Mrs. Johnny Williams Wins Sewing Machine At A & M Short Course

Mrs. Johnny Williams, of West Camp Home Demonstration club won third place in the State clothing contest which came to a close during the Texas A. & M. Short Course, Friday, July 24. Seventy-one counties entered this contest.

The judging was based on the records, which were kept by the clothing demonstrators, clothing plan, number of foundation patterns and garments made by the patterns, story of the year's work, storage built or improved, foundation pattern dress and slip.

Mrs. Williams had one of the best dresses in the state contest; she has made 29 foundation patterns and 11 slip patterns, 90 dresses, and 34 slips have been made by these patterns. Every one of her club members entered a dress in the Bailey county clothing contest and every member improved or built new storage space.

The four prizes awarded in the state clothing contest were: Washing machines, two sewing machines and a chest of silver. Mrs. Williams received a sewing machine.

S. S. CLASS PICNIC

Thursday evening of last week, members of Mrs. S. C. Beavers' Sunday school class of the Methodist church were entertained with a picnic at the sand hills located southwest of town.

The group met at the church and went to the sand dunes in cars. A very enjoyable evening was spent by roasting wieners over a camp fire and playing on the sand.

Among those attending were Mr. and Mrs. A. J. Gardner, two sons, Paul and Max, Mr. and Mrs. A. W. Copley and daughter, Doris Jean, Mrs. Albert Isaacs, Mr. and Mrs. Dudley Dunard, Mrs. Horace Holt and son, Robert, Mrs. Virgie Mae Clark, Mr. and Mrs. Rufus Gilbreath, Dr. and Mrs. Robert H. McCarty and her sister, Mr. and Mrs. Pat R. Boko, Mr. and Mrs. Harold Weyer, Miss Janee Morgan, the class teacher, Delma McCarty and the class teacher, Mrs. S. C. Beavers.

STANLEY - BRITTON CONVICTED

Herbert (Hub) Stanley, dodged the electric chair the second time when Wednesday night of last week he was found guilty of having robbed the State Bank at Friona a few weeks ago. Three ballots were taken by the deciding jury, in District court at Farwell, where the trial was held.

In the robbery \$964 in money and about \$2,000 in travelers checks were taken from the bank, most of it said to have been found on the person of Stanley and his partner J. C. Britton, when later arrested by officers at Fort Worth.

Of one thing about hell we can be dead sure, it will be exactly what justice makes it; no better, no worse.

Considering how fine this railroad transportation is nowadays, you can't travel any cheaper. Fares lowest in history—substantial savings on round trip tickets. So why not take the train? It's safer. It's more dependable.

You can't beat the improved travel comfort in coaches and sleeping cars. It's a good thing movies don't have such restful seats—most folks would sleep all asleep.

Ever hear about the new Free pick-up-and-delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to door at no extra charge.

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined diesels that he can step out, too. Both passenger and freight schedules have been speeded up.

What's more, the railroads believe in "safety first." Last year not one passenger was killed in a train accident on western railroads.

Talk to your local railroad agent. He's full of information about traveling and shipping.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

Muleshoe Girls Are Second Winners In Clovis Tennis Event

The annual Clovis News-Journal Tennis tournament was played in Clovis, N. M., last Saturday and Sunday. Misses Hazel Nelson and Eunice Griffiths representing Muleshoe in women's doubles.

The local girls played their first match Saturday with Miss Margaret Joe Black and Mrs. Travis Smith, Clovis team, and were victorious; six-one and six-two. Winning this game entitled them to enter the finals and their next game was played Sunday afternoon at five o'clock with Mrs. Ida Etha Thomas and Mary Eider, of Clovis. The Clovis team was victorious, six-two and seven-five.

Misses Nelson and Griffiths were awarded second place medals by the News-Journal.

The tennis matches were played on the courts located in Northeast Clovis near the swimming pool and park. Large crowds of fans witnessed the games, among those from Muleshoe attending were Misses Irma Willis, Jane and Gene Morgan, Mr. and Mrs. C. R. Stevens, Miss Twila Farrell, Walter Moeller, Lester Garth, Francis Gilbreath, Weldon Brooks, Winn and Clifton Griffiths.

BEAUTIFUL BABY CONTEST WILL BE FEATURE OF MULESHOE TRADES DAY TO BE HELD MONDAY, AUG. 3

Anton Plays Muleshoe In Baseball During The Afternoon; Music By Orchestra; Usual Buying And Selling.

Next Monday, August 3, is the regular Trades Day event in Muleshoe and the usual big attendance is already forecast. Most farmers are now enjoying the "in-between season" when planting and most cultivating has been done and they are awaiting the time of a bountiful harvest already forecast in this section, and they and their friends will be glad to avail themselves of making the home monotony and mingling to the county seat town of Muleshoe for a day of fraternizing and merry social intercourse.

Have Baby Show

One of the principal features of Monday will be a Baby Show, parents of U. S. Infantry of Muleshoe, whether "standing" or "going down," are requested to bring their dimpled darlings (both sexes) and regardless of whether or not they favor their fathers, and enter them in this bazaar of bouncing, beautiful pulchritude. Winners of first honors will have blue ribbons pinned on them, (safety-pins, as a matter of precaution) while second place winners will wear red ribbons. In addition awards of \$3.00 each will be made to first place winners in the beautiful baby contest, and \$2.00 each to second place winners. Two local leading business men have also agreed to award the first prize winners of each class with a beautiful blanket. Two classes or ages of babies will be judged: Those from one to five years, forming one class, and from two to three years forming the other class. It is reported that of this contest the proceeds will be used to insure and will be further extended to bodily harm from the mothers wise babes are just as

Usual Awards Given

Late in the afternoon the usual awards amounting to a desirable sum, will be made on Main street. The big square cage is already said to be filling with names and a spirited event is forecast. No one should miss this feature, as there is no telling who will be the fortunate recipients of worth while funds.

The Usual Buying and Selling

The usual buying, selling, swapping and trading will be in force on the vacant lots just west of the Main drag, and people having livestock, household goods, or anything else they wish to dispose of, are requested to bring it for disposal. There will be the usual good number of buyers present. Free customer services will be given those desiring such.

Everyone for miles around is invited by the committee and business men of this contest to enjoy the events of the day, participate in the special merchandise offerings made by local concerns, also making it a day of profit.

C. Choate Died Tuesday Morning At A Lubbock Hospital

C. A. Choate, 46, formerly of Muleshoe, but who had been residing in Lubbock for the past several months, became seriously ill the latter part of last week and was taken to a Lubbock sanitarium for medical treatment. He passed away there Tuesday morning, July 28, his death being determined as from uremic poison.

Funeral service will held Wednesday afternoon at the First Baptist church, Lubbock, with the pastor, Rev. J. H. officiating, assisted by Rev. L. Enkas, of Amherst, formerly of Muleshoe. Burial was made at the Littlefield cemetery. The deceased was laid to rest beneath a covered grave of beautiful flowers, and bore a throng of relatives and friends who knew and loved him.

The Ris Funeral Co. of Lubbock brought the body to Sudan and had charge of funeral arrangements. The deceased is survived by his wife and one son, Carl, of Sudan, two brothers and two sisters, of Ladonia.

Mr. Choate, who with his family moved to Muleshoe from Lovington, N. M., and resided here for over two years where he was employed at the Valley Motor Co., and for the past several months he had been Chevrolet salesman for the Chevrolet Co. in Sudan.

A large crowd of friends of the deceased who were sadly bereaved at his death attended the funeral and burial service.

MISS KATHERINE HOBBS TO WED

Mr. and Mrs. R. L. Hobbs announce the coming marriage of their daughter, Katherine, to Mr. Howard McNeese, of Lubbock.

The bride-elect is a former student of C. L. A. Denton and has been attending school in Lubbock for the past few months.

Mr. McNeese is a student of Texas Technological college, and a former resident of Silver City, N. M.

The double-ring wedding ceremony will be read at 7:45 Sunday morning, August 2, in Creighton chapel, Lubbock. The Rev. E. Cecil Seaman, bishop of the North Texas district, Protestant Episcopal church, will conduct the services, the Rev. J. Hodge Alives assisting.

The couple will leave immediately on a honeymoon trip to Rudisno, Silver City, points in the Gila national forest, and other parts of southwestern New Mexico.

After the wedding trip the couple will be in Muleshoe with the bride's parents, until September 1, when they will return to Lubbock.

Is Re-elected

George Mahon, who was re-elected throughout the day to assist in driving dull care away and to rejuvenate the spirits of the visitors, two different aggregations of musicians having applied for honor of tickling the ears of the visitors during the day.

Another feature of the day will be a baseball game between Muleshoe and Anton teams, both composed of skilled manipulators in the game of horseshoe and a close and exciting tussel on the diamond is anticipated.

James V. Altred, who was re-nominated for the office of Governor of Texas in a Saturday's election by a decisive margin.

O. E. S. MEETS TUESDAY

The regular monthly meeting of the Eastern Star organization will be held Tuesday evening, August 4, at the Masonic hall. All members are urged to attend, and lend their cooperation in making this a successful year.

ORDINANCE FOR SEWER USE IS PASSED BY COM.

Effective Today; Many Connections Will Be Made.

The recently completed \$23,500 sewer system installed in Muleshoe having been accepted by Federal officials, the City Commission in this week publishing in the Journal an ordinance passed last week which governs requirements of connections and service.

C. F. Moeller, one of the commissioners, has been appointed plumbing inspector and will pass on all installation of pipes and connection. The ordinance has certain requirements for plumbers doing work within city limits, and requires that installation of fixtures be made in keeping with certain provisions, a sliding scale of charges being effective for various classes of houses availing themselves of this healthful and sanitary service greatly needed here for several years past.

It is anticipated that some 50 or 60 connections will be promptly made. E. R. Hart made the first application for service.

Citizens residing within city limits are requested to read the ordinance as published this week that they may familiarize themselves with its various detail requirements, thus obviating any misunderstandings, unnecessary cost, etc., as they seek this service.

Two Injured When Truck Hits Phone Pole Near Earth

Tuesday afternoon about two miles west of Earth on U. S. highway No. 70, Leonard Archer and a Mr. Griffin while traveling in a 1936 Ford V-8 truck, enroute to Dallas had what could have been a serious accident, when the driver it was thought, went to sleep the truck leaving the road, crossing the bar ditch and crashing into a telephone pole.

Griffin was seriously cut about the head by windshield glass, also had several dangerous body bruises. A traveling salesman came by and brought him into Muleshoe where he was given medical attention by a local physician, several stitches being required to close the gashes in his head.

Archer was hurt considerably in the chest and had a number of bruises and scratches. He was able to bring the truck into Muleshoe and after several hours of rest and recuperating the couple left on their way to Dallas. The truck was damaged some, having a broken windshield, badly bent front bumper, and one door was bent.

SPRING LAKE BUYS BUSES

The Spring Lake school district, located just across the line from Bailey in Lamb county, last week bought seven Diamond T trucks and school busses to be used in pupil transportation. There were 14 dealers in various makes of cars present for the bidding.

Civil war in Spain, wherein attempt is being made to overthrow the present government, has already cost that nation more than 1,500 lives, three ships and other losses.

Is Renominated

United States Senator Morris Sheppard and Governor James V. Altred led the ticket in the Democratic primaries held over the State of Texas, Saturday of last week, with indications there would be comparatively few run-offs in state, district or county tickets for the second primary to be held August 22.

Congressman George Mahon, of this district, was returned to his seat by overwhelming majority vote over his opponent, E. B. Speck, Townsend old age pension candidate. A. B. Tarwater, state representative for this district, was likewise returned to office in a five to one vote over his opponent from Castro county. Senator G. H. Nelson, this district, led the ballot voting for re-election in Bailey county as elsewhere throughout the district.

Senator Clint Small, in the district north of here, had a close lead for re-election over his opponent Curtis Douglas. Congressman Marvin Jones was returned to his Washington duties by large majority.

In the Bailey county voting M. G. Miller led Dr. Matthews more than 100 votes for County Judge, Myron Pool running third. J. J. Williams head Miss Elizabeth Harden about 30 votes for County and District Clerk. John Alfred was re-elected as County Commissioner for Precinct 4. Mr. Williams re-elected County Commissioner for Precinct 2. There will be a run-off in Precinct 3 between D. Warner and Geo. Henderson, for County Commissioner, as also run-off in County Judge and County Clerk's races.

In Lamb, adjoining county to Bailey, L. R. Crockett, mayor of Littlefield, was chosen county judge over Simon D. Hay, incumbent for the past eight years.

There was an immense crowd gathered at Muleshoe Saturday night after the voting to hear returns. A big bulletin board had been placed over the porch of the Muleshoe Motor Co. on which returns were posted as they came in. There was also a loud speaker put into service to make announcements for anxious candidates and voters who had gathered to learn results.

C. P. WILLIAMS DIED OF SUNSTROKE AT ROOSEVELT

C. P. Williams, 56, former Muleshoe citizen, died Thursday of last week at Roosevelt, Okla., following a sunstroke. For about three years he was associated with the Hagemer & Sactier Hardware Co., then doing business here.

Death came while he was sitting on the porch of Mr. and Mrs. Virgil Perkins, 10 miles southeast of Roosevelt, according to an article appearing in the Hobart Democrat-Cent newspaper, a copy of which was sent the Muleshoe Journal this week.

The first intimation of his serious condition from heat was noticed when he slumped down in his chair last Thursday afternoon. He died soon afterwards.

Williams had lived in Roosevelt most of the time since 1915. He had been pumping water for cattle on the Deternan ranch near the Perkins place that afternoon, and becoming excessively warm had stepped onto the porch of the Perkins home to rest and cool off for a few minutes when he succumbed to the oppressive heat.

Funeral services for the deceased were held last Saturday afternoon at Okalahoma City.

Bailey Co. Cotton Growers Are Slow Asking Payments

We find that some of the cotton producers of Bailey county for some reason have not made application for subsidy payment on cotton produced last year for the full poundage to which they are entitled," said Fred Elliott, assistant cotton adjuster. "These producers who have not made application for cotton price adjustment payment up to the full amount of the Bankhead allotment should secure Sales certificates from the buyer of the cotton up to their full allotment last year for the full poundage. This should be done before August 15 as that is the closing date the state office has given us," he continued.

"The producers whose applications for subsidy payment have not been filed in the state office with eligible cotton still uncovered by an application should obtain Sales certificates for such cotton before August 15, as this is anticipated to be a battle royal from start to finish with the home town team hoping to be the winner.

The eight day invitation baseball tournament will begin playing in Lubbock and Muleshoe; players as follows have been loaned to other clubs and are playing there: Lefty Burns and Lefty McWilliams with the Anton club; Newby Moore, Don Moore and "Iron Head" Arthur Damon with the Enoch club.

The regular Muleshoe team had planned to enter the tournament but on account of not being enough interest and enthusiasm shown by local baseball fans they were unable to. The final games will be played there Sunday.

PRESENT SUIT TO THE KING

Lubbock, July 27.—With a navy blue suit especially tailored for King Edward VIII their most precious cargo, Morris Burchfield of Vernon and James Chandler of Lubbock, left the United States last Sunday about the Ellipsport from New Orleans for England. The boys, messengers from Texas Technological college where the matrons for the suit was made in the textile department, will arrive in London August 10 and make plans to present the suit to His Majesty, in person.

SEN. SHEPPARD AND GOV. ALLRED LEAD TICKET FIRST DEMOCRATIC PRIMARY; MAHON, TARWATER WIN

Miller Leads Matthews For Judge In Bailey County; Williams Leads Miss Harden For County Clerk.

United States Senator Morris Sheppard and Governor James V. Altred led the ticket in the Democratic primaries held over the State of Texas, Saturday of last week, with indications there would be comparatively few run-offs in state, district or county tickets for the second primary to be held August 22.

Congressman George Mahon, of this district, was returned to his seat by overwhelming majority vote over his opponent, E. B. Speck, Townsend old age pension candidate. A. B. Tarwater, state representative for this district, was likewise returned to office in a five to one vote over his opponent from Castro county. Senator G. H. Nelson, this district, led the ballot voting for re-election in Bailey county as elsewhere throughout the district.

Senator Clint Small, in the district north of here, had a close lead for re-election over his opponent Curtis Douglas. Congressman Marvin Jones was returned to his Washington duties by large majority.

In the Bailey county voting M. G. Miller led Dr. Matthews more than 100 votes for County Judge, Myron Pool running third. J. J. Williams head Miss Elizabeth Harden about 30 votes for County and District Clerk. John Alfred was re-elected as County Commissioner for Precinct 4. Mr. Williams re-elected County Commissioner for Precinct 2. There will be a run-off in Precinct 3 between D. Warner and Geo. Henderson, for County Commissioner, as also run-off in County Judge and County Clerk's races.

In Lamb, adjoining county to Bailey, L. R. Crockett, mayor of Littlefield, was chosen county judge over Simon D. Hay, incumbent for the past eight years.

There was an immense crowd gathered at Muleshoe Saturday night after the voting to hear returns. A big bulletin board had been placed over the porch of the Muleshoe Motor Co. on which returns were posted as they came in. There was also a loud speaker put into service to make announcements for anxious candidates and voters who had gathered to learn results.

C. P. WILLIAMS DIED OF SUNSTROKE AT ROOSEVELT

C. P. Williams, 56, former Muleshoe citizen, died Thursday of last week at Roosevelt, Okla., following a sunstroke. For about three years he was associated with the Hagemer & Sactier Hardware Co., then doing business here.

Muleshoe Baseball Boys Win And Lose Games The Past Wk.

Wednesday afternoon of last week the Sudan baseball team played a return game here with the local team, Muleshoe being victorious there and two. It was a 40 inning game and up to the seventh neither team had scored.

Thursday afternoon of last week the Muleshoe team played a game at Anton and won five to four. After 11 innings had been played. It was the debut of the Anton annual celebration ad members of all baseball teams were pleasingly entertained.

Last Sunday afternoon a nine inning game was played here between the Friona team and the local boys. Again Muleshoe was victorious five and four.

Sunday afternoon, August 2, Muleshoe's second team will play a game here with Amherst's second team. Next Monday afternoon, "Trades Day," Anton will play here with Muleshoe's first team. This is anticipated to be a battle royal from start to finish with the home town team hoping to be the winner.

The eight day invitation baseball tournament will begin playing in Lubbock and Muleshoe; players as follows have been loaned to other clubs and are playing there: Lefty Burns and Lefty McWilliams with the Anton club; Newby Moore, Don Moore and "Iron Head" Arthur Damon with the Enoch club.

The regular Muleshoe team had planned to enter the tournament but on account of not being enough interest and enthusiasm shown by local baseball fans they were unable to. The final games will be played there Sunday.

STATE LEGIONAIRE MEET TO BE HELD AT CLOVIS

The New Mexico State American Legion convention will be held at Clovis, N. M., August 6, 7, and 8, decorations and other preparations now being made there for that occasion.

The program is said to be about complete, it including addresses by Gov. Altred of Texas and Gov. Tingley of New Mexico.

About 500 veterans of the World war are expected to attend, among which will be several from nearby points, including Muleshoe.

A real carnival atmosphere will dominate the city during this convention, it is said.

Secretary of the State Roper predicts the national income may rise to approximately 60 billion dollars in 1936 as compared with a low of thirty-nine and a half billion in 1932.

REAL ECONOMY

There is quite a difference in real and claimed economy in the operation of an automobile. Ford Motor company always underestimates the performance of its products in national advertising. For instance, "18 miles per gallon of gasoline."

This statement is underestimated and we have placed in service a "Scotty" demonstrator which has a picture of the tight little Scotch dog on each side.

The demonstrator is for your convenience and is equipped with a gas mileage measuring device. We invite you to drive "Scotty" 20 miles or better per gallon at 40 m. p. h. : : Real Economy.

WPA Office Will Be Re-opened in Bailey County, August 5th

Intake offices for referral to WPA will be opened in Bailey county August 5th according to A. W. Long, district relief administrator of Districts 16 and 17 which consists of 25 counties in the Lubock, Plainview, Amarillo, and Pampa territories. Intake offices in other towns in the two districts will be opened as soon thereafter as possible. Mr. Long states that all offices will be open before August 10.

The act creating the 1936-37 WPA program requires that referrals to WPA be made by some public welfare organization. The Texas Relief Commission has agreed to accept this responsibility. Eligibility for referral is based upon one thing only, that he is in need. The only restriction other than that of need is in the case of an illegal alien who is not eligible. This new ruling eliminates the requirements calling for former relief status.

Mr. Long emphasizes the fact that the Texas Relief Commission does not make the actual certification or the placement. The procedure followed is that when a person in need makes application at the intake office all facts necessary to determine the applicant's actual needs are developed. The information required is in detail. Following this case worker make a home visit to the home of the applicant obtaining such other information possible.

Collateral visits to references given are also made. After completing this information an adequate budget is developed for the particular family in question. No two families, even of the same size and same apparent conditions, have the same requirements. After the budget is developed, income and resources are considered. From this information the need is determined. Applications are then either rejected or referred to the WPA. Whether the referral is accepted or rejected, the Texas Relief Commission has absolutely nothing to do with the actual placing of the applicant on a WPA job.

SOCIAL FOR WOMAN'S SOCIETY

The Methodist Missionary society held its monthly social Tuesday afternoon in the home of Mrs. Joe Howell with Mrs. Fred Wallace as assistant hostess.

Mrs. R. S. Watkins, vice-president, presided over the business session. The nominating committee composed of Mesdames Clay Beavers, Ray Edwards, and H. C. Holt, presented the

names of Mrs. A. W. Copley for president and Mrs. Joe Howell for secretary. The committee report was accepted and the two above named were elected. Those taking part in the interesting World Outlook program were Mesdames Bayless, Pierson and Watkins. The hostesses served cake and ice cream to Mesdames C. R. Farrell, Roy Bayless, L. P. Gibbs, Mills Barfield, F. B. Pierson, R. S. Watkins, A. W. Copley, Earl Ladd, Clay Beavers and C. S. Holland. Miss Norma Elrod assisted in serving.—Reporter.

LEAGUE SAND HILL PARTY

Tuesday evening, members of the Excessor Epworth league, Methodist church, were entertained with a picnic given at the sandhills east of Muleshoe on Highway No. 7. The group met at the church house and went in cars to the sand dunes where ice cream was served and an enjoyable time was had by all playing in the sand.

Among those attending were Spencer Beavers, David Border, Wanda Farrell, Wanda McGaughey, Betty Ruth Moeckler, Lucille Bartley, Burgin Watkins, Horace Edwards, Geraldine Skeeters, Clifton Griffiths, Myram Bayless, Mollie McGaughey, John Smith, Florence Sign, Frances Border, Norma Elrod, Holy Ann Bucy, Raynes Hayes and the league sponsor, Miss Elizabeth Haruen.

Grandmother Holmes who lived 2 1/2 miles east of West Camp, passed away Saturday night. Funeral services were held at Progress. Rev. H. H. Copeland officiating. Burial was made in the Muleshoe cemetery.

Mrs. Orval Stone of Muleshoe, spent Sunday night with her parents, Rev. and Mrs. H. H. Copeland.

Mrs. M. D. Spencer, of Reed, Okla., who has been visiting her daughter, Mrs. L. C. Gurley and family, the past two weeks is quite ill.

Mr. and Mrs. E. L. Smith and Mr. and Mrs. W. H. Foster attended the funeral of Mrs. Holmes at Progress, Sunday.

Several people from this community went to Muleshoe Saturday night to hear the election returns.

There is a good attendance at singing school each night.

Mrs. E. L. Smith gave a beverage demonstration to a group of club ladies last Wednesday. Mrs. Smith and Mrs. Robinson gave a demonstration on seven different beverages and served each one present with a sample.

THANKS

I am earnestly soliciting your continued good will and favorable votes in the second Primary to be held August 22, also, especially respect the serious consideration in my behalf of those citizens who voted for some of the other candidates for this office who were eliminated in the first primary. The votes of all will be gratefully appreciated.

Assuring you of my desire to be of real service as your County and District Clerk, I am taking this opportunity of thanking each of you in advance for your favors.

ELIZABETH HARDEN

coming two years. By their votes, they expressed in majority manner, some being quite definite, who they desired and who they didn't want to manage their public business affairs for the coming term.

Selecting these officials from the general run of announced candidates is a very important matter. When one hires a man for public office there are at least two things that should guide their selection, his moral and business record and perhaps, there are instances when the moral consideration should supercede that of business.

Very few business concerns want a man in their employ whose past moral record may be bad or even questionable nor do they care to trust their business to one whose efficiency in that direction may be open to question. They certainly want a man whose past record has been good. He should have a capacity for work, an ability to give fair and conscientious service beyond question. He should be some one who has made good in previous trials and experiences. If there is any taint or stain of any kind resting upon his character or past business activities it puts a question mark before his choice by the citizens.

No business man will fire a good hand merely because some one else wants the job. On the other hand a good business man will not keep a man merely because he wants to continue holding that job. There must be a certain loyalty and fidelity accompanying the job-holder to warrant continuing his employment. It always costs time and money to change hands, and this year the State of Texas is spending thousands of dollars to determine whether it will keep many of its hired hands or employ others for the coming two years.

Voting for public officials is the same as hiring private hands, only those whom the citizens have valid reason to believe will be honest, energetic and true should be employed. In about 30 days from now they will have an opportunity for making this final and important selection.

GOOD CREDIT

Statistics indicate that about 98 per cent of all business is done on a credit basis. Therefore, it pays everyone doing credit business of any kind to keep their reputation good in this respect.

Banks loan more money on moral risks than they do on financial risks, knowing often a man with a good credit rating who has the reputation of paying his debts will be a better one to loan money to than some men with large amounts of property in possession.

MY HEARTY AND SINCERE

THANKS

difficulty. Generally some way of handling the situation in mutual satisfactory manner can be found.

A Big-Capacity, Fast-Working Two-Row Power Corn Binder McCORMICK-DEERING

HERE is the machine for the farmer with a large acreage of corn—the McCormick-Deering Two-Row Power-Operated Corn Binder. It cuts two rows every trip across the field—its capacity is 20 to 25 acres a day. Driven from the power take-off of a McCormick-Deering Tractor, uniform and constant operating speed is assured regardless of slippery ground or heavy crop conditions.
 The design of the gatherers permits raising and gathering any down or leaning stalks—shields provide smooth passage and prevent the ears from being knocked off. Three sets of lifter chains insure proper handling of tall or short corn.
 This power binder is built in two types—for tall and average length corn, and for small and short varieties. Ask us about it.

Because of the Fort Worth tradition . . . or at least largely so . . . Billy Ross is director of what is acknowledged to be the largest enterprise devoted exclusively to entertainment in the world, the Fort Worth services, New Orleans, San Francisco and Chicago.

The Fort Worth enterprise did not spring full grown from the Boscan cerebellum. He has culled the idea for several years, even before his "Jumbo" was produced. Back further still in pre-Billy Ross Music Hall days he schemed. An amusement enterprise of huge proportions . . . the largest in the world to be truthful . . . in which several great attractions might be seen at moderate admission fees . . . such was the Ross vision.

When Fort Worth wanted to celebrate 100 years of history . . . leaving the historical part to other communities . . . by a "wild and whoopee" party Ross, as the foremost of living American showmen, was offered the job. He accepted that the financial deal was to his liking, either. It was that Fort Worth was and is Fort Worth.

Why?

Why should the citizens of this community support independent or local banking as compared to a nationalized system of banks?

You should support independent banking because these institutions are ordinarily owned by local citizens and taxpayers, managed by people that you know and understand your problems.

If your bank were one of a National chain or owned by the Government all of your credit needs must be passed upon by some person in a distant office who is not familiar with you, your needs or conditions in your home community.

Your home bank is interested absolutely in the upbuilding of the community it serves.

GET RID OF POOR LAYERS
No matter whether the poultry flock numbers but a dozen to produce eggs for home consumption or a thousand or more for commercial purposes, poor layers should be weeded out. Poultry experts use two methods of identifying the "star boarders." One method good the year round is to get rid of those hens with bright yellow beaks and shanks—the yellower the shanks and beaks, the poorer the layer. The day after, in all such products the other is to cull out the early mortals; a non-producer in variably molts early decay which is checked by quick prophanes in June, and requires 12 weeks to complete the molt while the high-producer usually grows a new set of feathers in 60 days or less.

CAN FRUITS QUICKLY
Of all the conditions contributing to canned food spoilage there is on which may be easily avoided by rural housewives. Select and can all fresh fruits of those hens with bright yellow beaks and shanks—the yellower the shanks and beaks, the poorer the layer. The day after, in all such products the other is to cull out the early mortals; a non-producer in variably molts early decay which is checked by quick prophanes in June, and requires 12 weeks to complete the molt while the high-producer usually grows a new set of feathers in 60 days or less.

He Knew Texas When It Was Bad

When Captain John R. Hughes, 81-year-old Texas ex-Ranger, who attended the Ranger reunion at the Texas Centennial in Dallas, drove out of El Paso for the long jaunt it was in a 12-year-old Model T Ford by which the veteran peace officer swears. Captain Hughes was a Ranger for 28 years and his stories of stirring adventures with bad men captivated those who attended the reunion.

500 PLAINS FARMERS MEET WITH AAA DIRECTOR COBB AT AMARILLO TO DISCUSS LAND CONSERVATION

Farmers and county agents from 40 Northwest Texas counties were told Friday of last week at Amarillo by Cully Cobb, Southern director of the AAA, that the Federal Government "is going to meet the emergency of the drought in the very best manner possible" with a well-rounded program for agriculture in the next year.

"The 1937 agricultural conservation program is going to square with good farming," Cobb said.

Cobb laid stress on the necessity for the cattle industry to be represented in next year's agricultural program.

Cobb addressed 500 persons, including community committeemen and county agents who have directed the AAA program in the past three years and a large group of Panhandle cattlemen.

The AAA officials pictured a dark future for the range lands of America if something is not done to conserve the soil.

Those attending the meeting from Bailey county were J. B. Waide, county farm agent, W. L. Key, Wm. G. Kennedy, Veg Garner and E. L. Smith.

Speeches by Cobb and other government and extension service officials were heard during the forenoon session of the conference, and the afternoon was devoted to a round-table discussion and speeches by Congressmen Marvin Jones of Amarillo and George Mahon of Colorado.

Suggest Rule Revision
Parlier D. Hanna of College Station, agricultural agent for the district including the northern Panhandle, led the afternoon discussion, H. H. Williams of College Station, director of the extension service, presided.

Numerous farmers made suggestions for bettering the present agricultural conservation program.

Principal among these was a suggested rule to require farmers to decide upon the amount of land they expect to retire from cultivation before their crops have advanced enough to determine how much will not make satisfactory yields.

Conservation of soil was a keynote of the entire conference.

"We have got to make this a real soil conservation if it is going to be successful," said Williamson.

In his morning address Cobb laid special stress to the necessity for the cattle industry to be represented in next year's agricultural program.

National Program
"This new program has got to be a national one including all branches of the industry, if we are going to be able to enjoy our objective of equality of opportunity for agriculture," he declared.

The AAA official, the son of a Baptist preacher who was reared on farms in Tennessee and Mississippi and who dug stumps to earn his way through a Texas Baptist college, pictured a dark future for the range lands of America if something is not done to conserve the soil.

A Big Gully
"Take your own Palo Duro Canyon," he said. "It is a beautiful thing and I like it—but it is just a big gully washed out of this great Plains country. I wonder if your children and their children will be forced to leave a country that is just a great Palo Duro Canyon."

Turning back to a possible range program, Cobb said that officials in Washington have been impressed with the recommendations brought to the national capital by a group of cattlemen, including Jay Taylor of Amarillo.

AAA Is Defended
"I do not believe there has been any

single group in America that has been the object of so much falsehood and misleading propaganda to steer them away from what they should be doing for themselves" he declared.

"This new program intends to do for the cattlemen what it has done to the cotton grower, the wheat producer and others."

Cobb defended the AAA against current criticism by citing advancement of farm prices since 1932, and contended the federal farm program is largely responsible for these increases.

Have Come Long Way
Hanna went up all over the house when he asked how many had sold wheat in 1932 and 1933 for 22 to 25 cents a bushel, and he declared, "We don't want to go back to that."

He said "We have come a long way," and foresaw future progress toward "equality of opportunity for agriculture" as result of better farm leadership which has resulted from the "trying and testing last three years."

Cobb said it has been the policy of his division of the AAA to consult farmers on every move it makes, and the conference here Friday was set for that purpose.

To Discuss Problems
"We want to know what kind of a wheat program you want," he told wheat farmers. "I've got to know how you're going to fight before we can know what our battle is going to be."

Speakers Friday morning included Williamson, Fred W. Merrifield, assistant to Cobb; A. L. Smith, administrator of the state AAA office at College Station; John R. Edmonds, chief of the state wheat division; and K. J. Edwards, assistant district agent.

D. L. HARDING SUCCEUMS TO ILLNESS: BURIAL AT TEXICO

D. L. Harding, 85, of Texico, N. M., passed away last Monday night at a sanitarium in Clovis, N. M. He had been in ill health for the past four months and Thursday of last week he was taken from his home near Texico to the sanitarium.

He with his family, moved from Comanche county in 1909 to their home a few miles southeast of Texico, where he had resided since.

Funeral service was held Wednesday afternoon at 2:30 o'clock at the cemetery officiating, and burial made in the Texico cemetery.

He is survived by his widow and seven children, Mrs. Howard Carlisle and Mrs. R. J. Klump of Muleshoe, Mrs. W. W. Williams Mrs. W. J. Matthews, B. L. Harding, N. F. Harding and Jim Harding, of Texico.

The grave of the deceased was covered with beautiful floral offerings given by the many relatives and friends who knew him and loved him.

A large crowd from Muleshoe attended the funeral service. The deceased had visited in Muleshoe often with his daughters and was well known by a large circle of friends.

A Memory Gem

Count your garden by the flowers, Never by the leaves that fall; Count your days by golden hours, Don't remember clouds at all; Count your nights by stars, not shadows; Count your life with smiles, not tears; And with joy, on this your birthday, Count your age by friends, not years.

It is announced that more than 70 employes of the State Pension board will be dropped from that list within the coming 30 days.

MISS COOK ENTERTAINS

Thursday night of last week Miss Margaret Ann Cook entertained with a lawn slumber party at the home of her parents.

In the early part of the night a watermelon feast was enjoyed after which the remainder of the time was spent in regular slumber, "party style."

Those attending were Misses Nora Lee Dutton of West Camp, Rosa Lee Renfrow, Marie Finley, Jaunita Cooper, Lucille Bartley, Geraldine Skeeters, Betty Ruth Moeller, Naomi Harper, Zoe McReynolds, Dorothy Schuster, Holly Ann Buey, Wanda McCaughey, Norma Elred, Wanda Farrell, Wayne Mann, Jimmie Marie Adams and the hostess.

VISIT—HART'S...FROG IN THE WELL SALE.. WHICH STARTED LAST WEEK

The teacher gave the new boy pupil this problem: A frog fell in a well 100 feet deep. He jumped up five feet every morning and fell back 15 feet every night. How long did it take the frog to get out of the well?

You have probably heard the story of how, after figuring diligently several hours, using all the scratch paper he could find, breaking several pencils and losing a great deal of sweat, the teacher came to his desk and asked how he was getting along with the problem. Very much irritated at the interruption he told her if he would let him alone a few minutes he would have that frog figured clear into—

A Regular Clean-up

We have been in business in Muleshoe several years and have accumulated an assortment of items we want to move regardless, and also, want to offer some bargains on seasonable items. We are setting aside a table on which we are going to place 20 or more items on this special sale—we are going to mark them low—they will be bargains at the starting price. Then twice weekly—namely for the opening each Wednesday morning and each Saturday morning—we are going to mark half of the unsold items down 15 percent and half of them up 5 percent, then at the next marking the 5 percent items will come off 15 percent and the 15 percent items will advance 5 percent.

Everything Must Go

This to continue until the items are sold or the mark reaches zero—then goes to the first customer wanting the item for the taking. We will keep items placed in this sale on this table until sold or given away.

Additional merchandise will be added to replace sold out items to keep the assortment of interest to all.

Mr. B. F. Waller quickly bought the Pressure Cooker offered in our Frog sale. Others are snapping up these bargains just like the frog snaps up flies.

FILL UP WITH PHILLIPS "66" AT Phillips Service Station, On Main Street

WE KNOW IT'S THE THRIFTY GASOLINE

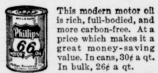

Just figure how far you go between gas-station stops... with your present gasoline and with the new Phillips 66 Poly Gas! That will tell you why so many users say that Phillips 66 delivers more miles at rock-bottom cost.

Certainly there's a reason. No other gasoline, not a single one, is so accurately matched to the constant changes in your climate. In September or April, every day in the year, Phillips 66 Poly Gas is 100% custom-tailored to the weather of the very place in which you are driving.

Every gallon is, in addition, enriched with extra energy units by the patented POLYmerization process. So less gas does more. This not only helps mileage, but steps up the power-output of your motor.

You'll notice that the extra power saves shifting in a line of crawling traffic. You will feel the fast, smooth, flexible response every time you toe says "go" to the engine. Knock and noise are so reduced that the motor is as easy on the ears as this improved gasoline is easy on the pocketbook.

For greater driving economy and pleasure, make your car an outstanding performer... by filling up with Phillips 66 Poly Gas... the stand-out gasoline that costs nothing extra.

This modern motor oil is rich, full-bodied, and rare carbon-free. At a price which makes it a great money-saving value. In cans, 30 1/2 qt. In bulk, 26 1/2 qt.

Ask the Western drug to explain to you what this remarkable compound is doing to rosters and ailments. Guaranteed.

U. S. Loses Trade by New Treaties

Foreign Nations Dump Products Here Under Latest New Deal Policies.

Washington, D. C.—American foreign trade balances are shrinking rapidly as a direct result of the New Deal Party's reciprocal tariff treaties, latest figures released by the Department of Commerce show. The United States is losing daily with every country with which the New Deal treaties have been put into operation, the figures show.

At the same time, United States imports jumped upward, from \$1,644,055,000 in 1934, before the treaties went into effect, to \$2,047,287,000 in 1935 after the agreements were in operation.

Only Germany Barred. Germany is the only country in the entire world that does not reap the benefits of the tariff reductions in the New Deal treaties, because Secretary of State Cordell Hull ruled Germany out of the reciprocal tariff system.

All in all, for the first six months of 1936, foreign trade books of the United States were in the red \$9,011,000 as compared with a black ink showing of \$29,615,000 for the corresponding period in 1935. Meanwhile, the American trade position with Germany improved more than 400 percent.

The report reveals that with 14 of the 51 nations of the world, American exports actually declined in the first six months of 1936, causing Americans to lose millions of dollars.

Cuba Shows Gains.

The negative balance of trade with Cuba, which is always present because of heavy United States sugar purchases, jumped from \$31,626,000 to \$51,935,000 under the reciprocal treaties.

The favorable balance of trade with Brazil dropped from \$29,100,000 to \$24,712,000. The favorable balance with Canada dropped from \$26,038,000 to \$24,662,000.

With Sweden, in 1935, the United States had a favorable trade balance of \$851,000, the report shows, but in 1936, after the New Deal's tampering with the United States had a negative balance with Sweden of \$1,337,000.

Famous Historian Hits New Dealers on Broken Pledges

New York, N. Y. — America's most famous Americanist, James Truslow Adams, in his latest volume on current history, discloses that from the nonpartisan viewpoint of the historian the New Deal administration has broken more pledges to the people than any other administration.

"I cannot recall any other president and party which has gone so far in the solemnity of their pledges," Mr. Adams writes in his new book. "Nor do I recall any other such repudiation of them."

"That repudiation has not been the result of overwhelming circumstance, but has largely resulted from the endeavor to make over the whole pattern of our social and economic life to meet the personal approval of a president."

"The question at once arises, how can self-government continue if a people cannot put trust in the most solemn pledges of the party and candidates for whom the majority vote?"

"If we cannot do so, then the system of a party government must crumble and we have nothing to take its place, except dictatorship or revolutionary chaos."

The book, "The Living Jefferson," is published by Scribners. Mr. Adams is the author, among others, of "Founding of New England," a Pulitzer prize winner, and "The Epic of America."

Landon Leading 2 to 1 in Six-State Radio Poll

Chicago, Ill.—Reflecting the nationwide swing away from the New Deal Party, Governor Alf M. Landon, Republican Presidential nominee, is maintaining a two-to-one lead over President Roosevelt in a poll conducted by the midwestern radio station, WIND.

Covering six states, Illinois, Indiana, Michigan, Ohio, Iowa and Wisconsin, the poll requires that all votes must be written and sent in through the personal interest of the voter.

Gov. Landon showing a better than 12,000 votes at the latest count and President Roosevelt trailing with less than 6,000, the minor candidates of Lemke, Browder and Thomas divided another 1,500 votes.

Evils of Restricted Production No policy of restricting production and artificially raising prices is sound policy. Reduction of production inevitably affects the real wages of anyone; therefore, it lowers the standard of living. And, more than anything else, it leads to the bread lines, to ration cards and a form of government that is regressive but an out-

HELOFUL HINTS

Mrs. Housewife: This newspaper will publish "Helpful Hints" at regular intervals. It suggests you clip this column and paste it in your recipe book.

Powder Puffs.—A soiled powder puff does not need to be thrown away, many believe. Instead, just use a little soap with luke warm water...

Custard Pie.—If one wishes to have custard pie a nice even brown, sprinkle a little sugar over the top before putting in the oven.

Beating Rugs.—A rug may be beaten twice as easily and thoroughly if placed on a pair of old springs face down. Then turn over and sweep.

Shoes.—When putting shoes away for next summer, stuff them full of tissue paper or cotton batting.

Oil Stove.—If an oil stove smells, drop a small piece of gum camphor into the tank.

Beads.—If you have some large heavy beads that may be strung try violin strings, they stand a lot of strain.

Repairing Wall Paper.—When next you would repair wall papers, instead of cutting a square piece just to fit the place, tear an irregular piece and put it on the wall, being careful to match all lines and figures.

Coffee Stains.—Coffee stains are not easily removed unless done so at once. Boiling water will remove them if the coffee has not had time to become thoroughly absorbed.

Oil Cloth.—Oil cloth may be kept from breaking at the corners over a table if you paste heavy muslin or pieces of adhesive cloth on the wrong side where the corners of the table come.

Eyebrows.—Petroleum jelly is good for making the eyebrows grow. When applying let the fingers follow the line of growth of hair.

Extra Legislature Session Is Being Talked For Fall

The possibility of a Governor Alford might call a special session of the Legislature early enough in the fall to avoid any question as to when members elected in November will go to office was discussed in Austin this week.

MR. AND MRS. MCNEESE HONORED Thursday afternoon of last week a surprise miscellaneous wedding shower was given in honor of Mr. and Mrs. Howard McNeese by a group of their friends at the home of Mr. and Mrs. R. L. Hobbs.

O. E. S. HAVE MELON FEAST Friday evening of last week members of the Eastern Star organization were entertained with a watermelon feast given on the lawn at the home of Mr. and Mrs. M. S. Stidham a short distance north of town.

Those who attended were Mr. and Mrs. W. C. Cox Mr. and Mrs. T. L. Eason, Mr. and Mrs. Ray Griffiths, Miss Helen Jones, Miss Elizabeth Harden and niece Barbara McGaughy, Mrs. Bonnie Isaacs, Mrs. Lora Coker and two daughters, Frances and...

What's Happening In Washington And Other Cities Of Importance

The Italian Diet claims he can now put 8,000,000 men in the warfield within very short notice.

Due to excessive heat, baked Irish potatoes were last week reported to have been dug from fields in North Dakota.

The late Huey P. Long's law requiring public utilities to pay the costs of rate investigations has been declared unconstitutional.

Following a continued illness since last Spring, Secretary of War George Dern, died Thursday of last week in a Washington hospital from heart trouble. He was 64 years old.

The famous Salt Lake City, Utah, Mormon choir of 300 voices furnished music for the funeral service of the late George Dern, former U. S. secretary of war, when he was buried last Tuesday.

Wilmarth Leckes, 37 foster son of Secretary of the Interior Harold L. Ickes, committed suicide last Monday on the first anniversary of his mother's death. It is stated he had recently learned he had tuberculosis.

An unidentified monoplane dropped six bombs at the U. S. S. destroyer Kane last Sunday off the coast of Spain, the Kane replying with anti-aircraft gun fire when the third bomb was dropped. Neither scored a hit.

Mrs. Ruth Bryan Owens, daughter of the late William Jennings Bryan, and who a few weeks ago was married to a Danish king guard, last Saturday resigned her commission as envoy to Denmark, since she would not take an active part in Pres. Roosevelt's campaign for re-election.

Overseer Wilbur Green Volvia of the former Dowie congregation at Zion Ill. last week imparted to a peripatetic congregation that no more rain would fall this year. Three hours after his statement two inches of rain washed that city's streets. Volvia is a staunch proponent that the earth is flat.

Numerous droves of turkeys are being used in many sections of the north western states to combat outbreaks of grasshoppers. One growing firm has imported a herd of 84,000 near Huntsville, Utah which cleaned out big droves of the insects furnishing much ground and fattening for the birds.

Establishing a tall building suicide record, Robert F. Erskine, 21, last Friday jumped from the top of the Empire State building, 86 stories high in New York city, falling 1,056 feet to the pavement below where his body, a mass of jelly flesh and broken bones was unrecognizably mangled. Fortunately no one was struck by the body hurtling through space. Others have made the same life-jump; but invariably struck on some of the balcony roofs intervening before hitting the ground.

MISSIS FARRELL AND HOLT HONORED WITH A PARTY Friday afternoon of last week a surprise farewell miscellaneous shower was given in honor of Misses Twila Farrell and Mary Holt by Miss Hazel Nelson at the home of her sister, Mrs. Jim Burkhead, in Muleshoe.

Miss Holt is leaving soon to attend McMurry college at Abilene and Miss Farrell will attend a college at McMinnville, Oregon.

Several entertaining games were enjoyed, an outstanding one being a contest game in which Misses Holt and Farrell were prize winners. The hostess presented them with the prizes which were many lovely and useful gifts given them by their friends. Many who did not attend the shower sent gifts.

A delicious refreshment course of ice cream and cake was served to the following: Misses Crystal Kennedy, Eunice Griffiths, Irma Willis, Jannette Watkins, Wanda Farrell, Eva Harper, Anna Margaret Hart, Jamie Lee Watkins, Mrs. G. A. Nelson and daughter, Virginia Faye the honorees Twila Farrell and Mary Holt.

SENATOR SMALL MAY INTRODUCE BILL PROVIDING FOR WATER SURVEY AND PRORATION (Continued from page one)

area of country where the rainfall is slight, it can be easily figured, or at least imagined by the average interested layman, how long this supply may possibly last.

Officials declare that not only should the supply be conserved as much as possible; but also that those who have already put down wells, entailing an investment of from \$1,000 to \$2,500 each, are entitled to protection of such investments, hence the spacing and proration idea.

Federal investigators have not yet completed their acquired data, it is said, hence no recommendations have yet come out of Washington. However, state authorities already have a mass of data on which preliminary recommendations may be based. The survey and the forthcoming bill of Senator Small's will be looked forward to with a great deal of interest by irrigators of this section.
