A. Kirkham.

## If you feel run-down because of TIRED BLOOD

Feel Stronger Fast within 7 days - or money back!

If you feel tired and run-down . . . your trouble may be due to what doctors call iron deficiency anemia. We call it Tired Blood. Check with your doctor. And to feel stronger fast, take GERITOL, the high-potency tonic that strengthens Tired Blood. In only one day, GERITOL iron is in your blood-stream carrying strength and energy to every part of your body.

So, if you feel weak and run-down because of Tired Blood, get GERITOL, liquid or tablets. Take GERITOL every day. Feel stronger fast-within 7 days or your money back!

estricity costs so LITTLE YOU CAN USE LOTS OF IT!

Chevy pickup pulls through "bottomless" pastures to keep stock fed!

At the Hall Bros. Dairy Farm, Montgomery, Ala., they say this 4-wheel drive Chevy will go anywhere to keep stock fed-even through hub-deep muck that makes it a fight all the way. And yet after a full year of it-no mechanical trouble of any kind!

That Chevy pickup may not win any beauty awards (till it's cleaned up). But it's sure walking off with the top prize for dependability. And that's standard Chevrolet procedure. Put a Chevy truck to work and it keeps on working until you say quit. Not before.

We aren't claiming that every Chevrolet truck is turning out to be a miracle-worker and averaging 100,000 miles before a valve job. (Even though some are going 150,000!) You're sure to find, however, that you can't buy more truck dependability at any price. And that's borne out by the fact that more truck owners put their faith, and their payloads, in Chevrolets than in any other make.

Take your load and schedule figures to your Chevrolet dealer. He'll specify the best way to handle both and save in the bargain.

No job's too tough for a Chevrolet truck! CHEVROLET

Now's the time-see your local authorized Chevrolet dealer for a real truck buy!

Yes, even most NEW cars need wheel balancing jobs

A good wheel balancing job with a modern Hunter Balancer pays for itself fast. That's true because unbalanced wheels pound your tires to an early deathand increase wear and tear on the front end of your car.

You get more pleasure out of driving - greater comfort, smoother riding, easier steering when you get a wheel balance job done with the modern Hunter Balancer. Yours will be a safer car on the highway, too.

Get your wheels checked FREEin just 2 minutes. Stop in today.
