Help Build A Better Community By Trading At Home

VOLUME FORTY FIVE

CROSS PLAINS, CALLAHAN COUNTY, TEXAS,

THURSDAY, SEPTEMBER 2, 1954

NUMBER TWENTY-THREE

School bells rang out here Monday morning of this week signalling the opening of the fall semester of school, and as usual the old town was abuzz with activity and excitement, with some students seen heading toward school as early as 6:30 a.m. While we cannot put our finger on it, there is something about the opening of school that brings a community back to life. There is always more noise and laughter when the kids pass through town going to and from school and everyone seems to be in a better frame of mind.

Supt. Paul L. Whitton reported that everything went off according to schedule opening day and that a complete faculty was on hand to take charge of a total of 545 students. This department wants to welcome everyone back in the local schools and it is our sincere wish that this will be the happiest and most successful year in the history of the school.

Opening of school always heralds the beginning of a new football season and the Buffaloes are wasting no time this year. First game of the season, a non-conference clash with the Baird Bears, will be played at Baird Friday night. While the Buffaloes could hardly be classed as conference contenders, the team should prove to be somewhat stronger at the start this season that it was last year and with experience should develop into a fine team. The line is big and seasoned but the backfield shows weaknesses in speed and experience. Still smarting from a 12-7 defeat handed out by Baird here last year, the Buffs can be expected to put out their best to beat the Bears Friday night and it is hoped that a large crowd of fans will follow them to Baird to "root" for them.

The elections are over and this department is glad of it. Never can we remember has there been more underhanded tactics used by politicians and their supporters to gain votes. Seems that a new low has been reached with the "big lie" being used by many as their principal vote-getting instrument. The days is fast approaching when a good man will not be willing to jeopardize his standing among his neighbors by allowing his name to be placed on a ballot for public office. Seems that the day of campaigning on a platform regarding vital issues of the day and a candidate's qualifications is gone... but let's hope for it's return soon.

Attention of the men of this community is called to the announcement of a meeting of sports fans for the purpose of organizing a Quarterback Club here. The meeting will be held at the high school building tonight (Thursday) and it is hoped that a large number will be in attendance. The Quarterback Club hasn't functioned here for the past two years and since there is a definite need for an organization of this type, it is hoped that a strong club can be organized to look after the community's interest in the school athletic programs. Don't forget, tonight at the high school, beginning at 8:00 p.m.

Mr. and Mrs. T. Y. Woody visited their daughter, Mrs. Pete Barber, and family in Houston over the weekend.

Paul Brashear Wins 76th Legislative Post By Wide Margin Over Incumbent Omar Burkett

Voters in Cross Plains and the 76th Legislative District turned out in large numbers last Saturday and elected Paul Brashear of Cisco, a former Cross Plains boy, as their new representative in the State Legislature, giving him an almost 2-to-1 margin over Rep. Omar Burkett, also of Cisco.

Total unofficial vote in the district gave Brashear 6,441, and Burkett 3,693.

Making his first bid for public office, Brashear led in all three counties comprising the district and more than doubled his opponent's vote in their home county of Eastland where the vote was 4,210 for Brashear to 2,020 for Burkett. He carried Callahan County 1,548 to 1,071, and Shackelford County, 683 to 602.

It was a reversal of the field over the first primary when Burkett led Brashear by a vote of 4,388 to 3,963. C. H. Dawson of this city received 1,073 votes in the July Primary.

Burkett was seeking his second term as representative from this district. He had previously served as legislator for the old 107th District composed of Callahan and Eastland counties, from 1939 to 1945, and had based his campaign on a promise of economy in government with absolutely no new taxes.

Brashear, a native of Cross Plains, has never held public office, but

Farmer, Brashear And Shivers Are Choices Of Local Voters In Run-Off Primary, Saturday

Voters of the Cross Plains precinct turned out in an exceptionally large number last Saturday to cast ballots in the Democratic Primary run-off election, with a total of 569 votes being counted.

Lester Farmer was the choice of local voters in his bid for re-election to his sixth term as County Judge, winning over Joe Pierce in the local box by more than 4-to-1. The tally was 456 for Farmer to 113 for Pierce. In the county as a whole, Farmer eked out a win by a margin of only 68 votes. Total vote in the race was 1,390 for Farmer to 1,322 for Pierce.

In the first primary Farmer held a 315-vote lead over Pierce, who has been county sheriff and tax assessor-collector for six years.

E. E. Shelton of this city was unopposed for Justice of the Peace, Precinct 6, and polled 658 votes.

Cross Plains voters favored Allan Shivers 369 to 200 over Ralph Yarborough in the governor's race but in the county the total vote was 1,380 to 1,339 in favor of Yarborough.

Paul Brashear of Cisco led his opponent, Omar Burkett, in the race for Representative of the 76th District by a vote of 350 to 201 in Cross Plains and held a lead of 1,548 to 1,071 in the county.

Few Brewster won out in the race for Associate Justice Supreme Court, Place 1, by receiving 1,382 votes over his opponent, Alfred M. Scott, who polled 785.

Lloyd W. Davidson was unopposed for Judge, Court of Criminal Appeals. He received 2,708 votes.

Susan Price Harlow, Long-Time Resident, Buried Here Friday

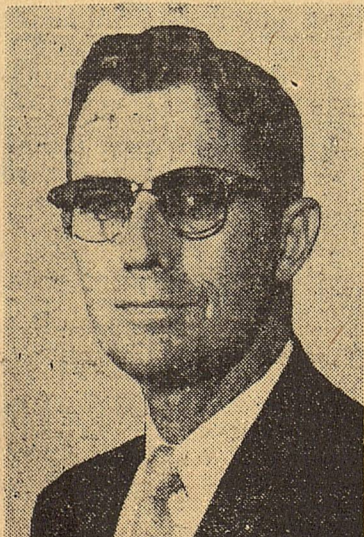

Mrs. Susan Price Harlow, 92, one of Callahan County's oldest residents, passed away Wednesday afternoon, August 25, at the home of her daughter, Mrs. C. H. Wright, here following an illness of four weeks. She had been a resident of Cross Plains for 62 years.

Mrs. Harlow was born in Black-oak Point, Missouri, March 7, 1862, daughter of the late Mr. and Mrs. R. D. Beesley.

Funeral services were held at the Cross Plains Church of Christ Friday afternoon at 3 o'clock with minister Cameron Sinclair officiating.

Survivors are six children: Mrs. C. H. Wright of Cross Plains, Mrs. W. F. Grazer of De Leon, Mrs. J. C. Browning of Sweetwater, Mrs. G. K. Johnston of Grayford, C. J. Harlow of Colorado City, J. M. Harlow of Abilene, and two stepchildren, Mrs. Albert Elliott, Divine, and W. F. Harlow, Cross Plains; 35 grandchildren, 34 great-grandchildren and 3 great-great-grandchildren.

Grandsons served as pallbearers. Higginbotham Bros. & Co. were in charge of arrangements. Burial was made in the Cross Plains Cemetery.

Coaches James Alexander and Roy Byrd and the Cross Plains football squad will journey to our neighboring city of Baird Friday night where they will open the 1954 season with a non-conference clash with the Class B Baird Bears.

Head Coach Alexander stated this week that his squad will be somewhat stronger than last year's team for the first game and fans can expect the Buffs to put out their best to beat the Bears after taking a defeat from the Baird lads last year by a score of 12-7. He pointed out that the game will not be an easy one as the Bears lost only four men from their last year's roster and went through the season with only two defeats.

Good Line
The Buffaloes will have a good line this season, averaging 164 pounds per man, but will be weak in the backfield departments, with only two lettermen starting there. Returning backfield lettermen will be Homer Robinson at quarterback and Glenn Fleming at halfback. Bill Sipes, all-district tackle for the Buffaloes last season, has been moved to the fullback position and should provide the team with a lot of power in this department. The backfield averages 162 pounds per man.

Team captains for the opening game will be starting tackles Vernon Baum and Bobby Phillips.

Starting Line-Up
Coach Alexander stated that with the possible exception that Clark Baum may start at a guard or tackle position, the following boys will start for the Buffs:

Player	Pos.	Wt.	No.
Jim McDonald	E	132	23
Billy Kirkham	E	132	26

LOCAL SCHOOLS GET UNDERWAY WITH GOOD ATTENDANCE; 545 ARE ENROLLED

Local schools got underway Monday morning of this week with a good opening day attendance, and according to Supt. Paul L. Whitton, the enrollment totalled one student over the enrollment last year. This year's enrollment totalled 545 students with 374 registered in grade school and 171 in high school.

Boys Outnumber Girls
In the over-all enrollment, boys outnumber the girls, 299 to 246, but in grade school the registration shows two classes, the fourth and fifth grades, with the boy-girl count running 55 to 18 in favor of the males. Each class has a total of nine girls while the fourth has 24 boys and the fifth has 31.

According to Supt. Whitton, the enrollment in grade school is exactly the same as last year, with the high school enrollment totalling one over last year's enrollment.

Enrollment by Grades
Following is a breakdown of the enrollment by grades:

Boys		Girls		Total
First Grade	27	23	50	
Second Grade	26	14	40	
Third Grade	19	29	48	
Fourth Grade	24	9	33	
Fifth Grade	31	9	40	
Sixth Grade	29	17	46	
Seventh Grade	20	30	50	
Eighth Grade	36	31	67	
Ninth Grade	27	26	53	
Tenth Grade	25	24	49	
Eleventh Grade	16	18	34	
Twelfth Grade	19	16	35	

School officials stated that a few additional students are expected to enroll during the week.

Supt. Whitton stated that he was well pleased with school opening and that everything is going along smoothly.

Officials Urge School Ahead Of Jobs

Dallas—With school bells nearly ready to sound the fall opening of the nation's public schools, education-minded officials of the U. S. Department of Labor here are concentrating on keeping employment from hampering youthful education. It is best, they say, for every youngster to finish his schooling before venturing into the working world on a permanent basis.

Child-labor provisions in the Federal Fair Labor Standards Act generally prohibit the employment of children under 16 years of age in agriculture or in any other occupation covered by the law during hours when school is in session.

Regional Director William J. Rogers of the U. S. Labor Department's Wage-Hour Division here said such unlawful employment should not cheat youngsters of an education.

"The economic well-being of individuals and communities is directly related to their levels of education," he said. "It is to the material interests of both to aid educational upgrading."

Since Congress enacted the law in 1938, he said he hoped it was generally understood to apply equally to local resident children and to migratory children.

It does not exempt a farmer's own child working on the parents' farm. But farmers are responsible under the law, the same as other employers, if they employ underage children during school hours.

Former Pioneer Man To Wed Coleman Girl

Sing a Song of Sixpence

"A pocket full of rye..."

Maybe, in the old days, sixpence would buy something, but TODAY...

- COST OF LIVING IS SKY HIGH
- COST OF GOVERNMENT IS SKY HIGH
- COST OF DOING BUSINESS IS SKY HIGH

And sixpence won't buy a pocket full of anything except ELECTRIC SERVICE. In fact, it will buy MORE than ever, because my wages per hour are lower. Yes, your Electric Service is the ONLY thing that costs less per unit than it did 10 years ago.

Be Modern... Live Electrically!
Reddy Kilowatt

West Texas Utilities Company

Your Electric Rates Have Stayed Low: It's a fact... in homes served by WTU the average cost of a kilowatt hour of electric service costs 22% LESS than it did ten years ago.

New Housing Act Makes It Easier For Veterans To Borrow More Money

Veterans should find it easier to get supplemental loans for major alterations, repairs and improvements to their GI homes as a result of the Housing Act of 1954 and new Veterans Administration streamlined procedures, VA announced today.

The Housing Act, which became law on August 2, 1954, makes it possible for World War II and post-Korea veterans to take advantage of any unused GI home loan entitlement for home improvement loans.

To further encourage lenders to make more such loans, VA now will allow supervised lenders holding GI home loans to complete home improvement loans to their veteran-borrowers without getting clearance in advance from VA.

VA estimated that more than 3,000,000 of the 3,351,000 veterans who have obtained GI home loans have some home loan guaranty entitlement left. Previously, if a veteran had not used his maximum guaranty entitlement of \$7,500, there were restrictions on the balance. Now, with the passage of the 1954 Housing Act, there are no limitations on the use of any part of the maximum guaranty for home improvement loans.

VA emphasized that under the amended GI Bill, a supplemental loan may be guaranteed or insured by VA only if it covers repairs necessary for the protection of the property or will substantially improve the basic livability or utility of the property.

The VA move to allow lenders to process home improvement loans without VA's advance approval is extended only to lenders who are supervised by Federal or State banking authorities. These lenders hold nearly 85 percent of all GI loans.

Non-supervised lenders and lenders who are not holders of the primary mortgage must continue to get VA's approval before processing supplemental loans.

In another streamlining step, VA will accept the appraisal of a supervised lender on a home improvement loan or not more than \$2,500. VA obtains its own appraisal on any loans over that amount. The previous limit was \$1,000.

The new Housing Act coupled with VA's new procedures should stimulate GI home improvement loans at a time when many veterans are thinking about improving or expanding their home, VA said.

Veterans have reduced their original GI loan debt, and according to Government surveys, have increased their earning capacity. This linked with larger families has increased the demand for home improvement loans.

Veterans may obtain supplemental loans even though they do not have any loan guaranty entitlement remaining if the lender is willing to make such loans. In these cases,

VA will not increase the amount of guaranty but will re-write the guaranty to cover the supplemental loan.

In those areas where it is permissible, GI supplemental home improvement loans may be secured by "open-end" mortgages.

Mr. and Mrs. Fred J. Tunnell of Dallas were week end visitors here with their parents, Mr. and Mrs. Fred V. Tunnell and Mrs. John Browning. Tommy accompanied his parents home Sunday after a months visit here with his grand-parents.

Mrs. J. W. Chapman and children, Bill and Kathryn, left the first of last week for Newkirk, Okla., to make their home. Rev. Chapman, pastor of the local Baptist Church, will join his family in Newkirk after the first of the year, when he retires from active pastorate work.

Mr. and Mrs. Roland Bryan and family and Mr. and Mrs. Nolan Bryan and family all of Abilene visited in the home of their mother, Mrs. W. L. Bryan, Sunday. Mr. and Mrs. Nolan Bryan and son left Sunday for Lamesa where he will be employed.

Fort Worth—Movement of cattle and calves to market at Fort Worth and all around the market circle this week was again seasonally heavy. The drought continued to pinch larger and larger portions of the Southwest and this condition brought "shipping day" to more and more farms and ranches.

For the most part the packers were singing the blues over the condition of the dressed meat trade and the fact that currently their slaughter is running far behind a year ago at Fort Worth and other Southwestern packing centers.

This gloomy mental attitude was not shared by the buyers of stocker and feeder cattle and calves. Order buyers and dealers at Fort Worth said they could use many more high quality stockers and feeders than they are getting in the runs, and it appeared that feeding of cattle in the 1954-55 season would be at a heavy rate.

Corn Belt and Western States feeders had a good year last year with estimated profits by the USDA running between \$30 and \$40 per head. While this was above the average, the spread between feeder costs and fat cattle prices has narrowed somewhat this year, the feeders were apparently able to see a favorable margin still.

This served to take thousands of calves and yearlings out of packer channels and into stocker and feeder channels. At Fort Worth Monday the good and choice quality stocker calves and yearlings drew \$15 to \$19, a few calves higher, older steers and long aged yearlings drew \$18 downward.

Slaughter calves were bid lower and in many cases sold well below last week's high time. Cows were steady to 20 cents lower most of the more desirable kinds selling pretty near steady and the junkier and excessively grassy kinds taking the dip. Bulls were weak to 50 cents lower and sold fully \$1 below two weeks ago. Fat steers and yearlings drew steady prices, with choice fat kinds topping in the \$20 to 23 bracket.

Hog Prices Tumble
Lowest In Weeks:
Top hogs sold at \$21.75 at Fort Worth Monday, a break of 75 cents per hundred under last week's close. This was the lowest point in several weeks.

Packers reported pork sales were lagging and pointed to breaks in wholesale pork prices last week of from \$4 to \$9 per hundred at some of the Eastern population centers.

Supplies of hogs were increasing seasonally to some extent, but it appeared the pork was running into a combination of hot weather and liberal supplies of other kinds of meat as the principal factors in their downfall.

Packers pointed out that a heavy percentage of the hog requires some time to cure and process and with the Fall season at hand and its increased supplies coming up the long-term view on pork prices was definitely inclining downward barring unforeseen developments.

Sheep And Lambs.
Despite lowered dressed meat reports from Midwest and from Eastern centers, in the past several days the lambs and sheep held steady at Fort Worth. Some steady support from the stocker and feeder buyers

Athlete's Foot Discussed By State Health Officer

Austin—The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives best where there is moisture and warmth. Therefore, the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from someone else," states Dr. Henry A. Holle, State Health Officer. "The most common places to contract the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is probable that at least one-half of all adults suffer from the infection at some time."

The following measures have been suggested for preventing and avoiding recurrent attacks of athlete's foot:

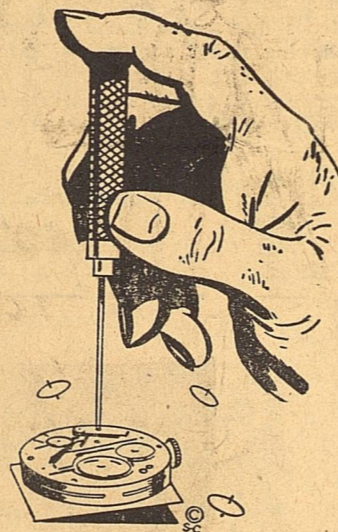

1. After bathing, dry carefully the spaces between the toes.
2. Liberally apply a plain, un-scented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
3. Wear properly fitting hose, that are absorbent but not too coarse.
4. Wear shoes that are not too tight, nor too large. They should fit the foot comfortably.

Mrs. John Falkner of Killeen is visiting this week with Mr. and Mrs. H. V. Falkner.

was a prop under the market as was the fact that receipts were rather light. There was steady demand for breeding types of ewes when they had quality and were of suitable ages to go back to the country.

Good and choice fat lambs topped at \$18 and \$19, and were considered by the trade as quotable to \$20 and \$21 when they were suitably fat and conditioned. Stocker and feeder lambs were quotable around \$12 to \$16. Slaughter ewes sold from \$3.50 to \$6 and stocker ewes ranged from \$6 to \$10, a sizeable string of good ewes at \$10 going back to the country from Fort Worth Monday that averaged 115 pounds.

Washington

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

Washington, D. C. — The 83rd Congress is now history. Unless the President should issue a call for a Special Session, adjournment will extend to the opening of the 84th Congress in January.

Looking back over the activities of this Session of the Congress just closed, it is doubtful one could successfully say it has been a "do-nothing" Congress. Right or wrong, it has been an extremely busy two years.

Several months ago in this column it was pointed out that legislation as finally passed seldom suits everyone exactly. Under our system of Government it is a give and take proposition and compromises must be worked out all along the line. I recall that four years ago a bill which I introduced was amended to the point that I did not want to vote for it myself on final passage.

There is one criterion I always try to follow: Is it good for America and is it good for all the people? A "victory" for the few, at the expense of the many, is a defeat for all.

The Watershed Protection Act has been signed into law by the President. The law has been enlarged and made permanent providing for flood prevention by the construction of dams on up-stream watersheds.

Incidentally, a provision in the new Tax Bill has a feature of more than passing interest to Soil Conservation Districts.

A section of the bill permits farmers and ranchers to charge off for income tax purposes expenditures for certain soil conservation practices up to 25 percent of the gross income derived from farming during the year.

The debate on the new Farm Bill centered around the proposition of flexible price supports versus rigid price supports at 90 percent of parity. In addition to the adoption of the flexible price support system, there is another "catch" in the law. The original formula of determining parity has been changed. It is called the "modern" parity formula and is going to lower the level of parity in addition to lowering price supports. Wheat and peanuts will especially be affected in 1956. I pre-

dict the wheat farmer and peanut farmers are going to be considerably worse off than it now appears on the surface.

Since the Congress is adjourning, and unless there should possibly be a Special Session, this column will be discontinued until the first of the year. I take this opportunity to express my appreciation to the newspapers which carry this report to the people. I am grateful to the many who have written me comments from time to time on various subjects discussed.

While the Congress is not in Session, I can be contacted either through my Washington office, in my home town of Anson, or at places I will be visiting over my Congressional District. Ruth and I will return home for a time and will welcome a contact with our friends, whether it be business or personal.

Mrs. Pink Barr had as guests over the week end Mr. and Mrs. A. A. Williams of Seminole.

Mr. and Mrs. Jerry Kent of Superior, Ariz., are visiting in the home of Mr. and Mrs. C. A. Kent this week.

Mrs. Norma Saunders made a business trip to Goldthwaite Wednesday.

Mr. and Mrs. E. O. Kizer of Burnet visited their son, Ralph, and family here this week end.

Teddy Walker left Friday for Rankin where he is a member of the faculty there again this term.

Mrs. J. O. Chew is here from San Antonio for a visit with her sister, Mrs. T. M. Davis.

Some alligators have as many as forty sets of teeth during their lifetime.

Yankee Stadium in New York City is as "The House That Ruth Built."

Rodrigo de Triano is believed to have been the first of Columbus' crew to sight land.
