## LOSS OF THE SCHOOL WOULD BE BAD BLOW

### Solution of Present Problem Means Rapid Growth

In a statement given to the Daily News this afternoon and addressed to the "citizens of Cisco," a committee of four leading Cisco citizens who have become closely associated with the movement to assist Randolph college to a position of firm financial status, declared that for Cisco to fail to carry out its promised part of the program for the support of the school would "be to encourage a certain and definite loss" which would bring a very serious handicap upon this city.

The statement which is self-explanatory is given in full below:

To the Citizens of Cisco:  
Several years ago when Randolph College came from Midland to Cisco, certain agreements were made by the Cisco citizenship and by the college. As is nearly always true, these agreements were not fully lived up to, either by the college or the citizenship. Numerous citizens who had pledged support moved away and others became financially unable to pay pledges made. The college, possibly because of this and possibly because of financial depression, did not do everything that it endeavored to do and approximately 1 year ago a new agreement was made whereby it was agreed that the cit-

## This Kitchen Would be a Joy to Any Housewife

### Here Are Prepared New Recipes for Daily News School

Miss Clara Alden Spence's model kitchen in Kansas City in which she experiments with foods and produces new recipes and new methods of serving old dishes, would be a joy to any Cisco housewife.

Miss Spence is the home economics expert, who is to conduct the Daily News Free Cooking school which begins next Wednesday and continues for three days, in the Spinn Chevrolet building.

Modern equipment, the newest developments in utensils, the finest of foods abound in the kitchen. Above all it is spotlessly white. It is located on the top floor of one of the largest buildings in the city, is spacious and airy.

## Byrd Breaks Camp at Little America and Sails for Home After Over Year

NEW YORK, Feb. 20.—The New York Times, The St. Louis Post Dispatch, and newspapers affiliated with them in publishing reports from Rear Admiral Richard E. Byrd's Antarctic expedition have announced that Byrd and his companions have broken camp and sailed homeward aboard the bark, "The City of New York."

When "City of New York" turned its prow toward the warmer seas yesterday, Rear Admiral Richard E. Byrd had brought to a climax the comparatively short number of years of exploration which has taken him to both poles of the globe, and many times under most trying conditions.

Now at 41, Byrd may look back over a period of 26 years of accomplishment since he made an entry in his diary at 14 that he would explore the north pole. These accomplishments have brought him the rank of Rear Admiral in the United States navy, although he was at one time discharged because of injured bones in his foot.

During the war Byrd entered the

## LONG SEARCH FOR MISSING FLIER ENDED

### Body Discovered in Smashed Wreckage of Plane

NOME, Alaska, Feb. 20.—The body of Carl Ben Eielson, aviator who was lost Nov. 9, 1929, has been found.

A radiogram from the rescue ship Nanuk said the body was found in the wreckage of the Eielson plane about 9 miles southeast of North Cape Siberia.

Findings of the body ended a search that started a few days after Eielson and his mechanic, Earl Borland, were lost while flying from Teller, Alaska, to the Nanuk a fur ship at North Cape.

Borland's body was found last week buried in the snow near the wrecked plane. Joe Crosson, rescue pilot, said the message which said the body had been found. He said that Eielson, like Borland, had been killed instantly when his plane crashed. The bodies of both aviators are to be sent to Fairbanks.

## Plans on Life of Hoover Reported

TERRELL CASE FOURTH OUSTER CHARGE FILED

United Press Staff Correspondent AUSTIN, Feb. 20.—Efforts to impeach State Comptroller Sam Houston Terrell is the fourth impeachment of a state official that has been attempted in Texas.

In two instances impeachment charges have been voted by the House of Representatives. In one of these the charges were sustained by the Senate.

The first attempted impeachment was launched in 1893 against W. L. McQuaghey, state land commissioner. The charges were based on the alleged manner of handling lands in Harris, Liberty, Jasper, Newton, Orange, Tom Green, Sterling and Tarrant counties.

Silk Hats A record of the proceedings on file in the state library at Austin discloses that one of the charges was the receiving of a silk hat as a present by the head of the sales department of the land office.

There were two Pages from the scene volume in Austin this week. Former Sen. Paul D. Page of Bastrop was about the capitol on official matters. His son, Paul Page, who was assistant attorney general under three officials, Moody, Pollard and Bobbitt, has entered the law practice here, with his first case that of helping the proponents of a sulphur tax levy present their case.

A million-dollar beautification program for Corpus Christi, permitting a seawall similar to that at Galveston, enlarging the harbor, and relocating the shipping district, was assured by the legislature in the passage of a tric of bills by the Nueces county delegation. Governor Moody recognizing the importance of the enabling acts, submitted the subjects for action and will approve the bills.

# Powerful Cyclones Coming to Play Kittens Saturday

## TEAMS TWO OF BEST IN THE NATION

### Spectacular Contest in Prospect for Cage Followers

"The biggest girls' basketball game of the year" in West Texas is scheduled to take place at the high school gym in Cisco Saturday evening at 8 o'clock when the powerful Employers Casualty Golden Cyclones of Dallas invade the home court of the Randolph College Kittens to the court of the Dallas team.

That first engagement resulted in a narrow victory for the Cyclones ascribed by the Kittens to the fact that they had only a few days before taken up training whereas the Dallas club, runners up in national A. A. U. tournament at Wichita, Kansas, last year, had been in training for several weeks.

Four all-American players will be seen in action during this game. Two of them, Thelma Russell, former star of the Breckenridge high school state championship team, and Delma Fulford, former star of the Dublin high school state title, are with the Kittens. The other two play with the Cyclones.

Reorganized. The Dallas team has but recently undergone a complete reorganization which is said to have made the team much stronger than originally. The Kittens, who last year won the Southern A. A. U. championship, have but recently returned from a disastrous tour of Arkansas during which they annexed but one game. The long arduous bus rides weakened the playing power of the team greatly, however, and the tour was regarded as a success purely from the standpoint of experience, that it gave. None of the defeats sustained by the local girls was topheavy.

With a week of rest behind them the Kittens are in excellent condition for their contest with the Cyclones. That they are playing on a familiar court gives them some advantage but is going to take a great deal of advantage to overcome the prestige of the team that is coming to Cisco Saturday. Without doubt it is one of the most powerful sextets in the nation, a team that has been gathered from far and

## Southern A. A. U. Champions of 1929

Here are views of the Randolph college Kittens team which won the Southern A. A. U. championship in a tournament at Dallas last year and ranked high in the national tournament at Wichita, Kansas. Many of the members of this team are back with the Kittens this year, notably, Fulford, T. Russell, Darnell and Teddie.

In the group, top row, is Nard, manager, Pearl Teddie, Edna Milton, Zola Johnson, Dr. T. T. Roberts, president of Randolph, Elizabeth Wylie, Bertha Helen Tripitt, Mrs. Emson and Coach H. R. Garrett; bottom row, Delma Fulford, Florence Peavy, Thelma Russell, Lesie Mansfield, Ruby Mansfield, Edith Qualls, Doris Bates, Skipper Morrison, and Kathleen Darnell. No. 1 is Edith Qualls; No. 2, Doris Bates; No. 3, Lesie Mansfield; No. 4, Coach Garrett; No. 5, Thelma Russell and bottom right, Delma Fulford, captain of the team this year.

wherever appeared a prospective member of outstanding caliber.

Practically all of the girls who make up the Randolph team come from the oil belt of Texas, a section that has become noted for the quality of its athletes and a section that has invariably dominated girls' high school basketball in Texas. Members of the state championship teams of Breckenridge, Dublin and Cisco have come and continue to shine upon the collegiate courts of Randolph and the prestige of the little school in the Big Dam city has been promoted over the entire southwest more by the magnificent showing of these girls than by any other particular factor.

H. R. (Pop) Garrett, consultant and good natured director of athletics at Randolph is the coach of the girls. His ability as a mentor has been demonstrated to no uncertain degree in the results that he has attained with the Kittens as well as the football and basketball teams of the boys at the school. The Kittens under his tutelage have developed into a smooth, powerful unit that functions with a spectacular ease to satisfy the most exacting critic of athletic.

Stars of the team. Stars of the team are Delma Fulford, captain, Kathleen Darnell, Anne Greenlee, Beola Kirby, Juanita Wright, Pearl Teddie, Thelma Russell, Mattie Bess Russell, "Pat" Patterson, and Gladys Johnson. Patterson comes to the team from the crack Dalhart sextet of last season.

Officials for the game Saturday will be Lahee, of Dallas, and Bill Smith, of Cisco.

### Proposes Tax on Tobacco in Texas

AUSTIN, Feb. 20.—Ten cent cigars will cost 11 and 20 cent packs of tailor made cigarettes 22 if a tobacco tax goes into effect which Rep. James Harper of Mt. Pleasant proposes in a bill filed with the present session of the Texas legislature. Harper's bill imposes a cent tax on each ten cents of retail selling price. The tax will go to schools, chewing tobacco is exempt.

The house late yesterday voted 35 to 13 against the recent proposal of members of the taxation committee to invite 21 business men to sit with them in considering taxation.

It would mean no taxation at this session, opponents asserted. You are invited to attend the cooking demonstration at our store—the Sanitary Food Store—Thursday, Friday and Saturday February 20, 21 and 22. Have a free lunch with us, hot coffee, and hot biscuits. Very important for every housewife to be entertained by an expert cook, 408 Ave. D, telephone 117.—Adv.

### Baseball Briefs

SAN ANTONIO, Feb. 20.—Three members of the New York Giants squad were excused from yesterday's practice because of injuries. Pitcher Ralph Judd has an infected heel, while Frank McCullough, rookie infielder, is nursing a split finger and Leroy Parmalee, expensive rookie pitcher, wrenched his ankle.

SAN ANTONIO, Feb. 20.—Donie Bush sent his Chicago White Sox squad through a strenuous workout yesterday while awaiting the arrival of Art Shires, who is expected Sunday. Shires is seeking a \$25,000 salary, but officials here with the club say there is no chance of his getting that much money.

NEW YORK, Feb. 20.—All of New York Yankees except Babe Ruth and Tony Lazzeri are under contract for the 1930 season. Secretary Ed Barrow announced today. Lazzeri has accepted terms and his signed contract is expected soon. Col. Jacob Ruppert will leave for the Yankees' training camp March 4 and the dispute over Babe Ruth's salary will be discussed at that time.

BROOKLYN, Feb. 20.—Ivy Olson, former star shortstop, will return to the Brooklyn Dodgers this season as coach.

### Mineral Wells Too Much for Eastland

EASTLAND, Feb. 20.—Mineral Wells high school Mountaineers' cagers proved too much for the Eastland Mavericks cage team here last night as the Rescorters went home with the heavy end of a 23 to 18 score. Foster, guard, was high point man for the Mavericks with 12 points. Brunson, Mineral Wells center, was right on his heels with 11 points. The Mountaineers took the lead in scoring during the first frame but the Mavericks staged a comeback in the second frame that regained the tip top position for them which they maintained until the last two minutes of the game. Brunson and Cunningham for the Mountaineers lead the offensive whirlwind comeback when the score was 16-14 in favor of Eastland and when but two minutes of battling basketball was over, Mineral Wells was on top with a score of 23 to 18.

### O'Connor Asks to Be Relieved

WASHINGTON, Feb. 20.—Chairman T. V. O'Connor of the U. S. shipping board today asked President Hoover to relieve him from his duties as head of the board. He gave ill health as the reason for his request. O'Connor, however, expressed willingness to continue as a member of the board. The president took the request under consideration.

### Couple Plan World Flight

ST. LOUIS, Feb. 20.—Early on the morning of June 1, Lieut. and Mrs. Herbert Fahy, Los Angeles, will pack two shirts and a clean dress and leave Detroit for a 12-day jaunt around the world.

The Fahys, both of whom are pilots, announced at the international aircraft exposition here, plans for lowering the Great Zeppelin's globe-girdling record of 21 days. They said they would use a Lockheed Vega, powered with a Pratt and Whitney Wasp engine and plan to make the rip in from 12 to 15 days. Lieut. Fahy holds the world's solo endurance record for airplanes.

## TOURNAMENT SCHEDULE IS MADE PUBLIC

### Only Four Teams to Participate in District Co

Only four teams will participate in the district boys interscholastic League basketball tournament at Stephenville Friday and Saturday, Coach W. B. Chapman of the Cisco high school, who has just returned from a meeting at Stephenville to arrange details of the tournament announced. A round robin schedule will be used, each of the four teams playing the others and that emerging with the highest percentage being declared winner of the tournament.

The meeting took place at Stephenville yesterday from 4 to 6, resulting in considerable discussion and a generally expressed preference on the part of the coaches for the method of play used last year. Cisco, Breckenridge, Stephenville and Lipan will participate in the tournament. The tournament will be held at

## Sheppard Will Support Oil Tariff

WASHINGTON, Feb. 20.—Senator Sheppard, Dem. Tex., announced today he will support the demand of independent oil operators for a tariff on gasoline, contending the independents face destruction from the competition of big oil "monopolies."

## Radical Socialist May Form Cabinet

PARIS, Feb. 20.—President Gaston Doumergue today invited Kamille Chateaux, radical socialist leader, to form a new French cabinet.

Chateaux' government, if the invitation is accepted and he is able to form a cabinet, would include the radical socialists, the independent left group, the republican socialists, and swing as far into the center group as possible. This government probably would obtain some support from the socialists, although they have hitherto refused to participate in any government in which they are not in the majority.

Edmond Herriot, one of the radical socialist party leaders, and considered one of the powerful forces in the chamber, has promised Chateaux every assistance in his power if he accepts the task of forming a new government, but told the United Press that he would refuse to take any cabinet office.

The John Tarleton gymnasium. It will be opened with a game between Breckenridge and Stephenville at 1:30 p. m. Friday afternoon. Cisco and Stephenville will play last in the schedule meeting Saturday evening at 8:30.

The following is the schedule:

Friday  
1:30 Breckenridge vs. Stephenville.  
2:30 Cisco vs. Lipan.  
3:30 Breckenridge, Stephenville and Lipan will participate in the tournament.

Saturday  
7:30 Breckenridge vs. Lipan.  
8:30 Cisco vs. Stephenville.

According to such "dope" as exists Stephenville and Breckenridge loom as favorites over the Lobos. Stephenville defeated Ranger 43- to 17 while the Lobos had difficulty in downing the Bulldogs. Breckenridge holds the advantage of a 16 to 15 win over the Lobos in the only meeting between the two teams this season. Stephenville has the further advantage of playing on their home court. Lipan is an unknown quantity.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with powerful action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

HOW ONE MAN ENDED "RHEUMATISM" Stomach Troubles, and Built up His Strength At The Same Time

There is a pain along with pains in the stomach, back and sides—and until you try it you can blame only yourself for your suffering. It's through the use of the remarkable medicine Tanlac that for years has steadily but quietly been performing almost miraculous benefits for millions. Here's just one case out of thousands who have in their joy taken the trouble to write us. His name is Mr. H. F. Burbage. Mr. Burbage, a transfer man, suffered for 15 years from rheumatism and he had to earn his living like you and I he had just about despaired when, as a last resort he tried Tanlac. "I could hardly move about or raise my arms up, to go up or down stairs it would seem like my knees would break. The pain hurt awful and crippled me up. Besides rheumatism, my digestion was bad and I was run down generally. It was a mighty big handicap in my business. Finally I began to take and it won the best for me. It began at once to overcome my muscular rheumatism and now have no ache or pain and am a well and new man. I recommend Tanlac with unbounded confidence." Other remedies may soothe but Tanlac performs—a real medicine that backs claims with a guarantee. Accept no substitute. At all druggists.

Smith Jr., was a business visitor in Fort Worth Saturday. Walter West has come to Wink, Texas, where he will spend a few days. Mrs. Knute Lewis was ill Saturday. The Valentine box and program given by Mrs. Coats at the school house Friday afternoon was enjoyed by a large crowd. Misses Dona and Della Matthews were business visitors in Cisco and Eastland Saturday.

SCRANTON

Mrs. Lela Mae Slatten of Cisco, was the weekend guest of Miss Beulah Sawyers. Grandpa Snoddy is reported no better at this writing. Mrs. Homer Ledbetter of Brownwood visited relatives here the first of the week. Mr. and Mrs. J. T. Morgan and children of Albany, were the Sunday dinner guests of Mrs. Morgan's mother, Mrs. Will Ledveridge. Will Slatten and family of Cisco, were in Scranton Sunday afternoon. Mr. and Mrs. Pitman and son,

Irey of Abilene, visited Mr. and Mrs. Pink Pitman Thursday. Mr. and Mrs. Lee Boland have a new baby boy. Hick Bellew is confined to his bed with pneumonia. Bill Avery, of Big Spring, visited friends here the past week. Mrs. Ed Bradshaw and daughters, Esther and Grace, were in Scranton Saturday. J. T. Simmons of Big Spring is visiting friends here and at Carbon. Mrs. Rich Holder gave an entertainment for her Sunday school class Saturday night. Mr. and Mrs. B. B. Brummett honored the boys basketball squad with a buffet luncheon Friday evening in their home. A touch of valentine sentiment was evident throughout the entertainment, beginning with the color scheme of red and white carried out in the menu. After the luncheon games and contests were enjoyed by Misses Geneva King, Francis Nicks, Lillian West, Elsie Deal, Alice Miller, Ethel Starr, Hadassah Boland, Lila Mae O'Brien, Eunice and Bernice Bradshaw, Neva Blalock, Clara Mave Brummett and Messers, Orville Bailey, Johnnie Speegle, Glyn Purvis, Jimmie Baird, Woodrow Sawyer, Lewis Horn, O. B. Brown, Rufus Horn, W. P. Ledbetter, Cecil Black, Charles Starr, Landon Brown and Mr. and Mrs. Bill Clinton, Miss Henderson and Miss Gilbert. Jimmie Baird paid the penalty for being able to collect the greatest number of cook aprons for his negligence of saying "Thank you" before answering questions. And Johnnie Speegle was proven guilty by a jury of thirteen of being the ugliest boy. The cuckoo called the hour of 10:30 all too soon and the ball squad went away feeling that they had been well paid for the work of the ball season.

### FERGUSON IS DEFINITELY IN GOVERNOR RACE

By RAYMOND BROOKS  
AUSTIN, Feb. 20.—James E. Ferguson, saying he seeks neither honors nor vindication, announced his candidacy for governor Wednesday.

He declared he has "long since made my peace with God," and that he will not permit himself to be drawn into bitterness in the campaign.

He restates his former campaign planks. These include:

- Luxury tax on cigars and cigarettes.
- Liberal issuance of pardons to meritorious prisoners.
- Vets. of any liquor legislation, wet or dry.
- Business administration, reduction of county tax assessor and collector to save \$200,000 a year.
- 10 per cent of capital and deposits outside Texas.
- Abolish landlords' lien, to permit tenants to purchase crops.
- Right of owner to take a suit home or other real estate in two years after foreclosure.
- Elective Commission.
- Elective highway commission of five members.
- Oppose issuance of road bonds; favor reduction of gasoline tax from 4 to 3 cents per gallon; building of lateral roads.
- Banishment of the present bus and truck vehicles which use the highways for profit to the exclusion of the traveling public.
- "I shall not," Mr. Ferguson said, "enter into a frantic mental or physical struggle for election, and shall conserve my strength for the duties of the office to which I will be called."

Mr. Ferguson, who has ridden thrice to victory and many times to defeat as an active participant in every political campaign since he came over the horizon a farmer and country banker in 1914, will not be barred from the democratic primary ticket under the Thomas B. Love exclusion voted here two weeks ago. That bar was laid only against holders of two years ago, and did not reach back to the time Mr. Ferguson was candidate for president on his American party ticket, or when he supported George E. B. Paddy for United States senate, Paddy ran against Earle B. Mayfield, after Governor Ferguson was the unsuccessful second-primary opponent of Mayfield.

"Many Requests"

Mr. Ferguson said he will run this year for governor in response to requests and suggestions from a very large number of Texas voters.

"I will not be seeking an honor," he said, "for I and my family have had that. I will not be seeking vindication, because that has been given me. When I am elected, as I am sure I will be, I will feel that the people have called me to render a public service which they have not received for the past three and a half years, and for which my experience with state affairs has especially qualified me. Every informed person knows that the next governor should be selected on the sole ground of qualification, he who can best serve the state being the controlling question in the mind of the voter."

"At this perilous time, this is as it should be. I would not have my friends feel I am taking their opinion in again asking their support. If they feel that some other candidate can perform the duties of the office better than I, then I think it is their duty to vote for that candidate. If they think I will make a better governor than any of the other candidates, then it will be their duty to the state and not to me, to vote for me. I want to emphasize that whether anybody, friend or foe, votes for me or not, it will cause no hard feelings on my part and our present cordial relations, I hope, will be continued."

Seeks Third Election

Mr. Ferguson is seeking his third election as governor, and his second full term. He served one and a third terms before his impeachment in 1917.

He holds the distinction of being the only husband of an American state governor, and he and Mrs. Ferguson share the honor of being the only man and wife both elected to the office of governor.

Mrs. Ferguson was elected governor in 1926, defeating Felix Robertson, when the strength of the ku klux klan as a political factor was broken.

She was defeated after one term by Governor Dan Moody, for a state precedent; and during the Moody-Ferguson campaign it was repeatedly said that Mr. Ferguson exercised large influence in control of the governor's office during his wife's term.

Governor Moody now is serving his second term, and broad intimations that he will seek a third term have implied that he and Ferguson may again stand opposed to each other in the appeal to the voters.

EXPENSIVE SLAP — \$2,000  
BRACUSE, N. Y. — It cost Louis Pappas \$2,000 to slap the face of the new waitress a few minutes after she began working in his Jamesville hotel. A jury awarded Miss Grace Michael, 21, a judgment for that amount when she testified she was slapped after repulsing her employer.

### WHERE BLAST IMPERILED 2000 PUPILS

Like a scene on a war-torn battle front is the one pictured above after an explosion of accumulated gas had wrecked a frame in Bocklyn, N. Y., and wrecked the school building shown in the background, injuring more than 30 pupils. Many of whom were taken to hospitals. Here you see how roofs and walls of the building and the windows of the school were shattered by the terrific blast. Two thousand pupils were attending classes when the explosion occurred.

### COOKING SCHOOL

CONTINUED FROM PAGE 1

It is from that model kitchen the women of Cisco are to receive the latest developments in the culinary art. For Miss Spence, above all else, is as modern as is her kitchen.

Because she has all her time to spend in cooking and experimenting with new dishes, she is able to present to her cooking classes something new and different. Trained to do research work in the economic and practical as a teacher of home economics for several years, Miss Spence saw an opportunity for service in conducting her model kitchen. She has conducted cooking schools in many towns and cities, giving hundreds of women the benefits of her researches.

The Daily News free cooking school is to be a clinic for housewives, a place where good cooks may be made better.

Dependable food products of standard brands will be used in actual demonstrations by Miss Spence. For her breads, cakes and other pastries she will use Fairy Flour and other Lavoisier products.

Folger's coffee, the fine brand of imported Central American Coffee, KC Baking Powder, standard for thirty-seven years, and others just as notable will be used by Miss Spence.

Will Duplicate.

While it is impossible for Miss Spence to bring her model kitchen to Cisco with her, the Daily News will duplicate it in so far as that is possible. The kitchen equipment will be installed in the Spain Chevrolet building next week under Miss Spence's supervision.

In connection with the cooking school there will be prize competition with valuable prizes offered for the best angel food cake, the best light rolls and the best biscuits. Judges will be selected and their names announced at the first session of the school next Wednesday.

Many Cisco women already have signified their intention of attending all of the sessions of the cooking school. The Daily News extends a cordial invitation not only to all Cisco housewives but to those in surrounding communities, since the larger the attendance the greater will be the benefit derived.

Among the local concerns who will participate are:

The Lee Diversified Farms will furnish the fertilized eggs for the school and will give a prize each day consisting of some of their products—probably milk fed fryers

from their hatcheries and poultry farms.

The Red-Green Music Co. will have a General Electric refrigerator in the kitchen with the West Texas Utilities Co's Refrigerator, refrigerator. They will also display their pianos, Victrolas and Majestic radios.

The J. C. Fenney Co. will provide the table linen and will also have other items on display. These items will be mentioned in detail later.

Furniture Displays

The Cisco Furniture Co. will have a furniture display and have volunteered to furnish whatever items in their line that might be needed in the school not furnished by other furniture concerns in the city. It is likely that all furniture stores will enter as soon as they can be seen.

Jan. H. Garner's department store will have a display of Atwater-Kent radios and will divide time with Ford-Green Music Co. in furnishing entertaining programs before and after the cooking school sessions. They will have a display of other merchandise from the departments.

The Farling Studio will cooperate with the school and will have a display of their work.

The Southwestern Motor Co. will participate and will give a free car wash each day.

The cleaners and dyers of the city will likely have displays and cooperate in the advertising campaign as will the laundry.

Tollies Bros., cigar, cleaners and painters, will have a display of painting and a booth in the building.

Silverware

Hardware stores and jewelers will be able to advertise their lines of dishes and silverware to great advantage to the hundreds of ladies who will be in attendance daily; and special effort will be expected to draw them by means of cooking lore and the large number of prizes and awards given each day by Miss Spence.

Hyat & Woods will cooperate and furnish prizes each day.

The M System will donate prizes each day and furnish food from their store for cooking demonstrations each day.

Skiles Grocery & Market will have a booth and will furnish all meats needed for cooking demonstrations during the school. Mr. Skiles assures the Daily News that only the choicest of meats will be used. He will also furnish free gifts each day of the school.

W. K. Johnston Grocery will erect a booth and will furnish prizes for

the ladies who attend each session of the school. He will cooperate in every way possible to make the school a success for Cisco, he assures us.

Clarence Saunders Grocery will cooperate and Mr. Jenkins will offer prizes each day for ladies attending its sessions.

Piggly Wiggly will cooperate with the school and will give away 12-pound sacks of Amy Fairy flour and one-pound cans of Folger's coffee to ladies in attendance of sessions of the cooking school.

DeLuxe Cleaners will cooperate with the school and will donate prizes during the school. Mr. DeLuxe will likely have a booth and display of their cleaning services.

Another store towards making highway No. 30 longest all-weather north and south highway in Texas was taken recently, when state highway commissioner awarded contracts for 22 miles of concrete pavement from Anson to Abilene, at total cost of \$673,584.

Farwell — Three new signal blocks to be installed on Santa Fe's Siston branch line running out of here.

### PROPOSAL FOR ENFORCEMENT QUIZ DUBIOUS

By THOMAS L. STOKES  
United Press Staff Correspondent  
WASHINGTON, Feb. 20.—The proposal for a sweeping investigation of prohibition enforcement by the senate judiciary committee appeared certain of defeat after a check today, but not before a warm fight on the floor.

Pressing the inquiry, headed by Chairman Norris, republican, Nebraska, and including Senators E. A. Tamm, republican, Idaho, and Walsh and Wheeler, democrats, Montana, are outnumbered on the committee, but they expect to submit a minority report and carry the fight to the senate floor. They are surprised at the opposition to the committee of 17 members—eight democrats, republicans, Wisconsin.

Defeat for them there is predicted because a majority of drys are opposed to an investigation, but the debate will offer the dry minority and wets supporting the investigation an opportunity to air their views about enforcement conditions.

The judiciary committee will meet Monday to discuss the Norris resolution which would authorize the broadest investigation of prohibition ever proposed in congress. It may vote at that time.

Transfer Bill Hearings

While the dry minority seeking the investigation apparently will be checked in its purpose, it is expected to see the hearings on the Williamson transfer bill passed by the house to inquire into some of the evils it charges in the enforcement system. This measure, switching the prohibition bureau from the treasury to the justice department, will come before the committee later.

The targets of some of the dry minority are Assistant Secretary of Treasury Lowman and Prohibition Commissioner Doran. The purpose of this element in seeking a general investigation was in common parlance to "build a fire" under these two officials, with the ultimate aim of preventing their retention in the prohibition service when the bureau is transferred to the justice department. They will use their opportunity in the Williamson bill hearings to forward this purpose.

It is known that Doran intends to quit the government service

within a few months, if not sooner, and take a position with private business, and it is believed that if the transfer is approved, Lowman will be left in the treasury. In the latter case, the job merely will be "pulled from under him."

naval aviation service and was active in planning the first round the world flight for naval planes in 1919, although he did not make the trip himself. Since that time events have followed in quick succession definitely linking him with the development of flight in this country.

The most important accomplishment heralding his entry into Arctic flying was in 1925 when with the assistance of Floyd Bennett, who has since died, and assistants, he flew over the Arctic, gaining much valuable information for science.

In May, 1926, with Bennett as co-pilot, he flew over the north pole and back to Spitzberge, 1,360 miles in 15-1-2 hours. Then a short time later he announced his plans for the south pole trip.

On the morning of June 29th, 1927, with a crew of three men, Byrd hopped off from Roosevelt field in the tri-motored monoplane, America, for Paris. On the morning of July first, the plane was landed in the sea off Ver Sur Mer, France.

After he returned from Paris he began preparations for the south pole trip which culminated in the sailing of the bark "The City of New York" from New York, Aug. 23, 1928, for the Ross sea. Here they landed on an ice barrier Dec. 25th, where camp was established. Then followed several flights and mishaps, notably the one over the pole, during which they made minute observations.

The City of New York is expected to make for Dunedin, New Zealand, where it is thought Byrd may board a liner to the west coast of South America.

Two adjoining stores were also wrecked.

## THE HI-LIFE

In Which the News of Cisco High School is Presented MARY BETH LANGSTON, Editor

The 1929 football captains, O. C. Ray and Clifford Turknett, were introduced to C. H. S. in assembly yesterday morning. "Comrades" told of the prospects for next year and said that, with the cooperation of the student body and the citizenship, C. H. S. ought to turn out a good team. "Little Turkey" was rather bashful and said that O. C. had told all there was to say.

Mr. Chapman made a short talk. Mrs. Byrd gave a talk to boost up pep and enthusiasm for our Queens. The students then gave some yells and sang "Varsity". Mr. Youngblood gave a talk on the interscholastic league meet and urged the students to win everything.

The Queens left yesterday afternoon at the end of the sixth period for Roby, where they will enter the basketball tournament. The students were allowed to go outside for a few minutes to see the girls leave and to speed them along with some yells. Our thoughts and hopes will be with the Queens, and we want them to bring back the bacon in the form of a first place basketball trophy.

## PECAN TOUR WILL BOOST "1000-ACRE CLUB"

### PARTY WILL MAKE TRIP MARCH FIRST

#### Demonstrations to Be Conducted at Various Groves

A pecan inspection tour of sections of Eastland county, organized to further stimulate growing interest in the "One Thousand Acre Pecan Club" that is being fostered by County Agent J. C. Patterson, of Eastland, and E. H. Varnell, Cisco vocational agriculturist, will start from Cisco, Saturday, March 7, at 8:30 a. m., to arrive back in this city late that afternoon after visiting several of the outstanding pecan groves of the county.

The first stop on the route will be the farm of Charlie Wende, near Cisco, which will be reached at 9:30 for a 30 minutes demonstration in methods of cutting back native trees and summer top working. The next stop on the route will be the grove of J. C. Thurman where the results of past top-working will be exhibited.

Lunch will be eaten at Rising Star and the afternoon devoted to visiting pecan groves of Gus Bowden, near that city, and the Hale and Jobe groves near Gorman.

**TRIP ITINERARY**  
9:00 a. m.—Leave Cisco chamber of commerce.  
9:30-10:00 — Demonstration on proper method of cutting back native trees for summer top working—Charlie Wende farm.  
10:00-11:00 a. m.—Visit J. C. Thurman grove of native trees. Trees well cared for and several stages of top working.  
12:00-1:00 p. m.—Lunch at Commercial hotel in Rising Star—Hot biscuits everything for 50 cents.  
1:30-2:30—Visit Gus Bowden pecan grove, 35 acres in pecans on upland sand. You will get some new ideas on soils that are adapted to pecan growing, top-working native trees, best varieties for this section, how to prune and otherwise care for trees, and possible profit from pecans, etc.  
3:30-4:30—Visit Jobe and Hale groves near Gorman. Methods of setting trees; increased value of land set to pecans.  
5:30—Arrive Cisco.

Shady Grove community near Cisco returned more than \$400 last year to J. C. Thurman, one tree producing 436 pounds of nuts which sold for over \$50. Dallas

### SHE THINKS ORGATONE IS VERY FINE

Mrs. Cope of Breckenridge Says That It Has Completely Relieved Her Digestive Troubles.

"I have been bothered by digestive troubles for about a year, but Orgatone is entirely relieving my ailments," said Mrs. Charles Cope wife of a well-known farmer who lives on Route 1, Breckenridge, Texas while talking to Orgatone representative. "I had a bad taste in my mouth every morning when I first got up," continued Mrs. Cope. "I was often inclined to be bilious and had a burning pain in my stomach and throat. I frequently had palpitation of the heart caused by gas on my stomach and had some trouble with constipation.

"I saw in the paper where so many people were finding relief for their troubles through Orgatone that I bought a bottle and after taking only two bottles I am more than pleased with it. I have no more trouble with the burning sensation in my stomach and the bad taste in my mouth is entirely gone. I am not bothered with the gas on my stomach and my heart does not palpitate as it did. The constipation is entirely relieved. I think Orgatone is fine and I'm glad to tell others about it."  
Genuine Orgatone may be bought in Cisco at the Dean Drug Store.—Adv.

### F. F. T. Father and Son Banquet Tuesday

The Future Farmers of Texas chapter of Cisco, E. H. Varnell, instructor, will present its father and son banquet at the First Methodist church here next Tuesday evening at 7:30. The dinner will be served by the women of the church.

More than 50 are expected to attend. Clifford Turnkett, member of the club, will be toastmaster.

The following program has been arranged, tentatively:  
Welcome address, Ben Camp.  
Response, J. J. Youngblood.  
P. F. A. Activities, Cobron Yeager.  
Solo, Avery Holt.  
Boy and His Dad, speaker to be selected.  
Quartet, J. B. Hanks, Hancel McCord, Hoyt Slatton and Wesley Smith.  
Mouth Organ Solo, Guy McCantles.  
Presentation of Cisco Banking company trophy.  
Remarks, E. H. Varnell.

Under the terms of the "One Thousand Acre Pecan Club" farmers, through the vocational and agricultural agents of the county, are offered nuts free for planting provided they agree to plant these nuts upon plots of ground unsuited for other farming purposes ordinarily but adapted to pecans and, when the nuts have sprouted and the seedlings sufficiently grown, to bud or graft commercial varieties upon the stocks thus starting groves. Most of those agreeing have set aside five acres to be used for the purpose.

**Saving Land**  
Under this plan hundreds of acres of idle land may be retrieved and a flourishing pecan development instituted which will return many thousands of dollars of extra income to the county.

In the Cisco vicinity, although the movement has been recently organized, more than 80 acres of soil has been pledged to the project and is now being planted to nuts.

Among those who have entered the club are: S. C. Trigg, Nimrod; H. H. Warner, Carbon; Ed Townsend, Nimrod; W. N. Black, Sabanno; G. C. Brown, Route 4, Cisco; J. L. Brown, Sabanno; Lee Leslie, Route 3, Cisco; James Matthews, F. E. Harrell, Cisco; T. L. Lasater, E. A. Reed, Z. W. Green, B. H. Westerman, E. L. Lammack, A. C. Holt, Herman Schaefer and A. N. McBeth, all of Nimrod.

**PATIENTS ON "VOLCANO"**  
JACKSON, Miss.—Patients at the Charity Hospital here, a state owned institution, are being "treated atop a volcano," the state hospital board reported to the state legislature. A steam boiler in the basement has twice been condemned and is likely to explode at any time and result in death or injury to more than 200 patients, the board reported.

**Greyhound Lines**

### NIGHT SCHOOLS MEETING WITH MUCH SUCCESS

A very pleasing success is being met with in the series of night schools that is being conducted under the leadership of E. H. Varnell, Cisco vocational agriculturist, in the communities of Dan Horn, Nimrod and Pleasant Hill during the month of February. One meeting is held in each of these three communities each week, making 12 schools in all, and the attendance of farmers and their evident interest in the schools brought up for discussion has been each without exception a very successful event.

Last night at Dan Horn the subject of combating the cotton boll weevil was discussed. This evening at Nimrod the "Setting and Care of the Home Orchard" will occupy the attention of the farmers, while tomorrow evening Pleasant Hill farmers will discuss the "Feeding of Livestock."

These schools are not lecture courses, but get-together affairs at which the people of the communities may talk over their mutual problems, exchange ideas and hear information gleaned from experience elsewhere and brought to them by the vocational instructor.

### Educators Leave for Atlantic City

DALLAS, Feb. 20.—More than 100 school teachers, principals and superintendents will leave Dallas on a special train late today for Atlantic City to attend the National Education association convention, which will open there Sunday for a five-day session.

Dr. N. B. Crozier, superintendent of the Dallas public schools, will head the party as chairman of the Texas transportation committee of the association.

### Customers Put Money Back in Bank

FORT WORTH, Feb. 20.—The First National bank lobby was as well crowded Wednesday with customers putting their money back into the bank as it was on the day previous during a run that ended with a dance and hot dog party.

Assured of the bank's solvency when the Federal Reserve bank of Dallas poured several million dollars in cash into its vaults, the depositors who made the run went home Tuesday night with the bank still open and the paying tellers on the job.

With business normal, Assistant District Attorney Albert Hooper Wednesday continued his investigation of rumors which caused the incident. The grand jury also has been charged to investigate. The penalty for circulating a false rumor about a bank's condition in Texas is two years in prison or a fine of \$2,500, or both.

The First National is one of Fort Worth's leading banks, having deposits exceeding \$24,000,000.

### RIDES PLANE AT 100

DOUGLAS, Kan.—Icy blasts from the north that swept over Kansas carrying the thermometer to below zero, couldn't keep Mrs. Hiram "Grandma" Cronk of this city from celebrating her 100th birthday by taking an aerial excursion.

Leveland — City to receive bids for extension improvements.

Richmond — Richmond Oil Mill to be reopened in near future by new owners.

Del Rio — Land purchased for new airport.

### PLANE IN LOOK OF DEATH

An aerial joy ride's tragic end is pictured here in the fire-blackened wreckage of a biplane which fell out of a loop at an altitude of 1000 feet and crashed into a thicket near Hollis, Loup Island, killing two men. The victims were Edwin Magruder, of Hattiesburg, Miss., the pilot, and William H. Gillett, of Alpine, Texas, a passenger. Would-be rescuers were driven away by flames which consumed the craft after its plunge to the ground.

### Former Mayor of Amarillo Dies

AMARILLO, Feb. 20.—Former Mayor Will A. Miller, 58, well known real estate and oil operator and a veteran Amarillo business man, died here Wednesday.

Colonel Miller organized and commanded the Fourth Texas cavalry, a volunteer regiment, which participated in the Spanish-American war.

### CURFEW 30 YEARS OLD

KANSAS CITY, Feb. 20.—Because city fathers 30 years ago asked Armour Packing company officials to have the whistle of their factory blown every night at 9 the custom is still continued. Farmers living 30 miles from here can hear it.

### A Way to Stop Attacks of Fits

Reports are received of an amazing treatment that epileptics state has proved successful in stopping their attacks. R. Lepso, Apt. 62, Island Ave., Milwaukee, Wis., has been supplying sufferers with this treatment. He now wishes to reach all those who have not been helped and to do so is making the startling offer of a generous treatment free to all sufferers. ## HAVE YOU SENT IN FOR YOUR FREE SUBSCRIPTION TO THE CISCO DAILY NEWS OR TO THE CISCO AMERICAN AND ROUNDUP?

Are you getting your subscription to The Cisco Daily News, or if you prefer, to the Cisco American and Roundup FREE this year? Read the interesting plan we have worked out so that more of our subscribers may enjoy their publication another year and so that more new subscribers may learn the pleasure and necessity of keeping up with the news concerning their neighbors and themselves.

Does your neighbor take either of our papers? What about those friends and relatives who would enjoy reading the news of their communities but have not quite made up their minds definitely to do so? Now is a chance to get your subscription without charge by getting two of these neighbors or friends or relatives to subscribe for our paper, thereby entitling you to a free subscription for one year. If it is more convenient, why not get two of your friends to pool their resources with you and get three subscriptions for the price of two?

We are sending out The Cisco Daily News now at a special price of \$3.65 for one year—already a saving over the original \$7.50 rate!—and The Cisco American and Roundup at \$1.50 for one year. Fill out the blanks that you find printed in this paper, giving the names and addresses of your prospective customers so that we may mail them each a paper complimentary and thereby pave the way for getting us two new subscribers, this in turn benefiting you by earning for yourself one year's subscription free!

Let us suggest that when you have selected your two prospective subscribers and have sent in their names to us, that you keep carefully in touch with them. See that they are receiving their copies of the paper and after they have enjoyed it the prescribed week, lose no time in seeing them and getting their orders. It will be a double advantage—to you and to us. We shall be building circulation and you will be receiving a year's subscription to either of the papers FREE OF CHARGE.

### The New Cool Process Permanent Waving Machine Is Here "RINGLETTE"

Our new "Ringlette" method of permanent waving is revolutionary. It is quite as simple, easy and comfortable as a mere marcel. With it there is not the slightest discomfort, pull or pain. There is no ped-estal — no chandelier — no heavy mass of metal to take away the pleasure of having a beautiful wave.

Too — just one wire is used — that assures you of freedom of movement throughout the operation — you can write, walk, or telephone! It produces a beautiful, natural wave — and that with one-tenth of the usual amount of heat. This naturally tends to protect the hair rather than take the life out of it. The "Ringlette" marks a new freedom and new beauty in permanents — be among the first to enjoy its comfort.

naval aviation service and was active in planning the first round the world flight for naval planes in 1919, although he did not make the trip himself. Since that time events have followed in quick succession definitely linking him with the development of flight in this country.

The most important accomplishment heralding his entry into Arctic flying was in 1925 when with the assistance of Floyd Bennett, who has since died, and assistants, he flew over the Arctic gaining much valuable information for science.

In May, 1928, with Bennett as co-pilot, he flew over the north pole and back to Spitzberge, 1,380 miles in 15-1-2 hours. Then a short time later he announced his plans for the south pole trip.

On the morning of June 29th, 1927, with a crew of three men, Byrd hopped off from Roosevelt field in the tri-motored monoplane, America, for Paris. On the morning of July first, the plane was landed in the sea off Ver Sur Mer, France.

After he returned from Paris he began preparations for the south pole trip which culminated in the sailing of the bark, "The City of New York" from New York Aug. 25, 1928, for the Ross sea. Here they landed on an ice barrier Dec. 25th, where camp was established.

Then followed several flights and mishaps, notably the one over the pole, during which they made minute observations.

The City of New York is expected to make for Dunedin, New Zealand, where it is thought Byrd may board a liner to the west coast of South America.
