MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, NOVEMBER 6, 1933

NUMBER 43

TEXAS TO GET 20 MILLION ON WORK PLAN

Lawrence Westbrook, state chairman of RFC work, has been appointed to handle disbursement of the \$20,000,000 Texas is to receive from the total \$400,000,000 fund announced last week by the Federal government for a civil works program, and which it is now estimated will furnish employment for 200,000 people in Texas. Westbrook left last Monday morning by airplane for Washington, D. C. to receive full instructions as to the handling of this state's portion of money.

It is understood these funds are to be available immediately, according to Harry L. Hopkins, federal relief administrator, and some projects are scheduled to begin Thursday of this week. There have been about 530 projects in this state already approved, including the north and south highway through Bailey county, and it is hoped by officials and interested citizens of this county that funds for materials will soon be available to start this particular project.

In carrying out the plan, first men to go to work will be those now carried on relief rolls of various counties and county relief committees now functioning under the RFC and also have charge of work under this new provision. Westbrook declares as little tape will be used as possible, it being his desire to turn the work and relief as quickly as possible.

Rev. E. C. Raney Is Returned Here Methodist Pastor

When the shoe of preachers was made at the close of the Northwest conference of Methodist churches held last week at Clarendon, it was found that Rev. E. C. Raney, pastor of the Muleshoe Methodist church, was returned here for another year. There were a number of changes made in pastorates, and some in presiding elderships.

Among appointments made of local interest were the following:

Rev. C. A. Bickley, presiding elder of the Lubbock district, having completed his quadrennium, according to Methodist law, was transferred to the Sweetwater district, being made pastor of First church, Big Spring, J. A. Huckabee went to Polk Street church, Amarillo; W. M. Pierce was made presiding elder of the Lubbock district; J. O. Haynes being returned to First church, Lubbock.

W. L. Tittle was returned as presiding elder of the Plainview district. H. H. Allen returned to Earth-Quake district work. J. W. Hendrix sent to Littlefield, W. G. Bailey returned to First church, Plainview. J. R. Plant was sent out to the Muleshoe circuit. W. B. Hicks, former Muleshoe pastor, returned to Perryton. F. R. Pickens went on to the Y. L. circuit. Lloyd H. Jones was sent to Lakeview in the Clarendon district.

Cotton Co-Op Man Explains Gov. 10 Cent Plan Monday

H. L. Gantz, Lubbock, educational director for the Texas Cotton Co-operative association, was in Muleshoe, Monday afternoon, addressing cotton growing farmers at the court house on the government plan of paying 10 cents per pound for cotton.

Among other facts, Mr. Gantz explained that any farmer who agrees to the government plan for the year 1934 is eligible to participate in the reduction to not more than 40 per cent of his five year average production. The farmer must deliver the cotton to the compress at his own expense, handle his own samples and secure the compress ticket personally, no substitute representative being allowed. These are turned over to the official classifier and draft is then issued for the amount he receives from the government.

The only additional cost to the plan is that of 15 cents per bale for handling the documents, Gantz said.

COMMISSIONERS EMPLOY A COUNTY AGENT FOR YEAR

At the regular meeting of the Commissioners' court held here last Monday a resolution was passed to employ a county farm agent for another year, beginning January 1, the county paying \$50 per month on salary and the federal government paying the balance.

It is understood that government relief agents will be discontinued at the end of this year, and for counties to participate in federal disbursements an agent is required.

FIFTEEN YEAR OLD BOY GETS LARGEST PAIR OF SHOES

What is said to be the largest pair of shoes in the world is on display this week in the window of the Fair store, in Alton. They were made for Robert Wadlow, 15-year-old boy of Alton, Ill.

The shoes are size 34 and were made especially for Robert by the Peters Shoe Company. The boy is 7 feet, 8 1/2 inches tall and weighs 360 pounds. Doctors say he will probably continue to grow for another 10 years. He is a regular boy, belongs to the Boy Scouts, attends school every day and plays with the boys his own age.

Doctors describe Robert's unusual growth to overaction of the pituitary gland located at the base of the skull, which controls growth in stature.

Legionnaires Are Sponsors For Big Armistice Program

Muleshoe American Legionnaires and their families, also a few invited guests put the "big pot in the little one" here last Saturday in a royal celebration of the fifteenth anniversary of the signing of the Armistice of the World War, when they gathered, about 200 in all, at the local post hall for a comradeship meeting.

H. W. Goolsby, member of the local post, had previously donated to the post a fine young beef, which had been kept on feed for some time, dressing out 200 pounds of excellent meat, tender and juicy, and cooked perfectly in the oven of the local bakery by Mrs. Lorena Kennedy. The ladies, wives of the ex-soldiers and members of the legion auxiliary, had prepared cookies of cake, pie, vegetable dishes of various kinds, salads, plenty of beans and other items that made a full menu of delicious foods enjoyed by everyone fortunate to partake of them. Several of the "gobs" declared they would have to have sideboards on their stomachs like the cotton haulers now have on their wagons to begin to accommodate the unlimited ambition of their appetites.

Commander W. C. Cox called the guests to order spoke briefly of the purpose of the occasion, then turned the program over to Curtis Taylor, ex-post commander.

Community singing, participated in by most of those present, was enjoyed for some time, singing many of the old war songs which furnished inspiring to the buddies across the pond during the stirring days of the Ambrosio.

Talks were made by W. B. McAdams, Gilbert Wollard, R. L. Brown and Jess Mitchell, their remarks being appropriate to the occasion.

The Legionnaires sponsored a war picture at the local picture theatre during the afternoon, it being entitled "War Correspondent." Reports are to the effect that during the four showings of the reels the house was completely packed each time.

The football game during the afternoon, wherein Muleshoe won a 22-0 victory over Amherst team also furnished attractive interest and attendance to many.

The day throughout was recognized in perfect keeping with the occasion.

MORE GOV. COTTON CHECKS RECEIVED HERE LAST MON.

J. B. Wade Jr., last Monday received 21 more government cotton checks in payment of acreage reduction of that crop in Bailey county, the checks totaling \$11,196, leaving only 17 more checks to be paid in this county.

This makes a total of \$313,056 received by the cotton growers in this county, with only about \$2,000 yet to come in.

TEXAN GETS 20 ACRE FARM FOR BEING 22,000,000 GUEST

L. C. McDonald, Florida implement dealer, received special honors at the Worlds Fair, Chicago, last week, for being the twenty-second millionth guest to attend that big exposition.

They gave him a 40 acre farm located in Michigan, and he and family will use it for a summer home.

HOWELLS GET FIVE DEER

O. P. Howells and sons, Douglas and Durwood, returned one day last week from a deer hunt in New Mexico near Alamogordo, reporting they brought down five deer in only four hours hunting.

ENOCHS COUPLE MARRIED HERE

John W. Beck and Miss Lorena Nicholson, Enochis, wedded here last Saturday to the county clerk for a marriage license, and immediately following were joined in wedlock by Justice of the Peace J. F. Vaughan.

If He Lets Down the Bars for One

By Albert T. Reid

19 STATES TO SELL LIQUOR ON THE REPEAL

Following repeal of the Eighteenth amendment last week which becomes effective December 5, officials in numerous states as well as at Washington are now busy with deliberations on the program to be followed in connection with the liquor traffic.

Nineteen states will be permitted to sell hard liquor after Dec. 5, these states being Arizona, California, Colorado, Connecticut, Illinois, Louisiana, Maryland, Massachusetts, Montana, Nevada, New Jersey, New Mexico, New York, Ohio, Oregon, Rhode Island, Washington and Wisconsin.

All other states have either constitutional or statutory prohibition, and the repeal of national constitutional prohibition leaves them unaffected. Texas is protected by the Dean law against selling hard liquor. Under the Twenty-first amendment liquor cannot be transported into dry states, except South Carolina, where one quart per person per month is allowed upon application and permit from a county judge.

80 Per Cent Texas Wheat Acreage Now Signed For Gov't

College Station, Nov. 14.—More than 80 per cent of the total Texas wheat acreage has been signed up by Texas farmers in applications for Government domestic allotment contracts in the sign-up campaign conducted with the aid of county agents, according to the latest tabulation of results at Extension Service headquarters at Texas A and M college.

More than half of all Texas wheat farmers, or 12,900 men, have signed applications representing a total average three-year production of 35,510,273 bushels and 3,557,681 acres, the report shows. Reports are complete from 60 out of nearly 100 counties participating in the campaign. Total Texas production averages more than 40 million bushels annually from something more than four million acres.

I. O. O. F. TO BARBECUE

Members of the Sudan lodge of Odd Fellows are planning a big barbecue to be held at Sudan, Thursday night of this week, a 200 pound new being in the fattening pen to furnish the delicate piece-de-resistance for the I. O. O. F. members.

There are 15 candidates slated to receive the initiatory degree of that order that evening, and invitations have gone out to neighboring lodges as well as individual members to attend. There will be several from Muleshoe who will participate in the rites and festivities of the evening.

PLANS FOR COUNTY AGENTS AND FOR COTTON ACREAGE REDUCTION GIVEN EXPLANATION AT COLLEGE STATION

J. B. Wade Jr., Bailey county farm agent, returned last Saturday evening from College Station where, in company with about 200 other farm agents and a large number of demonstration agents a state wide meeting was held with officials of the Agricultural Extension department in mapping out plans of work for the agents during the coming year, also giving instructions on the handling of cotton reduction for 1934 by C. A. Cobb, chairman of the cotton section of production division under the agricultural act, from Washington, D. C.

Mr. Wade expects to be ready within a short time to launch his farm activities plan for the coming year, and will begin with a meat killing and curing campaign, and organization of 4-H clubs among the various schools over the county. He also plans doing considerable terracing this winter and coming spring, the value of which is already well known in this county by many farmers who have been producing larger crops and retaining soil runoff because of having had it terraced during the past two or three years.

Mr. Wade plans organizing the county with a group of assistants in each school district where there will be a committee of three persons who will collaborate with him in his general work, thus rendering much help and assisting as many farmers as possible all over the county.

Much information was given out by Mr. Cobb regarding the cotton acreage reduction plan for the coming year at this recent meeting, and Mr. Wade was requested by the State department to retain the county committee for another year, because of their familiarity with the work and for the excellent results obtained by this personnel during 1933.

Next year cotton contracts may be assigned by either the landlord or by his tenant renter, if said renter has paid each rent and has a lease for the years 1934-45. The government plans the paying three cents per pound for the annual production, based on the past five year average from 1928 to 1932-33.

Land taken out of production, it was said, may be used either for soil improvement crops, erosion protection, pasture or raising feed crops for home consumption, providing such land was not formerly used for competitive crop raising and if pastured not for stock going on the market.

ENOCHS LAD IS INJURED

Archie Cox, 20, son of Mr. and Mrs. T. M. Cox, residing near Enochis, is in a serious condition from an automobile accident, occurring early last week when he collided with a car without lights and said to have been turned across the road in that vicinity.

Compound fractures in both legs were sustained, the limbs being so badly mangled they had to be fastened together with wire before being put into casts, according to report.

He was taken to Littlefield for surgical attention, recovering early last week. Later—Cox died Sunday, being buried in the Littlefield cemetery. He is survived by his parents and several brothers and sisters residing in the Enochis community.

be a committee of three persons who will collaborate with him in his general work, thus rendering much help and assisting as many farmers as possible all over the county.

Much information was given out by Mr. Cobb regarding the cotton acreage reduction plan for the coming year at this recent meeting, and Mr. Wade was requested by the State department to retain the county committee for another year, because of their familiarity with the work and for the excellent results obtained by this personnel during 1933.

Next year cotton contracts may be assigned by either the landlord or by his tenant renter, if said renter has paid each rent and has a lease for the years 1934-45. The government plans the paying three cents per pound for the annual production, based on the past five year average from 1928 to 1932-33.

Land taken out of production, it was said, may be used either for soil improvement crops, erosion protection, pasture or raising feed crops for home consumption, providing such land was not formerly used for competitive crop raising and if pastured not for stock going on the market.

TEXAS RAILROADS GIVEN RIGHT TO REDUCE FARES

The Texas Railroad Commission has granted the application of Texas rail lines for authority to reduce their passenger fare rates.

The new fare will be two cents per mile for riding in day coaches, while the fare for Pullman travel will be three cents per mile plus the Pullman fare which has been reduced one-third less than the old rate, the surcharge being removed, according to H. A. Eckler, local Santa Fe agent.

The 10 day round trip of one and one-third fare has been cancelled, effective December 1, and new tariffs are soon expected on all reduced fares. No script books will be sold on the new rate basis.

All new rates become effective Dec. 1 and will remain in force for six months.

GIN N. M. COTTON HERE

Considerable gin N. M. cotton is now being hauled to Muleshoe from points across the line in New Mexico, according to report, the growers being attracted here because of the excellent service given them by local cotton gins.

4,350,000 IS GOV. ESTIMATE OF YEAR'S COTTON

The cotton report issued from Austin last Friday indicates Texas will this year produce 4,350,000 bales of cotton as compared with 4,500,000 bales produced in 1932, 5,319,000 in 1931 and 4,037,000 in 1930. The yield as of Nov. 1 is reported to be 185 pounds per acre as compared with 162 pounds in 1932, 173 pounds in 1931 and 120 pounds in 1930.

The last cotton crop estimate made at Washington and released last week sets that nation's total cotton production at 111,000,000 bales, despite the governments \$111,000,000 effort to curb the output. This puts the crop at 93,000 bales above that of last year, or approximately three million more than was the October estimate.

While cotton picking has been set back somewhat because of the recent cold spell, yet it is now being freely estimated that perhaps 70 per cent of the crop grown in the South Plains area has already been picked, and from 50 to 60 per cent of it has been ginned.

Because of the federal plow-up campaign the acreage to cover by pickers has been much smaller, and because of the exceptionally favorable fall this acreage has been picked over much quicker than during most previous years. Here and there has been reported a shortage of pickers, but in the main there have been plenty, and some counties have even complained of an excessive immigration of pickers within their borders and not sufficient of the fleecy bolts to give them employment.

Eat Only Certified Oysters, Says State Health Department

Austin, Nov. 15.—Appearance of uncertified oysters," warns Dr. John W. Brown, State Health Officer. In Texas each grower of oysters is furnished a certificate from the State Department of Health covering the oyster beds that he uses, provided surveys of such areas have shown these to be free from pollution and that the shucking houses are sanitary. If such certificate is granted a shipping number which must accompany each shipment to show the source of the shellfish.

Each operator of a shucking house where oysters are opened must have a certificate testifying that his shop has been found sanitary and his employees have been examined and found negative for communicable disease, especially typhoid fever. These certificates are issued annually. The Federal Government cooperates with the states by exercising supervision over methods used and issues lists of certified shippers in all parts of the country.

The safest oysters in Texas are the ones accompanied by a certificate. The oyster has much to commend it as a food—protein of good quality, a rich source of iron and copper important as a protective against anemia, a liberal source of iodine essential to the proper functioning of the thyroid gland and a fair amount of vitamins. The safest method at present in selecting oysters is to look for the certificate number.

Farmers State Bank Safe At Kress Found 7 Mi. South Muleshoe

A road-grading crew working on State Highway No. 7 Friday of last week, found a bank safe marked "Farmers State Bank" on the front of it buried in the sand about ten miles north of Sudan.

Sheriff Len Irvin was called to examine it, stating he believed it belonged to the Farmers State Bank at Kress from where it was taken several months ago, diligent search failing to locate it.

One report current is to the effect that papers taken from the inside of the safe identified it as the property of the Kress bank, while another report says the safe was entirely empty, having no recognition marks except the name on the front. It had been buried in the sand of the bar pit beside the road.

The safe was later identified by Tom Bagley, president of the bank as belonging to its institution. It weighed 2,560 pounds.

MULESHOE HAS BIG TRADE

Notwithstanding many of the business concerns in Muleshoe were closed part of Saturday, trading was exceptionally brisk here.

Many business men report the best patronage of any day this season, while it is generally agreed that the largest crowd of people ever in Muleshoe was here Armistice day.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor. I. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00. Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in the paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

All therefore whatsoever they bid you observe, that observe and do; but do not ye after their works, for they say and do not.—St. Matthew, 23:3.

We are all easily taught what is base and depraved.—Jovenal.

WILL TAXES COME DOWN?

It will be interesting to watch what happens to taxes when repeal is restored to good standing December 5. According to the propaganda of the "wets," taxes are to fall rapidly when booze comes into general circulation again. The money is already rolling in, for reports show that Uncle Sam collected no less than \$72,944,483 in beer taxes the first six months since beer was legalized. In the "old days" any government budget could be balanced with such a huge increase in tax money coming in. But millions have long since ceased to have any influence in Washington—it takes billions now to do anything worth noticing.

Experts think that beer will bring in even more in the future, and that Uncle Sam can rely on something like \$175,000,000 to \$200,000,000 a year. In addition, they figure that liquor will add no less than \$700,000,000 a year, giving the government something near a billion dollars revenue from the use of intoxicants alone.

With such a tremendous sum rolling into the treasury, it would seem to the average Muleshoe citizen that our national taxes should be materially lowered. But from past indications it is useless to spend much time hoping for such a blessing. Our professional office-holders and bureaucrats down at Washington find some place to put it, no matter how much more rolls in. And tax reduction continues to be nothing more than an idle dream.

MORE CONFIDENCE

In so far as a considerable number of people around Muleshoe are concerned, guaranteeing bank deposits will be pretty much a case of locking the stable after the horse is stolen. But it is going to have a stimulating effect

on banking in this country after the first of January.

From that date on a depositor can be sure of his savings, up to a total of \$2,500, the amount that will be insured by Uncle Sam. And since the thousands of depositors who lost in the thousands of wrecked banks did not have more than that, it is easily seen why and how this new move will prove beneficial. One has only to think how many people would have been saved financially had it been in effect during the past three years.

However, it is better late than never. Guaranteeing bank deposits will serve to restore confidence in the nation's banking system. It will start a new flood of deposits and that will help business in all-lines. More than that, no one could ask.

STILL AN ART

Everyone around Muleshoe knows that the art of cooking a good meal has not been lost, and that the younger generation has inherited it from the old.

But a big New York newspaper was not so sure of it. Anxious to see if this generation knows how to cook, the editor a short time ago offered a prize for a cornbread recipe. Imagine his amazement when, he admitted afterward, more than 3,000 women—and most of them members of the so-called "younger generation"—responded with their own recipes for this old-time dinner table standby.

He paid the prize winner, printed a lot of the recipes, and is now a happier and a wiser man. Wiser because he found out that home-cooking is not a lost art; happier because he realizes, as everyone must, that the country is safe so long as it is made up largely of plain and simple lovers of cornbread.

WATCH OUT, DADDY!

Children of today are more able to take care of themselves on the streets and highways than their parents, according to the Carolina Minor club's survey, based on a study of the years 1922 and 1930.

There was an actual decrease in the

number of fatalities among children from five to nine, but a slight increase in the number between the ages of nine and fourteen. Increases in casualties ranged from 117 percent to as high as 173 in the older age groups.

It is thought that the decrease in the child casualty rate is directly responsible to the schoolboy traffic patrols and in the safety campaigns carried on in the schools. Teachers and parents, too, are taking more time to caution their little ones against the danger of playing in the street and along the highways. And the result is that, according to current figures, the kids are taking better care of themselves than the grown-ups.

Jaunty Journalettes

Still another thing wrong with a certain class around Muleshoe is that they haven't yet learned a good time can now be had on a little money.

We read in a fashion note a few days ago that gown buttons mean a lot in fall styles, and any Muleshoe man will tell you that pant buttons do, too.

The fact that the F.R.A. has approved the fish code doesn't mean that it will have any effect on the Muleshoe man who is still determined to make a sucker out of himself.

The Muleshoe man who loans a friend 5 and never gets it back should not count on it a total loss. It's worth that much to get rid of such a friend.

Whenever you hear a Muleshoe gossip start out by saying: "I like him personally, but—" then you may look for the skin to be peeled off.

Just what can be done with the Muleshoe man who pays \$1.50 for a six cent article and then wonders when inflation is going to start?

Heaven for Muleshoe women will be a place where they can sit and talk scandal about their betters.

When a Muleshoe find is trying to be dignified it sometimes means he is merely ashamed to buy. Lose and show how mad he really is.

You can always tell when a Muleshoe man is very sick. He doesn't think it's necessary to groan any louder when the doctor arrives.

It is said that an old dollar bill is the best thing there is for cleaning eyeglasses, but our observation is that Muleshoe people have more spectacles than they do dollar bills.

Any Muleshoe girl has become a woman when she can pick a man with out caring what the other girls think about it.

As a rule the Muleshoe man who is good at puzzles can work them all except the puzzle of making both ends meet.

Pavement Pickups

Solomon had 700 wives. He had to be a wise guy, according to A. J. Gardner.

O. W. Curry says he has learned a new way to foot the laundry—just wear a shirt until it gets dirty and then tear the buttons off yourself.

Richard Rooley says he likes crackers and cream of wheat alright, but he prefers having them on the inside of his stomach rather than on the outside.

J. B. Burkhead says he hadn't been in the county clerk's office very long before he learned that some men were known by their deeds, others by their mortgages.

Judge Vaughan says he is going to write to Washington and suggest that the motto on our dollar, "In God We Trust" be changed to "I Hope My Redeemer Liveth."

C. F. Moeller claims there was a man at the picture show the other night who claimed to feel no pain when he was jabbed with a pin, needle or any other sharp instrument. He was a tax-payer.

Real estate has been rather dull for the past two years, according to R. L. Brown, but now it's picking up rather sharply with prosperity returning. Brown plans building a nice home on his farm about 12 miles northeast of town and flying back and forth in his own airplane. He's going to buy one of those new gyps that fly like an airplane but settle down like a parachute.

Last Saturday at the American Legion Armistice celebration there were a number of extemporaneous speeches made, and among them one by Curtis Taylor, ex-commander of the local post, member of the Muleshoe Annanias club and noted for his veracity. Curtis said while he was in over seas service he was a member of a picked company of crack shots. Every morning a barrel was rolled down a hill 500 yards away and the men had to fire 20 rounds each while it made its descent, aiming at the bung hole. The descent took about a minute. Any man missing the bung or not getting his 20 shots off was court-martialed. In the two years Curtis was in that company, he declared, there was not a single court-martial held.

Literal Appellation

The word "dimp" is derived from the Latin "decimus," which means "one

SNAP SHOTS

The West Texan who says there is no such thing as falling dew evidently never had any experience with notes.

One can't expect a boy to be bright if his parents are the kind who always blame the teacher for his dumbness.

Perhaps the lump on little Willie's head is where Papa helped him with his arithmetic lesson last night.

The righteous man's slow to wrath except when somebody claims to be more righteous than he is.

A general practice nurse is a queer old boy who can recognize mumps without a blood-count and four or five x-ray pictures.

Hugh Johnson will at least be remembered as the man who assesses the coal miners without having a deputy sheriff put a bullet in him.

If science is so smart, maybe it can tell what became of the money you have been saving up for this or that.

Maybe times seem better because people are so busy trying to explain to each other just what "inflation" means.

There's one way, thank goodness, that you can't lose. You can still lay up treasures in heaven.

The reason one doesn't see much hash now days is because they pour it on lettuce leaves and call it salad.

Wilson News Items

The Methodist Missionary society met Thursday, Nov. 9, with Mrs. A. E. Early, who read the 7th chapter of Matthew, after which Mrs. J. Ned Hendrix led in prayer. Mrs. Ruth Terrell was appointed secretary of church funds and Mrs. W. L. Blaylock treasurer. Those present were Mrs. John Tyson, J. Ned Hendrix, W. L. Blaylock, B. Toombs, Ruth Terrell and one visitor, Mrs. Sturdivant.

We had a good meeting, before adjourning to meet the following Thursday with Mrs. W. L. Blaylock.

Mr. and Mrs. Fred Whitley and children, of Doole, and Mr. and Mrs. Ben Bowen and children, of Waco, have returned to their home after a few days visit with their mother and father, Mr. and Mrs. J. C. Tyson. Mrs. Chapman and children are visiting the Tysons now.

Cecil and Elbert Stephens are in Hobbs, N. M., on business.

W. L. Blaylock attended annual conference of the Methodist churches at Clarendon.

Mr. and Mrs. Morris Toombs, Mrs. J. B. Toombs, Mrs. W. L. Blaylock and daughter, Wilma, transacted business in Littlefield, Saturday.

There was a good attendance at the Baptist church Sunday at both Sunday school and church. Rev. Pat Jordan delivered a good sermon.

In spite of the cold weather we had there was a favorable attendance at B. Y. P. U.

There were not many in attendance at the Methodist church Sunday, but Rev. J. Ned Hendrix brought us a very inspiring message.

Mr. and Mrs. I. W. Holloway spent Saturday night and Sunday with Mr. and Mrs. M. W. Holloway and children at Goodland.

There was a very happy crowd at singing Sunday. Every one enjoyed singing. We have singing every Sunday afternoon at the school house at 3:00 o'clock. Everyone come. We had visitors from other communities. Come back again when we are glad to have you.

Mr. and Mrs. W. R. Eppler and son, Jack, and Mrs. S. C. Gilbert from Abilene were the house guests of Mr. and Mrs. E. B. Gilbert over the weekend. It was reported a big one Saturday at the sores at Wilson. Our city is growing fast, as a barber shop sprang up last week.

Loco-Motor ATAXIA

Rheumatism and Neuritis is as likely to develop in your automobile as in your own body these wintery days, and when your car is attacked by some similar trouble it is also painful to the driver. The grunts and groans of a car and failure of its vital organs to function properly is always dissatisfactory.

BETTER BRING IT IN TODAY AND LET US CHECK IT FOR WINTER DRIVING AND MAKE NECESSARY REPAIRS.

Care Will Save Your Car As Well as Its Driver!

A. W. COPLEY, Manager

...Rattlesnakes...

IN YOUR HOME?

Improper wiring of your house, pennies stuck behind a fuse, broken switches, insulation worn from electric wires, etc., are all as dangerous as rattlesnakes and are at any time liable to result in a fire meaning loss of hundreds of dollars and maybe the life of some one near and dear to you.

Cheap bulbs used in your light sockets also consume more current than the better grades and do not give as satisfactory service. It might be a good idea to have an expert check your lighting system before cold weather really sets in.

This advertisement is not written for the purpose of giving alarm, but rather as a part of the full and interested service of this company in behalf of its patrons.

General News Over Texas And Adjoining States For The Week

Nearly 6,000 sheep are to be winter fed in pen at Littlefield.

The deer hunting season in this section of Texas opens November 16.

Hard liquor was sold in beer gardens and restaurants at Galveston last Saturday.

Joe Williams, coming from Haskell county, is to be the new farm agent in Lynn county.

The Texas wool clip for this year is set at 11,360,000 pounds, of which nearly 5,000,000 have not yet been sold.

There were only 33 business failures in Texas last October as compared with 83 in October 1932.

Secretary Wallace announced last Friday that corn loans would be made on the basis of 45 cents per bushel.

The federal government announced last Friday it had bought to date 213,000 ounces of U. S. gold.

Paul A. McNeil, Tulsa, Oklahoma loan broker has been arrested and charged with hoarding \$2,000 in gold. Conviction on this charge means 10-200 fine and 10 years imprisonment.

THANKSGIVING IS NOT FAR OFF

We take special pride in cleaning your nice garments. Years of experience have taught us that to clean delicate and expensive fabrics properly special equipment and experienced workmanship are necessary. We have both.

Your new fall woolsens which you have chosen with care, or if you put into further service those used last year, they should be cleaned properly. We give most careful attention to all fabrics.

Let us have an opportunity to demonstrate our efficiency on these garments. We will treat them so they will continue to look like new.

Runnels county farmers are this year canning pecans by using steam pressure cookers.

It has been estimated there are 12,000 crippled children in Texas that need treatment.

Pink grapefruit is now being produced in the Rio Grande valley, the first carload being shipped last week.

School trustees at Floydada have agreed to either collect past school taxes or else file suits to enforce their payments.

The American Legion of Texas plans asking state aid in its relief program for the 4,000 ex-soldiers needing assistance.

Nine new post offices are to be built in Texas soon, being at Bowke, Kerrville, Colorado, Luling, Dallas, Stephenville, Athens and Shamrock.

A total of \$27,175 has been appropriated by the federal government for improving and preserving the Aztec ruins in New Mexico.

Citizens of Rio Grande valley have petitioned the federal government for \$3,000,000 to build a drainage system in that valley.

Sunflowers for chicken feed are being grown on a commercial basis in Donley county, some of the flowers being 15 inches in diameter.

The Galveston causeway is to be widened by the State Highway Commission to accommodate four lines of travel on it.

More than 75,000 people in the Rio Grande valley were inoculated against typhoid fever following the recent hurricanes and floods in that section.

The W. C. T. U. at its annual convention held at San Antonio last week started a new crusade against liquor in Texas.

W. H. Rutledge, Rio Littlefield, has been appointed federal government census taker for cotton in Lamb and Castro counties.

Delegates at the State Baptist convention held last week in Fort Worth telegraphed a protest to President Roosevelt against recognizing the present Russian government.

With the coming of cold weather the gas load being taken out of the Panhandle field near Amarillo is considerably increased, now averaging 1,495,000,000 feet daily.

Judge Henry Boyd of Ector county, was killed last Friday while riding with two of his county commissioners, when the car struck a concrete culvert near Fredericksburg.

The price paid for American gold went up another 12 cents Armistice day, the price being \$33.32 per ounce, which brought the dollar value down to 62.93.

Will Bean, Smith county farmer, last week finished gathering a crop of coffee, amounting to about 35 pounds taken from a dozen stalks. He replants the harvested crop each year, hoping soon to have it climaxed so it will give good yield in Texas.

Luther G. Streit, living 15 miles south of Vernon, underwent an operation last week at a Wichita Falls hospital to have a splinter of steel from a German hand grenade taken from his cheek and which he received in 1918 while reconnoitering across No Man's land.

R. G. (Boss) Shannon sentenced to life imprisonment for his part in the Charles F. Urschel kidnaping, after three months spent in jail, was last week released on \$10,000 bond to wind up his business affairs before beginning sentence, 60 Wise county farmers, mostly his neighbors signing the surety.

NOTICE

Notice is hereby given that the Bula Independent School District of Bailey County, Texas, will receive sealed bids from banks wishing to act as the school's depository during the school years 1933-1934 and 1934-1935. Said bids will be received by the school board at the Bula School House Monday, November the 20th, at eight P. M. The school board reserves the right to reject any and all bids.

V. C. Weaver, Secretary School Board.

Absolute liberty disregards the rights of others, but equal liberty respects the rights of each and all.

Muleshoe Wins 22-0 Armistice Game With Amherst Played Here

The last game of the football season for the Muleshoe High school piskin punters was played here Armistice afternoon when the local Yellowjackets met and defeated the Amherst aggregation in a score of 22-0. The lads from Amherst did not constitute their regular team, several out of school men being played, some of whom had had considerable experience on the gridiron.

There was a good crowd to witness the tussle, the home lads putting up an exceptionally stiff fight, practically the entire game being played on the territory of the visiting team. Amherst got but two first downs during the game.

In six games played this year by the Muleshoe High school squad they have lost only one, that one on a fumble to Olton three weeks ago.

Following is a list of the games, with resulting scores played by the local team during the season:

Sept. 29, with Amherst at Amherst, score Amherst 0, Muleshoe 7.

Oct. 6, with Morton at Muleshoe; score, Morton 0, Muleshoe 32.

Oct. 13, with Olton at Muleshoe; score, Olton 0, Muleshoe 9.

Oct. 20, with Morton at Morton, score, Morton 7, Muleshoe 9.

Oct. 27, with Olton at Olton, score Olton 7, Muleshoe 0.

November 11, with Amherst at Muleshoe, score Amherst 0, Muleshoe 22.

This week Coach Stevens starts his lads in work-outs for basket-ball. No playing schedules have yet been made.

Stegall News

Rev. Bolinger preached an excellent sermon here Saturday night. We were glad to have him preach for us and glad to see so many present.

Mr. and Mrs. Melvin Bass, of Baileyboro community, attended preaching services here Saturday night.

The freeze which came last Saturday night damaged the young feed considerably. Farmers are busy cutting the feed before it falls down.

Mr. and Mrs. Monroe Phillips entertained their two sons and families from Earth, Sunday.

The people of this community met and organized a Sunday school Sunday. The following officers were elected: Doyle McCaslin, superintendent; Joan Phillips, secretary; Bill Holt, song leader; Mrs. John Holt, teacher of the young people's class; Lois Pollard, primary class.

The young people are much interested in Sunday school, but heretofore they have not had the cooperation and encouragement of the older people. We realize that times are hard and that some of our cars are out of commission, yet most of us can still travel in the good old-fashioned way. Hitch up your wagon and let us see a large crowd at Sunday school next Sunday afternoon at 2-30.

Bobby Williams celebrated his eighth birthday Monday afternoon with a birthday party. Games were played and Bobby's own cake with its eight candles was served to his school mates. They wished him many more happy birthdays.—Reporter.

Progress News

Sunday school was well attended. There was no church as Rev. Lovitt failed to arrive. Rev. Brewton made an interesting talk on Sunday school work.

Mr. and Mrs. F. K. Whitte spent Sunday with their son and family, Mr. and Mrs. C. W. Whitte, at West Camp.

James Hoy attended church at West Camp, Sunday.

Mr. and Mrs. Charlie Good and family of Littlefield, spent Sunday with his brother and mother, R. E. Good and family and Mrs. M. E. Ellis, respectively.

Hazel Wimberly and Fay Lewis, of Muleshoe, took dinner in the home of Mr. and Mrs. Luther Hoy, Sunday.

There was no league Sunday night. There is League each Sunday night at the school house.

Sunday is singing afternoon, and everyone is invited to attend.

School started again Monday, after three week's vacation for the people to gather their cotton.—Reporter.

HOME EC. CLUB MEETING

The Muleshoe Home Economics club met Thursday of last week, all members present, including several new ones.

On the program which followed the business session, Miss Sibyl Coker gave an interesting talk, and Geraldine Reynolds read a poem, "To the Little House."

This club was organized about three weeks ago with Mary Holt, president; Eva Harper, vice-president; Twila Farrell, secretary-treasurer; Margaret Holt, reporter; Eunice Griffiths, song and yell leader. The following committees were also appointed: Eunice Griffiths, Dona Carter and Geraldine Reynolds, program; Mada Chandler, finance; Sibyl Coker, Hazel Nelson and Betty Nelson, social.

Miss Boone, teacher, discussed several matters of club interest with the members.

Resignations from the office of state representatives C. F. Stewart, Gainesville; John Ross, Cleveland; W. C. McClain, Groveton, have been announced as received by Governor Ferguson and elections called to fill their vacancies.

RESEEDING LOANS MAY BE HAD

Reseeding loans in the drought-stricken area of the Panhandle are now available, according to a wire to Congressman Marvin Jones from National Director Hewett of Washington.

Applications must have approval of county committee and field supervisor; made for reseeding purposes only to borrowers having already obtained a winter wheat loan, conform to government acreage reduction restrictions and used on land where only wheat has been grown during past four years, date for applications expiring November 25.

NOTICE FOR BIDS

Notice is hereby given that the Trustees of the Muleshoe Independent School District will receive bids for depository to care for the district's finances at their regular meeting to be held in the High school building of said district, Monday night, Nov. 19, beginning at 8:00 o'clock. The Board of Trustees reserve the right to reject any or all bids.

J. B. BURKHEAD, Secretary Muleshoe Independent School District. 42-11c

Advertisement for Bayer Aspirin. Title: 'For Fastest Known Relief'. Subtitle: 'Demand And Get'. Image: Bayer Aspirin logo. Text: 'GENUINE BAYER ASPIRIN'. Description: 'Because of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache; neuralgia, neuritis or rheumatic pain a few minutes after taking. And they provide SAFE relief—for Genuine BAYER ASPIRIN'. Bottom line: 'GENUINE BAYER ASPIRIN DOES NOT HARM THE HEART'.

Advertisement for Conoco. Title: 'This is GAS AND OIL MONEY — BELIEVE IT OR NOT!'. Image: Illustration of a woman and a man. Text: 'Sally: "Really? Tell me about it, Helen." Helen: "Well, as I use the car most of the time these days and actually buy the oil and gas, Dick thought it a good plan to turn the car budget over to me entirely." Sally: "How does that give you extra money?" Helen: "I have more time than Dick and have learned some surprising things about the cost of car operation. Dick thought all gas and oil sold at approximately the same price were of equal value. When the motor broke down, he considered it just hard luck and paid the repair bill." Sally: "Isn't it?" Helen: "No! It is poor motor protection. More than half the entire motor wear occurs during the few minutes of starting when the motor is cold. Only one brand of oil—Conoco Germ Processed Motor Oil—penetrates the metal so that a portion of it, nearly a quart, stays up in your motor, greatly reducing the wear. So checking back on repair bills that were paid before I changed to Conoco, we've saved a lot of money this last year." Sally: "What about gasoline?" Helen: "To me that choice depended on quick starting—Dick used to choke the car until he was wild. It wasted so much gasoline in cold weather—ran the battery down and the nerves, too. With Conoco Bronze, the motor starts at the first turn and has power galore—goes further on each gallon and is anti-knock also. So you see how I did it?" Sally: "I certainly do, Helen—and I think you're a very clever girl!"'. Image: Conoco logo. Text: 'CONOCO at the sign of the Red Triangle'. Bottom text: 'Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Pure) Bronco Gasoline, and without sacrifice of Long Mileage, Greater Power and Strainless Advantages, called "The Hidden Quart" stays up in your motor and never drains away. Instant Start-Up and Lightning Pick-up can best be obtained with Conoco Bronco Gasoline, and without sacrifice of Long Mileage, Greater Power and Strainless Advantages. For cold weather starting it cannot be exceeded. When planning a trip for business or vacation, write the Conoco Travel Bureau, Denver, Colo., America's Largest Free Travel Bureau.'

Wrinkles in Paper Dials
Wrinkles in paper dials used as clock faces have been traced by bureau of standard scientists to abnormal expansion of the paper in the moist air.

NEWLY WEDS SHOWERED

Mr. and Mrs. Richard Rocky were the recipients of a delightful social occasion, including a shower for the bride Monday night at the home of Mrs. W. B. McAdams, a mile west of town, Mrs. McAdams and Mrs. Gilbert Wollard being joint hostesses.

There were a large number of friends present and a delightful evening spent, the bride and groom being escorted to the McAdams home on the fire engine. The popular couple were recipients of numerous beautiful gifts, including a waftle iron from the fire ladders, Richard being a member of that department.

Those attending the function were: Dr. and Mrs. A. E. Lewis, Mr. and Mrs. Ray Griffiths, Mr. and Mrs. J. E. Adams, Mr. and Mrs. Fred Reynolds and family, Mr. and Mrs. Clay Beavers, Mr. and Mrs. Clay Buchanan, Mr. and Mrs. Gilbert Wollard, Mr. and Mrs. W. B. McAdams and family, Mr. and Mrs. Walter Witte and family, Mrs. Claude Cox, Mrs. Beulah, W. Carles, Mrs. Neil Rocky, Evelyn Boone, Melzine Rocky, Margaret Holt, Iris Harden, Buford Butts, Jimmie Cox, Donald Eason, Mills Barfield, Harry McCarty, O'Neil Rocky, Dick Rocky, Mr. and Mrs. Richard Rocky.

MEAT FOR WARMTH

Regardless of the season of the year, Meat is the main course of any meal, and good, tender, juicy Steaks and Roasts are always tempting and satisfying to the appetite, especially during the colder weather of winter time when more meat is craved because it not only gives strength but adds warmth to the body.

This market is especially equipped for handling all meats in such a manner they will be both sanitary and appetizing. We carry a full line of beef and pork meats, both fresh and cured. Also, cheese of various kinds, butter, chili, etc.

YOUR PATRONAGE HERE WILL BE REWARDED BY COURTEOUS APPRECIATIVE SERVICE AND REASONABLE PRICES

Holeman's Meat Market

Who's afraid of the big bad wolf?

NOT YOU! if the tank of your car is filled with high test gasoline. And genuine high test is exactly what Phillips 66 is!

High test with a vengeance, honest high test, proved by the definite gravity figures at the right. This exceptionally high gravity gives you an important extra benefit in cold weather—INSTANT STARTING. Every drop of Phillips 66 delivers summer pep, power, and mileage all winter long. Plus quicker warm-up and smoother running.

If you are skeptical about getting genuine high test gas without paying extra, remember that Phillips is the world's largest producer of natural high gravity gasoline. Remember, too, that we keep stepping the gravity up as the thermometer drops. Thus Phillips' CONTROLLED VOLATILITY insures split-second starting, full power

and mileage, despite changes in climate. Why wait until you run down your battery and run up repair bills? Get the truth about gasolines, now. Discover for yourself the difference which high test makes in your motor. Phil-up with Phillips at the nearest Orange and Black shield.

Top Quality Tires at Mail Order Prices

Guaranteed by Phillips

These are no off-brand tires. No "seconds" under a special name. But the first line product of rubber craftsmen long noted for quality. You get Phillips' greater value, Phillips' friendly service and adjustment anywhere in 17 states, and a written Phillips' guarantee with every Lee Tire for car or truck. Ask your Phillips station or dealer for the amazing low prices on the sizes you need.

Masons Initiate Two Tuesday Nite Dist Deputy Here

One of the best meetings of the local Masonic lodge was that held in Mulleshoe Tuesday night when the Master's degree was conferred upon two candidates.

There were about 90 Masons from Mulleshoe, Bailey county and surrounding towns attended, many of the masters and past masters of their respective lodges, also the assembly was honored with the presence of Prof. F. O. Boles, district deputy grand-master, from Littlefield.

Men expert in the esoteric work of the order were selected to confer the degree, performing their chosen part in excellent manner so that candidates received full benefit of the principles involved and lesson taught.

Following the degree work, there were short addresses by several of the visiting Masons, after which all members adjourned to the lower floor of the hall where a committee had prepared a big feast of fried oysters with extra trimmings of various kinds, when a real social hour of friendship and getting acquainted with one another was enjoyed.

STATE MAY PAVE 7 AND 28 WITH FEDERAL FUNDS GIVEN

Indications were last Monday that the policy of the State Highway Commission in allocating the federal fund of \$24,000,000 awarded Texas for road building may be changed.

The Federal Bureau of Public Roads has asked Congressman Marvin Jones for an opinion in the matter, Jones replying that if this money is divided among counties on the basis of population, as heretofore reported, many of the sparsely settled counties of West Texas will receive a very small proportion of that total.

Present indications are that the Fed-

eral bureau will insist that gaps in state highways are to be finished and paved regardless of population, and if such policy is carried out the paving of State Highways Nos. 7 and 28, which pass through Mulleshoe, may soon become realities.

METHODIST MISSIONARY LADIES OBSERVE PRAYER WEEK THURS.

The ladies of the Methodist Missionary society met last Thursday morning at the church for an all day "week of prayer" program.

Each lady carried a covered dish to the parsonage where they enjoyed a delightful luncheon with Mrs. E. C. Raney as hostess.

The morning program was opened with the song, "Garden of Prayer," and a prayer by Mrs. Raney, Mrs. J. C. Weaver was in charge of the devotional hour. Mrs. S. C. Beavers discussed "God's Free Gift," urging us to resign ourselves and receive the gift intended for us. In accord with Mrs. Beavers' talk, we sang "I Need Thee Every Hour." The morning hour was closed with a song, "Take Time To Be Holy," and prayer by Mrs. A. P. Stone.

Mrs. Raney was in charge of the afternoon devotional. Scripture: "Go ye into the world and preach the Gospel to all people." She also told us of Dr. Judd, during his captivity in China. Mrs. Al Isaacs and Mrs. F. B. China presented the dialogue, "Building and living in Changchow." Mrs. Nina Elrod gave an interesting radio talk, after which a free-will offering was taken for missions.

Mrs. Raney closed the all day program with prayer.

Those present were: Mesdames Holt, Haney, Wright, Davis, Weaver, Haney, Ataway, Pierson, Wyrer, Elrod, Isaacs Stone, Beavers, Wallace and Bartley.—Reporter.

Raining Some Place Now
It is raining hard in some part of the world every hour of every day, and scientists conservatively have estimated that more than 250,000,000,000,000 gallons of water are precipitated from the heavens each 24 hours.

ONE THING IS CERTAIN

The outright ownership of good land is safe and enduring. Regardless of the value of the dollar, land which produces the essentials of life can always demand its proportionate share.

Every other form of wealth is only temporary at its best. In times like these, its rapidly changing value is highly speculative, so its well to play safe in buying good land now to secure your future.

We have a big listing, all very reasonably priced now, and on good terms. Better see us for details at once.

R. L. BROWN

"THE LAND MAN"
Muleshoe, Texas

GOVERNMENT ROAD WORK STARTED AGAIN THURSDAY

Public relief work on roads began again in Bailey county, Thursday, according to Pat R. Bobo, county director, who Wednesday morning received instruction from Col. Lawrence Westbrook, Austin, to resume labor employment.

All men in this vicinity who were in need of relief were requested to report at Mr. Bobo's office in the court house at Muleshoe Thursday morning at 7:30 o'clock. The labor scale is now set at 35 cents per hour for hand labor and 45 cents per hour for a man with team of two animals, Bobo said.

WEST CAMP CLUB MEETING

The West Camp Polyana club held its last meeting with Sevela Sullenburg, spending the afternoon in making quilt blocks. Another meeting will be held Wednesday afternoon, November 22 with Mrs. Susie Smith.

Friday night, Nov. 24 a club quilt will be given away at the West Camp school house, in connection with a program to be rendered that night. All interested are urged to be present. There were 18 members and one visitor present at the meeting and candies of various kinds served by the hostess.

MULESHOE, TEXAS

Will We Have To Buy Medicine From Bootleggers?

The Tugwell Bill that will come up for consideration in the next session of Congress would put the food, drug and cosmetic industries under bureaucratic control of a political branch of the government giving them no recourse to the courts in questioning the decision of the designated political officer. Manufacturers say the measure would restrict their businesses and cause unemployment.

Y L News Items

Mr. and Mrs. Metcalf and Miss Mattie Jordan spent the weekend at the home of Mr. Crawford.

Fred Priboth, his two sons and two nephews from Blackwell, Okla., have been visiting Mrs. Myrtle Priboth.

We are very glad to receive the report that Mr. Merwin Wilterding, who recently underwent a major operation at Plainview, is doing well.

Mr. and Mrs. Newton Daniels attended the Methodist conference at Clarendon the past week.

At the League social last Monday night, Rev. and Mrs. H. H. Allen were given a handkerchief shower and a beautiful lamp in appreciation. On behalf of the league of the splendid service they have rendered in this community. Since they are not to be with us for the coming year, we are glad that they will be stationed at East and Springlake where they will still be our neighbors.

The subject for discussion at League last Sunday night was "Love." Mrs. Cecil Buhmann was leader; Evelyn Wilterding, Mrs. Owen, Edwina Buhmann and David Beller were other members who assisted in giving a most interesting program.

The District League rally held at Amherst last Sunday was well attended by an enthusiastic crowd. The program was in charge of the Amherst league. The banner this time was won by Amherst by having the most points. Sixteen members of the Y L league attended; they were Dale Burhmann, Kathleen Willman, Bertha Darnell, Betty Darnell, Evelyn Wilterding, Ransom Robinson, Oleta Shofner, Jean Willman, Gail Willard, J. T. Shofner, Maynard Hupp, Alyne Evans, Ernest Parsons, and Kline Burhmann. The next meet will be at East.

The Junior League was entertained at the H. M. Shofner home last Monday with a party. Many interesting games were played and all reported a fine time. Those present were Luther Burhmann Gomeray Allen, Paul Brock, Ernest Brock, Wilma Reed, Wanda Reed, Elmer Wilterding, Oweda Beller, Ruth Shofner and Oleta Shofner.

Mr. and Mrs. Percy McMillan from Hereford visited Mr. and Mrs. E. D. Beller and family, Saturday.

Mr. Owen gave a picture show at YL Friday night and the same show at Lazbuddie Saturday night. Both shows were well attended.

A H. Jennings spent the past weekend in Canyon.

The Y. L. League is planning to give the play "Two Days to Marry" in Muleshoe soon, under the auspices of the Muleshoe League.

The Y. L. P. T. A. will meet next Friday night at eight o'clock. Every patron is urged to attend. A very constructive program is being arranged by the program committee.—Reporter.

DON'T SLEEP ON LEFT SIDE--AFFECTS HEART

If stomach GAS prevents sleeping on right side try Adlerika. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night. Western Drug Co. Adv.

Be proud of your home town.

Enochs Echoes

All of our young folks are trying to get to be old folks! Four couples from Enochs have been married within the last week, Davis Calloway and Vera Nicholson, Howard Cox and Ida Bell Ray, James Beck and Evelyn Vanlandingham were married Saturday, Nov. 4. John Beck and Lorene Nickolson were married Nov. 1. All at Muleshoe.

Mrs. Charlie Vanlandingham gave a big dinner in honor of the four newly married couples Sunday at her home. There was a nice crowd and lots of good eats.

Miss Edna Langrish has accepted a position with the Bioloeks store. She began work there last week.

Mrs. Edward Autry, Mrs. Robert Doyle and Myrtle Seward were visitors in Sudan, Tuesday. They also motored over to Littlefield and did some shopping.

E. Pepper's father and mother are visiting him now.

The farmers are getting their crops gathered pretty fast in spite of the bad weather.

Archie Cox who was in a car accident and got both legs broken, died Sunday night in Littlefield hospital, at 8:45. He is survived by his parents and several brothers and sisters, including a twin brother. He was buried at Littlefield Monday afternoon. The family has the sympathy of the entire community.—Reporter.

METHODIST CHURCH

Sunday school at 9:45 a. m. Preaching at 11:00 a. m. by the pastor, "Rebuilding the Walls." Leagues meet at 8:30 p. m. The pastor will preach at 7:30 p. m.

The women meet Monday at Mrs. Clay Beavers' home. The mid-week meeting is Wednesday night at 7:30. We spend this time studying the Sunday school lesson. Come and help us in this study and then help your teacher and your class next Sunday. The choir meets Thursday night.

We have heard some very kind expressions of the services held last Sunday during the absence of a pastor and are glad that we have people of this type in the community. This was a good meeting of the conference but the Bishop returned to the old time custom of a closed cabinet which made a good deal of anxiety among many of the preachers, also, among many of the churches.

We are returned here for another year at the appointment of the cabinet and we are seeking the best for the church and its people. We seek the help of each member and person who has any part in the leadership of the church or attendance to the church.—E. C. RANEY, Pastor.

All to Be Found in Books
Books are the perfect reflection of mankind. In them the reader may find all that is beautiful, all that is horrible, all that is noble, all that is nasty, all that is immortal, all that is moral, all that is victory, all that is defeat and disaster.

Portraits of Royal Families
The collection of 4,000 portraits of members of the royal families of Europe.

COUNTY TREASURY IS AIDED

Six negroes, all transients, were arrested on a farm about 10 miles south of Muleshoe last Sunday night, thrown into jail, and Monday morning hauled into Justice Vaughan's court where four of them were charged with gaming, receiving fines of \$1.00 plus \$13.40 costs each. The other two were charged with drunkenness being assessed fines totaling \$23.90 each. The county treasury was thus enriched \$107.40.

Losing interest in life lessens interest in immortality.

KILL COYOTE ON HIGHWAY

While returning from a picture show at Clovis, N. M., last Friday night, Courtland P. Hill, accompanied by Miss Ruth Mitchem, saw a coyote crouched in the middle of the road. Mr. Paul recognizing it, promptly speeded his engine and ran over the animal, killing it instantly.

It proved to be about two years old and had a heavy coat of fur beautifully marked. It was brought home to be skinned and the skin will later be tanned.

DON'T FORGET!

When you are using Mobil Oil and Mobil Gas, you are using the very best motor fuel that money can buy.

Furthermore, you are using the same fuel as Lindbergh, Elley Post, Eyril and Kingsford Smith who were their great air flights.

Magnolia 7-point lubrication service saves you all the winter troubles most people have with their cars during that period.

At the Magnolia Service Station on State Highway No. 7 you will be serviced with all these lubricants Stop in today. We appreciate your patronage.

MULESHOE, TEXAS

Thousands have Ended their Bowel Worries by taking this advice!

Can constipation actually be overcome? "Yes" say medical men. "Yes" say the many thousands who have followed their advice and know.

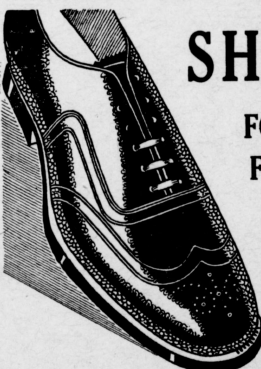

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:

This is the way many men and women have made their bowels as regular as clockwork in a very short time.

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord. Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without using force. An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs. Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any form of laxative, but use a healthful, helpful preparation like syrup pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

SHOES FOR THE FAMILY

BLACK OR TAN

Our stock of Shoes is quite complete with a variety of styles for dress wear and for men, women and children. You will make no mistake in taking your selections from our stock as they were carefully purchased by us as to Quality, Style and reasonableness of Price.
