## Long Sickness Fatal To S. O. Montgomery

S. O. Montgomery, 64, prominent farmer-rancher and vice-president of the Citizens State Bank in Cross Plains, died in Cox Memorial Hospital at Abilene Monday morning at 7:45, following an extended illness.

Funeral services were held from the Church of Christ in Cross Plains Tuesday afternoon at three o'clock, with Minister H. McDonald officiating, assisted by Rev. Russell Dennis of Oklahoma City, Joe K. Bissitt of Itasco, and Dr. W. D. Varner of Abilene. Burial was in the local cemetery under direction of Higginbotham's Funeral Home.

Sumna Olen Montgomery, son of the late Mr. and Mrs. Davis Montgomery, pioneer residents of this area, was born May 1, 1896 in Eastland County. He was married Dec. 3, 1916 to Miss Elvis Barr, daughter of Mr. and Mrs. John Barr, another of the early settling couples in this section of the state.

The Montgomerys accumulated large land holdings and for the past 35 years have made their home west of Cross Plains.

Mr. Montgomery underwent surgery about a year ago, however, his condition worsened several months ago and he had been critical for weeks.

Survivors include the widow; one son, John D. of Cross Plains; two daughters, Mrs. O. B. Fortune, also of Cross Plains and Mrs. B. P. McCowen of Abilene; seven grandchildren; six great-grandchildren, three brothers, L. L. and Earl, both of Cross Plains, and O. C. of Poteet, Texas; and two sisters, Mrs. C. D. Westerman and Mrs. Mina Conlee, both of this city.

Pallbearers at the funeral and interment services Tuesday afternoon were: Paul Lutzenberger, Fred Tunnell, Fred Stacy, Hadden Payne, James Alexander and H. W. Neeb.

## Last Rites Held for Jimmy Lusk, May 25

Funeral services for Jimmy Lusk, 45, who died of heart disease, in Sacramento, Calif., May 25, were held last week end.

The former Cross Plains man, who was only 17 months away from retirement from the Air Force, was first stricken early in May. At the time he was aboard a military aircraft in flight over the Pacific. His mother, two brothers and their wives, hurried from here to the bedside, however, he showed much improvement and they had just returned home when news of his unexpected passing came.

The deceased was one of the first youths from the Cross Plains area to enter military service when war clouds began to gather prior to World War II. He was at Pearl Harbor that fateful Sunday, December 7, 1941, when the Japanese struck with the most dastardly sneak-attack the world has ever known. Assigned to a marine regiment he fought through the South Pacific in many of the historic battles of the war. During his more than 18 years of service, he had served four tours abroad.

In Cross Plains High School, Jimmy Lusk was an outstanding athlete and is regarded by long-time fans here as one of the greatest linemen ever to wear the snuggles of the Buffalo eleven.

Beryl and Basil Lusk, brothers of the deceased, who flew to Sacramento, Thursday, notified their parents, Mr. and Mrs. W. E. Lusk, here Sunday night that tragedy struck again in the Jimmy Lusk family. His eldest daughter, Jimmie Frances, was in an auto accident over the week end and was critically injured. She was reported near death. Beryl and Basil advised their parents that they would remain in California several days more.

Survivors are the widow, two daughters, Jimmie Frances and Sunday, both parents, Mr. and Mrs. W. E. Lusk, and the two brothers.

## Rainfall Is Below Average In 1960

The month just ended was the driest May in 10 years. Only 1.84 inches of rain fell here, according to records maintained by S. F. Bond, official observer for the U. S. Weather Bureau.

Rainfall for the first 162 days of 1960 has totaled only 8.75 inches, far below the normal precipitation level. Because of abundant moisture which fell the latter part of 1960, crops and pastures have not suffered, however, farmers and ranchers point out that with the arrival of hot, summer months much more rain is urgently needed.

## Cats Grab LL Lead; Peanuts Open Action

Higginbotham—Citizens State Bank Cats grabbed the lead in the local Little League last week after handing the former leaders, the Quarterback Club's Buffs, their second straight loss.

The Cats put together three wins in their last four outings to drop the Buffs out of the league lead. They lost only to the Johnston Truck and Supply Trainers, who still rest in third place, but netted three straight wins before losing to the Buffs Tuesday night 19-2.

The Buffs broke even in their last four games, their only two losses of the season were to the Trainers 17-9 and to the Cats 6-2. They then got back into the win column with an 11-10 victory over the hapless City Pharmacy Pillrollers and a 19-2 slaughter of the Trainers.

The winless Pillrollers lost another one run game Tuesday night to the Cats 11-12. The Cats picked up their third win 16-3 over the Pills, then lost their second game of the season to the rallying Trainers, 8-4.

Monday night saw the Peanut League swing into action for the first time this season. The Giants, managed by Albert Lovell and Dale Bishop, defeated the Cubs, coached by Howard McGowen and Howet Wilson, 17-9. Next action will be Friday night starting at 6:30.

## Panther Reported Seen Here Sunday

A 32 year old Pioneer lady reports that a lion or panther—she could not be certain which—crossed Highway 36, between here and Pioneer, Sunday morning.

Miss Irene Griffith, daughter of Mr. and Mrs. R. F. Griffith who live one mile north of Pioneer, says that she was enroute to Cross Plains about 11 a.m. when the incident occurred. The huge cat was traveling north and crossed the road just west of the Bart Brown place and seemed to be headed in the general direction of the Dick Ames goat pasture.

The lady's father said Monday afternoon that he had seen evidences of what he believed to be such an animal. He also told of a panther attacking a horse near Brownwood Lake last year. Owner of the horse saw the panther atop the animals back and killed the big cat. The horse, however, had suffered such lacerations that he had to be destroyed.

Mr. and Mrs. Richard Thompson returned home last week from a trip through New Mexico visiting in Albuquerque and Roswell several days.

**CARD OF THANKS**

Words are inadequate to convey our gratitude to friends for their countless expressions of sympathy and compassion during the long suffering of our loved one, and for the concern and affection shown during our bereavement caused by his passing. Your every act of friendliness is etched in our memories and shall ever remain as the one bright spot during those tragic days.

It is our hope and prayer that such misfortune may never befall any of you, but if it should, that true friends will sustain you as they have us. To each of you we offer most sincere thanks from the depth of broken hearts.

The Olen Montgomery Family.

**NOT TO AUSTIN**

Here we go again. The Men who mistreated our pocketbooks so badly down at Austin these past two years are asking re-election June 4. They are asking us to open up our hearts and pocketbooks again and send them back to Austin. I am in favor of sending them somewhere, but it sure won't be Austin.

YOU'LL WANT TO READ THIS LETTER BEFORE YOU VOTE

May 13, 1960  
Editor,  
Cisco Press

I was pleased to see that the people in the counties comprising the Legislative District in which you reside saw fit to give Paul Brashear the largest number of total votes in the recent Legislative race, however, of course I was disappointed that he failed to win without a run-off. Certainly no person can please everyone on every single vote, even his closest supporters and friends I am sure are not pleased with every vote he cast. But, it appears to me that a record of that type is proof positive that he has not been the tool of any person, group or organization. It is my personal opinion that he has made a good representative, that he has exercised independent judgement on every issue which has come before him, and such is essentially necessary to the making of a good representative.

Every source of reliable information available to me indicates conclusively that his opponent is being run, advised and financed by the labor bosses of the State of Texas; in fact, I have been informed reliably that Mr. Brashear is Organized Labor's number one target. Everyone should be made aware of this, and then if they elect Mr. Brashear's opponent they will at least know what they are voting for.

Sincerely,  
BEN D. SUDDERTH  
Member of the Legislature, 73rd District

P. S. Mr. Brashear does not know that I am writing this letter, however, feel free to reveal or use all or any part that you may see fit.

DON'T BE MISLED BY THE FIRST PRIMARY VOTE CLAIMS OF PAUL BRASHEAR'S OPPONENT

He would have you believe that he practically won the 1st primary.

ACTUALLY, Paul Brashear's opponent carried two small boxes in Callahan County, one small box in Shackelford County and 4 of 13 boxes in Eastland County.

PAUL BRASHEAR CARRIED ALL THREE COUNTIES IN THE 1st PRIMARY

Vote Saturday to Retain a Man Who Served Us Well

**To The Voters of Callahan County:**

Saturday, June 4, 1960, you will elect a man to represent you as your State Representative in Austin. If you will take time out to check the record of Paul Brashear, the man that has been your representative for the past six years, we sincerely believe that you will vote for a change.

Here is only a small part of the record of Paul Brashear: Paul introduced H. B. 32 in the 54th Legislature and H. B. 28 in the 55th Legislature. Bills trying to attach the Callahan County District Court to the Eastland District. Paul introduced a bill in the 55th Legislature to require the County Judge of Callahan County to be a licensed attorney and to transfer county court fees to the District Court.

Paul introduced H. B. 849 in the 55th Legislature to abolish the Department of Agriculture. His bill would have let the Governor appoint Twenty members and a Florist (Paul is a Florist) to a large board. This board would have hired the Commissioner of Agriculture at an annual salary of fifteen thousand dollars a year. Take away the voters right in the operation of the Department of Agriculture.

Voted against S. B. 9, the open beach bill. A bill designed to keep our beaches open to the public. One of the places left where a poor man can take a vacation.

Voted against H. B. 58, a bill to provide penalties for any officer that entered your home without a proper search warrant.

Voted against Abandoned Property Act, H. B. 6. This bill would have raised about twenty million dollars that the taxpayers of this State would not have to pay. Let oil companies and banks keep using this money.

Voted against H. B. 727. A tax on beer. Voted for S. B. 170. A bill to lower the license fee's paid by the brewers of this State.

Voted against H. B. 7. A tax on natural gas that is being shipped out of our state. This was a tax on the big pipelines, not the producer.

Voted for H. B. 212. A large tax bill on the POOR MAN. Tax on hotel rooms, Motel rooms, air conditioners, cameras, lenses and film, boats, motors, radio, television, phonograph and component parts. Page 213, House Journal dated July 24, 1959. Final Passage.

Voted for H. J. R. 3. A bill to raise the salary of a State Representative to \$6500.00 a year, with expenses.

Voted for H. B. 387. A bill designed to let cattle roam on our highways. The Legislature voted many times to take a four day week end at a cost to the Taxpayers of fifty six thousand dollars.

Remember this is only a small part of the RECORD of Paul Brashear. You be the Judge as to who has been represented in Austin the past six years. In the Home Town of both candidates, Scott Bailey led the ticket by a clear margin. Join the people that know Scott Bailey best, his Home Town People, and elect a man that will be a true Representative of all the people . . . A clean candidate that has run a clean race all the way.

—Paid for by Callahan County friends of Scott Bailey.

**PHILOSOPHER SAYS HE'S SORRY CITIES NOT GROWING FASTER, BUT DON'T LOOK TO HIM**

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou reviews the census situation this week, without being very helpful.

Dear editor:

Some of the preliminary census figures have been coming in, according to the newspapers I've been reading lately, and as I understand it a lot of towns and cities are downright miserable about it. Many of them want a re-count.

Despite the fact a lot of cities already have more people than they can provide paved streets for, some of them have more than they can provide police protection for, they still want to get bigger and bigger, and to have the census figures show their population gained only half as much as they figured it had, is a blow to civic pride. To have it actually show a decrease, is considered a major catastrophe. To have it double in size, is a cause for hand-springs.

I don't understand this, I've got as many people living around me as I want, and I figure most of my neighbors are as close to me as they care about being, but still I can't see where us country folks can be of much help to the towns and cities.

I mean, for the past twenty-five years we've been culling as fast as we can, to where the farm population has dropped from 30 per cent of the total population of this country to only 10 per cent, but still the cities aren't satisfied. Oh, I'll admit, we might have a few stragglers and low producers left we could send into town to swell the census figures next time (don't look at me, I ain't going, even if I do qualify), but anybody who knows arithmetic knows that if us farmers just have 10 per cent of the population left, even if all of us moved to town, cities could show only a 10 per cent increase, and that won't pacify many chambers of commerce. Also, it would completely eliminate the farm problem, and how're you going to have a Presidential race without a farm problem?

Consequently, it looks like the problem from here on out is up to the towns and cities, if they insist on getting bigger and bigger. They'll have to use their own ingenuity. No use looking to us farmers. We're at the end of our rope. I ain't no expert in these matters, but it looks to me like the only way cities and towns can get bigger is to produce more children. Just attracting industry alone won't do it. While farmers have been busy making two blades of grass grow where one grew before, what have city people been doing? You get the drift.

Yours faithfully  
J. A.

Mr. and Mrs. Jesse Harris and family were week end visitors here with their parents.

**TRAFFIC COUNTER NOW WORKING THIS COUNTY**

Jack Crumley, with the Texas Highway department, moved into Cross Plains Monday for a three weeks stay, during which time he will make traffic counts of all county roads and some city streets in Callahan County. His work within the cities is understood to be for use of the federal government, whereas that on county roads and highways is for the state.

Mr. and Mrs. M. H. Kelley of Colorado City, Mr. and Mrs. Pat Joiner, Mrs. Bill Delinger and Mrs. Frances Terry of Abilene visited in the home of Mr. and Mrs. J. R. Terry here over the week end.

### AGAINST EVERYBODY

The men who sit in all those special sessions and spend taxpayers money as if it were water have the nerve to ask us to re-elect them this June 4. Bear this in mind, they didn't solve any major problems. In fact we are in worse condition now than we have ever been. And yet they ask you to re-elect them. I intend to vote against everyone of them — common sense demands it.
