VOLUME 11

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, OCTOBER 12, 1933

NUMBER 37

RFC AUTHORIZES BUILDING OF NORTH AND SOUTH ROAD THRU BAILEY CO. NOW UP TO STATE

That the building of a north and south highway through Bailey county from Muleshoe to the Cochran county line has been authorized by the RFC at Washington, was the information received last Friday by the local committee which has been working on this project for some time.

About a month ago this committee went to Austin and presented this road proposition to Col. Lawrence Westbrook for consideration and who gave it his favorable recognition. Since that time two state inspectors have been in Bailey county looking over the situation and needs, both of whom have reported favorably on the committee's representations. Last Friday a letter was received from C. B. Braun, field supervisor for the RFC in Texas, which read as follows:

"We are just advised by the Federal Emergency Relief Administrator that Bailey, Dawson and Yoakum counties are included in the area for emergency road work. We do not know how quickly this work can be gotten under way but I know you will be pleased to have this information."

The plan of the local committee has been one of collaboration between the RFC division and the State Highway Commission wherein the RFC will pay for the labor to be done in improving this particular road and the Highway commission will pay for the necessary expense of materials, their hauling, etc. Last Monday evening the committee went to Lubbock and put the plan before Guy Johnston, division engineer for the state, who immediately gave his approval and stated he would be glad to recommend it to the State Highway Commission.

The committee had been accorded a hearing before the State Highway Commission at Austin for next Monday morning, being first to be heard at the next regular hearing of that body when it meets October 16, and will endeavor to obtain as large an appropriation possible and consistent with needs of the situation for the building of this particular road.

It is now thought that what is known as Unit 1 work may be obtained for this road throughout its entire 30 miles, and the committee will ask that a strip at least 18 feet wide and nine inches thick, after being compacted, be laid with caliche and paved with asphalt for a distance of at least five miles through the sand hills where the upkeep of the road will be the greatest. After authorizing the work, the State Highway Commission, it is not known how long before the work will be started; but it being an emergency relief job, there is no doubt but prompt action will be obtained and work started at the earliest possible moment.

Senate Would Keep Westbrook But It Wants A New Com.

A sub-committee of the Texas senate decided to recommend that Lawrence Westbrook be retained as director of unemployment relief work in this state but that a new commission be named to supervise relief activities.

The new commission would consist of Governor Miriam A. Ferguson and eight other members. One of the commissioners would be appointed by the speaker of the house and another by the lieutenant governor.

The six other members would be John Wood, chairman of the highway commission, T. A. Lower, of Brenham, one of the governor's appointees to the present rehabilitation and relief commission, Claude D. Teer, chairman of the board of control W. D. Cline, of Wichita Falls, President of the West Texas Chamber of Commerce, E. L. Kurth of Lufkin, president of the East Texas chamber, and F. W. Kirk of Houston, president of the South Texas chamber.

The funds would be distributed within the counties by committees selected by the commissioners' courts and approved by the state commission.

The subcommittee was named after the senate had concluded a searching investigation into the past and present administration of federal unemployment relief funds. It was instructed to write a bill to provide for the issuance of state relief bonds to match federal funds and to prescribe the method for disbursing such funds.

The group decided to recommend the issuance of \$7,500,000 of the \$20,000,000 in state bonds authorized by the people in the election August 26.

Citizens of Dallas, Hartley, Sherman and Moore counties have applied for \$750,000 loans from the federal government so they may square up with banks.

\$185,286.00 The Total OF Cotton Checks Received Here Wed.

Another consignment of cotton acreage reduction checks totaling \$29,446.00 was received here Wednesday by County Agent J. B. Waide Jr. Thursday of last week Mr. Waide received \$22,542 worth of cotton checks, making a total of \$185,286.00 of the \$315,700 to be received by cotton farmers in Bailey county.

The total number of cotton checks to be received in Bailey county is 733, of which number 435 have been obtained to date. The government is now sending out checks to those farmers who had previously obtained government loans of some kind.

\$3,403,607.00 IS TAX VALUE OF BAILEY CO.

The total valuation of property in Bailey county for the year 1933 is \$3,403,607.00 for county taxation purposes according to records compiled this week in the tax collector's office. For state tax purposes the valuation is placed at \$2,916,318.80, the difference coming about through the homestead exemption tax law recently effective.

Land values for 426,211 acres is placed at \$2,709,514.00. City property values are placed at \$163,902.00.

Personal property values total \$310,411.00. Railroad property within Bailey county is valued at \$196,522, telegraph property at \$2,730, pipe line property at \$220,500, and bank property at \$7,748.80.

The personal property values of the county have had a considerable drop over that of last year. Land values, also, have been cut for taxation purposes, and owners generally have given in their property value assessments at a lower rate than heretofore.

Government Funds May Be Obtained To Plant For Pasture

J. B. Waide Jr., Bailey county farm agent, is in receipt of a telegram from the Farm Credit department, Washington, D. C., giving a modification of the wheat loan plan, as follows:

"Regulations covering winter wheat loans hereby modified to permit such loans for winter pasture up to maximum of 80 acres in cases where wheat not grown on land during previous four years, provided first lien is taken on livestock to be apportioned. This security required as these loans are fed rather than crop loans." Signed by A. S. Hewett, director, Crop Production Loan Office.

This will be welcomed information to many farmers and stockmen of Bailey county who have vacant land and desire to use it for pasture purposes.

GOVERNMENT TO HELP FARMERS SELL COTTON IS NEW PLAN

Announcement is made by John S. Andrews, field supervisor, for this district, that he will be in Muleshoe on Monday and Tuesday afternoons to meet farmers having government loans they wish to pay off, the time being changed from announcement made last week.

Mr. Andrews also states that where farmers want to sell their cotton before receiving their government check they may do so by making a written statement in duplicate to J. B. Waide Jr., local county farm agent, authorizing Mr. Waide to collect their loans in full from their check when it arrives. The duplicate of this authority will be given the borrower to present to any cotton buyer who may advance them \$20 per bale until the loan has been paid in full.

MORE LABORERS NEEDED

There are still a great many men needed for labor on construction work on State Highway No. 7, which is soon to be started in Bailey county, according to Pat R. Bobo in charge of employment.

The Federal Bureau of Roads requires that such highway labor must be employed from within the counties where work is being done, as far as possible. The quota of needed men for Bailey county is 80.

Birds of a Feather

By Albert T. Reid

BODY OF SLAIN MAN WAS FOUND SUNDAY, MILE EAST OF FRIONA HAD BEEN DEAD ABOUT TWO MOS.

The body of an unidentified man bearing two bullet wounds through the head and with the skull fractured was discovered Sunday afternoon by a Mexican shepherd, Antonio Gomez, one mile east of Friona and 150 yards south of Highway 33.

According to Sheriff W. W. Ball the body was almost completely hidden in weeds into which it appeared to have been thrown nearly two months ago. It was lying face upward with arms outstretched and was badly decomposed.

Gomez made the discovery while herding sheep in the vicinity.

Sheriff Hall, accompanied by County Attorney Perry Brown of Pecosville, Justice of the Peace L. H. Ruth, and Nightwatchman Charles M. Jones, of Friona went to the spot where an inquest was held.

The body was clad in overalls, blue shirt, silk underwear and socks. No shoes were found on the body or nearby.

Nothing by which identification

could be made was located. Articles in the pockets included a handkerchief, small knife, an aspirin box, matches, chewing tobacco and two sheets of blank paper.

The man was described as appearing to be about 50 years of age, 5 feet and 8 inches in height and as having red or sandy hair tinged with gray. One upper front tooth was missing. There was one gold upper tooth and four others filled with gold.

A hole in the skull just above the eyes was believed by officers to have been made by a .38 calibre bullet. A similar hole was in the rear of the left temple and another in the right temple, indicating that one bullet had gone completely through the head.

There was a small crushed spot in the forehead near the right hole. A fracture extended from the left temple to the right of the right ear.

According to Sheriff Hall, the body will be held here for several days while attempts are made to identify the body.

Damon Will Head The County Co-Op For Wheat Growers

At a meeting of wheat growers held at the court house Monday night the Bailey County Wheat Growers Co-operative association was formed and officers elected as follows: Henry Damon, president; A. G. Gaede, vice-president; Wm. T. Watson, secretary; Jess Osborne, treasurer. It was also voted that these officials should constitute the directory of the association that necessary expenses may be held down to a minimum, and they will also act as the allotment committee.

It was voted to accept the average past five year yield as the basis of computation and such plan was submitted in duplicate to J. B. Waide Jr., local county farm agent, authorizing A & M college for acceptance at Washington.

There will be about 20 members in this organization, the time for accepting membership closing next Sunday. It is now estimated that approximately 4,000 acres of wheat will be taken out of production in this county through the organization.

DUCKS ARE COMING

The frequent passage of ducks over Muleshoe during the past week indicate the early arrival of winter. Several lakes in this vicinity are reported having ducks on their surface at various intervals.

In three counties in the Rio Grande valley there are 692 people on the assistance list of the Red Cross society.

Muleshoe Wins From Morton In Good Game Fri.

Muleshoe High school football team beat the Morton squad of pigskin tossers 32 to 0 on the Muleshoe field last Friday afternoon. It was the first game of the season for the visitors and the second played by the home team, Muleshoe winning the week before from Amberst.

Not knowing the skill of the visiting players, Coach Stevens started the game off with a full lineup of first string players; but beginning with the second quarter these lads were all taken out and replaced by second string men who continued the winning streak.

Tony Ivey made the first touchdown and for his good fortune received a brand new dollar bill from the Journal which had been offered to the man making the first touchdown of the season on the home diamond.

First string men again played in the third quarter, while there was a general mixture of first and seconds in the last quarter.

There was a good crowd attended the game. Morton was represented by 115 pep squad of girls, and while small in number yet they made up in the zip and tobacco sauce they put into the yell. There was a big crowd of Muleshoe High school girls out to boost for their home team, doing the job in excellent manner.

Play Olton Friday

The game to be played here next Friday with the Olton lads is going to be a hotly contested one. Olton always has a good team and this year is no exception. They have been playing some top-notch football already and will prove worthy opponents for the Yellow Jackets when they come together. The attendance of a big crowd of home people is urged to be present Friday afternoon Coach Stevens is putting his lads through some strenuous workouts this week in hopes of winning three first straight in a row.

GILBREATH PUTS IN THIRD STORE IN SOUTHERN BAILEY

Operating under the firm name of J. T. Gilbreath & Co., Mr. Gilbreath groceryman, is this week putting in his third store in Bailey county at Wilson, near the southern county line. It will be under the management of E. B. Gilbert. Gilbreath has another store at Enochs.

At the Wilson store a general stock of merchandise will be carried. That point is rapidly assuming proportions of a small town. Located near the school house there has also been built a cotton gin this year, a service station installed and several residences erected. The country surrounding is quite thickly settled.

The fellow who named it a lawyers brief was a poor judge of length.

Contractors To Start Work On Highway 7 Thurs.

Fred Hall, T. E. Threadgill and Luther DeBord, of Waco, representing the Hannah & Hall Contracting Co., that city, were in Muleshoe, Monday morning making arrangements for work on State Highway No. 7, they having been awarded the contract for that work in Bailey and Farmer counties by the State Highway Commission.

They plan starting work about Thursday of this week. They will bring with them about two workmen who will be foremen of the job, employing all other labor in the two counties where they operate. There will be about 80 men needed on the job, starting with about 60 working them in two shifts, of three days each, some being used as laborers and others as teamsters.

The plan now is to start the work just west of Muleshoe at the city limits and working on west toward Farwell, leaving the highway in Muleshoe for later consideration.

The contractors expect to use some of the county machinery on the job. It is estimated that 50 days will be required to complete the work.

Mrs. A. McReynolds Died Tuesday Night From Typhoid Fever

Following a lingering illness from typhoid fever, from which she had been suffering for several weeks, but had practically recovered, Mrs. Allan McReynolds suffered a relapse a few days ago and died early Wednesday morning at her home one mile north of Muleshoe.

Her death came as a distinct shock not only to members of the family but also to a large number of friends and acquaintances here who knew nothing of the relapse she had suffered.

Before her marriage to Mr. McReynolds, she was Sally Lou Tomberlin, being born in Point, Denton county, this state, September 23, 1890, and was, therefore, past 33 years of age at death.

She was married to Mr. McReynolds February 1915, and to this union there were three children born, two of whom are still living. They have resided in Muleshoe for the past five and one-half years. Mr. McReynolds being in the mercantile business. For several years deceased has been a member of the Cumberland Presbyterian church.

Funeral services were held Thursday afternoon from the Methodist church, Rev. E. C. Ramey, pastor, officiating, and interment of remains made in the Muleshoe cemetery a few miles northwest of town. Aside from many local friends and acquaintances there were also a number of immediate family relatives who attended the funeral.

Shortage Of The Potato Crop Will Favor Farmers Here

While grains take the lion's share of the daily market news, the humble potato, which is all but ignored, is of more importance to most consumers than the cereals. Consequently, it is disappointing to note from estimates of the Department of Agriculture that this year's crop will only be about 59 percent of the normal. Heat and drought are to blame.

The department estimates on the basis of September 1, 1933 crop will total approximately 244,000,000 bushels. Last year's crop was 358,000,000, and also was short. There is every indication that potato prices will be higher without any artificial assistance from federal agencies. While this will add to the problems of the consumer, it will be a factor in farm relief in the first order. It is stated by the department that nearly one-third of American farmers grow potatoes. In 1929 the crop came from 2,982,777 farms out of a total of 6,288,646 farms of all descriptions in the country.

Excellent Irish potatoes are produced in the Blackwater valley around Muleshoe and the crop this year is going to be no exception. Only a few have been dug in far south of the basis of present market value they are producing from \$150 to \$250 per acre.

WHEAT PLAN CLOSES OCT. 15

Applications for contracts on the federal wheat acreage reduction plan must be in by October 15 as the campaign will close on that date, according to information received by J. B. Waide, county agent.

There have been only about 28 applications made from Bailey county to date, he said.

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor. I. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Advertisements are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

AN OPPORTUNITY

Lieutenant Governor Edgar E. Witt last week issued a special appeal urging a back to the farm movement wherein a portion of the \$20,000,000 recently voted in Texas would be used in buying and outfitting small farm tracts for needy people who desired to get back onto the soil where they would be insured a living. The plan is to spend this money for small tracts of land, some for a 3-room house, cow, chickens, small barn and a certain amount for necessary living expenses until such a time as production begins. It's all in the form of a \$1,000 loan to each borrower, the property standing good for the repayment. It is understood there are already three places in Texas being considered for this project, none of them in the irrigated section and none in this part of the state, and we believe this is an excellent opportunity for this country to get more population, aid humanity and confer more of the range land of this section to farm land.

The ex-war veterans of Dallas now have this pain before the Governor for his consideration. Why not the American Legion here give similar consideration to such a plan. There is no where else in Texas that good land could be bought more reasonable, fine crops more assured nor such a new

settlement greater appreciated than in Bailey county.

RUSSIAN RECOGNITION

More than a month ago the Journal published an editorial setting forth some of the analogies existing between Russian five year plan. It is declared we have already taken the initiatory steps toward an institutional form of government over here somewhat like that of the country north of the Ural range, but in which we will try to keep all liberties possible instead of surrendering all of them as they have done in Russia.

Frankly, it is our belief that Russian government should have been recognized long ago, for that de facto government has long ago demonstrated its stability. This country has no business trying to control the form nor personnel of any other government; that is a matter for their own people to decide.

We believe prompt recognition will be more pleasing to the masses of

GOVERNMENT PLANS A 25 MILLION COTTON CROP FOR 1934-35; WILL LOAN FARMERS 10 CENTS A POUND

College Station.—Details of the new 1934-35 cotton plan to be offered South ern cotton growers by the Agricultural Adjustment Administration were received here in a telegram to O. B. Martin, director of the Extension Service, from C. A. Cobb, chief of the Cotton Section. The plan contemplates a 25 million acre crop next year, cash rentals from the land left unplanted with cotton, county production control associations of farmers, no plow-up campaigns, small parity prices for at least a part of next year's crop.

Secretary Wallace also offers to cotton producers loans of 10 cents per pound on their present crop to enable production until their cotton until prices are nearer a fair exchange value. The new program will allocate the acreage by states among cotton farmers and restrict total plantings to approximately 25 million acres per year. This is expected to be about 60% of the five year average for 1928 to 1932 inclusive, and this will be the basis on which allotments are made to states and counties. The grower will be compensated in part by cash rentals for the land left out of production on a sliding scale based on the productivity of the land, payments ranging from \$2 to \$11 per acre. The big feature of the new plan, according to Mr. Cobb, is the domestic allotment clause which provides that a producer shall receive approximately parity prices for that part of next year's crop consumed in the United States. Payments are to be based on the proportion of the 5-year average production which is domestically consumed.

The new program will operate through county cotton production control associations through which growers will enter into contracts for 10 years with the Secretary of Agriculture. The acreage to be planted in 1934 is to be determined on or before January 1st next. Compensation for 1935 reductions is to be on the same basis as for next year. Reductions for 1935 in acreage will not be more than 25% of the five-year average acreage, Mr. Cobb said.

Limit 25,000,000 Acres. The limit to be planted in cotton next year will be 25,000,000 acres, according to Henry Morgenthau, Jr., governor of the farm credit administration. This would make next year's crop 5,000,000 acres less than this year's and 15,000,000 under the normal planting.

Morgenthau says that all farmers who have pledged cotton as collateral for seed and crop production loans prior to this year's crop will be notified to sell their collateral cotton at once in liquidation of these loans that are past due. For every bale of cotton so sold, a bale of long futures will be bought, as authorized by the agricultural adjustment act. The long futures contracts will provide the Secretary of Agriculture with cotton for carrying out the acreage reduction program, but the transaction will result in no net sales or purchases, Morgenthau said.

"The plant," he explained, "is that all the collateral cotton, other than that which is security for loans for 1933 production, will be sold by Nov. 1, thereby saving the farm credit administration hundreds of thousands of dollars in carrying charges over what would be incurred if the sale of this cotton and the liquidation of these loans were delayed."

Sale of the cotton also will place approximately \$36,000,000 in a revolving fund for creating twelve production credit corporations, one to be located

American people, a good political mood and result in considerable increase in trade between the two nations. Doubtless several million dollars of RFC money could be used by Russia now for the buying of American products.

LOOKING AHEAD

When Gen. Johnson of the NRA tells the coal producers that a raise of even \$2 a ton in the retail price will bring a federal protest, it's time cotton and the liquidation of these loans were delayed.

At any rate, this winter's fuel is going to cost more—some predict it will be 40 percent more—than it cost last season. In the face of this it's a wise man who puts in a full winter's supply right now. It is going to be plentiful, because under the new code there's money in getting it out of the ground for both the miner and the mine owner.

As usual, the consumer will be the "goat" for every bit of the added cost will come out of his pocket. It seems that with coal, as with a good many other commodities, the sensible thing to do is to buy now and buy plenty while you are at it.

Nor With a Road Hog Present-day Americans have no time for hating, says an author, who may have had no recent experience with a street car whistler.—Pittsburgh Post-Gazette.

in each Federal Land Bank District. Approximately 589,000 bales of cotton are involved.

Rental payments will be paid next year for land producing as little as 75 pounds of cotton per acre. In this year program, land producing less than 100 pounds was not eligible for consideration.

The schedule of payments in the 1934 program follows: For land producing approximately 75 to 125 pounds per acre, a rental of not over \$3 an acre; from 150 to 200 pounds, a maximum of \$5; 225 to 300 pounds, a maximum of \$7; 325 to 400 pounds, a maximum of \$9 and for land producing 400 pounds and over, a maximum of \$11.

The amount of the cash rental will be determined by the county associations, subject to the approval of the adjustment administration.

County Agent J. B. Waide Jr. has received instruction to begin action on the 1934 cotton reduction acreage plan and will start about the first of November.

Pavement Pickups

Neil Rockey, of the Muleshoe Motor Co., says "Many a man who used to be determined by the county association who burns the road."

Muleshoe has a new physician, and according to report now going the rounds, one of our citizens called upon him a few days ago to find out what was the matter with him. After a careful examination, the doctor told him he had a floating kidney. The citizen was terribly disturbed by the diagnosis, and knowing a meeting was in progress at the local Baptist church went to the evangelist and asked him to request the prayers of the congregation in his behalf. "I don't know about that," said the evangelist rather doubtfully. "I'm afraid that at the mention of a floating kidney the congregation would be inclined to laugh. I don't see why they should," replied the suffering citizen. "It was only a couple of nights ago I heard you praying for loose livers."

If a number is called a herd and a number of sheep is called a flock, then young McCarty in the Western Drug store thinks a number of camels should be called a carton.

It didn't happen in Muleshoe: Officer—"Hey, you can't turn around in the middle of the block." Auto driver—"Oh yes, I think I can officer, just give me time."

J. T. Gilbreath started eating his dinner backward at the Kiwanis club meeting last Friday. Some one asked him why he was eating his ice cream first and his soup last. "Well, you see," he replied, "my stomach has been upset all morning, so I thought I'd better eat it that way so it would be in the proper relative position after I was through with the meal."

Dee Moon, negro who farms for R. L. Brown, was in town the other day and telling of a terrible accident he recently had. He said the night before he dreamed he was walking alongside of a whole lake of gray and there wasn't a biscuit within 50 miles.

It happened at a missionary society meeting the other day: "She told me you told her that secret I told you not to tell her." "The man thing," I told her not to tell you I told her." "Well, I promised her I wouldn't tell you she told me, so don't tell her I did."

Pat Bobo declares he knows some folks in and around Muleshoe who oppose the 40-hour week on the grounds that it is unfair to add 39 hours to their weekly labor.

Gib Wollard used very much on war, but he says "one thing is dead certain, if we do have another one the cooties will all be tickled pink."

J. C. Weaver says one trouble with this country is that when a farmer sells a bushel of anything he is paid for a peck, and when the consumer buys a peck of anything he has to pay for a bushel.

H. A. Eckler says the railroads have their side of the story. It costs them considerable money for steam to whistle careless motorists off the tracks.

Jaunty Journalettes

No Muleshoe man is really old until he can tell the state of the weather when he wakes up in the morning.

As a general thing, a dyspeptic is just an ordinary Muleshoe man who has lost faith in his stomach.

About the gloomiest picture we could imagine around Muleshoe would be some school houses with the windows boarded up.

With their rice if eggs now going up, we wonder if it is possible that

REMEDY REMOVES CAUSE OF STOMACH GAS

Most stomach gas is due to bowel poisons. For quick relief use Adierka. One dose cleans out body wastes, tones up your system, brings sound sleep. Western Drug Co. Adv.

the hens around Muleshoe are now laying under an NRA code.

No Muleshoe man with good sense will say everything he thinks. He never knows when he might want to run for office.

The greatest trouble with auto wrecks around Muleshoe is the fact that generally the fellow who is at fault doesn't have enough money to pay for the damages.

SNAP SHOTS

One reason the rural sections are short of doctors is because out of the country a doctor can't very well wear a white coat and specialize on the left ear.

One reason the middle class of folks is the hope of the world is because that class is too proud to sin with the lower class and too poor to sin with the upper class.

Old Dobbin has his faults, but he didn't leave the road and roll over three or four times when a bee or wasp got in the buggy.

Ever missed one joy in the garden. There were no women to envy her the man she got.

The better they are treated the more birds we are going to have. And that is especially true of jail birds.

The magazines now advertise stuff to cure the bad smell of everything except politics.

Further evidence that the financial situation is improving is that no Wall Street broker has jumped out of a twentieth story window for several weeks.

The old horse and buggy may have had its faults and disadvantages, but bandits didn't get license plates off of them to help stage bank robberies.

Even if man's prayers for prosperity were answered, in nine cases out of ten he'd rob the Lord of all credit and attribute his success to his own cleverness.

EASTERN STAR MEETING

A called meeting of the Eastern Star will be held in the Masonic hall here Monday night of next week for the purpose of initiating two candidates into the mysteries of that order. All members are urged to be present.

WHAT DO YOU WANT IN YOUR NEW CAR?

1. BEAUTY?
2. COMFORT?
3. ECONOMY?
4. RESPONSIVENESS?
5. SAFETY?
6. LONG LIFE?

LET'S TAKE THEM AS THEY COME!

1. BEAUTY.—Long, low, sweeping lines and graceful curves—wonderfully combined richness and simplicity—style and dignity.
2. COMFORT.—112-inch wheelbase permits more body length and breadth—more head room and leg room. Adjustable driver's seat—full vision windshield—sunvisors—ventilating windshield—cowl ventilator—transverse springs—hydraulic shock absorbers, double acting and automatically controlled.
3. ECONOMY.—Low first cost—low upkeep (20 miles per gallon and practically no oil consumption) 12,000 mile free service. Exchange policy on motor, carburetor, ignition, brake shoes, etc., offers repairs at less than 1-10 of - cent per mile.
4. RESPONSIVENESS.—Absolutely no effort to drive—lightest touch steers it—glide thru traffic—shorter turning radius—positive, soft, quick-acting brakes.
5. SAFETY.—All steel body—one-piece steel wheels—torque tube and radius rod drive—"X" type heavy frame, double channel—self-centering brakes—safety glass—low center of gravity.
6. LONG LIFE.—Roller bearings thruout chassis—Bonderized steel before painting (prevents rust)—insulated chassis—40 different kinds of steel used—rustless steel bright metal parts—and many more.

MOTOR CO.

METHODIST CHURCH
 Sunday school at 9:45 a. m. There were a few who were to be promoted that were not present last Sunday and that may be attended to next Sunday. The pastor will preach at 11:00 a. m. We regret it must be necessary to have service next Sunday night, continuing with the services at the Baptist church. This date was set by the Presiding Elder two weeks before we knew this meeting was going to be, and then he has two other engagements connected with this one and the people of two other churches, and it was too much to change to rearrange all these when we are so near the close of the work of the year and so much to be done.
 We shall have all the services of the evening and at the church hour Rev. Title will preach. Those who have heard him know what a vigorous preacher he is.
 After the preaching hour we shall have our Fourth Quarterly conference, at which time the reports of the whole year will be made, also reports for the last quarter of the year. There will also be the election of officers of the church for another year. The board of trustees are the only officials in the local church that hold office longer than a year without reelection.
 We have tried to get ballots to each voter of the church so that each one could have a voice in the management of the work of the church. We hope that each one will get these ballots

filled out and returned to us as soon as possible, as this ballot must be completed as soon as possible and we are not going to have much time for all there is to do.
 We regret it has not been possible for us to take the children out on the Sunday afternoon hike due to other matters coming up and conditions are such now that we shall not be able next Sunday for this, but we shall try to keep the next Sunday afternoon open. This is not a picnic on Sunday but a chance for these youngsters to get out of town and take some exercise which is both needful and religious.
 The pastor is making another call for any books that may be loaned out for any reason and should like to get them in if you have finished with them; if you have not finished may we know where they are and what you have. We have one book misplaced which we would like to get back at once, it is Vash Young, "A Fortune to Share."
 We are still plowing on the conference collections and hope that people in budgeting their money and shuffling their financial cards will make a liberal plan for these much needed funds.—E. C. RANEY, Pastor

Waiting Long Ago

WILL TOP with PHILLIPS
Phillips 66
Best for your car and pocketbook

No argument about it! Here is the gasoline which has won friends faster than any other in the history of motorism.
 It is the gas with every premium quality you need, want, and are entitled to get for your good money in these days of thrift.
 As an experienced and observant driver, you can prove for yourself that all gasolines are not alike. Just try one tankful of Phillips 66. You quickly feel the difference... your engine feels it... but your pocketbook doesn't!... Because Phillips 66 costs not a single cent extra. It sells at the price of regular gasoline.

Yet you get honest **HIGH TEST**—the gravity range this month is 63.5° to 69.5°.
 You get **HIGHER ANTI-KNOCK**—official 70 Octane, highest anti-knock value possible at regular price.
70 OCTANE GRAVITY
 from 63.5° to 69.5°

You get **CONTROLLED VOLATILITY**—the scientific method pioneered by Phillips which prevents weather-changes from affecting power, pep, and mileage.
 Note that these statements are not vague claims dressed up in high-sounding words. But facts, FACTS backed up by definite figures.
 Make sure that you are not passing up far finer performance and actual savings in money, by stopping for gas at the Orange and Black 66 shield.
Phillips 66 is made by the world's largest producer of natural high gravity gasoline

"HIGHEST TEST" AND "anti-knock" at the price of ordinary gasoline

Reading Aloud Has Advantages
 Reading aloud may not be a popular diversion any longer, but it still possesses many good features, chief among which is the fact that it tends to make one use the ear more than the eye. Most human beings are in danger of becoming too eye-minded, as the phrase has it.

SHERIFF'S SALE
THE STATE OF TEXAS,
 County of Bailey, Texas, do hereby give notice that by virtue of a certain Order of Sale issued out of the Honorable District Court of Motley County, on the 28th day of February, 1933, by Mrs. Minnie Smith, County Treasurer of Motley County, Texas, of said Motley County, Texas, for sum of Seventeen Thousand Nine Hundred Thirty and 17/100 (\$17,930.17) Dollars and costs of suit, under a judgment, in favor of Mrs. Minnie Smith, County Treasurer, Motley County, Texas vs. G. T. Oliver, J. E. Brannen and J. A. Huckabee, placed in my hands for service, I, Jim Cook as Sheriff of Bailey County, Texas, did, on the 2nd day of October, 1933, levy on certain Real Estate, situated in Bailey County, Texas, described as follows, to-wit:
 Subdivisions Nos. Two, Three, Six, Seven, Eight, Twelve, Thirteen, Nineteen, Twenty-two, and Eleven in League No. 178 of the Motley County School Lands as shown by the plat of said land and the subdivisions thereof now of record in the Deed records of Bailey County, Texas, and levied upon as the property of G. T. Oliver, J. E. Brannen and J. A. Huckabee and that on the first Tuesday in November, 1933, the same being the 7th day of said month, at the Court House door of Bailey County, in the Town of Muleshoe, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of G. T. Oliver, J. E. Brannen and J. A. Huckabee.
 And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County.

Witness my hand, this 2nd day of October, 1933.
JIM COOK, Sheriff Bailey County, Texas.
 October 5, 12, 19, 1933.

Bailey And 6 More Were Given Federal Terms Last Sat'day

Sentences of life imprisonment were imposed last Saturday upon four defendants convicted of the \$200,000 Charles F. Urschel kidnaping. They were Albert Bates and Harvey Bailey, convicted as two of the actual kidnapers, and Mr and Mrs. R. G. Shannon, upon whose farm Urschel was held nine days.
 Armon Shannon, son of the couple, received a 10-year suspended sentence from Judge Edgar S. Vaughn, and two Twin Cities men named as "money changers" in the case, Edward Berman and Clifford Skelley, were sentenced to five years each under the "Lindbergh" law. All seven defendants were found guilty by a jury last Saturday a week ago.
 Meanwhile George Kelly, accused as another of the actual kidnapers, and his wife, Kathryn Kelly, pleaded not guilty on the kidnaping charge.
 Judge Vaughn gave R. G. Shannon 60 days in which to adjust his affairs before going to prison.
 Mr. and Mrs. Urschel were in the courtroom.
 The three Shannons, Bailey and Bates, arose in a group to hear their sentences. All were calm, but Kathryn Kelly's face had a stare of despair as she heard her mother, Mrs. R. G. Shannon, sentenced to prison for "the term of her natural life."
 Armon was directed to hold himself in readiness to appear as a witness in Kelly's trial.
 Attorneys for Berman and Skelley gave notice of appeal. The Minneapolis men are under \$25,000 bonds.
 Bailey and Bates will be taken to prison immediately, federal authorities said. One will go to Leavenworth penitentiary, the other to Atlanta prison. It was not disclosed which one would go where.
 Mrs. Shannon will remain in jail ten days to execute papers disposing of her property. "Boss" Shannon was ordered released under \$10,000 bond during his 60-day leave.
 As George "Machine Gun" Kelly was being marched from the federal courtroom he turned to Charles F. Urschel, who was seated near the front, and

mumbled through a sneering smile: "You'll get yours yet, you..."
 As he spoke, Kelly drew his index finger across his own neck in a throat-cutting gesture.
 An officer quickly hustled Kelly outside.
 Urschel ignored Kelly's remark.

STATE HEALTH DEPT. WARNS AGAINST FAKE CANCER CURES
 Austin, Texas, Oct. 10.—"The increasing number of persons in Texas dying from cancer, justifies a warning at this time against cancer quacks and so-called cancer cures. While newspapers, as a rule, do not carry advertising of this type, there are many other ways by which misinformation can reach the public. Undoubtedly there are many persons who, being thus detoured from seeking proper advice, unnecessarily become cancer victims, while others not having cancer, are fleeced out of much money for a cure," stated Dr. John W. Brown, State Health Officer.
 "There are but two ways of treating cancer: First, by surgery; and second, by the use of radium or X-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage in one-third of the cases. Frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves, and diets are valueless."
 "The great bulwark against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice until beyond a permanent cure. No hope should be placed in fake cancer prophets and their treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: Any unusual bleeding from any body opening, any lump in the breast or other part of the body, any persistent sore, particularly on the face; mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your physician at once."

Pain Relief In Minutes
 Demand and Get

BAYER
GENUINE BAYER ASPIRIN
 BECAUSE of a unique process in manufacture, genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY. You take them. Thus they start to work instantly. Start "taking hold" of even a severe headache, neuralgia, neuritis or rheumatic pain a few minutes after taking.
 And they provide SAFE relief—for GENUINE BAYER ASPIRIN does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Look for the Bayer cross on every tablet as shown above and for the words GENUINE BAYER ASPIRIN on every bottle or package you buy.
 Member N. R. A.
GENUINE BAYER ASPIRIN DOES NOT HARM THE HEART

GLASSCOCK BIRTHDAY PARTY
 A delightful birthday party was given last Sunday at the UVN ranch honoring Mrs. Maurice Glasscock. Those attending brought covered dishes containing appetizing eatables, and at one o'clock noon a big feast was enjoyed, after which nearly everyone present went boat riding.
 Among those attending were Mr. and Mrs. Maurice Glasscock, Mr. and Mrs. Harvey Moore and Family, Mr. and Mrs. J. S. Glasscock, Mr. and Mrs. Jack Lawler and children, Mr. and Mrs. W. B. Carles, Mrs. Lorena Kennedy, Miss Crystal Kennedy, Pauline Glasscock, Ardath and Nellie Gilbreath and Clarence Shatrick, Mildred Moore, Thurman, Woodrow and John Glasscock, Gilbert Gilbreath, Arthur Haley and sons and several of the work hands on the ranch.

HOW FARM WOMEN HELP

You can take the word of Dr. O. W. Warburton of the Dept. of Agriculture, for it that the farm women of the nation have made a valiant effort to maintain a desirable standard of living for their families in spite of the difficult conditions during the last ten years.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Bailey County, Greeting: YOU ARE HEREBY COMMANDED to summon John A. Perryman, and the heirs and legal representatives of the said John A. Perryman, whose names and addresses are unknown, Ruby Perryman and Johnnie Louise Perryman, minor by making publication of this Citation once in the Southwest Weekly Citizen once in some newspaper published in your County, if it is a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Bailey County to be held at the Court House thereof, in Muleshoe, Texas, on the Third Monday in November, 1933, at 10 o'clock, a. m., the 20th day of November, A. D. 1933, then and there to answer a petition filed in said Court on the 26th day of September, A. D. 1933, in suit, numbered in said Court as Cause No. 664, wherein Maple Wilson and Ethel Wilson Sanford, and her husband, B. Sanford, are Plaintiffs, and John A. Perryman and the heirs and legal representatives of the said John A. Perryman, whose names and addresses are unknown, Ruby Perryman, Johnnie Louise Perryman, and J. Jordan, are Defendants, and said petition alleges that on the 1st day of January, 1931, the plaintiffs were in possession of and seized and possessed in fee simple the Southwest one-fourth (S. W. 1-4) of Section Twenty-Three (23), Carter Subdivision, Hanford County School lands in Bailey County, Texas, 160 acres of land, and that on the named date the defendants unlawfully entered upon and dispossessed them of such premises, and withheld from them the possession thereof, that the reasonable annual rental value of said premises is the sum of \$400.00 per year.

Lieut. Gov. Witt Favors Loans To Needy For Farms

Lieutenant Governor Edgar E. Witt issued a special appeal to the rural and weekly press of Texas early this week to urge a widespread consideration for the purpose of the recent program of unemployment relief.

Mr. Witt stated the plan seemed most likely to be believed in Texas should use some of her relief money in that way Federal funds provided for the purpose are entirely inadequate, he stated, but supplemented by state funds, it could easily be used to take many thousands of families off the relief rolls of the cities, make them modestly independent, restore their self respect and morale, and make them definite factors in the reconstruction of the country.

At a recent meeting of Methodist ministers, Plainview district, held at Plainview, Bishop Hiram A. Boaz was asked to return Rev. W. L. Tittle, presiding elder, to this district for another year.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

OF THE MULESHOE JOURNAL, published weekly at Muleshoe, Texas, for Oct., 1933, State of Texas, County of Bailey.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Jess Mitchell, who having been duly sworn according to law, deposes and says that he is the editor and owner of The Muleshoe Journal, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Law and Regulations, to-wit: That the name and address of the publisher, editor, managing editor, and business manager, is Jess Mitchell, Muleshoe, Texas.

That the owner is Jess Mitchell, Security holders are Merchants Linotype Co., JESS MITCHELL Sworn to and subscribed before me this 10th day of Oct., 1933. PAT R. BOBO Notary Public, Bailey County, Texas.

Chicago Lays Out Oil Wealth Geologists say Chicago is built on a layer of Illinian dolomite 35 feet thick. It is estimated that one square mile of this rock, one foot in depth would yield some 220,000 barrels of oil.

A HOT RECORD Just think of that car that was driven in Death Valley at 136 degrees—the world's hottest spot. No water, even without the radiator and 1,000 miles in low gear—and all without punishment to the car, because they were using Mobil Oil and Mobil Gas.

Magnolia Petroleum Co. Service Station R. L. BROOKS Jr. Mgr., Muleshoe

General News Over Texas and Adjoining States For The Week

The Eastern New Mexico fair will be held at Roswell, October 18 to 21. Hale county's sheriff department is now equipped with a machine gun. There were 12,224 people to attend the South Plains fair at Lubbock this year.

The net income of the Amarillo fair this year was \$14,664.22 and all cash expenses were paid in full. Littlefield High school squad beat their greatest rivals, Otton, last Friday, 6-0. Littlefield plays Morton Friday.

The J. C. Penney Co. store at Clovis, N. M., was last week broken into and \$120 worth of merchandise stolen. J. M. Martin, former sheriff of Parmer county, has been appointed as federal land appraiser effective last week.

The Red Cross has apportioned an additional \$50,000 for relief of the storm sufferers in the Rio Grande valley of this state. Hickman Price, big wheat farmer in Swisher county, has been made defendant in a foreclosure suit on 320 acres of land in that county.

H. L. Hellwin, formerly of Manhattan, Kansas, is the new county farm agent in Curry county, N. M., taking the place of Ralph R. Will, resigned. A. J. Cook, age 78 years, of Luaders, recently pulled 322 pounds of cotton in one day, standing third in a bunch of 15 pickers in the same field.

Thos. L. Manion has been fined \$100.00 and given two years in the penitentiary for his part in the recent jailbreak of Harvey Batley from Dallas. Stock owners in Floyd county are reported to be having considerable trouble with blind stagers among their horses, a state veterinarian having been sent there to assist in stamping out the disease. The Federal Reserve Bank at Dallas has been equipped with machine guns mounted behind bullet proof shields to protect it against robbers. It is stated all such banks are to be similarly equipped.

Thank Goodness, Jim, COLD WEATHER NEVER DELAYS US! Ann: "Bethy would be late on our first air trip, but as usual when it gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her prompness?" Ann: "Yes, she is very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of gas and oil." Jim: "Well, Ann, you couldn't expect everybody to buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!" Jim: "Guess I'd better get Bill on the phone and see what the delay is!" Ann: "Please do!"

YOU HAVE ONLY A FEW MINUTES BETTY I KNOW JIM BUT BILL JUST GOT THE CAR STARTED AFTER HALF HOUR TRYING YOU'D GO CLERE, I'M SO GLAD! CAR TROUBLE? BETTER TELL BILL TO BUY CONOCO GAS NEXT TIME! Betty: "We had the most awful time, Ann! We were ready to leave in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he rolled the car out of the garage and got some one to push it till it started—and just in time. The car just doesn't seem to work right." Ann: "Isn't the car, Betty, it's the oil and gas Bill buys. Why don't you tell him to get Conoco Green Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant starting and 'Hidden Quar' protection." Betty: "I'm sold!—and Bill will be too just as soon as I get to him!"

CONOCO at the sign of the Red Triangle Full motor protection, especially in cold motor starting, can be found in Conoco Green Processed (Premium) Motor Oil because the protective additives, called the "Hidden Quar" are in your motor and never drains away. Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting, it cannot be exceeded. When planning air for business or vacation, use the Conoco Travel Bureau, Denver, Colo., America's largest Free Travel Bureau.

THE STATE OF TEXAS, COUNTY OF BAILEY, Before me, the undersigned authority, on this day personally appeared Virgie Mae Clark, County Treasurer of Bailey County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct. VIRGIE MAE CLARK, County Treasurer. Sworn to and subscribed before me, this 9th day of October, 1933. (SEAL) J. B. BURKHEAD, Clerk, County Court, Bailey County, Texas. By Reva Mae Williams, Deputy.

GIVEN UNDER MY HAND and the Seal of said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. J. B. BURKHEAD, Clerk, District Court, Bailey County. (SEAL) October 5, 12, 19, 26, 1933. Ad famous last words: "My wife never comes into my private office with out knocking."

Founding of the Circus The modern circus was founded to ward the end of the Eighteenth century by an Englishman, Phillip Astley. 'Cello Made in 1745 Made by Janarius Gagliano, in Naples, in 1745, a violoncello was sold in London recently for \$1,250.

Plant Fails Mistletoe
Mistletoe, which attaches itself to other plants and robs them of food, has found its match in the creosote bush, which has the ability to withdraw the food in its stem, thus starving out the unwelcome guest.

WILL HAVE 240 ACRES UNDER CROP IRRIGATION NEXT YEAR

W. W. Shrimphair and Robert Campbell have leased the farm belonging to Dr. L. H. Connell located about three and one-half miles northeast of Muleshoe, and plan on putting out a large acreage under irrigation the coming year. There was a big irrigation well put down on this place this summer.

"In the first of their crop the coming year will be 100 acres in cotton, 100 acres in sudan, some alfalfa, 20 acres in Irish potatoes, 10 acres in beans and 10 acres in onions."

FRIDAY WINS IN RACES

C. B. Priddy, Spring Lake, won second prize at the Tri-State fair at Amarillo in the running races, also won first and second places in the races at South Plains fair, Lubbock. Priddy has two very fine thoroughbred racing animals which he plans bringing to Muleshoe for next Trades Day to take part in the races scheduled for that occasion.

FINISH COURT HOUSE PAVING

Work of spreading caliche on another block in front of the court house was finished this week under auspices of RFC and marks a considerable improvement in travel facilities. It will be rolled the latter part of the week. This makes six blocks that have been given permanent improvements in the business district of Muleshoe.

HAVE BUYERS!

I have several customers with from \$1,000 to \$2,000 cash looking for land in Bailey county.

List your property with me if for sale. I can get you a buyer in a short time.

R. L. BROWN

"THE LAND MAN"

Muleshoe, Texas

Progress News

Sunday school was well attended. There was a large crowd. There was no church as Rev. Lovitt failed to come. Rev. Bruton delivered a very interesting sermon Sunday night.

The Epworth League was well attended and a good program was rendered.

A quite a number of the young folks of this community attended singing at 'Oklahoma Lane Sunday night.

A large crowd of young folks enjoyed a weiner and marshmallow roast at Horseshoe bend, Thursday night. The crowd gathered at the home of Mr. and Mrs. C. H. Needham and went from there to the bend in the school buses. The evening was spent roasting the weiners and marshmallows, playing games and playing in the sand.

Those attending were: Mr. and Mrs. C. H. Needham, Tom Smith and daughters, Marie and Auden, A. L. Swanson, Lucille Billingsley, Bobby Long, Fern and Edward Gross, Kenneth Burton, James, Floyd and Volena Hoy, Francis Tysl, Ludell and Ada Hogan, Mr. and Mrs. Byron Gwyn, Edward, Margaret and Bentley Gwyn, Miss Blanche Boone, Vernon and Bessie Vinson, Doc and Tip Whitte, Hester and Juanita Kemp, Joe Robertson, of Larlat, Kirk, Violet, Erna Mae and Albert Ray Willard, Ellen McLaren, Gerald and Mansel Taylor, Mr. Rawlins, Ira, Faye and Edd Myers, Coleman Wright, Mr. and Mrs. James McDorman, Howard Gray, Virg Ford, Homer and Grady Jacobs and Lester Volt. Everyone returned reporting a splendid time and wishing for another in the future.

Mr. and Mrs. Marcum and Mr. and Mrs. Reynolds, of Muleshoe, and Mrs. McIntosh attended church at Clovis, N. M., Sunday.

Mr. and Mrs. C. W. Wilhite, of West Camp, spent Sunday with his parents, Mr. and Mrs. F. K. Wilhite. F. K. Wilhite has been seriously ill for the past week.

Mr. and Mrs. W. C. Brown, of Jesko, were in this community Sunday afternoon.

Rev. Jones will preach here next Sunday and Sunday night. Everyone is invited to attend.

Mr. and Mrs. N. T. Ford and sons, Royce and J. C., spent Sunday with Mrs. Ford's mother, Mrs. Kimbrough, of Y. L.—Reporter.

SINGING MEET AT BAILEYBORO

NEXT WILL BE AT LONGVIEW

The Bailey County Singing convention held at Baileyboro last Sunday was widely attended by music lovers, a large number of song leaders also being present and taking part.

It was an all day affair with a big basket dinner served on the grounds at the noon hour, the sessions being mostly in charge of J. M. Bell and Lehman Carpenter.

The next meeting of this kind will be held at Longview the second Sunday in April. The singing decided were J. B. Burkhead, Henry Danron, W. E. Renfrow, Frank Robison and Mrs. S. E. Sims.

FREE BARBECUE AT TECH
Lubbock, Texas, Oct. 10.—A free barbecue will be served to guests at the annual rodeo given by aggie students of Texas Technological college, October 13. This schoolboy rodeo is put on annually for the benefit of the livestock judging team which will participate in national and international judging events at Kansas City and Chicago this winter. The Tech team has made a creditable record in these shows for the last several years.

Goodland News

Otto Lancaster and Ora Wortham were married Saturday in Portales, N. M. They are making their home in the Goodland community. We wish them much happiness.

And by the way take about weanings. Here's the second one in this community; or rather the two lived in this community. Miss Georgiana Richardson, teacher of Goodland school last year and Marshall Cooper were wed at Portales, N. M., Monday. They are making their future home at Idalou where the groom is working at one of the gas there. Congratulations to them!

Cotton picking has started here; school turned out last Friday for that purpose.

Mr. and Mrs. Lloyd Gaddy, of McCamey, have moved here, living with Mr. and Mrs. J. W. Gaddy now.

Mr. and Mrs. Bill Howell, of Olney, were visitors in the Jud Gaddy home last weekend.

Tommy Galt and Lyndell Gaddy were Hale Center visitors, Sunday. Priestly Cooper, of Idalou, visited his parents in the Goodland community, Sunday.

Mr. and Mrs. Doodle Bridges are making their home in the little house on Case Stegalls place.

Mr. and Mrs. Leland Mounts spent last weekend in Hale Center visiting their parents there.

The Cass Stegalls, Lyndell Gaddy and Tommy Galt saw the show in Portales, N. M., Saturday night.

Little Bobby Jean West, of Hale Center is visiting Lyndell Gaddy this week.

LAYNE AND GASTON RETURN FROM ROOF OF NEW MEXICO

Chet Layne and J. C. Gaston returned last week from a trip to the top of the world in northwestern New Mexico, visiting D. H. Rogers, father of John Rogers, this community, former citizen of Y. L. community, and now living at Lundrith, N. M., near the continental divide and on the slope of the mountains about 7,500 feet up in the air.

Layne reports a delightful trip and indications of plenty of game in that section for hunting as soon as the fall season opens. He is contemplating returning there later this fall and may spend some time in that wild region looking after a stock or two of traps.

The men brought back with them five samples of Irish potatoes, cabbage cauliflower, pumpkin, cucumbers, squash, turnips, carrots, cut-overs, Indian and pop corn, all raised by natural rain fall in that mountain area. Local showers during the afternoon in that section are frequent, Layne said.

POSTAL BUSINESS INCREASES

Business transacted at the local post office, during the month of September showed a considerable increase, according to the quarterly report just completed by Mrs. B. W. Carles, postmaster.

However, the quarterly report shows a slight falling off from the previous quarter, due to the fact that the months of June, July and August are the slackest business months of the year and the boost of business during September was not sufficient to overcome the laxity of the other three months.

With economic conditions steadily improving, it is expected the coming quarterly report will show a decided increase of business.

Enochs Echoes

Everybody is getting in a good way of harvesting their crops now. Boll pulling is in full swing.

E. N. (Shorty) McCall and Miss Louise Kelly fulfilled their many friends expectations by getting married this past week. They will make their home in Enoch. They are having a new home built, and Enoch feels proud of another new building. We wish Shorty and Louise lots of happiness and prosperity.

Mr. and Mrs. J. T. Gilbreath from Muleshoe, were visitors in Pat Woolsey's home, Sunday.

Polly Dunlap, of Canyon, was home for the past weekend.

Mr. and Mrs. Matthew Dunlap had the pleasure of having all their children home for Sunday dinner, Mrs. William McFee, Eddie; Mrs. Butler, Lubbock; Johnnie and wife from Waco; Pauline from Canyon; and Bonnie and Woodrow the remaining ones at home.

Mr. and Mrs. Edward Autry have returned from their visit in Oklahoma and report a nice time. They both say the Plains looks better to them than ever.

Several of the people of our community attended the Lubbock fair and all report an enjoyable time.

Mrs. Belle Smith from Lubbock was a visitor in the T. E. Calloway home the past weekend.

Mr. and Mrs. Austin from Portales, visited Mr. and Mrs. O. S. Taylor this weekend.

We are having lots of new comers in this community now. We give them a hearty welcome and hope they all like it well enough to buy or rent and stay with us and help build our town and community.—Reporter.

A woman writer thinks women should be given the job of running the world. Just as if a lot of them weren't trying to do it now.

After all its foolish to accept gossip and rumors when there are already enough facts to keep one interested.

ALL CONTRACTS COMPLETED

County Agent J. B. Waide, Jr., states that all contracts made by Bailey county farmers in the recent cotton acreage reduction plan have now been completed according to agreements, citizens of this county co-operating 100 per cent in the government plan.

More or less failure to complete contracts in some counties have been reported making it necessary for the federal government to send some one in to the fields to do the plowing.

 ● Officers for the Kiwanis club for the coming year are to be elected at the regular meeting Friday of this week. A place for the meeting and eating will also be selected for the coming month at Friday's meeting. The dinner this week will be held at Mrs. Denner's.
 ● Now that football season is on there are going to be several Muleshoers who are going to break out with it every Friday afternoon, ride several miles to see the fight between 22 men over a pigskin and then for the next two or three days afterwards tell just how it ought to have been done.
 ● Ten Catholic sisters from Clovis, N. M., were here Monday to visit the Burrow cotton gin, witnessing the mysteries of separating the lint from the seed. They showed much enthusiastic interest in the operation, all of them gathering samples to be sent to their respective homes.
 ● Mrs. Oscar White, accompanied by her mother, Mrs. L. U. Lawler, returned Sunday afternoon from Temple, where Mrs. White had taken her small son for treatment. She reports the lad to be responding nicely to the treatment and hopes to be able to bring him back home the latter part of this week.

UTILITY CO. TAKES TAX
 Beginning with the month of September, The Texas Utilities Co., operating in Muleshoe will absorb the three per cent government excise tax on current which its customers have been paying.
 Bills paid the first of this month contain part of this tax because of the date of the reading including service for part of August, but bills to be paid November 1 for October service will be entirely minus the tax.—This absorption of the company virtually amounts to another decrease of three per cent in the rate.

NEEDY GET GOVERNMENT FORK
 Col. Lawrence Westbrook, in charge of state RFC relief, has announced that the federal government has allotted 2,810,000 pounds of dry salt pork to Texas for distribution to the destitute unemployed by the State Rehabilitation and Relief commission and

the various county agencies.
 Of this amount Bailey county will get 1,400 pounds, the carload shipment being made to Memphis and this county's portion being hauled here by truck.
Need Only Date Palm
 The importance of the date palm to the peoples of the lands where it is found is better understood when we learn that at one time most of the inhabitants of Fezzan, in North Africa, were entirely dependent on this palm for food, clothing and shelter for more than nine months of the year.
Origin on "John Bull"
 In 1712 Dr. John Arbuthnot wrote a political satire in which he personified several nations. England was called John Bull, France was called Lewis Baboon, Holland was called Nicholas Frog. Only the English name has endured.

LEAGUE DEBATES BULLETINS
 NOW AVAILABLE TO SCHOOLS

Two bulletins covering the Inter-scholastic league debate question for 1933-34 are now available for distribution from the University of Texas Bureau of Public School Interests, according to Roy Bedichek, chief of the bureau. One of these is the debate outline, covering the question, "Resolved: That the United States Should Adopt the Essential Features of the British System of Radio Control." Copies of this bulletin, which contains 234 pages may be obtained for 35 cents each, or three for \$1. The other publication a 361 page volume is entitled "American vs. British System of Radio Control," and is obtainable for 65 cents, postpaid.
 "There is little duplication in these two bulletins," Mr. Bedichek said. "The two cover the League debate question in a remarkably clear and adequate manner, and contain the latest available articles, briefs and other material on the subject."
 Approximately twelve hundred high schools of Texas participate in League debate work each year.

SCHOOL HALLOWEEN CARNIVAL

Preparations are this week being made for a big Halloween carnival by students of the local high school. Recently a copy of the New World Encyclopedia, consisting of 18 volumes, was added to the school library, also a few other books.
 In spite of the interruption of cotton picking season, the school is progressing nicely and new students being added weekly.
