Larry McAnally Wins Prize Calf In First State Fair Scramble

Larry McAnally, 16-year-old son of Mr. and Mrs. Ed N. McAnally of this city, and a member of the Junior Class in the local high school, won fame and fortune for himself and the Cross Plains High School FFA Chapter, when he captured the prized "Maverick" calf in the first calf scramble ever staged at the State Fair of Texas in Dallas last Saturday.

He was chosen as one of 30 FFA and 4-H Club boys to participate in the event after his letter of application was picked from approximately 1,500 entries.

Here is the drama packed story of Larry's success, as written by Fred Pass, Farm Editor of The Dallas Morning News:

"The calf was big. But Larry McAnally's heart was strong, and it gave him the courage to hold on.

"The Future Farmer from Cross Plains, Callahan County, almost met heartbreak as the minutes ticked away in the first calf scramble ever held at the State Fair of Texas.

"His hopes slipped down his fingers when his hands were sore, and he was exhausted from trying to hold on to the 300-pound calf.

"Thousands who watched, including Gov. Price Daniel, hoped Larry could hold on long enough to win. And many, including the governor, let their dignity go and cried a little when it looked as though he wouldn't.

Practically none thought he would be able to get his calf to the opposite end of the arena where his halter lay in the sand. And he must place his own halter on the calf he held before he could carry it across the finish line and win.

"But when the dust had cleared from the kicking hoofs of the scramble cattle, Larry McAnally, 16-year-old, 125-pound son of Mr. and Mrs. Ed N. McAnally of Cross Plains, had won—not just a calf, but the prize show calf from the famed Flat Top Ranch of Walnut Springs.

"The story of Larry's victory in the livestock pavilion Saturday afternoon is an easy one to tell if you know where to start. But never in the history of the livestock pavilion at the State Fair of Texas has so much drama been packed into the life and hopes of one farm boy.

"And so the beginning does not come easy.

"Thirty boys had been chosen to scramble for 15 calves. They were all good boys, good in their farm work and good in raising and showing beef cattle. A panel of experts had chosen them carefully as the best from about 1,500 Future Farmers and 4-H Club boys from all parts of Texas who had entered the scramble contest.

"Shortly after 1 p.m. 15 calves were turned loose in the big arena, and 30 boys were lined up behind a chalk line. Each carried a rope halter. The 15 boys who caught calves would get one for a feeding project. But one boy would catch the secretly marked calf—Maverick—chosen by three top livestock men, John Burns, the noted Port Worth livestock judge, Bill Roberts, manager of the Flat Top Ranch, and Cal Johnson, Southwest director of the Sears Foundation.

"There would be 15 boys who would fail to catch a calf, and the reward for each of them would be a pair of Nocona cowboy boots.

"James Garner, star of 'Maverick,' the ABC-TV show, fired the pistol that sent the boys running for the calves.

"Like a bowling ball hitting the pins, the boys scattered the calves and there were wild and hectic moments. Finally each calf was held by a boy—by the neck, or leg or tail. The problem now was to get a halter on the calf and pull it across the finish line.

"One by one the boys brought a calf across. Kenneth Brandenberger, Future Farmer from San Saba, got his calf near the line and stalled. Moments ticked by and energy waned. Finally he gave the calf a kick, and it dashed across the line as the crowd cheered.

"Then all the calves had been caught except one—and Larry McAnally of Cross Plains had hold of that calf by its tail. This meant that the other 15 boys who hadn't caught a calf couldn't touch it—but they could pounce on it if Larry ever turned loose.

"Larry faced one tremendous problem. He had gone into the fight with his rope halter tucked under his belt. Somehow in the wrestling with the calf, the halter had slipped out and now it lay in the sand.

"The calf darted to the opposite end of the arena from where the halter lay. But Larry held on for dear life. The 15 boys hovered like buzzards, waiting for Larry to become too exhausted to hold on so they could have a chance at the calf.

"Larry's strength was about gone, but his heart would not yield. The (Continued on Page Two)

Eldon Champion, 39, Killed In Car Crash, Buried Here Monday

Eldon Ferrell Champion, 39, of Midland who was killed instantly about 9 o'clock Saturday evening, October 5, in a head-on smashup 14 miles east of Sterling City on State Highway 153 while he and his family were enroute to Comanche for a week end visit with his parents, Mr. and Mrs. Cecil Champion, former Cross Plains residents.

Mrs. Champion and son, Ronnie, 10, were injured in the accident and are in a Comanche hospital where it was reported she is suffering from severe bruises and broken back and Ronnie has a broken ankle and other minor injuries.

John Paul Wilkinson, 46, of Midland, driver of the other car, was also killed and four other occupants of the car were injured.

Funeral rites were conducted in the Cross Plains Church of Christ for Champion, Monday afternoon at 3 o'clock with H. McDonald, minister of the church, officiating. Burial was in the Cross Plains Cemetery under the direction of Higginbotham Bros. & Co. Funeral Home.

Champion was born in Cross Plains June 20, 1918 and lived here until the family moved to Lawn when he was 12 years old. He had lived in Midland the past three years.

Survivors include his wife, Floy Dell Champion of Midland; a step-son, Ronnie, of Midland; and his parents, Mr. and Mrs. James Cecil Champion of Comanche.

Serving as pallbearers were Ned Clark, Buel Peavy, Claude Chasler, Glenn Champion, T. Y. Woody and Bob Rowe.

Nephew of Local Citizens Is Shrine Ring Winner

John Bryant of Snyder, grandson of Mrs. T. A. Coppinger of Baird, and a nephew of L. W. E. K. and Harry Coppinger of this city and Mrs. Jess Sparks of Cottonwood, was declared winner of the annual Shrine ring contest held in connection with Suez Temple fall ceremonies in Abilene, Saturday of last week.

He is a son of Mr. and Mrs. T. E. Bryant of Farmington, N. M., and his mother will be remembered here as the former Melba Coppinger, daughter of the late T. A. Coppinger and Mrs. Coppinger.

Bryant, posing as "Honest John, used John salesman," nosed out three other candidates for the ring, an annual award to the zaniest novice.

Running under the slogan "Dumb but Honest, but not too dumb to want that ring," he campaigned tirelessly, circulating among the delegates in his tattered overalls and battered hat, and lugging along a tool of his assumed trade, a plumber's friend.

Among his platform statements were: "I am for better natured mother-in-laws" and for "women-blondes, brunettes, redheads and greyheads."

But on the serious side, "I am for the Masonic order and the Shrine and its wonderful hospitals and other benevolent work."

"I think that statement was one of the things that won it for me," Bryant said.

Area Oil News

Ray and Bruce Wilbanks of Midland are beginning the H. C. Wilcox No. 1, A 750 foot test, 1,030 feet from the south line and 1,600 feet from the east line of J. J. Hagmon Preemption, two miles north of Cottonwood.

Callahan County has drawn a new wildcat location 12 miles northwest of Cross Plains, where J. P. Lohan of Breckenridge will drill No. 1 A. G. Hobbs as a 3,000-foot combination test.

Location spots 330 feet from the south and 4,271 feet from the west lines of Heirs of Baker Larkin Survey.

Charlotte Kuper of Cross Plains completed No. 1 Julia H. Pope as a producer in the regular field two miles southwest of Cross Plains. It is in W. B. Travis Survey 148.

Daily potential was 35 barrels of 41 gravity oil and 10 per cent water, pumping from 36 perforations at 1,320-26 feet. Casing was set at 1,359 feet, with the hole bottomed at 1,360. Pay was treated with 100 gallons of acid.

BUFFALOES TO MEET THROCKMORTON GREYHOUNDS THERE FRIDAY NIGHT

Table with columns: Team, W, L, Pct, Pts, Opp. Rows include Mason, Santa Anna, Llano, Cross Plains, Goldthwaite, Rising Star.

Table with columns: Team, W, L, Pct, Pts, Opp. Rows include Mason, Santa Anna, Cross Plains, Goldthwaite, Rising Star.

Last Week's Results: Mason 19, Llano 7; Santa Anna 27, Rising Star 12; McGregor 20, Goldthwaite 7; Cross Plains, open date.

This Week's Schedule: Cross Plains at Throckmorton. Rising Star at Llano. Mason at Sonora. Goldthwaite at Santa Anna.

After an open date rest the past week, the Cross Plains Buffaloes will journey to Throckmorton Friday night where they will clash with the Throckmorton Greyhounds in the last non-conference game of the season.

While the Hounds are touted to be a strong team, fans will see a rejuvenated Buff squad that should make the evening a fine one from the spectator's standpoint.

The two week rest period has given the injured Buff players a chance to recuperate and a little shifting of starters gives the local team a "new look" that Coaches James Alexander and Ferrell Newton believe will be a more potent force, both on offense and defense.

Gravel Scott, shifty and deceptive ball handler has his left hand out of the cast for the first time since the Merkel game and will start at quarterback. John Baum has been moved from guard to center and Don Watkins has shifted from center to tackle; Doyle Oliver has been shifted from end to guard and Johnny Pancake has moved to end, from a tackle position.

Probable Starters: The coaches stated that the following Buffs will probably start Friday night.

Ends, Jim Fleming and Johnny Pancake; tackles, Perry Jennings and Don Watkins; guards, Joe Gary and Doyle Oliver; center, John Baum; backs, Gravel Scott, Darvel Hutchins, Norman Vaughn and Audrey Gary.

Baptist Building Fund Totals \$11,000 Now

The First Baptist Church in Cross Plains engaged in a building fund drive last Sunday which resulted in contributions reaching past the \$5,000 mark, boosting the total amount in cash to \$10,949.90 and \$310.00 in pledges.

The pastor, V. D. Walters, stated, "I am grateful indeed for the good response of the people, and, anticipating other donations not yet received, we should reach the \$12,000 mark before this present drive is over."

Each first Sunday of the month is Building Fund Day in the church, it was stated. Earlier in the year the church adopted a slogan and goal of "\$100,000 by the 10th Month." "Having reached this goal," the pastor said, "there will be another goal suggested to the church toward which we will work in our campaign to raise necessary funds to build."

PHILOSOPHER IS UNABLE TO HELP FRIEND WITH PROPOSED RECKLESS SPENDING LIST

EDITOR'S NOTE: The Bayou Philosopher on his Johnson grass farm on the Bayou wants us to compile a list for him, his letter this week reveals, but we're pretty busy right now.

Dear editor: A friend of mine from town was out here on my farm yesterday afternoon telling me about his troubles.

According to him, he had been trying to convince his family President Eisenhower is right when he says reckless spending is helping cause inflation, and he called a family conference to go over the situation.

He claims everybody in his family agrees with him, reckless spending ought to be cut out, this inflationary spiral can't keep going up forever, President Eisenhower is absolutely right, and every family ought to pitch in and help.

But it's when he gets down to individual cases he runs into trouble.

For example, his teen-age daughter says reckless spending ought to stop, but not until after she's gotten a formal evening dress, and besides, Mrs. Eisenhower wears evening dresses frequently and she knows Mr. Eisenhower doesn't include that on his list of reckless spending items.

His 10-year-old son says he's opposed to reckless spending too, but buying a football suit, with a helmet and shoulder pads, is not reckless, on the contrary, it's reckless to play without one. Claims he saw a picture of Ike's grandson wearing exactly the kind of football suit he has in mind.

His wife says reckless spending ought to be stopped, but if she doesn't get a new kitchen range, the one she's got may blow up any time.

And the man himself said if he didn't get a new set of tires on his car, further driving is gonna be mighty reckless.

He says what he wants is a list of items from President Eisenhower classifying the things that constitute reckless spending, but I told him this country is depending too much as it is on Washington and the only solution is to work things out for himself. He said he could work his problem out, if he could only find an inflationary bank that's making reckless loans.

Personally, I can't help him out myself. I've got more problems out here now than I can handle, but I've got an idea: why don't you sit down and figure out a list of all the items that constitute reckless spending and publish it in your paper.

Yours faithfully, J. A.

minutes went by—about 20 of them—before the calf got smart. As though it knew how to end this predicament, it ran straight toward Larry's halter on the ground. With one hand holding to the calf's tail, Larry reached down with the other and retrieved his halter.

"Murray Cox, master of ceremonies for the scramble, first called out the names of the boys who won boots. Then he called the names of 14 boys who won regular calves.

"And when those names were called, only one boy was left standing, tired, happy Larry McAnally of Cross Plains, who had wrestled so hard for just a calf, and came in with the best of them all. He will show the prize Flat Top Ranch calf at next year's State Fair of Texas.

"Governor Daniel awarded the calf to the boy, saying 'it's all yours now' as a sort of finale to his troubles and victory.

control and a crime commission. More talks were scheduled—one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

CRIME—Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked for a state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent of it by juveniles, said Daniel.

you've been putting off necessary home repairs and modernizing work that really ought to be taken care of, give some thought to having it done now — while the weather is favorable.

There's no need for further delay as we can arrange convenient monthly terms under the FHA Pay-Out-of-Income Plan. FHA rates are low . . . 36 months for repayment.

Don't delay — Use FHA

Higginbotham Bros. & Co.

recent FBI survey showed that during the first half of 1957 Texas has had an increase, up to nearly 10 per cent over 1956, in every type of major crime.

LOBBY CONTROL—Opponents of this bill are trying "to picture it as a struggle between business and labor," said the governor.

"This is ridiculous . . . The bill would require registration of those employed by both labor and industry to influence legislation.

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern-day carpetbaggers who hide their identity and improper expenditures."

FEDERAL SCHOOL AID—"Full responsibility for the operation and financing of public schools should be exercised by the states and their political subdivisions."

Governor Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment from U. S. military installations.

LITTLE ROCK CONTROVERSY—Governor Daniel suggested that both President Eisenhower and Arkansas Gov. Orval Faubus had fumbled in handling the school integration problems there. Neither, he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

BRIGHT FUTURE—Texans can look forward to more money but a little less elbow room in the next few years.

So says U. S. Sen. Lyndon B. Johnson in predicting a population of 12 million for the state by 1975 with a total personal income of \$24,000,000,000. This compares with a \$9,000,000,000 income for some 9,500,000 people in the past few years.

Senator Johnson forecast a 1975 farm output of \$2,900,000,000, up a billion from now, and factory production worth \$8,600,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act

to control our water resources."

"Texas," he said, "is a growing giant wearing last year's shirt. It's going to strangle, he said, unless there is quick action."

WEATHER TOLL—Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state.

Latest Civil Defense Department reports put the year's toll from blizzards, floods, tornados and Hurricane Audrey at 61 dead, 638 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation in major disasters."

TP IN TEXAS—Starting facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texas spends \$6 per patient per day on its TB hospitals," Dr. McShane advised. "And we rank in the bottom fourth on what is spent in trying to get them well."

SCHOOL PANEL NAMED—Way is clear for a new study into needs of the public school system. Six appointments by Gov. Price Daniel completed membership of a new commission created by the last legislature to do the job.

Daniel's appointees: Dr. J. W. Edgar, commissioner of education; Dana Williams, Gladewater superintendent and president of the Texas State Teachers Association; Ed Ray, executive editor of the San Antonio Express and Evening News; Mrs. L. E. Dudley, Abilene; H. K. Jackson, Gatesville; Felix Tijerina, Houston.

Six appointments each were made earlier by the Speaker of the House, the Lieutenant Governor and the department of education.

BUSINESS YEAR UNCERTAIN—Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: softening of the building outlook, slackened expenditures by the federal government and business concerns. Bright hopes: expanding expenditures by state and local governments, high level consumer spending, continuing population increases.

SHORT SNORTS—House Speaker Waggoner Carr is entitled to use capitol quarters for office space. Atty. Gen. Will Wilson has held in an opinion requested by the State Comptroller. Salary for a secretary and expenses for stationery, supplies, telephone and telegraph also were approved . . . John H. Hargrove has been appointed chief of the staff services division of the State Insurance Department by Commissioner William A. Harrison. Hargrove was formerly with the Texas Research League.

Billy Pancake of Odessa visited his parents, Mr. and Mrs. L. W. Pancake Tuesday.

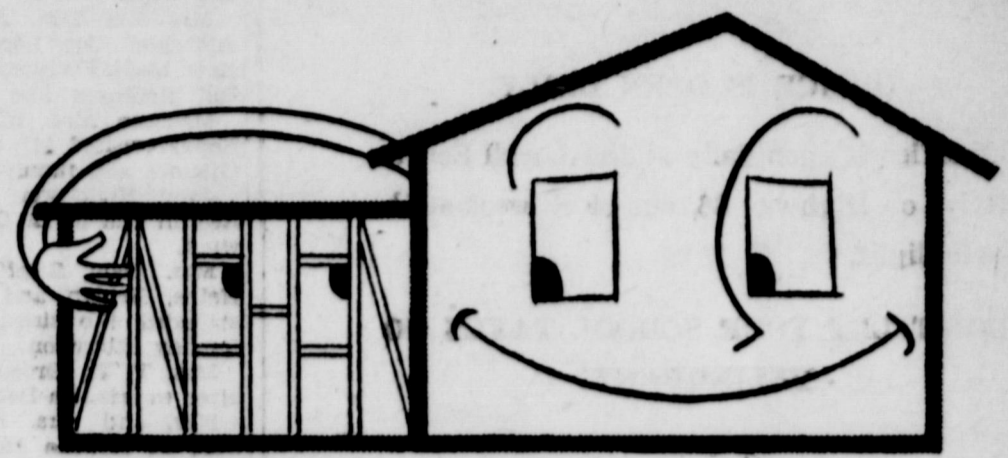

Mrs. Dave Hargrove, Mrs. Millard Ray and Mrs. Mason Shuford visited in Putnam and Baird Tuesday of last week.

Mr. and Mrs. Buster Gary were in Brownwood Sunday afternoon.

Mr. and Mrs. Vernon Rich and daughter, Mrs. Freva Pope of Coleman, visited here Thursday of last week with Mr. and Mrs. E. E. Rich.

Mr. and Mrs. Martin McMillan returned home last week from a visit in West Texas and Hobbs, New Mexico where they visited their daughter, Mrs. Earl Lee and husband and a nephew of Mr. McMillan, Jack McMillan.

Electricity does it for only a few cents!

Electricity is the biggest bargain in your budget — and even more of a bargain today than it was years ago — in fact in homes served by WTU, the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago. Your electric bill may be higher, but that is because electricity is so inexpensive you can afford to use much more of it these days. Don't you think so?
