GRADUATE TO TOTAL ELECTRIC LIVING "With Electric Home Heating-we have fewer colds, no fumes, and walls stay THE CECIL RICHARDSONS HAMLIN, TEXAS We like total-electric living so well we recommend it to our neighbors," Irene Richardson says. Working conditions are better and her electric appliances save her so much time. She thinks flameless electric heating and cooling is wonderful for her skin problem.

Terry Cecilia, the Richardson's 5-year-old granddaughter, plays comfortably the year round and always has plenty of fresh clean clothes. "I use the washer and dryer every day — sometimes several times a day," Irene Richardson says.

The Richardsons cook a lot, burn the lights a lot, and entertain friends, yet find total-electric living

economical. "We're very satisfied with it," Mr. Richardson says. Richardson is manager of the Hamlin Farmers Compress, Irene Richardson is a full-time homemaker, and Terry Cecilia pre-kindergarten age.
