I acknowledge myself forever debtor to the wonderful people of the Cross Plains area for the long patronage and countless courtesies received at their hands. I am most grateful for having had the opportunity to be associated with a company of such enviable principles as Gulf, whose products have been second to none.

here to stay and no rain is in

City people usually like to come to the country to enjoy the peace and quiet. If you have been outside at night and listened to the crickets and catydids chirping and if you have an air conditioner going full blast, it's a noisy place. If a big rain suddenly came the frogs would add their croaking to all this and complete a perfect summer night. Then in the early morning hours the coyotes begin their mournful howling. This acquaints you with a night in the county. We wouldn't trade it

for any city life. Guests in the Sterling Odom McWhorter in Cox Hospital one home the fourth were Mr. and day last week. Mrs. Ralph Trevey of Snyder and Mr. and Mrs. Charles Palmand son of Abilene were guests er of Abilene of his parents, Mr. and Mrs.

"BEST EVER MADE!"

Wayne Williams puts it in 3 sentences:

"I've been a Lilliston man from the time they came out with the stationary picker and have owned three of their combines. The new 1968 Lilliston is the best one they've produced. You can't beat them."
