## WARREN-CHURCHILL GET HIGHEST TURKEY AWARD

### GRAND CHAMPION; FOUR FIRST PREMIUM HONORS TO MULESHOE GROWERS; 4-H CLUB GIRLS WINNERS

South Plains Turkey Show Held at Plainview Last Week Drew 34 Exhibitors, \$400 In Awards, \$2,000 Birds Sold.

Fred Warren and Levi P. Churchill, Bailey county turkey growers, topped the list of premium winners at the south Plains Turkey Growers association show held at Plainview last week when they won grand champion and our first awards, Grace and Doris Churchill, daughters of Levi Churchill, and Morris Garth, also winning high honors from exhibition of 4-H club used birds.

There were a total of 428 birds on exhibit, \$400 in premiums being awarded, and after the show during an auction held by H. S. Hilburn, Plainview editor, more than \$2,000 was realized by grower-exhibitors in the sale of birds. There were 34 producers from 14 different counties in Texas and New Mexico represented, and 65 awards conferred on seven distinct classes of birds. George P. McCarthy, assistant husbandman at A. & M. lege, judged the show birds.

McCarthy declared the Plainview exhibit to be composed of decidedly the best quality of birds he had ever witnessed. The show proves beyond a doubt that this section of the country in produce as fine quality turkeys as any in the United States. The award-winning are the winners in the various classes:

### CHRISTMAS ALMOST HERE

No Need Leaving Muleshoe on Christmas Shopping Tours; Many Attractive Gift Displays Feature The Local Stores.

Just a few more days until Christmas will be here with all its glory and good cheer, and practically every one is making preparations to enjoy it to the utmost. Most folks are not cramped financially this year as they have been during the past three or four years. There has been a good crop return in this area, and multiplied thousands of dollars of Federal money has been paid to farmers of this trade territory and more still coming in, more folks have enjoyed jobs, hence because of this various income, will have more money with which to make merry during the Yuletide period.

Looking over the stocks of Christmas goods imported into Muleshoe by local business concerns there is found little reason for any Christmas buying to be done outside of Muleshoe. There is great interest in the enjoyment of their patrons Muleshoe business men have laid in not only large but a wide variety of merchandise for this holiday period. There are innumerable desirable articles on sale for every member of the family, some may be in the luxury class, but most of them are those termed "useful gifts," which are not only pleasure-bringing, but also of a profitable and needy type—something folks can find of real service.

### SUDAN GROWERS URGED TO HOLD ALL SEED UNTIL MARKET HITS 5c POUND OFFICIALS SAY CROP OVER ESTIMATED

It was the unanimous expressed opinion of officers of the Sudan Seed Growers association held at Clovis, N. M., Thursday last week, that most farmers would hold their sudan seed for a price of 5 cents per pound before selling, they declaring the crop raised this year was not nearly so large as first reported.

W. J. Matthews, president, stated after the meeting, that usually by the first of December forty-five to sixty per cent of the farmers have sold their sudan seed, while this year only a mere five per cent have sold since the same date, which indicates their determination to hold until seed is wanted at planting time.

### LAMB COUNTY WOULD VOTE ON \$60,000 ROAD BONDS IN JANUARY

Lamb County Commissioners' court has called an election for January 4, at which time citizens of that county will have opportunity of voting on a \$60,000 road bond issue for improvement of farm-to-market roads in that county.

At least seven of the principal highways of the county, not being taken care of by the state, will be improved and a number of the lateral roads will also receive attention, it is said, if the issue carries.

### HOCKLEY GETS ROAD WORK

WPA projects totaling nearly \$33,000 have been ordered for Hockley county to be used in building State Highway No. 24 to the Cochran county line, also Unit 1 work and catclaw basing on the same road from Levelland east to Lubbock county line.

### To Give Away \$100

Business men of Muleshoe have planned to give away \$100 here next Trades Day, Monday, Dec. 23, more complete details of the award to appear in this newspaper next week.

### NEGRO IS SHOT BY NEGRO SUNY NEAR CO. LINE

Gun And Pint Whiskey Is Taken From Body Of Dead Black.

Jim W. Jefferson, negro, was arrested last Sunday about noon by Sheriff Jim Cook and lodged in the Bailey county jail under a charge of having shot A. J. Jackson, another negro, the killing allegedly taking place about five miles southeast of Circlebark and near the Lamb-Bailey county line. The negro that was shot had visited Jefferson's place the night before, wanting to sell some liquor, according to the story told Sheriff Cook, but was refused permission. The next morning about 10:00 o'clock, he returned in a quarrelsome manner, being accompanied by two other blacks, all said to have been living in Sudan.

Jefferson was shot twice, one bullet entering the left side of his forehead and coming out above the right ear, while the other entered his body just below the right shoulder. Jefferson said his first shot went wild, striking the door casing. Examination of Jefferson's gun, a "Cowboy Ranger" .38 calibre, showed three empty shells. Jefferson said the first time he pulled the trigger the gun snapped.

### Old Age Pensions To Start July 1st If Funds On Hand

No attorneys or judicial agents, or firms will be needed to help old people obtain pensions, according to a statement made this week by Orville S. Carpenter, chairman of the Texas Old Age Pension Board. Applications will be handled through local agents. These have not been named.

Old people will be able to get their pension on July 1, 1936, if funds are available. Application forms will be prepared February 14, 1936, and will be given to local agents. All applications will be handled through local agents; however, the law provides that an applicant can appeal to the Commission if he or she is turned down. Pensions will be given those who are entitled to them if and when funds have been provided, and there will be no discrimination because of race or color. The new law does not go into effect until February 14th State Auditor Carpenter explained.

### 1936 AUTO PLATES HERE

Last Saturday Jim Cook, county tax collector, received a consignment of automobile license plates for 1936 cars, the numbers running in the 18 and 19 thousand as they did for this year.

### RAIN LAST WEEK HELPS

A slow, drizzling rain Wednesday night of last week, totaling about 2.2 of an inch is of considerable value to fall grow crops and in putting moisture into the ground for winter plowing.

### DISTRICT COURT GRINDS MUCH GRIST IN WEEK

Numerous Tax Suits Heard, Divorces Granted, One Indictment.

Bailey County District court, the three days of last week ground considerable grist, a large number of judgments rendered in most of the few were held up for service continued to the spring term for various other reasons. A brief of the court's action last week is as follows:

### THEATRE AWARDS GIVEN

Wednesday evening of last week, Miss Ruby Barrett received the first cash award of \$100 given at the Palace theater on the horse races. Dr. A. R. Matthews, received the \$3.00 and Elvie Jennings, of the Lashoddy community, received the third award of \$2.00.

## SANTA CLAUS WILL BE IN MULESHOE ALL DAY, MONDAY, DECEMBER 23, AND WANTS TO MEET ALL CHILDREN LIVING IN THIS TRADE TERRITORY

**BRAKES**

Reading national advertisements on the new cars for 1936 proves very interesting, especially when it comes to the question of brakes. For instance, one manufacturer announces "new hydraulic" brakes, and the queer part of the statement is the fact that these "new hydraulic" brakes were discarded 10 years ago by another manufacturer because they were not satisfactory!

The following are the "safer hydraulic" brake—and are still asked why Ford does not use them! The answer is that whenever a safer brake is made than we now have Henry Ford will use it.

Girls Score 32-21 Victory Over Oklahoma Lane**

The Muleshoe Yellowjackets really proved they were a "bee" in the Oklahoma Lane girls' bonnet when they initiated the beautiful new Oklahoma Lane gym, Thursday, Dec. 5, with a fast basketball game.

The game was characterized by action—however, it was of a doubtful nature. Witnesses stated it was the hardest fought game they had seen.

Sibly Hunter deserves honorable mention for the splendid type of guarding she did. For a first year regular she set things on fire!

Oleta Shorner played her usual fast, fighting, hustling game.

Malda Chandler showed her versatility as a veteran by playing both guard and forward with skill.

Our "old standbys," Crystal Kennedy, Ruby Sterling, and Jean Willman had the thrill of once more being warmed up to a tight struggle, their scrapping ability and sportsmanship needs no lauding.

Irma Willis was in the starting lineup and is proving herself to be a very valuable member of the squad.

Alice DeBord and Tidwell Douglas helped to run up the deciding score for the Muleshoe girls.

Other faithful members of the squad will have the opportunity of bringing home the bacon from the Frisco tournament to be held Friday and Saturday, Dec. 13 and 14 at Frisco.

Muleshoe Boys are Defeated by Thrilling Last Second Play, Score 24-23. The fighting Muleshoe Yellowjackets proved their metal Thursday, Dec. 5, in a fine exhibition of basketball.

**Home Economics meets**

Miss Evelyn Boone accompanied by Mildred Burkhead, this week visited the home projects of Ruth and Oleta Shorner, Zoe McKeyreid, Naomi Harper, Jo V. Gonia, and Jimmie Adams.

The home project is a practical application of the things learned in the Home Economics class. They are carefully planned to meet the individual pupil in order to benefit them most in their future life work.

The following are some of the interesting Home Ec. projects being carried out in the home:

- Joe Embry, To Develop My Personality.
- Curtis Spivey, To Make a Study of Foods for an Athlete.
- Irene Askew, To Can Foods for Winter Use.
- Lucille Bartley, Baking Yeast Breads
- Mildred Burkhead, To Make Family Pastries.
- Letty Darnell, To Make a Thorough Study of Kitchen Planning.
- Oleta Shafner, To Make and Serve Attractive Dishes.
- Mary Ellis, To Learn To Select and Care for My Clothing.
- Clara Myers, To Make My Own Clothing.
- Juanita Coker, To Make a Pair of Pajamas.
- Wanda Farrell, To Beautify My Room by Making New Curtains, etc.
- Geraldine Skeeters, To Learn How To Iron My Clothes.

**Girls Bake Cakes**

The mothers of the Home Ec. girls are shouting praises of joy for the relief of one of the household's greatest tasks, that of baking cakes!

The Muleshoe Home Ec. girls have made an intensive study of cake-baking this week. The results were fine grained, delicious and of wide variety. Miss Sorenson was greatly pleased with the unusual aptitude of the girls in this field of work.

**English Class**

Mr. Morgan, English IV instructor, assigned a motion picture them to be written on the show the student liked best. What a break Mr. Morgan! Now we have an excuse to go to the show. But Mr. Morgan said he positively refused to accept a horse opera.

**R. O. H. Club News**

The Royal Order of Homemakers club was well attended Dec. 5. The girls whose leader was Mare Bundrick, turned in their dues first, so Holly Ann Bucy's group will give the other group a social. Everyone is looking forward to the time.

Mr. Cox gave a very interesting talk on the 1936 Texas Centennial. He told the purpose, cost, and the total number of visitors expected at the centennial next year. We should all strive to attend this great celebration honoring our Lone Star state.

The theme for our program this year is the Texas Centennial. All visitors are welcome to attend our club meetings and learn more about this interesting subject.

The R. O. H. club song was selected and the members will practice it at the next club meeting.

Malda Chandler would have felt safer if she had worn a football suit to the Oklahoma Large-Muleshoe game.

I can hardly wait until you come to visit me. I would like to have a little car, but please make the pedals close to the seat so my feet can reach them. I would greatly appreciate your bringing me some Civics assignments because I can never find enough for my students. Don't forget the candy.

Mr. Cox.

**Bailey County Gets \$1,616.00 Of State Per Capita School Fund**

Bailey county public schools last Saturday received checks for state per capita funds in the sum of \$1,616.00 per pupil for common and independent districts, totaling \$1,616.00, being the fourth \$1 payment made this year of a total of \$17,500 for the annual appropriation.

The funds were divided as follows: Progress district \$80; Clarkhook \$111; Liberty \$90; West Camp \$90; Goodland \$39; Baileyboro \$70; Stegall \$19; Watson \$60; Fairview \$107; Longview \$86; Wilson \$128; Dula \$264; Muleshoe \$483.

Funds apportioned to all common school districts except Stegall, "the millionaire district" of Bailey county, went to the local bank to repay previous loans made for school expenses.

County Superintendent J. E. Adams also announces receipt of \$2,626 for transportation or high school pupil fund, representing one-half such payment to be made to Bailey county schools this year. The warrant however, will not be cashable for several weeks yet as this particular department is without funds.

In this connection it is pointed out that this year no teachers' aid is allotted except in cases where pupils are taken in high school from other districts. However, Bailey county will get \$6,542 aid this year for the Wilson Muleshoe and Bula schools. This is considerably less than was received last

**per capita money this year.**

Last year schools received \$15.40 per capita money, 60 cents being deducted from the total allotment for administration expense, whereas this year schools will receive \$17.30, only 20 cents being deducted for administration purposes at Austin, or a \$1.90 more this year per capita funds than were received last year, which will nearly make up for loss of teachers' aid fund.

I'm seven years old, and in the second grade. I think I've been a pretty good little girl so I want a bathrobe, house shoes, and a Shirley Temple doll. I guess that will be all because other children want things, too. Oh, yes, I have some nuts, fruits and candy. I would like to have some please. I love you Santa,  
Dot McAdams.

**Dear Santa Claus:**  
I want a wagon for Christmas and I want some nuts and apples and oranges.  
Jesse James Murrah.

**Dear Santa Claus:**  
Please bring me a tool set and some little cars, candy, fruit and nuts.  
Yours truly,  
Ray Riddle.

**Dear Santa Claus:**  
I am 8 years old and in the second grade. I do not want much for Christmas because there are many children that will be writing for you. I want a ring, some doll clothes, paper dolls, candy, fruits and nuts.  
Your little girl,  
Naomi West.

**Dear Santa Claus:**  
I want a doll, a ball, a doll house, pencil box and some dishes. I hope all the other children get what they want. With love,  
William Edd Jones.

**Dear Santa Claus:**  
Please bring me a tool chest and a watch for Christmas, with lots of candy, nuts and fruit. I am a little boy eight years old and in the second grade. Yours truly,  
Garland Lee Justus.

**Dear Santa Claus:**  
I want a Shirley Temple doll, a doll buggy. If you have one for me, and a pair of skates.  
Good bye until Christmas,  
Neil Deshazo.

**Dear Santa Claus:**  
I am writing you to tell you what I want for Christmas. I am a good little girl. I want a doll, a set of dishes, tricycle, and that is all I want this Christmas. With love,  
Margaret Ann Johnson.

### A bad, Bad Indian Hits Broadway

NEW YORK... A bad Indian, a real bad Indian, hit Broadway this week, a giant some nine or ten building stories high. He had a rubber skin and was full of helium gas and was escorted by a great throng of strong-armed men holding low ropes. When a particularly brisk breeze caught the red-skin at one corner, he almost got out of control but was finally subdued and continued to feature a toyland parade of a department store here.

### SENATOR BORAH GIVES WARNING OF USING ARBITRARY POWER IN TALK GIVEN PUBLIC LAST SATURDAY NITE

A warning against opening "the deluge of constitutional restraint" to "the deluge of arbitrary power which lies behind" was given last Saturday night by Senator Borah of Idaho in a speech which heralded the approach of a new presidential campaign.

The Idahoan, widely regarded as a potential Republican candidate, made frequent, but unlabeled, references to the New Deal and was caustic in dealing with his familiar foe—monopoly. He called the latter the "great evil lurking in our economic system."

Calling the coming election "an event the most notable in the affairs of the republic," he said:

"We all feel that the coming election is to be one of uncommon interest and of every deep significance. We are discussing constitutional government and the preservation of liberty."

"I ask tonight whose liberty? What liberty? The man or group of men who hedge about or control my right to engage in or remain in business, are my masters and the masters of my children."

"The power which fixes the price of the things I must have that I may live and educate my family shapes my course in life and delimits my freedom as completely as any I've seen in its indented servitude."

"If we are going into a fight on the lines where the battle swings let us

been trying to be a good little girl, so please bring me a tricycle, a big doll, and lots of nuts, fruits and candy, and don't forget my little sister, Norma Jean. She wants a big doll with long curly hair and that can cry. Your little friend,  
Mary Evelyn Staring.

**Dear Santa Claus:**  
Please bring me the little writing desk at Mr. Hart's store, a truck, fountain pen, pair of skates, park socks, a farm yard, and a play train. And, please, Santa, bring me a cow boy suit with accessories to match. I want several fire crackers, a Roman candle and three sky rockets. Thanking you Santa,  
Howard Harding Carlyle.

**Dear Santa Claus:**  
I am a little girl. I go to school. I am in the sixth grade. Please, Santa, bring me an artist set and any other things you wish. I love you Santa. Good bye until Christmas. Yours truly,  
Mollie Shipp.

**Dear Santa Claus:**  
I am another one of your little girls, and I want a set of dishes and something to go to school with, and if that is too much, just bring what you can. As ever your little girl,  
Hazel B. Shipp.

**Dear Santa Claus:**  
I'm a little boy 6 years old and try to be a good boy. Will you please bring me two guns and a wrist watch, a foot ball and two games. Your little friend,  
Jess Parish Winn.

**Dear Santa Claus:**  
I have been a real good little boy this year, so please don't forget where I live. Please bring me a train, truck, a big foot ball, some candy, fruit and nuts. Please remember all the other little boys and girls.  
Mickey Eason.

**Dear Santa Claus:**  
Please bring me a Bible story book, a doll, candy, nuts, apples, oranges and bananas. That will be all I guess. Remember other little girls and boys.  
Dorris.

DO CHRISTMAS SHOPPING AND MAIL EARLY SAYS POSTMAN GARDNER TO INSURE POMPT DEL

"During the holiday time the volume of mail increases approximately 200 percent," says A. J. Gardner, Muleshoe postmaster. "It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should SHOP AND MAIL EARLY. Do your CHRISTMAS shopping so you can mail your gifts, greetings and letters to relatives, friends and loved ones at least a week or 10 days before Christmas, according to the distance. This will not only make it certain that they are received before Christmas Day, but will be a great aid to your postal service in its postal employees and enable them to spend the Christmas holiday with their families," he said. All parcels must be securely packed and wrapped. Use strong paper and heavy twine. Parcels containing perishable articles should be marked "Perishable" and packed in suitable container, according to contents. Articles likely to spoil within the time reasonably required for transportation and delivery will not be accepted for mailing. Use special-delivery stamps to expedite delivery. Addresses should be complete, with house number, and typed or plainly written in ink. A return card should be placed in the upper left corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use if tag is lost, and a copy of the address should be enclosed inside it. Do not mail Christmas greetings in red, green, or other envelopes, or in very small parcels. No parcel may be more than 70 pounds in weight. The use of a Special-delivery stamp will assure delivery on Christmas if mailed at the proper time. Valuable domestic third-class mail should be insured.

MEDICAL TOPICS DIPHTHERIA At this time of the year and in this district, some children are going to have the dread Diphtheria. Those having it will very probably be under 16 years of age—most under 10. And a few of them, often because of neglect, are going to die! They will start out with a sore throat—somewhat like a cold—with temperature of about 1 to 3 degrees above normal. They may not be so very sick for 5 or 6 days, at which time they will get worse rapidly and a doctor will at last be called. Or in young children it may start as a harsh croupy cough and the turn for the worse come in 2 or 3 days. Consult your doctor when your child shows symptoms resembling the above if it is Diphtheria he will administer antitoxin. Of these receiving antitoxin, if on the first day—but little over one in one hundred dies; if on the fifth day—fifteen in that hundred die; and if antitoxin is not given, thirty-two in a hundred or one in three will die of this last group, those that may have had kidneys or especially trouble as a result. If your child has been exposed to diphtheria your doctor can express his having the disease or

**Musicians Considered Flunkies**  
When Mozart, the great composer, grew up, he found that musicians were considered mere flunkies. He was forced to eat with the servants, was expected to compose music for any occasion, and was never suitably paid. Then, when he was thirty-five, a mysterious stranger came to him and asked him to compose a requiem. Superstitious Mozart believed that this was a warning that he would soon die. The stranger, called again, and when P...

**COUNTY POLITICS BEGINS BUZZING INDICATIONS ARE MANY CANDIDATES WILL BE CASTING HATS IN THE RING**

Next year is another election year, and aside from state and national candidates, much interest is already being generated in county politics, with indications that soon after the first of the coming year there will be plenty of aspirants to throw their hats in the ring for election to one of the numerous offices the public has to give.

Much campaign gossip is already going the rounds in Bailey county, various men are being considered for certain offices, and several have already quietly suggested they may be announcing soon, while still others are doing some interrogating of voters in an effort to learn how favorable their candidacy will be considered should they choose to announce.

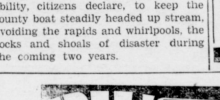

It is generally conceded by most voters that while many citizens are qualified for certain offices, there are some of the more important ones that are difficult to fill owing to the particular talents of those that officiate, and fill such duties and the responsibility developing upon such official.

Every election year witnesses candidates who feel they have qualifications for certain offices, and sometimes it apparently is, difficult for voters to make choices in casting their ballots. On the other hand, while there is a general tendency to "pass offices around," it has been suggested there are some holders now in office who, regardless of past tenure, may be worthy of future consideration on the basis of ability to satisfactorily discharge the duties of that particular responsibility given them by the voters.

Occasionally there is a tendency to put someone out of office on the plea of other candidates, that they can discharge the duties of that particular responsibility given them by the voters.

Interested citizens insist the economic depression is not yet over, by any means. Bailey county, while making some official changes in its business directory during the past few years, has pulled through this period about as well as most other counties, but it still going to require considerable ability, citizens declare, to keep the county boat steadily headed up stream, avoiding the rapids and whirlpools, the rocks and shoals of disaster during the coming two years.

Murder and Manslaughter In most states a death resulting from a felonious act is considered murder even when it is not the natural or probable consequence of the crime. But not in Ohio. A man set fire to his shop to collect insurance and several occupants of the apartments over the store were burned to death. The conviction was first-degree murder, but on appeal it was modified to manslaughter because there was no "specific intent to kill."—Collier's Weekly.

### The Bean Is No Has Been

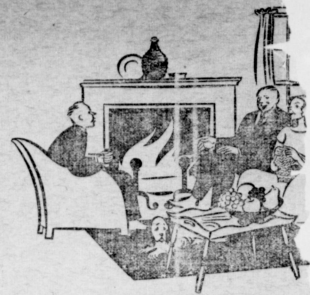

BEANS have a long history behind them. But they are not just beans. Their present popularity comes from the New England Saturday-night bean-pot. They point all the way back to the primitive times when the Indians mingled the mellow flavor of beans with more highly seasoned vegetables.

Don't wait for Saturday to serve beans. They are great "warm-up" foods for cold days. Serve them any day in the week, in modern as well as ancient guise.

Serve Them Like This **Baked Beans Parsman:** Sauté one small onion which has been sliced and one dried can of lentils in two tablespoons of butter until the onion is golden brown. Add the contents of one 16-oz. can of oven-baked beans, one-eighth teaspoon pepper and three tablespoons grated Parmesan cheese. Heat thoroughly and serve very hot, garnished with sweet pickles. This serves four persons.

**Hurry-Up New England Bean Pot:** Dice one green pepper and sauté it in two tablespoons of fat for three minutes. Add the contents of one No. 2 can of oven-baked beans and cook for three minutes more. Add one cup of cooked diced carrots, the contents of one can of oven-baked beans and the contents of one 12-ounce can of corned beef. Season to taste with salt and pepper. Heat thoroughly. This serves eight persons.

**Non-starch Sandwiches:** Mash one cup of cold oven-baked beans and season to taste with salt, paprika and a few grains of mustard. Add one tablespoon chili sauce and mix well. Place a piece of ham on a few grains of buttered toast. Spread with mayonnaise and then with the bean mixture. Place another piece of ham on top of this and spread with mayonnaise. Top with another square of buttered toast. Cut in triangles and serve with a garnish of sweet pickle fans.

### Colorful Fruit Salads Provide a "Lift"

BRIGHT warm colors do things for us when autumn rolls around. They buck up our spirits for a rainy day or a rainy inheritance perhaps. Nature knows about that and weaves out-of-doors a flaming tapestry to flout in the face of October winds. Indoors, we light a logfire and candles which catch the high lights in our warmer rugs and draperies. It's a cozy sort of comfort.

Friends drop in—for a game, for a chat, or just to be companionable over the knitting needles which are weaving bright, warm, winter togs. And what have you? What have you to serve for these pleasant chatty moments, when there's no time to fuss over food?

**We Nominate Salads** If you're a good parent, you know how to put bright warm colors and delicious exhilarating flavors into fruit salads. Pagans weren't salad fans, so far as we know, but it is recorded that they did worship the harvest goddess. They heaped up red and gold and russet fruits and no doubt mingled them for the sheer glory of bright color and glowing flavor.

**Jellied Pineapple and Peach Salad:** Dissolve one package of lemon jelly in one cup boiling water and add one-half cup of peach syrup and one-half cup of peach slices.

cup of canned pineapple. When cold and ready to set, one cup of sliced canned peaches and one cup of drained crushed pineapple. Add one-half cup of chopped dates and moist as desired. Serve cold on crisp lettuce with mayonnaise. Serves eight.

**Tulip Salad:** Polish eight dime-size apples having bright red skins. Cut a slice from stem end and scoop out the centers. Now cut down in wide points to represent tulip petals. Mix one-half cup diced apple from the centers, one cup diced canned pears, three-fourths cup diced celery and three-fourths cup chopped salted almonds. Moisten well with mayonnaise. Fill the tulips with this and set in nests of lettuce. It serves eight persons.

**Banana Boat Salad:** Cut bananas in halves lengthwise and scoop out the centers. Fill the cavities with a mixture of diced pineapple slices and chopped black walnuts moistened with mayonnaise. Garnish with several maraschino cherries in a row and dip in mayonnaise and then rolled in canned moist coconut.

**Fruit and Nut Dressing:** Mix together two tablespoons lemon juice, six tablespoons olive oil, two tablespoons cream and two tablespoons confectioner's sugar, salt and pepper to taste, a little paprika and a few drops of mustard. Shake until emulsified.

**For Example** **Jellied Pineapple and Peach Salad:** Dissolve one package of lemon jelly in one cup boiling water and add one-half cup of peach syrup and one-half cup of peach slices.

**Cranberry and Pineapple Ice:** Dissolve in one and one-half cups of water four cups of one-half cup water for five minutes. Dissolve in it one and one-half teaspoons gelatin which has been softened in four tablespoons cold water. Cool. Add one and one-half cups of cranberry juice, one and one-half cups of pineapple juice and two tablespoons of lemon juice. Stir until mushy; then remove a cold bowl and set well. Return to trays and continue freezing. Serve with the most course.

**PEP FROM CORN**  
"CORN" fed animals have plenty of pep. Cornucopias are horns of plenty—whether the first syllable has any significance is a matter for student psychology. For us—for people who like to eat wisely and well—corn signifies pep and energy.

If you've lazed along this summer storing up all of the sunshine you could absorb, you've stored up energy for the busy fall and winter days. The corn that ripened out in the sunshine has also stored away energy to replenish you. Keep plenty of cans of this delicious sun-kissed corn on your pantry shelves, and collect recipes which are worthy of such a good food. Here are some for your "pep" list:

**They're Tested**  
**Corn Envelopes:** Sauté four tablespoons chopped green pepper in two tablespoons butter for a few minutes. Add the contents of one No. 2 can of cream-style corn

and season to taste with salt and pepper. Cook gently for a few minutes until each grain of the mixture has cooked away. Roll pastry thin, cut in squares or rounds. Place a large spoonful of corn on each pastry, wet the edges a little and fold over, pinching the edges tightly together. Bake in a 425 degree oven for about twenty minutes. These are good served with fructose chicken. They serve eight persons.

**Corn and Mushroom Casserole:** Sauté two tablespoons sliced onion in one tablespoon butter for several minutes. Add the contents of one No. 2 can of cream-style corn, three-fourths cup grated cheese, three-fourths cup chili sauce, salt and pepper to taste. Put in a buttered casserole. Bake in a 375 degree oven for about thirty minutes. This serves six persons.

### A Right Merrie Christmas Dinner

THE formula for a good Christmas dinner is somewhat a matter of geography. Although the spirit of Yuletide is the same the world over—customs and foods differ.

English dinners at Christmas time have always held a particular fascination, perhaps because of the colorful accounts of these meals in classic literature. Addison in "The Spectator" likes to see the whole village merry in his great hall. "I allow a double quantity of Malt to my small Beer, and set it a running for twelve days to every one that calls for it. I have always a Piece of cold Beef and a Mince-Pye upon the table, and am wonderfully pleased to see my Tenants pass away a whole Evening in playing their innocent Tricks, and smutting one another."

**Cranberries—Cheeses—Coffee**  
Washington Irving in "The Sketch Book" says "A distinguished poet was allotted to 'ancient Britain' as mine host termed it; being, as he added, 'the standard of old English hospitality, and a joint of goodly presence, and full of expectation.'"

So, whether you plan to have the roast beef of England, goose, roast stuffed suckling pig, or our own American turkey to grace your Christmas table, see that your menu is "right merrie" with the bright red of cranberries and perhaps tomatoes, plum pudding which is excellent in any language, and cheeses, nuts raisins and black coffee to vary elegant over. How does the following menu appeal to you for a merry Christmas dinner?

**Assorted Stuffed Olives**  
**Shrimp Appetizer**  
**Roast Stuffed Suckling Pig**  
**Cranberry and Pineapple Ice**  
**Mashed Sweet Potatoes**  
**Scalloped Tomatoes**  
**Cucumber and Raisin Salad**  
**Plum Pudding with Vanilla Ice Cream or with Rum Sauce**  
**Assorted Cheeses**  
**Black Coffee**  
**Raisins**  
**Shrimp Appetizer:** Combine three-fourths cup chili sauce, one teaspoon Worcestershire sauce, two tablespoons lemon juice, one-fourth teaspoon salt, and chill thoroughly. Remove the viscera from two small cans of shrimp, being careful not to break the shrimp. Chill well. Divide the cocktail sauce among eight small glasses and sprig with chopped green pepper. Set glasses in small bowls of crushed ice, if possible. It will not take more than ten minutes to prepare.

**Cranberry and Pineapple Ice:** Dissolve in one and one-half cups of water four cups of one-half cup water for five minutes. Dissolve in it one and one-half teaspoons gelatin which has been softened in four tablespoons cold water. Cool. Add one and one-half cups of cranberry juice, one and one-half cups of pineapple juice and two tablespoons of lemon juice. Stir until mushy; then remove a cold bowl and set well. Return to trays and continue freezing. Serve with the most course.

One mark of greatness is to praise others. Can you?

McDuffie, acting federal receiver for the Pan-American Petroleum Co., based on a suit pending in Federal court when Doheny died, growing out of the Teapot Dome oil case in which Albert B. Fall, former secretary of interior was also interested.

Much interest has been aroused in this nation over the bombing of a Red Cross hospital and the U. S. embassy at Addis Ababa, Ethiopia, by Italian airplanes last week. Italians declare it was done in reprisal, for Ethiopians using dum-dum bullets, but insist they did not intentionally bomb the hospital and embassy. Several people were killed.

**County NYA Board Is Named; 18 Pupils In Schools Being Aided**

Calvin Hazlewood, Lubbock, NYA representative for this district, announces the following residents of Bailey county who will serve on the NYA County Advisory board: Judge J. E. Adams; Arnold Morris; Neil Rockey; Ray Griffiths; Mulleshoe; P. O. Smith; Bula; George Gillip; Circle Back.

The board will act as the stabilizing unit in extending the NYA program of education, work projects, job training, and job placement to the youths of this county, according to Judge Adams, there are 18 youths between 16 and 25 who are now receiving \$6.00 per month on various jobs assigned by local school officials who want to help these youths receive their high school education. Scholars returns over the State of Texas show that youths holding these part-time jobs have raised their grades to an average considerably higher than that ordinarily averaged in the high schools.

**End Codling Moth by Spraying Trees**

Heavier Pruning Necessary During the Early Winter, Entomologist Says.

By A. C. Chandler, Assistant Entomologist, U. S. Department of Agriculture, Wash. D. C.

With the cooling months as had as it is in apple orchards, growers may have to start pruning their trees heavier this winter in order to do a more thorough job of spraying in the spring. This will mean higher quality fruit. As it is, one out of every ten apples grown in Illinois in 1934 was infested with codling moth worms. Too many growers still think only of producing the maximum number of bushels rather than harvesting quality fruit. It usually is not necessary, however, to reduce the total crop of wet worm-free apples. If the grower can answer all six of the following questions in the affirmative, he need not be troubled against the codling moth.

Has the tree been thinned out enough so that the man on the tower of the sprayer can see the spray material through the tree?

Are there enough openings in the tree so that the ground man can get the tree under the spray? Trees twenty-five years old may have a spread of 30 feet. If the branches touch the ground or come within three feet of the ground the apple facing the trunk will not be hit by the spray.

Has the height of the tree been lowered as much as practical? The taller the tree the more the playground of the codling moth and infestations are usually worse there.

Have all sprouting places about the tree such as newly decayed wood, old knot holes, split branches and pruning cuts been removed? These are favorite "hide-outs" of the moth.

Have too many low-hanging branches been left on the tree? Trees twenty-five years old may have a spread of 30 feet. If the branches touch the ground or come within three feet of the ground the apple facing the trunk will not be hit by the spray.

**Korean Lespedeza Will Supply Emergency Crop**

Midwest farmers who are looking for a supply of winter wheat in 1935 may find that Korean lespedeza will fill the bill, says Dr. A. J. Pieters of the United States Department of Agriculture. Doct. Pieters advises seeding on winter wheat or with oats next spring. For a hay crop, a seeding of 25 pounds to the acre is recommended.

This authority says the crop may also be seeded alone on land that is not weedy. He recommends inoculating the seed where the crop has not been grown before. He reports a good supply of seed available.

Doct. Pieters says that where Korean lespedeza was grown in 1934 a good volunteer stand is probable, and he says that small grain may be disked in the old lespedeza and a crop of grain hay and one of lespedeza raised on the same land.

**State Health Doctor Warns Against Colds Being Neglected**

Austin, Dec. 10.—Pneumonia causes over 4,700 deaths each year in Texas, according to Dr. John W. Brown, state health officer. It is more prevalent during the winter and spring months. Pneumonia is usually caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and avoiding unnecessary exposure to extreme weather conditions. When we go out into the cold, additional wraps should be sufficient to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we go out.

Another measure of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home and call his physician as a precautionary measure. Then he should follow his physician's advice until the cold has disappeared.

The successful treatment of a pneumonia case often depends upon beginning treatment very early. That is why a physician should be called at once in such cases. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought for the cold he will have an opportunity to start treatment early if pneumonia occurs in such cases.

**Agri-Culture Agent And Bride Honored In Ripping Farce Wedding**

Monday evening a surprise wedding shower was given at the American Legion hall by the Bailey county court house officials and employees in honor of Mr. and Mrs. J. B. Waide, Jr., newly weds.

The outstanding event of the evening was a mock wedding being a comical reproduction of the Bolin and Waide wedding which took place in Plainview several days ago. Mrs. Delma McCarty played the wedding march and Mrs. Jim Cook sang, "Here Comes the Bride." Joe Covington, highway contractor, was the charming bride. "She" wore a cran colored lace formal gown and a window curtain for a veil. "Her" arm bouquet was artificial crepe paper flowers of clashing red and yellow colors. Judge J. E. Adams as the groom, wore wide striped brown and white trousers and vest, red flannel shirt, large green bow necktie, a derby hat, three sizes too large, and smoked a pipe during the ceremony.

Carl Hill, emergency crop and feed loan supervisor, was the dignified minister who read the single ring ceremony from a Sears and Roebuck catalogue. He was dressed in a dark suit, and a high white stiff collar turned backwards.

Mrs. Alex Paul was the charming little flower girl who strewed long petal-fumed crepe paper flowers from a baby basket. She was dressed in a knee length dress, wore a wide blue sash and a red bow of ribbon on her curly locks.

Miss Elizabeth Harden was the train bearer, wearing a knee length yellow lace dress, pink slippers and a red bow of ribbon on her hair.

M. G. Bass wore knee length trousers and carried the ring on a huge red and green pillow.

C. E. Duke, representative of the Federal government, gave the bride away, and when the minister asked if any one in the audience objected to the marriage, Mrs. B. O. Byrley firmly objected on grounds that the groom smoked a pipe.

After the charming ceremony, Mrs. Jim Cook sang, "I Wish I Was Single Again," being accompanied by Mrs. Delma McCarty at the piano.

Mrs. Allen Isaacs gave a reading entitled "Home."

Jack McIntosh, who was a comical traveling salesman for the Kill Smelly Soap company, brought the many small and useful gifts presenting them to Mr. and Mrs. Waide.

Delicious refreshments of sandwiches made of orange bread and cheese and coffee were served.

Favors of bags of rice were given to the guests, and before the evening of entertainment was over the newly weds were covered with favors.

The hall was beautifully decorated with Christmas colors.

Those who sponsored the affair were Mr. and Mrs. Vernon Martin, Mr. and Mrs. Jack McIntosh, Misses Alma Stewart and Mildred Davis.

Those attending were Mr. and Mrs. J. O. Covington, Susan, C. E. Duke, Mr. and Mrs. Delma McCarty, John McCarty, Mrs. H. C. McFarland, Mrs. Alex Paul, Mr. and Mrs. J. F. Vaughn, Mr. and Mrs. J. E. Adams, Carl Hill, Mr. and Mrs. Johnnie Williams, Mr. and Mrs. M. G. Bass, Mr. and Mrs. J. DeShazo, Mrs. B. O. Byrley, Mrs. Jim Cook, Miss Thelma Stella Lloyd, Littlefield, Mrs. Albert Isaacs, Mrs. L. S. Barron, Misses Lolla Lipscomb, Avenelle Motheral, Helen Jones, Elizabeth Harden, and the honorees and hosts and hostesses.

THREE STEPS TO RELIEVING CONSTIPATION

A cleansing dose today; a smaller quantity tomorrow; less each time; until bowels need no help at all.

Why do people come from hospital with bowels working like well-regulated watch?

The answer is simple, and it's worth an answer to all your bowels' troubles. You will only realize it: many diet and hospital use a liquid laxative.

If you knew what a doctor know you would use only the liquid for hospital with bowels working like well-regulated watch?
