Highest finish was a third place in the junior show with his exhibitor's flock.

Area United Fund Drive Nears Goal

Cross Plains Area United Fund drive for 1975 is nearing the established goal of \$3,000.

Officials of the Citizens State Bank, where tabulations are being kept on donations, revealed just after noon Tuesday that a total of \$2,736.65 had been deposited to the organization's account up to that time. That aggregate left only \$263.35 to be raised to attain the \$3,000 goal.

Although a break-down of area and community giving was not immediately available, a \$69.00 donation from the Atwell sector was not believed to be included in the \$2,736.65 total. Figuring those contributions had not been included in the Tuesday total, just under \$200 is needed.

Mrs. Raymond DeBusk, who headed the drive again this year, reported first-day receipts of \$2,512.00 deposited on the first day of the campaign, Thursday. She stated that she believed that the goal would again be reached due to the generosity of Cross Plains and area contributors. "All phases of

the drive were simply great and response has been tremendous," Mrs. DeBusk noted in thanking each and every volunteer worker and each donor.

It was believed that some donations are still to be received by the fund, such as several individual contributions and some local business pledges must be honored by firm headquarters located outside this city.

About 60 volunteer workers made a door-to-door canvass of Cross Plains, surrounding countryside and neighboring communities Thursday and during the week end. The annual drive began with a mass meeting of workers and officials at 9 a.m. Thursday at Odom's Restaurant. Rev. Curtis Simpson, acting president of the UF, made a brief talk, and Harold K. Ballard offered a prayer in behalf of the endeavor. Volunteer workers were given assignments, and the drive began.

Mrs. DeBusk stated that the first-day response to the drive was overwhelming, and it was believed that the \$2,512 received that day might have been a record for initial receipts.

Six charitable institutions will benefit from the donations. Also due to receive funds are the local Christmas cheer program, local and transient relief, Cub Scout program and local Boy and Girl Scout organizations if active.

The UF budget committee

adopted a \$3,300 budget, but the drive goal was set at \$3,000. The \$300 difference was to be absorbed by unallocated funds collected in past drives that were not used.

The budgeted disbursements were reported as follows: West Texas Rehabilitation Center \$800, M. D. Anderson Tumor Institute \$600, American Red Cross \$200, The Southwestern Diabetic Foundation \$100, Cub Scouts \$100, Christmas cheer \$300, local and transient relief \$500 and unallocated funds designed to cover Boy and Girl Scout programs if active \$400.

Persons who have not yet had a part in the Area United Fund may leave donations at the Citizens State Bank, it has been announced.

VICIOUS VIPERS—Shown in the two photos above are Logan Long, left, and R. B. Dillard displaying two of the three rattlesnakes they caught on the old Baxter place a mile and a half south of Cross Plains Wednesday last week.

The three large reptiles measured almost 15 feet long in aggregate. At left Long and Dillard are holding the largest

of the three rattlesnakes. He was 70 inches long, almost six feet, and was 10 inches around. In the picture at the right they are holding the second largest snake, a 64-inch. That reptile measured eight inches around. Both weighed five pounds. The two rattlers, a "small one" which measured only 45 inches long and weighed three pounds.

Dillard will use the reptiles in his demonstrations and snake handling feats. Dillard opined that the two larger reptiles could be between 15 and 18 years old, but he added that there is no way that age of a snake can be accurately estimated. Another large rattler was slain in the same area by Long about two weeks before he and Dillard captured the three snakes.

Local Bicentennial Event Said To Be Huge Success

The Bicentennial parade and back-to-school night program held here Tuesday of last week was hailed a huge success by organizers, participants and spectators alike.

A large number of entries completed in various divisions of the centennial theme parade, and a crowd of more than 200 attended and participated in the back-to-school night program.

Superintendent Frank Ruddle noted that the response was "great" and there are plans afoot to make a similar event a yearly affair. The superintendent stated that everyone had fun, and it was a very informative gathering for both parents and teachers.

In the bicentennial parade first place in the float division went to the Bluebonnet Beauty Shop for its entry depicting an early-day beauty shop.

Miss Bonnie Gosnell's "Tater Wagon" entry was judged first place in the children's classification. Prizes were presented by officers of the local Parent Teacher Organization, and judging was by wives of several local volunteer firemen.

Kerry Creige of KEAN Radio in Brownwood was judge for most appropriately dressed, early-day costume, during the back-to-school night program. He selected Mrs. Joe (Jean) Mc-

Williams and Bill Hunter.

The parade was co-sponsored by the PTO and Cross Plains Volunteer Fire Department. Parade Marshal was E. F. Odom, and he was assisted by Benny Free, Bruce Lawrence, Charlie Grider, Don Harris and James Justice.

Second Half Rally Lifts Bisons Past Goldthwaite

Cross Plains Buffaloes broke a 3-way tie in the second half and rolled to a 21-3 District 10-A football victory over host Goldthwaite last Friday night.

The victory, second straight over Goldthwaite teams in two years, evened the Thundering Herd's conference record a 1-1 and improved the season mark to 2-3-1 in six outings.

Buffalo defense stymied the Eagle offense in the second half scored one touchdown to aid the victory.

Cross Plains kicked off to the Eagles, and the locals defense forced Goldthwaite to punt. Buffaloes then sustained a drive which carried to the Eagle 20 before the drive stalled. The ball changed hands until Buffalo Tony Wyatt drilled a 35-yard field goal through the uprights with four minutes left in the first quarter.

The hosts countered in the second quarter with a 19-yard field goal by Eagle Running Back Byron Landrum with about a minute left in the first half. The Eagle three-pointer was set up by a 27-yard reverse by Landrum and a 15-yard screen pass to Tim Spradley. Goldthwaite moved to the Buff one yard line, but were shoved back by a penalty and the Mount Bison defense. In that series the Eagles had two touchdowns rubbed out because of illegal motion penalties.

Cross Plains established a 9-3 lead in the second half. Buffaloes took the opening kickoff and marched 70 yards for the

TEXAS TALK

By Glenn Winfrey

Next time you're stuck for something to present to a club or civic group here's a suggestion. Show them a slide presentation entitled, "Food: The Last American Bargain". The materials are interesting to everyone and are especially refreshing to those involved directly in food production because they show a side of the economic picture not often seen in the national news. The audiovisual presentation provides an insight into the real bargains still found in food by contrasting then-and-now grocery costs with other items such as health care, fuel, lumber, education and even postage. Should surprise quite a few consumers just how much of a bargain food still is in this country. Put together by Kaiser Agricultural Chemicals, the program is available for general use. To find out exactly when the series could be used for a local presentation you may write: Kaiser, 300 Lakeside Drive, Oakland, California 94643.

Callahan Residents Receive \$9 Million In Govt. Funds

To what extent do Callahan County residents look to Washington and to their state and local governments for their wherewithal? What proportion do their incomes come from such sources?

Locally and everywhere else across the country, according to recent studies, people are getting a larger part of their income from government than ever before.

It is estimated that 29 cents out of every dollar received by Callahan County residents comes to them in the form of government checks covering wages and social benefits.

Washington provides 18 cents of it and the state and local governments, 11 cents.

The ratio runs considerably higher in some areas of the nation, for various reasons, than in others. It is highest, 62 per cent, in the District of Columbia, due to the large number of federal employees there. It is lowest in Connecticut, 22 per cent.

Nationally, 29 per cent of income now comes from government sources, compared with 24 per cent in 1971.

The figures are based upon state-by-state analyses, made by the Department of Labor, the Tax Foundation and others.

In Callahan County the figures indicate, approximately \$9,048,000 of net personal income came via government checks in the past year.

Included in this total were

wages and salaries to public employees, pensions, unemployment insurance, social security, food stamps, welfare payments, health benefits and the like.

Overall, more than \$365 billion a year is being paid out to individuals by federal and local governments in wages and social benefits. With one out of every five jobholders now on a government payroll, close to half that sum is for wages and salaries.

The rest is going to retired and disabled men and women, to veterans, to the unemployed and to others in need.

It is estimated that about one-seventh of all income in the United States represents social benefits to persons in these groups.

The Tax Foundation and others are disturbed by the rising role of government in the lives of people through these mandated and "relatively uncontrollable" commitments.

HOW TO STUDY THE BIBLE ... Continued

Number three: We must study the Bible with proper regard for seeing the whole. We cannot understand the part without being able to see how the part fits into the whole. We must strive to have a mental picture of the entire Bible, understanding that the Bible is "one book". It is "one book" — made up of many books.

In studying the Bible, one should have in mind a "Skeleton Outline" of the whole Bible. Let me suggest to you a "Skeleton Outline". We have already mentioned the purpose of the Bible: The glory of God and the salvation of man, through Jesus Christ, our Lord. The theme of the Bible is: The Coming of Christ. The Old Testament message is: Christ is coming. The New Testament message is: Christ has come, and will come again.

In studying the Bible, one should have in mind the four sub-divisions of the Old Testament. There are five books of Law. There are 12 books of history. There are five books of poetry. And there are seventeen books of prophecy: five books of the major prophets, and twelve books of the minor prophets.

Booster Hamburger Sale Is Successful

About \$186 was made by Cross Plains Athletic Booster Club on the hamburger sale at the Cross Plains-De Leon football game Friday night.

It was noted that 280 char-coaled burgers were sold. Supplies were depleted before half-time. An estimated 200 to 300 more could have been sold if it was opened by club officials.

Meat was donated by Pat McNeel, Jr. and Alvin Hutchins, and various individuals donated fixings for the hamburgers.

Some expenses are to be paid from the gross, it was pointed out.

Burkett Sector News

By Mrs. Joe C. Golson

The Roger Watsons and Vera Pearl Bunnell of Cross Plains visited the Max Watsons in Houston recently. They reported a very nice stay. Visitors in the Roger Watson home last week end were Mrs. Rodney Harlow of San Antonio, Mrs. Felix Watson of Abilene and L. L. Morgan of Brownwood.

Mr. and Mrs. David Crenshaw of Abilene visited in the Tracy Golson home last week. Friday night supper guests in the Tracy Golson home were Mr. and Mrs. Paul of Coleman.

Elbert Jennings is back home again after a stay in an Abilene hospital. We are so very glad to have Elbert and Mildred back home.

Mrs. Andrew Walker is home from the hospital in Brownwood. So glad she is home with her family again.

Raymond Jennings is doing quite well at this time. We hope one day soon to hear that he will be coming home. Mrs. Jennings spent a week at home in Burkett and in Cross Plains with their daughter and family. She came home to tend a few things. She would like to thank all the people who helped when Raymond become ill. So many cards were received, and one day 15 came in the mail. Monte said she didn't know that Raymond had so many friends. I told her she had them right along with Raymond that we didn't tell them every day just how much they mean to us. But just like Elbert and Mildred, Andrew and Doris Walker and Monte and Raymond they make up part of the ingredients that go into the pot to make Burkett what it is.

Mrs. Early Welborn, Josie Bess and Annie Tyson were here to visit with Anna Golson last week but Anna was in Coleman, so they visited with Wade and Joe. Anna said to tell you novice gals that she was sorry she missed you but do come again soon.

The Burkett supper is to be held Saturday at 7 p.m. Those on the committee are Mr. and Mrs. Jack Strickland, chairmen; Mr. and Mrs. Carl Blutworth, Mr. and Mrs. Reese Porter, Edna Helms, Mr. and Mrs. Bevo Webb and Ike Hoover.

Wayne Harris and son, Will, were visitors in Mrs. Lyda Harris home last week end. Wayne, Lyda and Will visited Ernest Harris in the Cross Plains rest home and they returned Ernest to Burkett for the day. Ernest is not up to coming home very often and he enjoys being with his family in his home. They took Ernest to visit the old Hobbs Hole where all had spent so many happy hours fishing. Mrs. Lyda was thrilled to have her husband and one of her sons and grandsons with her at home again. They spent a nice day together.

Visitors in the Wade Golson home over the week end were, Mr. and Mrs. J. L. Golson, Cory and Chad, of Austin and Clinton Tabor of Washington, D. C. Clinton is the son of John and Mattie Tabor and nephew of Anna Golson. He has been in Europe the past 18 months and is on his way to Washington for a tour of duty at the White House. Before coming to Texas he stopped in Oklahoma and visited a while with his son, Mike, and his two daughters, Kin Tabor and Mrs. Terry French and was there for the birth of his second grandchild which was a little girl.

Tooter and Virgie Adams were wandering around out in West Texas near Muleshoe when they noticed a big truck being loaded with huge orange pumpkins. They stopped and talked a while as Tooter is always ready to do. They found that when the truck was loaded with 90,000 pounds of pumpkin for market. The workers gave Tooter and Virgie 2 pumpkins, and a huge squash that weighed 37 pounds and was 31 inches long. Virgie is going to cook it for Tooter, of course a little at a time. We have never found any food that Tooter won't eat, but then Virgie is a mighty fine cook. Invite Arch Harris, Virgie's dad, to help you eat it. But tell him not to get there before 6 o'clock in the morning that is, Arch don't pay much attention to the time where no matter what the clock says he hops in his car and hits the road.

Angela Golson, wife of Murray Golson, and Lyn Caffey, a friend, were in a very serious car wreck Saturday night or

early Sunday morning, somewhere between Fort Stockton and Alpine. The girls had been to the Sul Ross-Tarleton football game in Stephenville to watch their husbands play football and were on their way back to the college at Sul Ross when Lyn fell asleep at the wheel and the car rolled. Angela Golson is feeling some better, but was unable to follow the team to Brownwood to the Howard Payne-Sul Ross game on this past Saturday night. Lyn was not hurt at all. Angela had a few cuts, but went into shock and had to be hospitalized for several days for observation. The car the girls were riding in was demolished.

On September 3 they boarded a 747 jet at Dallas for a seven-hour, non-stop flight to Honolulu and the home of Bevo's and Dorothy's nephew, Tommy Ray Webb, son of the Wesley Webbs. Tommy is stationed at Hickman Air Force Base in Honolulu. They visited many points of interest. They met the beautiful Jean King, a state senator, of the islands, and Dorothy noticed that her name was Soko before she married. They could not visit the Old Square where the Royal Palace had been and all the history of the islands as they were restoring parts of the old building. Dorothy said that they spent four days on the north side of the island and that is the place that took her breath away. She said it was so beautiful and cool.
