Gosh, fellows, how'dja like to be "Red" Solomon? He's only 13 years old, but he's going to play with the Chicago Cubs. Here he is, right signing a contract in New York with Joe McCarthy, manager of the Cubs, making him the youngest player ever to get a berth in the big leagues. The youth's work as manager and taird baseman of the championship New York junior Kiwanis team attracted McCarthy's attention.

With an automatic gas furnace, you have an even temperature all through your house, regulated to any desired degree

of warmth. The automatic regulator turns the fire up early in the morning, heating the house comfortably before you arise; keeps rooms at a healthful temperature all day long; turns the gas low at night! It's more than human in its efficiency!

You simply light the gas in the fall, turn it off in the spring! And there's no waste . . . the automatic control decreases or increases the flow of gas as the temperature requires. Safe ... economical! Saves time, labor, money!

Investigate the automatic gas furnace now, so that you may enjoy modern heating comfort and convenience THIS winter! The results of our own exhaustive investigations are yours to command. We invite you to talk over your heating problem with us now.
