Buffaloes Down Baird, By Score of 19-0; Meet Merkel Badgers There Friday Night

Table with columns: Team, W, L, Pct, Pts, Opp. Rows include Cross Plains, Llano, Mason, Goldthwaite, Rising Star, Santa Anna.

The Cross Plains Buffaloes lost "the first game jitters" the second half, and overpowered the Baird Bears to the tune of 19-0.

The game was only eight minutes old when rain began to fall and continued throughout the contest which made the ball hard to handle and resulted in seven fumbles on each side.

George Sanders, 89, Injured In Car Crash

George Sanders, 89, resident of the Rowden community, was injured about 5:00 p.m. Tuesday in a car-truck collision about 12 miles northwest of town on State Highway 36.

Meet Merkel Friday

M. L. Shook Family Holds Annual Reunion Sunday

Descendants of the late Mr. and Mrs. M. L. Shook met at Lake Cisco Sunday for their annual reunion.

Mrs. Ralph Glover and Glenda Rex of Burnet were visiting Mr. and Mrs. Chester Glover and Benny Monday morning.

Mr. and Mrs. Dale Brown and son of Abilene and Mrs. B. H. Brown family in Sonora a few days last week.

Mrs. R. S. Peavy visited in Abilene Monday with Mr. and Mrs. Eimer Peavy who has been a patient in Hendrick Memorial Hospital and also visited with her son and family, Mr. and Mrs. R. T. Peavy and daughter.

Mr. and Mrs. Mack Holdridge of Abilene visited Sunday afternoon with Mr. and Mrs. C. C. Holdridge, Mr. and Mrs. C. S. McClellan of Temple visited in the Holdridge home Sunday night.

Recent visitors in the home of Mr. and Mrs. W. M. Smith were Mrs. H. B. Campbell of Bellflower, California, and Robert Smith of Houston. Mr. and Mrs. Smith and Jean returned to Houston with Robert and visited there and also in Galveston and Austin before returning home.

The Buffaloes gathered 297 yards rushing to their opponents 56, and the locals also lead in the passing department.

The half time ceremonies were rained out as was most of the crowd, but a few loyal fans braved the weather and got soaking wet.

Buff back Granvel Scott returned a Baird punt in the third quarter 37 yards to the Baird 28 yard line to set up the first Cross Plains touchdown. Dervel Hutchins smashed over right tackle from 3 yards out to hit pay dirt.

Hutchins also plunged over for the extra point, to make the score, 7-0, Cross Plains out front.

Perry Jennings smothered a Baird fumble on the Baird five yard to set up the second Buff TD. Scott carried across on a quarterback sneak from one yard out to score. Jennings attempted the point kick, but it failed and the score stood at 13-0.

With only 40 seconds left in the game, Scott passed to Hutchins for the final Buffalo tally. The pass and run play covered 43 yards. Jennings attempted to kick the point, but it was wide.

Charles Neeb, who turned in a fine performance at quarterback in the first half, was injured in the third quarter. Neeb's injury was not serious, being a pulled muscle, although he did not see action again in the Baird game.

Hutchins sped 86 yards for another touchdown only to have it called back by a penalty. A Cross Plains pass was intercepted in the end zone by Baird to stop another Buffalo drive.

The Buffaloes journey to Merkel Friday night to try for another non-conference victory. Merkel lost their opener to Class AA Ranger last Friday night, 25-13.

Merkel in the past have had some good teams and this could be a hard fought contest.

Keith Watkins, son of Mr. and Mrs. Jack Watkins of the Cross Out community, and an eighth grade student in the local Junior High School broke his left arm just above the wrist, while practicing football at school Monday morning of this week.

He was carried to a Brownwood hospital where the arm was placed in a cast and he returned to class Tuesday morning. He will be sidelined from football for the balance of the season, as the arm will be in the cast for eight weeks, it was said.

I can see the official looking letter turning up in the mailbox now! "Based on your five-year history of production, it has been found you are unnecessary and your name has been removed from the list of farmers in this county. Severe penalties for violating this order will be enforced."

You can see what this would do to me, and I think if I tried right hard I could name a few others in this vicinity.

Furthermore, if they found out this country has more farmers than it needs, what's to keep them from finding out it's got more filling stations than it needs? Or more grocery stores? Or more automobile dealers? Or more Congressmen? Or more newspapers? Or more women?

It may be true that 20 per cent of the farmers could quit and move to town and the country would still be well fed and well clothed and Sec. Benson would still have a surplus to worry about, but I have a notion you could shut down 20 per cent of the filling stations and nobody'd have to go without gas, or even wait in line. Yet they're still putting 'em up in cities, every time they find a vacant corner lot. And it's possible, with a fifth less Congressmen, we still might get just as many laws turned out.

Let's drop this whole thing.

Yours faithfully, J. A.

Federal Tax Provision May Aid Farmers

A. E. Fogle, Jr., Administrative Officer of the Abilene, Texas office, today called attention to a provision of the Federal income tax law which may benefit farmers of this area who have been forced to dispose of livestock because of drought conditions.

Mr. Fogle explained that under a section of the Internal Revenue Code added in 1956, the forced sale of livestock used for draft, breeding or dairy purposes solely on account of drought may be treated as an "involuntary conversion" if the farmer so elects. This means that any profit on the sale will not be subject to Federal income tax provided the sales proceeds are reinvested in the same kind of livestock within one year following the year of sale.

Mr. Fogle pointed out that this new provision applies only to livestock sold during the year in excess of the number that would normally have been sold in the absence of drought. He made it clear that this new rule does not apply to sales of poultry.

Mr. Fogle stated that in order to qualify, the livestock sold must be replaced with livestock of a like kind used for the same purpose. For example, dairy cows sold must be replaced with dairy cows. He noted that the period for replacement may be extended beyond the end of the year following the year of sale upon application and showing of reasonable cause to the Internal Revenue Service district director's office.

Mr. Fogle pointed out that farmers who qualify and elect to take advantage of this tax relief should submit the following information with their income tax return for the year of sale:

1. Evidence of the existence of the drought conditions which forced the sale of livestock;
2. A computation of the amount of profit realized on the sale;
3. The number and kind of livestock sold;
4. The number of livestock of each kind that would normally have been sold in the absence of drought.

The return for the year in which the livestock are replaced should contain the following information:

1. The date of purchase of the replacement livestock;
2. The cost of the replacement livestock;
3. The number and kind of the replacement livestock.

In event replacement is not made within the time prescribed, an amended return should be filed for the year of sale and any additional tax due paid.

Mr. Fogle stated that taxpayers having questions on this or any other Federal tax matter may obtain help by visiting the Internal Revenue office at Abilene, Texas.

Electric Cooking is COOL

It's truly an exciting song when you have an electric kitchen. You feel so thoroughly modern with electricity to help with every task. Electricity keeps and cooks the food, does the dishes, makes the toast and coffee and even stirs the cake. It's dependable too! Night or day, whenever you flip a switch, you know electricity is there, ready and willing.

Cool, of course it's cool, because the heat cooks the food and not the cook. Electricity is so inexpensive you can use a lot of it.

"Man! That Grand 21 year old feeling!"

Perk up your pep, fast! If you feel "Borderline Fatigue"—see what Bexel Special Formula Vitamins will do—only 6¢ a day!*

So often, today's foods are lacking in the vitamins, the minerals you need—every day—to keep your body charged with vitality.

Bexel Special Formula Vitamins can help you have rich, red blood to nourish your brain and all your vital organs—to help you look well, feel well, think well—be more alert. Because one daily capsule contains amazing B₁₂ and all essential B vitamins, plus more than five times your daily iron requirement. So supplement your food

with this economical "vitamin insurance"—only 6¢ a day. It's the healthy thing to do!

*"Borderline Fatigue" has these symptoms: lack of pep, sleeplessness, poor appetite, nerves. If your trouble is not functional, but the result of prolonged vitamin and mineral deficiencies, see what a program of Bexel Special Formula Vitamins will do!

BEXEL Special Formula VITAMINS

GUARANTEE! Either you look better, feel better after one bottle of Bexel—or your money back. There's a member of the Bexel Family of Vitamins for every member of your family.

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY . . . OFF THE ROAD!

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it . . . to prove its pulling power and ruggedness!

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thirftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak . . . shows why Chevrolet trucks are famous for staying and saving on tough jobs! Talk trucks with your Chevrolet dealer.
