REDDY'S HELPFUL FREEZER TIPS

Lock in flavor: Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

Label packages: Date and identify freezer packages so (1) you don't accumulate a lot of mysterious shapes and (2) you'll be able to pick out foods that have been in the freezer longest.

Take advantage of sales: Avoid overstocking with commercially frozen food that's always available; use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.

Government Cost In County Listed At \$282 Per Capita

A new study by the Department of Commerce reveals just how much is spent, per capita, to keep the wheels of government turning in Callahan County. It shows, also how the local spending pattern compares with that in other communities across

the country. The figures are contained in a 626-page report, called Compendium of Government Finances. Periodic studies of this type are made every five years. This is the first one since 1967. In it are detailed, for every section of the United States, the revenues, the expenditures and the amount of debt incurred in connection with local government operations.

Detailed for each is just how much is spent, per resident, for roads, police and fire protection, health, housing, welfare, sanitation, education, administration and the many other functions performed.

In Callahan County, the figures show, the cost of such local services amounted to \$282 in the year for every man, woman and child in the area.

The comparable cost, in other parts of the country, was \$511 per capita, and in the State of Texas, \$406.

Nationally, the outlay for local operations came to \$106.5 billion, a sharp increase over the 1967 total of \$59.5 billion. Because public payrolls, the price of equipment, the demand for services and the cost of borrowing are all at a high level, the cost of government has gone up proportionately. It has become a problem in almost every locality.

In an effort to meet these rising expenses, most communities have had to turn to special fees and taxes and to a variety of miscellaneous charges and tolls.

General revenue collected in Callahan County came to \$274 per capita, the report shows, as compared with \$282 for expenditures. Of the total collected, \$157 was from taxes and other local charges and the balance from federal and state sources.

As for the general debt outstanding locally, it is listed as \$270 per capita. Elsewhere in the nation, local debt amounts to \$580 per capita and, in the state, to \$528.

OPEN LETTER To Our State Legislators: THE TIDE IS TURNING!!

ALL ACROSS OUR GREAT NATION, IN FANTASTICALLY LARGE NUMBERS, YOU ARE WAKING UP AND SPEAKING OUT AGAINST THE 27TH CONSTITUTIONAL AMENDMENT, usually labeled by the deceptively appealing term, Equal Rights Amendment (E.R.A.)

Why? MORE PEOPLE ARE LEARNING THE FACTS—FACTS WHICH PROVE THAT E.R.A. WILL NOT HELP, BUT HARM, EVERY SECTOR OF OUR SOCIETY, ESPECIALLY WOMEN. SOUTH CAROLINA JUST REJECTED THE E.R.A., the 11th state to DEFEAT IT THIS YEAR! Harry Reasoner, noted commentator, in his Report, March 15, TOOK A STAND AGAINST RATIFICATION OF E.R.A. KNIN RADIO, Wichita Falls, took a five-hour listener poll. Result? 98.2% favored RESCINDING E.R.A. IN TEXAS. AFTER LUBBOCK TV DEBATE, viewers were polled. Result? 74% voted AGAINST E.R.A. THOUSANDS OF RESCIND - E.R.A. FACT SHEETS are distributed EACH DAY by PUBLIC REQUEST!

Anita Bryant, is orange juice thicker'n gender?

Knight News Service
TALLAHASSEE, Fla. — Even before the Equal Rights Amendment, the Florida legislature has lost one vote in the senate. The reason: the announcement last week that a group is asking women seven northern states not to buy Florida citrus until the Sunshine State approves the E.R.A. "To attack an innocent industry and employ thousands of more women is an open admission that the E.R.A. has the factual fiber to merit my used backing," Senate President Frank Alan Trask, D-Fort Meade, said in a statement.

Yes, BUSINESSMEN — HOUSEWIVES — DIVORCED WOMEN — WORKING MEN — CHURCH LEADERS — SCHOOL ADMINISTRATORS — PARENTS — YOUNG PEOPLE — LEGISLATORS — ALL PEOPLE CONCERNED WITH MORAL, SOCIAL AND LEGAL ISSUES ARE LEARNING THE FACTS AND TURNING AGAINST E.R.A. LEGISLATORS. If E.R.A. supporters had the weight of evidence on their side, they would not need to resort to such tactics as used against Florida, reported in Worth Star-Telegram, March 29.

Who Knows?

Much information—and misinformation—has been circulated concerning possible effects of the E.R.A. WHO IS QUALIFIED TO ANSWER IT? The editor of MS Magazine? The editor of Redbook? Legions of some women's organization? Ann Landers? Betty Ford? ARE THESE AUTHORITIES IN CONSTITUTIONAL LAW INTERPRETATION? Hardly! Yet these are the kinds of "authorities" the pro-E.R.A. minority quotes!

However, the STOP - E.R.A. majority quotes real constitutional authorities such as Harvard Civil Rights-Civil Liberties Review, Vol. 6, No. 2, March 1971, by Prof. Paul A. Freund, The Yale Law Journal, Vol. 80, No. 5, April 1971, by Prof. Thomas I. Emerson, et al., Yale Law Journal, Vol. 82, No. 3, January 1973; The Library of Congress Congressional Search Bulletin No. HQ 1428, giving Senate debate with testimony of outstanding constitutional authorities.

They Said It Couldn't Happen!

THE PRO-E.R.A. minority has scoffed at the STOP-E.R.A. majority and labeled as "scare tactics" the many possible destructive effects such as homosexual "marriages". BUT LOOK WHAT HAS JUST HAPPENED—even under Colorado State E.R.A.!

Each state NOW HAS THE RIGHT to legislate on this; but under a federal E.R.A., THIS RIGHT OF YOURS, STATE LEGISLATOR, WILL BE STRIPPED FROM YOU. Would it then be constitutional to deny legality to such relationships?

GETTING THE LICENSE

Dave McCord, 27, (left) and Dave Zamora, 27, both of Colorado Springs, Colo., receive the first marriage license issued in the State of Colorado to members of the same sex. They were married in the First Metropolitan Community Church in Colorado Springs in 1973 but were denied a marriage license in El Paso County, where Colorado Springs is until yesterday.—UPI Telephoto. (Fort Worth Press, March 28, 1975)

(Read Section II below.)

OTHER PREDICTIONS OF CONSTITUTIONAL AUTHORITIES

Since the "scary prediction" of homosexual "marriage" has come to pass, wouldn't it be a mark of dom to carefully consider other predictions of the constitutional experts? A few are:

1. Women will be subject to the draft, front line duty, prisoners of war! (Yale Law Journal, April 1971)
 2. E.R.A. can eliminate separate toilet and sleeping facilities for colleges, prisons, public schools, government buildings (Cong. Rec., March 22, 1972, p. S4545). Result: a unisex society and loss of privacy.
 3. E.R.A. can finalize abortion on demand—ANYTIME (Den Clrene Manion, formerly of Notre Dame Law School).
 4. E.R.A. can use your tax dollars for abortion (John S. Kelley, M.D., Chicago AP release).
 5. E.R.A. can hurt wives by abolishing their right to be fully supported by their husbands (Harvard Civil Rights-Civil Liberties Review, March 1971).
 6. E.R.A. can weaken sexcrime prostitution rape laws (Yale Law Journal, April 1971).
 7. E.R.A. can interfere with church doctrine, invalidate women ordination options, nullify the principle separation of church and state (for it will be superseded by the later Amendment which forbids separation of church and state—Sen. Sam Ervin, Cong. Rec., March 22, 1972, p. S4578). Then churches which do not accept women can lose their tax-exempt status, in which event contributions will no longer be tax-deductible.
 8. E.R.A. can hurt schools, prohibiting boy or girl schools, fraternities and sororities, requiring public schools which use federal money to have unisex sports and facilities (Yale Law Journal April 71, p. 848).
 9. E.R.A. WILL NOT HELP WORKING WOMEN. Many have been deceived by the appealing slogan "Equal pay for equal work". Existing laws now provide this: Civil Rights Act, Equal Opportunity Act, Equal Pay Act, etc. In job opportunities, the E.R.A. can give women NO LEGAL RIGHT they do not ALREADY HAVE. THEREFORE, THE EQUAL RIGHTS AMENDMENT IS BOTH UNNECESSARY AND UNDESIRABLE. WILL THE COURTS, CONGRESS, AND GOVERNMENT AGENCIES USE COMMON SENSE? The pro-E.R.A. minority frequently contends: "Of course, common sense will be used in interpreting this amendment." Consider what happened under Title IX, the golden section "Equality of Education" of the Civil Rights Act. Former Rep. Edith Green is appalled at the way the "beavers in the HEW Department have interpreted a law—which she sponsored—to end sex discrimination in education. The ban was never intended, she says, to promote unisex football squads or to change traditional youth organizations into People Scouts and Campfire Persons. The moral for Congress is clear: Spell out aims and powers clearly in all legislation, and never trust bureaucrats to exercise discretion with common sense. (Reader's Digest, March 1975, p. 32).
- Alteration has been made in Title IX—BUT UNDER A FEDERAL E.R.A. SUCH UNDESIRABLE EFFECTS COULD NOT BE CHANGED, for Congress CANNOT AMEND OR CHANGE a Constitutional Amendment as it can statutory law. THINK THIS PRINCIPLE THROUGH! IT'S VITAL TO STATE RIGHTS AND TO THE FREEDOM OF EVERY AMERICAN.

To You, Our Legislators, We Say!

WE CAN FORGIVE AND FORGET your hasty ratification of the E.R.A. on March 30, 1972, because most citizens, including us, had not taken time to study its full implications. On the surface it seems fair, good, and harmless. WE CANNOT FORGIVE, HOWEVER, YOUR ENDORSEMENT OF THIS DISASTROUS LEGISLATION A SECOND TIME. WHY? Because never again can you plead a lack of information. A thoroughly-documented fact packet has been personally presented to each of you—the testimony of some of our nation's most noted constitutional authorities. YOUR CONSTITUTIONAL NOW ALERT TO THE DANGER OF THE so-called Equal Rights Amendment WILL BE WATCHING YOUR E.R.A. VOTE.

IS IT LEGAL TO RESCIND?

The documented evidence placed in your hands quotes the most reliable sources to confirm that rescission is indeed very legal (Congressional Research Bulletin, Prof. Phil Kurland, Prof. Charles Black II, Sam Ervin, University of Texas constitutional law professors, etc.). One top constitutional authority indicates IT IS LUDICROUS to think, for example, THAT IF STATES RESCIND AND THEN A 38th STATE RATIFIES E.R.A., THAT IT WOULD BE A LEGAL CONSTITUTIONAL AMENDMENT. However, as you know, it is NOT YOUR RESPONSIBILITY to decide whether rescission is legal. If a final decision is needed on this, it will be made in Washington, not Austin. YOUR RESPONSIBILITY IS SIMPLY TO DECIDE WHAT TEXANS WANT YOU TO DO ABOUT E.R.A. VOTE THAT DECISION AS OUR REPRESENTATIVE, AND SEND THE MESSAGE TO WASHINGTON.

WE WANT YOU TO RETAIN THE POWER TO LEGISLATE IN TEXAS.

We believe you are more in touch with our needs than some distant bureaucrat. However, under Section II of the Amendment, you will be ROBBED OF YOUR POWER to legislate all matters involving the sexes—and this includes the total fabric of society. Never in history has a MORE TOTAL GRAB OF FEDERAL POWER been contemplated. Section II reads: "The Congress shall have the power to enforce by appropriate legislation the provisions of this article". VOTE TO RESCIND E.R.A. IN TEXAS. HELP KEEP OUR STATE'S RIGHTS AND YOUR RIGHTS! VOTE TO RESCIND E.R.A. IN TEXAS. USE YOUR CHANCE TO REMOVE THIS STAIN FROM TEXAS HISTORY.

VOTE TO RESCIND E.R.A. IN TEXAS — THERE'S A BETTER WAY THAN THE E.R.A.
