

AUSTIN, Tex. — Now that the legislature has adjourned—all eyes are turned to the next political campaign. It is anyone's guess who will be in the 1956 races, but many are guessing.

Hardly had the gavel of Lt. Gov. Ramsey and House Speaker Jim Lindsey sounded the end of the 54th legislative session, when one widely known political figure took the adjournment as the starting signal for the 1956 races. He is former Speaker of the House Reuben Senterfitt, of San Saba.

Senterfitt was the first announced candidate for Governor in 1954. But he withdrew when his father passed away, and Governor Allan Shivers announced for re-election. He took no sides in the bitterly contested campaign last year, nor in the presidential campaign of 1952.

Senterfitt's announced intention to run in 1956 set tongues about other possible contenders for the Governorship. Mentioned were Lt. Gov. Ben Ramsey of San Augustine; Atty. Gen. John Ben Shepherd of Gladewater; U. S. Senator Price Daniel of Liberty; Associate Justice of the Texas Supreme Court Will Wilson of Dallas; Commissioner of Agriculture John C. White of Wichita Falls; and State Senators Otis Lock of Lufkin, Jimmy Phillips of Angleton, and Jerry Sadler of Perella.

Labor publications have said that Ralph Yarborough of Austin will make a third attempt to land the job. He campaigned against Shivers in 1952 and 1954.

Others talking as "possibles" include Mrs. Oveta Culp Hobby of Houston, wife of Ex-Governor W. P. Hobby, and present Secretary of Health, Education and Welfare; Roy Hofheinz, mayor of Houston; Robert B. Anderson of Vernon, U. S. Secretary of Defense; and County Judge Jim Sewell of Corsicana.

Prospects appear strong that State Senator A. M. Aikin Jr. of Paris will run for lieutenant governor if Ramsey does not seek re-election. Probably in the running for the same office will be Sen. Searcy Bracewell of Houston.

Mentioned frequently as a candidate for Attorney General is House Speaker Jim Lindsey of Texarkana.

Capitol talk continues on the subject that Governor Shivers may step out of office before the end of his present term to accept a high federal appointment. This rumor cropped up again after Shivers' first assistant, Maurice Acers, was appointed by the Governor to serve on the Texas Employment Commission.

Should Shivers resign, Ramsey would become governor automatically. He then would have the inside track in the 1956 campaign.

Waggoner Carr of Lubbock, third term member of the House, emerged as the uncontested prospect for Speaker of the 55th Legislature. When the 54th session adjourned, Representative Carr held signed pledges of support from more than 100 members of the present legislature. No opponent had announced.

Sen. Neville Colson of Navasota, only woman in the Texas Senate, was elected President Pro Tem of the upper chamber for the period between sessions. This means that she will have an opportunity, under precedent, to sit in as acting Governor for a day. When this happens she will become second woman in Texas history to serve as chief executive.

Texas' first and only elected woman Governor, Miriam A. Ferguson, was honored with a birthday party by a statewide gathering of dignitaries.

Renominated and confirmed for new terms during the closing hours of the 1955 legislature were Adjutant General K. L. Berry, for a third term and Mark Wentz, fire insurance commissioner, for his first full six-year term.

Session adjournment meant that the new tax law and hundreds of other statutes will go into effect on Sept. 6 or 90 days after adjournment.

Completed as one of the session's final acts was a law bringing 30,000 state employees under Federal Social Security as well as the state retirement system.

Another bill permitted college faculty members to enter Federal Social Security coverage.

Laws correcting and tightening up state regulation of insurance, increasing capital and surplus requirements on insurance companies and subjecting insurance securities to state regulation, were deemed probably the session's top achievements.

And the legislature left behind issues which promise to figure in state politics.

It projected investigations into the future on the scandal-ridden "terran" land program. It failed to pass the key measure of the administration's water program—the \$100,000,000 state aid to local projects.

It left untouched the issue of school desegregation. The water bond measure was Continued on Page Five

Minister for Church of Christ Takes Over New Duties Here This Week

According to officials of the local Church of Christ, Gene Priest, new minister for the church has moved here and is now in charge of the work of the church.

Minister Priest came to Cross Plains from Woodville where he served for one year.

He is a graduate of Lamar Junior College, Beaumont and the University of Colorado at Boulder, Colo.

Minister and Mrs. Priest and their four children, Dale, 10; Terry, 8; Judy, 5, and Eddie, 3, are now at home in the new church home on North Main, recently purchased from J. H. Newsome.

He stated that he was happy to be a citizen of this community and was looking forward to an enjoyable and successful work in the local church.

Grandson of Local Couple Recovering From Surgery

Eddy Glenn Renfro, 4½-year-old son of Mr. and Mrs. Raymond Renfro of San Angelo, is believed to be getting along fine following surgery Monday morning of this week in a San Angelo hospital. Eddy Glenn was injured several days ago when he was struck by a car while crossing the street in front of the family home.

Mr. and Mrs. Bert Brown, grandparents of the injured lad, returned home Tuesday from San Angelo and reported that splintered bones were removed from the skull and that doctors were hopeful that he would fully recover from the injuries.

Plan To Aid Farm Families Explained

Local initiative, interest and enterprise form the foundation for a proposed plan aimed at helping low-income farm families find ways to improve their level of living. The plan has been presented to Congress by President Eisenhower.

The President's long-range plan is based upon the concept that a permanent solution must begin with the goals set by the people themselves, and be attained through the cooperative efforts of all segments of the community and all levels of government concerned with the problem.

Recommendations included in the plan call for an expansion of Federal and State services in technical assistance and extension work in areas of low resources; more intermediate-term credit from private and cooperative lending agencies for farm development; additional credit and technical assistance from the Farmers Home Administration; a Federal-State research program aimed at solving problems common to the low-income group; improved state employment services and encouragement of industrial expansion in regions of unemployment rural labor.

Also to begin pilot programs within the next school year to develop more educational and vocational training opportunities in rural areas; improve health service and medical facilities in areas of need and trade area and community development program to increase incomes and raise living standards.

A U. S. Department of Agriculture report, upon which the plan is based, shows that 1.5 million farm families have a total income of less than \$1,000 a year. Under Secretary of Agriculture True D. Morse has been named the major USDA official responsible for directing and coordinating the USDA's part in the program.

Don Scott Injured Sunday

Don Scott, two-year-old son of Mr. and Mrs. Elvis Scott, of this city, suffered a bruised and cut foot last Sunday when a shop anvil fell on his foot while he was playing in the family garage. There were no witnesses to the accident, but it is believed that little Don was pulling himself up on a shelf by the anvil when it toppled over with him and landed on his feet.

He was rushed to the Rising Star Hospital where five stitches were taken to close the wound.

Leo Baum and a friend, Ray Sheppard of Greenville visited in the home of Leo's aunt, Mrs. Mary Bond and Vesta, Sunday.

Mrs. Annie Travis has returned home from Fort Worth where she visited for three weeks in the home of her son Walter Travis. Children visiting with her while she was in Fort Worth were Mr. and Mrs. Carl Travis, Red Travis and children and Mr. and Mrs. Lee Wooten of Houston and Mrs. Pearl Boatwright and Mrs. Loraine Hancock both of San Bernardino, Calif.

Cross Cut Community Club To Hold Election To Decide Fate of Center

An election called by the Cross Cut Community Club next Saturday, June 18, for the purpose of giving club trustees the right to use material from the school gym on other club property and to sell the surplus, according to an announcement made here this week by Jack Watkins, club president.

The school gym, which has been used as a community center for the past year, was completely destroyed by a small twister two weeks ago and club trustees do not plan to rebuild it, Watkins said. Instead, they want to use part of the salvaged lumber to repair the school building which is also club property and sell the surplus to the highest bidder.

The election will be held at the Cross Cut school building on the above date and the polls will open at 8:00 a.m. and close at 7:00 p.m. All residents of the old Cross Cut School District have a vote in the election and the club trustees are anxious to have a good turnout at the polls, it was said.

Elected trustees of the club are: Watkins, Ferrell Newton, O. B. Byrd, Lawrence Byrd and Eldon Gregg.

Wheat Quotas For '56 To Be Decided By June 25 Referendum

The final decision on whether or not marketing quota controls will apply to wheat products in 1956 will be made by wheat growers on June 25.

According to the Texas Agricultural Stabilization and Conservation Committee, if two-thirds vote "yes," the support for the 1956 crop will probably be between 75 and eighty percent—the exact level will be announced before the referendum. If more than one-third vote "no," the support will be 50 percent of parity. In any case, points out the committee, support will be available in the commercial wheat states only to those farmers who stay within their farm's wheat acreage allotment. Texas is a commercial wheat state.

If, points out the committee, the vote is favorable, market quotas will be in effect and growers who exceed their farm acreage allotment will be subject to a marketing penalty of 45 percent parity on their wheat. If the vote is unfavorable, there will be no marketing quotas and no penalty for excess wheat.

Acreage allotments will be in effect for price support purposes even if marketing quotas are disapproved. The national acreage allotment for 1956 is 55 million acres—same as for 1955—which is the minimum established by law.

The State ASC Committee urges all eligible voters to study the situation carefully and make their decision. County ACS offices or committees can furnish detailed information on the referendum and the polling places.

HOSPITAL NOTES

Mrs. A. O. (Slim) Harris has returned to her home at Pioneer from Scott and White Hospital where she underwent surgery recently. According to Mr. Harris Monday morning, his wife is getting along fine.

Volly McDonough is reported to be slowly improving in Medical Arts Hospital in Brownwood where he has been a patient the past week.

Mrs. J. M. Apatie was released from Hendrick Memorial Hospital in Abilene Tuesday afternoon where she has been a patient several days. Friends will be glad to learn that she is making a speedy recovery at her home after undergoing major surgery ten days ago.

Dee Brown who lives east of Burket was admitted to Scott and White Hospital in Temple Monday of this week to undergo a medical check up.

Humble To Televis Civil Air Patrol Cadet Activity

Two big gatherings will be featured next week on the Humble Company's TV program, Texas in Review.

From Randolph and Lackland Air Force Bases at San Antonio will come films showing the encampment of 500 Civil Air Patrol Cadets. And from College Station will come films of the annual Texas 4-H Roundup. Approximately 2,000 delegates and leaders attended the meeting at Texas A&M College.

Other features on the program include pictures of the Texas Amateur Golf Tournament at the River Oaks Country Club in Houston. Monday (June 20) Texas in Review can be seen on KRBC-TV, Abilene, at 8 p. m.

Kizer Telephone Co. Now Installing New Dial Phones Here

Workmen for the Kizer Telephone Co., Inc., started work here Monday of this week on the installation of dial telephone sets in businesses and residences, as the final phase in the installation of the new dial telephone system for Cross Plains.

Originally scheduled for completion by June 1, the work of the company is running behind schedule, and there has been no recent announcement by the company as to when the local system can be switched to the dial operation.

The company's exchange in Rising Star was converted to dial operation some two weeks ago, and it is hoped that the local system will be ready shortly.

Daughter of Former Couple Seriously Ill

Mary Taresa Howser, two and a half year old daughter of Mr. and Mrs. Jack Howser of Silver, formerly of Cross Plains, is seriously ill at Baylor Hospital Dallas with leukemia. Little Mary has been sick only a short time, and was admitted to the hospital the past week.

Mrs. L. L. Howser and Joe and Mrs. M. R. Wilson of Oxford, Mississippi were in Dallas over the week end with the Howser family.

Mr. and Mrs. E. M. Long, parents of Mrs. Howser, and the L. L. Howser's are caring for the other two grandchildren while their parents are in Dallas.

Members of the family here ask the Review to convey their thanks to everyone who offered to donate blood for their little granddaughter.

Callahan County Singers To Meet At Rowden

Mrs. W. A. Strickland president of the Callahan County singing convention has announced that the regular monthly singing will be held at the Rowden Baptist Church Sunday afternoon at 2 o'clock.

Mrs. Strickland stated that the new books have been received and urged all singers and visitors to attend.

State Safety Head Urges Motorist to Slow Down

This life-saving advice was given to drivers today by Mr. C. E. McFadden of Dallas, Vice-President of Employers' Casualty Company and President, Texas Safety Association, Inc., which is sponsoring this month's speed control program in cooperation with the Department of Public Safety and the National Safety Council.

"The thrill that speed-minded motorists get out of demonstrating the speed potential of their cars is short lived—and so, frequently, are they," Mr. McFadden warned. "Excessive speed is often a short cut to eternity!"

In 1953, nearly three out of 10 drivers in fatal accidents were violating a speed law at the time of the accident, Mr. McFadden said. He listed three of the main dangers of driving at a speed too fast for conditions as follows:

1. If an emergency arises when you're driving at higher speeds, you have less time in which to act to avoid an accident.

2. As speed increases, braking distance increases at a greater rate. When you double your speed, you quadruple your braking distance. Average brakes can stop a car within 21 feet at 20 miles an hour, but it takes 84 feet to bring a car to a stop at 40 miles an hour.

"All of which proves," Mr. McFadden concluded, "that it's good policy to make haste slowly on the highway. Let the other fellow be a Hurry Bug. Slow down and you'll live longer."

Girl Scout Council Announces Appointment

Mrs. E. C. Richards, president of the Heart of Texas Girl Scout Council, has announced the appointment of Mrs. Ray A. (Ruth) Hoyle of Brownwood as executive director of the council. Mrs. Hoyle succeeds Mrs. W. R. Lyle, who resigned in February, after holding the position for the past five years.

Mrs. Hoyle is a native of Bosque County, having lived in Brownwood since 1946. She is a graduate of Howard Payne College. She was for a time area supervisor for distribution of government surplus commodities for the Texas Department of Public Welfare. She is a member of the First Methodist Church and the Rotary Ann Club.

Mrs. Hoyle will serve the 16-county council beginning June 9, 1955. Her headquarters will be in Brownwood.

Howard Farmer Named County Head of USO

DALLAS, TEXAS — Howard Farmer Baird, Texas has been named as Chairman of Callahan County by the Texas United Defense Fund, the state-wide group which will sponsor USO's campaign for \$640,000 in Texas this year. The quota for Callahan County is \$627.00. At present there are 172 servicemen from Callahan county serving the armed forces. Mr. Farmer was appointed today by Mr. M. F. Wilson, who is District Chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and women of the nation's armed forces.

A major portion of the Texas goal, as in 1954, will be included in the Community Chest and United Fund campaign throughout the State this Fall.

Rev. Butler Returned As Methodist Pastor

His many friends here will be happy to learn that Rev. C. Y. Butler, pastor of the First Methodist Church here for the past three years, was returned to the local charge by the annual conference meeting at Fort Worth last week.

Rev. and Mrs. Butler returned home late last Sunday and are now happily engaged in the work of the church.

He stated this week that the church enjoyed a very successful record during the past year and he was confident that an even better record would be attained this year.

Korean Training Bill Is Explained By VA

A roundup of rules dealing with the three-year-starting deadline for Korean GI Bill training was issued June 2 by the Veterans Administration.

Under the law, veterans actually must start their GI courses within three years from the date of their separation from the armed forces, in order to continue afterwards.

VA said it is not sufficient for a veteran to file an application before the deadline with the intention of starting afterwards. He must enroll in and begin his course in advance of his deadline.

Furthermore, having started in time, he must be in training on his deadline date, unless his attendance has been interrupted by the summer vacation or for some other excusable reason.

Such an excusable interruption would be the up-to-12-month suspension of training allowed by the law. In some cases the suspension may last even longer, if the veteran can show VA it was impossible to have resumed training within the 12-month limit.

Special rules go into effect for veterans in Korean GI training courses after their starting deadlines, VA said.

Before the starting deadline, there is no requirement for continuous training. But after that date there is; training must be continuous, except for the up-to-12-month suspensions that are permitted.

Also, before the deadline, the veteran-trainee has the right to make one change of course. He could switch, for example, from accounting to medicine, or from carpentry to shoemaking. After the starting deadline, however, he no longer may make a free change of course.

If he has not changed courses before the deadline, he may be allowed to change afterwards only if:

1. The new course that he wants is a normal progression from the course he already is taking, or

2. He is not making satisfactory progress in his current course, due to no fault of his own, and vocational counseling discloses that he would make a better go of it in a different course.

Chevrolet Convertibles Making Big Records

The trend toward "open living" in residential design is being followed by "open traveling."

At least, this is suggested by figures from the Chevrolet Motor Division, which show record-breaking convertible model activity.

According to T. H. Keating, general manager of the company, convertible output in the first six months of 1955 model production was approximately double the 1954 model experience.

"As a matter of fact," Keating added, "we have already produced more convertibles than in the entire model year of 1954."

Mr. and Mrs. C. C. Holdridge attended market in Dallas Wednesday of last week.

Excellent Rains And Cool Weather Blanket This Area, 1.40 Moisture Is Received Here

Ray Plumlee Suffers Painful Injuries In Fall

Ray Plumlee of Portland, suffered a broken foot and severe bruises to his other foot when the scaffold on which he was working broke and he fell 12 feet to a concrete floor.

Ray was carried to a Corpus Christi hospital where his foot was placed in a cast and according to his mother, Mrs. Zola Plumlee, of this city, he was to be released from the hospital Monday and moved to his home.

Sister of Local Woman Buried At Stamford

Mrs. Lila Barker, 73, of Crane, sister of Mrs. C. O. Hamilton of this city passed away at her home Saturday. She had been ill since November.

Services were held at the Kenney Funeral Home Chapel in Stamford at 2 p.m. Sunday with the Rev. James Smith, pastor of the Central Christian Church of Stamford, officiating. Burial was made in the Highland Cemetery in that city.

Survivors include a daughter, three sisters and two brothers.

Gene Greenwood Inducted Into Armed Services

Gene Greenwood, son of Mr. and Mrs. J. M. Greenwood of Route 2, Cross Plains, reported to Abilene Tuesday morning of this week for induction into the armed service. He will receive his training at Fort Ord, California.

Mr. and Mrs. Greenwood visited here a few days with his parents the past week.

Gene is a graduate of Cross Plains High School and received his degree from NTSTC in Denton this month.

Musical To Be Held At Cottonwood Friday Night

The Cottonwood Community Club will hold its regular musical Friday night, June 17, beginning at 8:00 o'clock.

Everyone is extended an invitation to attend.

Mr. and Mrs. James Ellis Announce Birth of Son

Mr. and Mrs. James Ellis are announcing the birth of a six pound three ounce baby son born June 1, in the Rising Star Hospital. The baby has been named Howard Stephen.

Maternal grandparents are Mr. and Mrs. George Barnard of this city.

Mrs. Ellis is making her home with her parents while her husband is stationed in the Air Corp in Greenland.

Cemetery Donations

The following donations have been received the past week by the local Cemetery Association, according to V. C. Walker, chairman:

Mary Gensley \$10.00
Mrs. Jim McDaniel 5.00
Rube McDaniel 5.00

BAYOU PHILOSOPHER COMES OUT WITH A NEW IDEA FOR NEW SOURCE OF REVENUE

Editor's note: The Bayou Philosopher, on his Johnson grass farm on the Bayou, comes up with an idea this week which will work about as well as any of his.

Dear editor:

As everybody knows, every governing body in the country, from towns to cities to state legislatures to Washington, is struggling with the problem of a new source of revenue. A city or a state is sort of like a family, it just costs more these days to run one, but nobody much seems to be making any headway in figuring out the answer. I have been giving considerable thought to the problem out here lately, the worse a crop heeds working, the easier I find it to think, and I have come up with part of an idea at least.

The trouble with people in this country is they're just not Continental in their approach to the matter of a new source of revenue, which is an odd thing. That is, we know how to look to Europe for a lot of things, fashions, for example. Every year American women hold their breath to see what some Frenchman will decide they ought to wear, and if the French idea on fashions is good enough for us, why shouldn't the French idea on financing the government work, too?

Citizens of this community are jubilant these days. Everywhere you look people are smiling and laughing and what caused all this mirth? Why, rain, of course!

Precipitation gauged here the past week measured 1.40, according to records kept locally for the U. S. Weather Bureau by S. F. (Fos) Bond. Rain on Wednesday afternoon of last week, which fell after the Review went to press, measured .87 and was accompanied by a "Norther" which sent summer temperatures down to sub-normal to set new records for the state. The frigid blast sent residents scurrying to find heavier clothes for two days and many burned fires in their homes during early morning and evening hours on Wednesday, Thursday and Friday.

Receiving some bitter with the sweet, the rain and cold was preceded by a lashing sand storm which wrecked havoc with growing crops and caused minor damages to some buildings in this area, and sent large numbers of people to storm cellars. More than half of the business firms in town were closed by 4:30 p.m. so that owners and employees might seek safety from the storm.

Previous rains came back again late Tuesday evening of this week and covered this section with more moisture. The local gauge showed .53 received here. Measurements varied widely over this area with some communities reporting as much as an inch and a half.

Prospects for a crop here this fall are the best they have been in several years at this time of year and pastures are in excellent condition with all stock tanks brimful.

Drought Feed Aid Program Extended

The local Farmers Home Administration office has received the following telegram: "You are authorized to extend the date for acceptance of applications under the emergency feed program in Callahan County to the close of business on June 22, 1955. County Farmers Home Administration Committee is authorized to certify eligible applicants for a 60-day supply of feed grain beyond June 30, taking into consideration the supply of feed on hand. All feed must be delivered on or before June 30, 1955. Applications received on or before June 22 will be acted on by Farmers Home Administration Committee by June 23."

Mr. and Mrs. Dock Havner and family of Odessa and Mr. and Mrs. Tommy Smith and baby of Abilene were visiting with their parents, Mr. and Mrs. Lloyd McMillan over the week end. Mrs. Patsy Hunt and son returned home after a three weeks visit with the Havner family.

Mr. and Mrs. Larry McDonough are here from Arcadia, California, visiting with his father, Volly McDonough, who is receiving medical care in a Brownwood hospital. They are also visiting with her grandmother, Mrs. Norma Saunders and other relatives here.

When France runs out of money, what does she do? She takes the Continental approach, which is to say, she sends whatever Premier she has at the time to Washington, sends him by air so he can get there as quick before some other Premier is elected to take his place, and he swings a loan.

All right, why can't we do the same? Our Secretary of State is flying all over the world anyway, why couldn't he drop in on France or England or Spain and say, look, we're in something of a financial bind at the moment in America, can't get our budget balanced, two-thirds the cities can't find enough money to pave some worn-out streets, sewer lines need extending, water mains leaking, don't have enough cops and can't pay the ones we got enough, half the towns need new fire trucks, etc., how about loaning us, say 50 billion dollars? We'll pay you back when the crops are in this fall or sooner or later anyway or give some notes we've got from a few foreign countries ourselves as security.

Now, I'm not figuring on seeing any new fire trucks bought from this source, or water mains patched or streets paved, but it's an idea, anyway.

Yours faithfully, J. A.

SABANNO NEWS

By Mrs. Edwin Erwin

The summer vacation Bible school which was held at the Baptist Church, closed Friday with the closing program being held Friday night. Rev. Whitehorn, the pastor,

stated the school was a great inspiration to all.

Mr. and Mrs. W. E. Lusk and Mr. and Mrs. Beryl Lusk and children attended the Newman reunion Saturday and Sunday held at Lake Cisco. Mrs. Lusk will be remembered as the former Ola Newman.

LET'S TALK LIVESTOCK BY TED GOULDY

Cool, Cool Weather Helps Livestock Prices

FORT WORTH—The rains and cooler weather are helping parched and blasted Texas ranges recover and have put a firm prop under cattle prices in this part of the country. Abnormally cool weather in the Eastern United States has kept consumption of meat at high levels in that area.

So the cool, cool opening weeks of June have been doubly delightful for livestock folks.

Cattle Prices Open Strongly At Cowntown
Usually on a mid-June Monday the market reporter is about as cheerful as a professional pallbearer. It is the normal thing for us to use words like "week", "dull demand", "prices sharply lower", and movement "sluggish".

However, Monday at Fort Worth cattle started to the scales early and prices were fully steady. In fact, some cows were 25 to 50 cents higher. Stocker calves and yearlings of high quality were stronger, and very scarce. Slaughter calves were steady. Bulls drew fully steady prices.

Prices included: food or choice fed steers and yearlings \$19.00 - 22.50; medium and lower grade yearlings and heifers \$12.00 - 18.00. Fat cows \$11 - 14.00, a few higher; canners and cutters \$7.00-11.50. Bulls 10.00 - 14.25. Good and choice slaughter calves \$16.50 - 20.50; cull, common and medium slaughter calves \$9.00 - 16.00. Stocker steer calves \$16.00 - 23.00; steer yearlings \$14.00 - 21.00; stocker cows \$8.00 - 13.00. Heifer calves and yearlings in stocker flesh usually sold \$2 to \$3 under comparable steers.

Widely known Cattleman, Bill Bonner, to Judge.

First of four judges to be named for the Hereford feeder calf sale at Fort Worth June 30 is Bill Bonner of Gainesville. Bonner is known the length and breadth of the cattle country as a good judge of cattle and his selection fits in with the purpose of the show and sale sponsored by the Texas Hereford Association. That is to give good commercially produced feeder calves a chance to be shown together under favorable conditions where the small cowman will be able to take advantage of the large numbers present and offer his calves to big time buyers.

Henry Elder, secretary of the Hereford group, reported an inquiry from Arkansas from a buyer wanting 100 "good Texas calves", and at the same time another man reported he planned to have 100 calves in the sale. Things like that are what cause cattle trade!

Spring Lambs Weaken; Other Sheep Steady.

Spring lambs open steady to 50 cents lower at Fort Worth. Top was again \$22 on the best milk fat lambs, but the price was paid sparingly. Old crop yearlings lambs were steady at \$16 down. Stocker shorn weathers lambs sold from \$13.50 down, but straight bunches of yearlings ewes again reached \$15 to \$16. Feeder type Spring lambs sold from \$15 down.

Hogs Rise Sharply As Runs are Smaller

Corn Belt points reported only 62,000 hogs Monday, and this was enough to boost the porkers into higher ground. At Fort Worth hogs opened 75 cents to \$1 higher and topped at \$20.25 to \$20.50. The cool weather across the country has not hurt pork consumption either!

Sows shared the climb with 50-cent lurch upwards and sold for \$12 to \$16.

Livestock Best Cash Crop For Farmers.

Speakers at a recent meat packers meeting stressed the likelihood that livestock production will remain high all over the country. Their conclusion was that farmers who once depended on dirt farming had discovered that livestock was their most reliable cash crop and listed these advantages which farmers like:

Livestock can be sold any day. Equipment costs are relatively small.

Harvesting the crop requires little labor cost.

Livestock converts soil building crops into cash.

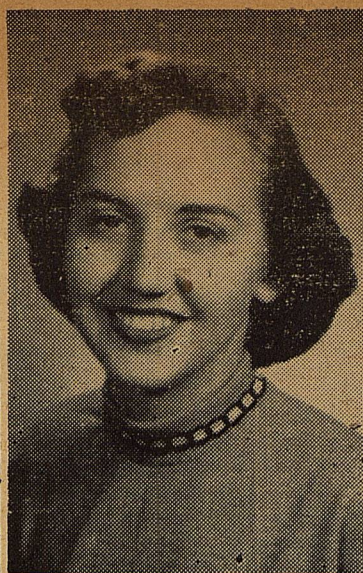

Dependence on weather is less critical.

Crop rotation increases row crop yields without too much income loss, where livestock is pastured on the resting acres.

Sounds to us like those packers are, as usual, just as right as a fox!

Mr. and Mrs. Bedingfield and daughter of Artisia, New Mexico, are visiting with her daughter, Mrs. Pete Fore and husband at Pioneer and with Mr. and Mrs. Curtis Lewis at Lake Brownwood this week.

Mr. and Mrs. Olan Adams and grandson, Bruce Adams visited in the home of his parents, Mr. and Mrs. Gene Adams the past week. The Adams family has recently returned from Long Beach, California, and are now making their home here.

Miss Newton To Wed Pfc. Joe Wendell Lane

Mr. and Mrs. Lewis E. Newton of Cross Cut announce the engagement and approaching marriage of their daughter, Anita, to Joe Wendell Lane, Pfc. United States Army. Parents of the prospective bridegroom are Mr. and Mrs. Alva E. Lane of Louisville, Kentucky, formerly of Sweetwater. The wedding will be held June 9 in the First Baptist Church of Cross Cut, Texas.

The bride-elect is a graduate of Cross Plains High School and Tarleton State College. She received her bachelor's degree from Texas Technological College in May, 1955.

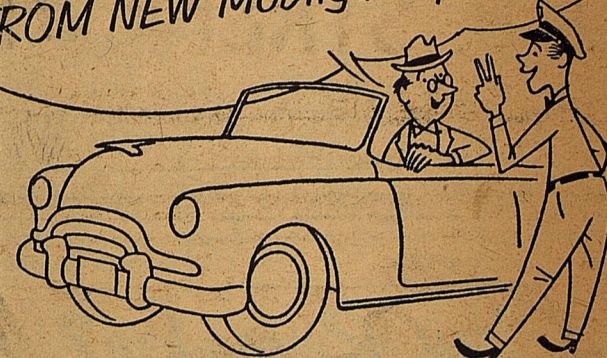

Lane is a graduate of Sweetwater High School. He attended Hardin-Simmons University and Texas Technological College before entering the service in March, 1954. At the present time he is stationed at Camp Gordon near Augusta, Georgia.

Miss Sylvia Lynn Lacy Weds Carl King, June 7

Mr. and Mrs. Harlon Lacy of Dallas announce the marriage of their daughter Sylvia Lynn to Carl King, son of Mr. and Mrs. Tom King of May. The couple were married June 7 in Durant, Oklahoma. After a short wedding trip through Arkansas, Mr. and Mrs. King are making their home in Cross Plains.

The bride attended Sunset High School in Dallas where she was a member of the Spanish National Honor Society and the yearbook staff. The groom is a graduate of Cross Plains High School and is now employed by Big D Drilling Company.

HOW SOON WILL I NOTICE IMPROVED PERFORMANCE FROM NEW Mobilgas Special?

Some improvement will be evident almost immediately. But it's the second tank which tells the story. That's true because with the second tank, there is no dilution with other gasolines. New Mobil Power Compound works to end power wasting "ping" and "rumble" . . . relieve spark plug fouling . . . control stalling and free engine parts of sticky gum. This takes a little time. That's why we suggest you try at least two tanks of the New Mobilgas Special with Double Power.

DAVE LEE

GULF SERVICE STATION

But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God. Matthew 4:4

But Governor Shivers said the legislature achieved 85 percent of its task—"a good batting average." It made notable progress, he said, in such fields as insurance reforms, hospital improvements, public welfare and health, safety, and necessary financing for highways, old age pensions, education and general operations.

"On a whole," said Shivers "this has been one of the best and most constructive sessions of the legislature in recent history."

It handed him a new tax bill, raising \$28,500,000 a year for state operations and \$20,500,000 a year for highways.

Both the House and the Senate set up committees to continue the Veterans Land investigations. Investigating committees filed reports. The Senate committee said that Governor Shivers and Attorney General Shepperd, members of the Veterans Land Board, hadn't been too punctual in attending board meetings. But it said evidence showed they had no part in the mishandling of the program.

Despite all the hullabaloo over Governor Shivers' appearance in California to make the commencement address at the University of Southern California, and threats to boycott the exercises, an overflow crowd of 14,000 attended.

The Texas Legislature had condemned California's "intolerance" and defended the Governor's record.

Mr. and Mrs. Ben Atwood and June and Jo and Mrs. C. E. Atwood returned home Saturday night from Kermit where they visited with relatives last week. They also visited in New Mexico during the week and made a tour of the Carlsbad Caverns.

Mr. and Mrs. Tom Bryant and Mrs. A. Abbott were business visitors in Corsicana Wednesday of last week.

Mrs. Bertha Gregg of Big Spring has been visiting here the past week in the home of Mr. and Mrs. W. W. Aishman. Sunday they all attended a homecoming at the Comyne church and enjoyed visiting with old friends.

NOTICE BOARD OF EQUALIZATION MEETING
Cross Plains Independent School District

In obedience to an order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City of Cross Plains, Callahan County, Texas at 9:00 o'clock A.M., beginning on Wednesday the 15th day of June, 1955, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said Cross Plains Independent School District, until such values have finally been determined for taxable purposes for the year 1955, and any and all persons interested or having business with said Board are here notified to be present.

DONE BY ORDER OF THE BOARD OF EQUALIZATION OF Cross Plains Independent School District, Callahan County, Texas, at Cross Plains, Texas, this 26th day of May, A.D., 1955.

CLAUDE MAYES, Secretary, Cross Plains Independent School District. 2c

AMAZING LOW PRICE! HORNSBY ELECTRIC CO.

Washington

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C.—The Interstate and Foreign Commerce Committee, by a vote of 16 to 15, has approved HR 6645, a bill to amend the Natural Gas Act.

The measure has the effect of overriding the Supreme Court decision which says that the Federal Power Commission has the authority to control the price of natural gas at the wellhead.

Those of us favoring the bill think it has some weaknesses, but it was the best which could be passed by the Committee. There is strong opposition and there is no question it will have "rough sledding" when it reaches the stage for debate in the Congress. Those from the consuming areas are fearful their gas rates will be increased without Federal controls. Those of us favoring it believe the contrary

is true.

Speaking of high utility bills, most of us would have trouble in paying the electric bill at the White House for one month. It runs about \$2500. This amounts to \$30,000 a year.

There are other expenses around the White House which few families could afford to pay if they were given their rent free. There are 34 men and women on the domestic staff to do the general housekeeping chores. These chores are of course considerable, considering the fact that 826,543 people visited the White House last year. This does not include the President's daily callers.

Mr. Lewis L. Strauss, Chairman of the Atomic Energy Commission, says it would be an act of gravest folly to accept without safeguard Russia's proposal for a ban on atomic weapons. Russia repeatedly calls for such a ban, but will not agree to an ironclad inspection system to make sure it is respected.

General Alfred Gruenther, Commander of NATO forces in Europe, testified before my Committee a few days ago that in war it would be foolish for the free nations to attempt to match man for man against the Communist powers. By

HOW TO GO CAMPING
by CAROL LANE
WOMEN'S TRAVEL AUTHORITY

LOOKING FOR A DIFFERENT WAY TO SPEND YOUR HOLIDAY WEEK-ENDS OR VACATION? WHY NOT GO CAMPING? 120 MILLION AMERICANS HAVE DONE IT IN THE LAST 10 YEARS... AND FOUND IT FUN.

CAMPING IS INEXPENSIVE. YOU CAN EVEN RENT EQUIPMENT. IT'S ALSO STIMULATING AND RELAXING. NATIONAL AND STATE PARKS AND FORESTS OFFER MANY HOME-LIKE COMFORTS...READY-MADE FIREPLACES, TABLES, BENCHES, TENT SITES, PLUMBING FACILITIES, SAFE WATER SUPPLIES AND DELIVERIES OF WOOD.

MAKE CAMP LIFE SIMPLE AND COMFORTABLE BY TAKING ALONG SUCH USEFUL EXTRAS AS NESTED POTS AND PANS FOR COOKING...A FLASHLIGHT... A FIRST-AID KIT IN CASE OF EMERGENCIES... A ROLL OF ALUMINUM FOIL FOR WRAPPING FOOD AND COOKING IT OVER HOT COALS...AND A SHOVEL AND HATCHET FOR A HUNDRED AND ONE OUTDOOR USES.

COPYRIGHT 1955, SHELL OIL COMPANY

doing so, we would be using the conventional weapons. It would be suicide for us and the allies we may have with us.

The argument is made by some that the atomic and hydrogen bombs kill women and children. So does any other type of bomb. So might a bow and arrow if there were enough of them and the fighting was going on in a congested area. The only real answer is no war at all.

Testimony before the Committee on which I serve by our highest military officials disclosed that defense spending during the past five years averages about 35.5 billion dollars a year. In the same period, an average of 2.4 billion dollars has been spent for military assistance to American allies.

In all the assistance to foreign countries, 3 out of every 4 dollars have been spent in this Country.

Although there is always an element of gamble involved, it still seems wiser to buy a gun, place it in the hands of someone in a foreign country to defend themselves, and thereby defend us, than to wait until a war begins and send our own young manhood to do it for them.

My wife Ruth appeared on television in New York on Ted Mack's Matinee last week, and it was quite an experience for her. It was on a coast-to-coast hookup, and I hope many of you may have seen her.

It says here: "Anytime you expose yourself to a situation where you have everything to lose and nothing to gain, you usually do"

Mrs. J. A. Littleton and daughter, Miss Audrey, are visiting with relatives at Hale Center this week.

Mr. and Mrs. Jake Carter have received word from their son, A-1c Clarence Carter, that he has enlisted for another year of duty in Germany where he has been stationed the past two years.

Mr. and Mrs. B. R. Hargrove, Jr. and sons visited in San Angelo Sunday and Sunday night with Mr. and Mrs. Allan Lamb and baby and Mr. and Mrs. W. D. Rummels. Jimmy and Donny Hargrove remained in San Angelo for a weeks visit.

We Stock **TRUFLEX V-BELTS** for smoother power and long life AND **GATES VULCO STEEL PULLEYS** precision made of top-quality steel an ideal combination for all small machines. Hornsby Electric Co.

Mrs. Ed McMillan visited in Waco last week with her daughter, Mrs. R. E. Fagan and family. Mr. and Mrs. Fagan and daughters returned home with her Monday and remained for a visit.

Mr. and Mrs. W. W. Stephenson and children were here from Fort Worth over the week end visiting her sister, Mrs. A. L. Breeding and family and with her mother, Mrs. Clark.

Mr. and Mrs. Billy Pancake and children of Odessa spent the week end with his parents, Mr. and Mrs. W. L. Pancake and sons.

Visiting Mr. and Mrs. George Jowers and Mickey over the week end were Mr. and Mrs. Oscar Paige of San Angelo.

Mrs. Lillie Lawrence will leave Thursday (today) for Austin to attend a reunion of the Teague family.

Mr. and Mrs. Colvin Lackey and children of Premont and Mrs. Sonny Umberson of Snyder visited with their mother, Mrs. Zola Plumlee, last week. Mrs. Bill Waldroup of Midland joined them during the week end for a visit.

Friends of Betah Freeland will be glad to learn that he has been released from the veterans hospital in Big Spring and is now back at home in Baird. Mr. Freeland received treatment in the hospital for several weeks.

"Summer is cooler when you live electrically"

West Texas Utilities Company
Electric Service — Today's Biggest Bargain ...

Most Modern Trucks on any job

with the most advanced truck features the industry has ever seen!

Only new Chevrolet **Task-Force** Trucks bring you the shortest stroke V8's in any leading truck and today's most advanced sixes—plus all these modern features! They're the marks of a modern truck, and they out-date any make without them!

Tubeless tires standard on 1/2-ton models. Greater blowout protection!

Every Power Helper in the book. Power Brakes are standard equipment on 2-ton models, an extra-cost option on others. The new handling ease of Power Steering, another extra-cost option, cuts turning effort up to 80%. There's new gas-saving Overdrive, as an extra-cost option on 1/2-ton models... and truck Hydra-Matic—on 1/2-, 3/4- and 1-ton jobs.

One final word. When the time comes to trade in '55 models, the man without a really modern truck stands to take a good-sized loss. Come in and see us soon.

Beginning with Work-Styling, an entirely new development in truck design. For the first time in any line of trucks, Chevrolet brings you two styling treatments—one for light- and medium-duty models, another for heavy-duty jobs. Styling that's matched to the model!

Fresh air in all kinds of weather. Air is constantly circulated through the cab, regardless of weather conditions.

High-Voltage power—V8 or 6. The shortest stroke V8's in any leading truck, and most advanced sixes! All have a modern 12-volt electrical system!

The latest in cab comfort and safety. New concealed Safety Steps that stay clear of ice or mud; softer seat action that reduces driver fatigue, and more durable construction throughout.

You get the most modern trucks money can buy in

Chevrolet's New Task-Force Line

New panoramic windshield. For a wider, virtually unobstructed view!
