## General Election Carded Tuesday

Seven polling places will be in operation throughout Callahan County for the general election, scheduled Tuesday of next week, Nov. 3.

County Judge A. E. Dyer, Jr. yesterday named the presiding judges for the seven boxes as follows: Baird, Curtis W. Sutphen; Clyde, Pete Bouchette; Cross Plains, Mrs. Zenovia Strickland; Putnam, Mrs. Ray Wilbanks; Eula, Hilton Tarrant; Denton Valley, J. Frank Carpenter, and Oplin, Stella Campbell.

Dyer said the polls in Callahan County will open at 8 a.m. and close at 7 p.m. In more populous counties the opening will be one hour earlier.

Hottest race Tuesday is expected to be that for U. S. Senator in which both the Democrat and Republican parties have strong contenders. They are Lloyd Bentsen, Democrat, and George Bush, Republican, both of whom live in Houston.

Next in the standpoint of interest is the race for Governor. Preston Smith, the incumbent Democrat, is opposed by Paul Eggers, Republican, of Wichita Falls. Smith defeated Eggers two years ago.

Seven proposed amendments to Texas Constitution are to be balloted upon Tuesday. Amendment number one relates to the retirement, removal or censure of judges and justices of the peace under prescribed circumstances. Amendment number two if passed would authorize the legislature to enact a mixed beverage law regulating the sale of mixed alcoholic drinks on a local option basis. Amendment number three au-

thorizes the legislature to provide by law for the establishment of a uniform method of assessment of ranch, farm and forest lands, based upon their capabilities to support the raising of livestock or farm or forest crops. Amendment number four would reconstitute the State Building Commission as a three-member board. Amendment number five would allow any county to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county. Amendment number six would increase the value of a homestead exempt from forced sale from \$5,000 to \$10,000. Amendment number seven would authorize the legislature to provide for consolidating the offices and functions of government and for performance of governmental functions by contract between political subdivisions in any county.

At least three Cross Plains churches are known to be waging campaigns to defeat proposed amendment number two, which would legalize the sale of mixed alcoholic drinks. Also coming in for much local attention is proposed amendment number three, which would promise taxation relief to farmers and ranchers, many of whom are said to be operating on a marginal basis. Both the Farm Bureau and Farmers Union are supporting passage of the amendment.

Due to the fact that there is little interest in local results at the polls next Tuesday, the Review will not tabulate as post returns.

## Edwin Baum Named On U. S. O. Council

Harvey S. Firestone, Jr., National Chairman of USO, announced today that Edwin Baum of Cross Plains has been elected to the USO National Council for a two-year term ending Sept. 30, 1972.

Mr. Firestone said that Mr. Baum joins other USO National Council members from all over the world who represent a powerful source of leadership that enables USO to translate its goals on a local level on behalf of the folks back home who remember their sons and daughters in the service.

The couple, Mr. and Mrs. Novandra Vyas, were brought to the Truett Dawkins farm by Mr. and Mrs. Jack Day of Abilene. Mr. Vyas is an exchange teacher in Abilene High School, where Mr. Day is also a member of the faculty.

The Indians were particularly interested in learning of the gathering and curing of peanuts. In India peanuts — often called groundnuts — are harvested and then shell-entirely by hand.

Mr. and Mrs. Dawkins accompanied the two couples to the Glenn Winfrey farm, where a crop was being combined by John McFerrin and others. The modern, rapid harvesting procedure was explained to the visitors and they were then driven to the Pioneer Co-Op to observe drying and curing procedures. After a tour of the plant the visitors were presented souvenirs by the manager, James Cox.

Upon departing the couple from India commented that Sunday had been one of their most interesting days spent in the United States.

## PARENTS' NIGHT SLATED AT GRID GAME FRIDAY

Parents of Cross Plains Buffaloes will be honored at the football game here Friday. Players will be escorted on field by parents.

host also winless in District 10-A competition Early Longhorns Friday at 7:30 p.m.

The grid units are two-thirds of a trio of teams still waiting a first conference victory. Ranger is also winless in two outings.

Both aggregations have 1-5 season marks, and the last mutual opponent, Goldthwaite, defeated both by almost identical scores, Early 60-0 and Cross Plains 61-0.

Statistically the Buffs and

Horns appear about even. Bills have tallied 60 points in six outings, while the Longhorns have scored half that amount. Defensively Early holds the edge. Friday's visitors have allowed 180 points, a 30-point average, while Buffaloes have surrendered 229 points, a mean of just over 38.

Cross Plains owns a five-year win string over Early, dating back to 1965. Buffs won a scoring battle with the Horns last year 48-29.

Sixteen lettermen returned to the Longhorn herd, but a majority of those are sophomores and juniors. There is quality in the Longhorn lineup, however, primarily at ends and in the backfield.

All-district performer Keith Ward returned. He is a 135-pound, tall senior end. Adding to receiving passes is a trio of ends, David Spech, 165 senior, Freddie Wilder, 150 senior, Frankie Wilder, 150 sophomore, and David Watkins, 140 sopho-

more. Good size is available for the interior line which is anchored by the lightest in 155-pound senior Kelly Tyson at center.

The Horn backfield is also experienced, and is led by sophomore Lance Blackwell, 180-pound quarterback. Speed is present in halfbacks Charles Hall, 160 junior, Kenny Horner, 140 sophomore, and Bryan Horner, 140 junior. Fullback Chris Boyd, 170 junior, can be called on for the tough yards.

## Do We Want . . . Liquor-By-The-Drink?

Alcohol is the greatest killer on the highways. It is, according to a Department of Transportation report, "The largest single factor in causing fatal crashes."

The national death toll for 1968 was 55,200, two million people were injured. In Texas 3,481 people were killed; another 217,000 were injured. The National Safety Council states that drinking is involved in at least half of the fatal motor vehicle accidents."

Drinking drivers will kill over 1,700 people in Texas this year. Liquor-by-the-drink means more drinking drivers.

Alcohol put over 3,000 Texans in mental hospitals in 1969. Liquor-by-the-drink means more mental patients.

Alcohol contributed to more than 113,000 crimes in Texas last year. Liquor-by-the-drink means more crimes.

Alcohol contributed to more than 25,000 divorces in Texas last year. Liquor-by-the-drink means more divorces.

Texas already has 400,000 alcoholics. Liquor-by-the-drink means more alcoholics.

Increased outlets means increased availability of liquor, increased acquaintance of the general public with liquor, increased acceptability of the part of youth, and increased alcohol-related social problems.

Combine all our churches, synagogues and temples and they are numbered by taverns already by 175,000. Is this what Texas wants?

What William E. Gladstone once said to Parliament should be remembered: "GENTLEMEN, YOU NEED NOT GIVE YOURSELVES TROUBLE ABOUT REVENUE. THE QUESTION OF REVENUE WILL NEVER STAND IN THE WAY OF NEEDED REFORMS; BUT GIVE US A SOBER POPULATION, NOT WASTING THEIR EARNING POWER ON STRONG DRINK, AND I SHALL KNOW WHERE TO OBTAIN REVENUE."

## NEWS NOTES FROM SOIL CONSERVATION SERVICE

Conservation practices that are being carried out by local farmers and ranchers include a parallel terrace system on the Lyndon Key farm south of Clyde, and ponds for livestock water, which are being constructed on the ranches of W. H. Blackburn, Jr. north of Baird, Royce Pruet north of Putnam, and Taylor and Ramsey south of Putnam. Mesquite brush has been controlled on the ranch of Rupert and Randall Jackson south of Baird by basal spray.

Recent clippings were made on the C. M. Garrett ranch south of Cross Plains to determine the forage production of Old World bluestem, a new grass selection, and King Ranch bluestem. After a deferment of four and one-half months, the Old World bluestem yielded 8,500 pounds per acre of current season growth as compared to 6,250 pounds for King Ranch bluestem. Grazing on the grasses being observed is by steers owned by Sam Odom of Cross Plains.

A slide talk was made to the Baird '48 Study Club on soil conservation practices being carried out in Callahan County, which have aided in reducing the amount of silt being carried into area lakes and streams. The quality of water in ponds and municipal lakes has been improved by area farmers and ranchers through the use of conservation cropping systems and sound grazing management of livestock on rangeland and improved pastureland.

Bob Tesch of Fort Worth was looking after holdings in this area Tuesday.

City Marshal Chuck Thomas is currently on two weeks vacation.

BROWNWOOD, TEXAS

# Why Preston Smith?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

# Preston Smith

is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

## Ben's Grid Picks

By Benny Glover

Hallelujah! It has finally happened to Ben's Grid Picks. The perfect record, always sought but rarely attained, is a reality. This prognosticator went 12 for 12 in predicting winners of area football games last week end. The 1,000 percentage raised the season's mean by 23 points to respectable .759 on a record of 63 correct projections in 83 attempts.

Elsewhere in Callahan County the grid picture was gloomy. Each county contingent took a loss. Cross Plains fell to Goldthwaite 16-0, Baird bowed to Knox City 33-8, and Clyde lost to Ballinger 35-0.

A dozen clashes are on tap this week end with predicted winners in bold type.

**Brownwood** at Weatherford: Same story, Lions, 30-7.

**Eden** at **Santa Anna**: Mountaineers win, 20-6.

**Hamilton** at **Winters**: Blizzards by a chillbump, 7-6.

**Rising Star** at **Blanket**: Narrow Wildcat win, 14-12.

**Comanche** at **Cisco**: Loboes get one, 13-12.

**Knox City** at **Albany**: Lions

again, 27-14.

**Coleman** at **Clyde**: Bluecats nip fighting Bulldogs, 21-13.

**Eastland** at **Ballinger**: Upset possible here, 13-8.

**Wylie** at **Baird**: Bears on the rebound, 21-12.

**Dublin** at **De Leon**: Bearcats clip Lions, 28-7.

**Ranger** at **Goldthwaite**: The Eagles scream, 40-12.

Early at **Cross Plains**: Good effort could give Herd its only 10-A victory, 14-7.

CROSS PLAINS, TEXAS

## HERE'S WHY 1971 INTERNATIONAL IS YOUR BEST BUY!

### SCOUT ACTIONMOBILE

**YOUR BEST BUY IN POWER.** There's a thrifty 145 hp six. For utmost economy, an 111 hp four-cylinder engine. And for flashing performance, a 304 cubic inch, 193 hp V-8. All are built to truck-tough standards with your choice of 3 or 4-speed manual transmissions or an automatic transmission that can also be operated as a manual stick (shift on the go for steep hills or rough country).

**YOUR BEST BUY IN LUXURY.** Handsomely appointed interiors include a fully instrumented padded dash — with oil pressure and electrical gauges instead of idiot lights. Foam-padded bench seat standard . . . bucket seats optional.

**YOUR BEST BUY IN VERSATILITY.** Equip your Scout with an electric or hydraulic snow plow, power take-off and winch, tow hook or tow loop and you're ready for money-making, work-saving service. Indispensable to auto service station operators.

**YOUR BEST BUY IN ADVENTURE.** Add all-wheel drive and you can take a Scout almost anywhere. You'll enjoy new freedom on wheels, new scenes to experience, as roads become "optional"!

**YOUR BEST BUY IN STYLING.** Smart in appearance, inside and out — and you can "style" your own Scout with choice of steel travel top, utility cab top, fold-down safari soft-top or go open-roadster style.

### PICKUP

**YOUR BEST BUY IN INTERIORS.** Standard interior features thick foam padded seats, all-vinyl upholstery, choice of colors. Deluxe interior has vinyl plus nylon. Custom interior is the last word in luxury right down to rich carpeting.

**YOUR BEST BUY IN QUIET.** Where other truck builders skimp, International puts a thick layer of padding underneath floor covering to keep things quieter inside the cab.

**YOUR BEST BUY IN BOXES.** Beds and tailgates are smooth. No bolt heads or latches protrude to mar cargo. Wheel housings are squared off to give more usable space. And that's a double-wall box so inside dents can't show up outside.

**YOUR BEST BUY IN POWER TRAINS.** Four International® truck engines to choose from — a proved-thrift six and three top-performance V-8's. Eight truck-tough transmissions, too. No passenger-car components in these pickups!

**YOUR BEST BUY IN GOOD LOOKS.** Interior-exterior colors are coordinated and handsome wood-grained panels are optional. Crisp, functional styling gives 1971 International pickups a look that's both pleasing and authoritative.

**YOUR BEST BUY IN SUSPENSIONS.** Choose from three suspension systems — from a soft limousine ride to extra-firm suspension for maximum loading. And optional rear-axle ratings that are the highest of any major manufacturer!

### TRAVELALL WAGON

**YOUR BEST BUY FOR TOWING.** Here's the only wagon designed from front back to handle all aspects of towing the only wagon built to haul up to 10,000 pounds without compromising performance! You're ready for action with special, factory-installed hitch . . . rugged differential, heavy-duty rear axle, special torsion-bar or I-beam front suspensions.

**YOUR BEST BUY IN CARGO SPACE.** 124 cubic feet! 25% more space than the largest luxury passenger wagon. Fits items 3 1/2 feet high and over 8 feet long. Takes even longer loads with the tailgate down.

**YOUR BEST BUY IN PASSENGER ROOM.** The 1971 Travelall carries 9 passengers in leg-stretching comfort — adults that is. And sleeps 3. Plenty of headroom, too — chair-height seats that are easier to get in and out of than any passenger car!

**YOUR BEST BUY IN TRANSMISSIONS.** Eight truck-tough transmissions to meet any job you want to give your Travelall smooth automatics, if you like, or 3, 4, 5-speed manual transmissions. Special speed has the top four gears closely spaced to allow the engine to operate a greater horsepower at any given speed. Optional all-wheel drive, too.

**YOUR BEST BUY IN ENGINES.** Choose from four great engines — a gas-six with 145 hp. or V-8's rated at 193, or 235 hp (392 cu. in.) — all with overhead radiators for maximum cooling. No need to fear a long haul even with a trailer or boat!

## Eagles Rip Bisons 61-0 In 10-A Tilt

A screaming flock of Goldthwaite Eagles soared past an out-manned herd of Cross Plains Buffaloes 61-0 in a District 10-A clash Friday night.

Visiting Goldthwaite moved almost at will racking up 25 first downs and 597 yards total offense, 469 on the ground. The Eagle defense gave Bisons just 84 yards, 58 rushing and 26 passing.

It took a while for the Eagles to start the scoring onslaught, seven minutes and 26 seconds. Ten in the next three minutes and 46 seconds, the Eagles rang up 21 points.

Quarterback Johnny Johnson got Goldthwaite started with a 10-yard scoring strike to End Kennon McLean with 3:34 left in first quarter. It climaxed an 85-yard, 11-play drive. Johnson then kicked first of seven extra points in nine placements. With 1:41 showing in initial canto, Halfback Joe Hudson ran a punt back 60 yards, and on first play of second quarter Fullback Sam Watson rammed one yard up the middle. Watson got the fourth touchdown on a 17-yard scamper about six minutes later for a 28-0 lead at halftime.

Buffs moved 46 yards to the Eagle 30 in early stages of the second, but 30 of those yards came on Goldthwaite violations. Another 85-yard march got Goldthwaite started in the third period with Johnson sneaking the final yard with 6:20 left. Just over three minutes later he circled left end for a 60-yard romp.

Only 22 seconds deep in last stanza Halfback Dan Hardgrave hit paydirt with a yard run. Halfback Reggie Robbins sprinted 30 yards two minutes and 23 seconds later. Finest run of the night was turned in by the superlative Johnson with 19 seconds left. He danced his way 67 yards through the entire Herd.

Just before Johnson's gallop the Herd got to the Eagle 14, 43 yards in seven plays, before losing the ball on downs. Key play was a 30-yard run by Halfback Brad Harris.
