MAN TRAPPED BY QUICKSAND IN WELL Helms Struggles Violently as Chair Claims Penalty NO WORD OF MISSING T. A. T. PLANE

SECTION NORTH HOUCK IS SCOURED

Engineers Report Missing Plane Dodging Storm There

OW, Ariz., Sept. 6.—As streak of dawn came the desert and mountains of Indian country today, a Permanent of 16 airplanes took off from the airport here searching for the mammoth T. A. T. liner—of San Francisco.

Eight long aviation technicians, charting a system whereby the vast territory might be as well as humanly possible while mechanics worked over airplanes which must play an important part in the

TWO AMBASSADORS OF GOOD WILL

"So you're going to Washington early in October? Well, tell all the folks 'hello'..." That might have been what Ambassador Charles C. Dawes, right, was saying to Premier Ramsay MacDonald when this excellent picture was snapped. You see the celebrated pair as they attend ceremonies at MacDonald's home town of Elgin, Scotland. Unannounced plans had been made for the Premier's goodwill visit to the United States.

Prison Committee Gathers Today at Capitol to Prepare Report for Submission to Moody and Solons

AUSTIN, Sept. 6.—Members of the joint prison survey committee, just home from a month's inspection tour of state prisons, gathered at the capitol here today to arrange for compilation of a report which will recommend to Governor Dan Moody and the legislature an entirely new prison system. They will meet in executive session.

Problems of centralization and relocation which have been before the state for ten years will be thrashed out in the report, which will contain recommendations for a new prison system combining the best features of the 23 state institutions visited by the committee on its 5,000 mile tour.

SUPERVISORS FOR CENSUS ANNOUNCED

WASHINGTON, Sept. 6.—The census bureau has announced the appointment of thirty supervisors to direct the taking of the 1930 census figures.

Included in the Texas supervisors named were:

Patrick E. Gibbons of Paris for Camp, Delta, Franklin, Hopkins, Lamar, Morris, Red River and Titus counties with headquarters at Paris.

W. T. Southworth of Abilene for Callahan, Eastland, Jones, Palo Pinto, Parker, Shackelford, Stephens, Taylor and Throckmorton counties, headquarters at Abilene.

Thomas J. Burdette of Hillsboro for Bosque, Comanche, Coryell, Erath, Hamilton, Hill, Hood, Johnson and Somerville counties, headquarters at Hillsboro.

Clarence A. Miller of Houston for Harris and Montgomery counties, headquarters at Houston.

NC CHANGE.

Jimmie Fields, seriously ill at his home for several days, was reported unchanged at noon today from his condition of yesterday.

CONGRESS TODAY

SENATE: Adjourned until Monday.

HOUSE: In recess until Sept. 23.

BANDITS ROB WOMEN OF \$10,000 GEMS

KANSAS CITY, Mo., Sept. 6.—The wife of a local millionaire and a Kansas City companion lost \$10,000 in jewels to highway bandits near here early today.

The party—Harry Abraham, Mrs. St. Louis fur dealer, and his wife; Mrs. George Muehlebach, wife of the owner of the Kansas City baseball club, and Mrs. James Anderson, Kansas City—were accosted on their return from a bridge party in St. Joseph.

The bandits approached them in an automobile, forced the party from the highway and took diamond rings, brooches and wrist watches from Mrs. Abraham and Mrs. Anderson. Mrs. Muehlebach had entrusted all her jewelry to her chauffeur earlier in the evening.

Abraham was shot and wounded, and dropping it to the car seat. The bandits also overlooked a \$2,400 ring concealed by Mrs. Abraham.

78 Lives Lost in Philippine Storm

MANILA, P. I., Sept. 6.—Seventy-eight lives were lost, and tremendous damage was caused by the typhoon that struck a portion of the Philippine islands last week, it was disclosed today with the restoration of communications.

Albay, one Luzon island, bore the brunt of the storm. Seventeen deaths were reported there.

Rocks and earth slid down the sides of Mayon volcano, killing many and damaging coconut plantations.

Hundreds of homes were swept away by the floods.

A severe water famine prevails.

Officer Tells How Gastonia Chief Died

CHARLOTTE, N. C., Sept. 6.—A police officer limped to the witness chair in the murder trial of 16 textile workers here today and told the jury that Police Chief Aderholt begged for mercy as he lay wounded during the gun battle in Gastonia on the night of June 5.

T. A. Gilbert, the witness, who was himself wounded in the battle, said he told Aderholt he was shot. "He hurried toward me as if to help me; then he was shot," the witness said.

"Oh Lord, I'm shot," the chief cried out. "Please don't shoot me any more."

"They kept on shooting," Gilbert said. "I didn't fall but the chief lay there on the ground while shots flew all around us."

Fall Hopes to Be Able to Stand Trial

EL PASO, Sept. 6.—Albert B. Fall, former secretary of interior, back from his ranch at Three Rivers, N. M., is hoping he will have enough strength to go to Washington on Oct. 7 to stand trial on charge of bribery growing out of the leasing of the Elks Hill naval oil reserve, he said today.

"I have long wanted this case to be tried," said Fall. "I have been building my strength so I could make the trip. I feel satisfied in my own mind that I will be able to make the journey."

PRAGUE, Sept. 6.—Three military air pilots were killed in Southern Bohemia when two bombing planes crashed during the annual maneuvers of the Czechoslovakian air force, it was announced by the war office today.

Girl, Only 13 Years of Age, Given in Marriage for Mules

HOPKINSVILLE, Ky., Sept. 6.—A queer bargain of the hill country, in which a 13-year-old girl was bartered off as a bride in return for a gift of four mules, a log chain and a wagon, has just reached the notice of the authorities here—with the result that one man is in jail, another is about to face criminal charges, and the luckless girl is in hiding at the home of relatives.

The girl is Louise Gibbs—or, legally, Louise Green. A bride at 13, she says she dares not go out on the street alone for fear that her husband will compel her to go back to Detroit and live with him.

Her father, Henry Gibbs, is in jail, accused of converting the property of another.

Her husband, Ed Green, who is 43 years old, 19 years the senior of her father, is waiting in Hopkinsville in the hope that he can get the girl to return to him. He is also vowing vengeance on Gibbs, whom he accuses of defrauding him.

It all happened like this:

Some weeks ago Green took Louise to Cadiz, Ky., and married her, showing the clerk a letter purporting to be from her father, giving parental consent. This letter, according to Gibbs, was forged, and Gibbs threatening Green with dire consequences.

Peace was made, however, when Green gave his ne father-in-law two teams of mules, a wagon and a log chain. The parental wrath subsided, and Green took his bride to Detroit, where he has four children by another marriage.

Louise, a slim child weighing about 100 pounds, quickly tired of married life and left her husband. She hid in Detroit until her father arrived and brought her back home.

Green came to Hopkinsville in pursuit. Unable to get his wife back, he demanded the return of his peace offering—only to find that Gibbs had sold mules, wagon and all, for \$325.

Gibbs thereupon had Green

Mrs. Louise Green, 13-Year-old bride.

arrested on a charge of forging the letter of permission with which the marriage license was obtained. Green made peace in some way and the charge was withdrawn; and immediately thereafter Green had Gibbs arrested for selling the wagon and mules, charging that he had merely left them with Gibbs for safe keeping.

Gibbs was placed in jail and Louise went to stay with relatives. She asked the jailer to lock her up with her father, but the jail was full and he refused.

Her father, meanwhile, insists that as soon as he gets out of jail he will restate the charges of forgery against Green.

The county grand jury is expected to investigate the entire matter soon.

ATTEMPTS TO RESCUE HIM UNSUCCESSFUL

Ditch to Be Dug Into Shaft From the Side

OTTUMWA, Ia., Sept. 6.—Efforts to rescue Wilkins Priest, 55, a well cleaner, from the bottom of a 35-foot well, where he is imprisoned by quicksand, by bracing the walls and scooping out the sand, were abandoned today. Instead, rescuers will attempt to dig a ditch into the well from the side.

Priest has been held in the well 24 hours. Apprised of the change in rescue plans, he only urged his friends to hurry.

The ditch was started 40 feet to the side of the well and a gradual descent to the well bottom was planned. It will be afternoon at least before the ditch can be completed.

TRAPPED FOR 24 HOURS

OTTUMWA, Ia., Sept. 6.—Trapped by quicksand for 24 hours, at the foot of a 35-foot well, William Priest, 55, although weakened, still was alive this morning, aiding his rescuers by suggestions.

Priest was caught in the treacherous sand while cleaning out the well yesterday morning. Since then, held helpless, he has shouted ideas to the men trying to extricate him.

Through the long hours of the night, as men worked frantically by light of lanterns and motor car headlights, he shouted encouragement from the foot of his living tomb and exhorted them to more speed.

His only complaint was of the cold and the lack of air at the bottom of the well. Workers dared not exert too much speed, however. A false move always resulted in a shower of brick from the crumbling sidewalls. In one such fall—Ed Kirkland, a fireman working inside the well, was struck on the head by a brick and injured.

Gilbert's Bill, Defeated by the Legislature, Would Have Limited Contracts on Delinquent Taxes

By RAYMOND BROOKS

Daily News Austin Correspondent

AUSTIN, Sept. 6.—The legislature made delinquent tax collection contracts possible when it defeated a bill by Rep. Victor Gilbert of Cisco that would have limited them, journals of the June session show.

Gov. Dan Moody cooperated in preparing a bill to prevent the contract tax collections, and Rep. W. T. Williams of Austin was to sponsor it; but Rep. Gilbert's bill already had been introduced. Mr. Gilbert conferred with Governor Moody and his bill proved acceptable to Moody.

Rep. Gilbert's measure was House bill 117 of the second called session. It was introduced under Gov. Moody's submission of the subject of taxation, and was favorably reported by the house committee on revenue and taxation, the records show.

"If this bill had passed, the present tax collection contracts over which public sentiment has been aroused could not have been made," Gov. Moody said.

It has been pointed out if a law should be passed at the next

Germany to U. S. Zep Service Seen

FREDRICHSHAFEN, Germany, Sept. 6.—Dr. Hugo Eckener's current negotiations with American financiers looking toward the formation of a trans-Atlantic Zeppelin company, were reliably reported today to be verging on complete success, with regular service to begin sometime in 1931.

While the details of the negotiations were withheld by officials of the Zeppelin works here, it was understood in well-informed quarters that only a few points are yet to be settled before the project becomes a reality.

The service will not begin until 1931, it was stated, because it takes 14 months to build Zeppelins intended for trans-oceanic service. The construction of one already has been begun. It was hoped that by April, 1931, the first Germany-to-New York air liner will be on its way to the United States.

Telluride Bank Closes Its Doors

TELLURIDE, Colo., Sept. 6.—The bank of Telluride, whose president, C. D. Waggoner, is sought by police in connection with a \$500,000 swindle in New York, failed to open its doors today. A notice on the door said the institution's affairs had been placed in the hands of the state banking commission.

The bank had deposits of approximately \$350,000 and a capital of \$50,000.

Owing to a slump in mining this vicinity, lately, the deposits have been diminishing. At one time the bank had deposits of \$1,000,000.

Banking officials said the move was taken for the "protection of the depositors," and expressed the belief that losses would be small.

Waggoner left Denver last week on his way to New York in an effort to obtain funds to tide the bank over a crisis. A man impersonating him was credited with having been responsible for the huge New York bunko operation.

THE WEATHER

HOUSTON, Sept. 6. — Tanker shipments of refined oils for coastwise movement by the Texas company from its Port Arthur refinery in August showed an increase over the previous month.

WICHITA, Kan., Sept. 6. — Hartman & Skaer No. 4 drilled in the Wright field by Continental, Gypsy and Bu-Vi-Bar companies.

NATIONAL NET BATTLE BEGINS ON TOMORROW

Tilden Will Try to Fight Way Back to Former Glory

By GEORGE KIRKSEY NEW YORK, Sept. 6. — The Men's National Tennis championship will commence at Forest Hills tomorrow, with William T. Tilden trying to fight his way through a field of 90 players and back to his former glory as champion of the United States.

Tilden's case in a way is a pathetic one. Here is a veteran star and former title holder in quest of just one more title before he retires.

Barred from amateur ranks last year, Tilden was forced to sit on the sidelines and witness the 1928 championships. In the two previous years, 1926 and 1927, he was beaten by the French.

Again, there exists a strong and popular hope among many tennis followers that Tilden will be beaten by one of the younger players.

MEXICAN KILLED. CORSICANA, Sept. 6.—Gunshot wounds received Saturday night during an altercation near Kerens proved fatal to Rafael Longaria, 20, Mexican, when he died in the Navarro county hospital.

SCO

School Open Monday

DETROIT, Sept. 6.—After the defeat of three plans for solving the transportation problem as it affects the municipally owned Detroit street railway, a fourth is now advanced calling first for a bond issue of \$33,000,000.

The new plan was devised by the Rapid Transit commission and the Street Railway commission and provides for 5.44 miles of street railway "dips" within a mile circle, through which 83 per cent of the existing downtown cars will pass.

The plan will relieve downtown congestion immensely," the commissions claim, "leave the surface free for additional buses and automobiles, and deduct about ten minutes from the running time of all street cars running through the center of the city.

"The plan does not contemplate rapid transit in the sense of moving large numbers of people at high speed for long distances.

"It represents a second viewpoint, that of speeding up street cars, train operations on separate rights of way can be postponed. It is provided that eventually the 'dips' can be extended into subways, and used in whole or in part for train operation.

"When that time comes it will be possible to widen the 'dips' to four tracks and use them for both street cars and trains."

It is proposed to divide the \$33,000,000 cost so that one third will be borne by the city department of street railways, one third by the property owners benefitted and one third by the city at large. The plan probably will be placed before the voters at the election this fall for mayor and other city officials. It can be put on the ballot by the city council with the approval of the mayor.

SOCIETY

ENTERTAIN WITH DOVE DINNER

Mr. and Mrs. A. H. Little entertained last night with a barbecued dove dinner at their home, 104 D Avenue.

Bowls of roses mingled with fern furnished the decorations for the rooms and a vase of rosebuds centered each of the tables. After the two course dinner was served dancing was enjoyed throughout the evening.

The guest list included: Misses Joe Martin of Eastland, Leta Deel Surles, Bertha Helen Triplett, Ellen Wilson, Velma Morrison, and Flora Wendle, and Messrs. Ira Lee Leach, Lantham Bucy, Lee Brown, Howard Brown, Bobby Dean, and William Coates, and Mr. and Mrs. K. N. Greer.

TRIAL DATE SET. AMARILLO, Sept. 6.—Trial of C. S. Williams for the fatal stabbing of O. C. Hill on July 4, has been set for September 19 in district court here. The stabbing was said to have resulted when Williams stumbled over Hill's feet.

Mrs. B. A. Butler TEACHER OF PIANO Studio in Grammar School Building PHONE 735-W

Just as the locomotive goes to the roundhouse for inspection after each trip, so does every plane operating on one of the scheduled lines of the Southern Air Transport System go to the shop for a stem to stern check. The pilot reports the slightest thing wrong with the plane, just as the locomotive engineer does, and then in each case an inspector investigates every nut and bolt and mechanic supply needed grease, oil and fuel. The only principal difference in this inspection is that where it takes one inspector only two hours to inspect, each locomotive, the services of three men are required for eight hours to inspect and check the plane. Lieutenant Robert H. Gray operations manager of the Southern Air Transport System, pointed out.
