4 Buff Bandsmen Win All-District Band Chairs

Four members of the Cross Plains High School Buffalo Band won places in the All-District Band at Stephenville last Saturday.

The chairs were won in competitive try-outs with other top musicians from 10 to 12 area bands at Stephenville High School Saturday morning.

Jerry Lewis, son of Mrs. Betty Lewis, took the highest place of all local bandsmen. He earned first chair in the tuba section. He is a senior.

Rickey Purvis, son of Mr. and Mrs. Audrey Purvis, captured third chair in the same section. He is also a senior at CPHS.

Miss Sandy Weiss, the daughter of Mr. and Mrs. Edwin Weiss, claimed fifth chair in the flute section. She is a sophomore at CPHS.

Miss Betsy Bowden, the daughter of Mr. and Mrs. Gerald Bowden, won twelfth chair in the clarinet section. She is also a sophomore.

Following a four hour rehearsal Saturday afternoon, the all-district band presented a concert that night.

Carroll Rhodes, local band director, said this week that the four local all-district musicians plus seven other Buffalo bandsmen will vie for places in the

Band Uniforms Arrive; Over \$1,000 Needed

New uniforms for the Buffalo Marching Band finally arrived in Cross Plains. They got here Monday, according to Carroll Rhodes, band director.

Now that the uniforms are here, over \$1,000 is still needed to pay off the balance of the \$8,750 cost.

Rhodes said Monday, "We are still more than \$1,000 short of the needed amount, and we must pay the bill next month."

In an effort to meet the due bill on time, the Buffalo Band has undertaken a candy selling campaign, and he and officers of the Band Booster Club have issued a plea for additional donations to the drive.

Rhodes stated that band members are currently selling the "World's Finest Chocolate". The organization has sold the chocolate candy before, but Rhodes noted that due to inflation, the price has been advanced this year.

ASCS To Assist In Fuel Allocations

J. C. Earp, Jr., executive director of the Callahan County Agricultural Stabilization and Conservation Service office at Baird, advised Tuesday morning that the ASCS and the Texas Railroad Commission have joined hands in an effort to increase efficiency in handling of mandatory allocation of middle distillate fuels.

An agreement between the state and federal agencies should speed up the program, he said.

Beginning immediately ASCS county office personnel will verify fuel needs for hardship cases on Form OOG-PAP-20 for all appropriations prior to the state allocation officer (Texas Railroad Commission). Earp pointed out.

"Previously it was planned that needed verification would be obtained after the form was submitted to the Austin office," he explained. Form OOG-PAP-20 is to be used by wholesale purchasers (farmers) to request emergency allocation for immediate use. The form has been supplied to county ASCS offices throughout the state. Also available is Form OOG-PAP-17 which is for the use of purchasers of middle distillate fuels in bulk supply to adjust their monthly allocation for the year or for obtaining a new allocation, Earp explained.

Further information may be obtained from the Callahan County ASCS office in the courthouse at Baird. The county director advised farmers of Callahan County that the ASCS office will assist in completing and filing of necessary forms if so desired.

GOLF SCRAMBLE SLATED AT LAKEWOOD SUNDAY

A golf scramble has been scheduled at Lakewood Recreation Center for Sunday afternoon. Starting time has been announced as 1 p.m.

LOCAL BAPTISTS HUNT OLD CHURCH RECORDS

Request is made by the secretary of the Cross Plains First Baptist Church that anyone having any knowledge of the minutes of said church prior to the year 1923 to advise her by mail or phone. She is Mrs. Ora Breeding, P.O. Box 98, or phone 725-2591, Cross Plains.

Signs Of Better Living Apparent In Callahan

Judging from the number of major household appliances and other equipment that Callahan County families have been buying in the last few years, living standards are on the rise locally.

The purchases of air conditioners, dishwashers, TV and stereo sets, cars, food freezers and other high-cost high-price equipment have been climbing steadily since 1960, despite inflation.

What made these expenditures possible was the income gains that have been chalked up, year after year, by most families in the area.

The rate at which they have been adding to their ownership of household appliances and automobiles is revealed in the Census Bureau's County and City Data Book, just released.

The figures show that there is a close relationship between a family's earning capacity and the amount of expensive durable that it acquires over the years.

With regard to air conditioners, one such kind of equipment, the figures show that, in Callahan County, they are now to be found in 29 per cent of all households. In 1960 they were in 3 per cent of the homes.

By the same token, food freezers are more common in the area than ever. The proportion of local families that have them is placed at 47 per cent, which is more than in 1960, when it

Thanksgiving Set As Holiday Here

Most downtown Cross Plains business will observe Thursday, Thanksgiving as a full holiday.

Cross Plains schools will begin a four-day recess at 2:30 p.m. Wednesday, an hour ahead of regular class closing time. Classes will resume at 8:30 a.m. Monday after the four-day vacation.

No other Cross Plains con-

cern is expected to take more than Thursday as a holiday, although the city office had to await decision by the City Council in regular meeting Tuesday night. Normal operations are expected to resume by stores here on Friday morning.

Cross Plains Post Office will operate on a regular Sunday and holiday schedule, according

to Joe E. Hanke, Jr., postmaster. "There will be no rural delivery or window service," he said, "but first class and periodicals will be put in city boxes." He noted that mail leaving Cross Plains will be at 9:05 Thursday morning, regular holiday and Sunday fare, instead of the week day afternoon time.

No special Thanksgiving services in Cross Plains churches had been learned of by the Review. Cross Plains schools will hold a devotional assembly Wednesday morning. Bill Reece, minister of the Church of Christ here will be the speaker.

Many Cross Plains businesses along State Highway 36 will remain open on Thanksgiving, but some will close doors or operate on an abbreviated schedule.

There will be little rest for local and area peace officers. An expected heavy flow of traffic will occupy major portion of most local lawmen in an attempt to avoid major accidents from marring the festive season.

Numerous former residents are expected to return to homes of parents or other kinsmen here during the long week end. Many other local families are planning to take to the highways for visits with relatives and friends in other sections of the state.

HOMESTEAD ELECTION CALLED FOR DEC. 27

City Council of Cross Plains held a meeting Tuesday afternoon, and called an election on exempting homesteads from taxation within the incorporated limits of his city for Thursday, Dec. 27.

Mayor Doyle Burchfield made the announcement at 3:30 p.m. Tuesday.

Sometime ago a petition was presented to the council asking that homesteads of couples 65 or over be exempt from taxation. The council studied the proposal, and decided to call an election.

The homestead exemption may not total over \$3,000.

Balloting will be held in the City Hall.

Additional details on the election will appear in later editions of the Review.

Russell Chatham of Houston visited relatives and other friends in this area several days this week.

Energy Crisis Requires Early Yule Mail Dates

Postmaster Joe E. Hanke, Jr. today joined Postmaster General E. T. Klassen in urging the residents of Cross Plains to post domestic and foreign Christmas mail one to two weeks earlier than the Postal Service originally recommended, so that the energy shortage will not interfere with on-time deliveries.

"The urgency of the fuel energy crisis compels us to request a one-week advancement of suggested dates we gave for domestic mail and a two-week advancement for foreign mail," Postmaster Hanke said.

The new deadline for posting domestic first-class Christmas mail is December 8 rather than December 15, as previously announced. Domestic surface parcels, except those for Alaska and Hawaii, should be mailed by December 3, instead of December 10. To Alaska and Hawaii, mail by November 23 instead of November 30, Hanke advised.

Local Lions To Hear Special Ed. Officer

Cross Plains Lions Club will hear the supervisor of the Comanche Special Education Cooperative at the noon luncheon Wednesday, today, in regular meeting in basement of the First United Methodist Church.

The speaker is Vernal J. King who supervises the cooperative which includes Comanche, Cross Plains, Rising Star, De Leon, Gustine and Sidney schools.

According to Harold Garrett, Lions president, he will discuss what the co-op has to offer in the field of special education in material, personnel terms.

Airmail parcels and letters within the United States (except Alaska and Hawaii) should now be posted no later than December 13, rather than December 20, he pointed out.

A complete list of new suggested international deadlines is posted in local post office.

"The seriousness of the fuel shortage to the Postal Service is underlined," Postmaster Hanke said, "by the fact that in addition to the fuel consumed by commercial air carriers, we require approximately 350-million gallons of fuel to travel 2.25 billion miles delivering the 90-billion pieces of mail that flow through the system each year. Our requirement for the month of December alone is 45-million gallons," he continued.

Postmaster Hanke said that public cooperation on meeting these new, advance mail early dates is needed to help us complete all Christmas deliveries.

Mighty Mites Capture Second In Eula Meet

Basketball teams of Cross Plains Junior High School gave good accounts of themselves in opening action last week end in the tournament at Eula.

The local boys captured the runner-up spot, and Cross Plains girls fought their way into the consolation finals before bowing out.

Two local junior cagers earned individual honors. Miss Linda Carouth was named to the all-tournament girls teams at a guard position. John Schaefer won the same honor on the male contingent. Both are eighth graders.

Both local teams opened the 1973 season on Thursday afternoon against Baird squads. Baird girls defeated Cross Plains feminine unit 37-26 although Sandy Bailey pumped 15 points through the hoop for the locals. Melissa Pancake aided the Cross Plains cause with nine markers.

Miss Bailey then singled the nets for 26 points Saturday morning as Cross Plains defeated Merkel 39-37 for a consolation berth. Miss Pancake counted 10 points in the game which saw the lead change hands numerous times.

Host Eula girls then crushed the local sextet with a 52-22 decision. Top local scorers were again Miss Bailey with 10 and Miss Pancake with 8.

Mighty Mites claimed a pair of three-point victories before

bowing in the finals.

Cross Plains opened the season with a 24-21 triumph over Baird after score was knotted 8-8 at intermission. Dennis Franke scored 9 and Jeff Hymer counted 8 for the Mites.

Saturday morning the Mighty Mites took a 22-19 decision over Merkel in another close game. Schaefer paced Cross Plains with 8 points, and Howard Edgington netted 6 for Cross Plains.

Host Eula soundly defeated the Mites in the championship game Saturday night 52-33. Schaefer again led local tallying with 10 points, and Edgington contributed 9.

Mack McConal, head junior high school coach, pointed out that the game which had been scheduled with Rising Star on Monday night was cancelled.

Next action of the junior cagers will be Monday, Nov. 26, when Early junior teams come here. Tip-off in the girls game will begin at 6:30 p.m. followed immediately by the male confrontation.

STEVE FOSTER LEAVES HOSPITAL THIS WEEK

Local Persons Due In New York Event

At least five Cross Plains residents will be in New York City on Thanksgiving for the annual Macy's Thanksgiving Day Parade.

The local persons will be making the trip in conjunction with Cisco Junior College. Both the Wrangler Belles, an all-girl drill team, and the Wrangler Band will perform for the second year in the massive pageant.

Two local girls are members of the Wrangler Belles. They are Miss Beverly Tatom and Miss Rhonda Franke. Miss Tatom is a CJC sophomore and the daughter of Mr. and Mrs. Roy Neal Tatom, and Miss Franke is a freshman and the daughter of Mr. and Mrs. Leo Franke.

Mr. and Mrs. Tatom and Mrs. Franke will make the trip with the Belles band and a large number of parents and Cisco area people. The group is due to leave Cisco early Wednesday morning by chartered bus to Dallas where the group will emplane for New York. They are due to return Friday.

Deer Harvest Good In Immediate Area

Deer hunting seems to get better each year in the Cross Plains area.

Mr. and Mrs. Alvin Hutchins, owners and operator of Cross Plains Frozen Food Locker, had 60 of the animals in their plant to be processed Tuesday at noon. Between 25 and 30 deer were brought in Saturday morning, first day of the season. That number does not, of course, include those which were processed at homes.

Most of the deer were reported to be big and fat and in unusually fine condition.

Deer are plentiful in the Cross Plains section of the state.

Local Baptists Host Conclave On Monday

Callahan Baptists will meet in conference at the local First Baptist Church on Monday, 26, with the executive board meeting at 6:15 p.m. supper at 6:45 and the program starting at 7:30.

Church training will be emphasized and the theme will be "Train to Share the Word". Mike Manley, music-youth director of Clyde's First Baptist Church, will be in charge of the music program.

Dr. Gordon Clinard, distinguished professor at Hardin-Simmons University, will bring the message of the evening. All church people are assured an interesting program, and visitors are invited.

Moderator for the meeting will be Glen Ward, pastor of Cherry Heights Baptist Church of Clyde.

Peanut Harvest Near Complete For 1973

Opinions vary, but the consensus seems to be that the harvest of area peanut crops will soon be over. One local processor opined Tuesday morning that one week of pretty weather will see the harvest completed.

A Cross Plains handler was caught up with drying operations Tuesday morning, while one at Pioneer still had peanuts to process.

It is estimated that more than \$2 million will be pumped into the area economy by the 1973 peanut crop. Most area growers termed this year's crop as average.

Area farmers and others involved in the peanut industry are still urging all persons to write senators and congressmen to review recently announced changes in the 1974 peanut program believed detrimental to the program. Names and addresses of the various politicians are available at both Cross Plains Grain & Peanut Co. in Cross Plains and Pioneer Cooperative at Pioneer.

Mr. and Mrs. J. D. Conlee, Jr., and family of Greenwell Spring, La., are visiting relatives and friends in Cross Plains a few days this week.

Young Players Key To Putnam Cage Fortunes

Young players will be the key to the basketball fortunes at Putnam High School this year.

This is especially true for the feminine team at Putnam. Five of the eight-member girls team are freshmen. There are two sophomores and one senior.

On the 11-man male cage contingent, a nucleus of veteran players man starting position, but all of the reserve strength will depend on first and second year players.

Coaching both Putnam units this year is Donald Story of Hardin-Simmons University at Abilene.

Although lacking experience, the Putnam girls do possess better than average height. The two sophomores, Cheryl Wheat and Brenda Chapman, both stand 5-8, and the senior, De Vonna Wheat is 5-5½. Two freshmen, Donna Story and Martha Cunningham, both stand 5-6, and the other three first-year players, Neta Twilley, Charmy Ragsdale and Elizabeth Lindsey, range from 5-3½ to 5-2½.

Height is not a trump of the Panthers, but the squad ranges from two 5-9½ players, senior Larry Chapman and junior David Isenhower, to 5-4 sophomore Roger Reynolds. The other senior is 5-8¼ Buford Green, and both juniors, Daryl Green and Jerry Nettles, stand 5-7.

Billy Jobe, a sophomore at 5-8½ heads the younger players. Freshmen are Donald Isenhower 5-7½, Timothy Lindsey 5-7, Richard Wagley 5-6¼ and Darrell Jobe 5-6½.

Putnam teams have already taken to the hardwood several times this season, and the remainder of the season schedule follows. All games will start at 7 p.m. except where otherwise indicated.

When's the last time you got goose bumps when they played the Star Spangled Banner?

It's been a while, right? Well, then you're like a lot of us.

It seems that many of us are too grown-up to get excited about things like the Star-Spangled Banner any more.

You could almost say that patriotism makes us feel embarrassed.

Besides, it's hard to really feel patriotic when you hear so much about how this country is falling apart.

But, of course, America still has a Bill of Rights.

And free elections.

An incredibly high standard of living.

And a free enterprise system that lets you hitch your wagon to any star you want.

And plenty of other things you can't find anywhere else in this world.

Know what? Looking at it that way, America deserves a lot more credit than it's been getting.

One of the best ways to give this country the support it deserves is to buy U. S. Savings Bonds.

They strengthen the country so that it's better prepared to solve its problems. And they happen to be one of the best ways to provide for your own welfare.

The interest is exempt from state and local income taxes. And you don't have to pay Federal tax until you cash your Bonds.

Buy U. S. Savings Bonds through the Payroll Savings Plan where you work. Or at your bank.

It'll give you a good feeling.

And a perfect excuse for getting goose bumps the next time they play the Star-Spangled Banner.

Recent S.S. Benefits Aid Local Economy

To what extent will residents of Callahan County benefit as a result of the boost in social security payments recently voted by Congress?
 Under the new schedule, how much will retirement checks average in the local area?
 Based upon figures released by the Social Security Administration, detailing the number of local recipients and the amounts going to them at the beginning of the year, their annual benefits will rise by approximately \$177,000, when the new rates go into effect.
 Under the bill, across-the-board increases of 5.9 percent are provided for retired or disabled workers and their dependents who are getting social security checks.
 In general, the average benefits for a retired worker and his wife will rise from the present \$3,324 a year to \$3,516. A single worker who is now receiving \$1,932 will get \$2,040. For those who are now getting the minimum of \$1,014 a year, the new amount will be \$1,072.
 In addition, checks going to the aged, the blind and the disabled will be increased by \$120 a year for individuals and \$180 for couples, on average. Those in other categories will benefit proportionately.
 All in all, an additional \$3.2 billion or so will be distributed to some 30 million Americans in the next fiscal year.
 In Callahan County, according to the latest annual report of the Social Security Administration, payments to local beneficiaries have been at the average yearly rate of \$1,430 per recipient.
 This will rise to \$1,510 a year when the new schedule goes into effect next July.
 For the local community as a whole, payments will then total close to \$3,333,000 annually, as compared with approximately \$3,156,000 a year at the present scale.
 Payroll taxes will also be raised to help pay for the increased benefits. Starting next January, social security taxes will be levied on wages up to \$12,600. The cutoff point currently is \$10,800.
 The change will bring the maximum tax next year to \$737 instead of the going maximum of \$632.

Monday Night Rain Yields .53 Of Inch

Spring-like showers, complete with vivid lightning and some scattered pea-size hail, struck the Cross Plains area Monday night about 8:30.

The heavy showers yielded only .53 of an inch of moisture in Cross Plains, according to F. C. Newton who maintains official weather records here.

Moderate wind gusts also accompanied the rainfall.

Most communities reported similar amounts of rain with the exception of Pioneer. In the northern part of that community, at the Homer Don Parson place, 1.25 inches of rain were measured. At Lakewood Recreation Center at Pioneer 90 of an inch was gauged.

Norman Coffey at Cotton-

wood reported .70 of an inch. Other area totals follow: Burkett .65, Sabanno .60, Atwell, Cross Cut and Rowden each recorded a half inch.

Light shower fell in this area Saturday, and in Cross Plains .02 of an inch was measured. Total for November in Cross Plains is .55 of an inch, according to Newton. Aggregate for the year is a well-above-normal 31.40 inches.

Recent visitors in the home of Mrs. Calvin Champion were Mr. and Mrs. C. R. Woody of El Cajon, Calif., and Mr. and Mrs. Claud Champion and children of Abilene.

Pete Golson of Cross Plains was scheduled to undergo minor surgery at an Eastland hospital Tuesday. He is expected to return home in a day or two.

Expansion Is Begun By Colonial Oaks

A \$40,000 expansion program has been started at Colonial Oaks Nursing Home in Cross Plains.

The contract was let last month, and now the foundation has been completed and walls are being put up. The expansion is eastward on the present structure.

Col. Ray Lee, owner and operator, said the target date for completion is mid-January. He added that paper work on the expansion was begun over a year ago.

The project will include five bedrooms (10 beds), physician's examination room, bath, linen closet and storage room.

Construction costs run in the neighborhood of \$30,000. Lee said, and another \$10,000 will be required to furnish the addition.

General contractor is Donald Ray Construction Co. of Abilene.

Turnovers Help Mounties Defeat Buffaloes 13-8

Turnovers and the ability to move the ball on the ground spelled doom for the Cross Plains Buffaloes in the 1973 football finale last Friday.

Host Santa Anna finally posted a 13-0 lead in the District 10-A contest before holding off a Cross Plains rally for the 13-8 victory.

The loss dropped the Herd's season record to four wins against six losses, and lowered the standing in league play to 2-3. That mark was also attained by two other District 10-A schools, Santa Anna and Ranger. All shared third place behind undefeated district champion De Leon and runner-up Bangs was 4-1 in loop action.

A total of 14 turnovers kept defensive and offensive players trotting on and off the field. Cross Plains had five passes stolen. The air game became necessary when the Bisons could not move against the Mountaineer defense on the ground. Each squad lost four fumbles, and the Buffs intercepted one Santa Anna aerial.

Other errors included a rash of penalties. The Herd was penalized 10 times for 90 yards, and the hosts drew 50 yards in

penalties on six infractions. A stunting Mountaineer defense plagued Cross Plains offensive efforts all night long.

The two teams finally wound up with an almost equal total of offensive yardage gained. Santa Anna picked up 247 yards on the ground, but had a minus four in the passing department. A net of 243 yards. The Herd netted just 88 yards on the ground, but added 132 more through the airways for an aggregate of 220 yards.

It was fitting that defense accounted for the initial touchdown of the game. Mountaineer Steve Beal, 253-pound standout, blocked a Buffalo punt in the second quarter and fell on the loose ball in the end zone. Mountie Mark Shambeck then made the score 7-0 with his kick from placement.

The score remained 7-0 until the final quarter when the hosts picked up another touchdown. Halfback David Huggins traveled the final 15 yards for the six points. Bonus point try failed and then Cross Plains finally counted.

The Buffaloes quickly got on the scoreboard then. The scoring play came on a 75-yard pass and run from Quarterback Roger Crawford to Split End Greg Turner. A bobbled snap from center on the attempted point after play left the tally 13-6.

Santa Anna then handed the Herd another two points on a safety late in the final canto. Santa Anna was blocked deep into its own territory, and rather than risk a fumble or blocked punt with about a minute left in the game, Quarterback Jody Day ran about five yards out of his own end zone for the safety and 13-8 score.

Cross Plains mounted one last threat via the airways. Many local fans thought that Buff Gregg Turner was interfered with while attempting to catch a pass at the Santa Anna three-yard line with 41 seconds showing on the clock. A brief argument on the official's call did not produce a flag, and Santa Anna then intercepted a pass and preserved the triumph. In the first half the Buffaloes managed only one mild threat. That came in the second quarter when the Herd moved to about the Santa Anna 23.
