DUKE MITCHELL BECOMES CANDIDATE FOR COMMISSIONER OF PRECINCT 4

Duke Mitchell, well-known Cross Plains man, this week makes announcement of his candidacy for County Commissioner from Precinct 4, subject to action of the Democratic primary to be held next May.

Mitchell is a life-long resident of Callahan County and for the past 13 years has been employed by County Commissioner Claude Foster, who has announced he will not seek reelection. His initial statement to voters appears hereunder:

"Dear Friends,
"I wish to announce that I will be a candidate for Commissioner of Callahan County, Precinct 4, in the Spring of 1962.
"There isn't much that I can tell you, the voters, of my life's

history. I was born in Callahan County in 1913. I received my education at Admiral and Cross Plains Schools. I've been married 23 years. We have one son. I made my living farming until 13 years ago, when I accepted employment for Callahan County Precinct Four. I feel that I will be more able to serve you, and to understand better how to serve the needs of Precinct 4. I do not come to you making any big promises. I only say that if you see fit to elect me as your commissioner, I will serve each and every one of you equally and to the best of my ability.
"In the coming months I hope to contact each of you. I earnestly solicit your support."
DUKE MITCHELL.

New County Agent Takes Callahan Job

Callahan County has a new County Agent. He is Travis Allen, a Texas Tech graduate, who began work here Friday, Sept. 1.

This county was without a County Agent during August, Glen W. Green, having resigned the place.

In Callahan County the Agent is paid \$6,077 per year and receives a \$500 annual travel allowance. Of the \$6,077 salary, \$4,812 is paid by the state and federal government and \$1,265 by the county.

Allen is a native of Eola in Tom Green County.

MRS. FORREST WALKER HAS MAJOR SURGERY THURSDAY

Mrs. Forrest Walker, who underwent major surgery in Abilene last Thursday, is reported recovering normally.

JAMES P. CLARK ENTERS RACE FOR COMMISSIONER FROM THIS PRECINCT

J. P. Clark, well-known cable tool driller and a long-time resident of the Cottonwood area, this week authorized The Review to make official announcement of his candidacy for the office of County Commissioner of Precinct 4 of Callahan County, subject to action of the Democratic primary to be held in May.

Mr. Clark's opening statement to the voters appears hereunder.
"After learning the position of County Commissioner for Precinct 4, Callahan County, is being vacated, several of my friends and neighbors have asked me to announce my candidacy for this position.
"Before moving to the Cottonwood Community in November 1943, I was a Civil Service employee at Camp Barkley.
"I was born 47 years ago in

EVEN THE MINISTERS LAUGHED AT THIS ONE

Rev. John Harper, local Methodist pastor, tells the following story which was going the rounds at the recent Methodist Laymen's Retreat in Glen Rose.

A Highway Patrolman stopped a Negro driver and asked: "What are you drinking man, your car has been wandering all over the road."

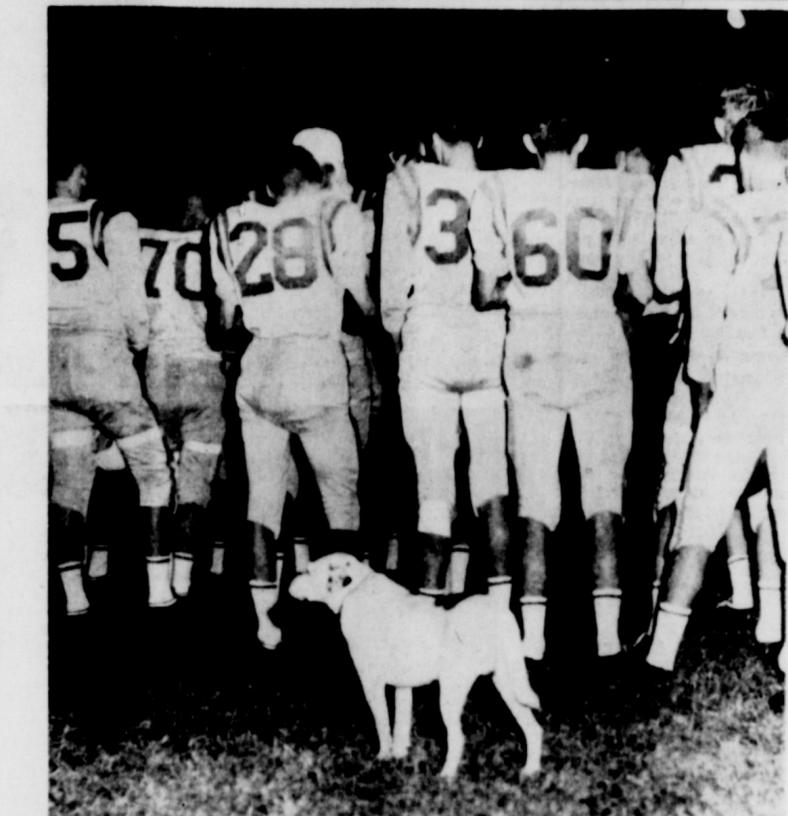

"I'm a preacher, suh," responded the motorist, "you don't think I'd be drunk do you?"

"What's in that jug beside you," the officer countered.

"Only water."

Uncorking it, the Patrolman whiffed the aromatic fragrance as strong, volatile corn liquor. "You call this water?"

The Colored man took a whiff himself, then exclaimed: "Gracious me, the Lawd has been fooling with my jug again."

HE BELONGED—Presence of a dog in the midst of Cross Plains High School football team may have seemed strange last Friday night, however, both the athletes and the canine felt that "Rip" really belonged. He is the property of Doug Dallas, Buffalo quarterback, and attends every practice session, accepting the responsibility of keeping other animals off the field. The above photograph was snapped during playing of school anthems. A few minutes later, however, "Rip" had to be removed from the field. This was a chore officials found themselves unable to handle, however, Jake D. Dallas, Doug's father, performed it gracefully. About 1,000 fans present at the game—between Baird and Cross Plains—regarded the dog's antics as most interesting sidelight of the night.

Taste Of Fall In Air Here Monday

Residents of the Cross Plains area arose Monday morning to experience a taste of Autumn. A Norther which blew in late Sunday night sent thermometers tobogganing and dumped .59 inch of rainfall. Several nearby areas, however, reported more moisture. At the A. W. Franke place two miles south of town it was measured at .90.

At 7 a.m. Monday morning the temperature was 60 degrees in downtown Cross Plains. Five hours later, during the noon hour, it gauged only 57.

Traces of rainfall were received in Cross Plains Saturday. Lewis Coppinger measured 1.50 at his farm, north of town. Last month was the driest August in Cross Plains since 1957. Only .45 was measured by S. F. Bond, official Weather Bureau observer, here during the entire month. The month, however was cooler than normally. Minimum temperature of 65 degrees was tabulated on Aug. 23 and 30.

Cemetery Gifts In August Total \$240

Contributions to Cross Plains Cemetery during August totaled \$240.54.

Dick Wagner, Cemetery Association secretary, expressed appreciation for the generous response last month and listed donors as follows:

J. A. Atwood \$5, H. A. Young \$20, Mrs. L. A. Waller \$10, Sam Swafford \$5, Mrs. E. I. Vestal \$10, Carlton Powell in memory of Bill Wagner \$10, Mrs. Margaret Cravens \$5, Mr. and Mrs. C. E. Dillard \$5, Mr. and Mrs. Russell Calhoun \$5, Mrs. Nettie Wilson \$2.50, Mrs. E. B. Webb \$5, Mrs. W. A. Strickland \$25, Alice E. Henderson estate \$15, Mrs. Ethel Carson Mitchell \$5, Mrs. B. W. Webb \$15, sale of pipe to H. D. Gary \$60, E. C. Neeb oil estate \$2.39, S. O. Montgomery estate \$20.15, children of Tom and Jessie Mitchell \$10.50 and O. A. Anderson \$5.

Former citizens returning for visits say the cemetery is in best condition in history.

BERNIE A. MOORE MAKES FORMAL ANNOUNCEMENT FOR COMMISSIONER

Bernie A. Moore, candidate for County Commissioner from Precinct 4, authorizes The Review to publish his formal statement to voters as appears hereunder:

"In stating qualifications and intentions regarding my candidacy, I feel that I understand the duties and responsibilities of this office, and am qualified to serve in this capacity. It is only after careful consideration of the many problems and responsibilities that I have decided to make this race.

"I was born in Callahan County, at Caddo Peak, and have been living in this precinct most of my life. I believe most of the people of the precinct know my background.

"I have kept up with county and precinct affairs closely, as I have always felt these to be matters vital to the future of our community, schools and town. Most of my work has been for the public and for the people in this precinct and county. It is my opinion that by keeping operational costs at the absolute minimum, more work can be done, thereby benefiting more people with available funds.

"My goal would be to secure as many farm-to-market roads as possible, to improve all mail and school bus routes and the main avenues to market, giving each individual tax payer his proportionate share.
"I will cooperate with the City

Quarterback Club Ready For Project

Last note on more than \$3,000 worth of improvements on Cross Plains school campus was paid last week by the Quarterback Club.

"We have 72 enthusiastic members and are ready to undertake another project," said George Hutchins, Quarterback Club president, yesterday. Other officers of the club are Damon Jones, vice-president, and Herrell Kelley, secretary.

Improvements installed by the Quarterback Club in recent years include: fences around the football field, a \$1,350 electric scoreboard, additional lighting facilities, bleachers built on the east side of the gridiron and erection of a "crow's nest" for better observation of coaches. In addition to these projects, the football booster organization has feted players and coaches with a banquet at the end of each season since 1950, and provided transportation home after practices each afternoon for boys who reside in rural areas.

"Our goal is for 100 members this year," said Hutchins yesterday, "and we invite all men who want to be a part of a service organization to join us. Membership fee is \$5."

Ralph Kizer of Rising Star visited here Tuesday.

COUPLE KNOWN LOCALLY PARENTS OF BABY GIRL

Mr. and Mrs. George Webb, Jr., of Dallas are parents of a baby girl, born Sept. 1. The child weighed seven pounds and 10 ounces at birth and has been named Teri Lynn. Grandparents are Mr. and Mrs. Bernice Foster of Cross Plains and Mr. and Mrs. George Webb, Sr., of Dallas.

LOCAL DOCTORS AVER GOOD LAUGH HELPFUL

Cross Plains doctors will tell you that a hearty chuckle is conducive to good health. The following should, therefore, stimulate well-being for readers of the Review.

"My dog can run as fast as any automobile," said a proud owner.

The statement was questioned and a race matched. The dog owner and the skeptic got into the latter's auto and started out. The speed reached 30 miles an hour and the driver asked: "Where's your dog now?"

"Right alongside," said the owner.

At 60 miles per hour the question was repeated and the same answer given.

At 85 the driver lost control and crashed into a light pole. Shaken but unhurt, the driver asked: "Where's of Rip now?"

"There he is," said the other man, pointing to a disheveled mongrel in a skidding stance.

"So he is," replied the driver, "but what's that strap around his tail?"

"That's his collar, you fool; he's not used to stopping so fast."

17-Year-Old Boy, 6,000 Miles From Home, Enjoys Familiar Sport Here

A 17-year-old boy, 6,000 miles from home, was enjoying a familiar sport west of Cross Plains Sunday afternoon.

He was Claes Lauritzen of Varberg, Sweden, who was dove hunting on the R. E. (Hick) Edgington place here.

The lad has been in this country three weeks and will enroll as a senior next week at Highland Park High School in Dallas as an exchange student. He was one of seven high schoolers brought to this country by the Park Cities Rotary Club of Dallas.

Roy Harding, local oil operator and a member of the Dallas service club, had the Swedish youth and members of the family with which he is living as guests for bird hunting over the week end. Dr. Tom A. Smith, prominent Dallas surgeon, in whose home Lauritzen is staying, was also enjoying the bird shoot, as were his two sons.

A Review writer sat alongside the young exchange student during a lull in the shooting and propounded him with questions.

His answers were concise and uttered in perfect English. The conversation went something like this:

Q. Where did you learn English so well?

A. Thank you sir, for the compliment, for I don't feel that I really speak the language well, however, I did study English six years in Sweden, mainly in the elementary grades.

Q. Have you found America about as you expected it to be?

A. Yes, I talked a great deal last year with an American boy, who was studying in Sweden, and the country is about as he described it: wonderful.

Q. How do you find American boys and girls as compared with their counterparts in your country?

A. They're very much the same, however, teenagers in Sweden are not permitted to drive automobiles until they've reached their 18th birthday. Boys and girls begin having dates in my country after they are 15, but mainly they walk wherever they're going, or ride

a motor scooter.

Q. Have you had any difficulty with the language or customs in this country?

A. None at all in Texas, however, in New York City my lack of knowledge of American money permitted many persons to short-change me; Texas seems more courteous and less-inclined to abuse foreigners.

Q. Is Communism much of a threat in Sweden?

A. Communists are permitted to vote in my country, however, the party polls an insignificantly small per cent of the electorate. You may recall that when Khrushchev announced his intention of visiting Stockholm there was so much unfavorable publicity from the Swedish press that his trip was canceled.

Q. You are rather young to be so far from home; have you yet become homesick?

A. I miss my family, of course, however, Dr. Smith, his wife and sons are so considerate of me that I've enjoyed every minute here. There has been no time or inclination for home-

sickness.

Q. Do you have doves, of the type which you are presently hunting, in Sweden?

A. Exactly the same type and hunting is a popular sport there as it is here. We also have pheasants and most other game birds which I understand are found in this country.

Q. What does your father do in Sweden?

A. He is chief surgeon of a county hospital. His name is Mr. Gunnar Lauritzen and he is very active in the Rotary Club, being an immediate past president.

Q. From talking with you it appears that you were better oriented for a stay in America than would the average youngster here be for a similar experience in Sweden. Why is this?

A. All young people in Sweden know a great deal about the United States. Aside from what they're taught in school, they see Hollywood movies, hear mainly American music and read a lot about this country.

Feeling that the young foreigner had been kept from the pleasure of hunting long enough, the Review writer excused himself and visited briefly with the Dallas doctor, in whose home he is living.

Dr. Smith explained that the Park Cities Rotary Club has been bringing college students to this country for several years, financing them at Texas colleges and universities, in exchange for the same privileges of young Americans abroad. This year, however, the Dallas Rotarians decided to concentrate on boys and girls of high school age.

"We feel that a great deal of good is being accomplished," he said, "and that the image of the United States is being improved by better understanding."

Mr. and Mrs. Harding, who have a palatial home on Brownwood Lake, bring the foreign students to West Texas frequently, permitting them to see ranches, farms, oil wells and Western people first hand. Their next guest may be a young lady, also a student from Sweden.

Bufs Drop First Tilt To Baird Bears Friday 16-8

The Cross Plains Buffaloes saw an eight point lead crumble under the continual bombardment of the Baird Bears' battering ram fullback, Calvin Barnes, here Friday night in the grid season opener for both teams.

Although the Buffs scored on their first offensive try of the season, Barnes spearheaded the visiting Bears, of District 7-B, rally for a tying touchdown in the second quarter and the winning TD in the third stanza for a 16-8 victory.

The Herd's offensive machine started clicking right from the beginning moving 89 yards in 16 plays primarily on the passing arm of quarterback Doug Dallas, and the catching ability of the two halfbacks, Dwayne Clark and L. V. Falkner.

Dallas completed four of five passes in the march for 70 yards. The touchdown came on a seven yard aerial from Dallas to left halfback Clark in the left flat. Dallas loosed another missile to right end Darrell Wyatt in the right flat for the two point conversion, late in the first quarter.

Following a short Buff punt, Baird possessed the pigskin on the locals' 45. It took 155 pound Barnes just five attempts to cross the double stripe for the county seaters' first tally.

Barnes finished up his one-man power show with a 17 yard romp off right tackle for the six points. Then Bear quarterback David Walls duplicated Dallas' tactics hitting his right end Tommy Higgins with a two point pass in the right flat. The score stood tied 8-8 mid-way through the second quarter.

The Bison cranked up their offense again at the beginning of the second half in a drive that carried to the visitors' 14 before penalties and losses left the ball in Baird's hands on the Buff 47.

After two unsuccessful line smashes, Barnes went to the launching pad and heaved a 41 yard pass to Higgins for a first on the locals' six yard line. Two plays later Barnes again penetrated the Buffs' line for the winning TD. Barnes hit pay once more with a two point blast over his own right side. The final tally came with 25 seconds remaining in the third canto.

The Buffs then charged for 48 yards in nine plays to the Baird three before Dallas lost the ball on an attempted pass

and it ended up under a red-shirted Bear.

Baird rushed the ball back downfield sitting on the Cross Plains 30 as time ran out.

Host DeLeon

The DeLeon Bearcats will battle the Buffaloes here Friday night in the second outing for each team. Both elevens are looking for their first win.

The Bearcats of District 8-AA also lost to a District 7-B team last week, the Gorman Panthers, 6-0.

While not too much is known about the Friday visitors, it is reported that they are big and fast. A DeLeon scout said last week that injuries to key players slowed the AA Bearcats in their opening tilt.

Game time is set for 8 p.m. at Buffalo Stadium.

SERVICES CONTINUING AT GOSPEL MISSION HERE

Services will continue through Friday night at the revival meeting now underway at the Old Time Gospel Mission in Cross Plains, for which Rev. E. J. Heirholzer, well-known radio personality, is doing the preaching.

Services are held each morning at 10 and each evening at 7:30, said Mrs. Charley McCowen, who extended an invitation to everyone to worship with members of the congregation during the final week of the revival campaign.

Granville Pierce of Abilene visited here Friday night.

THREE BUFFALO BACKS—In the top photo are three Buffalo backfield men who will carry three-fourths of the Buffs' offensive attack. From left to right they are: quarterback Doug Dallas, left halfback Dwayne Clark, and fullback Jay Wilcoxon. All three are returning lettermen, and Dallas and Wilcoxon were in last year's back foursome. Clark earned his letter at an end position last year. All three are Seniors this year.

A NEAR MISS—Buff quarterback Doug Dallas, number 10, stretches for a pass in Friday night's opening football game with the Baird Bears. The pigskin rolled free of Dallas' hands and incomplete. The visiting Bears won the game 16-8 after overcoming an early Buffalo lead.

Mr. and Mrs. Fred Tunnell were guests in the home of Mr. and Mrs. Woodrow Watts in Abilene one night last week.

Victory Baptists To Have New Building

Construction has begun on a new church building for members of the Victory Baptist denomination in Cross Plains. The building will be one block north of Highway 36 on Avenue D, two blocks south of the First Methodist Church.

Pastor of the church is Rev. Lee Rutledge, who recently moved here from Rising Star and purchased one of the new homes just east of the school campus. The Victory Baptist congregation has been meeting in a store building on North Main Street for the past several years.

Mr. and Mrs. L. F. Foster visited friends in Fort Worth over the Labor Day week end.

Betrothed Couple Shower Honorees

A miscellaneous shower was given at the Sabanno Community Center Saturday night, Sept. 2 in honor of Jerry Erwin and his bride-elect, Miss Doris Brewer, both of Dallas.

Ninety four guests were present for the occasion. Many beautiful and useful gifts were received. The couple will exchange wedding vows Sept. 23 at 7:30 p.m. at the Sabanno Baptist Church with Rev. Ronnie Bostick officiating. Friends are invited to attend.

Local Couple's Son Now District Judge

James A. Joy, 43, native of Foard County and a son of Mr. and Mrs. Cleo C. Joy of Cross Plains, has been named 64th Judicial District judge at Plainview. Appointment was recently made by Gov. Price Daniel.

The 64th district includes Castro, Hale and Swisher Counties. The district judge vacancy occurred when the incumbent, Judge Harold M. LaFont, resigned June 1, because of ill health.

Joy attended public schools at Crowell, Tyler Commercial College and Texas A. & M. He received his law degree at St. Mary's University in San Antonio in 1952, taught there and did graduate work at New York University. He was a pilot in World War II.

Mr. and Mrs. W. S. McCann visited in the home of her brother and his wife, Mr. and Mrs. J. A. Parkinson in Romney Sunday. Other visitors in the Parkinson home were: Mrs. J. W. Parkinson, and Miss Lois Parkinson of Dallas, Mrs. Beulah Parkinson of Austin, and Mr. and Mrs. S. E. Parkinson of Cisco.

House Consumed In Sunday Night Fire

Fire of undermined origin destroyed a residence just outside the western city limits here Sunday night. The house was owned by Mr. and Mrs. Frank Hagar.

The blaze was detected at 8:30 p.m., however, the structure was enveloped in flames by the time firemen arrived. Water from the rural truck was utilized in an effort to extinguish the fire but it proved inadequate. No fire plug was close enough for hose connections and utilization of the city truck.

The house destroyed was that formerly owned and occupied by Mr. and Mrs. A. A. Bertrand, who now make their home in Santa Anna.

Don. L. Purdy of Abilene transacted business here Friday.

BRYAN'S VARIETY INSTALLS SODA FOUNTAIN

A soda fountain and stationary will be added at Bryan's Variety in Cross Plains in the near future.

Tommy Harris Explains Winter Barley Program

Details on the 1962 winter feed program have been explained by Tommy Harris of Cross Plains, chairman of the Callahan County Agricultural Association and Conservation Committee.

Harris explained that barley growers diverting a share of acreage will receive payment for diversion. "They will be contributing toward adjustment of grain supplies and reducing government costs," he said.

Barley producer can forego payment and still qualify for support if diverted acreage is devoted to: castor beans, safflower, sunflower or sorghum. Adjustment in diversion payment is allowed if only 80 per cent of diverted acreage is planted.

Special program provisions for growers of acceptable quality of malting barley to support price support with participating in the barley program.

Payment will be made to those growers who devote the diverted acreage to approved conservation use. Such growers must also have acreage in producing crops or practices including summer fallow, cropland, equal to their diverted acreage in such

accordance to Harris, only barley producers who participate in the program with at least 20 per cent diversion will be eligible for 1962 price support. Further, they will not be eligible for barley support if they exceed their corn and sorghum base acreages.

Support will be limited to the normal yield of 1962 barley acreages. Corn and grain sorghum producers who intend to plant bar-ley fall must not plant more than their base acreage of barley. They want to participate in the 1962 feed grain program (eligible for price support these two crops.) A program cooperating in the pro-

gram who has an interest in the barley, corn or grain sorghum on another farm must not produce more acres of these crops in 1962 than the 1959-60 average on such other farms.

HARDING BROTHERS GET NEW CROSS CUT OILER

Harding Brothers of Dallas completed No. L-2 Thompson as a regular field producer three miles east of Cross Cut. It is in William B. Smith Survey 155. Daily potential was 10 barrels of 41 gravity oil, pumping from 36 perforations at 1,175-84 feet. Formation was fractured with 500 pounds and 500 gallons. Casing was set at 1,222 feet, total depth.

Mr. and Mrs. E. J. Barr and family of Monument, N. M. visited in Cross Plains and Burkett a few days the past week.

Mr. and Mrs. Jack McCarty and Danny visited in Fort Worth and Burleson over the week end.

Mr. and Mrs. Ronald Gray and little daughter of San Antonio were guests of Mr. and Mrs. M. B. King and Mr. and Mrs. Oscar Gray this week.

Four generations of one family were present in the home of Mr. and Mrs. Joe Seay here last week. Guests were Mrs. Seay's mother, Mrs. Ida Markwood of Noynton Beach, Fla., the Seay's daughter, Mrs. Roy Mott and two children, Janet and Kristen of Dearborn, Mich.

C. H. Dawson is now in Phoenix, Ariz., having returned there from Alabama with Mr. and Mrs. Gilbert H. Rambo, who attended the funeral of Mrs. Dawson. Mrs. Rambo was a niece of Mrs. Dawson. After spending a while in the home of Mr. and Mrs. A. O. Allen in Phoenix, Mr. Dawson plans to return to his home in Cross Plains.

News Of Former Residents

Wyatt Robinson, long-time resident of Cottonwood, is now living in Glendale, Calif. In a recent letter he says: "We were happy to get out here but will be much more delighted when we can return to Texas to live."

Buck Gibson, former football great at Cross Plains and Rising Star, is now a plumber at Dallas. His family includes his wife and small son.

Orian Williams, who finished school here in the late 1920's now lives in San Antonio, and has a fishing boat capable of plying Gulf waters. In a recent visit here he said: "There's no sport equal to sea fishing."

Harve Vestal, long-time resident of the Liberty Hill area, has been dangerously ill. He is now believed improving and is expected to be able to return from the hospital to the home of his son, Euall Vestal, at White Deer soon.

Granville Pierce, youngest son of Mr. and Mrs. Joe Pierce of Abilene and a 1939 graduate of CPHS, is now a sales executive for Humble Oil Company with headquarters in Abilene. He will be here Wednesday night of next week to show a film, "Highlights of Southwestern Conference Football" to Quarterback Club members.

CHARLEY TEAGUE WEDS EDNA EARL HUMPHREY

Announcement has been made of the marriage, Aug. 26, of Charley Teague and Edna Earl Humphrey.

The ceremony was solemnized by Rev. C. R. Myrick of Cottonwood in the home of Mr. Teague's mother. The couple will reside in Cross Plains.

Mr. and Mrs. Weldon Newton of College Station visited their parents, Mr. and Mrs. Lewis Newton at Cross Cut and Mr. and Mrs. A. J. McCuin in Cross Plains over the week end.

County Government Now Big Business; Callahan Budget Over Quarter Million

County government is big business.

The 1962 budget, as approved by Callahan County Commissioners Court, last week calls for a total expenditure of \$281,694.75. The figure is \$1,150.36 lower than that of the year before.

Two questions which might arise in the minds of tax payers: (1) Will there be sufficient revenue to meet outlays, and (2) Will expenses actually conform to the budget, were answered by County Judge J. L. Farmer.

He replied to the queries thusly: "Revenues are based on taxable valuations and the county and state rate; the 80 cent rate has been almost constant in Callahan County and the history of collections virtually assures adequate revenues. In the matter of staying within the budget, there has been a variation of less than one per cent for the past six years."

Between 93 and 98 per cent of assessed taxes have been collected in Callahan County every year since 1955. Best record of collection was in 1959 when 98 per cent of the

total levy was paid.

Top record of tax collections is made by the people of Precinct 4, which includes Cross Plains, Cottonwood and Atwell areas. The portion of the county budget which is broken down into road districts, shows Commissioner's Precinct 4 property owners remit an average of 97 per cent of their total assessment.

Callahan County Hospital, which has at times posed problems for those charged with stretching receipts to cover ever-increasing costs, is now said to be nearer a self-sustaining basis than in several years. Included in next year's budget, however, is an item of \$5,000 to cover any deficiency which may arise. It is pointed out that the county's responsibility in caring for indigent patients varies and is difficult to estimate a year in advance.

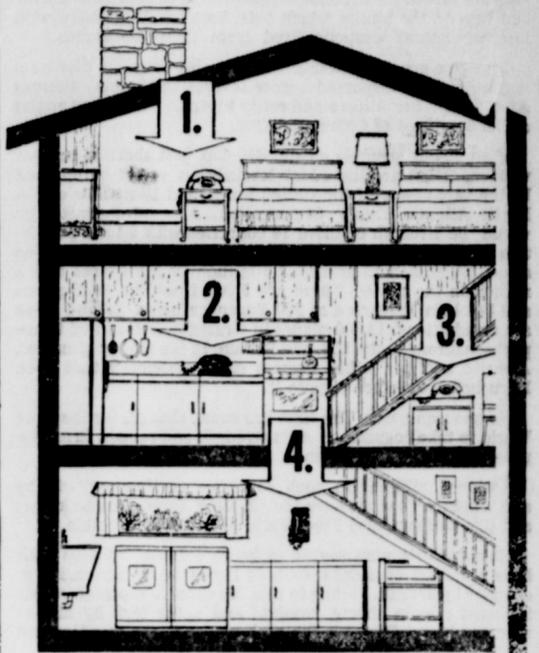

Despite the fact that Callahan Countians recently voted \$50,000 in bonds for improvements at the courthouse and jail buildings, there will be no increase in the tax rate. It will remain 89 cents on the \$100 valuation.

County commissioners estimated for the budget that the county would receive \$291,295,000 in 1962. This is expected to come: \$116,710.00 from current ad valorem taxes, \$6,000.00 from delinquent taxes, and \$168,585.00 from other sources.

Assessed valuation of all property in the county has decreased steadily since an all-time high of \$14,704,713.92 in 1956. Total assessments since then have been: 1957, \$14,059,560.00; 1958, \$12,747,372.82; 1959, \$12,761,430.34; 1960, \$12,033,592.50.

Although each of the four Commissioners — who with the County Judge — make up the Commissioners Court, is charged with responsibility of maintaining roads and bridges in his precinct, the duties of that office are now more those

of a financial director than that of a road builder and supervisor. County government is big business and becoming more complex each year.

What If War Comes?

(An Editorial)

Does Khrushchev's saber rattling frighten anyone?

Admittedly it does. No one wants war, particularly nuclear warfare which imperils civilization. Whatever fears of such a holocaust the Western World may have, there is assurance that the same dread exists in the Soviet Union, probably greater than that known here.

Free nations have a ring of bases tightly drawn around the U.S.S.R., from the launching pads of which atomic missiles are zeroed on strategic targets inside Russia. This is over and beyond the ability which both East and West have with intercontinental weapons fired from their homelands.

In such a gruesome warfare Russia also faces the disadvantage of targets dispersed across several continents, whereas America and her Allies stand ready to strike from many angles at the heartland of Communism.

If an all-out struggle should develop, just short of nuclear weapons, what are the odds? Khrushchev would be opposed by the vast power of the United States and 13 nations of the North Atlantic Treaty Organization. Arrayed against him would be strength of these 14 countries with a total population of 463 million people with six million presently under arms: 3.5 million in armies, 1.5 million in Air Forces and 1 million in the navies. There are 5,000 front-line jet fighters and bombers, dispersed at 220 European bases. Behind these are an additional 13,000 planes in strategic, tactical and transport squadrons in the U.S. and Britain. In the matter of navies, America and her Allies possess such superiority that even Khrushchev does not dispute it.

No one wants war. The time has come, though, for the Free World to take cognizance of its strength and remain firm. Appeasement is no key to peace.

Enslaved millions in such countries as Hungary will be at Khrushchev's vitals once the shooting starts. This he knows and this he fears. The Free World has no such problem.

Khrushchev's plan seems to be to exhaust his foes with little uprisings, constant threats and years of anxiety, and then conquer by default. Failing in this, his cause is hopeless. America must remain strong, resolute and never torn by disharmony at home. Rewards for such vigilance are freedom and peace. No one needs more.

Auto Insurance In Callahan Explained

Approximately 55 per cent of the private passenger automobiles in Callahan County can now be covered for basic limits public liability insurance for only \$6.00 more than the same insurance cost of 1938. This is due to the use of insurance classification plans, including the Texas Safe Driving Insurance Plan according to the State Board of Insurance.

To give a specific illustration: basic limits public liability insurance (bodily injury and property damage combined) on a private passenger car, used only for family purposes, and not owned or operated by a male under 25 years of age, and principally garaged in a town or city in such county now costs \$36. If the owner and his co-resident operators are accident and conviction free under the Texas Safe Driving Plan (subclass 0) a 20 per cent differential is allowed which would reduce the rate to \$29.00. In 1938 the same insurance on a private passenger car in a city or town in Callahan County would have cost \$23.00. Approximately 55% of the non-farm private passenger cars in this county are entitled to this reduced rate.

Miss Rita Gay Sipes of Ranger visited here Friday evening.

Mr. and Mrs. Joe White of Odessa visited her mother, Mrs. T. D. Little over the week end.

Mr. and Mrs. Homer Robinson and baby daughter of Arlington spent the week end with relatives and friends here.

PHILOSOPHER COMES UP WITH IDEA TO PUT WORLD'S CRISIS ON QUOTA BASIS

Editor's note: The Bayou Philosopher on his Johnson grass farm on the Bayou has an odd notion this week, but there's nothing odd about that.

"Dear editor:
"I'm not telling anybody how to run a newspaper, but as a farmer who knows what it is to be a victim of over-production, at least somebody else's over-production, I would like to suggest to the newspapers of this country, especially the big city dailies, that the crisis market in this world is being swamped and if it keeps going like it has the past few months newspapers are either going to have more crisis news than they can handle or the people are going to get tired of reading about it.

In fact, after reading all the headlines about Berlin, Cuba, Brazil and a few months back, Egypt, the Congo, and all those other crises which sounded world-shaking at the time but have now faded from memory, I have come to the conclusion that what the world needs is a crisis quota. Running a country is not much different from running a farm; very few people can do it successfully.

"So, the world ought to be divided up into 12 zones, and only one zone allowed to have a crisis at a time, and that one limited to one month. Any time a crisis can't run its course in a month, somebody is just hogging the news. Thus we'd have only 12 a year, and never more than one at a time. You take a country whose crisis allotment comes in January, and it gets to itching to have one in November, it will just have to wait. There's nothing worse or harder on newspaper readers than having two or three crisis at the same time, not to mention how hard it is on Washington to get sufficient officials to fly to them, or on the newspapers to find enough reporters to cover them all.

"Oh, I know some people will say we could save money by having one diplomat attend to three or four crises on the same trip, but it's asking too much, he'll get home and start trying to remember how much money he promised which country. One crisis a month, 12 a year, ought to be the maximum. Otherwise the crisis business is going bankrupt. Over-production can play thunder with the crisis market the same as it can with us farmers, and everybody knows the world can't stand to be in the same shape farming's in.

Yours faithfully,
J. A.

The U.S. Savings Bonds that send you money

Twice a Year

Owners of the H Series of U.S. Savings Bonds receive interest money every six months by Treasury Check. This is why people who want to invest for regular extra income buy H Bonds (just as people saving for a specific goal buy E Bonds that pay all the interest to maturity).
 More facts about H Bonds:
 • You buy them at full face value.
 • H Bonds earn at an average rate of 3 3/4% over their 10 year maturity period.
 • Your money is guaranteed safe by the U.S. Government.
 • You can get your money back ever you need to, anytime after the first six months. If you give one month's notice, H Bonds are lost or destroyed they will be replaced for you. You save more than most.

(Note to owners of E Bonds: You can trade E Bonds, matured or not, for H Bonds and postpone paying income tax on the accumulated interest. If you're retired, about to retire, this may be for you.)
 Get the details (and order Bonds) at your Bank.
