Congressman Omar Burlesor announces approval of a \$75,-000.00 Environmental Protection Agency grant to the Brazos River Authority for Water Quality Management Planning.

Purpose of the study is to develop a basin-wide water quality management plan for the Brazos Basin and adjoining coastal areas, comprising about onesixth of the area of Texas. Callahan County is one of 68 in the Basin. The study is to be financed half by State and local funds and half by this federal grant, under the Federal Water Pollution Control Act.

The urgency of developing such a plan has been emphasized by federal regulations requiring that sewage systems built with federal assistance in the future must be consistent with basin-wide water quality management plans; if such basinwide plans are not in existence, the proposed sewage treatment facilities will not be eligible for federal grants to assist in paying construction costs.

HINTS FOR ADVERTISERS

When you next call The Review, 725-3571, to place : classified ad, remember that words are your business. Words properly put together in an ad mean more phone calls and more sales for you. Follow the rules below and get more and faster results.

- 1. Put in the address
 - Many out-of-town readers will write you, but will not spend money for a long distance call.
- 2. Put in the phone number Many readers will call you but will not find it. convenient to come to your home or business.
- 3. Avoid use of blind boxes Avoid them if possible. They are difficult to answer and people prefer to deal directly.
- 4. Put in the price, by all means Surveys show that many people will not answer an ad unless the price is given.
- 5. Keep the readers from guessing On important details it is better to include them if they are relevant to a sale.
- 6. Be available
- If you advertise your phone and address, be sure you are not absent when the ad appears so as to accommodate the reader.
