CROSS PLAINS' OLDEST BUSINESS INSTITUTION — THE LARGEST CIRCULATION IN CALLAHAN COUNTY

VOLUME FIFTY CROSS PLAINS, CALLAHAN COUNTY, TEXAS, THURSDAY, JANUARY 14, 1960 NUMBER FORTY-ONE

## Clubs Unite In Poll Tax Campaign Here

The Cross Plains Chamber of Commerce and Parent-Teacher Association have joined hands in a campaign to push poll tax payments here.

Both organizations stress the fact that 1960 promises to be one of the most politically significant years in recent history. Officeholders are to be elected all the way from President down to the precinct level. Too, they point out, rumors are being heard of possible bond and beer elections in some parts of Callahan County.

**Booth In Bank.**

The C. of C. and P.-T. A. will set up a booth in the Citizens State Bank lobby here the last Friday and Saturday of the month, in an effort to accommodate late payers. Local people, however, may pay the \$1.75 poll tax fee any time between now and then at the bank. A trip to the court house is not necessary.

## Bank Re-Elects All Officers At Meeting

All officers and directors of the Citizens State Bank were re-elected for the ensuing year at the annual meeting of stockholders held here Tuesday afternoon, P. V. Tunnell, president of the local institution, made a comprehensive report of the year's activities, which reflected substantial growth and a broadening of services to the community.

Re-elected officers are: Tunnell, president; Edwin Baum, vice-president; S. O. Montgomery, vice-president; Jack W. Tunnell, cashier; James R. Wagner, assistant-cashier. In addition, Johnny Adair, teller, was elevated to an assistant-cashier.

Directors named for another year are: P. V. Tunnell, Baum, Montgomery, Jack W. Tunnell, Marshall Newcomb, J. C. Bowden and Jack Scott.

## Pie Supper Set At Pioneer Saturday

A pie supper, with the proceeds dedicated to the "March of Dimes", will be held at the Community Club house in Pioneer Saturday night, Jan. 16, beginning at 7:00 o'clock.

Regular meeting of the Pioneer Community Club was held Tuesday afternoon at 2:00 o'clock at which time the decision to hold the event Saturday night was scheduled. The meeting Tuesday afternoon was presided over by Velma Brown.

A quilt for Velma Brown was completed during the social hour, following transaction of club business. Coffee and cookies were served to: Velma Brown, Ethel Brown, Ella Dean, Vera Harris, Eula Pore, Lucille Westerman, Nora Shirley, Gertrude Hester, Lillie Skinner and Jean Fore.

Roy Cox and Dick Dillard were in Brownwood one night last week.

For convenience of persons who wish to pay their poll tax by mail, a copy of the application form is published in today's issue of The Review. By merely filling in the blanks and mailing it to Tee Baulch, County Tax Assessor-Collector, Baird, Texas, together with a check or money order for \$1.75, a receipt will be issued and returned to the payer.

**Questions Answered.**

Members of the P.-T. A. point out that several questions have arisen regarding the payment of poll taxes. In an effort to supply the answers, The Review this week contacted County Attorney L. B. Lewis and the Assessor-Collector's office and hereunder are published their responses to queries:

Q. Can a man pay his poll tax without paying his wife's, or vice versa?

A. Any person can pay his or her poll tax without being required to pay that of another.

Q. If a person is 59 years old at poll tax-paying time, can he vote free?

A. Poll taxes are levied, like all other taxes, as of Jan. 1, and a person who fails to pay the obligation when due will not be eligible to vote.

Q. Can a person pay his poll tax without paying his property tax?

A. Yes, the poll tax can be paid regardless of whether or not the ad valorem tax is paid. It was formerly the law that property tax could not be paid without paying the poll tax, however, this condition no longer is true.

Q. In the case of invalids and others unable to go to the polls, can the election judges or clerks take a ballot to their home or bedside and permit the disabled person to vote?

A. No, the only place of voting is the polls, however, election officials may carry a ballot to a car parked at the curb and permit an invalid or incapacitated person to vote.

Q. When is a person who has just become 21 years of age entitled to vote without a poll tax receipt?

A. The same rule applies here as in the case of persons becoming 60. It should be remembered the poll tax is levied as of Jan. 1, and a person who was not eligible to pay the tax at the beginning of the year but is 21 by election day may vote free.

Q. Are persons over 60 years of age required to secure exemption blanks in Callahan County?

A. No, counties with population of less than 10,000 do not make such requirement.

It is pointed out that much confusion regarding the poll tax is caused by the fact that many people believe a current poll tax is for the calendar year in which a particular election is held. Actually, poll taxes now due, and which will entitle holders to vote in elections held during 1960, are for 1959. They cover the same period as do ad valorem tax receipts. Persons who have recently paid property taxes received receipts for the year 1959. The same is true of the poll tax, declare local officials.

## Only 810 Poll Taxes Paid In Callahan

Only 810 poll tax receipts had been issued in Callahan County through Monday, Jan. 11. The Review learned in a check-up with Mrs. Charles Hounshell, chief deputy in the tax office.

The greatest number of payments received any single day thus far was Monday, when 57 receipts were issued.

Four years ago, during the last presidential election year, Callahan County issued 1,354 poll tax receipts.

See Baulch, County Tax Assessor-Collector, expects poll tax payments to become heavy toward the latter part of the month.

## Campaign Mapped For March of Dimes

John Pruet has been named the "March of Dimes" chairman in Cross Plains.

He announces that a novel entertainment in the high school gymnasium and a "Mothers March" will constitute this community's effort to raise its annual contribution to the humanitarian organization.

Mrs. Bob Latson will serve as chairman of the "Mothers March", which is to be made during the week of Jan. 17 to Jan. 23.

The program at the high school gymnasium will be Saturday night of next week, Jan. 23. H. McDonald told The Review yesterday that a novel type of entertainment had been worked out and that a very interesting evening was promised all who attend. The program will begin with a basketball game between fathers of Cub Scouts pitted against the dads of Boy Scouts. The men will play one-half and then be replaced by mothers of boys in the two organizations.

A high spot of the program in the school gymnasium will be the selection and crowning of a queen. Boy Scouts will support a young lady of their age and the Cubs will champion a candidate of their age.

"This City has always supported the 'March of Dimes' in an enviable manner," said Pruet yesterday, "and it is sincerely hoped that the undertakings scheduled this year will be supported in a typical Cross Plains manner."

Mothers to play on the Cub Scouts basketball team will be: Mrs. Jack Tunnell, Mrs. Gene Rhodes, Mrs. Burl Lusk, Mrs. Pat Hunt, Mrs. Bon Mrs. Gordon Dennis, Mrs. v cm Huntington, Mrs. Clay Kinnard, Mrs. Gordon Dennis, Mrs. A. Webb Mrs. Pat McNeel, Jr., Mrs. Howet Wilson, Mrs. Forrest Walker, Mrs Sam Balkum, Mrs. D. C. Jones, Mrs. Russell Calhoun, Mrs. James Alexander, Mrs. Glen Merrill, Mrs. R. C. Merryman, Jr., Mrs. Merlin Franke, Mrs. E. L. Cowan, Mrs. H. P. White, Mrs. O. B. Byrd, Mrs. Doss Alexander, Mrs. D. P. McCorkle, Mrs. Hubert Belew, Mrs. T. O. Powell, Mrs. Bill Hester, Mrs. Lee Melton, Mrs. J. B. Strength, and Mrs. Bob Harris.

Proceeds from the concession stand will also go to the "March of Dimes" fund, as well as will everything taken in at the entertainment. Women of the community are being asked to bring six sandwiches and one pie to the concession booth for sale during the evening.

**O. W. (TOD) NEWTON LISTED AS IMPROVING AT HOME**

His many friends will be glad to learn that O. W. (Tod) Newton, who recently suffered a heart attack, was reported much better Wednesday afternoon. He was reported resting easy and experiencing no pain.

Mrs. and Mrs. W. J. Sipes of Ranger visited relatives and friends here over the week end.

## NOT ENOUGH PEOPLE SHOW UP AT MEETING FOR CEMETERY ASSOCIATION TO ELECT OFFICERS

Does anyone really care? Not enough people attended a meeting of Cross Plains Cemetery Association last Saturday to elect officers to serve the organization during the ensuing year.

Dick Wagner, secretary-treasurer of the Association, announces that another effort to secure a quorum will be made Saturday, Jan. 16.

The meeting will be held in the Cross Plains City Hall, beginning at 2 o'clock.

Any person who has a next of kin buried in the Cross Plains Cemetery is considered a stockholder, and is urged to be present. Wagner points out that not only is

it necessary to select a slate of officers but that several important business matters are to be discussed.

Officers of the Cemetery Association currently are: Hugh McDermott, president; Tom Lee, vice-president, and Wagner, secretary-treasurer. C. A. Baugh is sexton.

It is pointed out that the organization is in dire need of funds to finance the usual maintenance program. Contributions should be mailed or handed to any of the officers or to the Citizens State Bank in Cross Plains. Acknowledgements of all gifts is made once each month through the columns of The Review.

## Buff Cagers Trim Merkel In Overtime Game 54-45

By BENNY GOVER

Cross Plains Buffaloes defeated Merkel 54-45 in a District 10-A opener in an overtime game here Tuesday night.

The score was knotted 43-43 at the end of the regulation game. But in the three-minute overtime period, Cross Plains swished the nets for 11 points while Merkel could manage only two.

Merkel jumped out to a 12-point lead at the end of the third quarter after leaving the hardwood at half-time with the score tied at 21-21. An 18-point Buffalo rally in the fourth quarter cut the Badger lead and Merkel scored only six points in the final stanza.

Tommy Adams was the Buff's big gun as he bucketed 23 points in leading the locals to their conference victory. Ronnie Reeger topped the Badger's scoring with 12 points.

**Albany Friday**

The Buffaloes hit the road Friday, traveling to Albany to take on the Lions in a three-game series. The regulars will follow a "B" team game which starts the district match at 5:30 p.m.

Merkel girls blasted the local girls 44-27. The visitors took an early commanding lead and were never headed.

Vondean Walters scored all but two of the locals points, hitting 25. Sue Modrall took game scoring honors with 30 points for Merkel.

**Clyde Tuesday.**

The Clyde Bulldogs will be the Buffs conference foe Tuesday, Jan. 19, as they travel to Clyde with action starting at 7:00 p.m. Cross Plains holds a victory over Clyde in their only encounter, a 42-40 "nerve wrecker" in the local tournament.

## Ray Butler Is Made Vice President Of Oil Firm

Ray Butler has been named a vice-president of Harkins & Company, South Texas producing and drilling contracting firm, with offices in Alice.

In making the announcement, H. B. (Hank) Harkins, president of the firm, stated that Butler will be in charge of company wide operations. This includes operation of the company's seven drilling rigs, scores of acres of leases, and thousands of producing wells.

Before being named vice-president, Butler was general superintendent of drilling and production. He is the son of Mrs. Fred Tunnell of Cross Plains.

## SEWER SERVICE MADE FREE TO VOLUNTEER FIREMEN HERE

As a token of appreciation for their services which are rendered without compensation, the 25 members of the Cross Plains Volunteer Fire Department are to receive sewer facilities at their homes without charge. The gratuity was recently passed by members of the City Council here.

## Firemen Re-Elect All Officers Monday

Cross Plains Volunteer Fire Department gave a vote of confidence to its present leadership Monday night and reelected the existing slate of officers. Chosen for another year were: Ira H. Hall, Chief; J. Travis Foster, Assistant Chief, and Lindsey W. Tyson, Secretary-Treasurer.

The local fire company is now complete with 25 members. Meetings are held the second and fourth Monday nights of each month.

## Candidates Have 16 Days Left To File

Only 16 days remain in which candidates may file for places on the ballot for the Democrat primary to be held May 7.

Last day for filing with County Democratic Chairman, Tom B. Barton is January 31, which falls on Sunday. The Review had not learned yesterday whether or not filings would be allowed on the Sabbath.

As a result of recently-enacted statutes, elections will henceforth be held two and one-half months earlier than formerly.

Notwithstanding the fact that county officials now serve four year tenures instead of only two years as formerly, interest in the offices has been below normal the past few years.

Lee Brown of San Saba was a visitor in Cross Plains Wednesday.

## Philosopher Fears 30 Minutes Warning Against Missile Attack Won't Be Enough

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou discusses time this week, or at least it seems that's what he's doing.

I don't like to discourage scientists, especially space scientists, as some of their launching efforts have been discouraging enough without any help from me, but the latest idea from these people has left me pondering.

As I understand it, they're planning on launching some new type satellites equipped with a special sensing device which will warn the United States immediately if a guided missile is headed in our direction.

"This system will give the U. S. thirty minutes in which to prepare for a nuclear bombardment," it was announced, with the added explanation that thirty minutes is how long it takes a missile to get from some theoretical country, like Russia, to another theoretical country, like the United States.

The scientists seem to think that those thirty minutes advance warning will be a great step forward in defense, but I'm afraid they're not familiar with the same kind of people I am.

Only thirty minutes advance warning would mean most of the

teen-agers of America wouldn't have a chance. It takes em longer than that to get out of the bathroom. I don't know, maybe a nuclear bombardment would do it, but up to now nothing has been found to get them out of there that fast in the morning.

Why I know some adults it takes more than thirty minutes to get out of bed on a cold morning. And it takes much longer than thirty minutes for some of em to come awake even after they're up.

And as for me starting my tractor in thirty minutes on a cold morning—those nuclear scientists just aren't familiar with working conditions around here.

I'll tell you, I appreciate those scientists' efforts, and I guess thirty minutes warning is better than none, but it seems to me that even if we had half hour's warning, even if everybody hit the floor at the same time and teen-agers out of their bathroom time down to 69 seconds, there still might not be too much we could do about it, outside of wringing our hands and dodging.

What this country needs right now is a warning system that gives us three or four years to prepare for a nuclear attack.

Yours faithfully,  
J. A.

## Approval Received For 3 New Houses

Low down payment, long term financing which has been the boon to home-building in all major cities, has finally come to Cross Plains.

Claude Mayes, local builder, announces that he has received FHA commitments for three houses in Cross Plains which can be started immediately. The commitments include several choices of plans. Financial arrangements for the homes are \$300 down-payment to move in, 20 or 30 years terms on the remainder at usual FHA interest rates.

Another local builder, Higginbotham's, is offering inducements to new home builders and is equipped to price "turn-key" contracts.

With two aggressive contractors,

both of whom are also equipped to do Title I financing—insured by the federal government and specifically for improvement and enlargement to existing facilities—Cross Plains is expected to see more home building and modernization of old houses this year than possibly any time in history.

Mayes Told The Review yesterday that the commitments he had recently received from the FHA included central heating, garages or carports, paved sidewalks, curbing and concrete driveways.

Absence of low down-payment deals is blamed with having slowed the building of many houses in Cross Plains in recent years.

Oscar Schaefer, president of the Eastland County Pecan Growers Association has announced that Jan. 18 is the date for the annual meeting of that organization which will be held in the chamber of Commerce Building in Cisco beginning at 7:30 p.m.

One of the most important items on the agenda of business at the meeting will be the election of officers and the naming of two new directors. Directors serve for a two year term he said.

Doss Alexander, Pioneer; Charley Underwood, Gorman and Ellis Cooper, Ranger were recently named by the president as a nominating committee to work out and present to the group a proposed slate of officers and directors for the consideration of the membership.

Several committees to work out detailed plans for the annual field day this spring will be named at the meeting. Present indications are that at least a portion of the field day will be held at the first budded Burkett pecan tree in the state just east of the viaduct near Putnam in Callahan County.

The growers association and the Cisco Chamber of Commerce cooperated in putting a cyclone fence around the tree with appropriate markers on the nearby highway last summer it was said.

## County Agent Gives Resume Of Activity

County Agent Glen W. Green has outlined a resume of his activities during the year just ended, itemizing activities of the only Extension Service worker in the county.

During 1959, he visited 117 farms and viewed 135 demonstrations in progress; 167 days were devoted to adult work and 97 to 4-H Club activities. His office handled 398 office calls and 400 telephone inquiries, made by individuals seeking assistance of an Extension Service worker. The County Agent prepared 34 articles for publication and distributed 1,010 bulletins dealing with various phases of agriculture. He appeared on television once and conducted 28 meetings of 4-H Clubs, which were attended by 446 youths. He participated in 16 adult meetings, the total attendance of which was 1,604.

Green estimates that the County Extension program reached one-half of the families of Callahan County, and 165 families were assisted directly or indirectly in making some change in agricultural practice during the year.

Green reports there are currently 82 boys and 54 girls enrolled in 4-H Club work in the county. These boys and girls have demonstrations in livestock field crops and home-making.

**Sen. Yarborough Leads Dimes Drive**

Sen. Ralph Yarborough, of Texas, leads off the 1960 New March of Dimes with his contribution to Pat Lombardo, six-year-old polio victim in Washington, D. C. New March of Dimes funds are being used to combat three crippling diseases: birth defects, arthritis and polio.

**THIS AREA'S MOST POPULAR CROP BEING SPOTLIGHTED AS HEALTH-GIVING FOOD**

Peanuts, which are produced so abundantly throughout the Cross Plains area, are being spotlighted by the federal government as a healthful food which Americans should consume in greater quantities.

The following release encouraging greater use of peanuts is currently being circulated to all newspapers throughout the United States. Peanuts aren't really nuts at all—they belong to the pea and bean family, the legumes. But they can be eaten and enjoyed like nuts. They're always popular in salads, sandwiches, cookies and deserts. They're also good in main dishes, in soups and with other vegetables.

**Local People Attend Kinsman's Funeral**

L. A. Breed, 79, former local farmer, who died at his home in Thornton last week, was laid to rest there Thursday. He had been ill for some time.

Mr. Breed formerly farmed on the Vestal place, northeast of Cross Plains, and on the Heyser ranch, between here and Putnam. He is survived by his wife, who is critically ill; two sons, and a brother, Tom Breed, who is a patient in a Kerrville hospital.

Attending the funeral services in Thornton Thursday were: Steve and Claude Foster, Mrs. Ben Pillars and Mrs. Elvis Scott, all of whom were related to the deceased.

**Local Census Takers To Be Named Soon**

There will be a regular 10-year head counting throughout the United States between now and spring. As yet no announcement has been made as to who the enumerators for Cross Plains and Callahan County will be.

James Stroud of Dallas, regional director, announced Monday that a supervisor for the Abilene district will be named late this week. Supervisor for the Abilene district will then appoint staff workers, including enumerators for this county and city.

Officials have set a target date of announcing local figures of the 1960 census by the latter part of April. The entire program is expected to be completed by May 6.

Mrs. John Pruet attended the funeral of an uncle in Gatesville Thursday of last week.

Mr. and Mrs. Fred Tunnell visited friends in Brownwood Tuesday night.

The idea of using peanuts often in family meals is nutritionally sound. They are important for their B vitamins; exceptionally high in niacin. Peanuts rate well in quantity and quality of protein and may alternate for meat, eggs and cheese. Also, the high fat content of peanuts makes them a good source of energy.

So it's good news that peanuts and peanut products are plentiful this month. It looks like prices will be paid to peanut growers will average a bit lower than a year ago, reports the Agricultural Marketing Service. That sets the stage for increased peanut consumption, now averaging about 4½ pounds, shelled per person.

With the knowledge that we will not eat ourselves out of peanuts for a while, it's a good idea to try tempting new ways of using the generous supply. You may wish to try peanut Butter-Fruit Sauce for dessert topping. Here's how: Mix one-half cup each of sugar and dark corn syrup, one third cup water and simmer for 10 minutes. Cool and add slowly to one fourth cup of peanut butter. Stir thoroughly. Then stir in one-fourth cup of raisins (They're so plentiful.) Serve over ice cream or pudding, and prepare to blush modestly when the family applauds.

**Half Inch Rain Falls In Cross Plains Area This Week**

Rainfall here this week totaled one-half inch, according to S. P. Bond, local observer for the Weather Bureau.

This week's precipitation brought the total moisture received thus far in 1960 to two inches in Cross Plains.

The measurements as announced by Bond were to 11 o'clock Wednesday morning. After that time, however, several hard showers fell in Cross Plains but would not be gauged until after The Review was off the press. It was believed that the additional moisture was approximately another half-inch. This, however, was conjecture.

**VETERANS QUESTION BOX**

Q—I may have to sell my GI house while there is still an unpaid balance on the loan, and can I get clear of my liability to the VA?

A—Yes. Both are possible. If the buyer of your house will put in writing that he is assuming the unpaid balance, and is an acceptable credit risk to VA, the liability may pass to him and you can be released.

Q—I'm planning to start school this spring semester under the Korean GI Bill. Can I earn extra money while at school without having my VA school allowance reduced in any way?

A—Yes. You are permitted to earn as much money as you like outside of your regular school hours. Your allowance will not be reduced in any way.

Q—Is there a grace period for the payment of interest on a GI insurance loan?

A—No. Interest on money borrowed with a veteran's GI insurance as security is due on the loan anniversary date, and if not paid then, must be added to the amount of the loan.

Some workers have lots of "get-up-and-go" when it's time to get up and go home. Yes, sir, they're the ones who get "fired with enthusiasm."

Mrs. W. R. Thompson and Mrs. L. W. Westerman were in Brownwood Tuesday.

One and possibly two more candidates may enter the sheriff's race in Callahan County. The Review learned unofficially Wednesday.

Seeing is believing—if you see it in print.

It's unfortunate that the symptoms of fatigue and of laziness are practically identical.

### IT'S THE LAW . . . IN TEXAS

Business Organization.

The law allows a business a wide choice of ways to set itself up, to finance and manage itself.

You may have sole ownership, partnerships, joint ventures, corporations; and within these classes you have many different forms.

To meet modern business conditions, to get full tax advantage, and to protect investors, for example, the law provides many ways for a company to finance itself. And these, in turn, influence the kind of management it can have, and the way it conducts its affairs.

We sometimes speak of "stocks and bonds," for example, as if they were one and the same.

But when you buy a share of stock in a company, you "own" an "undivided" part of everything it owns, but no particular piece of its property.

But what do you have when you buy a corporation's bond or debenture? You own nothing of the company. Instead you are lending money which it promises to pay back with interest when your bond "matures."

Unlike a stockholder, a bondholder as a rule has little to say directly about who manages and how he manages the company. Remotely a bond buyer by withholding or lending money may influence a company's ability to expand. The bondholder gets only interest payments, which come before the stockholder's "dividends," since he takes less of a risk than the stockholders.

Thus if the corporation quits or goes bankrupt, it must pay the bondholders off before the stockholders get anything.

Where does the "preferred stock" come in? As a rule, preferred stockholders collect a fixed dividend—after the bondholders are paid but before the "common" stockholders get anything. There are many kinds of preferred stock arrangements. But in return for their first chance at the profits the preferred stockholders often give up any voting rights or ability to control the company directly.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variation in facts may change the application of the law.)
