Bayou Philosopher Favors Pay Raise For Congressmen; Wants Farmers Included, Too

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou seems to want to attach a rider on the Congressional pay bill, his letter this week reveals.

Dear editor:

Being interested in the welfare of the country, which includes the welfare of Congressmen, I naturally have been interested in the efforts being made to increase the salary of the latter up in Washington.

A lot of reasons have been given as to why Congressmen ought to make more money, that is, more money in their regular government pay, this has no reference to anything that comes in on the side in some cases. I don't know if Congressmen are as smart as state office holders or not but I know of one or two cases where a state employee can take a \$6,000-a-year salary and in a few years become wealthy, by sheer economy and financial genius, I guess, like turning off the lights at home except the one he's sitting under, at any rate, to get on with what I was saying, out of all the reasons given why Congressmen ought to have their salaries increased, the one I liked best is this:

Living costs have gone up, and it wouldn't do to keep the pay so low that only a rich man could

Cross Plains Leads County In Contributions To Annual March Of Dimes Fund-Raising Drive

Sipes To Open Butane Business Next Week

Cross Plains is about to get another new business, according to an announcement made here this week by W. J. "Son" Sipes, who stated that he would announce the formal opening of his new butane and propane business here next week.

He has purchased all the necessary equipment and expects to receive his license and permits within the next few days.

Formal announcement of the opening will be published in next week's edition of the Review.

Mrs. Homer Moon and Mrs. Etta Booth attended funeral services for J. O. Jones at Sipe Spring Tuesday afternoon.

Mr. and Mrs. Albert Clements and Wiley Clements of Stephenville visited Mr. and Mrs. Joe Baum and other relatives and friends here Monday afternoon.

Callahan County March of Dimes Chairman Fred V. Tunnell, executive vice-president of the Citizens State Bank here, announced this week that the community totals for the annual fund-raising campaign for the March of Dimes have all been reported and a check shows that the county subscribed \$4,025.90 this year.

Cross Plains led the county in contributions with a total of \$1,789.77, and exceeded last year's total by \$271.24, according to Chairman Tunnell.

Community totals were reported as follows:

Cross Plains	1,789.77
Baird	1,140.43
Clyde	532.84
Cottonwood	71.55
Rowden	54.28
Putnam	102.12
Oplin	180.00
Lanham	12.00
Eula	108.48
Denton	33.43
Dudley	1.00
Total	4,025.90

This total compares with \$3,360.34 contributed in the county last year, according to records.

Chairman Tunnell stated that the success of the drive was largely due to the efforts of the community chairman and he asked that the Review express his sincere thanks to everyone in the county who had a part in the successful campaign.

Buffalo Band Goes To Brady Friday For Annual Band Festival

Members of the Cross Plains Buffalo Band, accompanied by Director Bill King and several members of the Band Boosters Club, will journey to Brady Friday afternoon where the band will take part in the annual invitation Band Festival to be held there Friday night and Saturday.

The festival will get underway Friday night, when the participating bands will vie for honors as the best show band. Saturday morning the bands will play in concert to determine the best concert band and the festival will be climaxed Saturday afternoon with a big parade, when the best marching band will be chosen.

According to Director King, local band members will be guests of Brady residents Friday night. Brady is known throughout this area as a real "Band Booster City" and participating bands look forward to the festival from year to year.

Saturday Is Deadline For Filing For Places On City Election Ballot

City Secretary Ava Childers announced this week that next Saturday, March 5, is deadline set by state law for filing for places on the city election ballot.

The annual city election will be held at the city hall here Tuesday, April 5, when city voters will ballot on three places for aldermen on the city council.

According to Mrs. Childers, the terms of Lindsey Tyson, Volle McDonough and Edwin Neeb expire this year and as the Review went to press no one had filed for a place on the ballot.

In the event that no one files for the places, Cross Plains voters will have to write-in the names of their preferences.

Former Cottonwood Boy Is Vice-President Of Michigan College

East Lansing, Mich.—The first vice-president ever to be named in the history of the nation's first college teaching agriculture—Michigan State College—is a young man from Cottonwood, Texas, who has climbed fast and high in college education circles.

He is Durward B. Varner, son of Mr. and Mrs. H. S. Varner of Cot-

tonwood. At 38 years of age he has been vice-president at Michigan State in charge of all off-campus educational programs and director of the Continuing Education Service.

For the past 30 months he has been director of Michigan State's 400-person Cooperative Extension Service. In his new capacity as vice president to Pres. John A. Hannah he will coordinate all off-campus educational programs including both extension and continuing education.

"Woody" Varner's first contact with extension work was as a 4-H Club member in his home town of Cottonwood. He was graduated from Texas A. and M. College in 1940, served as an officer in World War II, leaving the service as a lieutenant colonel. He received his M. S. degree at the University of Chicago and has almost completed his work for his Doctor of Philosophy degree.

Michigan's progressive program in extension under Director Varner's leadership during the past 2 1/2 years has won national attention.

Wesley W. Smith, 74, Buried At Pioneer Wednesday, March 2

Wesley W. Smith, 74, resident of Pioneer and Cross Plains all his life, was laid to rest in the Pioneer Cemetery Wednesday afternoon, March 2, following services at the Pioneer Methodist Church at 3:30, Sister Fronie Blackwell of Cisco officiated.

Mr. Smith passed away in a Wichita Falls hospital Tuesday afternoon, March 1, following an illness of four years.

He was born February 16, 1881, at Pioneer, son of the late W. R. W. (Uncle Bill) and Francis Smith. He was engaged in farming in the Pioneer community until eight years ago when he retired and moved to Cross Plains.

He was married to Bertha Culvahouse, July 11, 1924.

Survivors are his wife of this city; a daughter, Mrs. Juanita Perdue by a previous marriage, of Abilene; three brothers, S. J. and W. D. Smith of Cross Plains, and J. L. Smith of Copperton Cove.

Nephews served as pallbearers.

Cox's Farmers Market To Celebrate 19th Birthday With Big Sale Saturday

W. T. "Tom" Cox, owner and manager of Cox's Farmers Market, announces in a display advertisement in this edition of the Review that next Saturday will mark the firm's 19th birthday in Cross Plains and a big sale and celebration is scheduled for that date.

According to the announcement, several boxes of groceries will be given away during the day and citizens of this area are invited to drop in at the store and register for these groceries. Free coffee will also be served throughout the day, it was said.

Mr. Cox states that, in his opinion, Cross Plains is the finest city in this section and he sincerely appreciates the fine patronage and many courtesies shown him here.

Mr. and Mrs. A. B. Harris visited Mrs. John Westerman at Dublin Monday evening.

Open House Planned At Local School In Observance Of Texas Education Week

The fifth annual Public Schools Week in Texas has been designated as March 7-12, 1955, and the Cross Plains School faculty and officials invite the public to visit the schools during this period. A special day, Tuesday, March 8, has been designated as a special day for visitation at which time lunch will be served in the school cafeteria.

School officials hope that the parents and general public will

meet this event with much interest and enthusiasm.

A school exhibit will be shown in the business houses of Cross Plains, and the public is invited to view this exhibit, which will be displayed throughout the week.

This observance is statewide, and the objective is to acquaint the general public with the facilities and procedures of the public school. A suitable thought from Dr. J. W. Edgar, Commissioner of Education, is:

"Texas schools will be good schools just as long as Texas people keep themselves informed about their schools, striving constantly for their improvement. Working together, we can succeed in our efforts to establish for all Texas children an educational opportunity that will be second to none."

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 101 years ago. In 1854 the first law passed establishing the public school.

It is a healthy thing in our democratic way of life to have an intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in the virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week. March 7 through 12. Schools will hold open house; accept hospitality, and you will enjoy the experience of going back to school—if but for a day.

Mrs. Belle Lustad Found Dead At Home

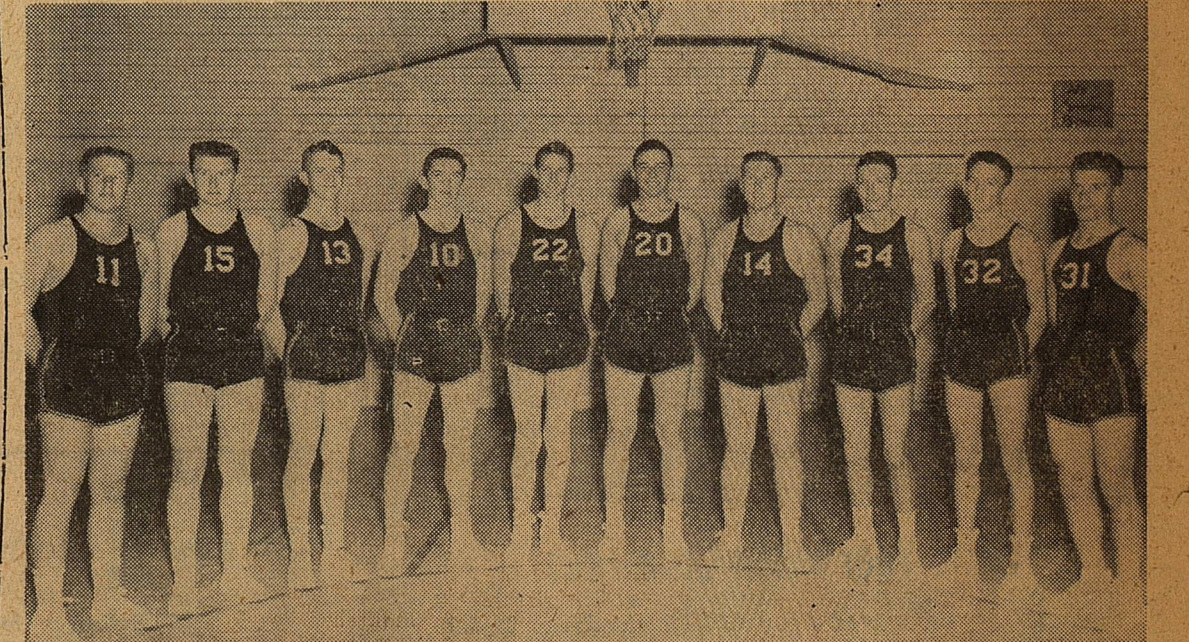

Mrs. Belle Lustad, 78, resident of the Pioneer community for 30 years was found dead Thursday afternoon at 6 p.m. by a neighbor who dropped by her home for a visit. Following an investigation it was reported she died by natural causes. She was last seen as she went to her mailbox about 1 p.m. Thursday.

Funeral services were held Saturday morning at the Pioneer Methodist Church at 10 o'clock and interment was made in the Moran cemetery.

Her only known survivor is a sister, Mrs. B. F. Martin, of Cisco. Higginbotham Bros. Funeral Home of this city was in charge of arrangements.

STOP MOTOR OIL KNOCK WITH HUMBLE UNIFLO

Humble Esso Extra gasoline for '55 will give you the best anti-knock performance you've ever had.

But motor oil can also cause knock. Some oils form combustion chamber deposits that raise compression ratios even higher, increase a high compression engine's tendency to knock. These deposits also cause pre-ignition ping.

Humble Uniflo motor oil does not form knock-causing deposits. Thus, in effect it raises the anti-knock performance of your gasoline.

Uniflo also saves gasoline, lengthens battery life, gives you

superior lubrication and cooling. You use the same grade the whole year around.

When you use both Esso Extra gasoline and Uniflo motor oil, you're using the best performance combination ever.

The entirely new gasoline with the highest performance rating ever offered Texas motorists.

When your car knocks, you're losing power, burning too much gasoline, dirtying your engine. Knock—even ping—is more than a noisy inconvenience—it's expensive, too.

But you can stop knock with Humble's Esso Extra for '55. This entirely new gasoline has the highest octane rating (anti-knock quality) offered Texas motorists.

It's an absolute must for the new high compression 1955 engines.

And it assures the improved performance of any car, any make, any model.

Get the Esso Extra habit! ... Your car will give you performance you never dreamed it had!

No. 1 in Texas

Now, more Texans than ever before prefer Esso Extra to any other premium gasoline.

Fort Worth—Another of the fine commercial feeding programs that are gaining such wide popularity in the programs for 4-H and FFA youths was climaxed when about 500 lambs and 50 people from Burnet County converged on the sheep barns at Fort Worth.

The Burnet County program is recognized as one of the best in

the State, and the lambs sold at good prices. Some in feeder flesh sold for \$13, and others with more fat sold at \$19 and \$19.50. They had short skin credits, mostly No. 3 pelts.

Some fancy full wooled lambs topped at \$22, and some choice milk fat lambs topped at \$22, also.

Slaughter lambs averaged 50 cents lower at Fort Worth Monday, while feeders and older sheep were steady. Feeders sold at \$20 down.

Scab Under Control
 Livestock and Sanitary Commission offices in Fort Worth reported all sheep involved in the current outbreak of scab in Kinney, Maverick and Uvalde counties are believed to have had their first dipping and the matter is under control, according to J. D. Jones of this office.

Cattle Scab in Colorado
 Ten southeastern counties in Colorado are engaged in a dipping and eradication campaign against scab. Work is progressing well there according to latest reports.

Texas' Calf Crop Sets Record
 The USDA figures just released on Texas' calf crop in 1954 indicate a total of 4,259,000, about one percent above the 1953 total of 4,211,000. It was the biggest calf crop on record, according to the department.

Expressed percentage-wise as the numbers of cows and heifers two-years old or older, it meant that the crop was 87 percent. This unusually high percentage came about despite drought. Calf crop was 85 percent in 1953, and average for the past ten years was 80 percent.

In the United States 42,210,000 calves, or 3 percent more, were raised in 1954. The 1953 total was 40,947,000. It was also an all-time record.

Fed Cattle Lower Monday
 Fed cattle were 50 cents and some bids \$1 lower at Fort Worth Monday. Heavy supplies at Northern Markets, plus the fact recent prices grade for grade at Fort Worth have been above the Corn Belt averages, was credited with weakening of the prices.

Choice steers topped at \$24. Cows were steady, and bulls unchanged. Calves were 50 cents to \$1.00 lower, heavyweights to \$21 and \$21.50, and mostly \$20.50 down. Stocker calves sold from \$22 down.

Hogs Top At \$17 Monday
 Butcher hogs opened at a top of \$17 at Fort Worth Monday. This was steady to 25 cents lower than last week's close. Buyers again were emphasizing the meat-type hogs and paying the better prices for those kinds. Sows were steady at \$15.50 down.

Homemaking Girls Meet To Elect New Officers

Joyce Tyler, reporter
 The Homemaking girls met February 28 in the cottage and elected new officers for next year. Elected were Bonnie Kirkham, president; vice-president, Sharon Dye; secretary, Mary Bain; reporter, Lynda King; parliamentarian, Vonda Dillard; historian, Martha Barnard, and song leader, Charlotte Dye.

The club decided to have a Mother and Daughter banquet on March 8 and plans are now underway for the event.

Every year the girls have had Twirl Week and this year it will be March 13-20.

Cynthia McQuin was elected to go with Mrs. Robinson to Stephenville March 4-5 as a voting delegate. They will go Friday night and a bus will go Saturday, taking the homemaking girls who desire to go.

A committee was nominated to go with Mrs. Robinson to buy a camera for the club.

Mr. and Mrs. Fred Morriss and Melody of Hurst and Mr. and Mrs. A. L. Barr of Midland visited Mrs. C. E. Barr and family here over the week end.

CITATION BY PUBLICATION:

THE STATE OF TEXAS

TO: Hoy-Garber Oil Company, a corporation, and the unknown heirs of each and every one of said stockholders, defendants, Greeting: You are hereby commanded to appear before the Honorable District Court of Callahan County at the Court House thereof, in Baird, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of March A. D. 1955, then and there to answer Plaintiff's Petition filed in said Court, on the 7th day of February A. D. 1955, in this cause, numbered on the docket of said court and styled J. B. Riddle, Plaintiff, vs. Hoy-Garber Oil Company, a corporation; Hoy-Garber Oil Company, a defunct corporation, and the officers, directors, stockholders and agents of the same, all of whom are unknown, and the unknown heirs of each and every one of said stockholders, Defendants.

A brief statement of the nature of this suit is as follows, to wit: That the plaintiff, J. B. Riddle, claims to be sole and only owner in fee in and to the One-Fourth undivided mineral interest of the W. E. Jones Eighty Acre Tract, being the East Half of Block Eighty-Four, Comal School Land Survey, Callahan County, State of Texas, and alleging that said Hoy-Garber Oil Company is holding title of record in trust for the said equitable owner, J. B. Riddle.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Baird, Texas, this 7th day of February A. D. 1955.

Attest: Mrs. Corrie Driskill, Clerk District Court, Callahan County, Texas. (SEAL)

Austin — Insurance bills have lagged. Water conservation measures are embroiled in dispute. And virtually no start has been made on a taxing program in the legislature.

As a result, lawmakers are eyeing a possible special session. Theoretical date for such a session is May 11. On that date the legislators' pay for the regular session stops.

It has been suggested that Governor Shivers may have foreseen a bog-down in the regular session, and therefore has not pushed his administration program. During a special session, he would have full control of subject matter which may be introduced.

Tax Bill

Rep. Jerry Sadler of Percella introduced the biggest tax bill of all.

Promising a lot of controversy, the bill would levy a one-cent per gallon processing tax on all gasoline and distillates produced in Texas. It would: Raise an estimated \$160,000,000 a year, repeal the present four-cent gas sales tax, and head off the administration's two-cent gasoline tax increase.

Sadler said its effect would be to reduce the price of gasoline to Texans three cents a gallon. Sixty percent of the gasoline is exported, tax-free, he said.

Meantime, Rep. Charles Murphy explained he hadn't yet asked for committee hearing on the administration's two-cent gas tax bill,

wanting sentiment to jell.

Some Fared Better

Passed by the House were bills outlawing sale of lewd and depraved comic books; permitting women to serve on juries; and regulating leasing for uranium and hard metals.

Amendments to the women's jury service bill narrowed considerably, the list of those who may be called to serve.

Furiously debated, the uranium bill was attacked as a "give away." Rep. Walling of Wichita Falls added two amendments. One will limit each lease to 80 acres to prevent one minor development from freezing exploration on large tracts. Another limits the primary term of leases to five years.

Interest was heightened by reports of a real uranium ore strike in Karnes County.

Rep. Maury Maverick's bill to prohibit cross filing of candidates by two political parties won a favorable report to the House.

Also favorably reported was Rep. Tom Joseph's bill to bring trust companies under supervision of the State Banking Department.

Not Faring So Well

Stymied in a House committee was a bill to increase the filing fee of candidates for the Legislature to \$300.

Killed by a Senate committee was Sen. Crawford C. Martin's omnibus water conservation bill. It embraced nine subjects carried in the series of administration bills offered by Chairman D. B. Harde-man of the water resources committee.

Martin warned that unless the Senate reconsidered and kept his bill alive, all others would be subject to being knocked out on a constitutional point of order.

Grand Juries Take Over

Meanwhile, three grand juries have stepped in on the veterans' land investigations.

Bexar County's grand jury was quickest on the draw, with two felony indictments. Then the DeWitt County grand jury at Cuero fired a double-barrel broadside of 195 indictments against six persons, DeWitt County Attorney

Wiley Cheatham started the whole land inquiry.

Travis County grand jury, with venue in every veterans' land transaction, had piles of ammunition and District Attorney Les Proctor had his thumb on the hammer.

Grand juries in 10 other counties have had some contact with the question.

Work by the Senate investigating committee had dribbled down to a schedule of sessions only every other Thursday.

In intensive hearings each week end, the House committee approached the question of administration and operations in the Land Office and Veterans Land Board.

Attorney General Shepperd predicted there will be "hundreds of indictments," and indicated more civil suits were in prospect.

Education

UT President Logan Wilson told the legislative finance and appropriations committee the university must have more money, or face the problem of halting its growth or lowering standards.

Requested, for two years for its main establishment, was \$9,700,000. The governor's budget recommendation cut this by \$2,400,000.

University and college students were to gather in protest of a bill by Senator Otis Lock. Hearing was set for March 2. The bill would authorize a compulsory \$20 per semester student activities fee.

Fair and Calmer

Austin's weather bureau has been in a tizzy answering the many telephone calls from weather-wary Austinites. To calm the atmosphere in the tower at Municipal Airport, a mechanical telephone answering device has been installed.

Callers now are told, "Your call is being answered automatically because the forecaster is busy." A complete weather report follows.

New Highway Maps

Issued by the Highway Department are 500,000 state highway maps for 1955, with a new and simpler fold.

D. C. Greer, State Highway Engineer, pointed out that the old wheeze about needing another map for refolding an opened travel map, is no longer true.

Auto license purchasers can obtain a special card for use in requesting a copy of the new map.

Mrs. Parker Baum of this city and Mr. and Mrs. S. J. Clark, Sr., and Mrs. Bob White of Comanche visited Tuesday with Glenn Clark, who is a patient in a Waco hospital.

Mr. and Mrs. Sam Swafford of Cross Plains, Mrs. Allie Lowery, Putnam, and Mr. and Mrs. Jess Hale, Carbon, attended funeral services for Mrs. Nannie Bagwell at Loraine, Sunday.

Mrs. Frank Woody has returned home from San Angelo where she has been visiting her son and family, Mr. and Mrs. Lewis Woody. Mrs. Woody underwent surgery recently but is reported to be doing fine.

7,000 Deaths Then . . . 310 Now . . .

Two decades ago, 7,000 children died every year of whooping cough. Last year only 310 children died of whooping cough.

What explains the difference? It's the new wonder drugs—unknown two decades ago. Priceless drugs? Sure! Yet the price of the average prescription hasn't gone up any more in 20 years than has the price of a pound of coffee.

INTERESTING FACTS ABOUT TEXAS

HIGHWAY TRANSPORTATION

There are 1788 Texas communities entirely dependent on motor vehicles for land transportation. Seventeen counties in the state do not have a single mile of railroad track within their boundaries, and there are forty-three county seats dependent on private cars, buses and trucks. They are served by motor vehicles over Texas' excellent system of state highways. Texas trucks and buses paid more than \$62,000,000 in motor fuel tax and license fees last year.

No gasoline—no, not a single one—has higher octane than

New 1955 GULF NO-NOX

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

and because it burns clean... New No-Nox gives you even more power-with-protection

GULF'S PLEDGE to the motoring public

• We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.

• It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.

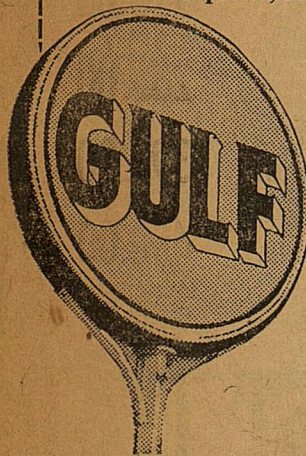

• This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

But octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile. That's why new Gulf NO-NOX is super-refined to burn clean and make this power last thousands of miles longer!

This lamp test above shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new Gulf NO-NOX. Just see how clean new NO-NOX burns.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

Washington, D. C.—Tax Equalization—Equalizing the tax burden on everyone and everything alike is something to be continually hoped for, but never perfectly accomplished. It is an age-old question. So much depends on the viewpoint which one adopts.

Some people contend, with substantial argument, that certain tax arrangements for a certain type of operation are a tax loophole. Those who benefit by it contend it is a justified concession.

The Labor Committee of the Congress has discovered to its great surprise that some of the big union welfare funds are partly or wholly tax-exempt. The Committee now wants to determine if this exemption gives unions the edge on investments. Union investment in business and finance has been on the increase in recent months. The United Mine Workers has an annual contribution to their welfare fund from employers of more than one-hundred million dollars. Here in Washington the United Mine Workers, which is run by John L. Lewis, has bought the controlling interest in two of the largest banks in the Nation's Capital. The Brotherhood of Electrical Workers has recently purchased a majority of the stock in a big Washington insurance company. The Teamsters' Union has recently bought a million dollars' worth of stock in Montgomery-Ward. What the Committee would like to learn is whether these transactions came from regular union funds or from the tax-free or partly taxed welfare funds.

Ship Subsidy—The bill passed by the Congress last year, in which I had considerable responsibility, permitting the sale of surplus farm commodities for foreign currencies, carried a provision that one-half of such shipments must be made in American ships. This provision of the law came as an amendment, which I opposed.

It now turns out that it is costing upwards of ten percent more than it would to use ships available in our ports from other countries. It is also delaying the delivery of these sales of surplus commodities.

When these commodities are exchanged for the currencies of foreign countries, we can then use those currencies to purchase critical materials which we are stockpiling for defense of this country. The end result is that by being forced to subsidize American shipping, we are failing to deliver the farm commodities to our customers, and we are failing to stockpile strategic defense materials as rapidly as we should. In addition, the Government continues to pay out more than a half-million dollars a day for storage.

FEPC—You remember these letters we heard much about a few years ago - you will recall they stood for Fair Employment Practices Commission. Such a commission would force an employer to hire people against his will. In other words, the employer could not deny work to anyone because of race, creed, color, etc.

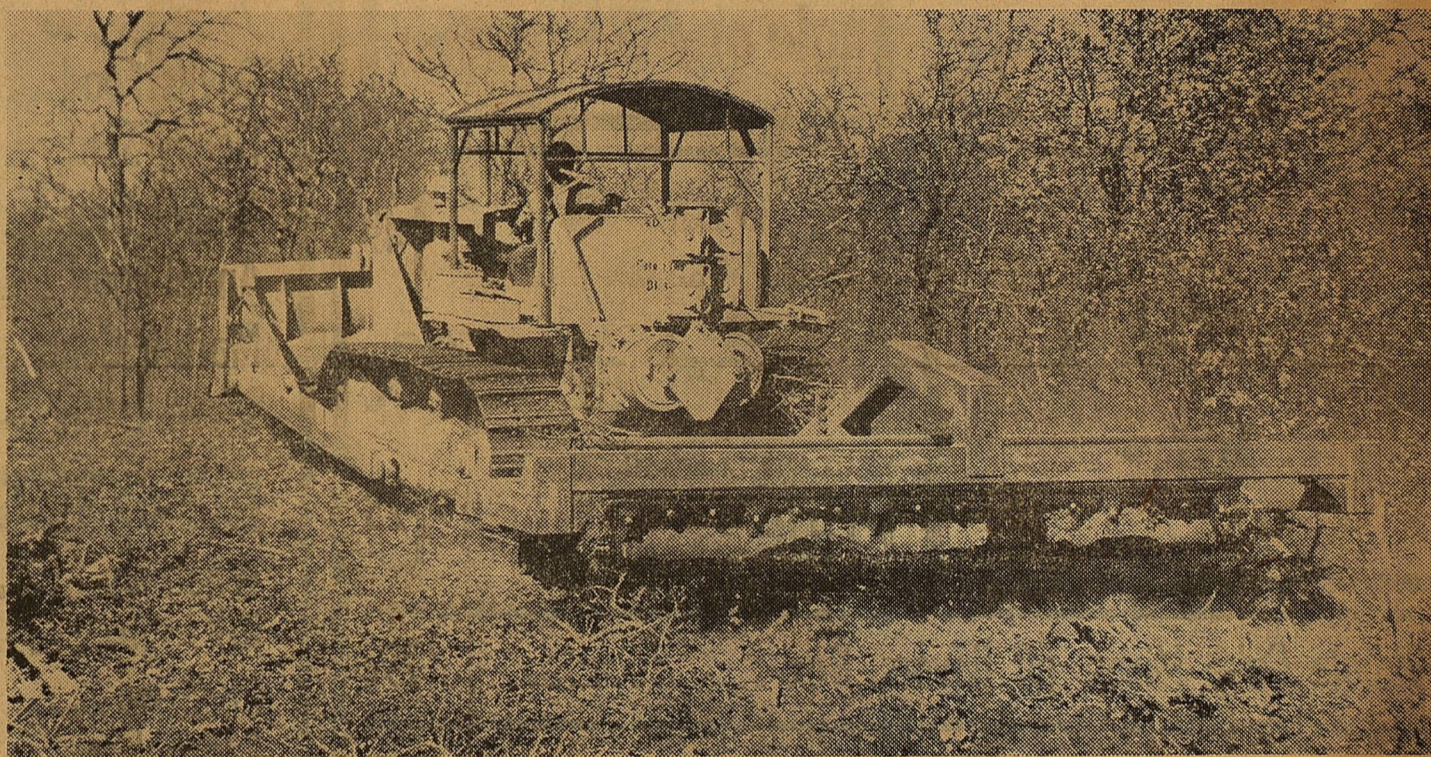

It seems a way has been found to establish a FEPC without an Act of Congress. The Administration now has a "Committee on Government Contracts". This Committee can deny a Government contract to firms unless they agree not to "discriminate" against any person because of race, religion, color, or national origin. It does not leave the employer the free choice of determining whom he wants to hire.

An afterthought - "Where there is enough patience, there is rarely too much trouble."

Mrs. Clarence Bush stayed with Mrs. M. L. Morgan at the Ranger hospital Sunday night.

Tom Anderson of Carlsbad, New Mex., visited his mother, Mrs. W. W. Anderson, here the first of the week and attended the funeral of Jim Anderson in Cisco Tuesday afternoon.
