## DOWN HOME

**EDITOR'S NOTE:** The following poem was written by Jake Merryman, a member of the Senior Class of 2001. The poem was meant to be given to his mother, Debbie Merryman, on graduation night, but he couldn't wait and so he presented to her on his 18th birthday, March 5, 2001. Jake has also had two other poems published in the past, "My Love" and "Good-bye". I felt this poem "The Greatest Gift" was appropriate for this time of year with commencements being this week. Hope you enjoy it as much as I did. Vanda Anderson-Creech

### "The Greatest Gift"

Today...on the anniversary of my birth,  
I have the greatest gift I could ever receive... your love.

Eighteen years ago I was brought onto this earth,  
Where I learned to crawl on the floor.

But here today... at this moment,  
I feel like I could fly.

You were there when I stumbled to walk,  
You helped me stand up straight.  
You were there when I wanted to run,  
You helped me keep a steady pace.  
And you were there when I spread my wings,  
You helped me soar so high.

What wonderful fortune to have found you,  
To have you in my life.  
What a feeling to have you close,  
To be held in your arms.  
What consolations you give me,  
When I need a shoulder on which to cry.

You are my friend,  
My confidant,  
My mother.  
You are everything I could have ever wanted,  
And all that I ever needed,  
You will be in my heart until the day I die.

## Volunteers needed to help 'Work the Light'

The Cross Plains Volunteer Emergency Medical Service and Volunteer Fire Department have collected money donations, mainly from those traveling Highways 36, 206 and 279, for the past few years. This is a very needed fund-raiser for both of these organizations in order for them to continue to have necessary equipment and supplies.

What we need from our local community are volunteers to help us at the light. We "work the light" in two hour shifts from 1-9 p.m. on Friday (25th), and 9 a.m. - 9 p.m. on Saturday (26th) and Monday (28th). We need four people per shift (a total of about 17 shifts), hence about 68 people. Some work more than one shift, but it is not good for some to have to work a whole day! So far, from our EMS and VFD people and others of the community, we have about half the shifts covered.

Can you help? Will you help? Please call Susan Schaefer (725-6587, 725-6747), John Swift (725-6443) or Bob Pipes (725-6700, 725-6117) if you can and will help.

nee.

Mr. Dimitri was chosen Most Likely to Succeed for 2 years and 2nd Runner-up Mr. C.P.H.S. He was also voted Most Athletic, Most Friendly, and Best Personality by his peers.

Nick also went to State in Cross Country and was a State Track Qualifier. For 2 years he received the 110% award in memory of Billy Brown and was named Buffaloes Best of Cross Country and Track his Senior year.

Other offices held were Class President for 4 years, FFA officer for 4 years and FFA President his Senior year.

Nick plans to attend Texas A & M University to acquire a degree in Biomedical Science and hopefully attend the College of Veterinary Medicine. He is the son of Rusty and Dana Dimitri.

Jennifer Susan Hartman is Salutatorian for the Class of 2001. As an academic scholar she has been a member of the National Honor Society for the past 3 years and served as Vice-President her senior year; received the National Merit Award in Science, English and Spanish; named to National Honor Roll 2 years; remained in the top 10 percent of her class for 3 years; and was recognized in the Who's Who Among American High School Students for 4 years.

Miss Hartman was chosen 2nd Runner-up Miss C.P.H.S. and Most Likely to Succeed.

Being active in the band program for 4 years, she was presented the Director's Award as an outstanding

band student as a sophomore and was chosen Band Sweetheart her senior year.

Other activities include 3 years in basketball; 3 years in the One Act Play; 1 year FHA; and 2nd place on the Junior Quiz Team at District.

Jennifer future includes attending Texas A&M in College Station this fall and to earn a degree in International Studies.

Her proud parents are Louis and Susan Hartman of the Cottonwood community.

Senior Class sponsors are Charlene Fleming, Roy Richey and Mike Cavender.

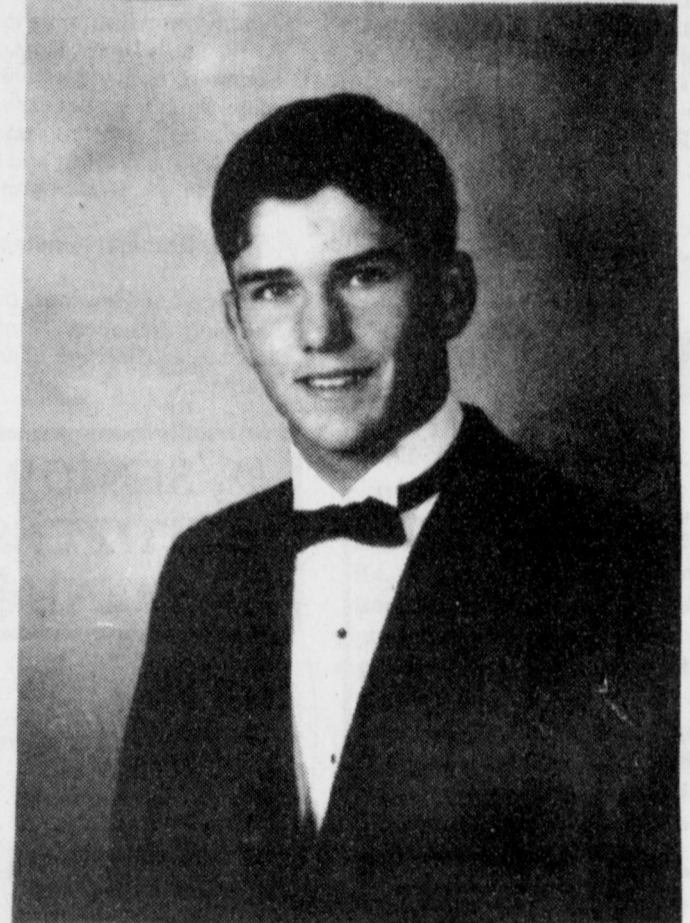

Class Officers are Nicholas Dimitri President; L. D. Whitehead Vice-President; Jennifer Turner Secretary and Tessa Wyatt Treasurer.

The top 10 percent of the graduating class of 2001 are as followed: Nicholas Dimitri, Jennifer Hartman, L. D. Whitehead, Roger Carey, Amanda Goble, Shane Sharp, Danni Marion, Landon Hill, Jennifer Turner and Tessa Wyatt.

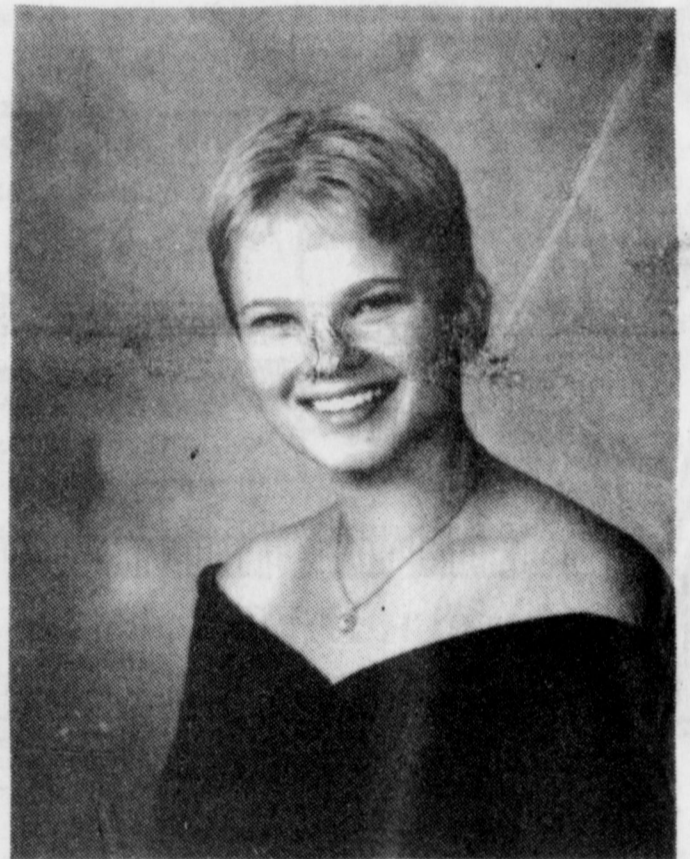

Black, Silver and Royal Blue were the colors for the class. The flower is the Blue Rose with Silver Glitter. And the class motto is "Our little group Has always been, And always will, Until the end."

A reception for the seniors will be hosted by their parents in the old gym following commencement exercises. Everyone is welcome to attend.

Project Graduation will commence directly at the First United Methodist Church. This is a drug and alcohol free party for the seniors.

## OLD VETERAN'S HOME

Oh yes, my friends, just a house of silence.  
An old veteran's home.  
A house of silence, where they sit alone.  
Gone forever are their glorious days.  
In this house of silence they waste away.

For sorrow rides each shoulder there.  
No one to love. Now one who cares.  
Though they gave up their youth on foreign shores,  
to be confined, to walk these silent floors.

With shoulder bent, they walk alone.  
Burdened with memories, to others unknown.  
They do not accuse, or do they blame.  
America, America, what a shame.

These gallant men, unloved and unclaimed.  
Though how soon forgotten the deeds they have sone.  
Those proud men in battle, and peace they have won.  
But now in sorrow, they shuffle past.  
No life ahead, just bad memories that last.

For nights and days, they walk alone;  
In this silent house -- the old veteran's home.  
Though they had answered their country's call,  
Forgotten now to walk the silent halls.

Oh how sad to think it could be.  
These forgotten men who fought for you,  
and fought for me.  
So for them I bow my head.  
For those that lived and those that's dead.  
May peace come to those that are alone.  
Those gallant men in the old veteran's home.

## Remember what Memorial Day stands for

By: CONNIE KIRKHAM

As the Memorial Day holiday nears I've been thinking about our fore fathers who gave their lives that we might have the freedom we now enjoy. How long has it been since you stopped your busy schedule long enough to really consider what the holiday stands for? How long has it been since you bowed your head and told the Lord "thank you" for those

men and women who gave all they could give... their very lives for the freedom of this great nation?

Many parents lost children, mates lost husbands or wives, children lost parents; we all lost for the cause of rights and freedom. So on this holiday/day off let us remember why we celebrate and remember Memorial Day while we have our picnics, cook outs and family gatherings. **REMEMBER** and be **THANKFUL!**

## COTTONWOOD NEWS

### Cottonwood Musical Performers

Scored Outstanding Success  
 Word has been received that Rev. Joe Coppinger has resigned as pastor of the Cottonwood Baptist Church for reasons of health. The Church's current youth minister, Matt McGowen, has assumed ministerial duties until a new pastor is called.

This reporter missed the musical last Friday night due to a prior commitment. However, the music was "good, good, good, in fact, it was excellent" said one avid fan.

Ten performing groups presented a wide variety of musical selections and one blue grass band came from Wicket, but decided not to stay for their late night schedule on the docket, according to Mary Weaver. "But they promised to come back," she said.

Where is Wicket? I don't know, but I do intend to make the next performance to find out what kind of people come from Wicket, and to hear their idea of blue grass music.

Visitors to the Cottonwood area this weekend included Paul and Joy Teague from Graham. They visited with old college-day friends, R.T. and Yvonne Peevy and Wallace and Carol Bennett.

**Funeral Notice:** Natalie Allison's funeral is scheduled for Wednesday, May 23, 2001 at 6:00 p.m. She was a resident of Lake Brownwood, for-

merly of Cottonwood. She is the daughter of Donna Herridge and granddaughter of Lois Chalk, both of Cottonwood. Burial will be in the Cottonwood cemetery with Rev. Bob Ferguson, Church of the Nazarene, in Cisco, officiating. Natalie Allison is survived by her children, Nathan, Lance and Kaleb.

**Coats Family Reunion:** May 27, 2001 at the Cottonwood Community Center at 10:00 a.m. (Worship Service begins at 11:00 a.m. Descendants of John Alexander Coats and Angeline (Love) Coats, who settled near Cottonwood in Callahan County, in the late 1870's, are call to a family reunion at the Cottonwood Community Center. The club did finish Lou's "Nine Patch." It is beautiful. She says it is for a daughter in law. We are working on Charlene's "Card Trick" and Donna's "Pinwheel." We have a place for another one to go in. Do not forget the annual "Memorial Day Service" to be held on May 28 at the Pioneer Cemetery. It is always a rewarding ceremony to attend. There was a good turn out for the Pioneer Cemetery work day. Thanks to all who came out.

Paul and Juanita Harlow of Lubbock, TX have visited a few days with their sister, Jean Fore. They moved their other sister, Vi Harlow from Lovington, NM, to Cross Plains.

Vi Harlow has moved from Lovington, NM to Cross Plains. She is the sister of Jean Fore of this community. She grew up at Cross Plains and has just come back home. Here is a "great big" welcome to you, Vi.

Wanetta had lunch with her parents, Cowan and Laverne Hutton last Monday and spent the afternoon. Several of their children and families visited during the week and Sunday. Wanetta took Laverne and Cowan out for dinner on Mother's Day.

Glenda Phillips had lunch Saturday with Allen, Janice, and family. Glenda went to Pleasant Valley Cemetery on Sunday afternoon for Mother's Day. She went to Eastland with Janice to watch Krista play softball.

Olena Ezzell had her daughter, Linda Worley from Burnet home for Mother's Day. Granddaughter Misti and Jason Forbes and their one year old daughter from Hutto, Becky Murphree (granddaughter) came, too. Olena received several phone calls. Skipper and Roberta sent an Orchid corsage and baby Megan gave her a

big bouquet of flowers. Earlene Burge spent Mother's Day with her daughter, Jessica Stultz and grandchildren, Cindy and Jon. They enjoyed a nice dinner after attending church where Earlene saw many friends including Johnny and Shirley Smith.

Monday night several of us went to Billie and H. A. Freeman's to play 42. All those who went were Daisy Halcomb, Lucille Callaway, Phylis Taylor, Earlene Burge, and Tommy Harris. We had a good time and enjoyed being at the Freeman home. They have a very nice garden and we enjoyed vegetables from the garden.

Charlene Chesshir had a good Mother's Day weekend. She went with Charles, Kathy and Melanie Chesshir to Searcy, Ark to watch our John Phillip graduate from Harding University. He graduated Cum Laude with a double major in Computer Science and Mathematics. We got to meet John's fiancee's family from Center Ridge, Ark. While we were gone Jim and Dusty came out and Jim planted black-eyed peas and okra and cultivated the early garden. Dusty mowed the yard!!

Donna Pickett had a good Mother's Day. She had lunch with Brenda and family. She had calls from Randy, Janna and Tangie. It was sure good to hear from all her children.

James and Jean Alexander and May Jones attended the graduation of Andrea Appleton on Saturday. Andrea is the granddaughter of James and Jean. She is the daughter of Ken and Starr Appleton of Corpus Christi. Andrea graduated Magna Cum Laude from Southwest University in San Marcus with a degree in Elementary Education. Andrea will be teaching in the Texas Public School System. She is the member of several Honor Societies. We are very proud of you, Andrea!

Congratulations go to the seniors of Cross Plains and Rising Star. All that hard work has paid off!

The Cross Plains High baseball team is still in the running for the state play off. Let's all give them our support. GO! Buffs!!

There were seven attending the "42" party. They had a good time. The next meeting will be on May 31. Come on out for food, games and fun. See you next time.

### QUIPS, CLIPS & COMMENTS

By KAY MOSLEY

The following piece I wrote one day in a moment of whimsy. We all seem to have those occasionally, or haven't you noticed? They come to me every now and then, but I try to avoid them when I can. This one caught me at an unguarded moment, so you get to reap the rewards from the fallout of this one.

#### "Duck Soup, Anyone?"

One moment there,  
 Could you please spare  
 the time to spend a moment with  
 me?  
 I really wish you'd heed my plea!

You see it's been my luck  
 to discover a hockey puck.  
 Seems it was quite stuck,  
 in the webbed feet of a duck.

Perhaps we could research  
 the story behind the hockey puck.  
 With lots of work and a little luck  
 A great discovery; we are on the  
 verge of.

A moment of your time, please!  
 Oh, won't you heed my pleas,  
 and descend now from your perch;  
 and assist me in the search?

Truth-to-tell, tho' the pucks firm in  
 girth,  
 It really fills me with mirth,  
 just to think of that duck'

Waddling along with that hockey  
 puck!

Please come and join the search,  
 Meet me 'neath the old birch,  
 then we'll put our heads together;  
 and figure a solution for this duck  
 of many feathers.

According to my latest research,  
 this bold duck, used that hockey  
 puck;  
 to strike upon the head, three perch.  
 Three perch which soon became the  
 dinner of "Mr. Duck".  
 Just one moment more----  
 before you exit the door.  
 Please give your opinion of this  
 duck  
 whose feathers number in the mil-  
 lions.

Isn't it a kick  
 this duck used that stick  
 to whack those swimmers,  
 so they could be his dinner?

From now on when you think of  
 perch  
 remember this duck and his dinner  
 It was all part of our research  
 and that makes us a winner!

What did we win? You ask!  
 Our reward for this mean task;  
 is: you get a broken hockey puck,  
 and me, well I get a MEAN, FULL  
 duck!

"She was a nice lady- everyone who knew her, loved her." That's what was said by a neighbor in regard to a woman who was found dead. The lady didn't die a natural death, however- she was murdered. Evidently, someone didn't know her, hence didn't love her! The person who killed her couldn't have really loved anyone, not even himself. An old saying states: "You only hurt the ones you love...." I think I understand what is meant by that, but we really shouldn't hurt anyone, much less the one(s) we love!

The Son of Man challenges us to love everyone - our neighbors as ourselves, even our enemies. Love, you see, will destroy a lot of enemies in the right way - make friends of them. Jesus said further, "Bless those who curse you, do good to those who hate you, and pray for those who spitefully use you and persecute you," Matthew 5:44. This may all sound very difficult but I know of at least two who did it, even in death. One was Stephen, the first recorded Christian martyr, Acts 7: 59-60. The other was not other than the One who had given the commandment and stands at the heart of Christianity- Jesus Christ, Luke 23:34.

What if you had been in the place of either one of these murdered ones? Could you have said, "Father, forgive them, for they know not what they do"? I don't think I could have either but it doesn't give me an excuse to not try! Let us love more and more, and hate less and less - and live in such a way that our neighbors can say, "Everyone who knew him/her, loved him/her."

Come worship with us- worship the One who loved us so much that He gave His only begotten Son that we might be saved.

KRISTIN HUNTER

## Kristin Hunter recognized for academic achievement

The United States Achievement Academy announced today that Kristin Hunter of Cross Plains has been recognized for academic achievement as a United States National Honor Roll Award winner.

Kristin, who attends Cross Plains High School, will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The USAA National Honor Roll Awards provide honor roll students with many benefits and services and is a great tribute to a student's dedication, talent and ability.

Kristin is the daughter of Ken and Terri Hunter of Cross Plains. The grandparents are Roger and Joyce Klingberg of Cross Plains, TX and Shirley Hunter of Burkett, TX.

## Play it safe and stay sober for graduation

The Texas Coalition for Vehicle Choice (TX-CVC) is reminding parents and students to act responsibly and encourage safe and sober driving for graduation festivities. "There is so much excitement surrounding this festivity that all too often families forget to plan for later on in the night - who'll be driving?" said TX-CVC Coordinator Toni Barcellona.

According to the National Highway Traffic Safety Administration (NHTSA), in 1997, alcohol was involved in 38.6% of fatal crashes and that one alcohol-related fatality occurred every 31 minutes. Close to home, 49% of all crashes that occurred in Texas were alcohol-related.

The Coalition is calling for students, parents, and teachers to encourage and support safe driving efforts. Local businesses and community leaders across the country are sponsoring alcohol-free all night graduation "lock-ins," places where entertainment and fun activities are provided throughout the night to keep teens off the road and sober.

Kristin, who attends Cross Plains High School, will appear in the United States Achievement Academy Official Yearbook, which is published nationally. "Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy. Kristin is the daughter of Ken and Terri Hunter of Cross Plains. The grandparents are Roger and Joyce Klingberg of Cross Plains, TX and Shirley Hunter of Burkett, TX.

Barcellona suggests these four simple messages to help make this years graduation safe, fun and memorable:

**\*Keep it alcohol-free.** Sponsors of graduation parties should ensure that no alcohol is served to minors, and take extra steps to guard against alcohol being brought in.

**\*Don't drink and drive.** Three in every ten Americans will be involved in an alcohol-related crash at some time in their lives. Positive peer pressure can discourage alcohol-impaired persons from driving. Refuse a ride from anyone who has been drinking. Party sponsors/parents can also help by providing "no-hassle" free rides home.

**\*No sleepy drivers.** Make proper arrangements if a party is expected to let out late. Parents need to let teens know that it's okay to call home or some other responsible party if they are too tired to drive.

**\*Always wear your safety belt.** Even if you are a sober and alert driver, others on the road may not be. A safety belt is your best protection in an automobile crash, and a good defense against drunk drivers- not only graduation night but each time you travel by car.

Barcellona said, "Let graduation pictures evoke lasting memories and not tragic unforgiving ones." Following this simple advice during graduation can help provide greater peace of mind for students, friends, and parents alike.

Any business, group or individual who would like to be included on the Signature Page for holidays, special occasions and athletic tributes may do so by calling the Cross Plains Review (254) 725-6111.

The cost is \$3.00 each run and there is usually 12 or less per year. This is a great, inexpensive way to advertise and support community events.

### CARD OF THANKS

Cards of Thanks

Thank you so very much to the Cross Plains Volunteer E.M.S. for your quick assistance and for transporting Levi to the hospital last Sunday and Monday. We are humbled by your care, concern, and words of encouragement.

I also would like to express my thanks to Roger and Jennifer Galloway who graciously assisted us and for welcoming Jared into their home.

To those who have called and continued to inquire, Levi is improving every day.

Thank you all. We are overwhelmed with each and everyone of you who helped us endure this recent situation.

May God bless each of you as you have blessed us!

Vivian Wooten

Card of Thanks

To the Cross Plains Volunteer E.M.S.-

There are many things in life to be grateful for and I am very very grateful to the Cross Plains E.M.S. Volunteers who quickly responded to my call for assistance not once but twice!

I am thankful that you were there so quickly and that all of you tended to my needs with loving hearts, exceptional care, and comforting smiles and words of encouragement.

Thank you so very much! Levi Wooten

ATVs can be hazardous to operate. For your safety always wear a helmet, eye protection, and protective clothing. Never ride on paved surfaces or public roads. Never carry passengers. Never engage in stunt driving, idling and alcohol/drugs don't mix and could cause injury or even death. Avoid excessive speeds and be particularly careful on difficult terrain. The Arctic Cat ATV may not be ridden by anyone under 18 years of age. Arctic Cat recommends that all riders take a training course, and that they read and understand their owner's manual before operation. For safety or training information, see your dealer or call the ATV Safety Institute at 1-800-887-2867. ## Commissioners approve new pay scale for Sheriff's Department employees

Callahan County Commissioners, holding a regular meeting at the County Courthouse in Baird Monday, May 21, approved a pay scale proposal by County Sheriff Eddie Curtis for employees in the County Sheriff's Department.

On a motion by Commissioner Bryan Farmer and second by Commissioner Charlie Grider, Commissioners voted 5-0 to approve the Sheriff's pay scale proposal for his employees.

County Judge Roger Corn stated the pay scale for the Sheriff's Department was negotiated between Judge Corn and Sheriff Curtis with the Commissioners approval. Judge Corn said the Sheriff's Department has been losing some key employees to Taylor County and Hendrick Medical Center because of the low pay scale. Judge Corn said the new pay scale for the Sheriff's Department employees was put in place to try and keep those key employees.

Judge Corn said salaries were increased for the chief deputy, three deputies, the deputy dispatcher, five dispatchers, the jail administrator and two part-time jailer/dispatchers.

On a motion by Commissioner Harold Hicks and second by Commissioner Farmer, Commissioners voted 5-0 to amend the Sheriff's Department budget for \$3,844.14 to take care of the payroll adjustment for the remainder of the fiscal year.

Other items brought before the Commissioners' Court included:

—The minutes of the May 14, 2001 meeting were approved as presented.

—Commissioner Grider made a motion to advertise for bids for Precinct #1 on a used 1980 Chevrolet pickup with a Cummins 4 cylinder diesel engine and a steel wheel roller. Commissioner Farmer seconded the motion and it carried 5-0.

—Commissioner Hicks made a motion to pay all current bills. Commissioner Tommy Holland seconded the motion and it carried by a 5-0 vote.

—Commissioner Farmer made a motion to adjourn the Commissioners' Court meeting. Commissioner Grider seconded the motion and the motion carried by a 5-0 vote.

County officials present at the meeting were Commissioners Hicks, Farmer, Holland, Grider, County Judge Roger Corn, County Treasurer Dianne Alexander and County Clerk Jeanie Bohannon.

Also present for the May 21 meeting were: Vivi Hoang, John Young, Doris Young, Debby Windham, Paula Windham, Amy Windham, John Windham, Carl White, Larry Ivy, Gary Harrison, Donna Harrison, Joanne Harrison, Cindy Curtis, J.D. Ravenscroft, Eston Shelnut, Ron Young, Willie Cheek, Allen Wright, David Mays and Vance Wallace.

## Veterans news

Memorial Day 2001

Monday, May 28 will be the day that we honor fallen Americans of all wars. The Eugene Bell American Legion Post of Baird will have ceremonies at the Ross Cemetery in Baird and the Belle Plaine Cemetery Association will observe the day with a get-together and lunch at the Belle Plaine Cemetery. This will be an opportunity for you to come out and mark the grave of a relative or acquaintance.

We must always remember that the freedoms we enjoy were bought with the blood and sacrifices of our fallen service men and women. This is your chance to pay your respects and say thanks to them.

**PTSD**—Your County Veterans Service Office has been contacted by a graduate student at the University of Texas Southwestern Medical Center in Dallas. The lady is doing a research project in conjunction with the V A Medical Center of Dallas examining the effect of chronic PTSD on interpersonal relationships. She would like to hear from male Vietnam theater Veterans who were on the ground in Vietnam or its surrounding waters or air space between 1965-1975. Veterans are needed who have NOT been diagnosed with PTSD as well as some who HAVE been diagnosed with PTSD.

The study involves filling out 5 questionnaires which have a multiple choice format and it will take only 45-60 minutes to complete the questions. All results are kept confidential and names of the Veterans WILL NOT be published. There is no cost to the Veteran and there is no compensation for the Veteran.

Please contact Tom Ivey at (915) 854-1520 (Mon & Tue) if you have an interest in participating in this project.

**AGENT ORANGE**—Vietnam War Veterans now have a nationwide

toll-free help line to answer their questions about Agent Orange exposure, health care and benefits. The new help line is 800 749 8387 and Veterans can speak directly to V A representatives Monday through Friday, 8 a.m. to 4 p.m. CST, or access a 24 hour automated system. Voice mail messages can be left and information will be sent to them.

This comes at a good time because of a proposed policy which will allow Vietnam War Veterans with adult onset type II diabetes to receive disability compensation for ongoing medical problems linked to Agent Orange or other herbicides during the war. V A recognizes 10 medical conditions as being associated with Agent Orange exposure.

V A estimates that approx. 200,000 Vietnam War Veterans will receive service connection for their diabetes within the first five years under the new policy.

Additionally, V A has developed a specific Agent Orange Web page at [www.vba.va.gov/bln/21/benefits/herbicide](http://www.vba.va.gov/bln/21/benefits/herbicide).

**GOLD STAR PHOTOS**—Marine Corps Veteran Jim Roy Hatchett of Baird is attempting to locate and copy photographs of all Callahan County service men and women who were lost in military service beginning with World War I on up through Desert Storm. This is not a commercial project. It is Veteran Hatchett's idea that these people should never be forgotten and that they should be honored by a memorial display of their photos.

Veteran Hatchett has already located over fifty percent of these pictures. If you have not been contacted, you can get word to him do Post Office, Baird, TX 79504 or by calling Tom Ivey at (915) 854-1520 (Mon & Tue).

Jim's project fits right in with Memorial Day.

13-Cross Plains Review May 24,

**KWANIA CLUB**—Program Chairman Sue Neal introduced husband Ike Neal as speaker at Tuesdays Kwanias Meeting. Mr. Neal presented a very informative program on the interaction of non-prescription drugs, including herbal medicines, with prescription drugs. Mr. Neal stated it was very important that your Doctor know what you are taking. Some of the herbal supplements contain elements that can severely interact with other drugs. He also stated that herbal should be purchased from a reputable supplier.

## Cowboy Poet Jerry Way brought message to Faith Cowboy Church

Jerry, an outlaw cowboy who found the Lord was in Rising Star to share the word with all who came to listen. Jerry has been blessed with the ability to write extremely touching poetry that has helped many cowboys and outlaws accept Jesus as their personal savior. Jerry left the church copies of his books. Here is one of his many poems.

### Alter Call! Cowboy Style

A few years back I'd had enough, I'd took all I could stand, I'd tried to change but given up, the devil takes that from a man. He said the mold is cast to look at my past, and I couldn't just walk away.

And after years in sin it's a easy thing to hear, what he has to say.

You know I'd been knocked down so many times, I's tired of getting up, I'd called on God when in a bind, then called his help good luck.

I'd walked out of many churches as the tears had filled my eyes, And I'd find the devil waiting, laughing as I cried.

Then one day a man of God looked at me outside, he asked me if I'd had enough, and I just looked at him and cried.

I told him I wern't like them folks, and that he'd never understand. He said probably not, but Jesus

would, cause He's more than just a man.

He told me the booze I'd been pouting down would never set me free, And that he'd done the drugs I's using, and wound up just like me.

He said he'd tried to change but given up, but just look at him today, Then he asked me if I's ready? said if I wanted to we'd pray.

I told him I'd give anything as I followed him in prayer, I asked about an alter, he said Jesus was already there.

He said where two or more are gathered and callupon his name, And that's where I met Jesus and I've never been the same.

I'm here today to tell, if you're tired of where you've been,

If you've looked hard fot the answer, and are still bound up in sin, If you hear the devil laughing, this may be the day,

And all I'm gonna ask ya is, if you're ready and would you like to pray.

By the love and grace of GOD from the heart and by the hand of JERRY WAY

## Six tips to cut your cooling bills

As energy rates soar, everyone needs affordable ways to beat the heat. With hot weather already upon us, now is the time to give your home a "check-up". Here are six tips from the Comfort Institute to make sure your summer electric bills don't blow your cool!

**1. Don't run your clothes dryer when it's hot out.** Your dryer blows air out of your house when it's drying clothes. And for every cubic foot of air it blows out, a cubic foot of hot outside air gets sucked in that your air conditioner has to cool down. Run your dryer late at night or early morning and you'll have lower electric bills. Even better, use a "solar powered" clothes dryer: a clothes line in the back yard!

**2. Have your duct system tested for air leaks.** Many think that windows and doors are the major cause of a home's energy wasting air leaks. But according to recent research by the Department of Energy (DOE), gaps, joints and disconnections in the typical home's duct system are much more significant. The DOE states that the typical duct system loses 25 percent to 40 percent of the energy put out by the central heat pump or air conditioner. Leaks are usually the biggest problem. Authorities recommend having a contractor seal them with a brushed on "mastic". Duct tape often dries out and fails. It turns out duct tape is great for many things, but sealing ducts isn't one of them!

**3. Ask your air conditioning contractor to perform an Infiltrometer "blower door" test.** The blower door is a computerized instrument originally invented by the Department of Energy. It pinpoints where your home's worst air leaks are, such as duct leaks, and also measure how leaky the overall house is. While most homes are still far too leaky, some are now quite tight, and need mechanical ventilation to ensure their air in-

side is fresh. Many contractors offer an Infiltrometer test as part of a "Whole House Comfort Checkup" that also checks insulation levels and overall duct performances. For more information, visit the website [www.comfortinstitute.org](http://www.comfortinstitute.org).

**4. Replace your air conditioner or heat pump air filter.** Most systems need this done every month to ensure safe and efficient operation. Some such as electronic air cleaners need to be thoroughly washed.

**5. Have your air conditioner cleaned and tuned.** A pre-season tune up is a great investment. It reduces the chances of breakdowns in the middle of summer and more than pays for itself through more energy efficient operation. Make sure the contractor cleans both the indoor and outdoor heat transfer coils, and check refrigerant gas charge by measuring "superheat" or "subcooling". For a free report: "How To Identify a Good Heating and Cooling Contractor", go to [www.comfortinstitute.org](http://www.comfortinstitute.org).

**6. Consider replacing your old air conditioner or heat pump.** Just like a car, central cooling equipment doesn't last forever. If your system is over 12 years old, and you are planning to stay in your home more than a few years, many authorities recommend replacing it before it fails permanently. A new system improves comfort, is more dependable, creates less air pollution and pays for itself through energy savings. New units are up to twice as energy efficient. Choose one with an EPA "Energy Star" label.

However, recent research has found that many newly installed high efficiency systems have energy wasting mistakes. To be sure you get the performance you're paying for, check out the free report "Tips and Secrets to Buying a New Heating and Cooling System" at [www.comfortinstitute.org](http://www.comfortinstitute.org).

## Number of Texans at risk for blindness expected to grow

AUSTIN—Vision care professionals fear an aging population and an increase in the number of people with diabetes will lead to more cases of blindness. According to the Texas Commission for the Blind, an estimated 1,000 Texans needlessly lose their sight each year because of glaucoma and diabetic eye disease.

Most alarming is the number of cases of diabetes in Texas, which has exploded in recent years. There are now more than 1.6 million Texans with diabetes, increasing the chances that more people will suffer permanent vision loss since diabetes raises the risk of developing several serious eye diseases.

"It doesn't have to be that way," said Dr. Brian Berger, M.D., medical consultant for the Texas Commission for the Blind. "The problem is that too many people put off getting regular eye examinations which can detect the diseases in their early stages."

Blindness caused by glaucoma and diabetic retinopathy can literally sneak up on a person, health experts say. There is usually no pain, no symptoms and seldom any noticeable changes in vision, until it's too late.

To raise awareness about the problem, May has been designated National Sight Saving Month. Free vision screenings in cooperation with Prevent Blindness Texas are being held in communities across the state.

"Vision loss from these diseases is usually permanent," said Dr. Berger. "But regular eye examinations can catch diabetic eye disease and glaucoma before they do their damage."

Because these diseases often produce no symptoms, regular check-ups in which the pupils of the eyes are dilated are the best way to

diagnose glaucoma or diabetic eye disease before sight is impaired. Timely treatment can slow or even stop the progression and preserve sight.

Dr. Berger said certain factors increase the risks of developing vision-threatening diseases. The Texas Commission for the Blind has developed an "Eye-Q" test to help determine if a person is at risk:

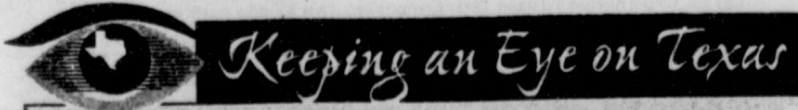

- You are age 45 or older
- You have diabetes
- You are African American and older than age 40
- You are Hispanic
- You have high blood sugar
- You are than 20 percent over your ideal weight
- You get limited physical exercise
- Other family members have diabetes
- Other family members have glaucoma

"If you can answer 'yes' to more than four of these items, I urge you to discuss this test with an eye care professional," said Dr. Berger.

Texans who lack health insurance to cover medically-necessary treatment to preserve their sight can benefit from a recently-implemented program called the Blindness Education, Screening and Treatment Program (BEST).

"The BEST program is designed for Texans who need vision-related medical treatment to save their sight, but who cannot afford it," said Ron Lucey, Consumer Resources Coordinator for the Texas Commission for the Blind. "It's supported by a voluntary contribution of one dollar every time a Texas resident applies for a new or renewed driver's license."

Information about issues relating to blindness and the BEST program is available by calling the toll free phone number 1-877-NO-SPARE (667-7273.)

### Food Safety Tips

As summer temperatures heat up in Texas, so do grills across the state. By following these simple tips, grilled food can be safe and healthy for everyone:

- Scrub the grill grate with a wire brush to loosen stuck-on food particles, then spray it with oven cleaner and rinse thoroughly.
- Thaw meat in the refrigerator or a cooler, not on the counter top or the picnic table.
- Grill hamburgers at 160 degrees Fahrenheit to ensure proper cooking.
- Prevent food cross-contamination by using clean dishes and utensils every time cooked and uncooked food is carried to and from the grill.

## COUNTY ROADS by Ginny Greene

### Tick salad...

I don't always know what to call dinner. The French and Italian have a good system, so I often take my cue from them. Clue words like Florentine, a' la mode, and parmigiana have gotten me through a few tight spots when I've let my creative spirit loose in the kitchen. Aspic is a whole concept I've learned to stay away from.

Sometimes I leave dinner on the stove when I have a meeting to attend. I attach a note — "Scoop this onto the rice in the other pan. Give it a name. Call it dinner." It usually turns out pretty tasty — but not always.

Precious, my youngest, calls me a kitchen witch. I glared at her the first time she said it, until she explained it was a compliment. She says I can take a tablespoonful of one thing, and mix it with a most unlikely something else, and it turns out delicious. They used to say of me I could still cook meals for three more weeks after the refrigerator was empty.

There have been, however, some colossal mistakes.

When Puddin' was little, and way before Precious, I made a Banana Cream Pie, from scratch, the way I thought it would be made, if I'd had a recipe. It looked great going into the refrigerator to cool. At dessert time, it was an ucky, mushy, gishy, black banana mess. Oh, it was a devastating disappointment!

Then there was the spaghetti sauce. It would have gone into my recipe file as "Fresh Tomato Spaghetti Sauce" if something hadn't gone so terribly wrong.

MyKeeper and I went to a farm to buy a milk goat. We picked Jan. I hated to remove her from that

premier goat environment. It wasn't just a pen, but a topography of cliffs and precipices, peaks to play king of the mountain, perfect places to rest and play and eat. After we toured the goat pen, the farmer showed us his expansive garden. Most everything was harvested by then, but there were some tomatoes left. He said we could pick all we could carry. They had all they needed.

I was tired of canning by then, so I put a bagful into a big pot. It simmered just under bubbling for hours. I added meat, mushrooms, green peppers, and seasonings.

At dinner time, the first bite brought pleased smiles and long drawn out sounds of "mmmmm..." Five or six munches into the second bite, there were quizzical looks all around the table. The third bite went down, but MyKeeper and the kids were real glad I was the first one to carry my plate to the sink.

Sadly, the entire pot of spaghetti sauce had to be tossed. No wonder we were encouraged to pick all we wanted. The cherry tomato variety was way too sweet for tomato sauce. Oh, well. At least the goat was a perfect addition to our herd.

Last night Sweet Pea said, "Remember that salad you used to make? It was kind of good, even though I didn't expect it to be."

I asked her to describe it. She looked to her sisters for help.

Punkin' didn't know, but Peanut said, "I think we called it Tick Salad, Gramma."

"Oh, I can do that." And with that I reached into the cupboard to pull out a can of olives, some green beans, a handful of twisty pasta. I got out the lettuce, some frozen peas, and the ticks — a package of lentils.

## State spends \$4,330,200 on welfare programs in County

The state spent a total of \$4,330,200 last year for major welfare programs in Callahan County, according to Barbara Evans, Regional Administrator for the Texas Department of Human Services.

Food stamps worth \$898,268 were issued for the fiscal year which ended August 31, while Temporary Assistance to Needy Families (TANF) totaled \$188,892. Food stamps are funded entirely by the federal government, while the department determines eligibility of potential clients and non-clients

and issues the Lone Star Card.

The state and federal governments share in the cost of TANF to families where needy children are deprived of support because of the absence or disability of one or both parents.

Nursing home costs of approximately \$2,409,131 were paid for aged and disabled residents. Community Care for Aged and Disabled spent \$601,836 for Medicaid related services and \$232,073 for non-Medicaid related services," Ms. Evans said.

throughout the state including Austin, El Paso, Houston and San Antonio. The Health Department reported 1,294 animals were tested during March 2001 and 183 tested positive for rabies. ## Keeping an Eye on Texas

### Talking trash

Texans annually spend more than \$1 billion on solid waste collection and disposal services for nearly 22 million tons of trash. That's more than one ton for every person in the state and enough garbage, collectively, to fill the Astrodome every two weeks.

### Recycling one ton of paper saves:

- about three cubic yards of landfill space,
- two barrels of oil,
- 7,000 gallons of water and
- 4,100 kilowatt-hours of electricity (enough to power an average-size home for six months).
