Jimmy Strength, first-grade son of Mr. and Mrs. J. B. Strength, came in one afternoon last week and announced that he was tired of school and was not going back.

Hoping to shame her son, Mrs. Strength looked at him sadly. "It won't do you any good to cry mamma," the youngster said, "my mind's made up."

Perhaps it's because so many local residents have spent time or another, then it's because Cross Plains people are more cultured and seldom anywhere else will you find greater respect for the American flag or the playing of The Star-Spangled Banner than right here in the old home town.

Watch at football games. When the flag passes in review most everyone rises. They wear hats and hands will cover the heart in proper salute. Hardly anywhere, outside a military camp, will you find a greater per cent of people rearing correctly when their country's flag is presented or the national anthem played.

Coach Bill Gunn of the Cross Plains High School Buffaloes might be interested in a trick worked by Norman G. (Beans) Morris, while coaching football here in 1928.

Faced with a shortage of material and matched against the Winters Blizzards, a class A powerhouse, "Beans," who is now an Air Force colonel, called upon every loyal supporter of the thundering herd to bring some kind of good luck charm to the crucial contest. Fans responded enthusiastically and the sight of hoodoo-magic, worked in the stands that October night 24 years ago, was almost as spectacular as play on the field.

The trick worked, though, and Cross Plains upset the Winters Blizzards 12 to 0. Junior Ford is the only member of the Buffalo team which started that game still living here.

Benny Glover, who sets the pace for this newspaper in addition to his sport-writing chores, will point about this time for he dislikes setting the pace about himself. Nevertheless, it should be said: he is the cleverest sports scribe ever to do steady business in Cross Plains, and it should be remembered that Gayle Tait, big man for the Associated Press, once lived here.

Benny's story of the Cross-Plains-Merkel football game last Friday night is just as actual as you'll find anywhere. Turn to page two and read it. See if you don't agree.

(Personal note: There's no talking to me about a pay raise, Benny; Jack McCarty's your man to see.)

Memos from an editor's desk: Few couples appear to have as much fun as Mr. and Mrs. Ben Pillans. Business is done on the ground here; the town doesn't have an upstairs establishment. Forty members of the local Riding Club have \$10,000 invested in their parade mounts. All copies of the Review are printed on the Review mill overland six railroad cars. Few trees are as beautiful as the Arizona cypress growing in the front yard of Mr. and Mrs. Mark Blair. Average date of the first killing-frost for this area Nov. 10.

## Vaccinating Set Sunday

After being postponed two weeks ago, five Callahan County communities will conduct mass vaccinations against polio Sunday.

Type I Sabin oral vaccine will be used. Immunization facilities will be set up in school cafeterias at Cross Plains, Putnam, Baird, Clyde and Eula.

The vaccination is said to consist of drinking a small cup of water to which the drug has been added. Feeding stations will be open from one until six p.m. in all communities except Putnam. The hours there will be from two until five.

The "Sabin Oral Sunday," as the immunization program is being called, was originally scheduled here for Sept. 15, however, it was postponed after reports came out of Canada of a few isolated cases of polio resulting from its use. United States Public Health Service and state agencies have since given the immunization program unlimited endorsement. It is also pointed out that Type I to be administered here Sunday is not the same type as that which caused the scare in Canada. Type III will not be utilized

here until a later date. "It is genuinely hoped that the recent postponement and the publicity incident thereto will not keep people away Sunday," said County Judge-Elect Byron Richardson, who is serving as chairman-coordinator of the immunization effort here.

Richardson also stressed that the local vaccination program is for all residents of the Cross Plains Independent School District, not only those who live within Callahan County.

There will be no charge for vaccinations, however, a contribution of 25 cents or more is being encouraged as a means of defraying expenses.

"No one will be asked to pay," Richardson said, "and those who are unable to do so should not stay away on that account. There will, however, be a container conveniently located, in which contributions may be dropped."

Simultaneously with the program in Callahan County will be one in Abilene and all parts of Taylor County.

All Cross Plains medical people and 14 volunteers will be utilized in administering the vaccine here Sunday.

## ARTICHOKES GROW AT MEADOR PLACE

Everyone knows that artichoke is a vegetable, however, few local people ever saw one growing. The opportunity to do so now exists here.

Mr. and Mrs. Henry Meador have a number of the plants growing at their home, just west of the Church of Christ. The plants have a yellow bloom and resemble thistles.

## Mrs. Mary Carter, 81, Dies Tuesday

Mrs. Mary Carter, 81, a resident of Cross Plains the past year, died early Tuesday morning in a Cisco hospital after an illness of two days. Death resulted from a heart condition.

Mrs. Carter, who had been living with Mrs. George Scott, became ill Sunday morning and was taken to the hospital in mid-afternoon. She was not believed dangerously ill, however, her condition is said to have worsened late Monday.

Born in Clay County, Ala., Jan. 5, 1881, she came to Texas with her parents in childhood. She was married to E. C. Carter in Cottonwood in 1897. He died in September 1941.

Funeral services were held from the First Baptist Church in Cross Plains Wednesday morning with Rev. Don Turner, pastor, officiating. Burial was in the City Cemetery at Ballinger, beside the grave of her husband.

Survivors include four sons, Jake of Cross Plains, P. Y. of Ohio, Ernest of Carlsbad, N. M., and Cecil of Lubbock; one daughter, Mrs. S. J. Alexander of Mary Neal; three sisters, Mrs. Ross Norton of Tularosa, N. M., Mrs. Jess Carter of Austin and Mrs. Nettie Wilson of Cross Plains, 14 grandchildren and 15 great-grandchildren.

Arrangements were handled by Higginbotham Funeral Home of Cross Plains.

Pallbearers were: Clarence and Lester Bush, Elvis Scott, Ted Souder, Bryan Bennett and Jack Scott.

## PUTNAM TRIES FOR 3RD STRAIGHT WIN FRIDAY

Putnam High School Panthers will lay their undefeated record on the line Friday night at McCaulley.

Callahan County's only six-man football team has vanquished six opponents from Mozele, 44-0, and St. Joseph Academy, Abilene, 20-13.

Game time at McCaulley is 8 p.m. Friday night.

## Cross Cut Rancher Rode Longest Cattle Trail Of All; 10,000 Miles

Oldtime cow waddies followed long and lonesome trails as they prodded Texas longhorns to Kansas railheads in the 1880's however, none probably ever equalled the ride with cattle taken by a local "puncher," still residing in the Cross Cut area.

The present day waddie with the rare record is Bransford Eubank, who ranches a fertile spread along the banks of Pecan Bayou, 13 miles south of Cross Plains. He owns the distinction of having accompanied a livestock herd 10,000 miles, traveling by railroad, ocean liner, horseback and on-foot to a destination deep into China.

The unusual journey was taken in the early 1920's, when he was selected to collect and deliver 17 head of choice dairy cattle, six hogs, two sheep and two goats to Peking, China, as a means of improving livestock strains in the Orient. Eubank not only tended the livestock enroute, feeding hay and grains deep in the hold of a ship, but he supervised the distributing of blooded animals to the Chinese and remained three years to help in upgrading Chinese agriculture.

During that tenure he became aware of progress being made by an insufficient number of Chris-

tian missionaries and decided to return to the United States and prepare himself for a lifetime of service in that field. Accordingly, he enrolled at Princeton, completed his theological education, became an accredited missionary and returned to China.

While doing graduate work he had met a young lady-member of the Princeton seminary faculty. She too, knew China, having been born in Peking, the daughter of an American missionary couple. During Eubank's second tour in the Orient the couple again met and a courtship ensued. They were married and remained to preach and minister unto thousands in native dialects.

"China is an interesting country," Eubank reflects, "and the seeds of Christianity sowed by missionaries in the long ago are today the only real obstacles to Communism."

## POPULAR COUPLE NOTES WEDDING ANNIVERSARY

Mr. and Mrs. W. E. Butler, prominent local couple, were observing their 62nd wedding anniversary Wednesday.

They were married at the home of her parents, the late Mr. and Mrs. E. F. Bond, here Sept. 26, 1900.

## Gas Fuss Settled; Adopt City Meter

Cross Plains city councilmen in special session Monday night voted unanimously to accept a proposition offered by W. B. Evans of Lubbock, whose firm wholesales gas to the municipally owned distributing system, thus settling a controversy which flared into the open last week when members of the local governing group contended bills to the city were too high.

In dispute were measurements taken by two orifice

meters, both set to chart the quantity of gas coming into city mains.

One meter had recently been placed on the line by Roy Cox, local gas commissioner, as a means of checking the other, which had been installed by an engineer employed by Evans when his company began supplying the city in January 1960.

A difference in the two meters during a two weeks period

amounted to 574,000 cubic feet, which at a cost of 20 cents per thousand totaled \$114.80. The city meter showed less.

The city had its charts calculated by a Tyler concern and Evans got his computations from a Breckenridge firm. A discrepancy existed in readings by the two firms, however, a telephone call to Tyler during Monday night's meeting clarified that situation. In the absence of sufficient mechanical data — size and range of the two meters — the Tyler concern had inadvertently used a wrong coefficient, a mathematical multiple. When this adjustment was corrected the two concerns had the same readings on all charts. The two meters, however, remained apart in gas gaugings.

It was agreed that the discrepancy existed in meters and not in chart readings.

### Use City Meter

"I'd just as soon use your meter as mine," said Evans.

He then tendered a proposition that beginning with Sept. 1 the meter which the city has on the line be used in computing monthly bills.

Mayor Ted Souder questioned individual councilmen as to what they thought of the proposal. Cox and Councilmen Otis Purvis and Ira H. Hall raised points regarding prior bills.

Evans produced statements showing that the city has paid \$1,093.40 less for gas for the first eight months of 1962 than for the same period in 1961.

"Your bills to me in 1960 and 1961 were also less than for the two years immediately preceding."

City records were checked and these statements substantiated.

Purvis declared that gas bills were lower in 1954 and 1955, when he was previously on the council.

"I was not supplying the city before 1960 and would not know about that," Evans said.

### Quarterly Checking

Cox pointed out that he would be willing to accept Evans' proposition to use the city-installed meter beginning with Sept. 1, provided some decision was reached about the bill for August, which the city had not yet paid, and that Evans have the city meter checked quarterly by a gas engineer.

"I want to do what's best about this thing," Evans said. "If you want to deduct \$100 correct any possible discrepancy I'll go along with it."

Councilman L. F. Foster moved that the city meter come the official instrument of measurement and that the city pay the bill, subject to the \$150 deduction. Simultaneous second were offered by Purvis and Councilman Freddy Tatom. All councilmen voted affirmatively on the motion.

The August gas bill was, therefore, adjusted from \$862.80 to \$712.80.

Remainder of the meeting was congenial with the dispute obviously settled to the satisfaction of both sides. Earlier, however, hot words had flown with all members of the council expressing dissatisfaction.

At one point Evans and Jack Scott, newspaperman covering the proceedings, bared tempers over the former's charge that publicity concerning last Tuesday night's meeting was slanted.

Others present at Monday night's session included: G. B. Greiner of Breckenridge, gas engineer; Mrs. Ava Childers, city secretary, who recorded minutes; Reuben McCowen, gas superintendent; James Paul Shanks, county attorney; Frank Isett of Brownwood, an owner of gas wells in this area, and George Scott, who lives near the gas wells supplying city mains.

## Bufs Seek First Victory At Rising Star Saturday

Cross Plains Buffaloes and Rising Star Wildcats will tangle in the 30th game between the two schools Saturday night at Rising Star.

The contest, originally scheduled for Friday night, was changed to Saturday to coincide with Rising Star High School's homecoming.

The tilt will be played under the lights beginning at 8 p.m.

### Slow Start

Both grid squads got off to a slow start this season. The Buffaloes are winless in three outings, and the Wildcats have but a single victory in the same number of games.

Saturday's hosts have 12 returning lettermen, five of whom were starters on last year's eleven. Rising Star posted a 4-5-1 record in the 1961 season.

Cross Plains' roster lists 37 gridlers. One player quit last week but another returned. Freshman David King turned in his equipment, but senior guard Jerry Payne donned pads again after a brief absence.

According to Buff Coach Bill Gunn, "Rising Star will field a young team, but the backfield is fast." Two members of Rising Star's sprint relay will be in the ball-carrying department, Bill Clark and Kenneth Nunnally. Also rated as offensive threats are quarterback Terry Geyer and end Ted Cawley.

The highly mobile Wildcat line is headed by returning starters Frazier Clark, tackle; Kenneth Pittman, guard, and center Covie Weaver.

### Buff Starters

Gunn said that he probably would start about the same lineup as began last week's game.

They are: ends Sammy Odum and Mike Montgomery, tackles Eddy Edmondson and Kenneth Sewell, guards Jay Hutchins and Jerry Payne, center Ronnie Rhoads, quarterback Jack Baum, halfbacks Darrel Wyatt and Jim Hargrove and fullback Charles Barr.

Several Buffs slightly injured in last Friday's game are expected to be ready for action.

Rising Star was favored to win the crown of District 21-B in pre-season prognostications.

## Skate With Us, Say Seniors At C.P.H.S.

Cross Plains High School seniors will be in business the first Monday night of next month, Oct. 8. They will operate the skating rink here on that date.

Three sessions of skating, beginning at 7 p.m. are scheduled.

"We're planning a big night of fun and everybody will be there," said C. D. Shields, senior class reporter.

## METHODIST LADIES TO HAVE FOOD SALE HERE

W. S. C. S. of the Methodist Church will sponsor a food sale next Saturday at 9 a.m. in front of Mayes Flower Shop.

All ladies of the church are asked to participate.

## BUFF-WILDCAT SERIES FAVORS BISON BY 12

Cross Plains High School owns a 12-game edge over Rising Star High School in 29 games between the two grid teams over a span of 33 years.

The Buffaloes have won 20, lost eight and there has been one tie. First game of the series was in 1929 and ended in a 6-6 draw.

The Wildcats snapped a nine-game winning streak last year when they humbled the Buffs 36-7. Series results follow:

## \$200,000 Bond Is Approved In Baird

A \$200,000 water and sewer bond election was overwhelmingly approved by voters at Baird Saturday.

The ballot count was 161 for and four against the bond issue. This was considered a light vote by election officials.

Some \$77,000 of the \$200,000 total bond issue will be used to retire outstanding water and sewer revenue bonds, according to Mayor J. L. Ault.

Part of the funds to be used in the construction and improvement work will come from a federal grant of \$36,375 approved by the Public Health Service.

## NEW PHONE BOOKS DUE OCT. 10

New telephone books will be distributed in Cross Plains, Rising Star and May Oct. 10, said Ralph Kizer, secretary-treasurer of Kizer Telephone Company, Inc., yesterday.

## 505 DINE DAILY AT SCHOOL CAFETERIA

Five hundred and five noon lunches were served at Cross Plains school cafeteria Monday.

It is expected that 89,375 meals will be served before end of the current term.

# Tempers Flare As Merkel Thrashes Buffaloes 43-6

The Merkel Badgers handed the Cross Plains Buffaloes their fifth consecutive loss and third this season in a 43-6 rout there Friday night.

The hectic 48 minutes saw an offensive tackle score a touchdown, fists fly freely and Cross Plains score its first TD of the season on the longest Bison scoring run from scrimmage in six years.

Badger offensive left tackle David Loflin got the hosts' fifth touchdown by covering the football which was fumbled across the goaline.

Tempers flared late in the fourth quarter resulting in the ejection of two Badgers and one Buffalo from the gridiron, and a brief fight spiced the rough action Friday night.

Buff halfback Jim Hargrove unreeled the longest run of the night in scoring Cross Plains' first touchdown of the season. Hargrove sped up the middle 60 yards, keeping just a stride ahead of a Badger pursuer. It was the longest scoring romp from scrimmage since Pat Moore rambled 62 yards in November 1956.

After battling on even terms through the first quarter Merkel began its touchdown parade early in the second quarter, but it was the fourth period before the Buff defense finally crumbled.

**Badger Score**  
The thundering herd took the opening kickoff and marched 42 yards to the hosts' 15 yard line before losing the ball on downs. Two short punts then backed the locals into a hole, setting up Merkel's fifth tally.

On the fourth play of the second period Badger quarterback Charlie Russell lofted a 16-yard scoring pass to wingback C. B. Brown. Russell booted the point. Then on the first

play after Brown had swiped a Buffalo pass on Cross Plains' 30. Russell hit tailback Roger Todd Moore with the second aerial score with 1:03 left in the first half. The Russell-to-Brown combination worked for the two point conversion.

Late in the third canto fullback Don Parmelly slipped into the end zone from 10 yards out, capping a 45-yard, 4-play surge spiced with a 15-yard penalty. Russell's kick was not good.

Within the first three minutes of the fourth quarter Merkel raised the score to 36-0 with Brown climaxing a 56-yard drive on a nine yard slant, and Loflin's fumble recovery. Moore circled left end for two points following Brown's TD, and Russell kicked the point after the latter tally.

**Hargrove Romps**  
On the Buffs' first play from scrimmage following Loflin's tally, the locals sprang Hargrove loose on his 60-yard jaunt. A fumble, one of seven Buff miscues stopped the two point conversion try.

Merkel quarterback Bob Benson culminated a nine-play, 70-yard drive, with an eight-yard keep around left end for the final touchdown. Russell split the uprights on the conversion.

The Buffaloes threatened two times early in the third period on Badger bobbles. The first was halted on the hosts' 34 by an interception, and the second was stopped on the Badger 11 by a fumble.

## New Books Given In Memory Of Deceased

New books have been purchased for the Memorial Shelf of the Callahan County Library in the courthouse at Baird.

"Dearly Beloved" by Ann Morrow Lindberg was given in memory of Mrs. Terrell Williams by Mrs. Margie Ray.

"Fanny and the Regent of Siam," by R. J. Minney, a sequel to "Anna and the King of Siam," was given in memory of Mrs. Williams by James Paul Shanks.

Mr. Shanks also gave "Texan by Choice" by Roy Nunn in memory of Mrs. C. M. (Nellie) Mills.

In memory of Ace Hickman, "David, Warrior and King" by Frank G. Slaughter was presented by Mr. and Mrs. Brice Jones.

Also in memory of Mr. Hickman, the story "Magnificent Destiny" by Paul Willman was given by Mr. and Mrs. Frank Cunningham and Mr. and Mrs. Ellis Warren.

## HAROLD HINKLES ARE PARENTS OF BABY BOY

Mr. and Mrs. Harold Hinkle are parents of a baby boy, born Thursday, Sept. 20, in a Rising Star hospital. The child weighed 10 pounds and six ounces at birth and has been named Dennis Earl. Both mother and child are reported doing splendidly.

Grandparents are Mr. and Mrs. Earl Archer and Jimmy Hinkle.

Mr. and Mrs. N. L. Long, Jr. and son of Brownwood visited Mr. and Mrs. Norrell Long and Mr. and Mrs. C. A. Barr Sunday.

## Callahan Lags In Bond Purchases

Callahan counties have purchased only 42.3 per cent of the quantity of the United States savings bonds expected by the Treasury Department to be bought locally during 1962.

Total bond sales for the current year are \$88,873. A quota of \$210,000 had been assigned the county.

## BUFFALO "B" TEAM DROPS 14-0 DECISION

Cross Plains "B" team dropped its second game this season Saturday night as the Eastland reserves posted a hard-fought 14-0 score.

After an even battle in the first quarter the Mavericks pulled off a reverse midway through the second period. The play covered about 19 yards on a fourth and eight situation. Then in the final canto the visitors tallied on a 20-yard pass play and added the two point conversion.

The interning Buffaloes host Rising Star October 6. The game with Goldthwaite set for next Saturday has been canceled.

## CARD OF THANKS

To the good people of Cross Plains and Burkett, we the family of Mrs. Tobe Taylor, wish to express our feelings to you who opened your hearts to us in our time of trouble. You were wonderful, we had not realized such wonderful people existed in the world. I, Tobe Taylor, am proud that I am a part of this community.

Our heartfelt thanks go to the most able Brother Don Turner of the Baptist Church, Mr. Truett Jones and Mr. J. C. Claborn of Higginbotham Funeral Home for the most efficient service that could have been performed. And to Mrs. Claude Mayes' flower shop we wish to say the flowers were beautiful. The kindness of the ladies who were so thoughtful of us with the dishes of food will be long remembered.

Thursday, September 27, 1962

Earl A. Camack of Freer visited his sister, Mrs. Pearl Moore and the family of Mr. and Mrs. Bob Harris from Thursday until Monday.

Mr. and Mrs. C. E. Bayley Goldthwaite were Sunday afternoon visitors here in the home of their daughter and husband Mr. and Mrs. Jack McCarty.

We are telling the Nation's industrial leaders that...

# EVERYTHING IS... "GO!"

...in this West Texas area

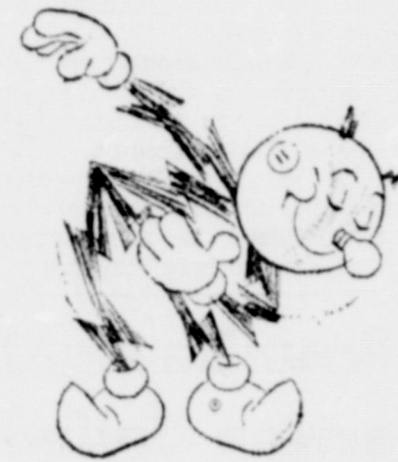

Because the space age we live in is a fast moving period of business and industrial expansion, we are working hard to see that this area gets its share.

We advertise the area's industrial advantages in national publications, and send factual mailing pieces to selected lists of business leaders. The Wall Street Journal advertisement and the colorful area folder shown above are current examples of this material.

In addition, our Area Development Representatives make periodical trips to the North and East, for personal contacts with these business executives.

WTU is enthusiastically engaged in this continuing program because we are convinced the Center of the Southwest faces GROWTH UNLIMITED.

We are backing this belief with a multi-million dollar expansion program of our own to serve more people, more businesses, more industries.

## Engineer Asks \$4,000 To Survey City Water Needs

Tyrus F. Collins of Austin, a member of the firm of National Engineering Company, has submitted a proposal to Cross Plains City Council for a preliminary survey of the water situation here.

Collins tendered an offer of \$4,000, for which his firm would investigate possible sources of water, cost of making it available to city mains and the anticipated need for 25 years in the future.

Should the city elect to enter construction of a reservoir, Collins pointed out that his firm could be retained to draw plans and supervise building for a fee equal to eight per cent of the expenditure.

Members of the council took the proposition under advisement.

Discussions have been heard among councilmen for several weeks pertaining to possible utilization of one of the soil conservation lakes as an auxiliary source of supply.

## Putnam Gridders Take Second Win

The Putnam Panther six-man football team, which opened season play in Cross Plains two weeks ago, added another victory Friday night. The Callahan County sextet defeated St. Joseph's Academy Bulldogs in a 20 to 13.

Halfback Marvin Henry sparked Coach Owen Mobley's charges, scoring 18 points.

The loss was this season's first for St. Joseph.

Henry hit for 15 yards in the final period to put Putnam in the early lead, and again from 10 yards out in the second quarter. Jerry Hock kicked the two-point conversion to give Putnam all the score needed for the victory.

St. Joseph came roaring back in the third period with quarterback Tommy Clinch passing and Roger Mees on a scoring drive that covered 72 yards.

The Bulldogs pulled within the point of the visitors when halfback Sedic Poe charged into the end zone from 12 yards out, and halfback Bobby Ravella ran the conversion, but another scoring drive could not be mustered against the Putnam defense.

Henry put the clincher on the game in the final stanza with a seven-yard jaunt to end the game.

Putnam led the Bulldogs in points down six to four.

## New And So Ladies Meet Last Thursday

The New and So Club met in the home of Mrs. Jeff Clark Thursday afternoon with Mrs. A. Beekman as co-hostess. Seventeen ladies were present. Handwork projects, visiting and an interesting program served as diversions of the afternoon.

Mrs. Clark and Mrs. Beekman served refreshments to: Meses, Jack Campbell, Mary Coppinger, O. M. Bailey, J. W. Dunlap, D. Lane, Henry McCoy, Claude McAnally, Craig McNeel, C. Neeb, C. L. Smith, Marvin Smith, Houston Strong, L. W. Westerman, W. B. Williams and E. Wood.

Next meeting of the group will be in the home of Mrs. Jack Campbell Thursday afternoon, Oct. 4.

Mr. and Mrs. Cliff Gilmore were in Stephenville Friday. Their son, Jimmy, who is a student at Tarleton State College, returned home with them to end the week end.

### Mighty Mites Ax Santa Anna 8-2

Cross Plains Junior High Mighty Mites made it two victories in a row at Santa Anna Tuesday night by downing the host junior team 8-2.

The contest was played in intermittent drizzle, and the slippery ball resulted in Santa Anna's two points. The host eleven took the lead in the first quarter on the safety when the Mighty Mites were forced to cover their own fumble in the end zone.

Santa Anna made the thin margin hold up until the third quarter when right halfback Joe Pierce cracked into the end zone on a cross-back from the eight yard line. Left halfback Bruce Adams added the two-point conversion on a blast at the middle of the line. Pierce set up the score with a 60-yard run.

Although the Mites got to keep only eight points, they crossed the double stripe five times, but all but one were nullified by penalties.

Next Tuesday night at 7:30 the locals tangle with the Rising Star Wildkittens in what could be their most severe test of the season. Coach Don Wiggins said Tuesday night, "They are tough." Rising Star has a perfect record in three outings this season. The game is to be played at Rising Star.

## Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors . . . plus a lot of invisible ways to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting . . . self-adjusting brakes . . . Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

GO CORVAIR for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

It's Chevy Showtime '63!—See four entirely different kinds of cars at your Chevrolet Dealer's Showroom

County Agent Tells About Coming Tour

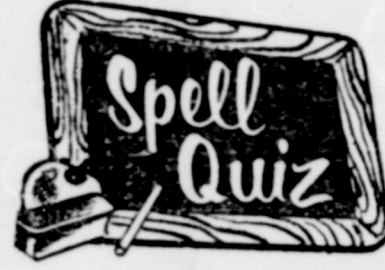

County Agent Travis Allen says that latest research developments at the Texas Experimental Ranch will be presented to the public at a special field day Thursday, Oct. 4, from 9:00 a.m. to 3:00 p.m. William J. (Dub) Waldrip is in charge of activities at the ranch which is located 10 miles north of Throckmorton on U. S. Highways 183 and 283.

The morning program will be devoted to guided tours of pastures where important grazing management studies are underway. Visitors also will see the revolutionary "suspension" fence which enables cattlemen to cut fencing costs as much as 30 per cent. The first 100 visitors from counties other than Throckmorton and Baylor will receive free tickets to the noon barbecue.

Highlights of the afternoon program will include discussions by Gerald W. Thomas, dean of agriculture, Texas Tech; Dwight F. Stephens, superintendent, El Reno Experiment Station; Dr. C. L. Leinweber, Department of Range and Forestry, Texas A&M College; and John Matthews, chairman of the Texas Experimental Ranch Committee.

Mr. and Mrs. VOLLIE McDONOUGH visited in Brownwood Wednesday.

By Mrs. B. Crow

Mrs. Geneva Brights and Mrs. Elveda Sikes and Ernest visited Mrs. Leila Gibbs the past week. Mrs. Brights also visited Mr. and Mrs. Voncille Gibbs and Judy.

Visitors in the home of Mr. and Mrs. Blain Odom and Marian Sunday afternoon were: Mr. and Mrs. Gene Finley and Vicki and Travis Allen of Baird.

Rev. and Mrs. W. E. Nowell had Sunday dinner with Mr. and Mrs. James Reynolds and children.

Mr. and Mrs. B. Crow spent the week end at Spur with their son and family, the Dalton Leheys.

Mr. and Mrs. Clarence Smedley, Sharron and Owen of Abilene spent Sunday with Mr. and Mrs. George Blakley.

Visitors in the Oran Bains home the past week were: Mr. and Mrs. Claudell Joy and children, Mr. and Mrs. Oran Bains, Jr. and Dana of Cross Plains and Mr. and Mrs. B. Crow.

Experimental Steers Sought For Studies

Local livestock raisers are advised that the Blackland Experiment Station at Temple is searching for good or choice steer calves to be used in experimental work.

The calves must weigh from 350 to 400 pounds, be Hereford or Angus and knife-castated.

The calves will be grazed for approximately one year, then fed 120 days. They would then be slaughtered and the grazing gains, feedlot gains and cut-out values sent to each breeder.

County Agent Travis Allen asks that ranchers interested in the program contact him for further details.
