buyers were swamped, as well as the market. Some early sales were about steady, but all made late were lower.

Hogs

Receipts of hogs were limited, only 400 head, but the quality for the most part was good. The market was steady, with a few early sales being higher.

Sheep

The market supply consisted of two small bunches in mixed lots. The quality was fairly good and sales were made on a steady basis, with wetters at 45c.

LATE SALES MONDAY

The following sales were made late Monday: Steers—No. 1, 1,120 to \$3.60; No. 2, 1,000 to \$3.50; No. 3, 1,000 to \$3.40; Hogs—No. 1, 1,000 to \$5.50; No. 2, 1,000 to \$5.00; No. 3, 1,000 to \$4.50.

MARKETS ELSEWHERE

Chicago Live Stock Market. CHICAGO, July 10.—Cattle—Receipts, 11,000 head; market steady; natives, \$4.00; cows and heifers, \$3.25 to \$3.50; stockers and feeders, \$2.75 to \$3.00; hogs, \$5.00 to \$5.50; sheep, \$3.00 to \$3.50.

RAIN PROMISED FOR ALL TEXAS

All Southwest May Be Visited by Showers. PTCLOUDY. Temperature at 2:30 p. m., 90 degrees. Wind, southwest, velocity, 12 miles per hour. Barometer, stationary. Forecast, partly cloudy tonight.

WEATHER FORECAST

NEW ORLEANS, July 10.—Weather indications for the southwest are as follows: East Texas (south and north)—Tonight partly cloudy, probably showers; in western portion Wednesday; light southerly winds on the coast.

CLAIM IS FILED AGAINST CITY

W. H. Wright Asks \$10,000 Damages and Threatens Suit. The mayor Tuesday morning received a notice from attorneys for W. H. Wright filing a claim for \$10,000 damages and notifying the mayor and city council that, unless said claim is settled, attorneys for Mr. Wright will file suit for the amount as stated.

NEW TEXAS CHARTERS

ASTIN, July 10.—Charters of the following corporations were filed yesterday: Seabrook Fishing and Hunting club of Houston; capital, \$10,000. The Green Creamery & Bottling Company of Vernon; capital, \$8,500. Youkum Gin & Mill Company of Youkum; capital, \$10,000.

WHISKY DESTROYED

Authorities Confiscate Large Shipment of Liquor Consigned to Taft, I. T. MUSKOGEE, I. T., July 10.—The United States authorities destroyed a barrel of whisky and a barrel of gin at the Midland Valley freight depot, which was consigned to a Mr. Barnes at Taft, a small town on the Midland Valley railroad, about twenty miles west of this city.

THE WEEK'S WEATHER

General Summary Issued by Government Bureau. Washington, D. C., July 10.—Following is the census bureau's report of the weather conditions throughout the cotton belt for the past week: Heavy rains fell over parts of the Carolinas, south central Louisiana, the northern portion of Texas and northern Arkansas, where the rainfall in some localities was between three and four inches.

THE WEEK'S WEATHER

General Summary Issued by Government Bureau. Washington, D. C., July 10.—Following is the census bureau's report of the weather conditions throughout the cotton belt for the past week: Heavy rains fell over parts of the Carolinas, south central Louisiana, the northern portion of Texas and northern Arkansas, where the rainfall in some localities was between three and four inches.

DEWEY COMPLETES TRIP

WASHINGTON, July 10.—The dry dock Dewey reached Manila this morning, a hundred and ninety-six days en route, and not damaged by the trip.

TRADE NOTES

Shake clothes well before hanging up on the line. Cold rainwater and soap will remove machine grease. Do not use red hot water for washing or rinsing clothes. A little kerosene in hot starch will prevent it from setting.

RAIN REPORTED IN SOUTHWEST TEXAS

Improved Condition Shown by Cattle Inspectors Reports. Eleven inspectors of the Texas Cattle Raisers' Association reported to Captain Lytle, secretary of the association, this week and the general tenor of the reports indicates an improvement of conditions due to rain.

REMARKS

The cotton region is generally cloudy. Temperatures continue but little changed since our last report. Heavy rains: Gainesville, Ga., 1.94; Lake City, Minn., 2.50; Tulsa, O., 2.29; Robeline, La., 5.44.

ALONG THE DENVER

Report on the temperatures and weather conditions on the line of the Denver and Rio Grande system, headquarters at Fort Worth, July 10, at 7 a. m., show the following temperatures: Texline, 59; Amarillo, 63; Childress, 62; North Plains, 60; Fort Worth, 76. Weather generally cloudy, cool and calm on the first and second divisions; that is to Childress. Partly cloudy and calm on the third and fourth divisions, with showers at Dalhart, accompanied by some hail.

SURVEY FOR ROAD

Santa Fe to Build Northern Outlet From Coleman. COLEMAN, Texas, July 10.—Chief Engineer Jones of the Santa Fe came here yesterday and at once secured local offices in the town preparatory to the beginning of the survey for the northern outlet of the Santa Fe. Mr. Jones says that he will be here for several months and will make a careful survey of the proposed route before leaving. The people of Coleman feel very confident of securing the northern outlet of the road and the route from Coleman northward has been pronounced so far as being very practicable.

THE TEXAS WONDER

Cures all kidney, bladder, rheumatic troubles; sold by all druggists, or two months' treatment by mail for \$1.00. Dr. E. W. Hall, 2526 Olive Street, St. Louis, Mo. Send for testimonials. Colonel Charles E. Echols of West Point, who has been on the continent visiting our country, is now in England on the same mission.

TWO MEN KILLED

Pitched Battle Fought by Two Families Near Muskogee. Special to The Telegram. MUSKOGEE, I. T., July 9.—Ernest and Pleas Hubbard are dead and Reuben Kirby fatally injured as the result of a family feud between the Hubbards and the Kirbys.

A horse was shot down from under one of the Hubbards during the fight. Deputy United States Marshal Maris has gone to the scene of the crime. In a previous row last Thursday Kirby's brother was shot by a friend of the Hubbards.

DENISON MAN HONORED

A. B. Garrison to Head Order of Railway Conductors. Special to The Telegram. DENISON, Texas, July 9.—By the appointment of E. E. Clark to membership on the Interstate commerce commission, A. B. Garrison becomes the head of the Order of Railway Conductors. Mr. Garrison is now assistant grand chief and will undoubtedly be made grand chief.

Mr. Garrison is a Denison railroad man. He first joined the Order of Railway Conductors, becoming a member of division No. 52 of this city, six months after he joined. He was sent to Louisville, Ky., as a delegate to a convention, where he was elected grand officer without salary. Shortly after that he was made a grand officer on pay and has remained prominent in the affairs of the order since that time.

Mr. Garrison ran as conductor on the Missouri, Kansas & Texas and is well remembered by those who worked here about 1886.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY - She Was Told That an Operation Was Inevitable. How She Escaped It. When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley, of 275 Third Street, Milwaukee, Wis., writes: Dear Mrs. Pinkham: "Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. This I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself; try Lydia E. Pinkham's Vegetable Compound.

RAILROADS CLAIM

RATES CAUSE LOSS - Declare Freight Tariff Against United States Constitution. Special to The Telegram. AT STIN, Texas, July 9.—The Gulf Colorado and Santa Fe Railroad Company and the International and Great Northern Railroad Company have filed suits in the United States circuit court at this place attacking the entire body of rates established by the railroad commission of Texas since Feb. 28, 1899, which was the date on which the compromise of the suits instituted by the railroad companies in the latter part of 1898 became effective.

The bills of the Gulf, Colorado and Santa Fe and the International and Great Northern are in their main features quite similar. Each company claims that the reductions made by the railroad commission since Feb. 28, 1899, have resulted in the diminution to the extent of several hundred thousand dollars of its revenues; and that the rates now existing as a whole are so far from compensatory that they are in violation of the fourteenth amendment to the constitution of the United States, which provides that no state shall deprive any person of property without due process of the law; and that no state shall deny any person within its jurisdiction the equal protection of the laws.

TELLS SAME STORY

Monk Gibson Refuses to Confess to the Condit Murder. Special to The Telegram. SAN ANTONIO, Texas, July 9.—When told of the confession of Augusta Dicks (colored), in which Monk Gibson and Andy Knox are implicated in the Condit murder near Edna last September, Monk Gibson laughed and said: "Whooped that hog-suck snuff cure." "What made her say that?" Monk asked.

When informed that she was led into believing that Monk had confessed he said: "Gee, they told her I fessed, den she wanted to blame it onto me to save her."

Monk thought the matter over a little while, then said: "Now what you 'saint Augusta wants do dat fess?" When questioned closely Monk told exactly the same story he told when first brought to San Antonio, that he was dragged into a fight house by two negroes and hospitalized there by the blood of those already killed. He said the two unknown men said their names were Al and Woodson Ware, and then they ran away from him. He knows they were not the men they said they were.

The negro boy is visited every day by officers or by friends. The services of the prosecuting attorneys, and it is hoped that he will yet confess.

MILLIONAIRE A LEPER

Wealthy Mine Owner Not Allowed to Leave His Private Car. Special to The Telegram. EL PASO, Texas, July 9.—J. M. Bringas, a millionaire mine owner and ranchman of Guaymas, Mexico, arrived here in a private car from Nogales. He is a leper and was passing through in bond in charge of an immigration inspector, and was not allowed to leave his car here. His case was taken across into Mexico at once.

Senior Bringas is going to Europe to try to get cured of his loathsome disease, which has eaten off his eyes and finger nails. He is accompanied by his wife, seven daughters and a son. Three of the young ladies were educated in this city.

Bringas said today that he would give every dollar he has to be clean and well again.

AMY HOWARD ARRESTED

Negroes Thought to Know Condit Crime Placed in Jail. Special to The Telegram. EDNA, Texas, July 9.—Amy Howard, wife of Henry Howard, was arrested and placed in jail yesterday evening. While it is not known what this move on the part of the officers means, it is suggested that they think that by separating them entirely from the men by whom they have been surrounded they will talk more freely in regard to what they know about the crime.

CITY HALL VISITED

Grand Jury Investigating Recent Shooting. The grand jury of the Forty-eighth district court made an official visit to the city hall Monday and investigated the city prison with reference to the shooting while attempting to escape of the boy in Texas who was confined there. Along what lines the investigation was conducted was not made known by the jurors nor is it known what the results were. The jury is said to be in session and it is quite likely it will continue in session several days yet, no report to be made of indictments found until adjournment.

BUILD ELECTRIC GIN

Temple Has Only Gin of Its Kind in Texas. TEMPLE, Texas, July 9.—A cotton gin is being erected in this city by Messrs. Misher and Seybold that is claimed to be the only gin in Texas operated by electrical power, and further that there are only four gins in the United States that are driven by such power. The owners have spent \$3,000 in building a gin that is as near perfection as can be devised.

MESSAGE \$1.00 PER WORD

Terrill Man Receives Wireless Dispatch From Mid Ocean. Special to The Telegram. TERRILL, Texas, July 9.—J. A. DeGough is in receipt of a wireless message from his brother, J. D. DeGough, who is on his way to Europe. The message is from mid-ocean on the steamship Cedric and was sent to New York and from there by telegraph to Terrill. The cost of the message was \$1 per word, including the address.

A WEAK HEART

weakens every other organ of the body, for they all depend upon the heart to furnish them with an abundance of the pure life-giving fluid. To give the heart power to do this, Dr. Miles' Heart Cure is required. It strengthens and regulates the heart action, and furnishes nerve power, the vital element. Money back if first bottle fails to benefit.

opening upon the sidewalk of her residence about 10 o'clock, she accompanied Mrs. Rangel to the front door and brushing against the broken telephone wire, she grasped it with one of her hands to remove it. The next instant 2,300 volts passed through her body and she fell dead at her young friend's feet.

Mr. Rangel then seized the wire and received a terrible shock. At this time a neighbor, Albert Harper, just across the street, rushed over to the rescue and he was at once taken to the hospital. He was conscious as he caught hold of the body of Miss Valdez, and it was some time before he recovered consciousness.

BUSINESS LOCALS

Why, yes; all the fashionable women want the best in hats, and for that reason they go to J. M. Roagan's, Dallas and Houston streets, to get them.

If it's anything in the furniture line you want you'd naturally go to the Land Furniture and Carpet Company, Phone 212. They have you want to pay.

Don't hesitate—just phone 201, the Land Roof Steam Laundry, and let them convince you that they are in the business to please their customers.

Buy your dog collars at Nobby Harness Company and we put your tag on free of charge.

McLEAN TO MILFORD

Superintendent of Presbyterian Orphanage Moves from Tyler. Special to The Telegram. McLEAN, Texas, July 9.—Rev. J. D. McLean, superintendent of the Presbyterian Orphan's Home at Tyler, has changed his residence from Tyler to Milford and it is thought he might be nearer the home and also have the advantages of the Presbyterian College at Milford. The second building at Tyler was completed about two months ago, but owing to the present crowded condition of the Orphan's Home there it will be necessary to provide more building at an early date.

266 CONVERTED

Revival Services at Grandview Last Four Weeks. GRANDVIEW, Texas, July 9.—Rev. French E. Oliver, an evangelist of Indianapolis, has just closed a revival here. He was assisted by the pastors of all the churches. The services were conducted by Professor M. C. Martin of Indianapolis. It was a union service and continued four weeks. There were 266 conversions. Rev. Oliver is an earnest and able preacher and great crowds of people came to hear him from a distance.

Uncle Alec's Chops at Truth

If you want from's, make 'em. If you want to money am long an' billy; yo' gotta start early, an' yo' gotta have no time ter pick flowers on de way. Hit an' bettah to take keer ob yo' self now, dan ter mo'n fo' yo' appetite an' yo' selfish fo' vittles aftah yo' done frowed 'em away.

Aw, me, de ole 'ole' hilt easy am de one what ain' kyored easy when he do get hilt. Ter do what evaboddy else does an' dex foolish; ter do what nobdy else does an' bughouse.—American Spectator.

WEAK STOMACH

AND SICK HEADACHE CURED BY DR. WILLIAMS' PINK PILLS. Another Triumph for the Tonic Treatment for Disorders of the Digestive System. The symptoms of stomach trouble vary. Some victims have a ravenous appetite, others loathe the sight of food. Often there is a feeling as of weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is a frequent and distressing symptom.

A weak stomach needs a digestive tonic and that there is no better tonic for this purpose than Dr. Williams' Pink Pills is shown by the statement of Mr. A. C. Merrill, a mining man, of Oneals, Calif., a veteran of Battalion C, Third U. S. Regular Infantry.

"I had never been well since I left the army," he says, "always having had trouble with my stomach, which was weak. I was run down and debilitated. Could keep nothing on my stomach, and at times had sick headache so bad that I did not care whether I lived or died. My stomach refused to retain even liquid food and I almost despaired of getting well as I had tried so many kinds of medicine without relief. Then I was bitten by a rattlesnake and that laid me up from work entirely for a year, six months of which I spent in bed."

"One day a friend recommended Dr. Williams' Pink Pills to me and I began taking them. They cured me when all other medicine had failed. I have recommended the pills to a great many, for during my recovery every one asked me what was helping me so and I told them Dr. Williams' Pink Pills. I cannot speak too highly of them."

BREAK IS SOUGHT

IN "SOLID SOUTH" - Taft Says It Is Republicans' Turn in Dixie. Special to The Telegram. GREENSBORO, N. C., July 10.—Secretary of War Taft spoke last night before the meeting of the republicans of the state.

Secretary Taft said in opening when he was invited to address this meeting the committee advised him that the "situation was such that if the proper effort was made at the coming election it would be possible to carry the state for the republican party." The secretary added:

"I believe that nothing that could happen in the politics of this country would work greater advantage to the country at large and to the south in particular than the breaking up of what has properly been known as the 'solid south.' I say this in no partisan spirit, for I am not one of those who think that this result would necessarily increase the probability of the continuance in power of the republican party."

"The south has been in a measure furnished its own antidote in restraining many voters in the north who might have left the republican party but for what they regard as the injustice and danger of southern political situations."

"The south has been kept solid by the specter of negro domination and by stirring up racial prejudices and arousing unfounded alarm over an impossible return of reconstruction days," said the secretary.

Mentions Bryan - The mention of Bryan's name in the course of Secretary Taft's speech provoked a storm of applause. The local opera house was packed to overflowing by a throng eager to hear the secretary of war and hundreds of persons were turned away because of the limited size of the hall. The secretary was warmly applauded throughout his speech.

Mr. Taft left Greensboro tonight for the north, en route to Put-in-Bay, where he will deliver an address July 11 before the Ohio Bar Association.

ROPE TO HANG MARTIN READY

Twenty-one Persons Have Been Executed With It

VISITORS NOW BARRED

Condemned Negro Requests Sheriff to Keep Sightseers Away During Last Two Days of Life

Rufus Martin has two days longer to live—only two days—and he is improving what time is left him in this world by preparing himself to enter the other. He has requested Sheriff Honea to allow no more people to visit him through their curiosity, as he does not wish to be disturbed. Sheriff Honea will respect the condemned man's wishes and hereafter will admit no one except the man's spiritual advisers.

Monday morning there was quite a rush to the jail of people to see the man and it was that that put him out of sorts. No more sightseers will be admitted to the jail.

The gallows was completed by Sheriff Honea Monday and found to be in good working order. The rope which will break Martin's neck was also tested and found to be all right.

Sheriff Honea said a Telegram reporter Monday that he had received at least 2,000 applications for tickets for admission to the execution Thursday, which he had turned down.

"The execution will take place about 1 p. m. Thursday," he said, "but those who are to witness it will be admitted after 11 o'clock. The admission permits I will confine myself to the law, which permits the following to witness the hanging:

One representative from each newspaper, officers of the courts.

Three physicians.

The jurors and witnesses in the case.

A dozen representative citizens as witnesses to the fact that the sentence of the court has been carried out.

Sheriff Honea will cut the rope that will let the drop fall.

Historic Rope.

The rope with which Martin will be hung has done some other things and when it is used in this execution it will have hung its twenty-second victim. Following is a history of this celebrated hangman's rope:

According to the best record that has been kept one score souls and one have been launched into eternity by the rope.

Albert Johnson was the twenty-first person to meet death at the end of this piece of hemp. So far as is known Johnson was the first criminal on whom the rope was used after the execution of John Henry Young in Waxahachie the fourth Friday in last March.

Owned in Cleburne.

This rope is the property of W. A. Stewart of Cleburne, ex-sheriff of Johnson county. Mr. Stewart had the rope made in St. Louis in 1878 to be used in the execution of John H. Shaw, a white man. The rope was made by a German and was hand twisted, the very best quality of hemp obtainable being utilized in its manufacture. The rope is eighteen feet long and cost Mr. Stewart \$12.50. The rope made to go around the neck of Shaw has never been changed.

The execution of John R. (Stokes) Shaw was the last chapter of one of the most atrocious murders ever committed in Johnson county. The records of the courts show that Shaw was convicted of the murder of Tom Crain, the dead having been committed to New City Jail. Crain and Shaw lived on the Pierce ranch in the western part of Johnson county. The murder was committed in what was then and is still known as the "Jungle" pasture on that ranch and was several days after the commission of the crime before the body was found. Suspicion did not at once attach to Shaw, but when the search started developments were rapid. Shaw was arrested and lodged in jail on Jan. 8, 1898, was convicted of the murder and sentenced to the death penalty. Later, he was sentenced to be hanged on August 5 of the same year. On August 3 Governor Culberson granted a reprieve for one week, on the night of August 10 he made his escape from the jail in a most daring manner. The death guard had gone to sleep, but when a knock near Shaw's cell, by means of a hook, made of wire taken from a broom, around which he wrapped newspaper to make it stiff, he unlocked the cell and the guard's pants. Taking the coil key from the pockets he unlocked the cell and in a few minutes had made his escape safely from the jail. When the guard awoke the prisoner was gone. He was at large about ten days and was recaptured at Malakoff, Henderson county, by officers and citizens from half a dozen counties having joined in the search. When recaptured Shaw's clothing was in tatters and he was almost famished for food. On his return to jail the date for his execution had passed and considerable delay was then occasioned. He was tried on a felony charge at the next term of the county court, but the charge of larceny was not established. He was finally hanged Nov. 25, 1898, the first anniversary of the murder. Since the execution of Shaw two more men have been hanged at Cleburne. One was John Renfro, who shot and killed an old man named Williams at the south door of the courthouse in Cleburne. Renfro's case was a somewhat famous one. A little more than two years ago Henry Fugett, colored, was hanged for the murder of his wife, whom he almost cut to pieces with a knife.

List Not Kept.

It has been impossible to obtain a list of all who have met death at the end of this historic rope, as no record of same was kept by Mr. Stewart. According to the memory of Mr. Stewart the rope has hanged three men at Cleburne, three at Waco, four in Waxahachie, one in Hillsboro, one at Sherman, one at Franklin, one at Kaufman, one at Wichita Falls and two at Bonham. He did not give this

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN.
Coughs, Colic, Diarrhea, Worms, Teething, Stomach Troubles, and Destructive Cures for Infants and Children.

Mother Gray, 100 West 11th St., New York City.

list as being absolutely correct. The rope has done other things, but he had forgotten them.

At Sherman on June 18, 1900, Sil Spears, colored, was hanged for the murder of his wife. At that time Spears was the twelfth man executed with the Stewart rope.

In the spring of 1900 King Martin, a negro, was executed at Kaufman.

In the spring of 1899 a negro named Tom Robinson was hanged at Hillsboro.

On Oct. 27, 1889, Walter Ford was hanged at Waco for the murder of Lucindy Moore, his sweetheart, which occurred June 25, 1898. Will King was executed Oct. 25, 1901, for the murder of Policeman John Mitchell, which happened Oct. 27, 1900. On Jan. 8, 1902, Anderson Norris died at the end of this rope for the murder of Mrs. Emma French, a white woman, which occurred in Navarro county, near Frost, Dec. 5, 1900. This case was transferred to Waco from Corsicana on a change of venue. All the parties hung at Waco were negroes.

Four negroes have gone through the death trap at Waxahachie at the end of this rope. The first hanged was Fred Sawyer, a white man, who was executed Jan. 15, 1899.

On March 25, 1904, Broder Smith was executed for the murder of his wife, John Henry Young, which happened last year for the murder of Albertus Moore, colored, and the hanging of Johnson makes the fourth for Waxahachie.

CHILEAN CONSUL VISITS FT. WORTH

A. A. Winslow Stops on Way to New Post at Valparaiso

Interesting, indeed, are the descriptions of life in Guatemala, and the Guatemalans given by A. A. Winslow, who is here on his way to his new post at Valparaiso, Chile, and is spending a short vacation here before taking up his new duties.

Mr. Winslow speaks enthusiastically and says that the present weather in Fort Worth is the warmest he has experienced since leaving this country. He says the temperature there is never more than 80 degrees nor less than 49. The 1903 census of the country gave the entire population 1,500,000, of this number about 15,000 are foreigners, mostly Americans, Germans and English, with the Germans predominating. The natives are very interesting and are natural musicians. They also possess considerable artistic ability and excel as engravers. The men of the middle classes are very intelligent and general in their education, especially clever as cabinet makers and carpenters. The bull fight and the theater form the chief amusements with the better class and for the Indians the cock fight is a prime favorite.

"Guatemala is a country of wonderful natural wealth, and if properly governed and placed on a stable monetary basis, should in a few years become a Mecca for those who desire a home in a land that has perpetual sunshine and Mr. Winslow says the mineral resources are enormous, and have as yet been but imperfectly developed, although over \$4,000,000 has been spent in the search for gold. There is in paying quantities, and some very rich placer mines have been developed, but the silver predominates. It is an easy matter to get a permit of the government, which allows it in parcels 200 by 600 meters in extent, and claims to be only one of the mineral wealth found upon it.

"The horses and hogs are raised in considerable quantities, but only the hides are shipped out of the country, the flesh being all consumed at home."

DRUGGISTS TALK SUNDAY CLOSING

No Agreement Was Reached at Monday Meeting

It is probable that the recent declaration of the question of Sunday closing for drug stores will result in more Fort Worth druggists adopting the Sunday closing plan. The matter was discussed very fully at a meeting of the Tarrant County Retail Druggists Association Monday night and opinions were freely expressed. J. M. Parker, who started the Sunday closing here, told the druggists present the results of his experiment.

As a result of resulting in a loss of business he said that it had been entirely satisfactory and the receipts of his store during the month of June, which he had been closed Sunday all day on Sundays, had been considerably in excess of former months. The meeting was largely attended and while many of those present seemed to favor an open store on Sunday, a resolution was introduced by Dr. J. L. Cooper, in which the sentiment was expressed that members of the association would not hold for Sunday business and do no work not highly essential to the welfare of the community. In communities where the patronizing citizens desire the stores to remain closed on Sunday the request may be granted. The resolution passed.

It was brought out during the discussion that the organization was out for mutual benefit and had no authority to prescribe rules for the government of its members. Members of the druggists' association had been invited to attend the meeting to discuss the Sunday closing question, but in their absence a committee was appointed to wait on the meeting and obtain their opinions on the matter. The committee consists of C. D. Ambrose, J. W. Covey, L. M. Whitsitt, Dr. J. L. Cooper and J. H. Reeves. It will report at a future meeting. A movement is on foot among some of the south side druggists to close their stores on Sunday for all but a few hours, perhaps two hours in the morning and two in the afternoon. This plan was suggested to the druggists' meeting Monday night by L. M. Whitsitt and was favorably received.

Oysters cannot live in the Battle Sea, the reason being that it is not salt enough. They can only live in water that contains at least 27 parts of salt to every 1,000 parts of water.

THE GREAT JULY SALE

Undermuslin

It's another great opportunity for the Fort Worth people to buy under actual worth. "The Store Ahead" constantly plans some special feature that will benefit its patrons. This sale was scheduled for June, but about 3,000 of the garments were delayed, hence we're just 30 days later than usual with this annual summer event. We've an unusual lot of Undermuslins to dispose of, but we've applied freely the clearance remedy—"cut price."

This sale includes all the Undermuslins in stock, from the very lowest to the very finest hand made. The snow white, spotless garments; also those that are soiled from display—all are going at cut prices. However, you must expect to buy the mused garments for less money than the spick span; yet they're just as good in every way—for the majority of women have all garments first laundered before using.

To facilitate matters and make it easy for patrons to be waited upon, we have arranged the garments on special tables. Come, pick them out. You will never find better values.

- 10c Children's Undergarments—Drawers for ages size 6 to 12; hemstitched; hem with tucks; Children's Button Waists, Infants' Slips and Ladies' Corset Covers; one lot, choice 10c.
- 15c Children's Drawers and Skirts, with ruffles; size 4 to 12; also in this lot Ladies' Corset Covers; great lots, worth double the price we name; Rebuilding Sale, grand choice, 15c.
- 25c Specially good choosing line of Ladies' Gowns, Drawers, open and closed; Corset Covers; a splendid line of different styles; on sale, choice of any this week, 25c.
- 50c Another special table contains Gowns, Drawers, open and closed, and Corset Covers, Chemise and Skirts; lace and embroidery trimmed; all of good muslin, choice, 50c.
- 67c Special table Cambrie and Muslin Gowns, Chemise and Corset Covers—a splendid line of well made and nicely trimmed garments; special sale, choice for 67c.

CENTAUR COMPANY WINS

Awarded Decision in Fight Over "Castoria"

Special to The Telegram.

ST. LOUIS, Mo., July 10.—A decision of importance to manufacturers of proprietary remedies was handed down Monday by Justice Finkenburg in the United States district court in the case of Centaur Company vs. Palestine Drug Company. The complaint, captioned by Charles H. Fletcher, is president, is the manufacturer of "Castoria" and succeeded to the business of Samuel Pitcher, the original inventor. The defendant, Palestine Drug Company, has been putting up "Castoria" in this city and the Centaur Company claimed that its rights were infringed upon. The suit, which has been pending for several years and which was vigorously contested, was decided in favor of the Centaur Company and a perpetual injunction and an accounting were ordered.
