

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 13

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, APRIL 25, 1935

NUMBER 13

25 GRADUATES IN HIGH SCHOOL FOR YEAR 1935

Rev. Nix, Clovis Will Deliver Baccalaureate Sermon.

Twenty-five pupils are slated for graduation in the Senior class, Muleshoe High school this year, being the largest of such graduation classes in the history of this school.

The baccalaureate service will be held Sunday night, May 12, in the High school auditorium, and Rev. J. P. Nix, pastor of the First Baptist church, Clovis, N. M., has been invited to deliver the sermon.

The commencement exercises will be held Friday night, May 17, the program to be put on by members of the graduating class under the direction of Miss Lucille Beatty, class sponsor, who is arranging for the program.

Listed in the Senior class for graduation honors this year are Misses Sibyl Coker, Ruth Eckler, Alynne Evans, Twila Farrel, Ida Lou Glaze, Mary Holt, Eva Harper, Hazel Nelson, Gerald Reynolds, Dorothy Ross, Jeanie Robbins, Melaine Rockey, Evelyn Willerting, Dora Nell McCarty, Messers, Frank Aetkinson, Bob Beller, Kline Buhmann, L. S. Barron, Jr., Alvin Farrell, Lester Garth, Clarence Harris, Tony Ivy, Ferol Little, Herschel Winberly, Petion McCoy.

In the class also are five other students who are taking special courses while nine other members at the beginning of the school year have dropped out from various causes.

Muleshoe Wins Over Friona In Fast Game Played Sunday P. M.

Muleshoe won with an extra score to win last Sunday afternoon in what was said by many attending to be one of the most interesting and spectacular baseball games ever witnessed anywhere in West Texas, 7 to 8.

There was a big crowd of spectators in Friona to witness the set-to between these two teams, and apparently both leather-swapping squads were in the pink of condition, the scrap starting off with merry jangle bells from the time the first ball left the pitcher's box until the last big score was chalked up. The game throughout had all the ear marks of big league playing.

Toten, as pitcher, went the full route for Muleshoe, while Menyard, Friona's twirler, did the same for his team. Muleshoe lads got 13 hits, making seven errors, while the Friona players got nine hits, and made five errors. Toten struck out 14 men to Menyard's three.

The game was sewed up with the scores three different times during the playing, being 1-1 up to the third inning, when Friona was in three scores. Then Muleshoe swatters chalked up three circles tying the score in the sixth. Friona chalked up another score in the eighth. Muleshoe retaining by hitting another marker in the ninth, the score evening out 5-5. Each team made two scores in the 10th bringing the chalking board story to 7-7, when Muleshoe ran in its eighth during the thirteenth inning to break the last tie and win the game.

Three times during the game the players had to stop on account of dust storms, and once a shower of rain interfered for a few minutes, however, none of these interruptions hindered as they were just as peppery to resume each time as they were at the beginning, the teams apparently being quite evenly matched throughout.

The Friona lads will come here next Sunday for a return game—which no one should miss!

SOMETHING NEW IN POLITICS HEREFORD VOTER POSTMASTER

Voters at Hereford have been asked by Congressman Marvin Jones to choose a postmaster from one of the applicants whose grades were in the higher brackets. Apparently the town is quite divided as to merits of the applicants, of which there were about a dozen, and Jones is passing the responsibility on to the majority patrons of the office.

HELD FOR BURGLARY

Clint Dyer brought here a few days ago from Vernon by Sheriff Jim Cook, on a charge alleging burglary, last Monday waived examining trial before Justice court and was further held on bond of \$1,000 on the complaint.

It is stated Dyer made a conf. statement before County Attorney Cecil Tate, admitted taking some sundry from Tom Watson in the Logan seed community.

Landlords Pass Buck Of Relief To Federal Farmer Quitting Land

There have been about 100 families taken from the relief rolls of Bailey county during the past 60 days, according to Pat R. Bobo, director, most of them voluntarily releasing themselves from government support. This, however, is not to be taken as an indication of much better financial conditions existing in the county, said Mr. Bobo, but due largely to the fact of the opening of spring work in this section which has created some new jobs.

It is pointed out that many other families might be taken from relief rolls if landlords do their part. Many landlords, it is said, are not immaning tenants as they have heretofore. Apparently realizing the Government will do the job, they are taking no chances of loss in any way, and are "passing the buck" back to Uncle Sam. Some of the arrangements throw up their contracts of land on which they may raise a crop of their own if they will raise a certain number of other acres of crop for the landlord.

In this manner, it is said, the landlord gets out from under government contract, waivers, liens, etc., while the government must assume that responsibility, and in many cases, no opportunity of recovering payment at any future time from the tenant. Some farmers, realizing the future of such an arrangement, throw up their contracts with landlords and moved to town where they may go on direct relief, and it is said many others will do so in the near future.

Classification Of School Meeting To Be Held Here Mon.

Next Monday afternoon, beginning at two o'clock, a meeting will be held in the District court room of the court house here, called by G. D. Hollbrook, deputy state superintendent of education and J. E. Edwards, county superintendent for the purpose of making official classification of the various schools of Bailey county.

The meeting will be attended by members of the County School Board, and members of all district school boards are also urged to attend. Any other interested school patrons are invited to be present.

For some time school in the central and southern part of the county have been inconvenienced in the matter of obtaining High school accommodations for their pupils. Various proposals have been made for district consolidations for High school purposes, and it has also been suggested that a bond issue be voted for location of a High school building at some common and central point, some patrons favoring the measure while others are against it. This plan of the situation may also come up for discussion at the meeting Monday.

Good Attendance At Methodist Revival Now Being Held Here

Last Sunday morning a two weeks revival meeting started at the Methodist church in Muleshoe. Rev. J. Frank Laker, pastor, is doing the preaching and E. A. Thomas, of Clovis, N. M., is in charge of the music.

Mr. Thomas was unable to attend services at the morning hour but was present at the evening services.

Services will be held each morning from 10:00 until 11:00 o'clock, except on Mondays and Saturdays. Group prayer services will be held each evening from 7:45 until 8:15, and the regular evening preaching services will begin at 8:15.

Mr. Thomas will have charge of the junior and each afternoon at four o'clock and all children are invited to attend.

A large crowd attended services both Sunday morning and evening, practically every seat being taken, and there has been good attendance during this week, the pastor delivering some very interesting sermons.

An invitation is given to the entire community to attend services. Sitewhite

STATE TO SUE EX-OFFICIALS

Leon O. Moses, assistant attorney general, states he will bring civil suit against approximately 300 former county and precinct officials and their bondsmen for recovery of an alleged retention of about \$400,000 in fees, declared to have been found when books were audited.

FARMERS MAY FILE NOW FOR EROSION HELP

Fuel and Feed Are Provided By Agent On Application.

J. B. Waide Jr., Bailey county farm agent, is in receipt of official information from Washington that funds have been allocated to Texas for emergency treatment of lands being damaged by wind erosion, also, the necessary blanks for making aid applications.

These funds are to be distributed by county relief administrators in the form of commodity orders for fuel or feed to farm operators signing applications approved by the County agent and a local committee selected by him.

Following approval of the application which is made in triplicate, it is signed by the county agent, one copy retained by him, while the applicant presents a second copy to the relief administrator by his authority to issue the commodities.

Applications must first be made through the local farm committee, receiving its approval, then taken to the county committee, and finally by the county agent before being turned over to the relief committee for issuance of fuel or feed funds. All applications must be in the county agent's office by May 1.

A limit of 10 cents per acre on the number of acres approved by the county agent and his committee is made to any applicant, and the county agent decides the method of erosion control. One hundred thousand acres in all southwestern states. There has been \$500,000 allocated to the Panhandle-Plains region for this reclamation of soil conditions.

The extension service has approved two methods of controlling the wind ravaged land, one known as solid listing, the other strip listing.

That this relief is meeting with general approval of farmers of this county is evidenced by the large number who early this week were visiting their local committees and making out applications for wind erosion relief, some applications running as high as 500 acres per farmer. It is stated that those who have not yet listed any land will be the first served, while those who have listed and their ridges been again blown flat will be next served.

State relief officials announced they had signed contracts with six oil companies for fuel at one cent under the market price and that they had listed successfully for exemption from the four-cent state and one cent federal gasoline tax. In addition to the six companies with whom contracts have been signed, relief officials said they would honor purchase orders from any company that files a written quotation in the same amount as that in existing contracts.

Congressman Mahon Would Test Water Supply Of The Plains

Congressman Mahon last week called on Secretary Ickes of the Interior Department for an allotment of \$100,000 from the Public Works appropriation for making a survey of the underground water resources of the High Plains region. These funds would be used by the Geological survey in completing work on this problem, a preliminary survey having been made last year. This preliminary report indicated some doubt as to the presence of sufficient underground water for extensive irrigation over a wide area.

Mr. Mahon also conferred with Dr. Mead, of the Bureau of Reclamation, in an effort to secure funds for making irrigation loans to individual farmers. Mr. Mahon has already secured an interpretation from Federal Housing Administration officials which would allow that agency to insure loans made by local banks for this purpose.

Dr. Mead is of the opinion that loans may be made possible through an allocation of funds from the Public Works appropriation. However, definite legislation may be determined at this time in case the President has not announced his plans for administering the new appropriations.

When these auto-airplane combinations get on the market, at a poor man's price, we may see the real flying age.

SPECIAL WATER RATE IN HOMES DURING SUMMER

City Allows 6,000 Gallons At Regular Rate For Lawns.

At the last regular meeting of the Muleshoe City Commission, a special water rate was granted domestic consumers during summer months. It will not apply to merchants at their places of business or to other commercial accounts.

The new rate allows a minimum of 6,000 gallons per month for \$2.00, which is double the amount of water allowed as the minimum per month under the regular rate. All water used in excess of 6,000 gallons will be charged for at the rate of 12 1/2¢ per one thousand gallons.

The purpose of the rate is to aid resident consumers to beautify home surroundings with plantings of trees and flowers and also to help consumers in growing home gardens as cheaply as possible. The rate will be in force from July 1 to September 30, inclusive, Friday or Saturday of this week will end April bills and the meter readings taken then will start May billings under the special rate.

WEST TEXAS RAINS THURSDAY AND FRIDAY BREAK SANDSTORM

The long extended drought was broken in many places in West Texas Thursday and Friday of last week, and the ravages of sand storms were considerably lessened when rains fell in parts of Crosby, Dickens, Floyd, Garza, Hall, Lamb and Bailey counties.

Muleshoe area received only a drizzle, but both east and west of here there were substantial showers refreshing to pastures, wheat and gardens already planted. Most precipitations averaged from 20 to 45 per inch.

Heavy rains were reported in northern and western New Mexico with heavy falling in White Mountains of eastern Arizona.

SEVEN BOYS FROM BAILEY COUNTY NAMED FOR CCC CAMPS

Last Tuesday at the court house in Muleshoe was the day set for those wishing to make applications for entrance in government CCC camps. The seven boys selected from Bailey county were as follows: Leroy Stevenson, Longview; Sidney Key, Watson; Earl Owen, Fairview; C. L. Durban, Balleysboro; Elmer Davis, Balleysboro; Estel Green, Stegal; and the first alternate, J. E. Sullivan, of Fairview.

These seven boys will go to Lubbock, Thursday, April 25, to take physical examinations, and those passing will probably be sent to some government CCC the same day.

I. O. O. F. OPEN MEETING

An open meeting of Odd Fellows and their families will be held at Muleshoe, on Friday, May 2, to which all members are urged attendance. A program is being prepared for the occasion and an enjoyable time assured those who will be present.

\$22,000 To Be Spent On St. Highway No. 7 In Parmer County

The sum of \$22,000 has been allotted for surfacing State Highway No. 7, from the west Bailey county line thru Parmer county by the State Highway commission, according to a letter received last week by Judge Walter Lander, Parmer county judge.

About two years ago this highway was rerouted through Parmer county and out over a route consisting of grading and placing drainage structures, was done. Now a double course of concrete base is to be laid, and later this summer, it is anticipated the entire highway from the New Mexico line through Parmer, Bailey, Lamb and a corner of Hockley county will receive the asphalt top coat, meeting the pavement at the west line of Lubbock county.

TO PAVE NO. 7

Bids will be received April 30 by the State Highway commission for reshaping the base and applying a triple asphalt surface to 114 miles of State Highway No. 7 passing through Muleshoe, this job to connect with the paving on this highway coming up to the east city limits and leading west to the Parmer county line, where contract is soon to be let for the caliche base.

Lamb County Sheriff And Deputy Being Charged By Federal

Sheriff Len Irvin and his deputy, Lawrence Walraven, of Lamb county, have been indicted by a Federal grand jury on a charge alleging they gave official protection to bootleggers in that county in the sale of intoxicating liquor, the grand jury also returned indictments against several doctors, druggists and a former CWA supervisor.

The indictments came as result of the testimony of several Lamb county citizens who were recently called to Fort Worth for interrogation by the grand jury, also connected with the charges are one Bill Herman and his father who claim they entered into a contract with Irvin whereby for the payment of \$200 per month and \$2 per gallon for all whiskey they sold they were to be given protection from the law and allowed to do all the whiskey selling business in that county. The elder Herman is said to later have died in an Amarillo jail.

Irvin and his deputy both vehemently deny having any illegal dealings with Vernon Bill Herman and it is stated one of the Hermans has been indicted for perjury because of conflicting statements. Irvin claims there is nothing to the charges and he is ready to give bond when demanded.

He further states he and his deputy made it so hot for the Hermans that they fled to Lubbock county. Irvin had caught them with about 40 gallons of liquor in their possession, it is said. Upon conviction, Herman was later pardoned by Governor Miriam A. Ferguson.

Mrs. B. W. Carles To Recover Health In Arkansas State

Mrs. B. W. Carles, for more than 15 years postmaster, following the dictates of politics, having another was appointed to that position, left the first of this week for Sulphur Springs, Ark., where she will spend the summer with hopes of health recuperation. She is accompanied by her husband and her daughter, Miss Irene Carles. Later in the year they expect to go to California where she will spend the winter with a daughter living in that state.

Mrs. Carles, during her residence in Muleshoe, has been a leading woman citizen in every movement calculated for community betterment. In church and in government CCC camps, of every kind she has always taken a leading part, and will be greatly missed by the citizenry in general.

She is a particularly patron of the O. E. S., and a few days before leaving was presented with a beautiful Eastern Star ring. Friday evening of last week she was the recipient of a big shower of personal items, just as a token of the high esteem in which she is held by Muleshoe people.

Parmer Co. Singing Convention Held At Farwell, April 28

The Parmer County Singing convention will hold its annual meeting next Sunday in the High school building at Farwell, beginning promptly at 10:00 a. m. About 3,000 singers are now expected to attend during the day.

Experienced song leaders from all over this area are expected to attend, and there will be a large number of quartets, trios, duos as well as soloists present to participate in the melodious festival occasion.

Site is a particularly high one, and the food is to be taken on a little physical nourishment, sandwiches and coffee being served, and everyone attending supposedly bringing baskets filled with choice culinary articles of their own preparation for physical enjoyment at the noon hour.

Many singers from Bailey county are planning attendance.

WOULD MOVE POST OFFICE PETITION IS CIRCULATED

A petition was circulated the latter part of last week in Muleshoe relative to moving the local post office from the present site on the Street building just off Main street and formerly occupied by the Danmer cafe. More than 30 signatures had been received up to Saturday night, some citizens refusing to sign the petition.

SCHOOL CENSUS FOR BAILEY CO. 1,658 FOR YEAR

May Draw \$30,673 In State Per Capita Funds For 1936.

Bailey county schools will have a total of 1,658 pupils on which it will draw state money the coming year, according to the scholastic census of the various districts just completed. This number is 44 less than the census of 1,702 for last year. The enrollment includes 44 colored scholastics in the various districts.

Just why the enumeration should be slightly lower this year than last year is not known. The population of the county has enjoyed a steady increase regardless of the depression. However, it is being estimated the cause is due to the fact that more pupils have passed beyond the school age than have reached it. This being the case, the enumeration in another year or two should show a decided increase.

The enumeration by districts is as follows:

Progress, 111; Circleback, 142; Liberty, 97; West Camp, 111; Goodland, 53; Balleysboro, 91; Stegal, 39; Watson, 91; Fairview, 146; Longview, 106; Wilson, 108; Bula, 217; Muleshoe, 376.

On the basis of this enumeration, should the state per capita appropriation for next year be the same as it is this year, Bailey county schools should receive a total of \$30,673.00.

Kiwanians Urge The Establishing Of A CCC Camp In A

At the meeting of the Kiwanis club held Friday noon of last week it was the consensus of opinion expressed that Muleshoe should take active steps toward securing a Government CCC camp in this portion of the county, accordingly, letters and telegrams were promptly dispatched to officials in charge urging such a location.

It was stated that the soldiers of such camps have the best type of modern housing in every city and country town, many of them coming from excellent homes and would be a valuable adjunct to local social conditions. It is the policy of the government to buy all provisions needed for such camps locally, where such may be obtained, then there are various items of machinery, hardware, blacksmithing, machine shop and garage repairs that must be handled locally. While the boys do not have much money, most of their salaries being sent back to home folks, yet they do spend a certain amount for extra clothing, tobacco, groceries, fountain drinks, etc., all of which tends toward a general increase of business where such camps are located.

Should a camp be located in this vicinity it could be used in a large way for more terracing, contouring, and other soil improvement work throughout the county. It is stated that the average camp expends something like a million dollars per year.

J. B. Waide, county farm agent, explained that the wind erosion program was now being put into effect, \$10,000 being allotted to Bailey county for soil control at the rate of 10 cents per acre, not a loan, but a grant, and application were now being filled out by those desiring such work.

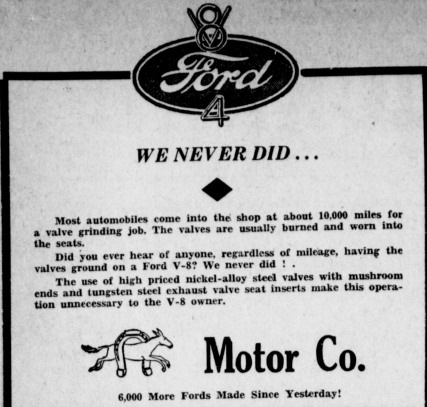

Gordon Lyons, local manager for the Texas Utilities Co., was present and extended felicitations to the club. Virgil Bennett, Howard Cox, Rufus Githreath and Miss Alma Stewart, upon recommendation of the membership committee, were unanimously elected members of the club.

BAILEY GETS \$2,000 RELIEF

The sum of \$2,000, \$62.50 was distributed last week among the various school districts in the county, of which sum Bailey county received \$750 for capital goods and \$1,250 for subsistence service.

A loan and grant of \$423,346 from PWA funds has been made to the City of Plainview for construction of a municipal electric lighting system. It will be nine months before it is ready for service.

Children are the best asset of any community, why not develop them fully.

WE NEVER DID...

Most automobiles come into the shop at about 10,000 miles for a valve grinding job. The valves are usually burned and worn into the seats.

Did you ever hear of anyone, regardless of mileage, having the valves ground on a Ford V-8? We never did!

The use of high priced nickel-alloy steel valves with mushroom ends and tungsten steel exhaust valve seat inserts make this operation unnecessary to the V-8 owner.

Motor Co.

6,000 More Fords Made Since Yesterday!

More Cars Bought Regardless Of More Failures In Business

Austin, Texas, April 23.—An increase of 53 per cent in the number of commercial failures during March as compared with February indicates that Texas business was under greater strain than for several months, according to the University of Texas Bureau of Business Research. The number of failures during March totaled 29, an increase of 38 per cent over March last year. Total liabilities were \$404,000, an increase of 120 per cent over February, but 7 per cent below those a year ago. Average liability per failure, \$13,931, was up 44 per cent from the previous month but down 33 per cent from March last year.

Vice-President Babe Ruth of the Braves

BOSTON (AP)—Vice-President Babe Ruth (left), got a new baseball thrill when he signed a contract with Judge Emil Fosta, whereby he became Vice-President and Assistant-Manager of the Boston (N. L.) Braves. Boston fans greeted Ruth by the thousands in welcoming him back to the town of his major league career 21 years ago.

The Sons of Han
The Chinese, so-called from Han, the village of which Lieouyang was chief. He conquered all opposition and founded a dynasty which lasted 422 years—that of Han. With this dynasty the modern history of China begins—B. C. 202 to A. D. 220.

NOTICE OF INTENTION TO ISSUE COUNTY REFUNDING BONDS

THE STATE OF TEXAS, COUNTY OF BAILEY.

TO THE SHERIFF OF ANY CONSTABLE OF BAILEY COUNTY, TEXAS, GREETINGS:

YOU ARE HEREBY AUTHORIZED AND DIRECTED to publish the attached Notice of Intention of the Commissioners' Court of Bailey County, Texas, to pass a proposed order authorizing the issuance of the County Road and Bridge Fund, Three Hundred and Forty-four Dollars and no cents (\$344.00) and 44-100 (\$36,232.44) DOLLARS AND BRIDGE FUND R E F U N D I N G BONDS for the purpose of canceling or refunding an equal amount of existing indebtedness against the Road and Bridge Fund, evidenced by certain time and scrip warrants of said County, of which said Notice of Intention and the order of the Commissioners' Court incorporated therein, is considered a competent part of this Notice.

ISSUED AND EXECUTED pursuant to order of the Commissioners' Court in open session on the 10th day of April, 1935, and under authority of Subdivision D of Section 7 of Chapter 163 of the General Laws passed by the Forty-second Legislature, at its Regular Session in 1931.

WITNESS MY OFFICIAL SIGNATURE, with the seal of the Commissioners' Court of said County, this 10th day of April, 1935.

(SEAL) J. B. BURKHED, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Bailey County, Texas.

NOTICE OF INTENTION TO ISSUE COUNTY REFUNDING BONDS

THE STATE OF TEXAS, COUNTY OF BAILEY.

TO THE RESIDENT PROPERTY TAX PAYING VOTERS OF BAILEY COUNTY, TEXAS.

TAKE NOTICE that on the 18th day of May, 1935, which will be a day of the Regular May, 1935 term of the Commissioners' Court of Bailey County, Texas, the said Court will pass an order authorizing the issuance of County refunding bonds on the faith and credit of said County, in the amount and for the purpose stated in the order of said Court, authorizing the issuance of this Notice of Intention, and which said order is here made a part of this notice and is in words and figures as follows:

THE STATE OF TEXAS, COUNTY OF BAILEY.

ON THIS 10th day of April, 1935, the County Commissioners' Court of Bailey County, Texas, in open session at the regular meeting place thereof in the Court House at Muleshoe, Texas, and on the 10th day of the regular April, 1935 Term of said court, all members of the said Court, J. E. Adams, County Judge, presiding; and H. E. Schuster, Commissioner Precinct No. 1; John S. Williams, Commissioner Precinct No. 2; W. E. Renfrow, Commissioner Precinct No. 3; J. W. Allford, Commissioner Precinct No. 4; J. B. Burkhead, County Clerk and Ex-Officio Clerk of the Commissioners' Court, being present and in attendance, and, among other proceedings had, was the following:

WHEREAS, there is now outstanding against the Road and Bridge Fund of Bailey County, Texas, an indebtedness in the total principal sum of Thirty Six Thousand Two Hundred Thirty-Six and 44-100 (\$36,232.44) Dollars, evidenced by certain time and scrip warrants issued in due and regular order in payment of the same, and legally contracted, and upon the approval of this court; and,

WHEREAS, it appearing to this court that the outstanding warrants in the said principal sum of Thirty Six Thousand Two Hundred Thirty-Six and 44-100 Dollars are described in that certain order of this court duly passed and entered of record by this court on the 10th day of April, 1935, and which order is of record in Book 2, page 97, et seq. of the Minutes of this court, and to which order reference is hereby made for a description of such outstanding time and scrip warrants, and such order is hereby adopted by reference, and the description of such warrants, as contained therein, shall be considered as such a part of this order as if recited herein in full detail; and,

WHEREAS, the Commissioners' Court of Bailey County, Texas, authorized by subdivision D of Section 7, of Chapter 163 of the General Laws passed by the Forty-second Legislature, at its Regular Session in 1931, to issue funding bonds in lieu of the outstanding warrant debts, by following the procedure in such statute prescribed; and,

WHEREAS, this court considers it necessary, feasible, practicable and to the best interests of said county that bonds, as herein provided, be issued upon the faith and credit of the county, as the general obligations of the Road and Bridge Fund of the County, for the purpose of funding acquiring or carrying an equal amount of the existing indebtedness of the Road and Bridge Fund of said County, evidenced by the time and scrip warrants hereinbefore mentioned; therefore,

BE IT ORDERED BY THE COMMISSIONERS' COURT OF BAILEY COUNTY, TEXAS:

That it is the intention of said Commissioners' Court to pass an order on a day of the Regular May, 1935 Term of said court, which order will begin on

New charters granted to Texas corporations during March made substantial gains in both number and capitalization. A total of 162 new charters was granted, an increase of 10 per cent over March 1934. Total capitalization showed gains of 13 per cent and 50 per cent respectively over the two corresponding periods. Factors making the greatest gains were banking-finance, real estate building, and merchandising.

For the third consecutive month, sales of new passenger cars in Texas during March made sharp gains. Reports from fifteen representative counties show a total of 6433 cars, an increase of 23 per cent over February and 30 per cent over March 1934. Sales during the first quarter aggregated 16,157 cars, an increase of 62 per cent over the corresponding period last year.

Spring Brings Snake Bites; Beware! Says State Health Doctor

Austin, April 23, warning about dangers of snake bite has just been issued by Dr. John W. Brown, State Health officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; however, few of these result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting such bites. The pain following the injection of the poison is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse, and vomiting.

If one is unfortunate enough to be bitten by a poisonous snake, such as a rattlesnake, the following first aid measures should be carried out:

After making proper incisions at the site of the wound, apply suction and continue to rat least half an hour.

Apply a tourniquet above the site of the wound, releasing same every ten or 15 minutes for about a minute at a time.

If the proper antivenom serum is available, according to directions, but most important of all is to remove as much of the poison as is possible so as to prevent its absorption.

Secure the services of a physician at the earliest possible moment.

If one is bitten by a poisonous snake DO NOT run or get overheated and DO NOT take any alcoholic stimulants because circulation increased by alcohol or exercise serves to distribute the poison much more rapidly through the body.

DO NOT injure the tissues by injecting permanganate of potash, which is known to be of no value as an antidote.

DO NOT depend upon home remedies or so-called snake bite cures, for they are of no value.

WAYLAND WORKERS PROGRAM

The Wayland alleys band of Christian workers, Plainview, will give a program of instrumental music, sacred songs and addresses at the Baptist church here at 10 o'clock on Monday morning at the eleven o'clock hour, according to announcement of Rev. L. S. Jenkins, pastor.

A cordial invitation is extended the public to attend.

Members of the Commissioners' Court of Bailey County, Texas:

J. E. Adams, County Judge,
H. E. Schuster, Commissioner of Precinct No. 1,
John S. Williams, Commissioner of Precinct No. 2,
W. E. Renfrow, Commissioner of Precinct No. 3,
J. W. Allford, Commissioner of Precinct No. 4.

CERTIFICATE OF COUNTY CLERK THE STATE OF TEXAS, COUNTY OF BAILEY.

J. B. BURKHED, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Bailey County, Texas, DO HEREBY CERTIFY that the above and foregoing order is a true and correct copy of the original order passed by said Court on the 10th day of April, 1935, and which order is of record in Book 2, page 97 et seq. of the Minutes of said Court. Witness my hand and the seal of the Commissioners' Court of said County, this 10th day of April, 1935.

(SEAL) J. B. BURKHED, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Bailey County, Texas.

THIS NOTICE is issued and given pursuant to the order of the Commissioners' Court of said County and as required by Statute.

WITNESSES our official signatures on this 10th day of April, 1935.

J. E. ADAMS, County Judge, Bailey County, Texas.
JIM COOK, Sheriff, Bailey County, Texas.
COUNTERSIGNED:

J. B. BURKHED, County Clerk and Ex-Officio Clerk of the Commissioners' Court of Bailey County, Texas.
April 18, 25, May 2, 1935.

Changing Country Life Short Course Theme This Year

"Changing Country Life" will be the theme for the twenty-sixth annual Farmers Short Course to be held at A and M college, July 29 to August 2, according to advices received by the Journal this week from Roy W. Snyder, chairman of the central committee, and already boys and girls of the Bailey county 4-H clubs, as well as several farmers and farmers wives, of that county, are looking forward to attending this interesting and informative course, according to statements from the farm agent and home demonstration agent of this county.

Phases of the housing problems facing the rural family; soil conservation with particular reference to emergency erosion work; and agricultural adjustment will furnish features of the program. Demonstrations in doing will be stressed rather than talks and lectures at this event, the largest rural gathering in Texas each year.

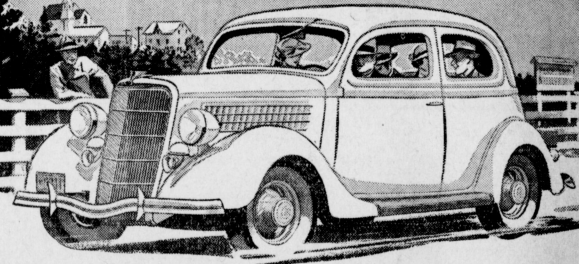

In addition to the programs planned for farmers, ranchmen, and rural home-makers, conferences are scheduled for rural pastors and laymen of the State, agricultural editors, superintendents of rural schools, members of the bee keeper's association, producers of State registered and certified seed, and members

SCHOOLS NOW CLOSING

As Spring rolls into view several of the public schools of Bailey county are closing or will close in the near future. Watson school closed three weeks ago while Baileyboro and Fairview schools closed Friday of last week. Wilkinson and Goddard schools expect to close this week.

Financial shortage is given as the reason for schools not continuing their full nine months, state aid having been cut 25 percent.

The Universal Car

ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. There is no other car like it.

FORD V-8

\$495 up, f. o. b. Detroit. Standard accessory group including bumpers and spare tire extra. Small down payment. Easy terms through Universal Credit Company. All body types have Safety Glass throughout at no extra cost.

There Was Plenty Of Wind 20 Years Ago On The Plains

When the sandstorms visiting this section this spring, considerable interest has been generated in a story of a couple of Littlefield lads who went to Abernathy, a distance of about 25 miles, in a buggy propelled only by a sail. Here's the data, furnished by Carl Smith, Littlefield, as published in the County Wide News, that city:

"Carl says that Carey Warhurst and Wallace Goodman were the boys who made the ride by buggy powered by a strong wind from the west. Carl made the 'sail' from a large piece of oil

cloth, which he tacked to two upright beams at the rear of the buggy. The shafts and top were removed, and the vehicle was guided by means of a rope each end of which was tied to one end of the front axle. The boys started their ride about the point where the water tank now stands on Highway 7. When they would come to a gate the buggy would have to be turned either to the north or south in order to stop. This was done three times at as many gates. The time required for the trip was about two hours. The buggy belonged to Ben Smith of Littlefield and was left at a wagon yard in Abernathy, and so far as Carl knows, it was never brought back here. Mr. Willis now of Olton, father of C. E. Willis of this city, brought the boys home.

Kiddies Enjoyed Easter Egg Hunts Over The Week End

The kiddies of Muleshoe, some of the adults who had not yet outgrown their youthful inclinations, and some of the old folks who perhaps were feeling the second youth, entering into the spirit of Easter enjoyed the annual springtime egg hunts, reports of some of these diversions being as follows:

On Friday afternoon of last week the Junior boys' Sunday school class of the Methodist church was entertained with an Easter egg hunt sponsored by Mrs. J. Frank Luker and Mrs. Arnold Morris.

The group went to the sand hills east of Muleshoe. The afternoon was spent playing baseball, hunting Easter eggs, and roasting wieners.

There were 11 present and all reported having a good time.

Young Peoples Class
Last Sunday morning the "Young Peoples Class" of the Methodist church had their Easter sunrise service at Horse Shoe Bend. There were 17 members and the teacher, C. R. Stevens, present.

In addition to having their regular Sunday school lesson an Easter egg hunt was enjoyed by all. The group returned to town in time to attend the preaching service.

Mrs. Weaver's Class
Friday afternoon of last week Mrs. J. C. Weaver entertained her kindergarten class with an Easter egg hunt at the sand hills east of Muleshoe. The group met at Mrs. Weaver's home at two o'clock and Mrs. Ty Young furnished conveyances to the hills.

At the sound of a whistle the children started looking for eggs. Margaret Ann Johnson found the most eggs and Billy Jim St. Clair found the smallest number.

Various games were played after which delicious refreshments consisting of cakes and fruit punch were served to the following students: Nell DeShazo, Norma Lee Osborne, Margaret Ann Johnson, Jaunell Buchanan, Jess Parrish Winn, Billy Jim St. Clair, Jack Young, visitors, Jack De Shazo, Jane Dameron, J. C. Buchanan, teacher, Mrs. Weaver and Mrs. Young. Howard Harding Carlyle is a student of the kindergarten class but he was unable to attend.

Mrs. Dameron's Class
Mrs. Joe Dameron entertained the beginners Sunday school class of the Baptist church with an Easter egg hunt at her home last Saturday afternoon at three o'clock.

Miss Harper's Class
Miss Eva Harper, teacher of the primary Sunday school class of the Baptist church entertained with an Easter egg hunt at her home, Sunday afternoon. Practically a full attendance of that particular class was present and each expressed having a wonderful time.

Mrs. Garrett's Class
Mrs. Bill Garrett entertained her Sunday school pupils of the Baptist church with an Easter egg hunt at her home in Muleshoe last Saturday afternoon from three to four o'clock.

Various games were played in addition to the egg hunt, after which delicious refreshments consisting of cake and lemonade were served to the following: Jaunell Buchanan, Billy Holt, Jane Dameron, Glenn Waldron, Anna Burn Givens, J. C. Buchanan, Herbert Griffiths, Jack Young, Jack DeShazo, Dorris Riddle, Richard Dennis and Joe Pat Waggon.

Mrs. N. J. Holt, Miss Eunice Griffiths and Mrs. B. H. Wagon assisted the hostess in entertaining.

Circleback News

Donald Duncan who won first place in art in Bailey county went to Canyon Friday for the track meet. He won second place without any training. What could he have done if he had had the advantages of the other students who were there?

The Sunday school was well attended Sunday. There is a training school in Sunday school work this week, taught by one of the Sunday school rally workers.

John Cox, Alvie Patton and Dock Elmore attended the Dairy show at Plainview last Wednesday.

R. E. Fielding of Lubbock is visiting his cousin, Lester Elmore.

Miss Bula Lou Perkins has been visiting in Memphis with the Harpers.

Little Misses Stella Mae and Emma Jean Woodburn, of Portales, New Mexico, visited their aunt, Mrs. Gittip, this week.

The Circle Workers met Thursday, April 19 at the school house. The temporary officers elected before Miss Stewart arrived in the county were made permanent. Mrs. Walter Dameron was made garden tile demonstrator, and Mrs. W. A. Elmore was elected as county council member. Miss Stewart and Mr. Waide will give a garden tile demonstration at Mrs. Walter Dameron's Monday, April 29th, beginning at 2:30 p. m. at the Baileyboro, Longview, Bula and Fairview clubs are to watch the demonstration also.

Mr. and Mrs. Vess Ganner went to Lubbock on business last week.

Mrs. John Cox has been visiting her daughter who is ill at Enoch's. The young people were entertained with a party Saturday night at Mr. and Mrs. W. A. Elmore's home.—Reporter

Be loyal to home town interests.

Longview News

A big Easter dinner was given at the home of Mr. and Mrs. T. L. Galagher last Sunday, the following guests being present: Mr. and Mrs. Pat Barnett, Clyde Galagher and wife, Dee Galagher and wife, of Baileyboro, T. W. Watson and family, J. H. Beggs and family, Elmer Hawkins and family, Lohak Hobbs and family, Mac Bell and family, Rev. Bates and family, of Dora N. M., Don Moore, C. L. Durham, Kenneth Wiseman, L. J. McKinney, Henry Carpenter, Billie Bob Lane, Edwin Stevenson and Henry Lee Ivey, Misses Naomi and Analea Durham, Pete Barnett, Opal Cash, Faye Walker. Every one enjoyed a fine dinner and the Easter egg hunt in the afternoon was well enjoyed. Kenneth Wiseman and Henry Lee Ivey won prizes for finding the most Easter eggs.

Rev. Bates gave us well attended and Rev. Bates preached both morning and night. Rev. Hough will preach next Sunday morning and the Singing School will sing Sunday night. Everyone who can come, has a special invitation.

We had a light shower Sunday afternoon which was appreciated, but more is needed.

We have been visited by a band of sneak thieves lately. T. W. Watson of our community lost about \$65.00 worth of sultan seed and binder twine the culprits have been found. They still had the stolen stuff so it will be returned to the owners.

Mr. and Mrs. Ivey have a new Easter baby boy born Sunday morning. They are doing nicely.—Reporter

Progress News

Rev. Geo. Fort filled his regular appointment here Sunday.

The Triple T club met Tuesday, Mrs. Jenkins was appointed garden demonstrator, and Mrs. John Shipman, council member. The club will meet with Mrs. W. B. Harlan next Tuesday.

Mrs. Wm. Kennedy gave a party Thursday night honoring the ball boys. The boys had the girls ball team as their guests. Ice cream and cake was served. All reported an enjoyable time.

Garland Kennedy, of Muleshoe, spent the weekend with Gordon Kennedy.

School closes Friday the 26th. Lax-bulldie's ball team will be here to play. Progress boys and other ball games have been arranged for the afternoon.

Mr. and Mrs. Tom Rodney visited relatives near Baileyboro, Sunday.

The party given in the Baker home Sunday night was well attended and a great time reported.

Everyone is looking for the rain we

failed to get Sunday. The sprinkle we had at least gave us a little encouragement.—Reporter

MAPLE H. D. CLUB MEETING

The Happy Home-makers club of Maple met Friday of last week at the home of Mrs. M. W. Holloway. Mrs. Elbert Stephens being elected club counsel, Mr. M. M. Cooper, Mrs. J. L. Carter and Mrs. Hall members of the recreation committee. An exhibit and program committee was also chosen. Orchid and green were decided upon as our club colors.

We made a few tile and discussed home gardens.

Those attending were Mesdames Geo. Tyson, Iris Holloway, W. Holloway, Shaw, C. H. Stephens, Blitar, Miss Stewart, demonstration agent and J. B. Waide, Jr., county farm agent.

REV. FORT BOOSTS REVIVAL

Rev. G. R. Fort, Methodist pastor of the Muleshoe circuit and former pastor in Muleshoe, commenting on the revival services now being held at the Methodist church here, declared there was a great opportunity for untold good being accomplished during this evangelistic series.

He spoke especially of the service held Tuesday morning, declaring Rev. Luker delivered one of the most helpful sermons ever heard. The minister urges people of all churches to make the necessary sacrifice to attend and benefit from these services.

We don't know what the jury is going to say, but it may be that he is a mental pervert made so by a life of unbridled license.

MEETING OF POLLYANNA CLUB

The Pollyanna club met April 17th with Miss Etha Sheriff, at the home of her mother, Mrs. J. R. Sheriff. Quilt blocks were embroidered and at noon a covered dish luncheon was served which was enjoyed by all.

Our home demonstration agent, Miss Stewart, met with us in the afternoon a very interesting business meeting being held.

Our president, Mrs. Foster appointed various committees. The garden demonstrator, Mrs. E. L. Smith, was elected. Garden tiling will be demonstrated at Mrs. Smith's in the near future.

The meeting was then turned over to Miss Stewart, who talked to us about work to be done this year. We are very glad to have Miss Stewart and hope to accomplish much this year.

There were 30 club members and three visitors present.

The club will meet next with Mrs. Johnnie Williams, May 8th for an all-day meeting. Miss Stewart will meet with us. She meets with our club, the second Wednesday in each month.—Reporter

MULESHOE, Chevrolet Sales and Service TEXAS

THE USERS OF NEWSPAPER SPACE ALWAYS REAP GOOD RESULTS

Ads produce sales. Well written ads always give the public a favorable impression of the things advertised. The greatest service in business is newspaper advertisements. They serve both the buyer and the seller. Experience of thousands of business concerns of every kind over a long period of years proves conclusively that no other form of advertising reaps the results like newspaper advertising. Steady, consistent advertising backed by reliable merchandise always makes a successful business.

IT PAYS TO ADVERTISE IN THE MULESHOE JOURNAL

THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1919. JESS MITCHELL, Editor.

SUBSCRIPTION RATES In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas. Advertising rates given upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on one side of the paper, and must reach this office not later than Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, if marked "ok" by whom not for what purpose, if the object is raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed. Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher. In case of errors or omissions in local or other advertisements, the publisher does not hold himself responsible for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Go to the ant, the sluggard; consider her ways, and be wise.—Proverbs, 6:6.

There is always hope in a man who actually and earnestly works. In idleness alone is there perpetual despair.—Carlyle.

REARING CHILDREN

Rearing children properly is one of the important tasks of life, and Muleshoe is a good place to do it. We know of no place where the environment for such is better. Here they may grow to manhood's estate and become greater assets than new factories.

TRADING AT HOME

Occasionally we run across some one who laughs at the idea of trading at home, and there are probably many others of like disposition whom we never meet. They, apparently, take the position that it does not matter where they spend their money if they get their money's worth. They subscribe to the doctrine that the only obligation they owe the home town is to get what they can out of it. They are badly mistaken.

True, the principal reason for the existence of any town is its accommodation to the people living in and around it; yet to maintain that accommodation, foster and develop it, it must be patronized. If everyone in and around Muleshoe traded elsewhere it wouldn't be 90 days before all business concerns here would be forced to close their doors.

Of course, our idea of trading at home does not include buying goods from business concerns who attempt to sell at exorbitant profits. It does not mean the acceptance of shabby, worn, dirty, bedraggled or out of style goods from business concerns who have the foolish idea it is up to the community to keep them in business; but it does mean giving the local business concern a chance to meet competition and sell you what you want at a reasonable price consistent with value and in keeping with what that purchase may be made at in some other town.

Muleshoe business concerns can sell as cheaply as elsewhere. This should do so, and people of this community

should patronize them. It's best for all of us to co-operate in every manner possible. By so doing we aid in the general improvement of our own community.

REARING CHILDREN

Rearing children properly is one of the important tasks of life, and Muleshoe is a good place to do it. We know of no place where the environment for such is better. Here they may grow to manhood's estate and become greater assets than new factories.

Climatic conditions here are ideal for physical development. With pure water plenty of sunshine, no malaria nor miasmata, no prevailing diseases of any kind, and an altitude that lifts one up nearly 4,000 feet above sea level where the air is exceptionally pure—these are all favored assets for growing youth. Moral conditions here are more favorable than the average city. Social conditions are good. There is a real community interest here, a place in which the misfortunes that grieve the average family find a responsive note of sympathy in nearly every home.

Such conditions are desirable, and there is a responsibility attached to every citizen in Muleshoe to see that they are kept at their highest point of favorable reception.

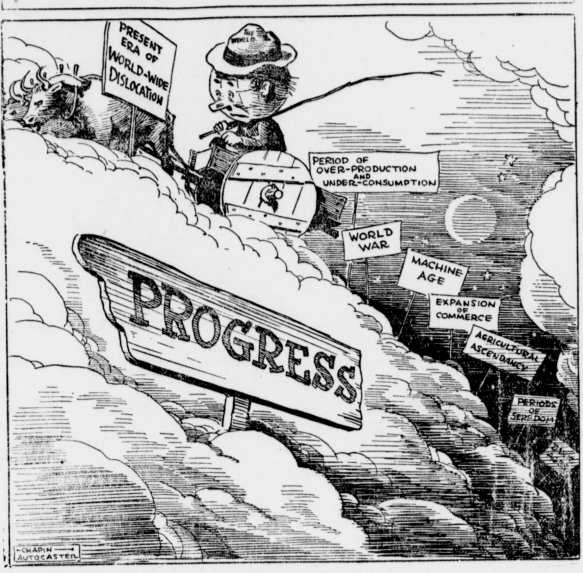

LAST WARM WINTER

According to the U. S. Weather Bureau, the past winter may be the last warm one for a long time to come. They record it as the fifteenth "above normal winter since that of 1917-18, and declare the pendulum is due to swing back the other way now and that future winters are pretty apt to be severe.

What causes the alternate cycles of shifting climate is not known. The weather bureau is not yet convinced

IT WAS EVER SLOW

by A. B. Chapin

of the correctness of some theories that weather cycles depend on sunspot changes, variations in the heat from the sun, or other such occurrences. If the cause were known, the cycle could be predicted years in advance.

So much for the professional weather men and their predictions. What Muleshoe amateur weather sharks think about it doesn't matter so much, and especially not this far ahead. It will be a long time until King Winter gets back to this part of the world, and only those who have time to waste or who are hard up for something to worry about will give the matter another thought for the next six months to come.

In the larger centers of population winter is always looked forward to as a dread time of year. There is not so much of that spirit here, for winter adds but little to the general suffering of the community. Maybe that's why the weather shark is usually without honor or advocates in the smaller towns.

ONE-EYED CARS

The way many local motorists take chances on driving with one headlight is little short of criminal. Sometimes the bulb of a tail light will go out when the car is on the road, and for this the owner may not always be responsible if he doesn't notice it. But the number of one-eyed cars on the roads around Muleshoe is sufficient proof that there are many drivers who know that their lights are bad but do not care enough to spend a quarter for a spare bulb that can be carried in the pocket of the car for emergency.

Few drivers will venture out without a spare tire and yet drive for weeks without having a defective light bulb replaced. And yet more accidents have been caused through poor lights than from the lack of a spare tire. The arrival of the spring motoring season should serve to impress this on every car owner.

THE GOOD EARTH

How good it feels after several months of winter to get out into the fields and gardens and work with the soft, mellow earth. Just to touch the soil seems to renew life and vigor.

In Greek mythology there is a story of a gigantic wrestler whose strength was invincible as long as he touched the earth. If he was raised from it, he again renewed his strength as soon as he touched it. This possibly accounts for the instinctive call that practically every normal person has in the spring of the year to get out and dig in the earth and plant seeds.

The contact with the earth has brought renewed health and strength to untold millions in the past, and the same magic trick seems to work even today.

Jaunty Journalettes

Some suckers in and around Muleshoe don't believe it; but a business that has great profits in sight doesn't offer shares to the public.

We've noticed frequently that the Muleshoe man who has a bad temper never loses it when he is talking to some fellow he knows can lick him.

In the good old days around Muleshoe the groom's poverty was not much of a handicap because he didn't have to finish paying for a ring and a couple.

One can generally tell which Muleshoe relatives are being helped by the other members of the family. They are the ones who are always mad or insulted about something.

We have an idea there is more than one Muleshoe couple who thinks the most unfair thing about marriage is the fact that a preacher don't refund their money if it doesn't work. If you happened to pay the J. P. \$5, it's worse.

Now that the sandstorms are over, we are confidently looking forward to some Muleshoe woman placing the following notice in the Journal: "Having promised to love, honor and obey my husband, under false representation of his value, I hereby revoke that promise."

Pavement Pickups

In Muleshoe it's really interesting to watch an irresistible blonde when she meets an immovable bachelor. Several folks here are now interested in the latest collision of this kind.

Neil Rockey says it has got so that the average home is now just a place where part of the family waits until the others are through with the car. Moral: Buy more cars.

Myron Pool, reports having a pure bred Rhode Island hen that persists in laying her eggs on top of a building having a corrugated iron roof. The only way he can account for her high aspirations is the fact he is feeding her state certified seed.

As Mrs. Danner sees it, the husband who complains of his wife's backseat driving should never attempt to run the kitchen from his easy chair in the living-room.

"Radio stations are true to life," says radio expert Blair. The worse the program the more station's it's on.

It is reported that Elmo Head and O. N. Robison dispensing of getting a \$200 Townsend pension, have cancelled their orders given Neil Rockey for Lincoln cars.

SNAP SHOTS

Many a big shot doesn't feel successful if he can't go back and show off in the old home town.

If there is no hell then what becomes of those who offer the poor a

chance to make money and charge them \$40 for a \$10 outfit?

There's always something. Senators are above poverty, dirt, hardship and the lie, but they have Huey Long.

A dead man was recently elected to office in Chicago. At that he might enforce the law better than some of the live ones.

Another trouble is that people learn only by hard experience and the wrong

people are getting the experience. Looks now like the Wall street gamblers are getting so depressed the farmers are going to have to do something for their relief.

Why not have a "National Grouch Week" so everybody can get it out of their system at once and have it over with.

A free county is one in which you can go into court and stop almost everything except crime.

If you aren't organized, have no lobbyist and can't afford a fight in the courts, then you belong to the mere majority.

When the old-timers called this the land of the free, they meant free people, not free board.

Politicians must love the poor of this country very much else they wouldn't be trying so hard to make us all that way.

If you don't try today to do better work than you did yesterday you'll do poorer work tomorrow.

LARGE CROWD ATTENDS PLAY

A large crowd attended the Senior play, "The Attorney For Defense," given at the Muleshoe High school auditorium Friday evening of last week.

Twenty-eight dollars and fifty cents was cleared which will be used to pay the speaker and other expenses of the graduating exercises, which will be held in May.

A LOCAL ABTRACTOR TELLS OF DIFFICULTIES FOUND IN ABSTRACTS DATING BACK IN ANCIENT HISTORY

Examining an abstract for a piece of property is a very important and sometimes "ticklish" task to perform, and any lawyer will testify from the experience of property holders it is evident some lawyers are more particular regarding technicalities of transfers embodied in such a document than are others. Just whether all these technicalities are important still remains a moot question and one that may probably never be satisfied.

Abstractors, also some times are called upon to furnish legal evidence that may or may not be relevant to the validity of abstracts, and such was the case here last week when A. P. Stone, of the Muleshoe Abstract Co., this city, received a copy of the following letter, which evidently had to do with an abstract some one had been having difficulty in settling:

Dear Sir: There are no records or archives

CONTRACTORS NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 11-484 miles of Reshaping Base and Triple Asphalt Surface Treatment from Muleshoe to the Farmer County Line on Highway No. 7, covered by U. S. Public Works Highway Project No. NRH-640 B (1934) in Bailey County, will be received at the State Highway Department, Austin, Texas, until 9:00 A. M., April 30th, 1935, and then publicly opened and read.

The attention of the bidders is directed to the required special provisions covering, subletting or assigning the contract, the use of domestic materials.

Type of Laborer	Prevailing Minimum Per Diem Wage (Based on a Five (5) Hour Working Day)	Prevailing Minimum Hourly Wage Rate
Skilled Labor	\$5.00	\$1.00
Intermediate Grade Labor	2.50	.50
Unskilled Labor	2.00	.40

For the classification of particular positions under the above types of Laborers, Workmen, or Mechanics, see the Approved Required Special Provisions.

The above prevailing minimum wage rates shall govern on this contract. Overtime and legal holiday work shall be paid for at the regular governing rates.

A certificate of Code compliance on the prescribed form which will be furnished for that purpose shall be signed and submitted by all bidders in accordance with Executive Order No. 6646, issued by the President on March 14, 1934. Only bids accompanied by such certificates shall be considered or

the selection of labor, hours and conditions of employment, and hand labor methods.

Except as otherwise specified, the minimum wages paid to all laborers, workmen or mechanics employed on this contract shall be One (\$1.00) Dollar per hour for "Skilled Labor," Fifty (50c) Cents per hour for "Intermediate Grade Labor," and Forty (40c) Cents per hour for "Unskilled Labor."

Attention is directed to the special provisions, included in the proposal to insure compliance with the requirements of House Bill No. 54 of the Forty Third Legislature of the State of Texas.

A local employment agency from which the Contractor shall obtain employment list will be designated prior to the award of contract. Plans and specifications available at the office of G. M. Garrett, Division Engineer, Lubbock, Texas, and State Highway Department, Austin. Usual rights reserved.

Orleans Knife Girl
NEW ORLEANS... Marian King, 23, (above), who brought romance to a tragic end with her drinking companion John I. Pierce, 23, when she stabbed him with a knife he handed her in a night club quarrel. "He died like a gentleman," she said.

Daddy of Basketball
CHICAGO... Dr. James Naismith (above), of Lawrence, Kas., came to town this week. He talked to the national basketball coaches with authority. And well he might, because he's the man who invented the game.

available which concern the title to the above described land any further back than the United States government.

However, I believe from a historical standpoint, I can enlighten you as to the title in regular a way that the objections you have pointed out will be waived.

This land was acquired by the United States government in 1803 by purchase from France under what we now refer to as the Louisiana purchase.

France acquired possession of the land by conquest as result of a successful war with Spain.

Spain acquired possession of the land by virtue of the fact that a young man in her service by the name of Christopher Columbus, on the twelfth day of October, 1492, discovered it and claimed it for Spain.

Columbus got his authority for making the aforesaid voyage and discovery from Ferdinand and Isabella, the king and queen of Spain.

Ferdinand and Isabella got their authority for the sponsoring of the voyage from the Pope of Rome.

The Pope of Rome got his authority by virtue of the fact that he said he was the vicar of Jesus Christ on earth. Jesus Christ got his authority by the fact that he was the Son of God, and God created the earth.

BLASTS OF SAND And Grit Chunks

It is reported to a farmer's wife, living in the Longview community, had been using an oiled rag to polish some furniture with, and having finished the job tossed it out into the back yard. That afternoon a sandstorm came along, the fine silt playing on the oiled rag set up an electrical friction that ignited it and soon after an extra gust of wind picked up the burning rag tossing it on to the back of a nearby sleeping dog, catching him on fire. The frightened animal ran into a nearby stack of feed which caught fire, the flames frightening a team of mules which broke out of the lot, one of them getting badly out on the barbed wire as it went through, the other knocking over a small chicken house in its frightened getaway, breaking up four setting hens and destroying the eggs which were about to hatch. The wild hearing the commotion started to call her husband who was working in the field nearby, and as she stepped off the porch step sprained her ankle, her husband heard her screaming from the pain, picked her up, bringing her into the house and laid her on the bed, but in doing so forgot and left the door open. The sand whipping in and covering all the furniture again as she lay in it was covered. However the oiled rag she used for dusting had been burned—so size just let it go.

Julian Lenua says you can hear radio crooners better in the stratosphere than in sandstorms, yet most people prefer sandstorms.

After all why worry about a little sandstorm when the country is being thoroughly gassed by Washington propaganda!

Detroit boy died of ruptured stomach, says a headline. Probably inhaled too much sand and the weight caused it to burst through.

T. L. Eason is reported to have found a mole in the second story of the High school building one morning following a terrific sandstorm. The only way he can figure out how it got up there was by burrowing its way through the raised sand during the storm.

It is rumored that some of the tender-hearted members of Muleshoe families have declared if the sandstorms get much worse they will be tempted to open the door and let the "bad wolf" come in. Some folks are quite humanitarian.

Chet Layne, who is quite mechanically inclined, has figured out that instead of driving his double-winged plow through the land to list it, he can just move it along the end of the field pointing it in the direction he wishes the rows to run and list the land as it blows by.

Happy Waggoner in the Lasbuddy community, says he has a few tons of extra dirt on hands he would swap for a sprinkler full of rain water any time before crop planting time. Dont everybody rush.

Now that rain has fallen in some sections, here's hoping the sand blasts are over.

There was 800 pounds of dust swept up by the school janitor one day last week at Roy, N. M., following a particularly hard sandstorm, and this notwithstanding the building was of brick and all openings comparatively tight, says the Record, published there.

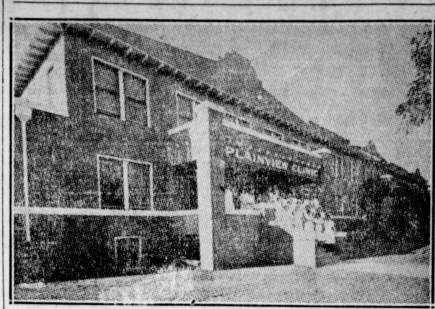

FEED LOANS BEING APPROVED CHECKS ARE NOW COMING BACK

There have been 75 Feed and Seed loans approved locally and sent to the Dallas office for final approval in Bailey County, according to Mrs. L. S. Barron, in charge of such applications. There have also been about 150 other applications taken, which are being temporarily held up for various reasons, such as mortgage completion, landlord waivers, etc. Applications are averaging about \$200 per farmer, Mrs. Barron said.

It is anticipated before the week closes checks for more than one-half the 75 applications approved will have been received by J. B. Burkhead, county clerk, 25 such checks having been received up to the first of this week.

Love is the only power of the human heart that grows by absolutely giving itself away.

As rats prove the usefulness of a road so do convulsions prove an active brain. Duty looks on life as a debt; love is always dreaming of collecting that debt.

THE PLAINVIEW SANIARIUM and CLINIC
Thoroughly equipped for the examination and treatment of medical and surgical patients. Departments include—ray, Pediatrics, Obstetrics, Dental and Eye-Ear-Nose and Throat.

THE PURPOSE OF DEPOSIT INSURANCE

When Congress created the Federal Deposit Insurance Corporation its primary objective was the protection of depositors. This Corporation began insuring deposits January 1, 1934. It is now a permanent organization.

It now insures deposits in a great majority of the banks, including this institution. As a result, millions of depositors enjoy a degree of financial security heretofore unknown.

When you have money on deposit here you know for a certainty that your deposits up to \$5,000 are fully safeguarded against loss. Deposit insurance is for your protection.

Stegall News

Wednesday evening the people of our community met and discussed the construction of a new school building. Judge Adams was present and presided at the meeting.

Friday night the Literary society held their regular meeting. The house was crowded and an interesting program rendered. Everyone especially enjoyed the play, "Henry's Mail Order Wife." All the cast did well, but the outstanding character was Harvey McDanel as Mrs. Tucker.

Mrs. Luther Rogers, from Harts Camp visited her brother, S. P. Phipps, and family last week.

There was a call meeting of the Learn-a-Bit club Tuesday.

There was a good crowd at Sunday school Sunday afternoon. After Sunday school was over, the following took a picnic lunch and enjoyed an outing and Easter egg hunt at Monument lake: Mr. and Mrs. D. L. Lane, Mr. and Mrs. John Holt and son, Jackie, Mr. and Mrs. Vestle Rogers and baby, Scott Williams, Frank Cotter, Bobby Klutts and Mr. and Mrs. T. F. Cotter.—Reporter.

BAPTISTS HAVE CROWD EASTER

A large crowd attended the Easter services at the newly erected Baptist church in Muleshoe last Sunday morning. Practically every seat in the auditorium was filled.

After the evening B. Y. P. U. meetings the congregation was dismissed and most of the members attended the revival meeting at the Methodist church.

Sunday, April 29 a band of workers from Wayland college at Plainview will have charge of the services, and everybody has a special invitation to attend.

If you are interested in a machine for home, school or business, come in and see it. trdn

29,000 ACRES SIGNED UNDER GOV. EROSION PLAN TO PROTECT LAND Farmers of Bailey county have signed 29,000 acres under the emergency soil conservation program, according to J. B. Waide, Jr., county farm agent. The plan calls for listing either soil or alternate rows. No provision is made on cultivating in any other manner. Mr. Waide stated that a check would possibly be made on the land to determine if the contract signs were carrying out their contract. The signers agree, weather permitting, to work every day until the job is completed.

number of young people with a party at her home east of Balleboro Friday night. Everybody had a jolly time. School Closes The Commencement exercises for the graduating class was held Thursday night. There were seven seniors who received diplomas. Prof. Mitchell Jones of the West Texas State Teachers college delivered a very interesting and helpful address. Prof. G. M. Daugherty awarded several ribbons to honored students, and J. B. Waide, Jr. gave several prizes to the 4-H club boys. Bert Renfrow gave the valedictorian address and Clark Harvey gave the Salutatorian address although the two only had 1-64 difference in their grades for their junior and senior years. Flora Mae Lee was historian for the class and they all made interesting talks. The BB's Meet The B. B.'s met at Mrs. Luther Ragsdale's Tuesday. There were 15 members present and a quilt was quilted for Mrs. Ragsdale. The club decided to meet at the school house through the summer months. The club resented their colors which are to be green and pink. Miss Stewart will be with us at our next meeting.—Reporter

Here's what YOU Can Do with Additional Electricity At No Increased Cost! The added current will help pay for the extra lamps the new refrigerator and other electric appliances you have always wanted and needed. Put in higher wattage lamps and see what a big difference good lighting really makes. The inauguration of the new "ultimate" rate not only brings better lighting, but opens wide the door to a fuller use of electric service by any person who wants it. More readily possible now is convenient healthful refrigeration. Automatic electric cooking—and the pleasures of cooking in a clean kitchen, comfortable both in winter and summer—is within the reach of every woman. We want you to know how the new "ultimate" rate is at your service in a practical way, not in theory. If you have read our announcement in previous issues of this paper and desire further information please inquire of our local office for complete details. Application of the new rate will be reflected in your service bill received May 1st and thereafter. We know that when you appreciate the benefits under the rate you will avail yourself of its advantages more and more. Texas Utilities Co. YOUR ELECTRIC SERVANT

Classified advertising in the columns of the Journal will provide more publicity for the money than anything we know of.

Speaking frankly, as a newspaper editor should, we point out that any good newspaper has sore-headed critics all the time.

THE CULTIVATING TRACTOR YOU HAVE ALWAYS WANTED!

With the new Model A John Deere Tractor you have big daily capacity for lowest costs. You can get your work done faster. You can get the jump on Old Man Weather. You have a dependable, untiring outfit that heat won't stop, flies won't bother.

Time Is Worth Money
You can work longer hours—with the new comfort that has been provided for the operator, doing a much bigger day's work without fatigue. There is no strain in watching a John Deere—you get a full, unobstructed view from a natural position on the high tractor seat. Hydraulic power lift operates with a touch of the toe.

Remember—John Deere tractors burn low-cost fuels—you farm with lower costs with a John Deere.

HOME DEMONSTRAT'N NEWS

By MISS ALMA STEWART
Home Demonstration Agent
Bailey County
County Council Meet

The Bailey County Home Demonstration council will meet in the District court room in Muleshoe Saturday, 2:00 p. m., of this week, according to Miss Stewart, home demonstration agent.

This is the first meeting of the County council. Each club is expected to send its president and one council delegate to the meet. Officers for the current year will be elected Saturday.

4-H Club Work
4-H girls' clubs are being organized in the county. Any girl between the ages of 10 and 18 may be enrolled, according to Miss Alma Stewart, Bailey county home demonstration agent. She plans for the girls to work on gardens and clothing this year. Each girl will plant enough tomatoes to feed the family. During canning season the girls will can tomato juice, soup and tomatoes.

Each club will elect a garden demonstrator and the other club members will be cooperators.

Each club girl will be expected to exhibit three containers at the county exhibit in the fall.

Each club will have a wardrobe demonstrator. Every girl will be asked to make a cook apron and a cotton dress.

Bailey county girls who are interested in a poultry project may enroll now. Each girls club in the county will be expected to send at least one delegate to Short course at A & M college in July.

Old Bula Club Meet
The women of the old Bula community met at Bula school house April 17 and organized a Home Demonstration club. The following officers were elected:

Mrs. Gilbert, President; Mrs. Wright vice-president; Mrs. Weaver, secretary; Mrs. Marable, reporter; Mrs. Brewer, council delegate; Mrs. Aubrey Simmons, parliamentarian.

It was decided to meet on the second and fourth Tuesday in each month. The next meeting will be May 14 at the home of Mrs. Medlin at 2:00 p. m.

More Club Information

Following are listed the 14 different home demonstration clubs now organized in Bailey county, together with the names of the elected presidents of same, and the number of members where reports of such have been made:

Due to a misunderstanding, last week's issue gave the wrong names for the presidents of the Home Demonstration clubs.

Goodland, Mrs. Ruby Ponder, 20 members.
Circleback, Mrs. L. R. Gilbert.
Longview, Mrs. Pat Lane, 47 members.

Watson, Mrs. David St. Clair, 19 members.
Enochs, Mrs. Pat Green.
Progress, Miss Vera Baker, 30 members.

West Camp, Mrs. H. W. Foster, 42 members.
Baileyboro, Mrs. Roy Pugh, 35 members.

Old Bula, Mrs. Gilbert.
Maple, Mrs. Iris W. Holloway, 19 members.

Muleshoe-Y L, Mrs. Dudley Buzard.
New Bula, Fairview, and Stegall have not yet sent in official reports.

The Demonstrations
Miss Alma Stewart, Bailey county home demonstration agent and J. B. Waide, Jr., Bailey county farm agent, will demonstrate the marking and laying of tile, Thursday, April 25th at 2:30 p. m., at the home of Mrs. M. W. Holloway, garden demonstrator for Maple club. Club members from Enochs, Maple, Goodland, Watson and Stegall will attend.

Monday, April 29, at 2:30 p. m., there will be a demonstration at the home of Mrs. Walter Daimon, garden demonstrator of the Circleback club. Club members from Circleback, Baileyboro, Longview, New Bula, Old Bula, and Fairview, will attend.

There will be a demonstration at the home of Mrs. E. L. Smith, garden

demonstrator of the West Camp club. Friday, April 26, at 2:30 p. m. West Camp club members will attend.

Another demonstration will be held at the home of Mrs. R. T. Jenkins, garden demonstrator of Progress club. The date will be set later. Muleshoe, Y L and Progress club members will attend.

All who are interested in this work are invited. The club women would like to have members of the Agriculture Association.

Muleshoe Club Name Officers
The Muleshoe Home Demonstration club met with Mrs. Dudley Buzard last Monday.

The meeting was called to order by the president, Mrs. Dudley Buzard. Minutes of the previous meeting were read and approved. The first business in order was to rescind the motion made in the previous meeting in naming the club "Muleshoe-Y L" on account of Y L wishing to organize a club of their own.

It was decided to name the club, "Good Cheer."

"The following committees were appointed: Program committee: Mrs. Kistler, Chairman; Mrs. Ruth Gaede, Mrs. Ada Morris.

Recreation: Mrs. C. A. Horsley, Chairman; Mrs. H. A. Douglass, Mrs. Allen Magee.

Exhibit: Mrs. Lee Jones, chairman, Mrs. O. H. Beatty, Mrs. H. E. Lindsey. Finance: Mrs. W. H. Atwey, chairman; Mrs. O. N. Robison, Mrs. S. E. Morris, Jr.

Officers elected were as follows: Mrs. Lee Jones, garden demonstrator; Mrs. Beas Hobbs, parliamentarian; Mrs. Lee Sims, council delegate; Mrs. G. A. Mardis, reporter.

Club members present were: Mesdames J. W. Kroppf, J. J. Lawler, O. N. Robison, H. A. Douglass, C. A. Horsley, C. H. Beatty, R. C. Gaede, I. W. Harden, C. H. Justice, G. A. Mardis, W. H. Atwey, Will Kistler, Lee Jones, Mrs. Beas Hobbs, C. H. Buzard, Dudley Buzard, Whitson West, Allen Magee, Bud Morris, Misses Henrietta Burns and Alma Stewart, and one visitor, Mrs. Alva Sparks of Sudan.

The next meeting will be May 9th at 2:00 p. m. with Mrs. Tyson.

ADOIS NEW MEXICO

We're movin' on! New Mexico—the grand old commonwealth. We're exodusin' somers and goin' fer our better.

We've sold the farm and called the dogs an' tied the trailer on behind the Henry and a moisture land is what we're low to find.

We've packed the kids in the rig, a settin' soft on hay—we don't know where were goin' to but were shorely on our way.

That's me and Jed! an' Bill an' Dick an' Sal an' Henry Ward an' Kate an' Grover, Dewey, Hilda Ann—all leaving New Mexico. An' Kate an' Cate—two sets of twins, an' William Jennings Bryan, a drivin' from the danger zone an' wishin' we was a flyin'.

They've passed a gosh-hanged sales tax law down there at Santa Fe that raised more kinds of billy hell than would an earth-quake spell. Its jarred the state from end to end an' twisted it awarack and made the moss stand right upon Traditions back.

Its plum again all precedent, our liberty it wrecks, an' walks in tones of thunder upon the honest voters necks. The state will soon a Sahara be, just like that distant land, where Arabs ride on camels' backs across the burning sand.

Oh yes, of course, we hate to leave—but gosh almighty man; we're hikin out to save our lives and goin' while we can.

We're aimin' fer some other state—some safer, saner land, where dust storms and sales tax don't go gaily hand in hand.

The above, a lot of truth in rhyme, was contributed by one of our farmer friends who isn't sure whether the sales tax or the dust storms is the worst evil. But of one thing he is certain—the two make a rather bad combination, so he's leavin' the land of dust and gales and the politicians' sales tax—Roy N. M. Record.

Weasel's Habitat

Weasel—also called "ermine" when white—seems not to have much preference for its habitat, except such places which furnish plenty of food such as small birds and quail.

COTTON SEED Aiken Purebred

MULESHOE ELEVATOR CO.

GIVE CHILD OPERETTA

The one-act operetta for children, "Wedding of the Flowers," under the direction of Mrs. W. C. Cox and Miss Mildred Miller, presented at the Muleshoe High school auditorium Thursday evening of last week was well attended, and enjoyed by all. There were 45 characters in this beautiful operetta. Each character represented a different flower and the costumes were very realistic. Mary Frances Parley was the bride who married Norman Lavigne, while James Glaze was the minister, Roy Riddle the ring bearer, and Pauline Garth the flower girl.

Pyrrhonism
Pyrrhonism is a term for scepticism. Pyrrho, who lived in the fourth century, B. C., believed and taught that nothing was capable of proof and admitted the reality of nothing but sensations.

Stomach Gas
One dose of ADLERIKA quickly drives the bloating, cleans out the bowels and lowers bowels, allows you to eat, sleep good. Quick, thorough action, yet gently urmic and safe.

Must Die Now

HUNTSVILLE, Tex., Raymond Hamilton (above), finds his steady career of outlavery at an end. He is in a death cell here and is expected to be sentenced to die in the electric chair on May 10th. This will pass another "Public Enemy No. 1."

Miss Kennedy Was Charming Princess At The Dairy Show

Miss Crystal Kennedy was selected by the Muleshoe Kiwanians as princess to become a member of the regal party and to participate in the queenly honors of the Panhandle Plains Dairy show at Plainview Tuesday of last week.

At three o'clock in the afternoon she attended a tea given by a Plainview girls club at the Hilton hotel ball room. She wore a lovely white crepe afternoon dress with navy blue accessories. After the tea, all princesses from various towns were taken to a show at the Texas theatre.

At eight o'clock in the evening a pageant was given by a Plainview dancing class at the city auditorium. All 15 princesses and their escorts were introduced to the audience. Miss Kennedy wore a peach evening gown with blue accessories, and her escort, Courtland Paul, wore evening clothes.

Following the pageant, a ball was given at the Montgomery Ward building, with a Plainview orchestra furnishing music. Several hundred people attended.

Officers from Muleshoe attending were Mrs. Lorena Kennedy, Miss Alma Stewart, J. B. Waide Jr., Mr. and Mrs. Virgil Bennett, Mr. and Mrs. Paul Basinger, Miss Dora Nell McCarty, Melvin Moore, and Bob Riddle.

Horses... Horses

MIAMI... Sea Horses will ride high, wide and handsome this season, in the fashion tip-off for swimming spots. They make colorful and attractive spots on beach caps and hats, as demonstrated by pretty Frances Jones.

General News Over Texas And Adjoining States For The Week

Fire early Monday morning destroyed nine business locations at Seminole causing a damage loss of about \$35,000. The fire started in the Palace cafe building.

Texas had three different governors serving it last week. Gov. Alfred was in Washington, then Luist, Gov. Woodall was called to Oklahoma, causing Senator Ken Regan, of Pecos, to become governor.

H. B. Hales, a Holstein cattle breeder at Amarillo, was elected president of the Panhandle Dairy show for the coming year. Robert Smith, a Jersey breeder at Lockney, was chosen vice-president.

It is officially estimated that 40 per cent of the cultivated acreage of 20 counties in the South Plains area has been more or less adversely affected by wind erosion this spring.

The Southern Baptist convention, embracing 24,360 churches with 4,272,000 members in 16 different states including Texas will meet at Memphis, Tenn., May 15 to 18.

West Camp News

The district B. Y. P. U. of the Plains association met with the West Camp church Sunday, April 21. There was a good representation from several churches present. The program consisted of special music by West Camp, an 8:00 o'clock sermon by Jeff D. Welch Lubbock; lunch at noon; at 1:00 p. m. devotional by Rev. H. H. Copeland, welcome address, by Addie Lee Lindsey response from Witharral. Other features were:

Define Stewardship, Jeff D. Welch. Special Music, Witharral delegates. Stewardship of Time, Mrs. Welch, Lubbock. Stewardship of Talents, Rev. Leonard Burdine, Plainview, Congregational Singing.

Farmer Brown's Convention of Doctrine of Stewardship," by the Lubbock Union. Business Session, Adjournment. Mr. and Mrs. J. H. Stone have Mrs. Stone's sister, Mrs. Allen, of Buffalo, N. Y. and her brother, Frank Harrison of Stillwater, Oklahoma, visiting this week. Mr. Harrison is a teacher at the A. M. university in Oklahoma. Mr. and Mrs. E. L. Smith went to Mangum, Oklahoma, Friday of last week attending to business and visiting relatives.

The play sponsored by the W. M. U. was given Friday night of last week and was well attended. It was reported that several people said they would pay a dollar to see the play again, so those absent must have missed something worth while.

A number of relatives and friends gathered at the home of Mr. and Mrs. Joe Roper, for a surprise dinner Sunday in honor of Mrs. Roper's birthday. Those present were Mr. and Mrs. Bula Cox and daughter, Joy Gene, Mr. and Mrs. Wayne Eskridge, Mr. and Mrs. Amos Miller and daughter, Emma Ruth and Edmond Cox of Sayre, Okla. Mr. and Mrs. B. E. Chaney had quite a family reunion last week. Rev. and Mrs. H. H. Copeland, Sunday evening, and Mrs. Jeff D. Welch and daughter, Wanda, of Lubbock; Rev. and Mrs. Leonard Burdine, Plainview, and Mr. and Mrs. Howard Lindsey and children, Addie Lee, Sam Joe and Jackie, were there.

Mr. and Mrs. A. R. Amm and son, Walter Ramm, returned Sunday from Clovis, where they had been for two weeks taking treatment at a sanitarium.

Mr. and Mrs. Arvil Stone, of Bovina visited Mrs. Stone's parents, Mr. and Mrs. H. H. Copeland, Sunday evening. Mr. and Mrs. Asa Smith and Bryan Smith visited Mr. and Mrs. Amos Williams, of Progress community, Sunday.—Reporter.

Each of us gets out of life just what we put into it, no more no less. We ought therefore to be careful what we put into it, and how much.

P. T. A. Holds Its Last Meeting For 1935 School Year

The last meeting of the Parent-Teachers association was held last Monday evening at the Muleshoe High school auditorium.

The business session was held first and all old and new business was attended to. Plans were discussed concerning the playground equipment which the P. T. A. raised funds to buy. Arrangements will be made during the summer months for buying and all equipment will be ready for use the first week of school next year.

The P. T. A. is making arrangements to serve the Junior and Senior High school banquet for this year, announcements of the exact date to be made at a later date.

Mrs. W. C. Cox's room with the picture and the \$100.

A very interesting program was rendered as follows: special music with Mrs. Ty Young at the piano, Mrs. Curtis Taylor playing the violin, Ty Young and son, Jack, Curtis Taylor and son, Buddy singing; objective school ground equipment, and talk by Mrs. Curtis Taylor.

A special meeting in August for the installation of new officers. Announcement of the date of this meeting will be made at a later date.

Y L News Items

A number of ladies of the community honored Mrs. Maynard Hupp, nee Ouida Beller, with a miscellaneous bridal shower at the home of Mrs. Ed Hupp Wednesday afternoon of last week. Many lovely and useful gifts were presented to the bride at that time. After the performance of due ceremony, refreshments of ice cream and cake were served to the following ladies: Mrs. Art Rhine, Myrtle Priboth, Dorothy Wallace, E. A. Brewer, Alice Brewer, Ed Beard, D. A. Budgett, Blaine, Ines Bruton, L. W. Lindsey, Jimmy Morris, Tyson, D. W. Buhmann, Juanita Buhmann, Olen Hutchinson, Ernest Beller, Roy Bryan, E. A. Bryant, O. N. Robinson, R. N. Robinson, Martin Evans, P. B. Panter, Ed Hupp, Lawler, Misses Lucy Robinson, and Lola Hupp, and the honoree, Mrs. Hupp.

The following night the young people of the community honored Mr. and Mrs. Maynard Hupp with another shower and party. The members of the two young people's Sunday school classes were those present at that time. Many beautiful gifts were presented to the young couple with congratulations and best wishes for a successful married life.

The last meeting of the Y. L. P. T. A. will be held Tuesday night, April 30th, at the school house. An interesting program is being planned for that time so all are invited to attend. There will be only a short business session, most of the time being devoted to the program.

Thursday night, April 25th, the Seniors of the Muleshoe High school will give their play, "The Attorney for Defense," at the Y. L. school. Everyone is urged to come and see this play which will be sure to please.

The school children of the lower grades all had Easter egg hunts at the school house, May 1. Miss Mary Rankin and Miss Lola Hupp spent the past weekend at Lubbock.

The three-act play, "The Path Across the Hills," which is being performed and sponsored by members of the Baptist church is to be given at the school house, May 1. Miss Leta Clayton spent the past weekend at Canyon.

Mr. and Mrs. Olen Hutchinson visited relatives at Floydita last weekend. News has been received that Miss Jane Reynolds has undergone an appendicitis operation recently.—Reporter.

Goodland News

We had a nice shower Sunday afternoon. Our school will be out Friday. There will be a program Wednesday and Thursday nights.

The Baptist church is celebrating their first anniversary with an all day program Sunday. Everyone is invited to come and bring a well filled basket.

The Goodland Sunshine club met with Mrs. O. Newton Thursday. Mrs. L. Stamps was elected council member and Mrs. L. D. Sanderson garden demonstrator.

The young people enjoyed a party at the Charlie Bealy home Thursday night.

Mr. and Mrs. L. Stamps are visiting relatives in Hamilton county.

Miss Rosemary Hanover of Canyon, visited her parents, Mr. and Mrs. Henry Hanover over the weekend.

O. C. Kirk and D. E. Sanderson are looking after business at Temple and Crawford.

Sunshine Club The Goodland Sunshine club met with Mrs. Newton Thursday of last week.

We had 15 members present and one new member was added. Mrs. Floyd and three visitors, Mrs. Hale, Mrs. Bennett and Miss Elms. We are glad to say that Mrs. M. D. Gaddy was able to meet with us again.

We had a report of the Finance committee, by Maurine Tarlton. We also had report on our community project by Mrs. L. Stamp, and a report of the county club meeting at Muleshoe, by Mrs. L. Pender.

From now on, our regular meeting days will be on the first and third Wednesdays.

After the business session we had a social hour which everyone enjoyed. We adjourned to meet with Mrs. Floyd next Wednesday, the first.—Reporter.

WEST PLAINS WORKERS CONFERENCE HERE TUES.

The regular session of West Plains Workers conference will be held here Tuesday, April 23, at the Baptist church all day Tuesday of next week.

Rev. J. F. Nix, Clovis, N. M., Baptist pastor will deliver the sermon at 11:00 o'clock. Other Christian leaders of Westland college, Plainview, will have a part, and other prominent ministers and workers from over the area will be on the program.

A large attendance is anticipated and a general invitation is extended the public to attend.
