LITTLE LEAGUE BASEBALL SEASON CLOSES; CATS ARE AWARDED CHAMPIONSHIP

Two Ball Games to Be Played On Local Diamond Monday

Announcement has been made this week that two ball games will be played on the local baseball field Monday night, July 20. The first game will be between two teams of outsiders with Red Grider in charge of one team and Norman Coffey coaching the other team.

The two pony leagues will play the second. Everyone is invited to attend the games as they are assured of a fine evening of entertainment.

The Little League Baseball organization here closed a very successful season last Thursday night, when the Cats beat the Pillrollers and the Trainers downed the Buifs in the final game. The Cats won the championship and the Buifs and Trainers tied for second place in the last half of the season and the defending champion Pillrollers came in last.

L. D. Bayless, sponsor of the City Pharmacy Pillrollers, made the presentation of the championship trophy to Edwin Baum and Mac Coppinger, Cat coaches in ceremonies after the games.

League Standings

League standings for the second half of the season are:

Team	W	L
Cats	8	1
Buifs	4	5
Trainers	4	5
Pillrollers	2	7

Team standings for the complete season were:

Team	W	L
Cats	16	2
Buifs	11	7
Trainers	6	12
Pillrollers	3	15

W. E. McCowen, 90, Is Buried At Gustine

William Elmon McCowen, 90-years-old, passed away Monday, July 13, at 3:20 a.m., at his home a few miles west of Cross Plains, following an illness of several weeks.

Born in Burlington County, August 19, 1868, Mr. McCowen moved to the Cross Plains area 45 years ago, where he engaged in farming until his retirement.

He was married to Miss Hattie Frances V. McEnt at Lyon Station, Burlington Co. nty. She passed away April 3, 1912.

Funeral services for Mr. McCowen were conducted at 2:00 p.m. Tuesday at the Cross Plains Church of Christ with H. McDonald, Minister of the church officiating. Burial was made in the Union Cemetery at Gustine under the direction of Higginbotham Funeral Home.

Survivors include one daughter, Mrs. Sam L. Webb, Beaumont; six sons, S. E. of Snyder, Guy, Charlie and Burl, all of Cross Plains, Jack of San Angelo and Raymond of San Diego, Calif.; 22 grandchildren and 51 great grandchildren and one great-great-grandchild.

Grandsons served as pallbearers.

Benny Glover Home from Six Months Duty With Guard

Benny Glover, son of Mr. and Mrs. Chester Glover of this city, returned home Wednesday of last week from Fort Jackson, S. C., where he had been stationed for several months, training with the National Guard.

He received his basic training at Fort Chaffee, Ark.

Benny is again employed by The Review for the remainder of the summer and plans to re-enter college this fall.

Cottonwood Musical To Be Held Friday Night, July 17

Everyone is invited to attend and enjoy the program.

J. L. Cearly, who is employed in Austin this summer, visited at home over the week end.

Visiting in the home of Mr. and Mrs. Ira Hall last week were Mrs. Charles Kunkle and daughters of Arlington and Mr. and Mrs. Bob Harris and son of Bonham.

Recent visitors in the Tom Flippen home at Pioneer were Mr. and Mrs. Dow W. Flippen and children, Mrs. Pearl Partee and children, all of Pampa, and Mr. and Mrs. George Ray Flippen and family of Andrews.

Highway 206 Association Plans To Seek Commission Hearing

W. S. (Bill) Copeland
 Former Citizen To Preach At Pioneer Baptist Revival

W. S. (Bill) Copeland, former citizen and owner of Copeland Garage here and now pastor of the Arcadia Baptist Church, will do the preaching at the Pioneer Baptist summer revival which will start July 24 and continue through Aug. 2.

The Rev. Mr. Copeland, who was ordained into the ministry of the Lord a few years ago, cordially invited everyone to come to the night services which will begin at 8 o'clock. Prayer groups will meet at 7:30 preceding the services. No morning services will be held, according to the pastor of the church, Rev. Tom Flippen.

Song services will be directed by V. D. Mitchell with Mrs. W. A. Strickland of Cross Plains at the piano.

The church is air conditioned for the congregations comfort and the pastor and church members extend an invitation to everyone to come and receive a blessing at the services.

Local Pony Leaguers Lose Last Two Games

In a poorly played game against Cisco, the Cross Plains Drillers were defeated 14 to 3.

The Drillers committed too many errors to hold Cisco in check. Also, the local team could not get going on the bases, while everything Cisco tried was a success, sometimes through the help of the Drillers. Cisco lost their first game of the season on Friday to Eastland A 14 to 5.

The past Friday Ranger was in Cross Plains for a game that they won 5 to 1. Again Cross Plains could not collect their hits when needed as 13 men were stranded on base and at three different times the bases were loaded when the third out was claimed.

Next week the two local teams will play on Monday. The Cisco game to be played on Friday will be played on Saturday as the local fans will be in Brownwood Friday for the Little League All-Star game.

Farm Bureau Head Urges Farm Safety Programs

The need for encouraging safety consciousness among farmers and ranchers to reduce the tremendous farm accident toll was pointed out recently by Hilton Tarrant, president of the Callahan County Farm Bureau.

"The urgency of this matter is attested by the fact that both President Eisenhower and Governor Daniel have proclaimed the week of July 19-25 as 'Farm Safety Week' to focus attention on this, one of our gravest social problems," Hilton said.

"Farming leads all other occupations in work-accident casualties, taking nearly 13,000 lives and injuring over a million people in one year's time," he said. "This is a needless sacrifice of human life and a flagrant waste of money - not to mention the untold grief, suffering, time loss, and worry attendant upon accident victims and their loved ones." Mr. Tarrant said that there is "a great deal" each individual in Callahan County can do to help alleviate this condition.

"Civil organizations and social groups can take an active part in emphasizing the need for accident prevention education. Each man, woman, boy and girl can serve as his own and others' bodyguard by remaining constantly alert to the prevention of accidents."

The farm leader called upon other organizations in the county, including churches, civic clubs and "just neighborhood groups of friends" to spend some time studying this serious matter during the special safety week observance, either by devoting a portion of their regular meeting time to it or calling a special meeting to study the problem.

Mr. Tarrant said that in areas where active safety programs have been conducted at local levels, rural accidents and deaths have been greatly reduced.

Church of Christ At Burkett Sets Meeting

The Burkett Church of Christ announces that it will begin its annual summer gospel meeting at the Burkett tabernacle next Sunday, July 19, and continuing through the following Sunday, with Paul Faulkner, Professor of Bible at Abilene Christian College, serving as evangelist. Carl Budworth will lead the singing.

Services are set twice daily at 8:00 a.m. and 8:15 p.m. except Saturdays when only evening services will be conducted.

Officials of the church extend a cordial invitation to all to attend the services, it was said.

SOIL CONSERVATION DISTRICT PROGRESS

Soil Conservation progress figures for the past twelve months as released today by the Brown-Mills SCD show 164 new district cooperators added to the previous list of 3112-detailed Soil Surveys on 29,136 acres of farm land and 26,649 acres of range surveys on ranch lands.

Other conservation work includes cover crops 2,370 acres; crop residue management 13,296 acres; rotation hay and pasture 7,077 acres; brush control 6,210; deferred grazing 48,148 acres; proper use of range 77,298 acres; range seeding 339 acres; ponds 165 and terraces 81 miles. Practices as listed above have been carried out by the Brownwood, Goldthwaite and Rising Star Soil Conservation Service work units while ACP payment assistance have been provided in the two counties of the district.

In the Soil Conservation Service Flood Prevention Program, six structures are now complete in Clear Creek and the awarding of the contract on the remaining two sites is expected soon.

During Soil Stewardship Week in May, ten (10) churches observed the special Sunday with over 1600 attendance—five special radio programs—were broadcast recognizing top conservation programs being applied by leading farmers and ranchers over the district. One newspaper's special conservation issue was also released.

Officers and directors of the recently organized Highway 206 Association, composed of members from Cross Plains, Cisco and Coleman, met at Odom's Cafe here Thursday night of last week with district and county engineers of the State Highway Department to discuss the need for a proposed extension of State Highway 206 from Cross Plains to a junction with Interstate Highway 20 at the west edge of the City of Cisco. Engineers of the Brownwood and Abilene districts readily admitted that the present highway from Burkett to Cross Plains is badly in need of rebuilding and they voiced no objections to the proposed extension.

During the meeting it was agreed that Cross Plains and Cisco representatives of the association would meet with their commissioners courts to get the sanction of these bodies on the proposed extension, as the county commissioners will be charged with the task and expense of obtaining right-of-way for the project.

Association members expect the contract to be let late this month on the Coleman to Burkett section of Highway 206, and if the extension is approved to Cisco, it is expected that the highway will be straightened and possibly re-routed from Burkett to Cross Plains.

After a lengthy discussion of the proposal, the district engineers stated that they would have to have orders from Austin before they could make a study and survey of the proposed route.

The association plans to ask for a hearing before the State Highway Commission in Austin as soon as all commissioners courts involved in the project have given it their okay.

Fred Tunnell, a vice-president of the association announced here Tuesday of this week that the Callahan County Commissioners Court was unanimous in its decision to approve the proposal as outlined by the local representatives meeting with the court in Baird, Monday.

Highway Department personnel present at the meeting here included District Engineer Jake Roberts of Abilene, District Engineer Bob Millican of Brownwood, Assistant District Engineer E. M. Pritchard of Brownwood, Coleman County Engineer Eric Mayo of Coleman and Eastland County Engineer E. M. Smith of Eastland.

Fred Rudolph, of Coleman, President of the association, presided at the meeting and announced that further meetings of the group will be called as the need arises.

John R. Lawler, 91, Buried At Florence

John Richard Lawler, 91, was laid to rest in the Lawler Cemetery near Florence, Tex., Wednesday, July 15. Funeral rites were conducted in the Higginbotham Funeral Chapel here at 9:00 a.m. Rev. V. D. Walters, pastor of the First Baptist Church, officiated.

Mr. Lawler died suddenly of a heart attack at his home here Sunday, June 12, at 9:55 p.m. He had been in apparent good health before suffering the attack.

Born at Bluffton in Burnet County, Jan. 12, 1868, Mr. Lawler lived in this area from 1900-1910 where he engaged in farming, moving from here to Trent, Tex. He returned to Cross Plains nine years ago to make his home.

Survivors include four daughters, Mrs. W. J. Cross of Cross Plains, Mrs. Mary Elizabeth Hayes of Cross Plains, Mrs. Gwynne Droke and Mrs. Shirley Holt of San Antonio; three sons, Sim R. of Clayton, Okla., and Jack and J. W. Lawler of Los Angeles, Calif.; two brothers, Jim Lawler of Lubbock and Mart Lawler of Amarillo; 26 grandchildren and a large number of great-grandchildren.

Higginbotham Funeral Home was in charge of arrangements with grandsons serving as pallbearers.

County Singing Convention To Meet At Clyde Sunday

Mrs. W. A. Strickland, president of the Callahan County Singing Convention, has announced this week that the convention will hold its regular monthly meeting Sunday afternoon, July 19, at the Methodist Church in Clyde. Time for the singing to begin is 2 o'clock.

Mrs. Strickland reports that the singings held the past several months have been attended by large numbers with several singers present, to make a fine afternoon of singing.

Everyone is extended a cordial invitation to be at Clyde Sunday afternoon.

Roy Acker is reported to be recovering satisfactorily in a Lubbock hospital where he underwent surgery last week.

PHILOSOPHER NOT IN FAVOR OF HIRING PUBLIC RELATIONS EXPERT FOR FARMERS

EDITOR'S NOTE: The Bayou Philosopher on his Johnson grass farm on the Bayou claims he's found a new angle to the farm problem this week.

Dear editor:

As a lifetime student of the farm problem, not of what I think it is but what other people think it is, I'll have to admit that this week I have run across a brand new idea on the subject.

According to an article I read in a newspaper day before yesterday—I think it was day before yesterday, when you don't do any more one day than the next, "is suffering today because of bad public relations."

According to this fellow, since 88 per cent of the people live in towns or cities, the public has a grossly mistaken picture of the farmer and the farmer, if he's smart, will do something to "improve his public relations."

Right now, he continued, the people look on the farmer as (1) a hayseed, or (2) a profligate responsible for the high cost of living, or (3) the biggest hog at the public trough, depending on the government to take care of him.

Now I don't know which of these images you city people have when

you think of me, but that Number 2 picture is the one I wish was right. For one farming year, just one, I'd like to be a profligate: You could throw Number 1 in, it'd be all right, I wouldn't mind. I wouldn't care if you thought I was a hayseed, just so long as I was profiting. And as far as the government taking care of me goes, it's a beautiful dream, but I've never been able to swing it.

This man went on to emphasize that us farmers ought to do something about our public relations, do something to change the public's image of us. Well, I guess we could hire some of those Madison Avenue boys, they do a pretty good job of making a politician's image over in the public's eye, but I can't think of anyway I'd rather look in the public's eye that'd make me feel any better in my own eye. Besides, by the time I get through paying for my equipment, my gas and oil and tires and repairs and clothes and taxes, I don't have anything left for a public relations expert.

Appearing prosperous never did appeal to me. There's millions of those folks in the country now, especially in the towns and cities. Nothing less than the genuine article will ever suit me.

Yours faithfully,
 J. A.

B. B. Manly, Jr. to Head Abilene Classing Office

A native farm boy of this area and a graduate of the Leuders High School, B. B. Manly Jr. takes charge of the Abilene cotton classing office of the Agricultural Marketing Service, July 19.

This was announced this week by John L. McCollum, manager, southwest area cotton division, U. S. Department of Agriculture, Dallas.

The post was held for many years by H. J. Matejowsky until he passed away in June.

Mr. Manly has eight years of experience in classing cotton at Lubbock, various South Texas points, Memphis, Tenn. and most recently, Little Rock, where he was a supervisory classer.

A graduate in agriculture from Sam Houston State Teachers College, Manly also attended Abilene Christian College. He served two years with the U. S. Navy.

The Abilene AMS cotton office serves farmers, ginners and members of the cotton trade in 29 West Texas cotton producing counties—Baylor, Brown, Callahan, Coke, Concho, Coleman, Dickens, Fisher,

takes the guesswork out of Home Buying

In 1948, residential customers of WTU used an average of only 110 kilowatt hours per month. TODAY, they use an average of 232 kilowatt hours per month. WTU customers in 1958 used more than twice as much electricity... and paid 18 1/2% less per kilowatt hour than in 1948.

LOOK FOR THIS SIGN

Electricity costs so little — you can use lots of it!

Choose the home that displays this medallion seal! It's your assurance that it meets highest standards for better, more convenient, more economical living!

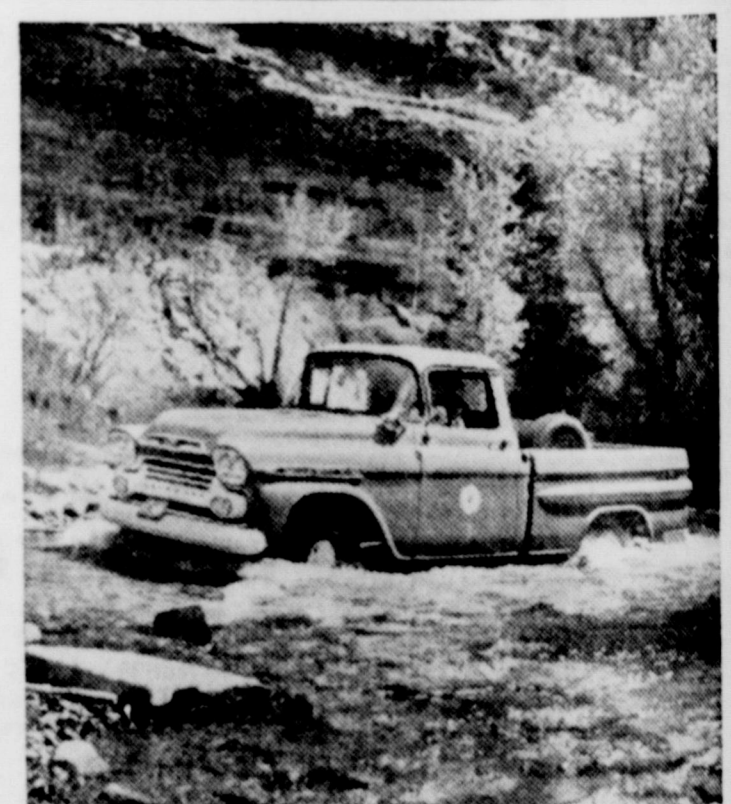

- MODERN ALL-ELECTRIC KITCHEN. Automatic electric range and oven are already installed.
- MAJOR ELECTRIC APPLIANCES — at least four of them, including the range — are part of the original home plan... located for convenience by the home's designer.
- LIGHT FOR LIVING is provided for in work, play and traffic areas, to illuminate them for beauty as well as for your family's safety and comfort.
- REDDY WIRING — a prime requirement in homes qualifying for the Medallion seal — is ample to accommodate today's appliances plus those you will want in the future.

Get your money's worth, electrically speaking! Make sure the home you buy or build meets Medallion Standards for better living — electrically — today and tomorrow. Ask your building contractor.

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where pifion won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the district officer who drives it would bet his badge the tie rods won't even need replacing!

Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

WARNING

With the incidence of the crippling disease of polio has been lessened by the advent of the Salk vaccine, the U.S. Public Health Service is continually warning again this summertime dread disease has increased. In most every instance of this summer it has been among people who had the proper inoculation, or no inoculation at all.

There have been very rare instances of polio where individual had any inoculation at all and very indeed the cases where the individual had the recommended protection.

Protect You And Your Family Properly Against The Ravages Of This Crippling Killer

You cannot afford to take a chance with the safety and health of your family when protection can be had at a small cost.

Your doctor is the only person who can properly advise you and your family the proper dose and the right number of shots to immunize you against this disease. Consult with him now and be sure you are safe. The cost is small when compared to the protection which you receive.

Your doctor can also give you correct information on any other ways of immunization against certain diseases.

Discuss this with him if you are not properly immunized.

If you are really ill, your doctor will almost invariably write you a prescription for the medication he thinks you need. When you do have these prescriptions, bring them to us for prompt and accurate service at the lowest possible cost.

We are open 80 hours a week for your convenience. Waiting for your medicine. Give us a trial on your next prescription.

State Capital NEWS

By Vern Stanford

Austin, Tex.—Whatever the outcome of the summer tax battle, when the smoke has all cleared, the fire won't be out.

Like live coals banked in ashes, the tax issue will be ready to flame up again when new fuel is added.

Sources of new fuel are easily foreseeable.

Every member of this Legislature, by his voting record, expressed a tax viewpoint. Many of them will have to face opponents attacking this viewpoint in the 1960 elections. Since a new law moves primaries up by two months, campaigning will begin long before the dogwood is out... maybe while the Christmas lights are up.

Many candidates may be wary of lighting into an issue on which it's almost impossible to take an all-around popular stand. But whoever gets elected and comes to Austin in 1961 will find the old tax monster waiting, bigger and fiercer than ever.

This Legislature will likely en-

act just barely enough new taxes, mostly on "old favorite" sources, to cover the budget. But the 1961 budget will have to be bigger. For some time population growth and other factors have kept budgets going up by about 10 per cent every two years.

Additionally, there will be, as always, demand for new programs, new buildings, new spending. Hale-Aikin school improvement program alone would call for at least a \$100,000,000 tax bill.

Only hope for avoiding an even hotter tax battle in '61 is for 1960 voters to give their elected officials clear instructions on what they want and how they're willing to pay for it.

BATTLE LINES—Show-down fight of the second called session came on a \$90,000,000-a-year tax bill based on about three-fourths selective sales taxes, one-fourth business taxes.

It was in line with expressed sentiments of the Senate, but many House members regarded it as "an-

Merrill Family Reunion Held Lake Brownwood Recently

Descendants of the late Charlie Merrills, held their annual family reunion at Group Hall, Lake Brownwood, the past week end.

The four Merrill children were present as follows: Mrs. Rosa Havens and John Merrill of Cross Plains, Mrs. Nellie Adcock of Wingate and Joe Merrill of Desdemona.

Attending were: Mr. and Mrs. Joe Merrill, Desdemona; Mr. and Mrs. J. R. Miles and Mike, San Saba; Mr. and Mrs. G. R. Merrill, Robert, Norma and Roy, Mr. and Mrs. J. F. Merrill and Mr. and Mrs. Silas Havens, all of Cross Plains; Mr. and Mrs. Billy Adams, Ronnie and Phil, Mr. and Mrs. Oran Adcock, Dewaine, Gary and Larry, Mrs. Eldon McIntosh, Silas and Gary, Odessa; Mr. and Mrs. Harold Clyde Merrill, Mr. and Mrs. F. L. Merrill, Barbara Jean and James, Pioneer; Mr. and Mrs. J. T. Miles, Glenda and Diane, Angleton.

Mr. and Mrs. O. L. Cranford, Mr. and Mrs. Henry Adcock, Mr. and Mrs. Levi Robertson, Joyce, Brenda and Ann, Wingate; Mr. and Mrs. Raymond Merrill and Margaret, Winters; Mr. and Mrs. Boyd Young, Aspermont; and Mrs. R. E. Stout, Ann, Jan and Jerry, Zbilene; Mr. and Mrs. Coleman Anderson, Rowlett; Miss Johnnie Harris, Rising Star; Mrs. Don Brown, Donna and Ellen, Midland. Swimming, boating and the usual singing held Saturday evening was enjoyed by all.

A barbeque dinner with all the trimmings was served Sunday. New officers were elected for a two-year term.

other insult." All the five Senators and five House members on the conference committee that worked out the bill signed the report and recommended adoption.

It was designed to get revenue from these sources over a 2-year period.

TOBACCO—Cigarettes up three cents a pack (for two years—then back to one cent) to raise \$60,000,000. Other tobacco products, except snuff, a 25 per cent tax to raise \$13,500,000.

NATURAL GAS—Raise in the production tax from seven to eight per cent to bring in \$12,000,000.

CORPORATION FRANCHISES—Increase of 75 cents per \$1,000 capital to May, 1960, 50 cent increase thereafter, to raise \$32,000,000.

UTILITIES—A 20 per cent increase in gross receipts tax except for telephone and telegraph, for \$3,000,000.

MOTOR VEHICLES—Increase in sales tax from 11 to 16 per cent, for \$20,400,000.

BEVERAGES—Liquor up from \$1.40 to \$1.68 a gallon, wine up 20 per cent, for \$6,900,000.

BOATS, MOTORS, AIRPLANES—A new 1.6 per cent sales tax, for \$3,250,000.

RADIOS, TELEVISIONS, PHONOGRAPHS—A 2.2 per cent sales tax, for \$6,900,000.

CAMERAS—Temporary 10 per cent sales tax for \$6,900,000. Provisions for more vigorous tax collecting would bring an estimated \$4,000,000 more.

NEW INSURANCE BILL—Out of the House-Senate conflict over the State Board of Insurance came a reorganization bill aimed at getting rid of at least some present officials.

Sen. Floyd Bradshaw of Weatherford introduced the bill calling for organization of a new three-member, full-time Board of Insurance.

One member would be designated Commissioner at a \$20,000 salary. One would be the chairman at \$15,000; another, a member at \$15,000. Nothing in the bill says present members could not be appointed, but all appointment would be subject to Senate confirmation.

Senators tried to oust present Commissioner William A. Harrison two years ago, were balked by Board Chairman Penn Jackson and an Attorney General's ruling that they lacked this authority.

Since then Senate hostility toward Jackson and Harrison has been open and frank. Senate appropriation bill slashed salaries to one-third time for Board members. House held out for full-time Board.

Senate's counter-offer was the reorganization bill... with a full-time Board to please the House and a chance to name new members to please the Senate.

LET NATURE BE—A group of West Texas ranchers won another round in their court fight to force a cloud-seeding firm to leave the weather alone.

Texas Supreme Court upheld an injunction to stop a "weather modifying" program by Southwest Weather Research, Inc.

Weather Research had been hired by a group of Fort Stockton cotton farmers to drop silver iodine pellets into clouds that threatened to bring crop-destroying hail storms.

Water-loving ranchers brought suit. They contended the cloud seeding not only chased off the hail but moisture of all kinds.

INSURANCE CUT DUE—State Board of Insurance has ordered reductions in auto insurance rates ranging from 10 to 15 per cent in some parts of the state.

Effective date is Aug. 1. Most of the cuts will stem from a reduction in expenses, such as agent commissions, rather than low accident rates. State-wide the cuts will amount to about \$226,000,000, saving some drivers as much as \$20 a year.

In some areas, mostly larger cities, the drop will be smaller, and in a few counties the rate will rise. Board Chairman Penn Jackson said that a merit rating plan, setting lower rates for accident-free drivers, will be made later.

HEALTH NOTES

How often have you asked yourself, after reading a newspaper account of the authorities swooping down on a narcotic den, what would prompt a person to willingly become a slave to the drug habit?

It seems unreasonable that any normal, healthy person would deliberately endanger his life, family and future by allowing himself to become enmeshed in a net from whence there is often no escape.

Yet, many thousands have developed the sleeping pill habit without considering the possibilities of becoming an addict to the drug. A habit of this type is a menace to health as well as the cause of an alarming number of deaths.

Sleeping pills, or "goof balls" as they are commonly referred to by addicts, belong to a group of drugs

known as barbiturates, which when properly used have a high medicinal value. The too frequent or indiscriminate use of the drug may lead to serious illness, mental cramps and death.

As an individual continues to use sleep-inducing medicines without consulting a physician, the dose required to relax and put him to sleep grows larger and larger. It is here that the grave danger lies—the tentacles of addiction have entangled him and he is unaware of the fact.

His tolerance to the drug has been so greatly increased that to be effective, the dose must necessarily be greater than a physician would ordinarily prescribe for a patient.

In severe cases, to overcome the habit of inducing sleep with these pills, the help of a physician is advisable. But in most cases good living habits, moderate exercise and

sufficient rest will insure sleep.

Often drinking a glass of warm milk before going to bed and light reading to relax the mind will help produce sleep. Regardless of how the habit is broken, it should be broken before it causes serious damage.
