Council, Phone Company Discuss Service Tuesday

Members of the Cross Plains City Council and representatives of the Continental Telephone Company of Texas will discuss Tuesday night in regular session of the council. The council has asked the telephone company to raise rates for an increase in rental rates in Cross Plains. Two groups met last week to hear the telephone company's present reasons for the increase. The meeting was held Tuesday night at the City Hall beginning at 7:30 p.m. Jack Scott, council member, emphasized that all questions, complaints on phone service are invited to attention. The council serves most of the county and its companies as well as Rising Star. The company has also increased at Clyde, Rising Star. The company noted that due to expenses that an additional \$100,000 annually will be from the exchange in order to have a fair rate on investment here. Rates will be nearly \$1,200,000. Rates reportedly have 10 subscribers, which is approximately increase per month more than \$4.50. The council as requested, as requested follow.

One-party business phones would go up \$6.10 to \$19.60 per month, and two-party business phones would be increased by \$7.50 to \$18.50 from the present \$11.00 rate. Private residential lines would be raised to \$9.80 up \$2.80 from the present \$7.00. A two-party residence rental would be advanced to \$9.20, up \$2.95 from the current \$6.25. A four-party line would cost \$7.85, an increase of \$2.85 from the present \$5.00. It was understood that extension rates would remain static.

Clyde and the telephone company promised at the following rates: one-party business \$17.00 per month and two-party business \$15.00; private residence \$8.50, two-party residence \$7.50 and four-party residence \$6.50 per month. It was not known here if Baird and Rising Star had come to terms with the phone company.

Alan Armstrong of Clyde, manager of the Continental district office at Baird, pointed out to the Review that the same compromise has been of.

TEXAS TALK

By Glenn Winfrey

Q: How much water is actually needed for the production of a mood cotton crop?

A: In most areas of Texas, with the exception of a couple of times of the year, the most prevalent answer would be "All we can get". More specifically, authorities now estimate the weight of water evaporated from an acre of cotton during a typical summer day to be as much as 68,000 pounds. That's equivalent to more than a quarter of an inch of rainfall a day. Considerably more than we can count on having. Irrigation supplements the rainfall wherever possible to provide an effective 20 inches of moisture during the average growing season.

In some areas of the really arid Southwest, farmers sometimes irrigate enough to provide the equivalent of 32 inches of rainfall through the course of a full year. Rainfall can be most harmful just after planting when the water may lower the soil temperature below 58 degrees.

Burkett Sector News

By Mrs. Joe C. Golson

Back before the turn of the century the old Brush arbor was the popular meeting place of the settlers along the Pecan Bayou.

One such place was near Harris Crossing, and meeting after meeting took place there, with the old time Gospel shouted through the tree tops, the words of God would carry down the Bayou. Singing that would make the heart feel light and put the spirit of God within you. Everyone looked forward to those meetings and would come for miles to take part.

Then one summer, a preacher came to the arbor that was different than most. He was a follower of the Rev. Alexander Campbell and his religion.

At that brush arbor meeting this new preacher man converted the whole congregation into Campbellites.

R. E. Harris, Sr. was one of the converted ones and until the day he died, he did not allow anyone to call him anything but a Campbellite, as he was proud of his God and his new-found religion.

This is how Campbellite Bend got its name. What you say you have lived around Burkett all your life and have never heard of Campbellite Bend? Well my friends you have missed one of the pages of history about Burkett, as the spot is still there and I'm sure the memories of some of the old timers.

Wayne Newton and Adale Newton visited the Don Newtons at Forney last week. Both reported a good time, but Wayne states the fishing was sorry.

Raymond Jennings is up and around after a sick spell with his stomach. Monte had to do the shopping at the store while he was sick. I enjoyed meeting her after such a long time of only hearing how she felt. Monte has arthritis and doesn't get out very often.

Fredia Bell and Jimmy L. from Monahans spent last week end with the Dick Koenigs.

The Raymond Crosses of Aransas Pass spent some time visiting in Burkett last week. They visited the store and took out a subscription to the Cross Plains Review. I would like to say thank you to the Crosses.

Ben Porter of Cross Plains visited the store Sunday and visited with Joe and several old friends.

A wedding shower was held Thursday night in the home of the E. W. Browns for the Rev. and Mrs. Lloyd Hagemeirs. After the gifts were opened games of forty-two were enjoyed by all.

Mr. and Mrs. Roy Fuller were called to McGregor to care for Mrs. Fuller's mother, Molly Dulton, for a while.

Mr. and Mrs. Timmy Golson and Toby Slaughter, all of Merkel, spent Monday and Tuesday in the home of Mr. and Mrs. Joe Golson and Tamarah. While here the young people motored over to Lake Brownwood to lease a cabin for the month of June.

Gilder and Corena Adams were here to visit Mrs. Hattie Adams and the Hoovers last week.

Earl Baker and his sister Vera Baker Nichols, visited in the home of Kathryn Cravens Sunday of this week. They stopped by the store and let us know that they enjoy the news from Burkett. I have told tales of their father in the news. Their father was Calvin Baker and their mother, Maude. Mrs. Doyle Neeb visited in the home of Mrs. Cravens Sunday also.

Summer Job Work Requires SS Number

Housewives, students, and other people who plan to get a summer job should apply now for a social security number if they don't have one, according to Glynn Hammons, social security district manager in Abilene.

"You should apply for your number several weeks before you need it for a job covered by social security," Hammons said. "Applications must be screened against central files in Baltimore to make sure that a second number isn't issued to that same person. Screening generally takes several weeks," he continued.

More than nine out of ten jobs are covered by social security. People applying for a social security number for the first time may be asked to prove their age, identity, and citizenship.

"Your social security number is your alone and remains the same for life," Hammons said. "A worker builds retirement disability, survivors, and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records," he explained.

People can get information about applying for a social security number by calling, writing or visiting any social security office.

"If you've lost your social security card, you can get a duplicate by contacting any social security," Hammons said. "You can get a duplicate faster if you've kept the stub that came with your social security card," Hammons added.

The Abilene social security office is at 142 S. Pioneer Dr., Abilene. The phone number is 698-1360.

REDDY'S REFRIGERATOR SAVINGS TIPS

Don't open refrigerator door unnecessarily. Plan your trips to the refrigerator while cooking. Make sure the children maintain a closed-door policy.

Buy the size that fits your needs. An over-large refrigerator or freezer wastes space as well as electricity.

Clean external coils, fins and motor often and keep them free from dust.

Defrost your refrigerator and freezer before ice deposit exceeds 1/4 inch. Excess ice causes your refrigerator to work harder.

Cleaning Inside of cabinet:
a. Should be cleaned twice a month
- dispose of forgotten foods
- clean up spills
- eliminate "off" odors that transfer flavors
b. Use warm water and baking soda solution. (1 teaspoon soda to 1 quart water). Rinse in clear water and dry.

Cottonwood Area News

By Mrs. Wayne Brown

There is a new way to round-up stray calves, and it works—on a bicycle. Don't be alarmed, though, when the calf stops and gives you a bewildered look.

The two following news items were intended for last week, and I apologize for overlooking them:

Mr. and Mrs. John Purvis were recently in Austin where they visited their daughter, Betty, and attended the Class 4-A basketball championship game between Houston Kashmere and Fort Worth Paschal. En route home, they visited John's sister, Mrs. Evelyn Young in San Marcos.

Mrs. C. R. Myrick recently visited with her son, Mr. and Mrs. Truett Myrick, in Brenham. She attended the wedding of her grandson, Charles, and also visited her daughter, Mr. and Mrs. Bigbee and Pam, in Conroe.

Mr. and Mrs. Johnny Miller, Jim and Jill of Arlington visited last Sunday with his aunt, Mrs. Donna Neeb, Paul and boys.

Mr. and Mrs. Garth Fortune were in Abilene on Monday on business, and also visited Mrs. John Adair and Mrs. W. C. Webb who are in Hendrick Memorial Hospital.

Mrs. Alice Champion entered Cox Memorial Hospital in Abilene last Sunday for tests and treatment. Her daughter, Mrs. Roy (Viola) Summers of Denver City is there with her.

Miss Teri Brown and Vic Curry visited Mr. and Mrs. Jimmy Swinney and Stephanie in Abilene last Saturday.

Mrs. Wayne Brown and Ter visited Miss Hazel Respass at Colonial Oaks last Monday.

Mr. and Mrs. Clarence Wilcox of Andrews were here to attend the funeral of Joe Wilcox in Cross Plains. They stayed with her mother, Mrs. J. W. Woodard.

Our sincere sympathy to Mr. M. P. Wilcox, Jr., and to Mr. and Mrs. N. G. Wilcox in the loss of their loved one, Joe Wilcox.

On Saturday, Mr. and Mrs. Darwin Anderson, Vanda and Blandye Harris, and Doug McCorkle, all of Abilene, John Conger and Mr. and Mrs. Tony Connell of Cisco, had a fish fry with Mrs. Ethel Anderson. On Sunday Ethel and Vanda visited with Mr. and Mrs. Rodney Renfro and Carrie, and Mr. and Mrs. Rufus Renfro. Rodney spent the week end in his parents home then returned Sunday to Hendricks Memorial Hospital.

John, Robert, Bryon and Brent Bennett, all of Arlington spent last week end with Mrs. A. (Lou) Bennett, Arnett and boys. Bryon stayed for the Easter vacation.
