A lady commented to Eddy Edmondson that the Al-Lions resembled a steam rolling machine against Cross Plains Friday night.

"Yes mam, I'm sure they replied the local grid- and in the middle of the line it felt like that was what they were hitting us

The new rest home, for which public showing will be held Sunday afternoon, is about the swankiest thing to come this way in a long time. It affords luxury living for senior citizens and is a valuable addition to the of home

Several local nimrods have returned from annual turkey hunts with trophy bucks but the early season prize belongs to Roy Cox and Dick Dillard. They bagged four bucks and two turkeys opening day and didn't get 20 miles from home.

Good things sometimes originate from situations which seem exactly the opposite. The summer drought throughout the Cross Plains area stimulated a search for underground water and as a result number of significant discoveries have been made in recent weeks.

Not the least of these appears to be the new strike of the City of Cross Plains on the W. T. McClure Ranch. Present indications are that the municipality can develop several thousand gallons per minute in that vicinity, such a supply is needed.

Jack Smith, who lives north of Cottonwood, has just completed a well on his place which produces far more than domestic needs. Some think capable of irrigation.

Mrs. Fred Heyser recently had water on ranch land, miles west of Cross Plains where there are no nearby wells.

A number of other landowners are reported planning to drill holes. It is entirely possible that 1964 may be better remembered as a year of water discovery than one of drought.

Mack's Musicians March Masterfully

To the surprise of none of their local fans, Director Wayne McDonald's Cross Plains High School Band won top rating in marching contests sponsored by the University Interscholastic League in San Angelo Saturday.

Director Wayne McDonald

Thirteen schools competed in Cross Plains' class. Ratings ranged from 1 through 5.

Bands winning the top designation were: Cross Plains, Ranger and Merkel.

Graded Class 2 were: Roscoe, Rotan, Baird, Clyde, Albany, Santa Anna and Eastland.

No assignments were made in Class 3.

Class 4 bands were: Goldthwaite and Jim Ned (Tuscola).

Rated Class 5 was Early of Brownwood.

McDonald, who in 16 years in the profession has never had a band which failed to make the coveted Class 1 rating in marching, said yesterday: "I was never prouder of a bunch of kids than I was Saturday; their performance was all that I had hoped for."

Cross Plains twirlers garnered 13 gold medals and one bronze award at contests in San Angelo Saturday. Gold medals are for high school class and bronze go to junior high winners.

Cross Plains won more twirling medals than any other school. Sue Walker won a bronze medal in her first try at UIL competition. Vickie Hargrove earned a Division 2 rating in her initial attempt.

High school girls winning medals were: Sharla Payne, Sue Edington, Glenda Jennings, Dianna Purvis, Patty Pennell and Terry Baum, all in solo twirling, and Misses Payne, Edington, Calhoun, Jennings, Purvis and Linda Whitton in sextet competition.

Class 2 ratings were garnered by Miss Whitton, Judy Cloud and Vanda Anderson in solo twirling. A quartet composed of Misses Cloud, Anderson, Pennell and Baum also earned Class 2.

Wounded And Bleeding, Lawman Jails Assailant

Ernest Parkinson, 65-year-old Cisco police chief and brother of Mrs. W. S. McCann of Cross Plains, was shot and seriously wounded Friday afternoon, but he jailed the gunman before submitting to medical attention.

Charged with assault and attempt to murder is Chester E. Couch, 40, of Lubbock. He was held in Eastland County jail, pending \$20,000 bond.

Chief Parkinson answered a call to a Cisco pool hall where he found the suspect with a gun in his hand and threatening his estranged wife and two small children.

When the lawman intervened, Couch is said to have leveled a .25 caliber automatic pistol. Parkinson grappled with Couch and the two wrestled to the floor. Two shots were fired. One hit Parkinson in the right shoulder, fracturing his collar bone.

Despite the wound, the police chief succeeded in handcuffing his assailant and took him to jail. He then went to Graham Hospital there, where attendants reported him in serious but not critical condition. His right collarbone is broken and

he was treated for loss of blood and shock.

Couch was picked up and questioned several months ago in Putnam after boasting he was enroute to Cisco to shoot the police chief. Parkinson was notified by telephone and met him at west edge of town, but released him when he found no gun.

Hilton Tarrant Heads County Farm Bureau

Hilton Tarrant, prominent Eula farmer, was reelected president of Callahan County Farm Bureau in a meeting of the or-

ganization's board of directors last week.

Other officers for the ensuing year include: Sterling Odom, first vice-president; Wendell Smith, second vice-president, and F. E. Shelnett, secretary-treasurer.

John Adair Has Recent Surgery

John Adair, well-known Cross Plains area rancher, underwent surgery at M. D. Anderson Hospital in Houston Thursday. Reports yesterday were that he is doing satisfactorily and will probably be brought home this week end.

Mrs. Adair and her sister, Mrs. Henry Wilkes, have been in Houston with Mr. Adair, and his son, Johnny, was there for the surgery and remained until Saturday.

Lowell Johnson of Oplin was appointed to fill a vacancy on the board of directors. Other new members of the directorate, chosen at the recent annual convention are: Forrest Franke, Baird; W. J. Hannaford, Clyde, and Weldon Isenhower, who lives north of Putnam.

Directors of the FB meet the third Thursday night in each month.

Mr. and Mrs. Harold Hinkle and son were in Brownwood Sunday.

Open House Set At Rest Home Sunday

Colonial Oaks, a new home for the elderly, said to be one of the most modern facilities of its type in this section of Texas, will hold open house Sunday afternoon from one until five o'clock.

The ultra-modern installation, constructed and equipped at a cost of \$75,000, is owned by Col. Raymond Lee and Bill J. Gregg. It is located at the east end of 14th Street in the north-east part of Cross Plains.

Colonial Oaks has accommodations for 30 persons and will employ a staff of 14, including Lee, who will serve as manager.

Reservations are said to have already been made for 17 persons and first residents will be moving in Monday morning.

Private 'Phones

The home has 20 rooms, 15

bedrooms, parlor and recreational room equipped with television and piped in religious services from local churches, dining hall, kitchen and private offices. There are seven bath rooms. The kitchen is all-electric with double ovens, dishwasher and garbage disposal units.

Each bedroom is equipped with telephone service and nurses aids may be summoned merely by lifting a receiver. A PBX board is to be constantly attended. The entire building is central-heated and cooled by refrigerated air. In each room there is a control switch for regulating temperature to the pleasure of occupants.

The staff of 12 will work eight-hour tours.

Three Full Shifts

Mrs. Viola Atwood, who has been with Callahan County Hospital at Baird many years, will be head nurse and oversee the shift from seven in the morning until three in the afternoon. She is a Licensed Vocational Nurse.

Aides on duty during the first shift will be Mrs. Bob Starr and Mrs. Elizabeth Starr. From 3 p.m. to 11 p.m., Mrs. Floyd Smith will be the LVN in charge. Mrs. Jack Arledge will be the assistant at that time. From 11 p.m. until 7 a.m., Mrs. Fred Coffey and Mrs. Leeman Underwood will be on duty. Mrs. Elvis Scott and Mrs. A. L. Breeding will work relief on various shifts.

Kitchen personnel, who will be equipped to follow rigid diets of particular patients as well as prepare and serve individual orders, will include: Mrs. J. D. Dallas, Mrs. Henry Wilkes and Mrs. Glen Wooten.

Mrs. C. V. Dickson will have charge of the office, serve as receptionist and act as assistant to the owners in management.

Building custodian will be Bill Graham.

Modern Furnishings

Furnishings at the rest home are ultra-modern and functional. Rooms are equipped with Hollywood type beds, inner-spring mattresses and box springs, or hospital-type beds, depending upon the need of individual occupants. All furniture is new and matching.

Three types of residents are to be accommodated at the rest home. (1) custodial residents — those who come and go, merely there for meals, lodging and companionship, will be rated at \$160 monthly. (2) ambulatory residents, those able to take meals regularly in the dining area and requiring a minimum nursing attention \$171 monthly. (3) residents requiring more intensive care and less ambulatory \$191.

In cases of persons receiving Old Age Assistance, the classification into which they fall will be determined by representatives of the State Department of Public Welfare. Persons not on public assistance will negotiate their own classification with management of the rest home.

Schedules May Change

Present working schedules and many opening day plans will necessarily be altered as time passes, said Lee and Gregg yesterday, to improve efficiency and better serve residents.

"We have had so many details and so little time to get every thing worked out," the owners said, "that we feel certain many alterations will be required."

Lee and Gregg urged every resident of the Cross Plains area to make an effort to attend the formal opening Sunday afternoon, opining that they believe people would like what they will see and be proud of the rest home as a valuable addition to the community. Residents will be served.

3 Inch Rain Falls Over Area Tuesday

Slow, gentle rain, measuring up to three inches, blanketed the Cross Plains area late Monday night and Tuesday morning.

Most stock ponds caught water and grain fields and winter pasturage were benefited.

In Cross Plains S. F. Bond, official observer for the Weather Bureau, gauged 2.30 inches, however, Fred Tunnell, who lives in the north part of town, reported a half inch more.

Reports from over the Cross Plains area gave these measurements of the rainfall: Coffey's Store, Cottonwood, 3 inches; O. B. Byrd, three miles east of Cross Cut, 1.80; Fore's Store, Pioneer, 2.50; C. R. (Mike) Cook, 10 miles west of town, 3 inches; Gary's Store, Rowden, 2.30; John Purvis place, north of Cottonwood, 3; Alton Tatom farm, Atwell, 3; Edwin Erwin farm, Sabanno, 2.80; Bryan Bennett farm, 2 miles southeast of Cottonwood, 3; J. C. Bowden, east of Burkett, 1.25; Kellar's Grocery, Cross Cut, 1.70.

Official measurements of the rainfall in Cross Plains thus far in 1963 total 18.63 inches.

A union Thanksgiving service will be held Tuesday night of next week at the Evangelical Methodist Church on North Avenue E. Beginning time will be 7:30.

The annual message will be brought by the Rev. Charles J. McAfee, pastor of the First Methodist Church. Singing will be under the leadership of the First Baptist Church.

An offering will be taken, a third of which will be given to the American Bible Society. The other two-thirds will be used to buy scriptural portions for free distribution to Cross Plains students.

Other ministers to have a part on the program are: the Revs. Harold G. Wise, Don Turner and D. C. Jones.

Deel Edington Chosen Local Co-Op Manager

Deel Edington became local manager in Cross Plains Tuesday for Callahan County Farmers Cooperative feed mill. The business is that recently bought from H. D. (Dale) Gary at the corner of 8th Street and Avenue E.

Other employees are Damon Jones and Dave Shields.

A. G. Black, general manager of the Co-Op's facilities at Baird, Clyde and Cross Plains, said yesterday that two enlargements are to be made at the local plant immediately. One will be the installation of large scales to accommodate loaded trucks and the other is rebuilding and modernizing of the feed grinding equipment. Plans are to complete the peanut drying plant and have it ready for the 1964 crop.

Both Edington and Jones are long-time, well known residents of the Cross Plains area, prominently identified with local agriculture. Shields worked for Gary and is familiar with existing mechanical facilities.

Gary said Monday that he plans to farm land, which he owns just east of town and to operate a combine and hay baling equipment in season.

Callahan Gets Drouth Aid Help

Review Tuesday at noon.

Congressman Burleson's wire said: "Callahan County today approved for livestock feed assistance, and grazing and haying provisions on conservation reserve land by the Department of Agriculture due to drouth."

About 200 Callahan ranchers and farmers met in the court-

house in Baird the night of Oct. 29 and asked that such benefits be extended to this county.

Members of the local disaster relief committee are: County Agent Pat Garner, Tommie Harris of Cross Plains and Farm Home Administrator John Curry.

Coleman And Callahan Continue Line Fuss

A boundary line dispute between Callahan and Coleman Counties remains unsolved and

indications are now that other nearby counties may be involved.

The south boundary of Callahan and the north boundary of Coleman Counties are said to overlap up to a distance of 790 feet along the 20 miles where they join.

The discrepancy first came to light when complaints were lodged after several tracts of Coleman County land were assessed for taxation by the Clyde Independent School District, a political subdivision of Callahan County.

Callahan County Attorney James Paul Shanks said a check was made and it was determined that the line between the two counties had never received joint approval.

Coleman County had established its boundary in 1885, and the line was never approved by Callahan County. Callahan County approved another boundary with Coleman County in 1898 and the reverse was true, Shanks said.

He said the overlapping of the two boundaries ranges from 790 feet to 100 feet.

The tax offices of both coun-

ties have taken the Coleman version of the boundary for their taxing purposes, but the Clyde School District took the Callahan version, which is also used by the General Land Office.

Shanks said Coleman County has proposed that its line be accepted as the correct one because it is the older. He added that the two counties have discussed the matter but still have not come to a settlement.

Shanks, who investigated the matter with the land office in Austin, said that according to records there, it appears that the same mixup may exist between Coleman and Taylor Counties and possibly between Coleman, Runnels and Brown Counties.

He said land office officials suggested that officials of all the counties meet and try to work out the matter but that no such meeting has been arranged.

Shanks said the land office informed him there had never been any joint acceptance of the Taylor-Coleman line.

He said he did not know the exact acreage involved in the

Callahan-Coleman dispute but that it would amount to "quite a few" acres.

He added however that the land involved would not amount to any appreciable value as far as tax money is concerned.

Shanks said the main concern for getting the area right would be for judicial matters. Criminal cases are required to be prosecuted in the county where they occur and there would be a question of jurisdiction if a crime occurred in the area. As a rule, civil cases are also disposed of in the county where litigation takes place.

Shanks pointed out that U. S. Highway 283 runs through the disputed Callahan-Coleman area, thus there might be some question on driving-while-intoxicated or other driving-related offenses occurring in the area.

He added that abstract offices are currently going by the land office (Callahan) version of the line, thus some confusion could be caused concerning abstracts.

CPBC Records Fall 3rd Straight Week

For the third straight week a Cross Plains Bowling Club current season record has been broken.

Dan Johnston packed seven strikes into 10 frames in the second games last Thursday night to post a 221 game. It surpassed the previous high game mark of 214 set only last week by Wayne Graves.

Johnston Truck & Supply retained its three game lead by whipping Sisters Cafe 3-1, while D. C. Lee Gulf downed George Hutchins Mobil by the same margin and Higginbothams rebuffed Mayes Flower Shop 4-0.

Feature match this week will be the Johnston-Gulf match in a leadership struggle. Other play pits Sisters and Mayes and Higginbothams and Mobil.

Following Johnston's 221 tilt were Mayes' Wayne Graves 186 and Mobil's Johnny Pancake 184. Johnston also had the best average, 177, on a 532 series. Graves followed with a 169, 509 aggregate, and Raymond Franke of Mobil and Dick Grider, Gulf, both had 150's with totals of 452.

Local Man Weds Andrews Girl In Church Ceremony

Miss Alice Walker, daughter of Mr. and Mrs. G. L. Walker of Andrews, and Elvis Granvel

Scott, son of Mr. and Mrs. Elvis B. Scott of Cross Plains, were married Nov. 16, at the First Baptist Church in Andrews with the Rev. Carl Grissom, pastor, solemnizing the double-ring ceremony.

The bride, a former stewardess for Continental Airlines, was attended by her cousin, Mrs. Pat Keller of Abilene, as matron of honor. Bridesmaids were Misses Jean Martin and Rose Kleirichert, both of Chicago. Candlelighters were Miss Ruth Nelson of Andrews and Don Scott of Cross Plains.

Grady Scott, who is stationed in the Air Force at Roswell, N. M., was his brother's best man. Ushers were Darvel Hutchins of Odessa and Baker Bledsoe of Andrews.

The bride, who was given in marriage by her father, wore a formal gown of ivory peau de soie in princess silhouette. The fitted waist with long carriage back held bouffant fullness that fell in a chapel train. A portrait neckline was accented with scalloped lace appliqued with pearls and sequins. Long sleeves tapered to petal points at the wrist and buttoned with tiny fabric covered buttons. Appliques of the lace repeated on the sides and front of her dress.

Her elbow length veil of illusion fell in bouffant fullness from a crown of hairbraid, embroidered with pearls and centered with a single pearl drop.

The bride's bouquet was white Cattleya orchid cascade of white stephanotis on a Bible. Something borrowed was the white Bible, belonging to the bridegroom's brother Don Scott. Something old was a gold bracelet, belonging to the bride's great-great-grandmother. Something new was the wedding dress. She carried a goodluck penny in her shoe. She wore a string of pearls, a gift of the groom.

Following the ceremony a reception was hosted by the bride's parents in Fellowship Hall of the church for 150 guests.

After a wedding trip to Dallas and other Texas points the couple will be at home at 1031 West Gramercy in San Antonio.

Bufs End Worst Season With Year's Best Offensive Threat

Cross Plains High School Buffaloes finished their first winless season in history last Friday night, but the Herd did gain some measure of prestige in dropping a 12th straight game, 43-14.

Although the Bufs did not break a losing string which dates back to the final two games of the 1962 campaign, they did score more points against District 10-A champion Albany than any other member of the league, and tied Merkel for the most points scored against the Lions in a single game this season.

Build Huge Lead

Albany wasted no time in gaining the upper hand at home. The Lions tallied the first four times they handled the oval and built a 29-0 advantage. However, the Buffaloes did come up with a couple of surprise touchdowns which made the play-off bound Lions look rather sheepish.

Right halfback Gary Bartee lit Albany's side of the scoreboard with 9:03 left in the first quarter. He romped 40 yards off left tackle, fighting off a lone defender at the 10 to score. Left halfback Gary Hise made seven out of sixes from placement on the three-play march covering 67 yards.

Following the kickoff and ensuing Buff punt, Hise returned the boot for a TD, but a clipping penalty nullified the run. Seventy-two yards and five plays later fullback Charles Brewster bulled his way 14 yards to paydirt. An attempted kick was fumbled.

Bartee set up Albany's third counter with a 69-yard, dancing return of a Herd punt to the Bison 11. Bartee then skipped over on a cross-buck. Brewster cracked oved right guard for two points.

The Lions took almost half of the second period on their fourth tally drive. It covered 61 yards in 11 plays with fullback Joe Joyce scoring from seven yards out. Right halfback Joe Bob Cauble circled left end for the two points.

Stover Scoots

On the last play of the first half, Buff right halfback Reggie Stover returned a punt 75 yards for a Herd touchdown.

Stover gathered in the Lion punt — the half-ending whistle

having actually sounded while the ball was still in the air — ran diagonally to the right, broke into the clear and raced the last 60 yards alone for the tally. Quarterback Joe Pierce got the two points on a keeper over left tackle. Halftime score stood Albany 29, Cross Plains 8.

Strike Quickly

It took the Lions just two efforts to retaliate in the second half.

Quarterback Johnnie Woodward dodged his way 25 yards around left end for the six points. Hise was stopped on the two point try.

Just over three minutes later, with 7:22 left in the third stanza, quarterback Jerry Speck rolled three yards capping a 52-yard, five-play march. Cauble swept left end for the two points.

Long Drive

After Cross Plains defenses halted a Lion drive at the Buff

15 early in the final canto, the Herd began a sustained, 85-yard march for its second touchdown.

Scoring play was a 39-yard pass and run from quarterback Tommy Purvis to right end Alvin Parrish. Parrish had slipped behind Lion defenders and Purvis launched a direct hit into the end's hands at the 10. He slipped through the grasp of a Lion and spurred into the end zone. Stover was stopped on a two-point attempt.

The march took a dozen plays, and included four first downs and three fumbles.

McClure Water Well Test Good

Well drilled by the City of Cross Plains on the W. T. Ranch, seven miles from town, in an effort to find new water supply, has favorably and a second well will be started.

Commissioner Ira H. brought in testing equipment from San Angelo and ran a check in the initial potential. During the first hours it produced at the rate of 60 gallons per minute. Next eight hours the yield was 98 gallons per minute. The final two hours the well was speeded and produced 112 gallons per minute. "It could be explained," said the first two hours production was hampered in clean-up. Too, there was no lowering of the water level in the final two hours, we were lifting 112 gallons per minute."

Consensus of City Councilmen the water field may be

the answer to the town's problem of summer water shortages which has existed more than 30 years. The Council authorized Hall to contract for the drilling and testing of a second well in the same vicinity to further explore the abundance of water. Accordingly, a second location was staked about one-fourth of a mile south and 200 yards west of the discovery. Drilling would have been started Tuesday by Elic Thate, contractor, had not heavy rain made moving of equipment impossible.

Hall reported expenditures at the first well thus far were: \$705 for drilling and rig time, \$410 testing and \$400 for casing. Eight-inch pipe was run in the hole to 176 feet and a seven-inch string was set to 286 feet, where the initial well is bottomed.

If the Council decides to lay lines to the new water field a bond election is expected to be required to finance the project.

Basketball Begins As Football Season Ends

The annual transition from football to basketball, with all its complications, is taking place this week in the Buffalo athletic department.

Though the 30-man Buffalo basketball squad is graced with only four returning lettermen, this year's prospects seem to be exceptionally good, said Scot Edington, high school basketball coach.

Ten men will comprise the traveling squad which plays its first game here Tuesday, Nov. 26, with Bangs, following the girls' contest scheduled to begin at 7 p.m.

The Buffettes, who have already begun scrimmage play, were hosts to Rising Star here Tuesday of last week. Sparking the girls' 47-29 triumph were forwards Sandra Barr with 18 points and Sue Edington with 16.

The second squad, paced by Beth Hutchins' 12 points, slipped past the Kittens 24-19.

Elevation here is 1,717 feet.
