SIXTY-FIFTH YEAR

Ex-Local Woman Found Guilty In Mail Fraud

Mrs. Elizabeth Ann Ramsey of Abilene, formerly of the Cross Plains community, was found guilty on 13 counts of mail fraud in U. S. District Court in Abilene. She was sentenced by Judge Leo Brewster to one year and one day in prison. The sentence was probated two years.

The case grew from complaints about a business called Homeworkers Employment Service of Abilene. At least 12 witnesses from as far away as Maine stated that they had sent \$10 to the business and had received nothing for the money. Others testified that they had received a packet, but were dissatisfied and returned the packet of materials and got no refund. They had answered ads in local and national publications.

A postal inspector testified

that his office had made a test purchase from the firm and received the packet complete with 25 circulars identical to the one he had sent in, 25 advertisements for books, 25 postage stamps, a mailing list and instructions. Payment for mailing out the material, he said, was on a commission basis, which was not specified in the original brochure.

Mrs. Ramsey faced a possible maximum sentence of \$13,000 in fines or 65 years in prison for the 13 counts.

Judge Leo Brewster, in passing sentence, said that he was being lenient on the defendant because he thought she only acted as a front for her husband, Wade Ramsey, in the mail order operation.

Ramsey had been found guilty of mail fraud charges in 1969 in Judge Brewster's court.

"This was a little scheme compared to that one," Judge Brewster said.

Defense attorney Tom C. Ingram of Dallas said that his client did not deny what the witnesses said, but that there was no intent to defraud.

Asst. U. S. Atty. Richard Vance prosecuted the case.

Jury foreman was Ray J. Green. Other jurors were Mrs. Ruby Latham, Mrs. James T. Allen, James L. Langley, Mary Vickers, Don W. Heinze, Mildred L. Choate, Paul H. Allen, Ernest H. Sikes Jr., Doyle Lawlis, Robert E. Manley and Alberto Mendoza.

Cemetery At Dressy Gets \$40 In Gifts

Mrs. Flem (Hester) Johnson has reported four recent donations for maintenance of Dressy Cemetery. The secretary-treasurer of the organization noted that all the gifts were for \$10.

The contributions came from the following: Mrs. Madge Stacy, Mrs. Zelda Long, A. R. Cavanaugh and Mrs. Blanche Conner.

Mrs. Johnson noted that donations are appreciated, and are needed to help keep the burial ground in an attractive manner.

Gifts of any amount may be sent to Mrs. Johnson at Route 1, Cross Plains, or may be sent to the Citizens State Bank in Cross Plains made payable to the Dressy Cemetery Fund. All donations will be acknowledged in columns of the Review on a periodic basis.

Duke Mitchell Due To Undergo Surgery

Duke Mitchell, Callahan County Commissioner of Precinct 4, entered Hendrick Memorial Hospital in Abilene Wednesday, June 6, and remains a patient there.

It was reported last week end that Mitchell will probably undergo surgery in the near future. He has been undergoing tests and treatment since he entered the hospital.

Friends may address him at the hospital at room A-414.

Shooting Spree Costs 2 Baird Men \$2,220

Forty-second District Court Judge Don Lane handed down two-year probated sentences and orders for restitution to two Baird men last week.

Admitting going on a drunken shooting spree over much of Callahan County last January were Danny Weeks, 26, and Marshall Andrew Sublett, 19, both of Baird.

Judge Lane gave the punishment following guilty pleas from both for "malicious destruction of private property", a felony charge.

Weeks was ordered to make restitution totaling \$1,410 at the rate of at least \$75 per month, while Sublett is to pay \$810 at the rate of at least \$50 per month.

Difference in the amount of the restitution is the value of two registered German shepherd dogs owned by Bill Hawk of near Clyde which Weeks admitted he killed.

4-H Summer Fare Meeting Dates Told

Organizational meetings are scheduled in five Callahan County communities this month to set up summer programs for 4-H members and those interested in becoming 4-H'ers, according to Greg Gerngross, county agent.

All interested persons ages 9 to 19 are urged to attend the session in his community, and every interested adult is also urged to attend.

Gerngross listed the following sites, dates and times for the meetings: Eula, June 18, 10 a.m. at school cafeteria; Putnam, June 19, 10 a.m., in community center; Baird, June 19, 2:30 p.m., in community center; Cross Plains, June 20, 10 a.m., in First Baptist Church Adult II classroom; and Clyde, June 21, 10 a.m., at First Baptist Church Fellowship Hall.

The agent said plans are being made for programs in small engine repair, gardening, clothing, painting and wild life conservation.

TALKING OVER OLD TIMES—Col. Ray Lee, owner and operator of Colonial Oaks Nursing Home in Cross Plains, chats with and listens to S. F. (Fos) Bond, center, and L. M. (Pet) Purvis talk over old times in this area. Mr. Bond recently celebrated his 100th birthday, and Mr. Purvis is 97. Both have long made their home in the Cross Plains area. Bond was staying in the local nursing home a few days last week while his daughter, Miss Paula Bond, was in Dallas. He shared a room with Purvis, who has made his home at Colonial Oaks for the past few years. Both the oldsters are in good health for their ages. Photo courtesy of Colonial Oaks.

Sabanno Cemetery Gets \$80; Cleaned Recently

The Sabanno Cemetery Association met Saturday, June 2, with a nice sized crowd present.

Mrs. Edwin Erwin, secretary-treasurer of the organization, said that there was plenty of mowers and help present. She added that the burial ground was put in good shape in a short time.

Walter Laminack, vice-president of the association, called the group together, and Mrs. Erwin read the yearly financial report. She pointed out the financial business is in good shape, and members of the association want the funds to grow. It was also pointed out that the new fence at the cemetery is attractive, and the association is proud of it.

Edwin Erwin made the motion to poison and kill the briars along the fence. Charles Cox seconded the motion before it was passed.

Mrs. Erwin pointed out that nine recent donations to the cemetery totaled \$80, and she expressed appreciation for the interest and help in maintaining the cemetery.

She listed the most recent contributors and respective amounts as follows: Higginboth-

ams of Cross Plains for Clarence Scott service \$10, J. R. Rector, Sr. \$25, Mrs. Maude McCann \$5, the Edwin Erwins \$5, Arzie Green \$5, M. P. Wilcoxen \$10, the Everett Erwins \$10, Mrs. S. H. McCann \$5, and Walter Laminack \$5.

It was pointed out that anyone wishing to help maintain the Sabanno Cemetery should mail the donations to Mrs. Erwin at Route 4, Cisco, Texas 76437. All gifts will be acknowledged through columns of the Review.

Bufs Reclaim Lead In Little League Play

Bufs regained sole possession of first place in Cross Plains Little League Baseball action last week.

The leaders regained the top spot by decisioning the Cats, former co-leaders, 8-2 in the nightcap Tuesday of last week. The squad then grabbed victory number seven by defeating the Kilowatts 11-4 in Thursday's opener.

Rains Hinder Above Norm Grain Harvest

An above average grain harvest in the Cross Plains area is being slowed this week by a number of problems.

Spotted rains are making cutting slow in this area, and some fields are becoming ready for harvest in one sector before another, making transportation of equipment necessary. Combines are also reported to be scarce in this area.

An estimated one and a quarter million pounds of wheat had been cut and marketed here Tuesday morning. Combines were not running here Tuesday because of wet fields and damp atmosphere.

Two local buyers were paying \$2.55 per bushel for number 1 wheat at mid-morning Tuesday. That was 20 cents above the market last week end, but was another 20 cents below the peak of \$2.75 per bushel which the top wheat was bringing for a couple of days at start of the harvest.

It was pointed out by both local grain dealers that all the wheat is bought, and shipped to port facilities at Houston as soon as trucks can be loaded. No wheat is being stored commercially, but some producers may be keeping the grain on farms.

Only about 4,000 pounds of oats have been marketed here. Those oats brought 80 cents per bushel, but market is varying from 75 cents to \$1.00 over this section of Texas. Price of oats the past few years has averaged in the 65 to 45 cents per bushel range.

Yields of most fields are running above normal, according to local producers and dealers. It was estimated that yields are running from 20 to 30 bushels per acre, above the general norm of about 20 or slightly under.

Another one and three-quarters million pounds of wheat is expected to be marketed here, if weather permits. One local buyer estimated that it will be this week end before cutting can again get into full swing, if the weather clears by midweek.

It was also estimated that it will take another week or two to finish the harvest.

Another problem facing local producers is the keeping of combine crews available. Some have commitments in other areas of Texas, and weather has been good for harvesting there.

Marianne Rhodes Fund Established

A fund has been established at the Citizens State Bank in Cross Plains to help defray medical expenses incurred by the baby daughter of Mr. and Mrs. Carroll Rhodes of Cross Plains.

The effort will be known as the Marianne Rhodes Fund, and checks should be made payable to that account.

Little Miss Rhodes, born at Abilene on May 28, has remained in Hendrick Memorial Hospital since. She is reported to be improving, but is expected to remain hospitalized several more days.

Acknowledgements of gifts will be made by Mr. and Mrs. Rhodes. He is director of the Buffalo Band, and music and youth director at the First Baptist Church here.

Local Youth, 10, Draws Probation

A 10-year-old Cross Plains youth was put on probation by County Judge A. E. Dyer, Jr., of Baird last week.

The youth was charged with entering the Western Auto Store in Cross Plains recently. Items taken were recovered by local lawmen.

Judge Dyer, who doubles as juvenile probation officer in Callahan County, set the probation to run until the youth is 21 or until dropped by him.

Grain Harvest, Farming Top Rowden Activities

By Mrs. N. V. Gibbs

Skies were dotted with thunderheads Monday with the weatherman saying we had a slight chance for rain.

Some neighbors when contacted Monday morning said they had been too busy farming to have any news.

Grain harvest is still in progress and some of the grain has too much moisture for sale or storage even though the stalk is ripe.

Gardens are doing good since the rains a week ago. The Russell Dye garden is a spot of beauty and productive too.

Mrs. Warren Price received word Sunday that her oldest brother, Lonnie Smedley of Davenport, Okla., is sick and is in a hospital in Stillwater, Okla. Mr. Smedley is a former resident of this community and is 91 years old. We wish him a speedy recovery.

Mrs. Frona Love of Tulsa spent part of last week with her father, Jerry McDonald, and her sister, Mrs. Jake Childers and family.

Mr. and Mrs. Russell Dye visited Mr. and Mrs. Warren Price Sunday night.

Mrs. Warren Price attended funeral service for Mrs. Elva Morse in Baird Thursday.

Cross Plains Review — 6 Wednesday, June 13, 1973

When's the last time you got goose bumps when they played the Star Spangled Banner?

It's been a while, right? Well, then you're like a lot of us.

It seems that many of us are too grown-up to get excited about things like the Star-Spangled Banner any more.

You could almost say that patriotism makes us feel embarrassed.

Besides, it's hard to really feel patriotic when you hear so much about how this country is falling apart.

But, of course, America still has a Bill of Rights.

And free elections. An incredibly high standard of living.

And a free enterprise system that lets you hitch your wagon to any star you want.

And plenty of other things you can't find anywhere else in this world.

Know what? Looking at it that way, America deserves a lot more credit than it's been getting.

One of the best ways to give this country the support it deserves is to buy U. S. Savings Bonds.

They strengthen the country so that it's better prepared to solve its problems.

And they happen to be one of the best ways to provide for your own welfare.

The interest is exempt from state and local income taxes. And you don't have to pay Federal tax until you cash your Bonds.

Buy U. S. Savings Bonds through the Payroll Savings Plan where you work. Or at your bank.

It'll give you a good feeling.

And a perfect excuse for getting goose bumps the next time they play the Star-Spangled Banner.

If they're lost, stolen, or destroyed, we replace 'em.

June 30 Deadline Near On Outdoor Advertising Signs

Owners of signs along Interstate and federal-aid primary highways face a June 30 deadline to apply for a permit and a license for them.

The Texas Highway Beautification Act, in effect since June of 1972, requires owners of signs which are within 660 feet of Interstate or federal-aid primary highways and are visible from main traffic lanes to file permit requests with the district offices of the Texas Highway Department. The permits cost \$5.

Before permits can be approved, sign owners must obtain a \$25 state license and post \$2,500 bond for each county in which they have a sign. Maximum bonds of \$10,000 are required of owners with signs in more than three counties.

Both license and bond applications can be obtained from Right of Way Division, Texas Highway Department, P.O. Box 5075, Austin, 78763, or any Highway Department district office.

Signs advertising the sale or lease of property upon which they are located or related solely to activities conducted on the property are exempted by the act along with underground utility markers, signs erected for official purposes by Federal, State and local governmental agencies and, in some cases, those posted by churches and non-profit service organizations.

Although approximately 15,000 permits have been approved it is estimated that thousands of signs remain in violation of the act.

Outdoor sign owners who wish to obtain permits or have questions should contact the following regional offices: Callahan County, P. O. Box 150, Old Anson Road and U. S. 83, Abilene Texas 79604; and other adjoining counties, P. O. Box 1549 U.S. 183 (northeast), Brownwood, Texas 76801.

FINAL PRINTING OF EARLY DAYS IN CALLAHAN COUNTY

By B. C. Chrisman

Having been reared in Callahan County, and living here the greater part of his life, the author has naturally taken great pride in recording some of its past history.

He believes and hopes that many of the interesting facts connected with its past history and surrounding territory, when reduced to type, will prove not only interesting to the descendants of the early pioneers, but also edifying to the modern students of local history.

Early days in Callahan County is a story that loses nothing in the telling by B. C. Chrisman, a retired school teacher, who was connected for many years in various ways with the schools of the county.

The author has included in his book approximately one hundred pictures of places and people who played an important part in the progress and development of Callahan County.

Included in the volume have been events that transpired in other counties such as the Adobe Wells fight, the Indian attack on the Henry Warren Wagon Train, and the final campaign of General Ranold S. MacKenzie because of the far-reaching influence they had upon the entire history of the western part of Texas.
