Richardson Recovers Property Stolen Here

Merchandise valued between \$750 and \$1,000 was recovered over the week end by Deputy Sheriff Byron Richardson from three house-breakers, who are currently held in Bell County jail at Belton.

Apprehension of James Thomas Daniels, 20, his brother, Jack Willard Daniels, 29, and Elmer M. Musselwhite, 35, brought solution to a number of local cases of "breaking and entry."

Arrested with the trio was Mrs. Jack Willard Daniels, 25, who is also charged with felony counts.

Merchandise recovered by Richardson and returned to owners here included: a radio, three rifles and three shotguns, two of which had abnormal value as antiques, all owned by John D. Montgomery of Cross Plains; a 22 calibre rifle, electric fan and two toasters, taken from the John Adams place—formerly the Sam Swoffard farm—eight miles west of town, and an electric organ and waffle iron, belonging to Eb Connel of Clyde.

Montgomery's guns and accompanying items were said to be valued between \$400 and \$500, the items taken from

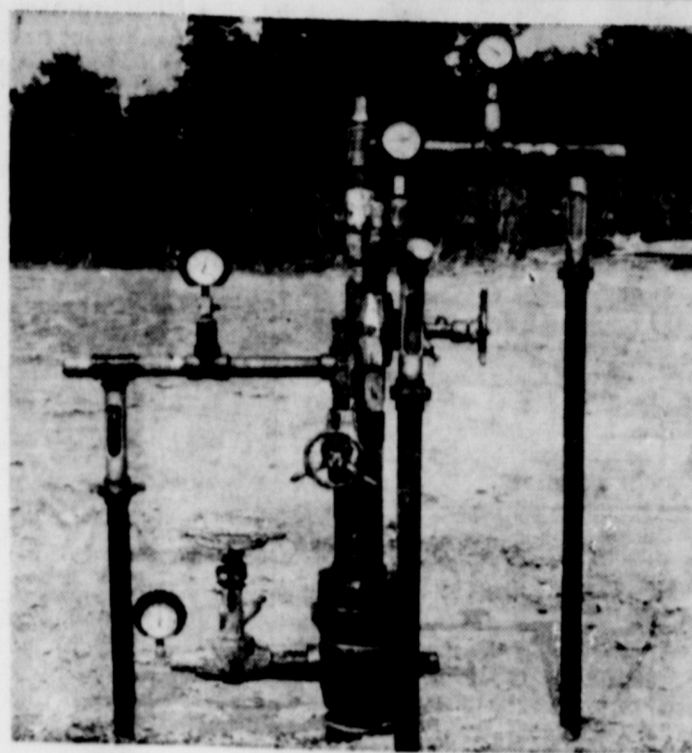

Adams at around \$75, and the loot from Connel near \$300.

The three now held in Bell County jail have since been tried in district court there and sentenced to six years each in the state penitentiary. No sentence has yet been pronounced for Mrs. Daniel.

The three men will be brought before Callahan County grand jury, which meets Oct. 31. In the event they are sent to the state penitentiary before that time, bench warrants will be issued returning them here.

Arrest of the admitted house-breakers also solved a number of cases in Brown and Coleman Counties, and household items taken from rural places in both counties were recovered. Among the items restored to former owners were an electric skillet and items of furniture belonging to Mr. and Mrs. Clyde Bunnell. The items were stolen from their place near Grosvenor, in Brown County.

Only two thefts remain unsolved here. One is that of a car radio from an automobile belonging to Mrs. Sue Harris. The other is the theft of drilling bits from the N. M. Dillard warehouse.

ROY AND EDDY DID IT—Pictured here is the "Christmas tree" for the first triple-producing oil well in Stephens County. The well, producing from the bed of the Brazos River, was drilled by Harding Brothers of Dallas, of which Roy Harding, who operates

from here, is president. The difficult job of completing was supervised by field superintendent for the firm, Eddy Petty of Cross Plains. The well is flowing from three zones and has been given a daily potential of 683 barrels daily.

Bufs Entertain Ranger In Non-Conference Tilt

By BENNY GLOVER

After a week's rest, the Cross Plains Buffaloes will entertain the District 7-AA Ranger Bulldogs Friday night.

The contest will be played under the lights on Buffalo Field, starting at 8 p.m.

It will be fifth and final non-conference game on the Buff schedule this season.

While the locals were idle last week, the Ranger eleven showed signs of a much improved team. Although they own only a 1-4 season record, the Bulldogs displayed a very strong defense in losing to Dublin 12-0, last Friday.

Cross Plains has a 2-2 mark for the season, but the Bisons

have yet to defeat a Class AA squad this season. The Buffs have lost two to District 8-AA teams, DeLeon 20-0, and Dublin 44-8.

The Bulldogs were rated to finish last in District 7-AA, but their conference includes such powerhouses as Coleman, Cisco, Ballinger and Winters.

Both teams will enter district competition after Friday's battle. Cross Plains will be striving to enter league play with a winning percentage and Ranger will be attempting to recover some of the ground lost to other opponents.

Friday, Oct. 7, the Buffs will host the Santa Anna Mountaineers in the first district game of the season.

Ben A. Pierce Succumbs To Heart Attack Monday

Ben A. Pierce, 76, well-known local farmer-stockman died at his home in the north part of town Monday afternoon shortly after 3 o'clock. He had been ill only a few hours. Death resulted from heart attack.

Funeral services were held

from the First Baptist Church here Wednesday afternoon at 2:30, with Rev. V. D. Walters, pastor, officiating. Burial was in Cross Plains Cemetery under direction of Higginbotham's Funeral Home.

From the standpoint of continuous residence, Mr. Pierce was one of Cross Plains' oldest citizens. He had resided in this immediate vicinity more than 71 years.

Born July 4, 1884, in Hickory, Miss., Benjamin Alonzo Pierce moved, in infancy, with his parents to Arkansas. After five years there, the family came to Texas, settling in the Curtis Community of Eastland County. Shortly thereafter they moved to Deer Plains, and through the intervening nearly three-quarters of a century Cross Plains was his home.

On Jan. 20, 1906, the deceased was married to Miss Maggie Lou Irvin, herself a member of one of this area's earliest families. The young couple drove to Comanche in a buggy for the marital rites. They were accompanied by the late Mr. and Mrs. Wes Everett of Cottonwood and their small daughter, who is now Mrs. O. D. Strahan.

The Pierces were honored on the occasion of their fiftieth wedding anniversary in January 1956, by their only daughter, Mrs. Chester Glover, and her husband of this city, at which time many life-long friends called to extend congratulations and relive happy experiences in the long ago.

Besides his widow and daughter, Mr. Pierce is survived by a sister, Mrs. Rosa Irvin of Fort Worth; two brothers, E. G. (Elbert) of Cisco, and Joe of Abilene, a retired Callahan County sheriff; a grandson, Benny Glover, a student at Hardin-Simmons University.

Pallbearers were Paul Lutzenberger, Duke Mitchell, Ben Atwood, Lloyd Montgomery, D. C. Lee, all of Cross Plains and Granvel Pierce of Abilene.

New Model Chevys Go On Display Here Friday

Scheduled for display in the showrooms of Bishop Chevrolet Co. here Friday are new models for 1961.

"Complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motoring comfort and convenience, is featured in the regular line of passenger cars," said Dale Bishop, sales manager at the local dealership.

The local firm is asking everyone in the Cross Plains area to come in and help celebrate Friday. Gift bottles of perfume are to be presented every person visiting the showrooms and inspecting the new cars.

"I don't believe we've ever had as much to offer in a new car as now," said Lee Bishop, general manager, yesterday. He pointed out the following innovations:

"The entire body, from floor to roof and grille to rear bumper, is all new. Prime design

emphasis has been placed on functionalism with thrift.

"High on the list of advantages of the all-new body are:

"Easier entrance to passenger compartments.

"Large, more accessible luggage space, with the trunk loading level lowered as much as 10.5 inches.

"Improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.

"Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

"Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved."

Local Postal Receipts Hit \$17,946.31 Yearly

A new all-time high in the nation's mail volume was reached during the fiscal year just ended, which continues the steady upward trend of the past seven years. The rate of increase exceeds the population growth, according to departmental records made available to F. R. Anderson, local postmaster.

From 1953 to 1960, receipts of the Post Office Department rose from \$2,091,714,000 to \$3,276,800,000. The Cross Plains

office kept pace with the national increase going from \$10,048,111 in 1953, to \$17,949.31 in 1960.

It is pointed out that as receipts have risen, so have the number of pieces of mail and over-all tonnage. Last year the Post Office Department handled 63.6 billion pieces as compared with 59.9 seven years ago. Records are not available on the tonnage handled through the Cross Plains office, however, it is believed to have increased proportionately with receipts.

Local Man's Mother Dies In California

News was recently received here of the death of Mrs. Martha Isabelle Hare, 93, at the home of her daughter, Mrs. Betty Bright, in Fresno, Calif. Mrs. Hare was the mother of A. O. (Slim) Harris of Cross Plains.

Word of his mother's passing was not received by the Cross Plains man in time for him to reach California for the funeral.

Mrs. Hare had been ill for the past six years.

Mrs. Hare was born in Arkansas and lived in Texas, before going to California 48 years ago. She was a member of the Baptist Church.

Mr. and Mrs. Tom Barton and her parents, Mr. and Mrs. Tee Baulch of Baird were Cross Plains visitors Tuesday evening.

10 Teachers Attend Heritage Gathering

Ten Cross Plains school teachers attended an American Heritage meeting at Abilene Christian College Tuesday night.

The meetings, sponsored by the Bureau of Economic Development, are designed to encourage appreciation of the American heritage and the democratic way of life.

Three meetings are held in Abilene each year, and one-third of the Cross Plains faculty attends each time. Those present at Tuesday night's program were: Miss Mary Helen Strong, Mrs. D. C. Lee, Mrs. O. B. Byrd, Mrs. Paul Whitton, Billy Mac Coppinger, Roland G. Howell and Jack White.

HOSPITALIZED IN ABILENE

Stevie Fortune, young son of Mr. and Mrs. Lewis Fortune of Cross Plains was admitted to Hendrick Memorial Hospital in Abilene the first of the week.

Fugitives Wanted In 5 States Arrested In City

Alertness of a Cross Plains officer Thursday resulted in the apprehension of criminals wanted in five states.

JAY GOULD COULD NEVER EQUAL THIS SCHEDULE

Railroads, bus lines and other carriers could look with envy upon the consistency of schedules being maintained by 10 Cross Plains school bus drivers.

With the end of the first six-weeks period in the local system, the drivers have transported 10,500 students without a mishap, or a single incidence of tardiness.

"You can set your clock by those fellows," said Supt. Paul Whitton yesterday, "we're really proud of the job they're doing."

Drivers are: Albert Lovell, Carl Champion, Glen Vaughn, Boyd Luttrell, Virgil Tannison, Claude Thomas, O. B. Switzer, Roy Ackers, Sam Hill and Charnel Hutchins.

Arrested were Raymond Dell Gardner, 20, and William Lawrence Daley, 18. They were taken into custody by Deputy Sheriff Byron Richardson.

The fugitives were driving west on Highway 36 when spotted by the local officer.

"They appeared suspicious and I decided to investigate," he said.

Examination of their automobile uncovered several bank money sacks. When the men were unable to satisfactorily explain the presence of the bags, Richardson brought them in for questioning. They later confessed to having robbed service stations at Santa Anna and Goldthwaite the night before, admitting to have taken cash and merchandise at both places.

Richardson queried the Federal Bureau of Investigation to see if they were wanted elsewhere. His reply was that they were being sought by officials in Michigan, Kansas, Ohio and Indiana for armed theft.

Gardner and Lawrence are now being held in Coleman County jail, pending extradition to Michigan.

The pair confessed no thefts in the Cross Plains area. They did admit, however, to having driven to the City Park here following the Santa Anna and Goldthwaite thefts, and to having spent the remainder of the night in this city.

Part of the loot taken at Goldthwaite and Santa Anna was recovered by Richardson.

Tommy Garrett Pushes Prize Money To \$2,402

Tommy Garrett, Cross Plains High School sophomore, has added \$863 to his earnings as a livestock exhibitor in the past two weeks, bringing earnings from this source to \$1,269 since the opening of the current school term, less than six weeks ago.

His entries garnered \$473 at the recent Tri-State Fair in Amarillo and \$390 at the Lubbock Livestock Exposition over the week end.

Young Garrett, a 15-year-old second year student in vocational agriculture, has now amassed

\$2,402 in his brief career.

His placings at Amarillo were three-year-old cows, second in heifer calves, second in two-year-old cows, second in four-year-old cows, second in best-three females, second in best-uddered cows and second in dairy herds.

At Lubbock Garrett took five third places and one second. His second place was in best-uddered cows. Thirds were won in junior gets of sire, four-year-old cows, three-year-old cows, dairy herds, senior gets of sire.

Give Extension In Fund Raising Time

A 60-day extension of time in which to raise \$3,000 to build a chain-link fence around Cross Plains Cemetery was given W. A. (Slim) Crutchmer this week.

"Contributions have started coming in," he said. "One lady has promised a sizeable gift to get the movement really underway; I feel sure responses will soon make the project possible."

Crutchmer asks that gifts to the fence fund be mailed to him at Post Office Box 278, Cross Plains.

Local Scouts Plan One Day Camp-Out

A one-day camp-out for Cross Plains Boy Scout Troop will be made one Saturday during October, reported Rev. John Harper, Scoutmaster, yesterday.

The local troop, rated one of the best in this district, has a goal of 34 members by charter renewal time, Jan. 1, 1961.

"We'll reach that quota and more," the Scoutmaster said.

20 Attend Chamber Of Commerce Lunch

Twenty Cross Plains business and professional men attended the regular monthly luncheon of the Chamber of Commerce in the basement of the First Methodist Church here Tuesday afternoon.

Business discussed included: the proposed swimming pool being advocated, appointment of a committee composed of Rev. V. D. Walters, A. J. McCuin and Paul Whitton to work on a Christmas program, ways of further aiding the local Boy Scout program and planning for the Yuletide season.

PHILOSOPHER OFFERS TO HELP GALLUP COMPLETE HIS POLL ON THE ELECTION

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou looks at public opinion polls this week. We aren't sure what he sees.

Dear editor:

A lot of people are accusing the United States of not making any progress, and in some fields it may be true, especially in some of my fields out here on this Johnson grass farm, but there's one area the country has made great strides in.

I refer to public opinion polls. I don't mean they're any more accurate than they used to be, what I mean is that the poll-takers have gotten smarter.

For example, take the way they word their questions when they send interviewers out to take the public pulse. They don't ask, "How're you going to vote on Nov. 8," they ask: "If the election were held today, how would you vote?"

This is the smartest way I know to conduct a poll, mainly on account of the election ain't being held today, consequently there's no way on earth to find out whether the polls are accurate or not.

This is sort of like asking say a mid-western corn farmer: "If you were harvesting your corn today, how much would you make," when at the time the corn is just sprouting.

As I understand it, right now the polls show both candidates for President about even, provided the election were held to-

day, with maybe one having 48.2 per cent and the other 48.1 per cent, with the balance of the people undecided.

If the poll-takers continue smart, they will keep on taking the public's pulse, always playing it safe by asking how the people would vote if the election was being today, right up to a few days before the election on Nov. 8.

Then they can slack off and I'll be glad to take over. Won't be any trouble at all for me to take a poll to find out: "If the election was held yesterday, how did you vote?" It'll be the most accurate public opinion poll ever taken in the United States, and I figure I can get the results merely by looking at a newspaper on Nov. 9. Me and Mr. Gallup both have our work cut out for us.

Yours faithfully,
J. A.

Mr. and Mrs. C. R. Cook were business visitors in Baird, Monday.

Mrs. Alice Younglove was in Brownwood Friday night where she met her daughter and husband, Mr. and Mrs. D. H. Butler of Temple, and they all attended the Brownwood High School-Temple game. Mrs. Younglove's grandson, Danny Butler was a performer with the Temple band. Mrs. Younglove and the Butlers spent the night in the home of Mr. and Mrs. A. J. Florey and family Friday night.

Dick Young Laid To Rest Saturday

FRIDAY! THE GREATEST SIXTY-ONE DEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/2 inches lower.

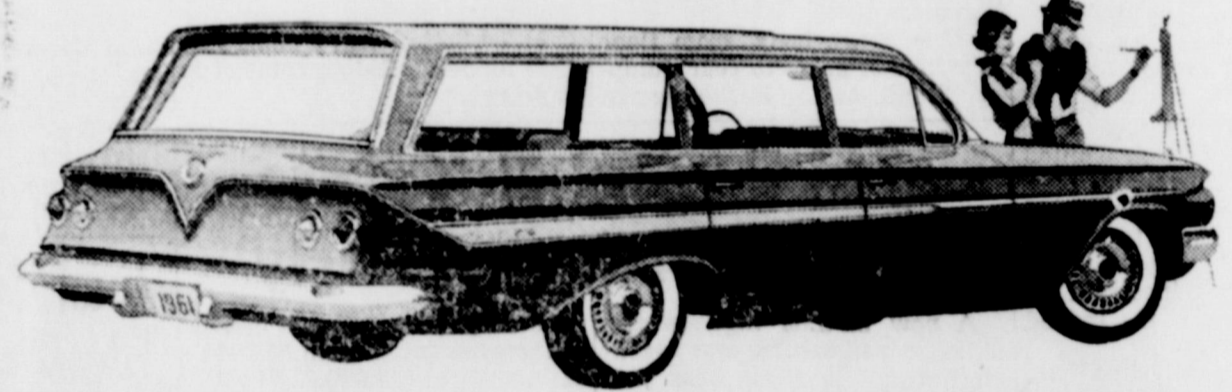

INTRODUCING THE '61 CHEVY BISCAYNE 6

the lowest priced full-sized Chevy with big-car comfort at small-car prices!

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevis of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

hospital will not be open to patients immediately. The installation of x-ray and laboratory equipment and heating, it was said.

On another page of this issue of The Review, the Rising Star Hospital Board carries a 100-inch advertisement, explaining the re-opening and a more complete introduction of the incoming doctor.

Dr. Ben Bradley, who had operated the institution since 1948, notified the board after the death of his wife last Spring that he did not wish a renewal of his contract. The board has passed a resolution in which it expressed its thanks to Dr. Bradley for the manner in which he operated the hospital and the condition in which he left it. "We appreciate it very much," said Mr. Tyler, "and extend to Dr. Bradley our sincere best wishes and hopes for his continuing success."

Dr. Bradley will remain in Rising Star and will operate his own clinic on Brownwood Highway just south of the Rising Star city limits near his home.

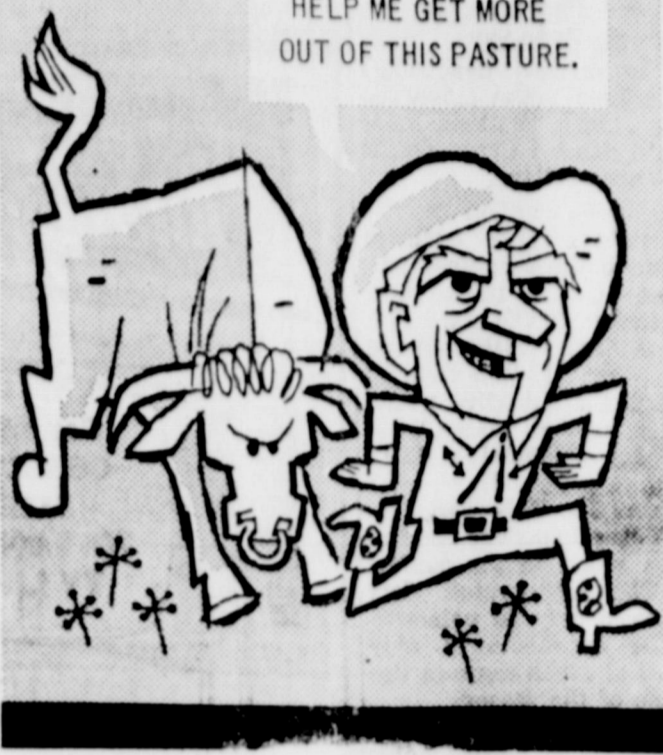

Mr. and Mrs. Jack Watkins and Mr. and Mrs. Mac Coppinger attended the Temple and Brownwood football game in Brownwood Friday night.

Methodists Begin Stewardship Move

The First Methodist Church in Cross Plains is entering into a Stewardship program with all other Methodist Churches in Texas.

The program began Oct. 1, and will end Thanksgiving Day. Each Methodist is asked to sign a personal response to God's love.

"This response is related to the fact that all I am and have, God has invested in me: My Stewardship and Covenant, My Time, My Abilities, My Material Possessions, My Tithe and My Commitment of Myself," said Rev. John Harper, local Methodist pastor, yesterday.

BABY BOY ADOPTED BY THE HAROLD GARRETT'S

One of the Cross Plains area's most delighted couples is Mr. and Mrs. Harold Garrett.

They have adopted a baby boy, born Sept. 14. The Garretts were in Austin Sunday and received custody of the child. He has been named James Lester.

Grandparents of the baby are Mr. and Mrs. C. M. Garrett of this city and Mr. and Mrs. Lester Sroka of Truth or Consequences, N. M. Great-grandparents are Mrs. Nora Baird of Cross Plains and Mrs. Andrew Mattson of Pleasant Lake, N. D. The late Mrs. J. C. Garrett, who died shortly after the child's birth, was also a great-grandmother.

Dick Vestal of Priddy was a visitor here last Thursday.

Oma Vaughn was in Houston during the week end where she underwent a medical check and visited her sister, Mrs. R. B. Andrews.

where he was confined for two weeks.

Mr. and Mrs. Ray Hagar and children of Abilene, Miss Esther Byers of Shreveport, La., Miss Velma Byers of Burkett and Don Robinson, student at SMU spent the week end in Lancaster with Mr. and Mrs. Tom Byers and family. Esther Byers returned to Shreveport from there, after spending a week here with her parents, Mr. and Mrs. W. M. Byers and Dan.

Mrs. J. W. Tomlinson was honored Thursday of last week with a pink and blue shower at the community building. Refreshments were served to about 25 guests.

Mr. and Mrs. B. C. Evans spent the week end in Fort Worth with the L. S. McCormick family. Mr. and Mrs. Bill Goss and children of Seminole, Okla., were also visitors there.

SHOW ON WORTH!

NEW '61 CHEVY CORVAIR

More space . . .
more spunk
and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

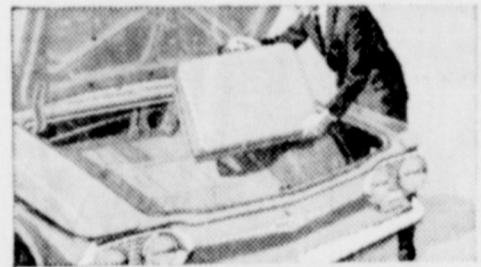

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Disaster Training Is Given Scout Troop

What should be done by civilians in case of disaster or attack on this country by an enemy nation?

Very few civilians have had training which would supply an answer to this question. Cross Plains Boy Scouts, however, were given preliminary instruction on this subject by Rev. John Harper, Scoutmaster, at the regular meeting of the group Monday night in the American Legion Hall.

Scouts were also schooled in camouflage and concealment, a few fundamentals on self-defense, and how to be constant fire-wardens, aiding in prevention of damaging blazes.

"Few of our boys presently have Boy Scout uniforms," said the Scoutmaster yesterday. "We hope to help every boy earn sufficient funds to buy a complete outfit before first of the year."

HEADBANDS WORKED ON BY CAMPFIRE MEMBERS

Chesk Cha May Campfire Girls worked on head bands at their regular meeting Thursday afternoon. Refreshments were served by Vicki Nigar to: Vanda Anderson, Sharlotte McCowen, Garnette McGowen, Carolyn Tunnell, Marcia Petty, Pat Driskill, Pat McMillan, Peggy Erwin, LaNeal Dillard, Terry Baum, Mrs. Howard McGowen and Mrs. Harold Garrett.

Bufs Tied For Third In 10-A Standings

By BENNY GLOVER

Cross Plains Buffaloes, with a 2-2 gridiron record, are tied for third place in District 10-A standings.

Early High School is in first place with a non-conference record of four wins against a single loss, but Albany, the pre-season favorite to win the title, is in second place with just one loss but only three wins.

The Bufs are deadlocked with the Santa Anna Mountaineers for third. Eastland holds fifth, and winless Clyde dwells in the league cellar.

In last week's action District 10-A members broke even in their two outings against outside foes. On the bright side, Early blanked Rising Star 26-0, but Santa Anna was humiliated 50-12 by Class AA Hamilton.

Through the first five weeks of the 1960 football season, 10-A District has compiled a 12-13 record.

Albany Top Defender.

The Albany Lions are the top defensive squad in the conference. The highly-rated Cats have allowed only 28 points to their four opponents in four games, 20 of which came in the first game of the season.

Next in line for defensive honors is Early which has yielded 52 points. In third place is Cross Plains with 78 points against its record. Santa has allowed 98 points, and Eastland and Clyde, both 82.

On the offense side of the record sheet, Early leads with 120 points, in five games, and Albany has scored 104 points in four games. Santa Anna has 56 points to its credit, while the Bufs have 40, and Eastland and Clyde each have 36.

Five of the six members of 10-A see non-conference again this week. Early has the week end off, having already completed its warm-up tilts.

Cross Plains hosts Class AA Ranger, Albany journeys to Class AA Anson, Clyde goes to Class B Jim Ned, Eastland takes on Class AA DeLeon at DeLeon and Santa Anna goes to Class B Bangs.

This week's action will round out non-conference play for District 10-A. Next week the league's battles will be for keeps.

WELL STARTED ON W. L. CUTBIRTH'S RANCLAND

N. M. Dillard and L. A. Warren began a 1,600-foot oil test in the W. L. Cutbirth ranch, 21 miles west of Cross Plains, Tuesday morning. The pay formation is expected to be reached late Thursday or early Friday.

Weldon Edwards Is New Soil Supervisor

Weldon Edwards, prominent Denton Valley farmer-stockman, was elected a supervisor of the Central Colorado Soil Conservation District at a meeting held in the City Hall in Cross Plains Tuesday night. He succeeds C. M. Garrett, who resigned after 10 years service.

Attendance at Tuesday night's meeting was curtailed by inclement weather, however 14 land owners from various portions of the district were present.

Edwards is one of this county's most successful young men and is expected to be a valuable addition to the soil body's directorate.

Baird Junior Teams Win 2 Games Here

Baird Junior High School riders hogged honors in a double-header football bill here Tuesday night.

The visiting "B" team won 12 to 6, and the ward school varsity from the county seat overwhelmed their Cross Plains counterparts 22 to 0 in a contest shortened by rain to a single half.

In the "A" squad encounter, Cross Plains was able to muster only two first downs while gaining but 24 yards from scrimmage. The much-heavier visitors moved almost at will garnering 10 first downs and 161 yards rushing.

The "B" squad contest offered more of a match. Baird's touchdowns came on two long runs, one for 55 yards and the other for 35. Cross Plains second-stringers put together a sustained drive for their single trek to pay dirt.

Mr. and Mrs. Weldon Newton of Bryan visited during the week end with their parents, Mr. and Mrs. A. J. McCuin and Jay of this city and Mr. and Mrs. Lewis Newton of Cross Cut.

THE NEW '61 CHEVY — At least four of the 20 new body styles to be offered in the Chevrolet line for 1960 will be displayed by Bishop Chevrolet Company in Cross Plains Friday as the new models make their debut to the public.

Tommy Holden, formerly of this city, who recently sold an auto parts concern at Kingsville, visited briefly in Cross Plains Wednesday morning.

Mr. and Mrs. Jack Scott visited their daughter and husband, Mr. and Mrs. Lynn Nabers in Brownwood Sunday evening.

C. A. Claborn of Rising Star visited here Tuesday night in the home of his brother and wife, Mr. and Mrs. J. C. Claborn for a short while.

FOR and AGAINST

for CHRIST-against COMMUNISM
BY BILLY JAMES HARGIS, D.D.
FOUNDER CHRISTIAN CRUSADE

A DISARMAMENT SPARKPLUG

One of the major current goals of the international communist conspiracy is their plot to disarm the United States. Even though it was intensified after the UN disarmament speech by the Butcher of the Ukraine, Nikita Khrushchev, this communist operation to disarm our nation has been going on for years. On April 1, 1951 the House Un-American Activities Committee released a 166-page report warning Congress and the American people about this sinister plot of our ruthless enemy. It was entitled, "Report On The Communist 'Peace' Offensive—A Campaign To Disarm and Defeat the United States."

A major sparkplug in the current disarmament drive is a scientist named Linus Carl Pauling. He was formerly president of the American Chemical Society and is very prominent in scientific circles. In their 1951 report on the communist "peace" plot the House Un-American Activities Committee warned readers of Pauling's activities. They said: "A leading role in the Communist 'peace' movement in the U.S. is played by Linus Carl Pauling, head of the division of chemistry and engineering of the University of California and former president of the American Chemical Society. . . . Dr. Linus Carl Pauling is primarily engrossed in placing his scientific attainments at the service of a host of organizations which have in common their complete subservience to the Communist Party, U.S.A., and the Soviet Union. Professor Pauling has not deviated a hair's breadth from this pattern of loyalty to the Communist cause since 1948." As punishment for publicizing important facts such as this which Americans should know, many of the left-wing liberals have joined in the communist conspiracy's "Operation Abolition" to deprive us of the vitally important work of this committee.

While testifying before a House of Representatives Committee investigating Tax Exempt organizations on December 23, 1952 Louis Budenz said: "In connection with Dr. Pauling's many memberships in Communist fronts I was officially advised on a number of times in the . . . middle forties that he was a member of the Communist Party under discipline. The communist leaders expressed the highest admiration for and confidence in Dr. Pauling." Americans need to remember these important facts and avoid being deceived by the current drive to disarm and defeat our nation.

RIISING STAR HOSPITAL TO BE OPENED

To The Stockholders of Rising Star Cooperative Hospital and the Public:

For the past several months, and since your Hospital board was notified by Dr. Ben Bradley shortly after the death of his wife, Sara, that he would not ask renewal of his contract with the board, we have been engaged in an intensive effort to locate one or more doctors to operate the hospital.

The importance of the hospital to our community and section, the obligation assumed when funds were raised and the hospital built, and the need of an institution where people could be assured of good medical treatment and care impelled us to make every possible effort and to explore all avenues that promised continued operation of the hospital.

We have at length been successful in executing a contract with a physician-surgeon who has been highly recommended to us and whose professional qualifications, good character and ethical conduct we have found to be of the highest order.

He is Dr. Allen Dean Schmitt, Doctor of Osteopathy, who has been in practice at Ranger, Texas, for the past few months, prior to which he operated a clinic and hospital for eight years at St. Jo, Texas, where he is held in high esteem and did a large practice. It was, indeed, because he could not carry the work load of that practice that he sold his St. Jo clinic and agreed in that sale not to practice within a specified distance of the community.

Although Dr. Schmitt is enjoying a considerable and growing practice at Ranger, the opportunity presented by a hospital such as we have induced him to come to Rising Star for a permanent location.

He will establish his office in the hospital here by October 10, or as soon thereafter as the move can be completed. Opening of the hospital for bed patients will be delayed until the board can complete repairs to the building and install the necessary medical equipment.

The contract which Dr. Schmitt and the board signed Thursday of last week provides that he will associate himself with another doctor in the operation of the hospital. The reasons are clear. No one man is able to stand up to the work required in maintaining a hospital such as ours and taking care of the practice that it will attract. More

important, the people of our community and area are entitled to have medical care at our hospital available at all times. It was with that need in mind that we entered into a formal agreement with Dr. Schmitt providing for what we consider the most efficient and satisfactory conduct of our fine institution consistent with the assurances given at the time it was built.

We feel very fortunate in obtaining the services of Dr. Schmitt. It has been no easy task to obtain a doctor, and there were times when we were almost ready to give up. Although we printed and mailed many hundreds of descriptive folders to hospitals and associations in the hope of contacting internes or older doctors who might be interested, we received very few responses and no real interest. Only one prospect came to interview us. We carried on our search through personal contacts, telephone calls, letters and by whatever means offered any hope of interesting a qualified physician-surgeon.

We were told bluntly that while there might be a doctor interested in practicing in Rising Star, none was at all interested in taking over the responsibility of the hospital. Not until we contacted Dr. Schmitt did we have a single prospect willing to consider it.

It is, of course, impossible for the board to operate the hospital. The overhead and the cost of maintaining a separate staff are prohibitive. Only when the hospital operation is combined with a doctor's practice is there any reasonable prospect of successfully maintaining it.

Not until we contacted Dr. Schmitt had we made any real effort to interest a Doctor of Osteopathy in locating here and assuming charge of the hospital. As a matter of fact we were not too well informed about the standards and rating of this branch of the medical profession, although there is a very successful and popular practitioner at Cross Plains and the highly successful and popular Comanche Hospital is maintained and operated by osteopathic physicians and surgeons.

We found:

1. That Doctors of Osteopathy are recognized as fully qualified practitioners by the United States, including Texas, where they are required to take the same examinations as other

doctors under a State Medical Board whose members include Doctors of Osteopathy.

2. That there are thousands of active doctors of osteopathy in the United States, serving as family doctors for a large percentage of the population; that the profession operates some 400 hospitals and six colleges where candidates for the D. O. degree attend more hours in classes than the average medical doctor; that D. O.'s are qualified in all branches of medicine and surgery, give standard medical treatments, including X-rays, surgery and serums, and prescribe drugs and other medical treatment just as M. D.'s do.

3. We learned that the D. O. profession is rapidly growing in numbers and importance, with standards as high as those in other branches of the medical profession. According to the Life Magazine in a very informative and interesting article last spring, there is a growing tendency among the younger members of the DO and MD to collaborate. Life reported that the chief physician of the United States Steel Corp. in New York is a D. O., and that recently the Rockefeller brothers and their mother made grants totaling \$1,000,000 to the Kirksville College of Osteopathy and Surgery in Kirksville, Mo., where nearly a century ago a pioneer doctor developed techniques of bone and organ manipulation—in rebellion against the primitive medical methods and excessive use of drugs common to his day—and named the new medical technique "Osteopathy" from a Greek root word meaning bone.

While a large number of older osteopaths confine their practice to manipulation, a majority combine manipulation with standard medical treatments. There are many DO's who do no manipulation at all, using standard medical and surgical treatments altogether.

Dr. Schmitt is one of the latter. His practice is confined to standard medical and surgical techniques. His treatments are in all respects similar to those used by MD's. He does not discount the value of modern osteopathic techniques of manipulation. They are too time-consuming for his practice, he told us.

Dr. Schmitt has been assured by members of his profession in this area that he will have their full cooperation.

The surgeons at Comanche Hospital who know and recommend him highly, have told us that they will be more than glad to cooperate, even to the point of coming to Rising Star Hospital if their assistance there is required.

The Rising Star Hospital will be operated as an open staff hospital, with registered nurses and standards conforming to those established by State law and the State Licensing Board. Any qualified doctor will be welcome to bring his patients to it, and to use its facilities for their treatment.

Under the agreement with Dr. Schmitt, the board will equip the hospital with X-Rays, electrocardiograph machines, laboratory equipment and all that is necessary to bring the institution up to standard and provide the doctors and surgeons with modern means for the quickest and most effective treatment and care of their patients. In accordance with a new state law vented heat will be installed, kitchen facilities brought to the highest possible standards, and everything required by state law as standard to hospital operation in Texas will be done. The building will be redecorated. It is in excellent condition except for some minor repairs and repainting.

We believe that the hospital will be open, receiving bed patients and operating as a complete medical institution within a very few weeks. Under the direction of Dr. Schmitt and whatever doctor or doctors he associates himself with, we feel sure that it will function as a highly successful center of medical care and treatment, serving the people of our community and adjoining area in a manner well pleasing to them, and offering the most adequate facilities for their safety, treatment and care. We are confident that you will find its standards high and its services efficient and reasonable.

We ask your cooperation and support of Dr. Schmitt, his staff and the doctors who may work with him in carrying out the purpose and functions of this very important institution—an institution which certainly has the potential of becoming one of the best and most popular small hospitals in our section.

Sincerely,

W. E. Tyler, Jay Koonce, Fred Roberds, M. G. Joyce, Robert Butler, Dixon Boggs, R. M. Earp Arthur, Smith, Doss Alexander, Cecil Shults, W. B. Starr, Bill Herrington

In arid West Texas rainfall is nearly always welcomed. Nevertheless, directors of Turkey Creek Water Control District point out that irreparable damage to farm and ranch lands of this area is experienced each year by rapid run-offs. As they now work to secure necessary easements for the building of a number of retainer dams, designed to prevent continuance of this damage, proponents of the soil conservation organization exhibit these pictures showing the destructive flood which ravaged this area in October three years ago.

Estimates place value of soil washed away in '57 flood at ten times total annual tax involved.
