LITTLE LEAGUE BASEBALL ASSOCIATION SETS WORK DAY ON BASEBALL PARK

H. McDonald, President of the Little League Baseball Association here, announced this week that the organization has set Thursday afternoon (today) as a work day on the new Little League Baseball Park to be constructed on city property in the Edgewood Addition, and league officials urge everyone interested in this worthy movement to turn out with garden tools and help with the project. Work is scheduled to get underway at 5 p.m. President McDonald stated that the diamond has been plowed and staked and leveled, and workers are asked to help in sodding the field with Bermuda grass. Volunteers are asked to bring either seed or Bermuda sod to be used in covering the field. He reported that two sets of bleachers, five seats high and seating 70 people each have already been constructed of pipe and wood,

and three more are now under construction, and when completed will give the park a seating capacity of 350. Bleachers already completed are now being used by the school on the visitors' side of the football field, but will be moved to the new park after the grid season. Poles for the regulation baseball lights have been secured as has some of the lights, and plans are now complete for building a nice concession stand at the park, he said. Committees in charge of the construction of the park are: Lights, Edwin Baum and John Pruet; diamond, J. P. McCord; bleacher construction, O. B. Edmondson, and concession stand, Gwynn Elliott. McDonald stated that these committees plan to have the new park ready for use by league teams when the season opens next spring.

Deposits Hit All-Time High At Local Bank

Fred V. Tunnell, President of the Citizens State Bank, pointed out this week that deposits hit an all-time high in the local bank last week when the institution received a call for a statement from the State Banking Commissioner. According to a condensed statement appearing in this edition, deposits on Wednesday, Sept. 24, totaled \$2,231,136.64, to exceed deposits of the same period last year by \$199,864.40, when deposits totaled \$2,031,272.24. The statement also shows an increase in loans with present loans totaling \$553,469.45, as compared to \$477,463.92 a year ago, for an increase of \$76,005.53. Income from agriculture is responsible for the increase here. Excellent grain and feed crops have been harvested here and price of cattle is good, and to further brighten the local financial picture is the prospect of an excellent peanut crop and some fair cotton.

22 City Voters Cast Ballots In Special City Election Here Tuesday

Parker Baum, well-known oil well contractor and life-long resident of this community, was elected to fill the unexpired term of Lloyd Bryan on the City Council, in a special election held here Tuesday of this week, when only 22 voters turned out to ballot. There were no written votes and Baum was the only candidate for the office. The City Council met in called session at the City Hall Tuesday night and canvassed the vote and declared Baum elected. He will take office at the next regular meeting of the Council Monday night, Oct. 13, according to an announcement made by Mayor W. D. Smith. Other members of the Council are L. F. Foster, Alton Hornsby, Donald Baird and Jack McCarty.

Ward School Team Defeats Rising Star

The Cross Plains Ward School Mighty Mites defeated the Rising Star Kittens by a score of 26-6, on the local football field Tuesday night of this week. Captains for the locals were Jimmy Hargrove and Kenneth Lowry. Darrell Wyatt scored the first TD for the Mighty Mites and also ran for the extra points. Wyatt also scored the second touchdown, but try for extra points failed. Max Howell caught a 30-yard pass from Jimmy Hargrove for the third touchdown and Hargrove went over for the final points. Kenneth Lowry was outstanding in line play during the evening. The Mighty Mite B team was defeated by the Rising Star B team by a score of 8-0. The locals will meet Clyde here Tuesday night of next week for their last home game of the season. The A team will play at 7:00 o'clock with the B teams playing preceding. Mac Copping, head coach of the Mighty Mites reported that the team will present their sweetheart at half-time activities.

Voters of the Callahan and Brown County sections of Turkey Creek watershed balloted to confirm the creation of two proposed water control and improvement districts in elections held here and at Cross Cut Saturday of last week. Also authorized were bond issues to finance the districts. A total of 144 voters cast ballots here and 12 voted in the Cross Cut election. Jack McCarty, judge of the Callahan election, reported that voters favored confirmation of the district here by a vote of 124 to 17 and voted, 120 to 16, for the issuance of \$15,000 in tax bonds to finance the organization of the district and establish a fund for the maintenance of dams to be erected on the watershed of the district. Earl Pyle, presiding judge of the Brown County election, held at Cross Cut, reported a total vote of 12, with 8 favoring confirmation and 4 against. Two other propositions on the ballot calling for issuance of \$3,000 in bonds and a tax rate of three (3) cents per acre on land in that district also carried by the same margin, he stated. Directors of the two districts are: Earl Pyle, Lowell Newton, Albert Conlee, George Wright and E. C. Eyrd in the Brown County District and Edwin Baum, Mark Adair, Arlie Breeding, W. A. Gill and Charlie Coats in the Callahan County District. Directors of the districts expressed themselves as well pleased with the election vote and are now preparing to enter into an agreement with the Central Colorado and the Brown-Mills Soil Conservation Districts for an extensive flood control program on Turkey Creek from the head of the stream to Pecan Bayou, south of Cross Cut. Tentative plans call for the construction of some 10 or more water-retarding dams on the tributaries of the creek at a cost of approximately \$750,000.00, to be financed entirely by federal funds, with land owners providing dam sites. Officials of the Soil Conservation Service stated this week that plans will be speeded to conclusion on the planning of the project and contracts will be awarded for the construction as soon as possible after easements for the structures have been obtained from landowners of the district.

BUFFS LOSE TO EASTLAND, 28-6; TANGLE WITH SANTA ANNA HERE FRIDAY NIGHT

The Cross Plains Buffaloes ran head-on into a shifty and fast backfield of Eastland Mavericks as the Buffs lost their third game of the season, 28-6. The Class AA Mavericks scored once in the first and second quarters and twice in the third period. The Buffs came to life in the final cano and passed their way for their only touchdown of the contest, approximately mid-way in the final quarter. Host Eastland ripped the Buff defense apart in the first three quarters for 204 yards first rushing and 48 yards via the air lanes. The Buffs gained 141 yards rushing and 42 yards passing. Last of the Buff's passes accounted for their lone tally. The TD coming on a 22 yard pass from the arm of quarterback Bill Mayes to half-back Claude Beeler standing in the end zone. Eastland Scores: Second time the Mavericks got their hands on the ball they scored. Myerick halfback Larry Hollis took a Buff punt on approximately the Eastland 40 and raced 60 yards for the first Eastland touchdown with 7:45 left in the first period. Quarterback Clint Humphreys passed to end Phillip Lewis for the two points. Early in the second quarter Eastland again scored on a drive which originated in the first quarter on the Buff 49. Two 15 yard penalties against the local's contributed greatly to Eastland's march. The second penalty came after quarterback Humphreys rolled around end for 17 and a first on the Buff eight. As the tackle was made a penalty marker was thrown at that point, and the pigskin was moved to the Buff one. Eastland's fullback Mike Manning blasted over the double stripe on the next play. Halfback Bill Turner circled left end for the two points. Halftime score read Eastland 16 and the Buffaloes 0. The Buffaloes were bottled up in their own end of the field during the first quarter. Late in the second quarter, the Buffs marched from their own 37 to Eastland's 24 in 10 plays. But the Maverick de-

fense tightened up and the ball went over on downs at the Maverick 34. Second Half Eastland received the second half opening kick and drove 55 yards for their third TD before relinquishing the pigskin. On the first play from scrimmage in the second half, Manning rambled around right end for 35 yards before he was downed on the Buff 20. Three plays later, Maverick James McElrath sped around left end from the Puff 11 with 10:21 remaining in the third quarter. Try for point after touchdown was no good. Score stood, Mavericks 22 and the Buffaloes 0. The Buffs took the kickoff and marched from their own 38 to the host's 30 before the ball went over on downs as a fourth down gamble failed to pay off for the Buffs. After Eastland took the ball over on their own 30, they marched 70 yards in eight plays for their final tally with 2:29 left in the third quarter. The Mavericks drove to the Cross Plains 19 when the Buffs received their third 15 yard penalty which moved the ball to the Buff 4. On the next play, Turner ripped around right end into the end zone for Eastland's final tally with 2:20 left in the third. The kick was no good and the score stood Eastland 28 and Cross Plains 0. Buffs Score: Receiving the kickoff, the Buffs marched to the Eastland 13 from the Buff 42 before a fourth down desperation Buff aerial fell incomplete at the Maverick one. Approximately mid-way in the fourth quarter, Cross Plains marched 38 yards in four plays for their only score. Quarterback Bill Mayes rolled out to pass, couldn't find a receiver, and rambled for 14 yards and a first on the Maverick 44. Mayes then faded back to pass and found Buff end Grady Scott as he made a good catch on the Eastland 22. On the next play, Mayes again passed. This time he hit Buff halfback Claude Beeler in the end zone for the TD. Buff fullback Don Hargrove tried power at the middle for two points but was (Continued on back page)

PHILOSOPHER UP IN AIR OVER SCIENTIST WHO'S GLAD HE ESCAPED BEING FARMER

EDITOR'S NOTE: The Bayou Philosopher on his Johnson grass farm on the Bayou seems a little riled up this week. He'll get over it. Dear editor: There are some days when I'd just as soon not have seen a newspaper. Yesterday I was reading along fairly contentedly, some people get excited over world events but they've been going on so long I've gotten used to them, when I ran into a statement that flabbergasted me. A famous scientist was leaning back in his chair recalling his early days and he said a school teacher was responsible for his being a scientist. "If it hadn't been for her, why I probably would be farming now," he said, with considerable self-satisfaction, as though he'd escaped a ditch-digging or the penitentiary. As I understand this, the better the teacher you have, the less likely you are to become a farmer, and I'll admit that at first this made me mad. One of the loudest arguments I ever heard for improving the teaching profession. Then I began to ease up a little. Maybe some farmers had rather be scientists than farmers, and Yours faithfully, J. A.

Fire Prevention Week Set for October 5-11

Fire prevention is the best defense against fire. By not giving fire a place to start, reports the Texas Farm and Ranch Safety Council, the nation's annual farm fire losses of about \$150 million dollars can be cut in half.

The Council points out three general safeguards against fire, which if practiced by all farm families, could cut farm fire losses in half.

First, they say use foresight and care to avoid all needless fire hazards in building, equipping, maintaining and using farm property. Management of the farm and woodlands is included in this suggestion.

Secondly, they warn that farm families should be prepared to fight a fire as soon as it is discovered. Prior training for all members of the family in the use of safe and effective fire fighting equipment is suggested by the councilmen. Fire extinguishers should be checked regularly and kept in readiness wherever needed—in and near the house and other buildings, and on trucks and tractors.

Thirdly, they suggest organizing to provide community fire protection with trained men and equipment sufficient to put out or control large fires. Such a community effort makes for more protection of life and property and better fire prevention, they say.

Finally, the state safety group advises all farm families to do some hazard hunting in their homes and on their farms. Since approximately one-third of all farm fires start from defects in heating and cooking systems, they suggest that stoves, chimneys, spark arresters and cooking equipment be checked first.

Then check for inadequate, defective and misused electrical wiring systems or appliances. Give the fuel storage facilities a close check and make sure the storage area is neat and arranged for fire safety. All lightning rods should be checked to see that they are grounded and securely connected and surge arresters at electrical entrances should be checked.

WCSA Regular Meeting At Methodist Church Monday

The Woman's Society of Christian Service of the First Methodist Church met Monday afternoon in the home of Miss Missouri Strahan for their social.

Mrs. George Neel opening the meeting with prayer and Mrs. E. W. Riggs brought the devotional. Following the program, refreshments were served by Miss Strahan and Mrs. Riggs to the following members: Misses I. N. Riley, Minerva Eubank, Will Fortune, V. C. Walker, George Neel, Fred Tun- nall, Doyle Burchfield and two vis- itors, Mrs. Otis Odom and Mrs. Ivan Odom.

Mr. and Mrs. E. G. Pierce of Cisco visited here Sunday afternoon with Mr. and Mrs. Ben Pierce.

Contributions to Pioneer Cemetery Are Reported

Mrs. Joe Bryson has reported that a \$2 donation to the Pioneer Cemetery Association was omitted from the last list of donors published in the Review. The contribu- tion was made by Russell Dill of Rising Star.

Anyone desiring to donate to the upkeep of the Pioneer Cemetery are asked to hand their donation to Mrs. Bryson or a member of the association.

Mr. and Mrs. W. H. Bledsoe and family were here from Abilene Saturday visiting his sister and family, Mr. and Mrs. Jack Tunnell.

Mrs. J. R. Starnater of Abilene spent Sunday and Sunday night with her daughter and husband, Mr. and Mrs. Clyde Sims.

By Terry Baum, Reporter

The Happy Bluebirds started their meeting with a game, then pres- ident Cathy Gregg, called the meet- ing to order.

Charlotte McCowen called the roll and Garnett McGowen called for the dues. We did not go on our hike because of the bad weather.

We learned a new song called "Six Little Ducks" then Mrs. Mc- Gowen served refreshments.

Girls that were present were: Vanda Anderson, LaNeal Dillard, Cathy Gregg, Garnette McGowen, Carolyn Tunnell, Patricia Driscoll, Marcia Petty, Charlotte McCowen, Mariene McMillan, Peggy Erwin, Mariene Stansbury, and Terry Baum and the leader, Mrs. Howard McGowen.

By Mickey Freeman, Reporter

The Campfire Girls met Sept. 25 at 3:30 in the homemaking build- ing.

We elected Cynthia Hickman vice president and also decided to name our troop the Indian name of Oti- caka, meaning with your heart and hands.

Refreshments were served by Julia Morgan and games were play- ed.

Girls attending the meeting were: Kathleen Cowan, Sandra Barr, Julia Morgan, Becky Baird, Cynthia Hickman, Linda Whitton, Jackie Holt, Elaine Parker, Velma Pitt- man, Evelyn Potter, Mickey Free- man and our leader, Mrs. J. C. Claborn.

Agriculture Has Lost None of Its Importance

Almost two out of every five Texans are engaged in agricultural production or in supply machinery and other farm and ranch needs or in processing and distributing farm and ranch products. This amounts, says John McHanev, exten- sion economist, to approximately 40 per cent of the State's popu- lation.

It is true, he points out, that 34 per cent of all Texans lived on farms in 1940 compared with only 11 per cent today, but this is in no way means that agriculture is of less importance. Today 11 per cent of those engaged in agricul- ture are classed as suppliers as com- pared to 4 per cent in 1940 and 18 per cent process and distribute farm products compared with only 7 per cent in 1940. This shift is of great importance, says the econ- omist, for it means that others are now doing jobs which once were performed in a large measure by the producer. It has added effi- ciency to the industry and per- mitted the producer to concentra- tion on production.

In 1940 the average farm in Tex- as consisted of 367 acres. Today's farm contains over 500 acres and is highly commercialized with thousands of dollars invested in capital operations. Farmers are buying more items in town and marketing more agricultural prod- ucts than ever before in history but it must also be remembered, says McHanev, that costs of oper- ation are also much higher.

The self-sufficient farm is no more. Texas farmers and ranch- men annually go to the market place for about \$59,000,000 worth of machinery; \$106,000,000 worth of petroleum products; spend \$44,000,- 000 for construction materials; \$18,000,000 for pesticides; \$31,000,- 000 for lime and commercial ferti- lizers; \$221,000,000 for feed and approximately \$884,000,000 for other goods and services. Such busi- ness transactions, says the econ- omist, are very important to the en- tire economy of Texas.

Because about 96 per cent of the total agricultural production goes into the channels of industry and business, town and city dwellers benefit, says McHanev, for this pro- duction passes through many hands before finally reaching the con- sumer.

Mr. and Mrs. Jack Watkins and Keith and Miss Jean Bonner visited Don Watkins in San Angelo Saturday night and Sunday. Don is attending San Angelo Junior Col- lege.

Mr. and Mrs. John Pruet and son, Mike, visited in Abilene Sunday afternoon with Mr. Pruet's aunt, Mrs. Dale Wirt, who is a patient in a hospital in that city.

I THINK WHAT I'VE GOT IS ONLY INDIGESTION... WHY SHOULD I RUN UP A DOCTOR BILL?

THE DOCTOR WILL KNOW WHAT IT IS... AND WILL REALLY HELP ME BY GETTING ME UP TO SPEED WITH HIM NOW!

The man suffering "a touch of indigestion" is a full-fledged member of our largest ill-health club. (It's said that possibly 25 percent of our population could qualify for membership.)

You will find, too, that he has one outstanding trait: a readiness to almost any sort of treatment he reads or hears about. And yet, proper treatment of digestive disturbances... whether it be by diet, drugs or other measures... can be given only by a physician after careful diagnosis.

When symptoms occur frequently, it's the better part of wisdom to see your doctor before you try someone's pet remedy. While your trouble may be simply and easily corrected, it could signal peptic ulcer, gall bladder disease, or something much more serious.

A digestive disturbance can easily edge over into the danger zone when you neglect it or try to treat it yourself... while getting proper and proper medical care may well turn out to be one of the biggest bargains of your life.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Through the summer "economy" in government words that rusted about as an evening breeze. The approach of winter—the tick-log budget—same words have edge of a blue norther. Daniel stuck a pin in the money hopes that "things" be too bad. He sent requests made by state departments for they were "wholly" Daniel had been the hold-out against pre- a major money crisis. officials had been cry- and foretelling a shortage of \$140,000,000 for months. Daniel took note of in asking depart- to re-examine their eliminating any non-essential. A deadline of Oct. for the new requests. submitted, the re- require a \$272,000,000 spending. and hope this decline revenues is a temporary said the governor, "but approach . . . requires -41 requests should not the 1958-59 level unless ab- essential." Soon—a further glum note state comptroller's forecast the general revenue fund can dry in October. probably won't be a tem- thing, according to Comp- Robert S. Calvert. Almost the state has a sea- for franchise tax paying. said this deficit may con- until September, 1959, and a return of some of the of the 1930's. During those these employees had to pay of from one to five per

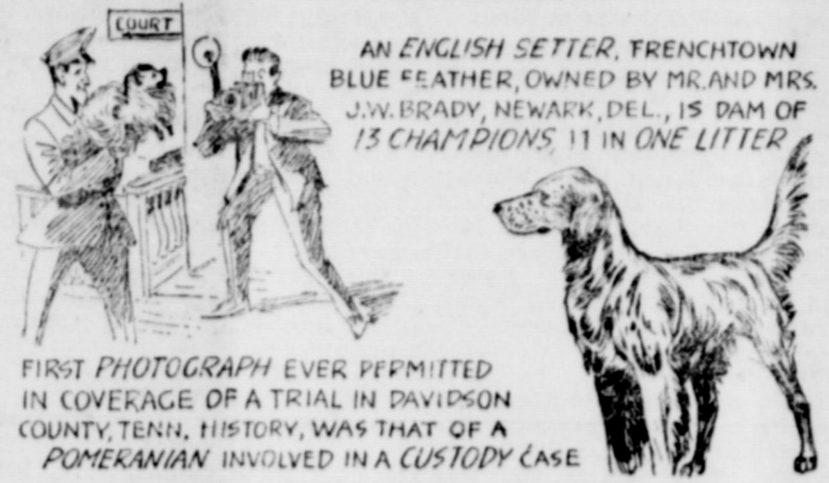

cent to cash their pay checks since the banks that cashed them had to hold them for some time waiting for the state to get the money to make them good. Calvert said the general revenue fund began the new state fiscal year in September with a \$13,000,000 balance. This is not a very big kitty for the government's billion-dollar-a-year operation. **Hard Decision**—Education Commissioner J. W. Edgar is the man in the middle of the controversy over accepting federal aid for Texas schools. Dr. Edgar has until the end of this week to decide whether to recommend to the State Board of Education that Texas participate in a new federal school aid plan. This program, prompted by national defense concerns, is designed to help step up training of mathematicians, scientists and teachers. Edgar's decision must be made in the light of the recent recom- mendation by the Hale-Aikin Com- mittee, a group of influential citi- zens and lawmakers, that the state stop taking some federal funds it is already getting—for school lunches and vocational training. On the other hand, Sen Ralph Yarborough, a Congressional sponsor of the new aid plan, is strongly urging that Texas take advantage of it. Others who agree de- clare that to stay out would mean Texas schools would lose millions— some of it paid in by Texas tax- payers. **Gentle Reminder**—Uncle Sam still wants you—to register, at least. This reminder comes from State Selective Service Headquarters which says many young men, usual- ly through misunderstanding, are failing to register on time. All males must register on their eighteenth birthdays—or within five days afterward—even if they're in National Guard or have already

been in service. Texas draft quota for November will be 356 men, according to the state director, Col. Morris S. Schwartz. **Advertising "Major Step"**—Propo- sal to use tax money to advertise Texas got a boost from one of the state's best-known economists, the director of the University Bureau of Business Research. Dr. John R. Stockton called the advertising plan a "major step in a program to promote the continu- ed growth of the state." Continu- ed industrial expansion is essential, said Dr. Stockton, since Texas no longer enjoys its position of world leadership in oil production. **Of the recent recession**, the BBR director called it "V-shaped—a quick, sharp rise, just a gap be- tween rising trends." **State Sues Oil Companies**—Atty. Gen. Will Wilson has filed anti- trust suits against three oil com- panies engaged in refining and selling gasoline to retailers in the El Paso area. Standard of Texas, the Texas Co. and El Paso Natural Gas Products Co. are charged with illegally agreeing to fix prices. Wilson said a court of inquiry confirmed re- ports that gasoline prices are arti- ficially high in El Paso. He said major brands had been selling for 34 cents in El Paso compared to 21 cents for the same product in Juarez, across the border. **Prison System Praised**—Texas Department of Corrections has been getting applause from all sides. State Auditor C. H. Cavness, whose official reports frequently jab at flaws in state agencies, ac- claimed the system for having pro- gressed from "one of the worst in the nation to its present and re- cognized position as one of the na- tion's best." He paid tribute to the general manager and board for having achieved this without "an appreciable increase in the cost per inmate per day." Also, Governor Daniel took note of the recognition paid Gen Mgr. O. B. Ellis in his election to the presidency of the National Con- gress of Corrections. **Short Snorts**—Two good-paying state jobs are standing vacant. They are for an \$11,500 program examiner and a \$10,000 finance examiner for the Commission on Higher Edu- cation. But the Commission di- rector says the salaries are less than terrific for the type men needed. Not since 1889 have there been so many cotton rats and mice loose in Texas, says the State Health Department. What's worse, the upcoming cold weather may cause many to enter homes in search of food. . . . Texas Employ- ment Commission reports that 8,817 Texans were involved in work stop- pages over the state as of Sept. 1. Most of the strikes involved con- struction work.

Soil Conservation District News

A series of field days has been scheduled by soil conservation districts that are assisted by the Baird Work Unit of the Soil Conservation Service. **The first field day** will be held on the John D. Isenhower Ranch one mile south of Putnam on Tues- day, Oct. 7, at 1:30 o'clock. Re- sults of root plowing of mesquite and seeding of native grazing lands will be observed. A supervisor for Zone 5 of the Lower Clear Fork Soil Conserva- tion District will be elected at this time. The supervisor will be elec- ted for a five year term. N. M. George of Baird has been serving as supervisor for the past 12 years and does not seek re- election. **Landowners in Zone 5** of the Lower Clear Fork SCD are urged to attend this field day program and cast their ballot for a super- visor. Zone 5 includes that part of the Lower Clear Fork SCD lo- cated in Callahan County. **The second field day** will be held Thursday, Oct. 9, at 1:30 o'clock on the Carl Miles farm just northwest of Clyde on High- way 80. The results of root plow- ing and seeding of grasses on deep sand will be observed. Seed- ing of old fields to a soil improv- ing crop of vetch and rye so as to condition the soil prior to seeding grasses will also be seen. Miles is cooperating with the

Middle Clear Fork Soil Conservation District in applying a coordinated soil, water and plant conservation program. **The third field day** will be held Friday, Oct. 10, at 1:30 o'clock on the W. L. Lee Estate, which is op- erated by Weldon Edwards. The Lee Estate is located approximately five miles south of Clyde and one and one-fourth miles east of the Clyde-Denton Valley farm to mark- et road. An old field that has been seeded to native and introduced grasses will be seen. Mr. Edwards will discuss how he secured a satis- factory stand of grasses. **The public is invited to all of these field days.**

HOSPITAL NOTES

Friends will be glad to learn that Eddie Petty has been released from the Veterans Hospital in Big Spring following major surgery and was moved to the family home here Tuesday night.

C. W. Proctor has been released from the Rising Star Hospital after undergoing treatment for several days. Mr. and Mrs. T. R. Nurdyke, who spent several days here with the Proctor family, returned to their home at Plains Saturday.

Mrs. J. H. Coon, was moved from the Rising Star Hospital Friday of last week to her home in Pioneer. She was reported the first of the week to be recovering satisfactorily following bone surgery on a fractured hip some two weeks ago.

Mrs. Danny Myrick has been a patient at Hendrick Memorial Hospital in Abilene the past week where she underwent minor surgery. She was released from the hospital the first of the week. Mr. and Mrs. O. E. Raughton of this city have been in Abilene for several days with their daughter and family.

Berlin is the largest city on the European Continent.

BUFFS LOSE—
(Continued from page one)

The final score read Eastland 28 and Cross Plains 6.

Mavericks Threaten

Buff safety man, Scott, fumbled a Maverick punt on the Buff 20 and Eastland recovered. On fourth down, Maverick Hollis picked up 12 yards, moving the pigskin to the Buff three. With three seconds left in the game, Eastland had a first and goal to go on the Buff three. But on the final play of the game, Hollis fumbled and an unidentified Buffalo recovered.

Buff Standouts

Buff halfback Claude Beeler played an outstanding game both on offense and defense, while quarterback Bill Mayes and fullback Don Hargrove gave a good account of themselves on offense. Buff guard James Merrill played an alert defensive game.

Santa Anna Next

The Buffs will play host to the Santa Anna Mountaineers next Friday. Last year the Buffs edged the Mountaineers 12-6 in conference play.

This year the two elevens will tangle in a non-conference tilt. Game time is set for 8 p.m. at Buffalo Field.

Wedding vows will be exchanged in the First Baptist Church in Cross Plains at 7:00 o'clock in the evening. The reception will follow in the Fellowship Hall of the church.

ATTEND FUNERAL OF NEPHEW

Mr. and Mrs. J. B. Neeb were in Wichita Falls Friday of last week to attend the funeral of Mrs. Neeb's nephew, Major Albert A. Manchester, 39, who was killed in a crash of an Army jet plane, Sept. 20, while trying to land by instruments in a driving rainstorm at Lackland AFB, San Antonio.

Funeral services were conducted at the First Baptist Church in Wichita Falls. Military graveside rites were conducted.

Major Manchester was stationed at Lowery Field, Denver, Colo. Also killed in the crash was the co-pilot.

Survivors include the widow and four small children.

EASTERN STAR MEETING TIME CHANGED

Mrs. Pat McNeel Jr., Worthy Matron of the local chapter, Order of the Eastern Star, has asked The Review to announce that meeting time of the chapter has been changed from 8 p.m. to 7 p.m. and asks that all members note the change and be present for the regular meeting Monday night of next week. The meeting will be held in the Masonic Hall, over the City Hall.

Mr. and Mrs. Swanee Jones and daughter of Fort Worth visited Mrs. M. N. Lawler and other relatives over the week end.

Coffee was first used in Abyssinia in the ninth century.
