3 Killed In Head-On Crash Here Sunday

Three persons were killed and another critically injured early Sunday in a head-on collision of a car and a pickup 1.8 miles south of Cross Plains on State Highway 279.

Dead in the mishap were Wendell Holley, 20, driver of the pickup, of San Angelo, and his father, Truett Holley, 48, of

Milford, and Mrs. Herbert L. (Jaunita S.) Martin, 52, of Brownwood. The dead woman's husband, Herbert L. Martin, 53, suffered serious injuries and was listed in critical condition late Monday in a Fort Worth hospital, where he was transferred following emergency treatment at Brownwood Com-

munity Hospital.

Investigating Highway Patrolman Don Gosnell of Cross Plains said the accident occurred about 12:25 a.m. Sunday when the Holley pickup, going north, was in collision with the second vehicle, being driven south by Mr. Martin.

Patrolman Gosnell described road conditions as dry at time of the mishap.

Both Wendell and Truett Holley were pronounced dead at the scene by Justice of the Peace L. P. (Pender) Mitchell of Cross Plains. Mrs. Martin died about 4:30 a.m. in the hospital at Brownwood.

The three traffic fatalities are the first in this section of Callahan County since two persons were killed in January near Cottonwood. Blake Forehand of Rising Star died after a mishap on Highway 36 east of Cross Plains in Eastland County about three months ago.

Funeral for Truett Holley was held at 2 p.m. Tuesday at Higginbotham Funeral Chapel here. Rev. Luther Helm, pastor of the First United Methodist Church in Cross Plains officiated.

Burial was in Cottonwood Cemetery.

Truett Holley was born May 1, 1924, in Cross Plains. He had been a resident of Milford for the past two years where he was mill foreman for Neuhoff Feeding Co. He was a veteran of the Korean War.

He is survived by one daughter, Miss Jan Holley, of Pecos; his mother, Mrs. Alma (Dutch) Holley of Cottonwood; and one brother, Garland Holley of Abilene.

Pallbearers were J. D. Goble, Glenn Wooten, Blanton Childers, Fred Kelly, Don Bennett and J. P. Clark.

The younger Mr. Holley was to be taken from Higginbotham Funeral Home here to Pecos for funeral and burial. It was thought the final rites would be held Thursday.

Wendell B. Holley was born on Jan. 2, 1952, in Baird and had lived for the past eight months in San Angelo where he was employed by the Concho Industrial Supply Co.

He is survived by his mother, Mrs. Frances Holley of Pecos; a sister, Jan Holley of Pecos; his grandmother, Mrs. Alma Holley of Cottonwood; paternal grandparents, Mr. and Mrs. Doc Westernman of San Angelo.

Funeral for Mrs. Martin was held Monday in Brownwood First Baptist Church.

Rev. Logan Cummings, pastor, officiated, and burial was in Brown Ranch Cemetery.

Born Nov. 4, 1920, in Gouldbusk, she had been a resident of Brownwood for the past 16 years. She married Herbert L. Martin in Vancouver, Wash., on March 23, 1944. She was a member of the First Baptist Church.

Cross Plains Buffettes And May Tigers Win Tourney

Cross Plains girls and May boys claimed championships in the invitational basketball tournament held in Buffalo Gymnasium last week end.

Grabbing runner-up positions were Eula girls and Cross Plains boys.

Consolation honors went to Santa Anna girls and Eula boys.

Sixteen varsity teams, eight male and eight feminine units, began play Thursday afternoon in the annual event which was favored with good weather instead of the usually inclement type at tournament time.

It was reported by meet officials that the tourney was considered a success with attendance above the norm of the past few years. It was noted that good sportsmanship prevailed and the meet went smoothly.

Cross Plains Head Coach Don Lee presented trophies to the winning teams after the male championship contest Saturday

night. All-tournament teams were also recognized at that time.

Eight girls were named to the elite squad. Three forwards and five guards were picked. Forwards were Ann Hill of Eula, Terry Edington of Cross Plains and Kyra Mirdock of May. Guards selected were Penny Odom of Cross Plains, Barbara Lehman of Eula, Miss Davis of Talpa-Centennial, Miss Jobe of Putnam and Miss Allen of Santa Anna.

Six players were named to the male all-tourney squad. They were Donny Dillard of Cross Plains, Tim Thornhill of May, Gerald Frazier of Eula, Jackie Fisher of Bangs, Michals of Cisco and Thomas of May.

Buffettes claimed a 10-point advantage in the first half in the finals Saturday night over Eula, and made it stand for the 55-52 triumph. Eula rallied for a 16-10 edge in the third quarter, but Buffettes bounced back to allow Eula only a one-point margin in the last canto, 18-19.

Terry Edington led local scoring with a sizzling 47 points. She hit 21 of 24 free shots and connected on 13 field goals. Eula had a balanced attack with three players in double figures, Debra Farrar 21, Ann Hill 16, Barbara Sheppard 15.

Cross Plains defeated Santa Ann girls 42-30 in the Thursday opener and clipped Talpa-Centennial 46-33 Friday to gain the finals berth.

Eula triumphed over Bangs 74-35 in Friday's play and got

a shot at the crown with a 66-54 decision over May Saturday morning.

May Tigers used good second and third quarters to clip the Buffaloes 46-42 in the finals on Saturday night. The two units battled to a 10-10 deadlock in the first stanza, but May got 14-9 and 11-7 advantages in the next two cantos. Bisons rallied for a 16-11 margin in the last period.

Rick Kirkham led Herd scoring with 13 points, and Rodney Renfro added 15. May was paced by Tim Thornhill with 16 and McDaniel with 13.

Cross Plains boys began their quest for the title with a 58-35 win over Santa Anna, and slipped past Cisco 54-50 in second round elimination.

May nipped Putnam 46-44 in overtime on Thursday, and decided Bangs 60-44 in the semi-final round.

Feminine consolation winner Santa Anna beat Putnam girls 38-27 for the trophy. After losing to Cross Plains in the opener, Santa Anna romped past Cisco 59-30 in semifinals. Putnam dropped its opener to May 57-35, but rebounded for a 45-38 win over Bangs.

Eula triumphed over Santa Anna Mountaineers 53-35 for the consolation boys diadem. Bangs boys defeated Eula 58-41 in the opening tilt, but the Pirates rebounded for a 70-52 win over Putnam in semifinals. After bowing to Cross Plains in the first game, Santa Anna dealt Talpa-Centennial a 53-33 defeat.

New Trailer Lighting And Brake Laws Are Explained

New laws concerning lighting and brakes for cotton trailers were enacted by the recent special session of the Texas State Legislature. The newest bill replaces one which was passed in 1971.

Laws as passed by the Legislature are difficult to understand, and the Texas Department of Public Safety list the new requirements much more plainly. It was pointed out that lighting and braking requirements of other trailers of an agricultural nature, are generally covered in the same manner, but not specifically. All questions regarding correct types of lighting and braking of trailers should be directed to the Department of Public Safety.

Specific provisions for cotton trailers follow.

Trailers under 15,000 pounds gross weight when operated during the daytime with visibility more than 1,000 feet:

Trailers less than 30 feet in length: 2 red reflectors, one on each side of the rear.

Trailers less than 80 inches in width and more than 30 feet in length: 1 amber reflector on each side centrally located on trailer body and 2 red reflectors, one on each side of the rear.

Trailers more than 80 inches in width and under 30 feet in length: 2 amber reflectors, one on each side near the front; 2 red reflectors, one on each side near the rear; 2 red reflectors, one on each side of the rear.

Trailers more than 80 inches in width and more than 30 feet in length: 2 amber reflectors, one on each side near the front; 1 amber reflector on each

side centrally located on the trailer body; 2 red reflectors, one on each side near the rear; 2 red reflectors, one on each side of the rear.

Trailers that are operated at night and when visibility is less than 1,000 feet are required to have the following electric lights and reflectors:

Trailers more than 80 inches in width and under 30 feet in length: 2 amber clearance lamps on front, one on each side near corner; 2 amber side marker lamps, one on each side near front; 2 amber reflectors, one on each side near the front; 2 red side marker lamps, one on each side near the rear; 2 red reflectors, one on each side near the rear; 2 red stop lamps, one on each side on the rear; 2 red tail lamps, one on each side on the rear; 2 red reflectors, one on each side on

the rear; 1 white lamp on rear to illuminate license plate; electric turn signal lamps on rear; 2 red or amber flashing hazard warning lamps, one on each side on the rear.

Trailers more than 80 inches in width and more than 30 feet in length: all lamps described for shorter trailer plus: 1 amber reflector on each side centrally located on trailer body; 1 amber side marker lamp on each side centrally located on trailer body.

It was pointed out that a combination lamp will fulfill several lighting requirements. For example, one lighting unit is available to fit on the corners of the trailer body which furnishes front and side clearance and marker lamps.

Requirement for the three identification lamps was eliminated

from the law.

Brakes are not required on trailers up to 15,000 pounds gross weight when operated under 30 miles per hour. The combination of trailers and towing vehicle must be capable of stopping within 50 feet when traveling 20 miles per hour. Slow Moving Vehicle emblems are required only on trailers towed by vehicles which by design go slower than 25 miles per hour. It was explained that trailers towed by pickup trucks would not require the SMV emblem, while those pulled by tractors would have to have the SMV sign.

Trailers weighing over 15,000 pounds gross weight require brakes on all wheels.

Trailer owners are urged to check their trailers, installing new equipment if necessary, to conform to the new 1972 law.

HOME AND FAMILY HINTS
FROM HIGGINBOTHAMS

By Barbara Williams

Are you using your time bank for the holidays? Your freezer from HIGGINBOTHAMS, that is! Starting now your freezer bank can save you from much of the last minute fuss for Christmas.

You know that you can store cakes, cookies, pies, etc., in your freezer. Here are a few of the little things that can make your meal more appealing:

Chives and parsley make foods look company - pretty. Chop them and freeze them in small quantities in sandwich bags. Then seal the bags in a larger freezer bag or container. (I have found that the plastic baby bottle refills are excellent little bags for small quantities.)

Fresh herbs are more delicate in flavor than commercially dried herbs. Chop them and freeze them in small quantities for holiday dishes, and year-round foods as well! Green and red Bell peppers freeze very well for later use. Clean them and freeze them whole to trim off the amount you need later, or chop them before freezing. I drop mine in boiling water for 1 minute so the skin will not be tough after freezing.

All kinds of nutmeats freeze well, as do nougat candy, toffee, caramel corn, candied fruit,

caramel candy, divinity, and marshmallows. Freeze marshmallows in store packages. They don't stick to fingers or scissors after thawing.

This week we honor Mrs. Mary (A. C. Crist. A friend and neighbor who knows and loves her very much says there is no replacement for her and her wish is that the world was made of more Mary Crists! Though a very busy helpmate to her husband, Mary always finds time to welcome newcomers, lend a helping hand, bring home grown and home cooked goodies, or offer an encouraging word. This jewel lives in Gustine, Texas.

Mrs. Williams, Higginbothams Staff Home Economist, may be contacted through your local Higginbothams store or by calling (915) 356-2545. She will be happy to assist individuals or groups with problems in home economics. (Pd. Adv.)

Pioneer Cemetery Nets \$110 During November

Two funds of the Pioneer Cemetery Association received a total of \$110 in three gifts during the month of November, according to a report from Mrs. Ethel Brown, secretary-treasurer of the association.

It was pointed out that donations for both the endowment fund, being raised to provide perpetual care for the cemetery at Pioneer, and regular maintenance fund, are being solicited. Both need generous gifts, Mrs. Brown stated. She urged all person who have loved ones buried in the plot to send cash donations at the earliest possible convenience.

Two gifts totaling \$105 were received, according to Mrs. Brown's report, for the endowment fund last month. They

came from Mrs. W. T. McClure \$100.00 and Mrs. Georgia Harris Crossnoe \$5.00. Mrs. Brown also reported that through November the endowment fund had received a total of \$3,697.61. The goal is a minimum of \$10,000.00. Interest from this fund, when the quota is reached, will be used to finance maintenance of the grounds in future years.

The \$5.00 contribution to the regular maintenance fund in November was received from Tom Bush.

Contributions may be addressed to Mrs. Brown on Route 1, Rising Star, or they may be made in person or sent to the Citizens State Bank in Cross Plains for deposit to the respective account. It was noted that each donation should be clearly marked as to which account it should be made.

Acknowledgements of all gifts received by the Pioneer Cemetery Association may be found in columns of this newspaper each month.

Widow's benefits that start at ages between 60 and 65 get rising percentages of the 100% amount. First checks showing these changes will be received in February, 1973, for January 1973.

The retirement test for beneficiaries has attracted much interest also. The new test starts with taxable years ending after 1972. Earnings of up to \$2100 in a year will cause no deduction from benefits. For every \$2 of earnings past \$2100 in a year, \$1 would be recovered or withheld from monthly benefits. This is a greater liberalization than a casual reading would indicate. Under present law, a person receiving a \$150 per month check and earning over \$140 every month of the year, could get some benefits up to \$4080 in earnings; the new law sends him some checks up until he has earned over \$5700 in the year and has earned over \$175 in each month of the year. If a man gets \$150 and his wife \$75 in benefits, then he can earn up to \$7498 and they'll still get at least \$1 from social security. An easy way to tell how much a beneficiary can earn before giving up all of his monthly benefits goes like this: multiply the benefit rate by 12 for an annual total; double it; add \$2100 for the top limit before all social security checks are returnable. Remember, though, that the benefit is still due, no matter how high the annual earnings for any month in which the earnings are \$175 or less.

Local Cagers Halve Two Contests With Putnam

Host Putnam and visiting Cross Plains varsity high school basketball teams halved a double-header Tuesday night of last week.

Buffettes continued winning ways by besting the Putnam feminine sextet 50-40, but Buffaloes were dealt first loss of the season, bowing to the Putnam Panthers 44-37.

Cross Plains girls jumped to a 16-4 advantage in the first quarter, and then played on about even terms with the hosts through remainder of the contest. Terry Edington paced local scoring with 33 points, and Margie Duncan hooped 10. Leading the Putnam attack was Miss Arnold, who tallied 25 points, and Miss Chapman, who bucketed 12 markers.

Buffaloes and the Panthers played to a 6-6 deadlock during the first period, but the hosts

doubled the Herd's output, 16-8, in the second stanza. Putnam padded that by five points in the third period. Buffs rallied in the fourth canto for a 15-9 advantage, but it came too late.

Donny Dillard hit 14 points for the Herd. Following were Rick Kirkham with 11 and Rodney Renfro with nine. Hurley hit 14 for the Panthers, and Buddy Waddell had nine.

Cisco will invade Buffalo Gymnasium at 7 p.m. Friday, and on Tuesday Putnam will be here for a return match starting at 7 o'clock.

Reddy Bargain Time

Every minute of every day, your electric clock indicates with visible proof, precision and dependability of electric service.

It's dependable, because electricity operates the clock faithfully — 24 hours a day. It's precise, because our electric clock operates in time with a master clock at the U.S. Naval Observatory, keep your clock in step, down to the second. Your clock operates a whole year about 43 cents worth of electricity... of the bargains you get with your electric service.

Today, the average residential customer uses nearly twice as much electricity he did in 1962. But the average cost of a kilowatt hour is 15% less now than was ten years ago.
