Farm Number Census Bureau Says

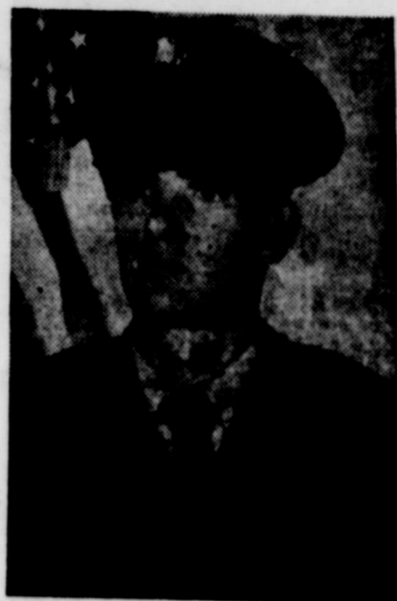

County showed a decrease in the number of farms in the 1969 census, according to the release by the Department of Commerce. The number of farms in the county decreased from 113,313 in 1964 to 112,750 in 1969. The average farm size in the county was 656 acres, and the average value of these farms, including land and buildings, was \$64,662.

Value of all farm products sold in 1969 was \$6,254,873, as compared to \$4,057,150 in 1964. That reflects an increase of almost two and one-half million dollars.

Value of all crops sold was also up, about a quarter of a million dollars. The 1969 report listed crop value sold at \$1,062,956. It showed the 1964 figure as \$729,623.

Value of all livestock, poultry and their related products also showed a huge increase, almost two million dollars. In 1969 the reported value of the above named items was listed as \$5,191,527. In the 1964 report it was \$3,324,629.

Reported for the first time in an agricultural census is information on the extent to which the corporate structure is being used by operators of farms from which agricultural products totaling \$2,500 and over were sold. There were no farms in Callahan, including the family farms, using the incorporated type of business structure.

Local Lawmen Help Nab Check Artist

Chuck Thomas, Cross Plains City Marshal, and Don Gosnell, local Highway Patrolman arrested a Seminole, Okla., man here just after midnight Monday of last week.

It was learned later here that he was wanted as possibly being one of a ring of check artists. The man, Vernon Sexton, was picked up here Wednesday by a Borger police detective on a warrant. Local charges were waived after peace officers here discovered the man was wanted by other cities.

Thomas and Gosnell made the arrest about 12:30 a.m. Monday after discovering that the license plates displayed in the car he was driving were reported stolen in Kansas. Arrest was made in the state roadside park just west of the city limits.

It was later discovered that members of the ring of hot checkers, reportedly forging company payroll checks, were wanted in Edmund, Okla., Springfield, Ill., Pittsburg, Kan., and Aransas Pass and Borger. It was also learned that the ring was wanted by the FBI.

Rising Star Bank To Open New Quarters

Teenage Baseball Meeting Called On Friday Night

An attempt is currently being made to have teenage baseball in Cross Plains this summer.

A meeting of all interested persons has been called for Friday, April 14, at 7:30 p.m. at the Ranch House Cafe to organize possibly two teenage teams for the upcoming season. Dale Crawford, president of the local teenage organization, has urged all parents of the players and others interested to attend.

It was noted that 30 to 32 boys had signed intentions to play teenage baseball here this summer. It was believed by Crawford and other veteran supervisors that at least one junior squad and a senior teenage team can be organized.

Only junior teenage units have been active here for the past couple of years.

It was pointed that at present no managers or other adult

supervision personnel had agreed to take responsibilities of fielding even one teenage baseball team. Crawford said that it is imperative that sufficient adults display interest in the teenage baseball program in Cross Plains to pursue the effort further than the meeting called for Friday. He noted that in the past it has been extremely difficult to obtain an adequate number of adults to successfully and orderly manage and supervise the teenage program.

As is the case with the Little League organization here, much time, work and materials have been put into Illingworth Field, adjacent to the Little League Park, too much for the program to be abandoned entirely.

Cross Plains can boast of one of the best diamonds in the area for teenage baseball. It should be used.

Omar Burleson Makes Formal Announcement

Congressman Omar Burleson has formally announced his candidacy for re-election to Congress, subject to the Democratic Primary on May 6 and the General Election in November.

The 17th Congressional District, which he represents, is composed of 31 Counties, covering approximately 30,000 square miles. Within this area live about 468,000 people.

Burleson says, "During my tenure of office I have followed two guiding principles: First, to know the views of my constituents and reflect their sentiments to the greatest degree possible in my actions in the Halls of Congress. Second, to inform and advise as closely as I can on those issues which affect our District, our State and Nation."

Burleson termed his approach to Government as one of "common sense," gained through the years of public service. "I have tried to see that the people's tax money is spent as wisely and as judiciously as you would have spent it had you been in my place," he said.

"The record will show that a greater part of the time I have found myself in the minority in opposing the vast spending programs of doubtful value which have been put into effect in recent years. In every Session of the Congress the record will show my vote for expenditures below that recommended by the Executive Department and far less than actually appropriated by the Congress, except in the field of National Defense," Burleson said. He continued, "Without meaning to appear boastful, if the Congress had followed those of us who have voted consistently over the years for fiscal responsibility, our financial affairs would not be in the shape they are today."

"In areas providing for the defense of our Country, I have always supported those things to make and keep our Nation stronger than any other in the world," he said.

"I have been discerning in separating those activities which the Federal Government was not designed to do, from those which are truly its responsibility," he said.

Burleson stated that activities of State and local governments, in accordance with the Constitution, should not be infringed and encroached upon by the Federal Government.

"The Federal Government does have specific missions," he said. He gave as examples the conservation of our natural resources, the defense of the Country and its general welfare.

"At the same time," he said, "The Federal Government can not and should not try to take care of everything from Washington. The Federal Government has grown to colossal proportions and centralized power in Washington has increased," Burleson pointed out.

"To this, I am opposed and my record is clear in this respect."

Burleson is among the senior members of the U.S. House of Representatives in point of service. He was elected to the 80th Congress from the 17th District and has been re-elected to each succeeding Congress. He is a member of the Ways and Means Committee, considered to be the most powerful and prestigious in the Congress.

Burleson is a former County Attorney and County Judge of Jones County. He was appointed an FBI Agent, and served in a number of assignments over the U.S. He resigned from the FBI to join the Navy in World War II and saw duty in both the Atlantic and the Pacific.

Burleson ended his formal announcement by saying, "Although not having opposition in this year's election, it is my hope to visit my constituency as opportunity affords. The Congress being in session at this time and expected to be long after the Primary Election, there will be little time to leave duties in Washington. I expect, however, to get back home at short intervals to do the best I can in seeing my friends and to make new ones. I believe it is incumbent upon a Congressman to know people and that they know him, to have the best representation. This is fundamental to our system."

Man Known Here Is Sundown's Top Citizen

A native of the Sabanno community who is well known in this area was recently hailed as the outstanding citizen in Sundown.

He is W. E. (Ike) Erwin, brother of Edwin Erwin of the Sabanno community.

The title bestowed upon Erwin at Sundown recently was "Citizen of the Year."

The following, in part, was published in the Lubbock Avalanche-Journal concerning Erwin after receiving the honor.

"One of the 'workingest' men in Sundown is W. E. (Ike) Erwin, and he is supposed to be retired."

"But the 43-year service record of Erwin with an oil company did not end his work. Now he is doing civic work and enjoying every minute of it."

"Last summer, when the Boomtown Days Museum was opened here (Sundown), it was

Erwin who was in the ranks of tireless workers in charge of the opening.

"It's about that good with all projects that are way for the town."

"Ike Erwin is one of the most highly thought of persons in this community. He is a true family man, active in his church, active in civic affairs, and always willing to lend a helping hand..."

"His family consists of his wife, two sons, seven grandchildren and four great-grandchildren."

"Erwin has served as a city commissioner, and he is a member of the official board of the Methodist Church. He is an active member of the Lions Club. He is also a director in the museum association."

"He was described by a fellow townsman as being 'saturated with community pride'."

HOME AND FAMILY HINTS

FROM HIGGINBOTHAMS

By Barbara Williams
 What would we ever do without them? We'd manage I guess. We'd still have lace, buckles, safety pins and paper clips. After all, people didn't always have them.

They didn't even become a permanent feature of European costume until the Middle Ages. The ancient Greeks and Roman preferred removable pins for their flowing robes. They finally gain acceptance with the figure-hugging dresses of the 13th century. In the 17th and 18th centuries, men showed their wealth by the number and size of the diamond ones that they wore.

What in the world are we talking about? Why, buttons, of course. They've been around a long time, actually. As early as 4000 B. C., buttons of chipped stone were used in Persia as personal seals and garment fasteners. As we've mentioned

though, they were slow in coming into their own. But they really had their day late in the 18th century when spectacular buttons became a mania with the Paris men of fashion. Famous artists painted miniatures for button frames. The finest craftsmen were engaged to carve ivory, inlay tortoise shell, and engrave gems and mother-of-pearl for luxury buttons in sets of a dozen or more. Since a set often told a story in pictures, they were conversation pieces.

Vegetable ivory, or the nut of the tagua palm, was a major material for buttons, particularly for men's wear, before the advent of plastics. (Note: Have you noticed how often men have been mentioned? They used to be the fashion leaders instead of women. Now they are finally renewing their place in the fashion world after years of the same old styles.) Also popular as button materials were china, bone, hoof, horn, and many compounds of resins and solids. Leather, rubber, ivory, and ceramics also had some importance.

Today, because of their economy and versatility, such plastics as casein, urea, acrylic, polyester, and cellulose are widely used. And of course we have other materials such as metal, wood, glass, cloth, and mother-of-pearl.

Higginbothams sells buttons—buttons on women's clothes, buttons on men's clothes, buttons on children's clothes, buttons on shoes for decoration, buttons on chairs, sofas, pillows and ottomans. Even buttons on cards in the fabric department! Buy some buttons at Higginbothams today!

Mrs. Williams, Higginbothams Staff Home Economist, may be contacted through your local Higginbothams store or by calling (915) 356-2545. She will be happy to assist individuals or groups with problems in home economics. (Pd. Adv.)

Sheep, Goat Group Nix Predator Control

A proposed predator control program in a 73-county, sheep and goat-raising area of West Texas failed to get the two-thirds majority necessary for approval in recent mail balloting. Texas Agriculture Commissioner John C. White has announced. The area included Callahan and most adjoining counties.

A total of 1,240, or 54.3 per cent, approved the proposal and 1,040 voted against it in the balloting that ended March 28. The Texas Sheep and Goat Raisers Association held the referendum under authority granted by Commissioner White under provisions of the Texas Commodity Referendum Law.

The proposal included a deduction of 20 cents a head for sheep and 10 cents a head for goats to be used in a stronger predator control program.

Pioneer Ladies Club Has Large Attendance

By Mrs. Homer Don Parson
Those of you who always try to guess what I'll "gab" about — I guess I fooled you, because for once I'm keeping my big mouth shut. Visitors in the Pat Shirley home this past week were Mr. and Mrs. Cleo Barton, Mrs. Vondell Key and daughter, Mrs. David Merryman. Mr. and Mrs. Bryan Sooter joined by his brother and wife, Mr. and Mrs. Woody Sooter, visited Fort Gibson, Okla., where both men grew up. They returned through the mountains but all they saw was fog and glimpses of the center line painted on the highway.

Thursday Mrs. Anna Laura Alexander's niece, Mrs. Wallace Cutlers, and family of Breckenridge visited here. Mrs. Alexander's grandson, Jim Alexander, and Miss Marla Shahan of Abilene visited her Sunday. Jim was guest speaker at the Pioneer Church of Christ. Other Sunday guests were Mr. and Mrs. James Alexander of Clyde. They all went to Brownwood to visit Mrs. Alexander's sister-in-law, Mrs. Jess Doyle, who is in the hospital. Mrs. Homer Parson and Travis visited the O. E. Nelsons of Brownwood Tuesday. The Pioneer Ladies Club wishes to welcome a new member. She is Mrs. Bill Sessums. Eighteen attended the meeting Thursday, and as usual reported a good time and lots of secret gifts.

Fruit Crop Looks Good In Sabanno Community

By Mrs. Edwin Erwin

This Monday is dark and rainy looking, how we do need rain. The fruit crop is looking good if it can rain along and skip the hail and storms, which usually come along in April and May.

Mr. and Mrs. J. L. King were visitors in Eastland and Cisco Friday and Saturday. They visited Mrs. King's sister, Mrs. May Mitchell in the rest home in Eastland and also with her granddaughter, Charline Thomas and his grandson, Ronnie Webb, youngest son of Mr. and Mrs. Clois Webb, who are in the Eastland hospital recovering from surgery. They visited with Mrs. Lonnie Barron at the Cisco rest home.

The Busy Bee Club members worked hard last Monday afternoon, and finished up two pay quilts. All day Tuesday and Wednesday afternoon we were all about pooped when these three days were over. Mrs. Gus Brandon will be hostess for the next meeting on Monday afternoon and all day Tuesday of April 17th and 18th. We will have a luncheon on Tuesday. All who like to quilt and visit have a welcome to come be with us.

Tommy King returned home Thursday after several days in the Eastland Hospital. We hope he will soon be feeling good.

Mrs. Edith Bostick of Rising Star, visited with Mrs. Edwin Erwin Thursday and got her quilt the Busy Bee Club had quilted. She really gave our club a boost, says the most beautiful job of quilting she ever saw, says it looks like one lady did all the job. "I would like to get your club to quilt several more in the fall". This made all of us happy.

Several from our community attended the Star Fox Hunters meet and supper at the Nimrod Club House Saturday night. Mr. and Mrs. Buryle Lusk, Mr. and Mrs. Edwin Erwin and a nice size crowd from other places and oh, such a good supper.

Lonnie and Martha and James and Mikie Switzer and their children, Malinda, David and Bryan and Edie Ann were dinner guests with their parents and grandparents. Mr. and Mrs. O. B. Switzer Sunday. The children stayed until Monday morning.

Mrs. Emma Kent of Cook, Mrs. Lizzie Brook of Cross Plains and the Rev. and Mrs. Poindexter visited with Alma and Josie Morris recently.

Mr. and Mrs. Cox and two daughters of DeLeon spent the

week end visiting her mother, Mrs. Lillie Williams.

Mr. and Mrs. Wes Holcomb visited with their son, Mr. and Mrs. Gerald Holcomb and children Saturday night in Clyde.

Mrs. Vetra Cade Connelly, her sister, Mrs. John (Eunice) Morris and Mrs. Jim (Cordulia Walker) Marshall were visitors at the Busy Bee Club meeting Tuesday afternoon of last week. They were Liberty and Sabanno girls in their teens and how we enjoyed having them visit with us.

Mrs. Charles (Oma Fae Lawson) Cox of Cisco attended the funeral of a relative, Mr. Sawyers, in Cross Plains one day last week, and she came by for a visit with we club ladies. Mrs. Cox is a sister of Mrs. Truet (Oddie) Dawkins. We loved having a visit from all these people.

Mrs. Edwin Erwin visited in the Nathan Foster home Saturday afternoon and she loved seeing little David Foster, baby son of Mr. and Mrs. Steve Foster. He is a pride and joy to all our family. A baby full of life and happiness to all of the family.

Recent donations to the Sabanno Cemetery were given by the following: Mrs. Maude McCann of Cross Plains, \$5.00; Everette Erwin of Sundown, \$10.00; Mrs. Cordulia Marshall \$2.50. Gifts like these are what makes it good for the upkeep of our cemetery. We will have a meeting and work day coming soon. This is always the last Saturday in May, which will be Saturday, May 27. Come early and bring tools to work with. We will remind all again before the work date.

Mrs. James Watson and son of Tuscola visited with Mr. and Mrs. Troy Watson Sunday.

Mrs. Truet Dawkins was a business visitor in Clyde Monday afternoon. This writer talked with Mrs. Troy Watson Monday morning. She told me of her accident on Sunday morning. She fell and broke her right arm, just above the wrist. Now she'll have to take a long rest. She's one of our best club members and a number one quilter.
