### Phillips, Johnson, Tatom Chosen School Trustees

Vernon Phillips, Noah Johnson and Roy Neil Tatom were elected to the Board of Trustees by Cross Plains Independent

School District voters in balloting in the City Hall here Saturday.

Six candidates were seeking the three vacancies, and all except Phillips, who was elected three years ago, were asking a first tenure.

Election Judge Alton E. Hornsby announced the following results shortly after the polls closed at 7 p.m. Saturday.

Vernon Phillips	196
Noah Johnson	167
Roy Neil Tatom	167
G. R. Merrill	128
Morlin Franke	46
Cowan Hutton	46

A moderate vote of 260 ballots was cast in the annual election including nine absentee votes.

Trustees are elected for three-year terms. Holdover members of the board are Zed Bright, Nathan Foster, Tommie Harris and Dr. Carl J. Sohns.

### Light Vote Returns Mayor, 2 Aldermen

One hundred Cross Plains voters gave Mayor Doyle Burchfield and Councilmen T. T. Nichols and Raymond DeBusk a vote of confidence Saturday in annual municipal election.

None of the trio of incumbents had opposition.

Burchfield received 99 votes in his bid for a second regular two-year term as mayor, and both Nichols and DeBusk tallied 97 ballots.

Mrs. W. F. Kilgore, election judge, announced the final results only seconds after polls closed at 7 p.m.

There were no write-ins.

### Parents, Fans Called To Teen Baseball Meeting

Scot Edington, president of the teenage baseball program in Cross Plains, has called a meeting of parents of players and all other interested persons at Odom's Restaurant Thursday at 8:30 p.m.

"There is much detailed organizing yet to be done in order to get the program off to a smooth, running start," Edington said, "and cooperation and participation of all interested persons is required to launch a successful season is required."

Thirty-one local youths have already signed to participate in the summer recreation program. Three teams will again

be fielded, two junior squads and a senior unit. League play is carded to start soon after school closes.

Edington and G. R. Merrill attended a meeting of the inter-city conference in Comanche Sunday. Cross Plains will compete with teams from Comanche, De Leon, Bangs and Goldthwaite.

A complete schedule for both junior and senior teams will be published in the Review later.

### "SCOT CAN SCOOT," COACH ANNOUNCES

Homemaking girls at Cross Plains High School matched a sack race against fastest members of teaching staff one day last week. It was all a part of annual observance of FHA week.

Scot Edington, who has added several pounds since he was a star athlete at Burkett High School, didn't let the added weight prove a handicap. He finished well ahead with Jim Ethridge, a football and basketball coach, claiming second. Third went to Walter Criswell, a counselor, whose speciality is giving advice, not athletics.

## Grand Jury To Probe Marijuana Smoking

District Attorney Ed Paynter and County Attorney James Paul Shanks will work with a newly appointed grand jury, which will convene in the courthouse at Baird Monday, to give

special study to reports that marijuana is possibly being used by Callahan County young people.

Magnitude of the problem came to light recently when a

young Abilene man, charged with possessing marijuana, told officers he had seen between 200 and 300 teenagers in the Abilene area smoke the weed. He gave lawmen names of some persons involved.

District Judge Rawleigh Brown has made arrangements for four convicts to visit the 42nd Judicial District and speak to students at high schools. The four, all of whom were teenage criminals, present what is said to be a convincing proof that a life of crime neither pays nor is it a happy one.

School officials who wish to have the program presented to their students are advised to contact Judge Brown or Attorneys Paynter or Shanks.

The 20 persons summoned from which the special grand jury will be organized are as follows: Mrs. Frank Bailey of Clyde, Mrs. Blain Odom of Baird, Dale Bishop of Cross Plains, John Doyle Isehower of Putnam, Bruce Williams of Baird, Frank Moreno of Baird, A. L. Breeding of Cross Plains, Mrs. James T. Doty of Clyde, Burrus Miller of Eula, Henry Fry of Putnam, Weldon Edwards of Clyde, Mrs. Fred Goble of Baird, Bailey Johnson of Clyde, Mrs. Mike Cunningham of Cross Plains, Mrs. Clinton Waddell of Putnam, Mrs. R. G. Edwards of Clyde, Mrs. Tommie Harris of Cross Plains and Hadden Payne of Cross Plains.

### Bobby Joe Mann Makes Statement On Campaign

Bob (Bobby Joe) Mann, a Palo Pinto native, has announced he is a candidate for the Democratic nomination to the Texas House of Representatives from the 53rd District composed of Callahan, Eastland, Palo Pinto, Shackelford and Stephens counties.

Bob Mann grew up on a 110 acre farm near Mineral Wells. His father, also known as Bob Mann of Cleburne, Tex., has been a cattle dealer and rancher all his life. His mother, Mrs. Marie Hudson, is employed at Bob's Shoe Store in the Brazos Shopping Center in Mineral Wells.

Bob Mann attended Mineral Wells public schools where he was quite active both socially and politically. He was president of his freshman and junior classes, treasurer of the student body, a member of the National Honor Society and was chosen as one of three boys to represent Mineral Wells at the American Legion's Boy's State Program in Austin. He played football until he suffered a serious knee injury, was a three-year starter in baseball and a two-year letterman in basketball. What Bob believes to be one of the most beneficial experiences of his life was being elected state president of the Texas Future Farmers of America while still a senior in high school. Heading such a statewide organization, which involved speaking engagements and travel experiences throughout Texas and California, taught him a great deal of responsibility at an early age.

Bob Mann spent one year at Weatherford College where he was on the Student Council, Mr. Future Teacher and lettered in basketball. He graduated from the University of Texas with a Bachelor of Business Administration Degree. The one plateau of his life that Bob is most proud of is that he is a prospective graduate of the

Bob (Bobby Joe) Mann

University of Texas Law School in August. Bob is a member of Phi Alpha Delta legal fraternity and has been quite active in law school politics. He is presently a member of the Young Texas Resource Panel which is composed of 31 young men and 31 young women (ages 19-35) throughout Texas who work closely with the State Democratic Executive Committee.

The following is a quotation from Bob Mann: "One who has traveled throughout this five-county district as much as I have in the past few weeks cannot help but be impressed by the diversity of industry and geography and consequently the problems faced by the Representative for the 53rd District of Texas. I have wanted to represent the people of this area or quite some time now. Therefore I attempted to prepare myself in the best way I knew how: by obtaining a diversified background both educationally and practically. While financing my seven years of professional training, I worked on construction jobs, in a box factory, for a telephone company, and even traded cattle several summers. Therefore, I have been subjected to many phases of American life. To adequately represent this district, a man

### Callahan Wells Produce 5,333 Barrels Oil Daily

Texas crude oil production, recorded for the past 73 years, surpassed the 30-billion-barrel mark in 1967, according to projections by Texas Mid-Conti-

nent Oil & Gas Association. With 199 of Texas' 254 counties producing crude oil, income averaging about 3.4 billion dollars a year is distributed widely over the state, making oil production an important part of the commercial scene.

### Absentee Voting To Start April 15

Reminder is made by County Clerk Beatrice Deal that absentee voting for the first primary election begins April 15 and ends May 1.

"Persons having less than six months residence in the county, who are otherwise qualified electors, are entitled to vote on statewide offices and issues but must cast their ballot in the county clerk's office during the period designated for absentee voting. They cannot vote at the regular polling places," Mrs. Deal stated.

### ANDREWS FAMILY HERE FOR EASTER VACATION

Mr. and Mrs. Forrest Scott and sons of Andrews have been spending the week here with their parents, Mr. and Mrs. W. S. McCann, and with his brother and wife, Mr. and Mrs. Elvis Scott.

Mr. Scott is an elementary school principal at Andrews, and the schools there take a week's vacation at Easter.

Callahan County, which has had recorded production since 1923 has had a total crude oil output of 52,321,889 barrels up to the beginning of 1967. Callahan County production in 1966 was 1,946,689 barrels at the rate of 5,333 barrels a day.

### HOWARD MCGOWEN IS IN VETERANS HOSPITAL

Howard McGowen entered a Veterans Administration hospital in Temple last week for a medical check-up. His many friends will be pleased to know that he is not thought to be seriously ill, and is expected to be able to return home soon.

### MRS. ED HENDERSON REPORTED IMPROVED

Mrs. Ed Henderson, who has been seriously ill at Colonial Oaks, was reported somewhat improved Monday night.

Her daughters, Mrs. Dell Van Buren of San Antonio and Mrs. Macon Freeman of Austin, and her son, Johnny Henderson, of Burkett, have been in close attendance at the bedside.

## Amarillo Lady Disputes Bad Publicity Given Callahan And Brown Counties

Note: Mrs. J. E. 3306 Bedford Road, sends the Review a letter recently by Thomas Thompson, Globe-Times column-recently wrote in his an uncomplicated-ervation concerning and Brown Counties. ney is the former Garrett, daughter of Mrs. C. M. Garrett of ns. Her letter fol-

family to the greatest place on earth, when we go to our 109 acre farm on highway 279 just three miles from Cross Plains. In just a week or two the five of us load in our station wagon and join the hundreds of other families on a drive from the Panhandle, South Plains area to that slum area where they have cabins, trailer houses, old refin-ished farm houses, or a room in a motel where they are staying while they build whatever structure they need on a small farm or lakeside lot.

And when their work is done they find recreation such as golfing, swimming, fishing, picnicking, etc. at the sparkling new Brownwood Lake's 90 mile Star. It is there you will find

golf tournaments and other social events occurring with the same regularity as at any expensive country club around Amarillo.

You could join our family on an outing to Lake Cisco just about 28 miles away for great fishing, boating, and the largest swimming pool you have probably ever seen!

Or some evening before the sun sets on a purple and orange horizon of beautiful low shinnery (consisting of mesquite, yes, but also live oak trees which make the best tree houses a boy could ever have and shelter a little girl's dolls better than a tent) we could drive about 17 miles to a part of the Brownwood Lake's 90 mile shoreline and watch the skiers

on the shimmering water as the sun sets.

Of course, on the way to all of these places surrounding Cross Plains we would pass great fields of young green grass, acres of root plowed land and healthy cattle. We would go by large and small ranches where the owners have practiced modern soil conservation methods for 15 to 25 years and can raise twice the cattle that these scanty dry plains acres ever will.

By eight o'clock on Saturday morning we could go to town to pick up whatever fencing, plumbing, food or other supplies we may need. First, we can stop at Higginbotham's Dept. Store and if they fail to have in stock just the right

thing, Mr. Claborn will be glad to call the store over in Rising Star and by the time we have finished our shopping and get lunch on to cook, the Higginbotham truck will be pulling in the gate up by the barn ... and we didn't have to wait until Monday!!!

As I understand it, a slum area is made because people haven't the desire or the means to do better. This certainly would not describe that area — filled with young farmers and businessmen living there because they want to.

It is these young families you will find in the churches on Sunday morning and on the sidelines at the ball park or arena, watching their young ones play ball, ride a bull, rope a calf, or

carry a flag in a rodeo grand entry. Or maybe you will see them over at Lakewood golfing or swimming, but you won't often find them standing on the street corner, because they have work to do just keeping the wheels of progress turning.

The next time you drive down Highway 36 stop just before you get to the red light in Cross Plains, stop at Morris Odom's Cafe and have the best meal you have ever eaten in a restaurant — the kind that sticks to your ribs. Don't be carried away by all that good service and friendliness — that is just the way the people are, who live in that slum area ... because they want to.

Our trailer house will be open to welcome you for a grand

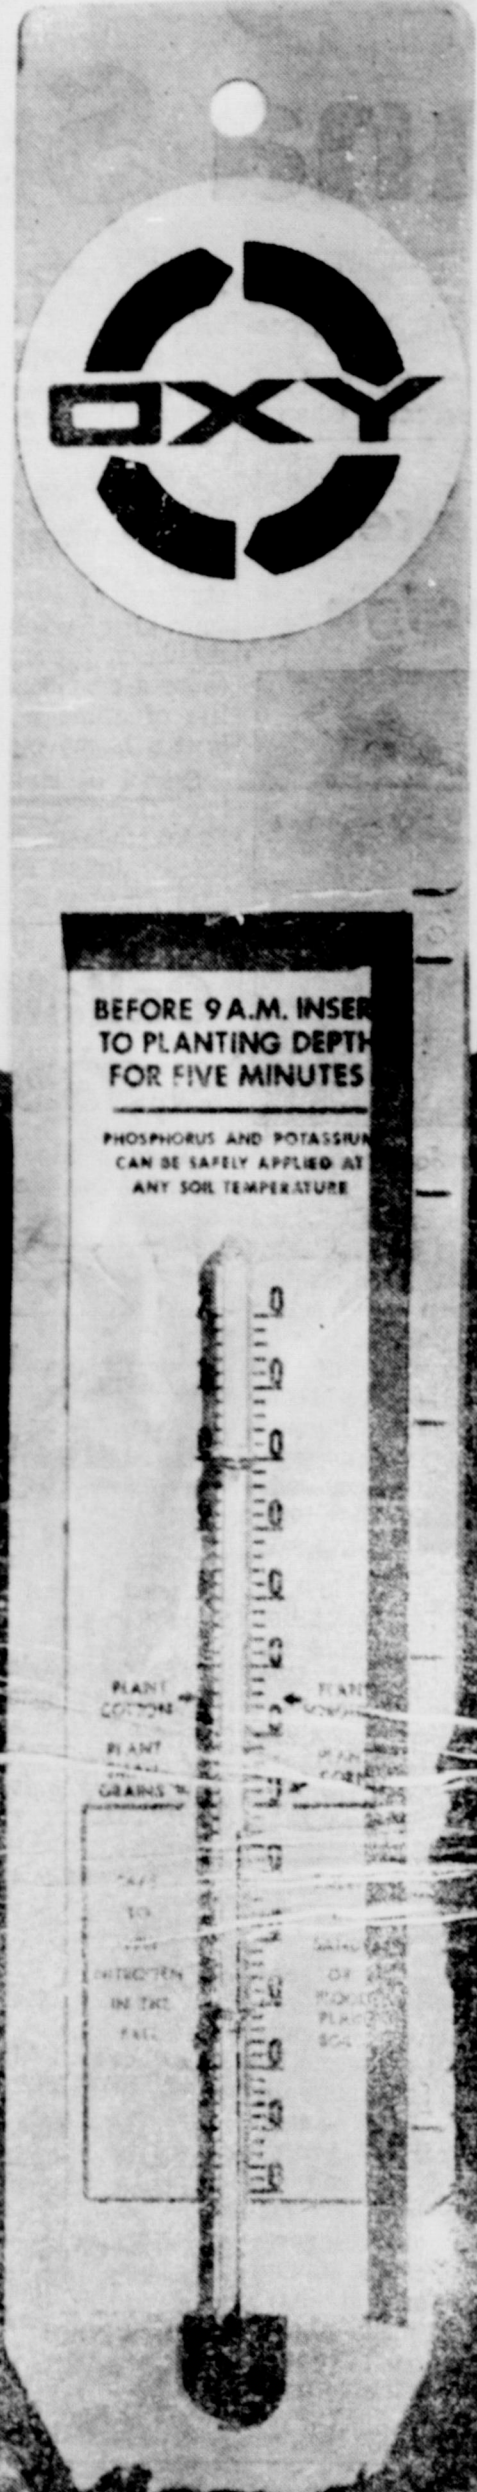

tour as we show you the side of that country that brings people from all over the state to spend their weekends working on a cabin or building a fence around a spot that someday will be their retirement home.

I would guess that if you stay long enough to catch the spirit of the people, breathe the air of the country side, cast a fishing line, watch an armadillo, or flush a covey of quail you too would be building a fence or repairing an old fashioned farm house that you no longer think belongs to a slum area but instead you find it quaint and interesting!

Since I must live in a city, I am grateful it can be Amarillo, where the people are friendly, and the climate wonderful.

## Putnam Boy's Stickhorse Is Still Widely Publicized

The Long Beach, Calif., Independent published the following news story in its edition of March 29:

Q. What happened to Gold Dust? He was the wooden horse carved by a young Texas boy and left somewhere in New Mexico. The horse subsequently traveled all over the world with whoever happened to pick him up. Is he back in Texas now? Were there any other horses like him? M.S., Long Beach.

A. In 1960, 12-year-old Roddy Reynolds of Putnam, Tex., made a stick horse, and, while on vacation in New Mexico, left the toy, Gold Dust, in a roadside park with a note attached identifying both horse and owner and asking passersby to "take him with you and drop Roddy a card telling how far you rode him." Within eight months the wooden horse had traveled around the world. Roddy then built Gold Dust II, who traveled to seven continents and disappeared in Australia. Embarrass-

ed by the loss, the author sent out a substitute stick horse named Gold Dust. Two more replacements were made on their travels in Alaska, the other Leaper are now in the hands of two other wooden horse owners, Amigo and Don. Amigo traveled round the world in a Navy expedition to the South Pole. The first Alaska visitor in Anchorage in 1967 Don Amistad made a special request to be a fair in San Antonio. He is a sophomore, busy with his studies. Abilene Christian University 9-year-old brother became official manager of the wooden menagerie.

### Frosh Rate Third In District Track

Goldthwaite freshmen captured the division title, and Rising Star was runner-up. Cross Plains scored 80 points in third place, and was followed by Early and Santa Anna.

Although local ninth graders failed to gain a blue ribbon, they garnered five seconds, three thirds and six fourths.

Winning seconds were: J. S. Archer, 440 and 100-yard dashes; Robert Lewis, pole vault; Kim Beggs, pull-ups; Tommy Merryman, 100-yard low hurdle.

The 440-relay team, Beggs, Archer, Gale Arnold and Merryman, ran third. Merryman took the same spot in the pole vault, and Archer was third in the broad jump.

### Knight Team Pads Bowling Club Lead

Tommy Knight's keglers stretched their lead in Cross Plains Bowling Club to four games last week with a 3-1 victory over Dan Johnston's foursome. J. P. McCord's quartet aided the leaders with a 4-0 blanking of second place squad, Ted Souder's team.

Substitute Dick Grider captured majority of individual laurels. He posted a three-game total of 521, and had second and third high games, 189 and 177 respectively. Ted Souder's 199 was the best single effort, and his 477 aggregate was second best. Cliff Gilmore had a 435 series for third place.

The McCord bowlers laid claim to team trophies. The foursome toppled 2,316 pins in the three-game set for the diadem in series competition, and recorded the top two games of 787 and 774. Knight's unit had a 764 output on one occasion.

Souder was to have challenged Knight for a share of the loop lead and McCord and Johnston were to have battled in action this week.

**CARD OF THANKS**

To my wonderful friends, neighbors and loved ones: Mere words utterly fail me when I try to express my love and gratitude to so many wonderful people who did so much for me during my illness.

The scores of cards, personal messages, lovely gifts and flowers, telephone calls, personal visits and above all the prayers of so many Christian friends and loved ones. There is power in prayer.

Also, thanks to my home town paper which was delivered to my room.

All these will be precious memories in the heart of one who is humbly grateful. So thanks a million for everything! I love you for it!

# 6 Buffs Win Region Meet Berths

Cross Plains High School track team scored 146 points, and grabbed second place in the District 9-A cinder contest at Early Saturday. In the process six Buffaloes qualified in eight events for the Region II-A meet to be held at Denton, North Texas State University campus, on April 20.

Goldthwaite won the district championship with 171 points. Rising Star and Early tied for third place with 69 points each, and Santa Anna was fifth with 14 points.

Winner and runner-up in each event of the district meet are eligible to participate in the regional event.

### Regional Qualifiers

Buffaloes earned five first

places and four second places. All Bisons who are region bound are seniors.

Jerry Strickland qualified in four events. He won the broad jump with a leap of 19-feet, 5-inches, and ran anchor leg on the 440-yard relay team which logged 45.3 seconds, best time of the season for the sprint relay quartet, to take the runner-up spot. The speedy Buffalo took second place in the 220-yarddash logging a time of 23.4 seconds, and his 10.3 time in the century was second.

Randy Montgomery matched Strickland's feat. He headed the field in the 440-yard dash in 53.8 seconds, and anchored the blue ribbon mile relay team which was timed in three min-

utes, 35.6 seconds. The local senior was second in the broad jump, recording 18-feet, 6-inches, and ran the third leg of the sprint relay.

Mike Bright copped two first place awards. His 15.9 in the 120-yard high hurdles led the field, and the 41.9 seconds he clocked in the 330-yrd intermediate hurdles was tops. He also ran the first leg of the sprint relay.

Bo Barr earned a regional trip by running the second lap on both relays, mile and sprint. Troy Watson and Vernon Johnson are both members of the mile relay quartet.

### Other Buff Scorers

Bisons earned five third positions. Watson narrowly miss-

ed qualifying for region in both the 100-yard dash and 220-yard dash. He posted a time of 10.4 in the century and 24 seconds flat in the 220. Barr clocked 53.8 seconds in the 440-yard dash and a white ribbon. Joe Dodds grabbed a number three spot in the pole vault on a lift of nine-feet, 6-inches, and Strickland was third in the shot put with a heave of 40-feet, 11-inches.

Johnson earned fourth place in the 880-yard run in a time of 2:08.5, and Leslie Cowan finished in the same place in the 440 clocking 55 seconds flat.

Ronnie Pancake gave the Buffs a fifth place in the mile with a time of 5:21.0

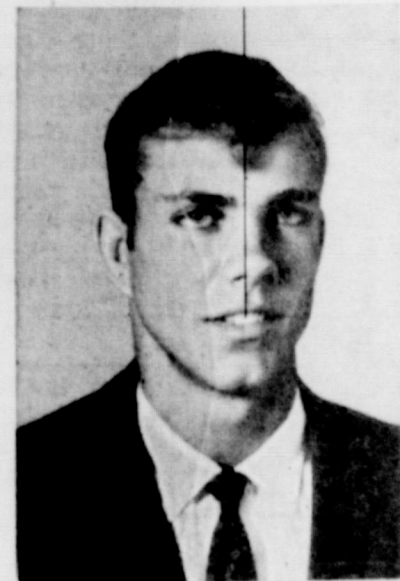

Four sixth places rounded out the Herd's scoring. Barr took two of them. He recorded five-feet, four-inches in the high jump, and hurled the discus 96 feet. Dodds was clocked in 18 seconds flat in the 120-yard high hurdles, and Mike Knott toured the mile course in 5:21.5.

Coach Les Cowan said plans call for the Bisons to participate in a meet at Comanche Saturday. "We plan to take the entire team, not just the regional qualifiers," he said.

The second place finish is the best effort of a Cross Plains track team since joining District 9-A two years ago.

must have an intimate knowledge of its problems and appreciate the needs of the small farmer, senior citizen, laborer, manufacturer, and professional people. I feel my experience in law school has taught me to think rationally. To be an effective legislator, one must be able to evaluate all possible issues concerning every problem before reaching an ultimate conclusion and this is something that has been drilled into me for the past three years by some of the most eminent educators in society today.

"I want everyone to know that I am conducting a positive campaign in which I am attempting to sell myself to you strictly upon my own merits and qualifications. I want the voters of this district to vote for me because they honestly and sincerely believe that I am the type of person that they want to represent them; someone that they know will listen to all their problems at any time, and will not only listen, but act to alleviate any unfavorable situation that may arise, and I anticipate no financial difficulties while in office.

"I will work as enthusiastically as I possibly can for every single body of legislation that I believe is in the best interest of the people of this 53rd District. Especially for: (1) Prevention of crime which has increased seven times faster than population in the United States since 1960. (2) An adequate wage for our teachers and peace officers. (3) A continuation of good farm to market roads. (4) Preservation and promotion of our parks, wildlife and good water reserves, and (5) Prevention of Federal encroachment into state business and industry without careful analysis of all possible ramifications.

"It is imperative that the people in my district know that I will be their representative, working for their best interests, but also it is important that they feel confident that my educational background, character and common sense will be such as to merit the respect of the Governor, Lieutenant Governor, Speaker of the House and other influential persons who help make the laws of this state so that we can all work together for not only a better 53rd District, but also for a better Texas."
