Hoover Greets Brazil's Next President

Just as Herbert Hoover undertook a good-will tour of South America prior to taking office as president, so President-Elect Julio Prestes of Brazil is touring North America. This picture shows President-elect Prestes and President Hoover at the White House, where President Hoover received the distinguished visitor.

BOBBY JONES WINS BRITISH OPEN TITLE

Atlantan Holds Both Major Golf Honors of England

HOYLAKE, England, June 20.—Bobby Jones won his third British open golf championship today with an aggregate of 291. Leo Diegel, American P. G. A. champion, who had a chance to overtake the Atlantan in the final round, cracked at the finish. By this same total—291—Bobby Jones won his first British open championship at Royal Latham St. Anne's in 1926. He won in 1927 at St. Andrews with an aggregate of 285. Jones is the first golfer to win both the British amateur and open championships in a single year since John Ball turned the trick back in 180. The Atlantan also holds the national championship of the United States. American golfers finished one two three in the championship with MacDonald Smith and Leo Diegel, American professionals, tied for second place. The home breeds who carried the hopes of British golf fans were beaten as badly as usual. Horton Smith was up with the leaders with 296, so that most of the glory and prizes of the British open championship once more went to Americans. Don Moe had 303, while F. C. Stevens, Jr., scratched after playing 16 holes of his final round. American golfers have won the British open nine out of the past ten times. Arthur Havers is the only British player to win since Jack Hutchinson started the successful invasion back in 1921. Jones has won it three times, Walter Hagen four times and Jim Barnes once. Barnes scored a 77 in his fourth round for a total of 297, placing him in a tie with Compston.

\$22,000 Saved on Sugar Cargo

GALVESTON, June 20.—Another of those well known races with time, was won by the steamer Velma Lykes when she steamed into port Monday of this week with 24,000 bags of Cuban sugar. The Velma Sykes raced to port in order to beat the passage of the new tariff bill, which raises the import duty on sugar from 176 cents a pound to 2 cents a pound, or an increase of 12 1/2 per cent. Duty amounting to \$136,788.21 was paid on the shipment, before work of unloading was started. This represented the second large shipment of duty on sugar made in the past several days by the Imperial Sugar Company of Sugarland, importers of the sugar, as they paid \$670,328.24 in duties on 149,139 bags of sugar, several days prior to the arrival of the Velma Lykes. Payment of the \$136,788.21 in duties on the cargo aboard the Velma Lykes before the effective represented a saving of \$22,000.

INJUNCTION LIMITATION ISSUE LOOMS

"Human Versus Property Rights" Is Involved

WASHINGTON, June 20.—An issue which promises to play a prominent part in the forthcoming elections was raised in the senate today when its judiciary committee submitted opposing reports on the bill to limit the use of injunctions in labor disputes. The bill involves what some senators call the issue between "human and property rights" which figures so prominently during the recent debates over President Hoover's nominations of Charles Evans Hughes and Joan J. Parker to the supreme court. Two reports were submitted by the committee. One was a majority report opposing the bill and the other a minority report, signed by seven of the committee's 17 members, vigorously advocating it. The bill would limit the issuance by federal court of injunctions in labor disputes except when the dispute involved violence, fraud or threats. Even then injunctions could be issued only when all other means of lawful restraint had been exhausted. The bill also could outlaw "yellow dog" labor contracts and declare the public policy as favoring collective bargaining by employees. Chairman Norris, of the judiciary committee, submitted the minority report. It declared "public sentiment has reached the conclusion that some such limitation on injunctions is necessary." The majority report, submitted by Senator Steiwer, Republican, Ore., said substantial progress has been made in relations between employers and employees with the past 10 years and that there is no far as the abuse of injunctions is concerned there is less compelling reason for the enactment of federal legislation than formerly existed.

New Phone Line to News Office

The Cisco Daily News has installed another private telephone line in its offices for the convenience of patrons. The News office, as well as the telephone office, has had numerous complaints to the effect that the line was always busy when they called, and it was to keep up with the highest demands of service to the people of Cisco that the News has installed another line. The newspaper office is a busy place, and it takes it as complimentary to its service that the people of Cisco are using its telephones both for business and to report local news of the city. This is as it should be. People should realize that any paper can publish all that is of interest to its readers, only when the people lend their cooperation by promptly reporting every happening of interest while it is still news. Use these lines freely—either 80 or 81.

LETTER GIVES SLEUTHS CLUE THEY NEEDED

Philadelphia Police Make Arrest This Morning

PHILADELPHIA, June 20.—A man said to resemble New York's "maniac killer" was arrested by Philadelphia police today and taken to the detective bureau for questioning. The suspect was arrested in a room on tenth street, near Green. His name was said to be Joseph Clarke, and he is supposed to have escaped from the Creedmore state hospital for the insane on long island. Clarke, according to police, escaped June 3, 1929, from the Creedmore hospital. He was traced through a letter which had been received some days ago by F. M. Clarke, Queen Village, Long Island. At almost the time Clarke was taken into custody today John Moszynski, brother of Joseph Moszynski, the first man murdered by the Queens mad man, received a special delivery letter at his home here, threatening him with death. Clarke after a brief hearing was ordered sent to New York as a suspect in the "maniac murders."

Daring Leap Gains 30 Minutes Freedom

DURANT, Okla., June 20.—Oscar Lewis, prisoner charged with automobile theft, was back in the county jail after thirty minutes of freedom he enjoyed after daring leap from the top of the courthouse through 18 feet of space, into the branches of a cottonwood tree. Lewis, successful in his leap, grasped the branches but lost his hold and fell 70 feet to the ground. He was uninjured. After a half hour's search officers located the fugitive in a cellar where he was hiding.

Druggists Oppose Dead Bandit Fund

HOUSTON, June 20.—The Texas Pharmaceutical association was on record today as opposing the proposal to establish a protection fund to pay a \$2,000 reward for dead drug store bandits. A committee to which it was referred decided not to support the proposal, it reported in the closing session of the annual convention here Thursday. John R. Ray of Abilene was elected president and selection of the 1931 convention city left to the executive committee.

TWO CARS OF STOCK SENT TO FT. WORTH

The Cisco Co-operative Marketing association shipped the smallest consignment of the year this month when it sent two cars of cattle and hogs to the Ft. Worth market Wednesday. The cattle sold poorly, bringing from \$3.25 to \$10.00 but the hogs brought top at \$9.50. R. L. Poe accompanied the shipment to Fort Worth returned Thursday afternoon. George Huestis, L. Walters, W. D. Brecheen, W. L. McCorkle, E. J. Reich, James Matthews, W. I. Agnew, J. B. Coats, J. A. Livingston, N. A. Berry, Mrs. J. A. Berry, T. C. Cozart, shipped cattle. H. G. Hines, Dr. C. C. Jones, W. L. McCorkle, M. A. Farmer, B. O. Speegle, Henry Harris, J. W. McKinney, J. T. Graves, J. E. Staniel, F. A. Robbins, J. F. Alsip, John Cole, and R. L. Poe, and Jack Winston shipped hogs.

FIRST WATER CARNIVAL IS BIG SUCCESS

The first of a regular series of water carnivals at Lake Cisco took place last night attended by a large crowd. Stunts by "Jukes" in the water clown, music by the Lobo band, races between young swimmers and other events featured the program. The outstanding races were between Troy Mullinix and Walterena Dowda, a 9-year-old boy and a 9-year-old girl who learned to swim last year, and a 50-yard dash between Elvis Morten and George Edvin, the two fastest boy swimmers on the Cisco Red Cross team. Clyde Wilkins won the diving contest and Arthur Gentry took second place by a one-point margin over Finis Steffy. The greasy pole stunt was amusing. In this stunt the boys walk the pole for coins placed at the end. The best walkers last night were Slick Sanders, Hagen McMahon, Blair Clark and Shorty Colium. Elvis Morten and Billy Rutledge were high point men in the swim races, each taking eight points. Garth McCannles and Billy McMahon took second place honors. The Lobo band was at its best last night. The Lake Cisco Amusement company has provided a special bandstand for the players.

Huge Shift in Chicago Police

CHICAGO, June 20.—Police officers by the hundreds were mustered out of "unnecessary" jobs in the detective bureau, put in uniform and sent to the front lines today in Chicago's warfare against gangland. As the drastic reorganization commands of John "Iron Man" Alcock, new commissioner of police were carried out, the detective bureau staff was reduced from 900 to 200 men, the 700 policemen affected by the cut were ordered to patrol beats in various sections of the city. In the offing was another huge shift in forces, and the transfer of 1,500 plain clothes officers to patrol duty was expected to take place within the next few days.

ANOTHER VICTIM OF GANGLAND

CHICAGO, June 20.—Gangland gunmen took another of their enemies "for a ride" today while "Iron Man" John Alcock, new police commissioner, was organizing his forces for a major drive on crime. The victim was Lorenzo Juliano, chief of a south side alcohol gang who has troubled police for several years. His murder was the first in the metropolitan district since the assassination of Alfred J. Lingie, Chicago Tribune reporter. The victim was Lorenzo Juliano, chief of a south side alcohol gang who has troubled police for several years. His murder was the first in the metropolitan district since the assassination of Alfred J. Lingie, Chicago Tribune reporter.

Bandits Get \$2,700 in Oklahoma Bank

PADEN, Okla., June 20.—Two bandits held up the First National bank of Paden today, locked two employes and a customer in a vault and escaped with \$2,700. After locking cashier A. R. Novotny, a book-keeper and a customer in a vault, the two bandits joined a companion in a red coupe and drove away.

Back From Visit With Relatives

Judge and Mrs. J. D. Barker, their two daughters, Mrs. Sherman Roberts and Miss Marguerite, their son, Conway, and Mrs. Roberts' son, Ted, returned yesterday from a week's visit with relatives in Galveston and Texas City. They visited two other children of Judge and Mrs. Barker, Owen D. Barker, at Galveston, and Mrs. Pearl Jordan, at Texas City.

Waco Recommended for U. S. Hospital

WASHINGTON, June 20.—The federal hospitalization board recommended today that the new \$1,300,000 veterans hospital for Texas be located at Waco. The hospital will have a capacity of 300 beds. Due to objections from other Texas cities to the selection of Waco, the veterans 743-7 announced there would be a meeting here tomorrow morning at which the protests of these cities will be heard. Whether Waco's selection is final depends on this meeting, the bureau said.

Will Preach at Baptist Church

The Rev. E. S. James of Liberal, Kansas, will preach at the First Baptist church in both the morning and evening services Sunday, June 22. It was announced today by the pulpit committee.

Parrish Throws Aid to Clint Small

AUSTIN, June 20.—I am going to vote for Clint Small for governor, Pink L. Parrish of Lubbock told the United Press here today. The west Texas senator will issue a statement tomorrow, he said, giving the reasons why he is taking his own name out of the governor's race and supporting Small. Small supporters here were confidently expecting that Lynch Davidson who withdrew from the race for governor yesterday would declare for Small today. It was expected that he would do this in an effort to center the anti-bond strength on one candidate. Bids for this anti-bond support were also being made by other candidates. Friends of James Young boosted him as an anti-bond candidate at a meeting of

EYE-WITNESS ACCOUNTS OF SLAYING TOLD

LAMESA, June 20.—Eye-witness accounts of the murder of W. R. Billingsley were heard today in the trial of Ira McKee, charged with the crime. Billingsley was shot and fatally wounded the night of May 1 when he attempted to prevent a filling station holdup near Sparenberg. The widow of the dead man was the first witness called by the state. She testified she heard four shots fired and next thing she knew Billingsley lay writhing in the road near the scene of the robbery. As the robber walked away, she said she heard him say "I guess you don't think I'm joking now."

Predicts Morrow Hoover Opponent

WASHINGTON, June 20.—Dwight W. Morrow, victor in the recent New Jersey senatorial primary, was referred to in the senate today as "the chief opponent" of President Hoover for the Republican presidential nomination in 1932. It was now on it will be a fight between the republican ranks for the Senator Pat Harrison, Mississippi, de-

Refused to Talk

He refused to discuss the murders of Noel Sowley and Joseph Moszynski. He mumbled about a pretty "blonde nurse", however, and police pointed out that the maniac slayer mentioned a blonde nurse in his letters to a New York newspaper.

Further mention of the nurse was found in 200 mimeographed letters seized in his room. They bore a Brooklyn, N. Y., return address and were addressed to persons in New York City. One of them was marked with the name of the Queen district attorney and it asked that habeas corpus action be started against the authorities of the Creedmore institution.

After Clarke was taken to the office of District Attorney John Monaghan, where assistant District Attorney Charles Kelley began to draw up extradition papers. Clarke signified his willingness to waive extradition and will be given an immediate hearing before Magistrate Daniel Oswald in central police station.

While Clarke was in court here, word came that another suspect, an escaped patient from a sanitar-

um, had been arrested in Newark, N. J. He answered the description of an escaped inmate of the Kings Park hospital for the insane, New York.
Clarke's description differed considerably from that given by the girl companions, witnesses of both the Moszynski and Noel Sowley killings, he was about five feet seven inches tall, the height given for the Sowley-Moszynski murder suspect, but much heavier.

DRIVE ON DRIVERS

DETROIT.—A campaign against automobile drivers who are physical units to handle their vehicles has resulted in the demand by Prosecuting Attorney Chenot that the licenses alleged epileptics be revoked. A check is to be made with hospital records to discover any more such incompetent drivers.

WISH GRATIFIED

RITZVILLE, Wash.—Robert T. Richard, 45, Washuena district farm hand and two other workers were talking of death. "I hope I go suddenly," Richard said. Two hours later he slumped from the seat of a gangplow—dead of heart disease.

YOUTHFUL AVIATOR

FOLKSTONE, Eng.—Master Maxwell Williams, 16, has to be content with an aviator's license until he is old enough to be recognized as a regular pilot, although he qualified for a pilot's license at the Clinque Ports Flying club after 26 lessons.

WICHITA FALLS CLINCHES FLAG IN FIRST HALF

With the split season assured for the Texas league, the Dallas Steers today took the first step to place themselves in the pennant fight for the second half by announcing acquisition of Grover Cleveland Alexander, star hurler in the major leagues for 20 years "old Pete" will report either Sunday or Monday.
The Wichita Falls Spudders clinched the pennant for the first half Thursday by defeating Waco 6 to 2, while Houston, in second place, was losing a 6 to 1 decision to Fort Worth. All the Wichita Falls runs resulted from three home runs, each with a man on base.
The Dallas Steers made it two in a row over Beaumont by defeating the Exporters, 15 to 1. Grady Adkins went the route for the Steers while Beaumont used three pitchers.
San Antonio defeated Shreveport 3 to 0. Jim Chaplin, Indian hurler, chalked up his fifth victory of the season by holding the sports to five hits and striking out five.
Games today:
Dallas at San Antonio.
Fort Worth at Waco (night game).
Wichita Falls at Beaumont.

Risiko Serves Notice on Max Schmeling

DETROIT, June 20.—Johnny Risiko, Cleveland baker boy, today claimed ranking as America's leading heavyweight contender and served notice that he desired a return match with champion Max Schmeling, the only man who ever knocked him out.
Risiko reestablished himself as a contender last night with a decisive 10-round victory over Paulino Uscudun, veteran Basque. Risiko won 7 of the ten rounds and held Uscudun in two others.

STRIBLING WILL BE FAVORITE TO BEAT PORAT

CHICAGO, June 20.—W. L. Stribling, who still is called the "Georgia Schoolboy" even though his age makes the appellation unapplicable, will be 6-5 favorite to defeat Otto Von Porat, the slugging Norwegian, when the two enter the ring before what the Chicago stadium expects to be a capacity crowd of 23,000 tonight.
Although he is going into the battle with what he terms a "bruised hand," Stribling has not lost the favor of the fans. W. L. complained regarding the hand last Monday and finally succeeded in getting the bout postponed from Wednesday until tonight.
A veteran of some 300 fights, the Georgian is meeting perhaps the hardest puncher he ever has faced.—Von Porat has achieved a reputation as a "knockout hitter." And even though all his knockouts have been garnered over boxers below the first class it must be admitted that he can floor any man he can hit.
The consensus seemed to be that Von Porat's only chance of victory is by a knockout. That chance would seem to be small since Strib has yet to see a knockout written against his name.
The Norwegian expects to weigh around 295 while Stribling will not be heavier than 190.

How Mellon Aided Hoover Is Told

NEW YORK, June 20.—The two sentences of Secretary of the Treasury Andrew Mellon, which swung the Presidential nomination to Herbert Hoover in the hotly fought republican convention at Kansas City, were revealed today by Will Irwin, close friend and biographer of the president.
Irwin, in an article in the American Magazine, points out that although a Hoover landslide seemed to be on, his nomination was by no means assured two days before the final vote, when Secretary Mellon arrived at the convention city.
Bitter-end supporters of Calvin Coolidge, and boosters for Charles E. Hughes, met Mellon at the station and hurried him to a conference in a hotel room. They were willing to make it a lottery. If Mellon would name any candidate except Hoover and would throw the Pennsylvania vote his way, they would unite to support him.
"But gentlemen, I have already said I favored Hoover," Mellon replied mildly. "Wasn't my language plain?"
"From that time," Irwin adds, "only death could have stopped Herbert from the nomination."

Harvard Wins Both Opening Races

FINISH LINE, Yale-Hard Regatta, New London, Conn., June 20.—Harvard swept the Thames this morning by winning the two opening races of the historic Yale-Harvard regatta.
The Harvard junior varsity won the two mile junior varsity race by about half a length after a thrilling duel with Yale over the last half mile of a nip and tuck race.
Harvard's victory in a junior varsity followed closely on the crimson's smashing five length victory in the freshman event.
After Harvard's two victories this morning the throngs gathered here began to have hopes of

Atwell Endorsed for Circuit Court

DALLAS, June 20.—Judge William Hawley Atwell of United States district court here has received the endorsement of Mrs. J. C. Griswold of San Antonio, republican national committeewoman, and Eugene Nolte of Seguin, state chairman for appointment as judge of the fifth circuit court of civil appeals, it was announced here by George S. Atkinson of the Dallas county republican executive committee.
Atkinson said Mrs. Griswold had told him she favored Judge Atwell's appointment over that of Judge J. C. Hutchinson of Houston because the latter is a democrat and she feels the place should go to Texas republican.
It was reported unofficially here that R. B. Creager, republican national committeeman from Texas, had recommended Orville Bullington of Wichita Falls for the place. Bullington is vice chairman of the state republican executive committee.

Greyhound Lines Give Special Fares

The Southland Greyhound Lines are reducing fares from all points on its 3035 miles of Texas lines to Pecos, west Texas city, for the big rodeo and celebration July 4 and 5, it is announced by officials of the lines.
One and one-third fare is offered by the Southland as its contribution toward aiding west Texas in one of the biggest get-togethers ever held in this section of the state.
Thousands of people are expected to attend and the Southland is providing means by which they can come from all over the state.

in the Antarctic came up from time to time during Byrd's journey. The British government in 1928 sent the state department a note offering assistance to Byrd if he required it and, incidentally, enclosing a resolution of the British imperial conference which made claim to practically all known areas in the Antarctic.
The state department drafted a detailed and unqualified repudiation of several of the British claims but by the time the research had been completed possibility of a naval conference made it unwise to start such an argu-

Greyhound Lines Give Special Fares

ment with the British government. After a year's delay assistant Secretary of State Cotton last November replied briefly to the British note expressing thanks for the interest shown in Byrd and avoiding acknowledging validity of the British claims. Byrd was quoted in dispatches from New Zealand as having said he would make no claims in behalf of the United States. Cotton said Byrd's statement would have no effect on national claims in the area.

AIR COST LOW

LONDON.—The modern airplane can be operated at a cost of about 12 cents a mile, including depreciation and maintenance.

OIL NEWS OF SOUTHWEST

BEEVILLE, June 20—Daily production of the Bee county field has been increased by 300 barrels a day with the completion of Greyburg Oil company's No. 1 Kimball Thursday. The oil was flowing through a 7-16 inch choke. It was drilled to a depth of 350 feet.

LIBERTY, June 20—Gulf Production Boyt No. 64 Hankamer, completed a week ago for initial production of 300 barrels today had increased daily flow to 1,000 barrels of pipe line oil. Location has been made for Boyt No. 8 by Gulf 500 feet east of No. 6.

"Not Business Man," Harrell Explains

HOUSTON, June 20—Warden E. F. Harrell of Huntsville state prison has resigned his position because "he is not a business man."

Harrell, in command of Texas penitentiary for about 18 months, handed his resignation to Prison Manager Lee Simmons at Huntsville yesterday. It was accepted and became effective immediately.

R. H. Baughn, Harrell's first assistant, became acting warden. N. E. Barfield moved up into Baughn's place.

"Harrell resigned to keep from being discharged," Simmons told the United Press over long distance phone today.

"There was no politics in it; there has been no friction between us. Harrell is a nice fellow and he is strictly honest. He just doesn't know enough about business to run the prison in a business-like way."

AGAIN KONJOLA SHOWS HOW IT "MAKES GOOD"

Stomach Trouble and Extreme Nervousness Are Banished By New and Different Medicine.

MRS. EUGENE HARRIS

"Konjola has greatly improved my health and I am more than glad to recommend such a splendid medicine," said Mrs. Eugene Harris, 126 Barton street, Little Rock. For about twelve years I have had trouble with my stomach. After practically every meal I had a distressing feeling in my stomach. Bloating and sharp pains of indigestion kept me in almost constant misery, and I became extremely nervous.

"My sister, who lives in Illinois, knew of my condition and she wrote me to give Konjola a trial. I decided to follow her advice. Now, even though I have only taken a short treatment, my stomach troubles have disappeared. Gas forms no longer, after eating. My nerves have settled, and the tonic qualities of Konjola have built me up in every respect."

Quickly Konjola goes to the source of the ill of the stomach, liver, kidneys and bowels, and of rheumatism, neuritis, and nervousness. When taken over a period of six to eight weeks the results will surprise those with even the most stubborn ailments.

Konjola is sold in Cisco, Texas, at Moore Drug Co., and by all the best druggists in all towns throughout this entire section.—Adv.

THE CRAZY WATER HOTEL

Mineral Wells, Texas

Wants You to Enjoy Its Unique Southern Hospitality

CRAZY WATER

A Natural Mineral Water

Has relieved thousands of people afflicted with constipation, indigestion, stomach trouble, rheumatism, diabetes, kidney and bladder trouble, sleeplessness, nervousness and other ailments brought on by faulty elimination. It will probably relieve you. Send us \$1.00 for a trial package of Crazy Crystals and you can make Crazy Water at your home. Crazy Crystals contain nothing except minerals extracted from Crazy Water by open kettle evaporation process.

We will refund your money if you are not thoroughly satisfied after drinking the water according to our directions.

Husband of Cisco Girl One of Three Men Marooned by Cloudburst at Goree

J. T. Klinger, one of three employees of the Douglas Oil company who were marooned all night by a cloudburst near Goree last week is the husband of a former Cisco girl. He married Miss Lula Belle Triag of this city a short while ago.

The story of the plight of Mr. Klinger and his companions is graphically told in the following story from the Wichita Times:

SEYMOUR, Texas, June 14—Stories of the terror which the floods and head rise in Miller creek brought to the section around Goree, were retold here tonight by members of the searching party, who rescued three men from the flood waters after they had been marooned all night in the swollen stream. The three men brought in from the scene of the flood were suffering from exposure and exhaustion.

All three were employees of the Douglas Oil company and were working on a rig on the Robertson ranch where the high water carried out the derrick. The men were George Sample, J. T. Klinger and Grady Hurley. Hurley and Klinger were found on the bull wheel in the middle of the flood waters about noon Saturday and Mr. Sample was located in a tree-trunk where he had been marooned for more than 14 hours, late Saturday afternoon.

Mr. Sample, who is 74 years old, was suffering from exhaustion brought on by the continuous kicking off driftwood away from the tree, where he had taken refuge. Mr. Sample told his rescuers that he was down the creek some distance from the derrick attending to a water pump, when he noticed the heavy cloud, hanging low in the west. He saw the water rising and tried to warn his companions down the stream but was swept off his feet before he could reach the derrick. He caught to a tree which he climbed as the water rose and swung to it frantically for 14 hours until his rescue late Saturday.

Anti-Stranded

The two younger men were in the automobile getting ready to leave when the rise caught them. The water rose so rapidly that it made it impossible for them to leave and they sought shelter in the derrick. The derrick was soon swept from its foundation and carried down the stream for several hundred yards. They managed to climb to the timbers and when rescued were still holding on to parts of the derrick.

The trio was rescued by a searching party headed by Seymour people after the alarm had been given by Clarence Herman and A. J. Jones, members of the day tower, who had gone to relieve the three men on the well. Otto Sample, in charge of the Domela company operations here, organized the searching party and

Cutter Ends Long Period of Service

GALESTON, June 20—The coast guard cutter Comanche stationed at Galveston for 35 years, will bid adieu to this post today.

She will raise anchor and head for Baltimore where she will be decommissioned after many years of faithful service in the waters of Galveston bay and many other Gulf ports.

The aged vessel, built in Dubuque, Iowa, in 1885, either will be sold to the highest bidder or scrapped.

Constructed under the name of Windom, she proceeded down the Mississippi river to Mobile and was stationed there during the Spanish-American war, being then a part of the naval force.

Her outstanding work of recent years was during the 1928 Mississippi valley flood. She sailed from Galveston and remained in the stricken area for several months, taking food and rescuing marooned victims of the high waters.

The most recent mission of mercy of the aged ship was a rescue of a party of fishermen who drifted for three days in a mastless schooner Plechas, carried 80 miles by the gulf current before being rescued by the cutter. It was just one of a score of missions of mercy made by the vessel.

The Comanche will be replaced by the newly built Saranac.

Livestock Today

FORT WORTH, June 20—Hogs—500, market steady, mostly to shippers, rail top \$9.40, paid for load good mixed weights, truck top \$9.25, bulk better grades \$179 to 240 pound truck hogs \$3.85 to \$9.00; packing sows quarter lower, mostly \$8.60. STOMACH UPSET, THEN HEADACHE

Theodore's Black-Draught Relieves These Symptoms, Says Carolina Lady.

West Asheville, N. C.—Mrs. Hannah Crook, of 128 Hudson Street, this city, says that she has been acquainted with Theodore's Black-Draught from using it regularly, when needed, during the last ten years.

"I would have spells of indigestion," she explains. "My stomach would hurt and seem to be all upset. I did not relish my food. I would have a bad taste in my mouth; then I would take a headache and have to go to bed."

"I read about Black-Draught. I found it helped me when the headaches came on. I would take a few doses of Black-Draught and get easy. So now, when I feel the first symptoms, I begin with Black-Draught, and I find that by doing so I can keep off the headache, which I now do."

"Black-Draught certainly is a good medicine and will do what it is recommended to do."

The medicine which this lady mentions is recommended by thousands of others because of the benefit it has been to them.

Sold everywhere, 25c.

RELICS STOLEN

HERKIMER, N. Y.—The epaulets and buckles worn by General Nicholas Herkimer, commander of the Tryon county militia at the battle of Oriskany during the Revolutionary war, are missing from the rooms of the Herkimer county historical society. It is believed the relics were loaned to some one and never returned. A search is being conducted for them.

Housewife or Grocer

Whose interest should come first?

A & P, though a grocer itself, votes for the housewife. She has a right to as much good food as money can buy under the most favorable conditions.

Not everyone takes this view. By some reasoning certain people see harm to human in cutting your food bill. A & P cuts your food the minimum. So these people are against A & P.

They are all for raising the standard of living provided their profits go up the same slope. The housewife is to pay her part . . . that, they say, is an affair, not the grocer's.

A few misguided persons have taken up shouting "Away with low profits!" as loudly as it suited their purpose to denounce profiteers shouting "Away with high profits!"

But A & P sticks to its knitting. Its job is the same today as it was seventy years ago . . . to make it easier for more housewives to buy the best.

That's A & P's story in a nutshell.
