SIXTY-FOURTH YEAR

Herd Goes To Ranger In Road Finale Friday

Cross Plains Buffaloes will try to save face next Friday in last road game of the 1972 football season.

Acting as hosts for the next-to-last grid contest for the Herd will be the Ranger Bulldogs, who have proved to be rude hosts in years past.

The Bulldogs started very slowly at beginning of the year after being picked to take the District 10-A championship by at least one poll and many area fans. That rating has not held up, but since going winless in non-conference outings, the Bulldogs have won two of three District 10-A clashes. Cross Plains stands 1-2 in loop competition.

Apparently the 1972 Ranger team is not as strong as it was first thought, but the unit has bounced back to life since beginning conference play. Early in the season Cisco humbled the Bulldogs, by a considerably larger margin than the Class AA Lobos beat the Buffaloes. The week following Cross Plains suffered a 32-27 loss to De Leon. Ranger upset the De Leon team 25-0. Both have beaten the Bangs Dragons by similar margins.

It seems that both teams which will clash next Friday at 7:30 p.m. can show promise when it is necessary or when it wants to. If both squads are "up" for the game, it could be an interesting 48 minutes of gridiron action. Both possess the ability to score quickly, make breaks and slam the door of opportunity.

Top returnees to the Bulldog pack, which numbered 12, are

two year letter earners Mike Myers, 165-pound scaback, and James Battles, 160-pound end. Both are seniors and both earned all-district honors last year. Another blue chipper is senior linesman James Crenshaw, 185-pounder.

Ranger still has an outside chance at the 10-A laurel, but Buffs have virtually no hope left. A loss by Ranger would put them out of the race, unless Bangs should upset the Santa Anna Mountaineers. If that should happen, almost any team in the league would still have a shot at sharing the crown.

Federal Housing Officials Named

Three officials of the Cross Plains Federal Housing Authority have resigned, and new board members have been elected.

Mrs. Oran Bains has resigned as executive director, and named to succeed her is Mrs. Elvis Scott of this city.

Recently resigning as members of the directorate were Elvis Scott and Claude Foster.

Elected new board members and those returned to office are Leonard Mosley, chairman, Louis E. Richardson, Charles Dillard, Pat McNeel, Jr. and Mrs. Howard Coburn.

6 County FB Members To Attend State Parley

Callahan County Farm Bureau will be represented by six voting delegates at the Texas Farm Bureau annual convention to be held November 12-15 in Houston.

They are: Mr. and Mrs. Miles Benda and Mr. and Mrs. W. C. Vines of Albany and Mr. and Mrs. D. T. Crockett of Cross Plains. They will be among the some 1,500 persons from the 206 organized county Farm Bureaus in the state expected to attend the event.

Altogether, there will be some 900 voting delegates from county Farm Bureaus who will formulate Texas Farm Bureau policies for 1973 and recommendations to the American Farm Bureau Federation on national issues, based on resolutions

from county conventions over the state.

Dolph Briscoe of Uvalde will be the principal guest speaker at the convention. Other speakers will include Minister R. J. Weber of Zionsville, near Brenham, who will deliver the sermon at the vespers service opening the convention, Texas Farm Bureau President J. T. Woodson, Texas Farm Bureau Executive Director Warren Newberry, and Marvin McLellan of Lexington, Miss.

6 Buff Bandsmen Make All-District

Cross Plains Buffalo Band made a good showing at the district band contest held in De Leon last week. Ten local bandsmen entered the contests, and six of them were selected as members of the All-District Band.

Local band director Carroll Rhodes released the following list of bandsmen who earned all-district distinction.

Jerry Lewis was named as second chair tuba. Ricky Purvis was awarded third chair tuba. Glen Nixon earned sixth chair in the same section. Betsy Bowden earned 18th chair in the clarinet competition. Sandy Weiss was named ninth chair flute. Eddie Weiss was named as sixth chair place in the trombone section.

The six Buff Band members played in the district band concert on Saturday night after the contests and rehearsals. The same students will go for regional bands contest at Stephenville on December 8 and 9.

Over one million Texans past 65 years were covered by hospital part of the Medicare program by social security in '71.

Atwell, Rowden To Get FM Highways

Proposed development of 6.1 miles of Farm to Market Roads in Callahan County have been approved by the Texas Highway Commission as a part of the 1972 Texas Farm to Market Program.

One of the projects will complete a two-step FM road program at Rowden, and the other is the beginning of a Farm Road system in the Atwell community.

Longest of the two projects is the Rowden area improvement. It will cover about 3.2 miles beginning at the terminus of Farm Road 3146 which is approximately four miles southeast of State Highway 36. The project will complete the paving from this point to connect with Farm Road 2287, just west of the J. L. Bonner home. FM Highway 2287 begins just south of the Old Coleman road junction with State Highway 36 at the western edge of Cross Plains. The project calls for the construction of grading, structures and surfacing. The surfacing will be 20 feet wide.

The other project is scheduled to begin approximately nine miles south of Putnam at Farm Road 880, the FM highway which runs from Cross Plains to Putnam. It will traverse eastward for a distance of 2.9 miles. It will serve the Atwell community. This project also calls for grading, structures and surfacing 20 feet in width.

Atwell area residents have long wanted and worked for a farm road in that community. Last year a group of Atwell residents, along with the County Judge A. E. Dyer and Commissioner Duke Mitchell requested the Highway Commission to begin such a project in that area. A considerably longer portion of the main Atwell road was asked to be considered, but the Commission has begun the project.

It was pointed out by J. C. Roberts of Abilene, district highway engineer, that estimated cost of the two projects will be about \$267,200.

It was also noted that Callahan County will be responsible for providing the right-of-way on both projects.

The work authorized for this county is part of a \$20.4 million program for the development of 438 miles of secondary roads in the state.

The new program includes 335.7 miles of new construction. Of that total, 321.7 miles are new roads being added to the FM system. Other mileage was designated earlier and is being constructed in incremental stages.

Of the new roads being added

to the system, 248.4 miles, or 77 per cent, are for school bus routes. And 210.1 miles, or 65 per cent, are for rural mail delivery routes.

Originally intended to get the Texas farmer or rancher out of the mud and to provide for movement of agricultural products to market, the FM sys-

tem now affords tourists and travelers access to hundreds of new lakes and recreational areas of the state.

In addition, the FM system supports the movement of goods and workers to the many new industries now operating in smaller cities and towns in Texas.

Bountiful '72 Peanut Harvest Nearing End

Harvesting of an abundant 1972 peanut crop was back in full swing this week after rains stopped the operations last week.

Two local peanut buyers estimated that the harvest would be completed in about two weeks. Both plants, here and at Pioneer, were operating at full capacity Tuesday morning.

It was pointed out that the yield per acre this year is much better than last year. Quality of the nuts are running from about the same as last to slightly better. Grades were averaging from

about 70 to the mid-70's. It was pointed out that the average grades net the producer between \$280 to \$300 per ton.

An estimated 7,500 tons had been marketed in this area through Monday. At an average grade and price that would mean that almost \$225,000 had been pumped into the local economy thus far by the sale of peanuts.

Grades were already slightly above normal here, and it was pointed out that the quality is even better since the recent rains.

Baird Man Beaten To Death; Drifter Charged

Daniel Murice Elliott, 43, was still in Callahan County jail at Baird Tuesday charged with murder with malice aforethought in the beating death of Elciney (Bud) Jenkins, 71, of Baird.

Elliott was charged Thursday before Justice of the Peace Garvin Jones who set bond at \$100,000.

The accused was arrested on Wednesday night after he was reported to be drunk on the street, and deputies found him to be in possession of a wallet and other belongings of Jenkins. That triggered an investigation by Sheriff Grayson Miller and his deputies. They discovered Jenkins' body in the bedroom of his apartment. Miller reported that Jenkins, a 17-month resident of Baird, having moved there from New Mexico, was severely beaten about the face. Officers believe that the victim was beaten by hands and stomped to death.

It was pointed out that Jenkins and Raymond Crutsanger, also of Baird, had picked up Elliott on Interstate 20 when en route back to Baird from Abilene Wednesday of last week. Crutsanger said that he left Jenkins and Elliott in Jen-

kins' apartment and went to his home.

Justice Jones ordered an autopsy of Jenkins' body.

Texas Ranger Sid Merchant was called in to assist in the investigation, and he pointed out that Elliott had made no formal statement, but Merchant indicated that Elliott said that he remembered the apartment when officers took him to the scene. It was also pointed out that Elliott did not remember the room where the body was found. The Ranger said that Elliott reportedly did remember watching television, drinking some wine and then leaving the apartment.

Last known address for Elliott was said to be Big Spring State Hospital where he was voluntarily committed for alcoholism. He reportedly also has been in prison in three states.

Funeral for Jenkins, uncle of Mrs. Wilbur Young of Baird, formerly of Cross Plains, was held Friday at 3 p.m. in Baird with burial in Ross Cemetery.

Mr. Jenkins was born in Coleman County on Feb. 1, 1901, and was a retired carpenter and oilfield worker. He was a member of the Baptist Church.

Although he has been formally charged, Elliott will not be prosecuted until after a grand jury hearing it was pointed out. County officials did not know Tuesday morning when another 42nd District Court grand jury would be summoned.

VOTING BRISK IN CITY, COUNTY ON TUESDAY

Voter turnout was heavy in Cross Plains and Callahan County Tuesday morning. At noon in Cross Plains almost 300 persons had cast ballots in the general election.

Results will not be found in today's Review because of necessary press deadlines to get this issue out on time.

R. E. EDINGTON IS SAID TO BE IMPROVED

R. E. (Hick) Edington of Cross Plains has been removed from intensive care unit at Brownwood Community Hospital, but is still a patient there. He suffered a heart attack about 10 days ago, and is said to be improving daily.

Burkett Church Of Christ Schedules 4-Day Meeting

A four-day gospel meeting will be held at Church of Christ at Burkett November 12 through November 15, according to a spokesman of the church.

It was pointed out that Abe Lincoln, a capable speaker who is from the Lubbock School of Preaching, will do the preaching during the meeting. He has held several such gospel meetings at Burkett, Cross Plains and other area towns and is well known in this sector of the state. It was pointed out that Mr. Lincoln has also spent much time in foreign fields.

The meeting will begin next Lord's Day, Nov. 12, and run through Wednesday evening. Schedule of services were revealed as follows: Sunday, Bible Study at 10 a.m. and worship at 10:45, and weekday services Monday through Wednesday at 7 p.m.

Persons of all faiths from all

area communities are invited to attend any or all of the services. It was explained by a member of the church.

Historical Cottonwood Shoot-Out Rivals Fiction

By David McGowen

Television's long-lived "Gunsmoke" has hundreds of fantasied shoot-outs in a year; Zane Grey, of western paperback fame, wrote a multitude of gunfight accounts; but, unlike these fabricated old west stories, the nearby community of Cottonwood had an actual shooting event in its past to rival any of the action-laden episodes of the screen or pen.

The shoot-out occurred some 90 years ago, in December 1882, and interest was revived recently when a grave marker was placed for one of the two victims entombed at Cottonwood.

Information regarding what actually took place is clouded by almost a hundred years, and little written history of the confrontation is available. Bill Jones of Cross

Plains, a nephew of one of the key figures, is the main source of information, yet he admits that what he knows of the incident is not first hand, but from accounts told him as a boy by members of his family living at the time.

Story goes that George Franks, Cottonwood businessman, and Tom Jones, a young laborer of that community, were the best of friends. The bustling community, then located about a hundred yards east of its present site, was one of activity and had its share of the rowdiness and temperament of the times. Franks ran a lighthouse saloon in the center of town, and was wed to a young lady whom he reportedly didn't completely trust.

Young Jones was at the saloon that Christmas season evening, dressed in a Santa Claus suit with face blackened

Tom Jones ... Cottonwood Shoot-out Victim

for the occasion, which was customary for that period. Franks, obviously spurred by intake of his own sales goods, was on the look-out for the man he believed to be "carrying on" with his spouse.

From the hand-me-down account, Franks mistook his friend for the man he suspected of flirtations, and shot in the dimly-lighted room from behind his bar to the doorway, hitting Jones in the throat, Jones fired back across the room and felled his "friend".

Jones died instantly following the shooting, and Franks was near death's door, sobbing that he had mistakenly killed the best friend he had ever had. Before he died, Franks requested, the story goes, that the two be buried in the same grave.

Townpeople honored his

last request and awaited his death before burying either of the victims. Franks died the following day, and the two bodies were buried in the same grave in the cemetery at Cottonwood.

In irony to Franks' supposedly gunning for a suspected wife romancer, following his death his widow did not wed his suspect, but she did "runoff" with the suspects' brother.

Franks has had a marker over his grave for years now, but only recently did interested parties mark the site of the resting place of the younger Jones.

No matter the incongruities of the tale or the lack of factual history concerning what happened, it is for sure that the shoot-out did occur, and with some similarity as the account just given.

Mrs. Elbert Pierce Buried On Saturday

Mrs. E. G. (Elbert) Pierce, 89-year-old former longtime Cross Plains resident, died at 1:50 a.m. Thursday in a Lubbock hospital after a long illness.

The couple made their home in the Deer Plains community north of Cross Plains for several years. They moved to Cisco where they made their home about 20 years. After the death of Mr. Pierce on June 1, 1963, Mrs. Pierce moved to Lubbock to make her home.

She was a member of the First Baptist Church in Cisco.

FROM HIGGINBOTHAMS

A flammability standard for children's sleepwear, sizes 0 to 6X, and for fabrics which are intended or promoted for use in children's sleepwear, became effective July 29 of this year. Garments and fabrics which do not meet the standard may be marketed until next July 29, but they must carry a label cautioning you that they do not meet government flammability requirements.

After July 29, 1973, compliance becomes mandatory, and all merchandise that does not conform will be banned from the market.

In addition to this standard, preliminary procedures for establishing sleepwear standards for sizes 7-14 have begun.

Flammability standards have also been adopted for such things as mattresses (May 31, 1973, effective), mattress pads (same date), and carpets and rugs (became effective in April 1971).

Standards have been proposed for blankets, girls' dresses, upholstered furniture, draperies and other interior furnishings.

You may obtain a copy of the final test standards that have become enforceable by law by writing to: Federal Trade Com-

mission, Division of Textiles and Furs, Bureau of Consumer Protection, Washington, D. C. 20580.

Fines totaled \$2,420 and court costs assessed amounted to \$744.50.

Biggest fine was handed to Stanley Wayne Slatton of Abilene. It was for \$300 plus \$52 court costs and a 10-day jail term was probated for two years.

Brown Bond Leader

According to a report received from County Bond Chairman, Howard E. Farmer of Baird, sales of Series E and H United States Savings Bonds in Callahan County during September totaled \$4,956. Sales of the nine-month period, January through September, were \$87,422 for 67 per cent of the 1972 goal of \$130,000.

Sales in Texas during the month were \$16,357,152 compared to \$15,465,128 during September 1971. The January-September sales totaled \$159,190,679 with 81 per cent of the sales goal of \$197.5 million achieved.

Brown County has replaced Coleman County as the area

leader in saving bond sales. Sales for the month of September in Brown surged to \$20,701, according to a report by H. L. Evans, Jr., bond chairman. That amount gave the county an aggregate of \$286,619 or an 87 per cent of the 1972 quota of \$330,000.

Former area leader, Coleman County, slipped to second place with 85 per cent of its year's standard reached. Aggregate for the first nine months of 1972 in that county is \$101,758, according to Robert I. Bowen, Jr., bond chairman. That figure is 85 per cent of the county's 1972 goal of \$120,000.

Callahan County rated third in the four area counties in percentage of goal reached.

Trailing in fourth place was Eastland County with just 56 per cent of its standard achieved. September sales there totaled \$7,024 for an aggregate of \$167,725. The goal for this year in that county is \$300,000.

SS Checks Average Lower Than Needed

Monthly social security payments to the average retired worker and his wife are about two-thirds of the income they need to live according to the latest "intermediate budget for a retired couple" from the U.S. Department of Labor.

Social security payments replace part of the earnings a worker loses when he retires. The average payment to a retired worker and his wife - both 62 or over and both getting social security - is \$271 a month, according to R. R. Tuley, Jr., social security district manager in Abilene.

"That's 68 percent of the Department of Labor's intermediate budget for a couple calling for \$398 a month," Tuley said.

The intermediate budget is for a self-supporting retired couple who live independently in their own home, are in reasonably good health, and can take care of themselves, according to Tuley.

See You to Church Sunday

When's the last time you got goose bumps when they played the Star Spangled Banner?

It's been a while, right? Well, then you're like a lot of us.

It seems that many of us are too grown-up to get excited about things like the Star-Spangled Banner any more.

You could almost say that patriotism makes us feel embarrassed.

Besides, it's hard to really feel patriotic when you hear so much about how this country is falling apart.

But, of course, America still has a Bill of Rights.

And free elections. An incredibly high standard of living.

And a free enterprise system that lets you hitch your wagon to any star you want.

And plenty of other things you can't find anywhere else in this world.

Know what? Looking at it that way, America deserves a lot more credit than it's been getting.

One of the best ways to give this country the support it deserves is to buy U.S. Savings Bonds.

They strengthen the country so that it's better prepared to solve its problems.

And they happen to be one of the best ways to provide for your own welfare.

The interest is exempt from state and local income taxes. And you don't have to pay Federal tax until you cash your Bonds.

Buy U.S. Savings Bonds through the Payroll Savings Plan where you work. Or at your bank.

It'll give you a good feeling.

And a perfect excuse for getting goose bumps the next time they play the Star-Spangled Banner.

If they're lost, stolen, or damaged, we replace 'em

Buffalo 'B' Teamers Lose Rematch To Goldthwaite

Mistakes and fumbles cost Cross Plains Buffalo B football team a second straight loss last Thursday night.

Visiting Goldthwaite took advantage of the mental lapses to post a 7-0 triumph. The loss was the second for the local junior varsity in six outings this season.

Cross Plains lost possession of the ball five times within the Goldthwaite 20-yard line. Two Bisons drives were thwarted inside the visitor's 10-yard line.

Local Coach Jim Birkhimer said, "We gave it away on errors."

The victors led in just two categories, the score and less mistakes. Cross Plains held a whopping advantage in rushing. The interning Herd racked up 237 yards on the ground while limiting the visitors to only 56.

Cross Plains won a hard-fought 14-7 decision the first time the two schools met this season.

Longhorns Jam Airways To Outscore Buffaloes 36-24

An avalanche of aerial accuracy by visiting Early Longhorns served as agent for a 36-24 defeat of Cross Plains High School Buffaloes last Friday night in District 10-A contest number three.

The loss gave each of the two aggregations a 1-2 district mark which allows only small possibilities for either to be district challenger.

Buffaloes were able to score their usual average of points, but the Horns of Early besieged the local eleven with a passing game heretofore unseen by the Herd. Longhorns amassed a total of 329 yards in the air, not that many completions, but several long-scoring gainers which crippled Bisons on the scoreboard.

Buffalo Rodney Renfro, who is stated to be the 10-A rushing and scoring leader, accounted for the brunt of local rushing in the contest, netting 132 yards on 21 carries. He also accounted for 18 of the 24 point total. Remaining six points was gained on a pass play from Quarterback Roger Crawford to End Rick Kirkham. Buffaloes failed to convert a single extra point try in the contest.

The Herd outscored the visiting contingent 12-8 in the first half play. First score came on a pass interception return of 10 yards by Renfro on the third offensive try of the Longhorns in first quarter.

With 5:30 remaining in first quarter, Early came back to march 56 yards for its first tally of the contest. Score came on a 20-yard pass play from able-armed Quarterback Lance Blackwell to End David Watkins.

A successful two-point conversion netted Early an 8-6 lead.

Second quarter was scoreless until four minutes remaining when an Early fumble was pounced on by Buffalo Bruce Lawrence on the Longhorn 25 yard line. Three short gains on the ground and a 13-yard pass play completion from Crawford to End Donny Dillard set the Herd in the eight yard line of Early. Score came on a pass from Crawford to Kirkham in the end zone.

Early came out in the second half with a plan of throwing the long bomb after Buffaloes had stopped the short pass in the first segment. It proved to be effective for second half saw the Longhorns pass for three touchdowns on three bombs covering 136 yards.

First tally came three minutes into the half on a 38-yard pass play from Blackwell to End Dellwyn Hughes, giving Early a lead of 14-12. Third period again saw the scoring bomb from the accurate Blackwell to Jack Williams with four minutes remaining. The play went 50 yards, most of which the pigskin was in the air. Neither third period score for the Horns were seconded by extra point conversions.

Into fourth period with 12 minutes remaining, a 48-yard toss from Blackwell to Hughes and a two-point-after completion to Watkins put the Early aggregation out in front of the pass-weary Buffaloes 28-12.

On the following kickoff to the Buffaloes, Back Randy Hunter ran the oval to the Early 39 yardline to set up the Herd's next score. Tally came, after

two Buffalo pass completions, on a Renfro plunge from the six. That cut the margin to Early 28, Cross Plains 18, but Early quickly put the game out of reach.

Early final score came from a pass interception which Blackwell ran to the Herd's two yard line and went over on the third play from that scrimmage line.

Game was out of reach, but the Herd came back for one more score to give the scoreboard a more respectable appearance. Renfro scored the touchdown on a six-yard jaunt with only 30 seconds remaining in the contest.

Buffaloes Larry Tatom, Rex Mayes, Johnny Joy and Renfro were heralded as defensive leaders in the contest.
