OCEAN FLIERS ARE ON WAY TO NEW YORK

Headwinds Cut Down Speed of Southern Cross

NEW YORK, June 26.—Captain Charles E. Kingsford-Smith and his three companions, flying from Harbor Grace, N. Y., to New York, to complete their trans-Atlantic voyage, were believed to have passed the half-way mark some time between 11 a. m. and noon, E. S. T. today.

FOGS AND HEADWINDS HINDER TRIP

By MORRIS DE HAVEN TRACY United Press Staff Correspondent NEW YORK, June 26. — Fogs and headwinds today once more harassed Captain Charles E. Kingsford-Smith and his three companions, as they flew towards Roosevelt field, N. Y., from Harbor Grace, Newfoundland, hoping to complete their flight from Dublin to New York.

They left Harbor Grace at 3:05 a. m. E. S. T. and at 10 a. m. E. S. T. about seven hours later, were sighted over Country Harbor, Nova Scotia.

They had averaged only about 60 miles an hour for the first six hours of their flight, according to position reports reaching shore, due to headwinds and fog. Unless that speed is materially increased it will be evening before they reach New York.

The first hour of the flight from Harbor Grace passed with conditions favorable and the plane made about 80 miles an hour.

Then headwinds were encountered and the fog forced the Southern Cross to climb. The result was that the aviators soon were flying blind.

"Climbed to 6500 feet to get above fog," Captain Kingsford-Smith radioed at 9:26 a. m. E. S. T. "haven't seen the ground for many hours but we should worry in front with the lads behind doing their stuff and keeping a dead reckoning of position. Everything grand. Cherio."

The definite position of the plane had been given an hour and 10 minutes previously. At that time it was off Cape Breton, which is on the northeastern side of Cape Breton island.

46 OPINIONS ARE ISSUED BY HIGH COURT

AUSTIN, June 26.—The state supreme court has adjourned until Saturday when its final sitting before the summer recess will be held. The court will then adjourn until October.

Forty-five commission opinions here approved and issued today by the court and one opinion by the supreme court itself.

The supreme court opinion reversed both district and appellate courts in a suit in which Mrs. Belle Wisdom of Wichita county claimed damages from P. F. Owyne for alleged failure to drill an exploration well on leased ground. The opinion holds that as oil has not been discovered, there is no measure of damages.

Granted Mandamus S. F. Houtchens, Fort Worth attorney, was granted a mandamus to compel District Judge J. E. Mercer of Tarrant county to fix a supersedeas bond pending an appeal in disbarment proceedings.

The court dismissed certification of questions in litigation between Chester Hollis, Tarrant county clerk, and the Parkland Corporation, saying that the whole case appeared to have been submitted to the supreme court.

THERE never has been a time when the tire-buyer's money could buy as much as right now.

Rubber's cheap — and consequently tire prices are the lowest they've ever been.

People with an eye to values are seizing this chance and making the most of it.

They're buying Goodyear Tires — because right now they can buy them for as little as they used to pay for inferior or unknown tires.

Why are they singling out Goodyear Tires with especial

insistence as against all others? Because Goodyear Tires are definitely superior in tread and carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to accept these statements without inquiry.

Any Goodyear Dealer will be glad to demonstrate the facts. The facts certainly are: Goodyear Tires do give greater value. As far back as 1916, it became a

fact that more people ride on Goodyear Tires than on any other kind. Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyear runs into millions: millions more people ride on Goodyear Tires than on any other kind.

More Goodyear Tires than any other kind annually leave motor car factories on new cars—more Goodyear Tires go into service through the great Goodyear dealer organization — more Goodyear Tires are used by transcontinental, urban and interurban buses.

There can be only one conclusion: Goodyear Tires must be better—and at present prices they are a matchless bargain. Now is the time to get yours.

ROBINS AND CUBS OPEN SERIES TODAY

The Chicago Cubs and Brooklyn Robins met today in the first contest of a four-game series which may decide the national league's July 4th leader.

Baseball has a tradition that the club leading the league July 4 will win the pennant. The Robins still hold a one game lead over the Chicago Cubs as the series opened today.

Chicago gained a full game yesterday defeating Philadelphia, 12 to 12, while Brooklyn was losing to Pittsburgh.

Pittsburgh backed Ray Kremer's effective pitching with timely hitting and beat Brooklyn, 5 to 1.

Cincinnati defeated New York, 11 to 2, in the only other national league game.

The New York Yankees gained half a game on their American league rivals winning a double bill from St. Louis while Philadelphia broke even with Chicago and Washington won a single game from Cleveland.

Home runs gave the Yankees both victories. Tony Lazzeri homered with a mate on base in the first inning of the opener and gave Ed Wells a lead which he never relinquished, the Yanks winning 5 to 4.

Babe Ruth, Cooke, Dickey and Gehrig homered in the second game, and the Yanks won 10 to 4.

George Earnshaw pitched the Athletics to an 8 to 1 victory over Chicago but Waiberg, Shores and Quinn were ineffective in the second game and the Sox won, 7 to 2.

Washington scored 11 runs in the seventh inning to defeat Cleveland 12 to 5.

Detroit batted Jack Russell for 4 runs in the eighth inning and defeated Boston, 4 to 2.

ALEXANDER IS DUE TO MAKE DEBUT TODAY

Grover Cleveland Alexander, the veteran of 20 seasons in the major leagues, was scheduled to make his debut as a Texas league pitcher today at Dallas when the Steers clash with Fort Worth. The opening of the second half of the season run true to form Wednesday with three of the four first division nines of the first half winning their games.

Wichita Falls, winner of the first half, defeated Shreveport, 4 to 3, in a closely-contested game. Both teams made 10 hits while Storti, for the Spenders, and Baker, for Shreveport, hit home runs.

In a game marked by errors and ragged fielding, Houston defeated San Antonio, 2 to 4. The Bulls made five errors, the Indians four. Houston hurried, was credited with the victory although Payne relieved him in the fifth inning.

Fort Worth pounded out a 15 to 8 victory over Dallas. The Cats made nine runs in the third inning to drive George Murray off the mound.

Beaumont defeated Waco, 5 to 4. "Muleshoe" Vaughn, Shipper pitcher, staved off defeat when he was rushed into the game in the ninth inning to halt a Cub rally that already had netted two runs from homers by Molesworth and Pett.

Games today: Fort Worth at Dallas, Shreveport at Wichita Falls, Houston at San Antonio, Waco at Beaumont.

DALLAS, June 26.—Alvin Herald, of Brook Hollow course, 1927 city champion, and Franklin Baker, youthful product of Glen Haven headed the list of golfers in the second day of play in the city championship golf tournament at Lakewood Country club today. The two tied for medalist honors with cards of 74 Wednesday. Reynold Smith, youthful Lakewood star, was runner-up with a card of 73 for the initial day's play.

SAN ANTONIO, June 26.—Fred H. Weston, former Texas A. & M. college athlete, has been named head coach at Texas Lutheran Junior college, at Seguin for the coming season.

Hobo Carlson, pitcher for the San Antonio Indians, and former T. C. U. star, has been named to succeed Ben Britz as coach of Harlandale high school here. Britz will go to Brownsville high school.

COLORADO, June 26.—Harry Taylor, for the past three years coach at Post, Texas, high school, has accepted a position as coach of the local high school. Taylor is a T. C. U. graduate and was chosen all conference tackle on the grid team there in 1927.

DALLAS, June 26.—Acquisition of Nick Urban, infielder, from the Fort Worth Cats, has been announced by Bob Tarleton, vice president of the Dallas Steers. Urban was obtained at the waiver price and the deal is the latest move by local club officials to strengthen the team for the second half of the Texas league season.

MIDLAND, June 26.—A challenge to any polo team in the country has been issued by Timburline Floyd and Spencer Jewell, local enthusiasts. They had two west Texas teams matched with the Midland team for July 4 but both cancelled the engagement because of their inability to recruit a team. Midland fans are now seeking substitute to test the skill of the local squad.

OIL NEWS OF SOUTHWEST

CORSICANA, June 26.—The Corsicana Lions' club sponsored a program given at the Corsicana Country club for the first Texas Oil Men's Jubilee. Many prominent Texas oil men were present. Clyde Foster, new president of the Texas Independent Petroleum association, had charge of the program. Former Governor Pat M. Neff, chairman of the railroad commission, also was present.

BRECKENRIDGE, June 26.—Encouraged by gas pressure and a high grade of oil in the hole, workmen have resumed drilling at 1,400 feet in the Texas-Consolidated deep test, northeast of Breckenridge.

BEEVILLE, June 26.—The Union Producing company's No. 11 Ray, wild gasser of the Pettus field, was still hopelessly out of control today while workmen struggled in vain to check the flow of gas. Mud, sand and rocks are being hurled by the tons over the country side.

GAINESVILLE, June 26.—Muenster's wildcat is a producing well. The Danciger Oil & Refining company's No. 2 Trubenhach, located five miles northwest of Muenster, came in yesterday at 652-60 feet, and is making approximately 30 barrels of 40 gravity oil. It is in strictly wildcat territory.

DEAD OF GUNSHOT.
WATER VALLEY, June 26.—Funeral services were held here at noon today for H. H. Glover, who died Wednesday from a gunshot wound in his head. Glover was found badly wounded with a pistol beside him by members of his family. He had been in ill health for some time. The wife and three sons survive.

"Radio Trust" Sued by Chicago Firm

KANSAS CITY, Mo., June 26.—The Grigsby-Grunow company of Chicago, manufacturers of radio receiving sets, sued the so-called "radio trust" for \$30,000,000 damages today on charges of illegal competitive practices.

The action was filed in United States district court here with former United States Senator Jas. A. Reed of Missouri, and Ernest R. Reichmann of Chicago, as attorneys for the plaintiff.

These five companies are named defendants: Radio Corporation of America, General Electric Co., Westinghouse Electric & Manufacturing Co., RCA Victor Co., Inc., and RCA Radiotron Co., Inc.

Grigsby-Grunow manufactures "Majestic" radios and claims to be the world's largest independent maker of receiving sets. Its petition charges that the defendant companies caused Grigsby-Grunow to suffer actual damages to the extent of \$10,000,000 by enforcing competitive measures which were in restraint of trade.

Hazards of Westward Crossing Are Related by Kingsford-Smith and His Companions

(Copyright, 1930, by United Press)

HARBOR GRACE, N. F., June 26.—The hazards of the westward crossing of the north Atlantic ocean, which have baffled so many fliers in the past, were recounted to the United Press by the four aviators of the Southern Cross on their arrival from Ireland yesterday.

Capt. Charles E. Kingsford-Smith and his three companions were the first fliers to reach the North American mainland after a flight from Europe. They agreed it was "a wonderful experience," but all added that they would not try it again.

"The Atlantic flight from east to west is a most uninviting adventure, trying human courage and endurance," Capt. Kingsford-Smith said. "I doubt it will ever become a practical commercial venture, as storms rage in some sectors of the route several hours out of the 24, besetting the trip with inconceivable dangers."

"The first half of the trip the plane averaged 90 miles an hour, when we ran into headwinds and were buffeted for five hours by heavy gusts from many points of the compass."

75 Miles Hour.

"We made only about 75 miles an hour, but the plane behaved splendidly, the crew discharging their duties admirably, fearlessly and coolly under the utmost strain and amid the greatest dangers."

J. W. Stannage, the 26-year-old New Zealand radio operator, said he had flown as radio operator on many flights, but that he would not have missed the thrill and adventure of the Southern Cross' trans-Atlantic hop for all the rest.

"But I don't want to repeat it," he added, laughing. "Once is enough."

The Southern Cross was the first westbound trans-Atlantic plane equipped with radio, and Stannage said the instruments worked perfectly throughout the flight, giving the four men boxed up together high over the ocean a feeling of companionship with the outside world.

"We experienced unusual difficulty working with Cape Race during the night," Stannage said, "but we picked up many ships. During the hours between midnight and 6 a. m. transmission was exceedingly difficult, and we felt the cold very much."

The Irish member of the crew, Captain Patrick Saul, navigator, gave a detailed account of the aerial voyage.

Visibility Bad.

"For the first ten hours out across the sea, the weather was moderate," he said, "but the visibility was bad and it got worse."

"Throughout the whole flight we had not a single hour of good visibility. We got sight of the sun twice after midday—once for ten

minutes at 2 p. m. Greenwich time. "From that time on we flew through dense fog and darkness against a strong westerly wind. It got cold, and the temperature was exceedingly low all through the night."

"We got sight of the stars for a minute or two twice, but had no opportunity to discern our position while dashing onward. During the early hours of the morning, we discovered our compass was at variation, and a check-up showed it had failed."

"From that hour we flew blindly, trying to keep on our course by wireless. We realized we were flying erratically. This continued until daylight, when through drifting clouds at an elevation of 5,000 feet, we got sight of land."

"We supposed it was in the vicinity of Cape Race, and shaped our course north without knowing in what direction exactly Harbor Grace was. We flew for three and one-half hours and got sight of a village which was apparently Bay Roberts, four miles west of here."

Heavy Mist.

"Mist enveloped the countryside. We could not sight the fields, and continued flying for nearly two hours during which we passed over Harbor Grace airport and flew several miles west."

"Returning, flying low, we sighted a group of people on the field, and were convinced it was the airport. So we landed."

Evert Van Dyk, the Dutchman who was co-pilot on the flight, told his story in a broad Dutch accent.

"We had one dam-hell of a time for 23 hours," he said, grinning. "We reached clouds, and then rose through them to the sky, but there half-way between the clouds and the sky the wind was blowing in a circle. The old Southern Cross plunged onward with all cylinders hitting."

"Was it cold! Almost frozen the last ten hours, and didn't know where we were, but we had to keep going anyway. After the compass failed, we flew wholly by guessing."

Captain Kingsford-Smith revealed that after arriving in New York he would fly to Oakland, Calif.

"But I will not fly the Atlantic again, either east or west," he said. "I will take a steamer home, and quit all hazardous adventures."

Captain Kingsford-Smith is to be married in the fall to Miss Mary Powell, of Melbourne, Australia.

Appeal Expected for Ralph Fleagle

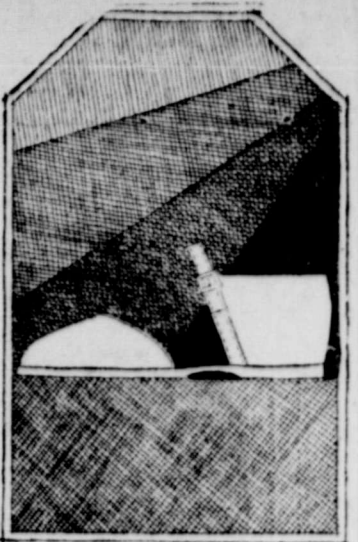

DENVER, Colo., June 26.—An appeal for executive clemency for Ralph Fleagle, doomed Lamar bandit, in case his petition for a rehearing from the supreme court is denied, is expected to be made here next week.

Arrangements for the conference with Governor William Adams were made yesterday when William A. Smith, attorney general of Kansas; W. L. Cunningham, counsel for Fleagle; and Hugh D. Harper, chief of police at Colorado Springs, called upon the governor.

Fleagle is scheduled to hang on the gallows of the Colorado state penitentiary some time during the week ending July 13. Since the supreme court denied him a new trial, every effort has been made to save him from the death sentence.

1200 to 1400 Police Transferred

CHICAGO, June 26.—Between 1,200 and 1,400 policemen were transferred today in a shakeup order issued by acting Police Commissioner John Alcock. Nine hundred detectives were removed from the Detective Bureau and assigned to walk beats. The traffic patrol was warned that policemen found guilty of swearing at citizens would be taken off the payroll.

THE SIMPLE cut of this white canvas sports sandal with rubber sole is unusually smart.

VAN EXCITED AS OIL FIELD IS EXTENDED

VAN, June 26.—Citizens of Van Zandt and Smith counties were in a high state of excitement today for a three mile extension of the field which proves up some 4,000 acres of hitherto unexplored territory practically insures an oil boom.

The 65th and latest producer is the Humble Oil and Refining company's Mrs. C. B. Carroll No. 1, which came in under control at 4:30 a. m. today producing approximately 10,000 barrels daily.

The producer is one and one-half miles from the nearest well. It extended the field to within

half a mile of the Smith county line.

Extensive drilling that would have meant a boom for Van Zandt has been held in check for months by reason of the lease monopoly held by major companies, but the Humble well, drilled in semi-wildcat territory practically means the end of the unit control system.

Most of the producers brought in so far have been drilled by the Pure Oil company pioneer in the Van field.

Oil men are flocking to the field in the wake of the new excitement. That the Van field will yet become one of the major oil pools of the country is predicted by men. So far, not a dry hole has been drilled in the area.

IN THE POLITICAL ARENA

STAMFORD, June 26.—Lieutenant Governor Barry Miller chose Stamford for his fourth political address of the present campaign for governor of Texas and called the proposed centralization of the prison system extravagant and unnecessary, and condemned the proposed \$350,000,000 road bond issue.

"The prison system has vexed the people as long as I can remember," Miller said. "Yes, I believe its solution has been clouded and unnecessarily confused." He pronounced, if elected, to see that the prison farms are operated by real farmers.

SAN ANGELO, June 26.—Arriving here from Midland where he delivered a campaign speech during the afternoon, Thomas B. Love of Dallas, candidate for governor,

last night told a San Angelo audience that state highways should be built out of funds derived from the gasoline tax. He said he was opposed to any road bond issue which would increase property tax. At Midland Love promised west Texans a "square deal" if elected governor.

BONHAM, June 26.—A crowd of 500 farmers and townspeople turned out last night to hear Jim Young of Kaufman expound his political views in connection with his race for democratic nomination for governor. He said Texas democrats realized the forthcoming election was a fight against factionalism within the party and called upon his listeners to "send me to the governor's chair." Today Young addressed audiences at Bells and Gainesville.

MARKET DEALS OF LINGLE ARE BROUGHT OUT

CHICAGO, June 26. — Disasterous stock market deals of Alfred J. Lingle, murdered Chicago Tribune reporter, and William F. Russell, former police commissioner friend, furnished state's attorney's detectives with fresh and sensational evidence today in their investigation of the newspaperman's gang murder.

Lingle, who received \$63 a week as a police reporter, and Russell, on a \$10,000 annual salary, had more than \$100,000 in paper profits on brokers' books at one time on an initial outlay of \$10,000, the former police official told Pat Roche, chief investigator for State's Attorney John A. Swanson. The stock market depression last October wiped out the account, Russell said. The former official said no money was drawn from the account by either of them.

Police Captain Daniel A. Gilbert also admitted financial dealings with Lingle when a \$500 check signed by Lingle in his favor was called to his attention today.

Gilbert, in command of the central police detail which has charge of the loop, said he expected to be called before the grand jury to explain the check.

"Taking cognizance of the evidence that filtered out of the 'clearing house' of the Lingle murder investigation yesterday, Swanson issued a statement last night summarizing his investigation of the reporter's past and financial dealings that have been the subject of many rumors since he was slain almost three weeks ago.

"We have been investigation the transactions of Al Lingle on the stock market," the statement said, "and are satisfied from information furnished us by former commissioner of police, Russell and other sources that Lingle ran an account of a few thousand dollars into paper profits amounting to well over \$100,000 at the time when the peak was reached."

The state's attorney did not discuss the joint account of Lingle and Russell in the statement.

Condemned Men Joke About Boil

KANSAS CITY, Mo., June 26.—Three men who have but one more month to live before they are hanged here find the most amusing thing in life just now is a boil on the nose of one of the trio.
Daily the three joke about the nose which Carl Messino, one of the condemned, nurses with hot towels while it swells in size. But there is a strained note in their laughter, guards say.
The three men—Messino, his brother, John and Tony Marciarcina—spend the rest of their time vigorously scrubbing their cell while awaiting execution for the killing of "Happy" Smith, patrolman, in the Home Trust company holdup here in 1928.

OCEAN FLIERS ARE ON WAY TO NEW YORK

Headwinds Cut Down Speed of Southern Cross

NEW YORK, June 26.—Captain Charles E. Kingsford-Smith and his three companions, flying from Harbor Grace, N. F., to New York, to complete their trans-Atlantic voyage, were believed to have passed the half-way mark some time between 11 a. m. and noon, E. S. T. today.
Headwinds and fog had cut down their speed until for more than three hours they had averaged only about 60 miles an hour. But as they approached Halifax, near the half-way mark, conditions grew better. Headwinds were violent. They avoided some of the fog by flying inland and they raised their average speed to 65 miles.

JURY LIKELY TO GET DAVIS CASE TODAY

Cisco Police Chief Is Used as a Rebuttal Witness

The defense closed in the Thomas Davis murder case earlier today than had been anticipated by the state, and after offering rebuttal witnesses in an attempt to impeach part of the testimony of Woodrow Davis, the state also closed. The case is on trial in the 88th district court at Eastland.
Chief of Police Miller, of Cisco, was put on the stand by the state in an effort to refute part of the testimony given by the younger Davis because of an alleged variation from that given at the city hall in Cisco shortly after the arrest of the three boys implicated in the crime.
The defense offered the confession signed by Clyde Thompson, who is alleged to have slain Lucian and Leon Shock in the presence of Woodrow and Thomas Davis. The court overruled the objection by the state, and the confession was read into the record.
Three hours to the side will be allotted for presenting arguments in the case and it is anticipated that it will go to the jury late this afternoon.

MERCURY SKYROCKETING ALL OVER TEXAS TODAY

DALLAS, June 26.—Wednesday's record temperature levels for the season may be exceeded today, for the mercury was skyrocketing hourly at noon.
Clear, cloudless skies prevailed throughout the Lone Star State today. City dwellers by the tens of thousands overflowed parks and swimming places.
Wednesday's mark of 100 in Dallas may be exceeded. It was 92 degrees here at noon yesterday, and 98 at the same reading today.
Tuesday's high mark of 106 degrees in Texas was badly beaten Wednesday when Childress, in the panhandle, reported 110 degrees.
Memphis, with 108 degrees was almost as hot. Quanah also reported 108. Lubbock and Lamesa, both on the plains, reported 106, as did Fort Stockton, on the border.
Central west Texas had temperatures from 100 to 104. In east Texas, the hot spots were Fort Worth and Greenville, with 102 each and Corsicana which reported 104 degrees.

SUBSTITUTE MEASURE TO BE OFFERED

Vote 182 for Over- riding Veto to 188 Against

WASHINGTON, June 26.—The house voted today to sustain President Hoover's veto of the world war veterans compensation bill, thereby paying the way for a substitute measure which would meet with the president's approval.
The veto was sustained shortly after Mr. Hoover's veto message was read in the house.
The vote was 182 in favor of overriding to 188 against.
The veto message on the world war pensions bill was received at the house shortly after noon, but its reading was held up while the house debated procedure.
The rule subsequently was adopted by a vote of 227 to 139. Members then listened to the house clerk read the president's veto message denouncing the bill but returned and warned that it would cause an increase in taxation preparatory to taking up the modified measure.

46 OPINIONS ARE ISSUED BY HIGH COURT

AUSTIN, June 26.—The state supreme court has adjourned until Saturday when its final sitting before the summer recess will be held. The court will then adjourn until October.
Forty-five commission opinions were approved and issued today by the court and one opinion by the supreme court itself.

FOGS AND HEADWINDS HINDER TRIP

By MORRIS DE HAVEN TRACY
United Press Staff Correspondent
NEW YORK, June 26.—Fogs and headwinds today once more harassed Captain Charles E. Kingsford-Smith and his three companions, as they flew towards Roosevelt field, N. Y., from Harbor Grace, Newfoundland, hoping to complete their flight from Dublin to New York.
They left Harbor Grace at 3:05 a. m. E. S. T. and at 10 a. m. E. S. T. about seven hours later, were sighted over County Harbor, Nova Scotia.

ATTENDANCE ON REVIVAL INCREASING

Continued increase in the attendance upon the series of services now in progress at the First Methodist church was noted last night. The Rev. T. Edgar Neal, presiding elder of the Cisco district who is doing the preaching for the revival, preached his second sermon at that time.
His subject was "Is the Church Worth While?" The progress of the Christian church from its foundation by Christ to the present time was reviewed through discussion of the high peaks of its history. Its contributions to the business, moral, political and social life of the world were presented by the speaker as answering the question embodied in his subject.
Excellent singing marked the services last night.
Services are being held each morning at 9 o'clock at the church. This hour places the service in the coolness of the forenoon. At 7:15 each evening children's services are held in the basement. The regular evening worship begins at 8:15.

Farnell of Wichita Falls candidate for lieutenant governor, \$377.35; Mrs. Helen Moore, candidate for legislature, \$6; John Lee Smith of Throckmorton, candidate for congress in the thirteenth district, \$804.79.

Hercic Efforts to Save Baby Fail

OKLAHOMA CITY, June 26.—An eight weeks old baby, wan and thin from double pneumonia, closed its eyes today and ended an eight day fight by firemen to save its life.
The baby, Willis Hicks, son of a fireman, died on the day that was to have been a turning point of his illness. Until early today he seemed to be recovering.
Comrades of Hicks had stayed at the infant's side for more than a week to administer oxygen several times when the supply went low, they mixed their own chemicals.

M'CUTCHEON'S DISBARMENT IS SOUGHT

FORT WORTH, June 26.—Disbarment of J. Forrest McCutcheon, former assistant United States district attorney here, from further practice in the federal court was asked Thursday in a petition filed by U. S. District Attorney Norman A. Dodge.
Data to hear the petition, filed as a bill of equity, is expected to be set during the week by U. S. District Judge James Wilson who is now out of the city.
The petition, also signed by Alex M. Hood, assistant district attorney for Dodge, charge McCutcheon in several instances by "seeking to obtain employment by procuring Corinne Henderson (Amarillo) to solicit for him legal and professional employment in certain cases and in contemplated criminal prosecutions involving the prohibition laws."

Condition of Mr. Scott Not Improved

The condition of J. T. Scott, who is a patient in a Temple sanitarium, was no better yesterday, according to reports received by relatives here.
Mr. Scott recently underwent one operation, but on account of his weakened condition, physicians hesitated to perform another. Miss Juanita Scott left last week to be with her father.

REHEARING IN HIDALGO CASE NOT GRANTED

AUSTIN, June 26.—The state supreme court today refused a rehearing in the litigation between Gordon Griffin of McAllen and District Judge J. E. Leslie for the district court judgeship at Edinburg, Hidalgo county. This ends the litigation with Judge Leslie retaining the office to which he was declared re-elected when all votes at Weslaco, Hidalgo county, were excluded by the county election canvassing board.
The district court and the court of civil appeals had ruled in favor of Griffin. The supreme court recently reversed them.

Hoover to Speak Over Radio Again

NEW YORK, June 26.—President Herbert Hoover will establish a record for presidential radio addresses Monday even when he makes his fourth appearance before the microphone during the month and his 28th since inauguration. The president will speak from the White House to the conference of governors in Salt Lake City at 11:45 p. m. E. S. T. A combined network of WEAF and WJZ of the NBC will carry his remarks.

Mrs. Paschall Hurt in Car Accident

Mrs. Lula Paschall, who sustained two broken ribs and numerous cuts and bruises when the automobile in which she was riding collided with another car on the streets of Electra last Sunday afternoon, was reported to be resting well at the Electra hospital.
The two other occupants of the car, Miss Myrtle Perkins of Fort Worth and Mr. Barlow of Chillicothe, were considerably shaken up but not seriously injured. The party was en route from Wichita Falls to Chillicothe when the accident occurred. Word of the accident was received here by Mrs. Paschall's daughter, Mrs. Sylvester Myrick.

574,647 Idle in Preliminary Returns

WASHINGTON, June 26.—Preliminary returns covering about one-fourth of the population of the United States showed that 574,647 persons in this territory, usually able to work, were unemployed on April 1, the director of the census reported today.
The Bureau said this total represents two per cent of the total population of the territory covered, which numbered, according to its estimate, 29,264,480. The estimate covered 756 counties and 75 cities not included in these counties.

SHERIFF AND MARSHALL ARE SHOT TO DEATH BY ROBBER

WASHINGTON, Iowa, June 26.—recovered and continued to run, Sheriff Fred Sweet and Night Marshal Martin Bailey were shot to death here today by a robber they had arrested as he fled in a stolen automobile from Ottumwa, Iowa.
The man after shooting the two officials as they started to search him in the sheriff's office, escaped from the building and fled in another automobile. He was believed slightly wounded and a posse quickly was organized to give chase.
William Bailey, brother of the slain marshal and a nightwatchman, saw the fleeing murderer and emptied their revolvers at him. The gunman staggered but

CALL MONEY DROPS

NEW YORK, June 26.—Call money dropped to 1-1-2 per cent today, the lowest rate since August 1, 1917. Call money, which is used to finance stock transactions with stock for collateral, was in large supply due to lack of demand from speculators.

Did You Ever Stop to Think?

By EDSON E. WAITE Shawnee, Oklahoma.

That one of the best ways to build a city is for the citizens to unite in building up home institutions.

A campaign of education to teach the importance of the home city should be put on in many cities.

Too many people make their lives in a city and spend most all they make in some other city.

Outside concerns pay no taxes in your city; all they do is take away and put nothing back.

It is always better to oil the machinery that builds the home city than to grease the wheels that build some other city and kills yours.

People who have pride in the home city and want to see it progress, who want to see their city kept out of the rut, who want to help instead of hinder, have the proper spirit—they buy at home!

The home city should be in the minds of every citizen and the business concerns of the home city should rank first.

Good citizens have the interest of the home city at heart. They are always endeavoring to make the home city bigger and better.

CRACKS IN THE DOME

By POLITICAL ANALYST

By THE POLITICAL ANALYST AUSTIN, June 26.—Barry Miller is starting in upon his 9000 miles of campaign travel. He has made few speeches so far, restricting his efforts to meeting individual voters or small groups and picnic and convention crowds.

Mrs. Laura Burleson Nealey, daughter of former Postmaster General A. S. Burleson, will be missed from the San Antonio delegation in the next legislature. She decided that one term was enough for her, and stayed out of this year's race.

Marshall O. Bell, former Austin lawyer and brother of the famous Berkeley Bell, tennis champion, has offered in San Antonio for membership in the legislature. He is opposing Harold Kayton, incumbent.

An interested politician has figured out that one-half the votes of Texas are within a circle within a radius of 100 miles of Dallas. And that one-third are in the block of counties south and east of the I. G. N. railroad through Longview Austin and Laredo. That calculation would leave only one-sixth the votes in the northeast corner outside those areas, and in all the tremendous sweep of territory from Austin and Laredo west and north through central west, the far west Texas and panhandle regions.

This dopester coupled with his analysis of the vote distribution his view that the Dallas candidates first might influence the first primary election and that R. S. Sterling now stands to dominate the southeast Texas region.

However correct his views as to relative strength are concerned, his figures as to the heavy voting areas, if accurate, must have a big bearing on the state campaign this year.

The same interested politician declared that information coming to him from the strong German and Bohemian countries of mid-southwestern and south Texas shows that the Fergusons are far short of their normal strength in what had been their stronghold for a decade. Strange as it may seem, this individual said, considerable numbers of former Ferguson voters are turning to Sterling.

He said these were the reports from scattered areas, and that he knew of no reason to explain why, in leaving Ferguson they would have chosen the man who represents the antithesis of everything that Mr. Ferguson has stood for.

It is claimed by opponents of the Box amendments to put Mexican immigration under quota, that the stringent present methods of enforcing the immigration laws have had practically the same effect as the Box amendment. That is, it is claimed Mexican entries

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found.

Capitol comment at Austin: If Representative Alford Petch maintains his record of guessing right in saying that Gov. Moody will take the stump in behalf of Ross Sterling for governor, then a guess may be made that he has defined one-half the run-off race.

CISCO GROCERYMEN KEEP ABREAST OF THE TIMES

A traveling man, who was looking over the Daily News newspaper files a few weeks ago, made the remark that Cisco was about the best served in the way of advertising grocers of any little town in the state. He also remarked that he found the personnel of these stores much above the average in many ways. In each store he found courteous intelligent gentlemen at the heads of the organizations and their prices and obliging service to customers were things worthy of commendation.

That the Daily News readers may know something of the men who serve their daily needs and who talk to them through these columns each week, a few words of introduction are given below.

L. A. (Buck) Harrison, proprietor of the M System, has been in Cisco too many years to enumerate. He says himself. For a long period of years he was connected with the Webster wholesale house as salesman. This taught him how to buy and the importance of buying right in order to have the right price for his customers, he says. Later he entered the service grocery business on Main street but gave it up to purchase the M System, where he is now located. Mr. Harrison has a very handsome store and offers a very obliging service to his customers.

Asa Skiles, active manager of the Skiles Grocery & Market, began his business career, like many other successful men, as a school teacher. He came to Cisco as an employe of the West Texas Utilities company and although he was in line for immediate promotion he gave up this promising outlook to enter the suburban grocery business. But he soon outgrew his location and moved to his present location on Main at Fourteenth street, where he has enlarged his quarters several times to take care of his expansion. Mr. Skiles has staked his success on the motto: "Unusual Quality and a High Standard of Service."

It is impossible to think of Piggly Wiggly without thinking of its two genial proprietors, F. E. Shockley and O. J. Tillinghast, who are always on the job with their pleasant smiles and a familiar greeting for each customer. It has been said of this firm that it holds the constant trade of its patrons. They always come again. Both of these gentlemen have been in the grocery business many years, coming from Fort Worth some ten years ago and purchasing the Piggly Wiggly contract. They kill their own meat, thus insuring the quality in every instance.

The Clarence Saunders store, owned by C. M. Jenkins, has as

its outstanding policy, "Not just a few items at special prices, but a low price on every item." Mr. Jenkins has had a wide acquaintance with the public. For many years he was in the banking business in Oklahoma, later entering the grocery business in the same state. However the lure of Cisco as a residential city reached him and finding the Clarence store here for sale, he purchased it and became a resident here. His former business training is a great aid to him here in making his ability felt in commercial circles.

O. Henson, or "Ollie" as they call him over in the "sticks" of Erath county where he still owns a farm, is manager of the A. & P. store in Cisco. After deciding he wanted to go to town, Mr. Henson says he was in the grocery business in Stephenville for a number of years, but about three years ago he went with the A. & P. organization, and was transferred from Rising Star to Cisco as manager, about one and one-half years ago. Under his management the store has increased its trade and "Ollie" has

become very popular with those of his customers who have come to know him.

Hyatt & Wood, "The Old-Timey Home Owned Store," is rapidly forging to the front as one of the leading grocery firms of Cisco. J. H. Hyatt is well known in Cisco, having been in the county some 20 years. He has been a farmer, dairyman and grocer during that time. S. R. Wood is a product of the plains country, and has brought with him the pep that is supposed to be a product of that high and dry atmosphere. He is rapidly becoming to be known as one of Cisco's progressive young business men. This store is featuring price and honest quality and service.

Marion Gentry is another of Cisco's young business men who are making a success in the commercial world. Young Mr. Gentry is from Brownwood, where he grew up in the grocery store of his father, E. F. Gentry, who was in business in Brown county for many years. Marion is closely attentive to business and is fast making friends with his customers. His motto is "Quality at Low Cost." His store is "Gentry's Cash and Carry Grocery & Market."

All of these stores carry a complete line of staple and fancy groceries, fresh vegetables and meats. Their stores compare favorably with those of much larger cities and Cisco citizens are to be congratulated in being served so well. Their

messages are read each week with close attention for the special items and prices quoted.

ROBINS AND CUBS OPEN SERIES TODAY

The Chicago Cubs and Brooklyn Robins met today in the first contest of a four-game series which may decide the national league's July 4th leader.

Baseball has a tradition that the club leading the league July 4 will win the pennant. The Robins still held a one game lead over the Chicagoans as the series opened today.

Chicago gained a full game yesterday, defeating Philadelphia, 13 to 12, while Brooklyn was losing to Pittsburgh.

Pittsburgh backed Ray Kremer's effective pitching with timely hitting and beat Brooklyn, 5 to 1.

Cincinnati defeated New York, 11 to 3, in the only other national league game.

The New York Yankees gained half a game on their American league rivals, winning a double bill from St. Louis while Philadelphia broke even with Chicago and Washington won a single game from Cleveland.

Home runs gave the Yankees both victories. Tony Lazzeri homered with a mate on base in the first inning of the opener and gave Ed Wells a lead which he never relinquished, the Yanks winning 5 to 4. Babe Ruth, Cooke, Dickey and Gehrig homered in the second game, and the Yanks won 16 to 4.

George Earnshaw pitched the Athletics to an 8 to 1 victory over Chicago but Wallace Shores and Quinn were ineffective in the second game and the Sox won, 7 to 2.

Washington scored 11 runs in the seventh inning to defeat Cleveland 13 to 5.

Detroit batted Jack Russell for 4 runs in the eighth inning and defeated Boston, 4 to 3.

ALEXANDER IS DUE TO MAKE DEBUT TODAY

Grover Cleveland Alexander, the veteran of 20 seasons in the major leagues, was scheduled to make his debut as a Texas league pitcher today at Dallas when the Steers clash with Fort Worth. The opening of the second half of the season has been true to form Wednesday with three of the four first division nines of the first half winning their games.

Wichita Falls, winner of the first half, defeated Shreveport, 4 to 3, in a closely-contested game. Both teams made 10 hits while Storti, for the Spudgers, and Baker, for Shreveport, hit home runs.

In a game marked by errors and ragged fielding, Houston defeated San Antonio, 9 to 4. The Buffs made five errors, the Indians four. Houston hurler, was credited with the victory although Payne relieved him in the fifth inning.

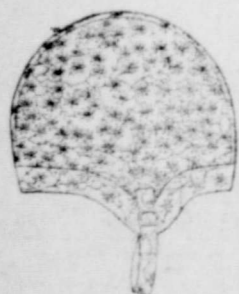

Fort Worth pounded out a 15 to 4 victory over Dallas. The Cats made nine runs in the third inning to drive George Murray off the mound.

Beaumont defeated Waco, 5 to 4. "Muleshoe" Vaughn, Shipper pitcher, staved off defeat when he was rushed into the game in the ninth inning to halt a Cub rally that already had netted two runs from homers by Milesworth and Peit.

Games today: Fort Worth at Dallas. Shreveport at Wichita Falls. Houston at San Antonio. Waco at Beaumont.

SPORT SHOTS

DALLAS, June 26.—Alvin Herold, of Brook Hollow course, 1927 city champion, and Franklin Baker, youthful product of Glen Haven headed the list of winners in the second day of play in the city championship golf tournament at Lakewood Country club today. The two tied for medalist honors with cards of 74 Wednesday. Reynolds Smith, youthful Lakewood star, was runner up with a card of 75 for the initial day's play.

SAN ANTONIO, June 26.—Fred H. Weston, former Texas A. & M. college athlete, has been named head coach at Texas Lutheran Junior college, at Seguin for the coming season.

Hobbs Carlson, pitcher for the San Antonio Indians, and former T. C. U. star, has been named to succeed Ben Britz as coach of Harlandale high school here. Britz will go to Brownsville high school.

COLORADO, June 26.—Harry Taylor, for the past three years coach at Post, Texas, high school, has accepted a position as coach of the local high school. Taylor is a T. C. U. graduate and was chosen all conference tackle on the grid team there in 1927.

DALLAS, June 26.—Acquisition of Nick Urban, infielder, from the Fort Worth Cats, has been announced by Bob Tarleton, vice-president of the Dallas Steers. Urban was obtained at the waiver price and the deal is the latest move by local club officials to strengthen the team for the second half of the Texas league season.

MIDLAND, June 26.—A challenge to any polo team in the country has been issued by Timbriene Floyd and Spencer Jovell, local enthusiasts. They had two west Texas teams matched with the Midland team for July 4 but both cancelled the engagement because of their inability to recruit a team. Midland fans are now seeking substitute to test the skill of the local squad.

YESTERDAY'S HERO

Cabby Hartnett, of the Cubs, who hit two homers and two singles in five times at bat to drive in six runs in Chicago's 13 to 12 victory over Philadelphia. One of Hartnett's homers featured a seven run rally in the sixth, and he drove in the winning run with a single in the ninth.

CARD OF THANKS

We wish to thank our many friends for their expressions of sympathy, for the beautiful floral offerings and for all their kind and thoughtful deeds, which have served to comfort us in our sorrow over the loss of our husband and father, Gomer S. Williams. Mrs. Gomer S. Williams, Stuart L. Williams, John D. Williams.

OIL NEWS OF SOUTHWEST

CORSICANA, June 26.—The Corsicana Lions' club sponsored a program given at the Corsicana Country club for the first Texas Oil Men's Jubilee. Many prominent Texas oil men were present. Clyde Foster, new president of the Texas Independent Petroleum association, had charge of the program. Former Governor Pat M. Neff, chairman of the railroad commission, also was present.

BRECKENRIDGE, June 26.—Encouraged by gas pressure and a high grade of oil in the hole, workmen have resumed drilling at 1,460 feet in the Texas-Consolidated deep test, northeast of Breckenridge.

BEEVILLE, June 26.—The Union Producing company's No. 11 Ray, wild gasser of the Pettus field, was still hopelessly out of control today while workmen struggled in vain to check the flow of gas. Mud, sand and rocks are being hurled by the tons over the country side.

GAINESVILLE, June 26.—Muenster's wildcat is a producing well. The Danziger Oil & Refining company's No. 2 Truhenbach, located five miles northwest of Muenster, came in yesterday at 652-60 feet, and is making approximately 50 barrels of 40 gravity oil. It is in strictly wildcat territory.

DEAD OF GUNSHOT. WATER VALLEY, June 26.—Funeral services were held here at noon today for H. H. Glover, who died Wednesday from a gunshot wound in his head. Glover was found badly wounded with a pistol beside him by members of his family. He had been in ill health for some time. The wife and three sons survive.

FALFURRIAS.—13 cars of melons shipped from here up to recent date.

"Radio Trust" Sued by Chicago Firm

KANSAS CITY, Mo., June 26.—The Grigsby-Grunow company of Chicago, manufacturers of radio receiving sets, sued the so-called "radio trust" for \$30,000,000 damages today on charges of illegal competitive practices. The action was filed in United States district court here with former United States Senator Jas. A. Reed of Missouri, and Ernest R. Reichmann of Chicago, as attorneys for the plaintiff. These five companies are named defendants: Radio Corporation of America, General Electric Co., Westinghouse Electric & Manufacturing Co., RCA Victor Co., Inc., and RCA Radiotron Co., Inc. Grigsby-Grunow manufactures "Majestic" radios and claims to be the world's largest independent maker of receiving sets. Its petition charges that the defendant companies caused Grigsby-Grunow to suffer actual damages to the extent of \$10,990,000 by enforcing competitive measures which were in restraint of trade.

Hazards of Westward Crossing Are Related by Kingsford-Smith and His Companions

Copyright, 1930, by United Press. HARBOR GRACE, N. F., June 26.—The hazards of the westward crossing of the north Atlantic ocean, which have baffled so many fliers in the past, were recounted to the United Press by the four aviators of the Southern Cross on their arrival from Iceland yesterday.

"The Atlantic flight from east to west is a most uninviting adventure, trying human courage and endurance," Capt. Kingsford-Smith said. "I doubt it will ever become a practical commercial venture, as storms rage in some sectors of the route several hours out of the 24, besetting the trip with inconceivable dangers."

"The first half of the trip the plane averaged 90 miles an hour, when we ran into headwinds and were buffeted for five hours by heavy gusts from many points of the compass."

Appeal Expected for Ralph Fleagle

DENVER, Colo., June 26.—An appeal for executive clemency for Ralph Fleagle, doomed Lamar bandit, in case his petition for a rehearing from the supreme court is denied, is expected to be made here next week.

Arrangements for the conference with Governor William Adams were made yesterday when William A. Smith, attorney general of Kansas; W. L. Cunningham, counsel for Fleagle, and Hugh D. Harper, chief of police at Colorado Springs, called upon the governor.

Fleagle is scheduled to hang on the gallows of the Colorado state penitentiary some time during the week ending July 12. Since the supreme court denied him a new trial, every effort has been made to save him from the death sentence.

1200 to 1400 Police Transferred

CHICAGO, June 26.—Between 1200 and 1400 policemen were transferred today in a shakeup ordered by acting Police Commissioner John Alcock. Nine hundred detectives were removed from the Detective Bureau and assigned to walk beats. The traffic patrol was warned that policemen found guilty of swearing at citizens would be taken off the payroll.

NO. 1 BECOMES NO. 2

OTEGO, N. Y.—After an absence of 50 years, during which he has traveled more than 12,000 miles, John Clay Bieler of Otego is back with his wife. While in Australia his wife obtained an "Enoch Arden" divorce and remarried. Her second husband died a few years later. When Bieler returned they were re-married.

THE SIMPLE cut of this white canvas sports sandal with rubber sole is unusually smart.

VAN EXCITED AS OIL FIELD IS EXTENDED

VAN, June 26.—Citizens of Van Zandt and Smith counties were in a high state of excitement today for a three mile extension of the field which proves up some 4,000 acres of hitherto unexplored territory practically insures an oil boom.

The 65th and latest producer is the Humble Oil and Refining company's Mrs. C. B. Carroll No. 1, which came in under control at 4:30 a. m. today producing approximately 10,000 barrels daily.

half a mile of the Smith county line. Extensive drilling that would have meant a boom for Van Zandt has been held in check for months by reason of the lease monopoly held by major companies, but the Humble well, drilled in semi-wildcat territory practically means the end of the unit control system.

Oil men are flocking to the field in the wake of the new excitement. That the Van field will yet become one of the major oil pools of the country is predicted by many. So far, not a dry hole has been drilled in the area.

IN THE POLITICAL ARENA

STAMFORD, June 26.—Lieutenant Governor Barry Miller chose Stamford for his fourth political address of the present campaign for governor of Texas and called the proposed centralization of the prison system extravagant and unnecessary, and condemned the proposed \$350,000,000 road bond issue.

"The prison system has vexed the people as long as I can remember," Miller said, "yet I believe its solution has been belabored and unnecessarily confused."

SAN ANGELO, June 26.—Arriving here from Midland where he delivered a campaign speech during the afternoon, Thomas B. Love of Dallas, candidate for governor,

last night told a San Angelo audience that state highways should be built out of funds derived from the gasoline tax. He said he was opposed to any road bond issue which would increase property tax.

BONHAM, June 26.—A crowd of 500 farmers and townspeople turned out last night to hear Jim Young of Kaufman expound his political views in connection with his race for democratic nomination for governor.

MARKET DEALS OF LINGLE ARE BROUGHT OUT

CHICAGO, June 26. — Disastrous stock market deals of Alfred J. Lingle, murdered Chicago Tribune reporter, and William F. Russell former police commissioner friend, furnished state attorney's detectives with fresh and sensational evidence today in their investigation of the newspaperman's gang murder. Lingle, who received \$65 a week as a police reporter, and Russell, on a \$10,000 annual salary, had more than \$100,000 in paper profits on brokers' books at one time on an initial outlay of \$10,000, the former police official told Pat Roche, chief investigator for State Attorney John A. Swanson. The stock market depression last October wiped out the account, Russell said. The former official said no money was drawn from the account by either of them. Police Captain Daniel A. Gilbert also admitted financial dealings with Lingle when a \$500 check signed by Lingle in his favor was called to his attention today. Gilbert, in command of the central police detail which has charge of the loop, said he expected to be called before the grand jury to explain the check. Taking cognizance of the evidence that filtered out of the "clearing house" of the Lingle murder investigation yesterday, Swanson issued a statement last night summarizing his investigation of the reporter's past and financial dealings that have been the subject of many rumors since he was slain almost three weeks ago. "We have been investigating the transactions of Al Lingle on the stock market," the statement said, "and are satisfied from information furnished us by former commissioner of police, Russell and other sources that Lingle ran an account of a few thousand dollars into paper profits amounting to well over \$100,000 at the time when the peak was reached." The state's attorney did not discuss the joint account of Lingle and Russell in the statement. Galveston.—Construction of the United States marine hospital at this place started.

ALLOTMENTS OF \$1,339,966 MADE ON HIGHWAYS

AUSTIN, June 26.—Allotments totaling \$1,339,966 were authorized by the state highway commission before closing its June session here yesterday. Part of the funds were apportioned for work upon which contracts were let Monday and Tuesday... Others include: City of Amarillo, state aid not to exceed \$12,846 on concrete paving on highway 33 inside city limits with provision that the city will enforce parallel parking. Potter county was restored a previously cancelled allotment of \$28,485 for work on the same road... Harrison county, \$53,867 for shoulder and ditch work between Marshall and Roseborough Springs road on highway 8... Williamson county, \$2,220 to remove dip on highway 2-B north of Circleville... Harris county, increase of \$35,000 in federal aid on paving between Pierce Junction and Alameda on highway 19 providing the county furnish \$114,167 and right of way... Travis county, \$15,191 for highway 71 between Onion creek and Bastrop county line... State Highway Engineer Gib Gilchrist was instructed to get bids on drainage and grading of highway 14 in Ellis county south from Ennis to the county to advance all funds for one unit and be reimbursed on another. Requested designation of a highway from Gainesville to Decatur was referred to the state highway engineer... A contract for a Red river bridge at Gainesville was awarded to Missouri Valley Bridge and Iron company Subject to concurrence of the Oklahoma highway commission.

LOVE TO SPEAK AT EASTLAND FRIDAY

Thomas B. Love, candidate for governor, will speak in the district court room of the Eastland county court house at Eastland Friday evening, June 27, it was announced.

COTTON CO-OP OFFICE FORMED AT ABILENE

J. E. Spencer, secretary of the Cisco chamber of commerce, and E. H. Varneil, vocational agriculturist, attended the meeting held yesterday at Abilene in the interest of organizing a district office of the Texas Cotton Cooperative association in that city. This office would serve what is known as district No. 7, comprised of 39 west Texas counties... Organization of the district was unanimously undertaken. Abilene must raise \$20,000 to insure its establishment. In addition \$7,500 must be raised for the location of a branch office at Abilene to handle the business of the cooperative in Taylor county. Similar branch offices will be located throughout the district. The branch offices tie in-

to the district offices and the latter into the state offices which in turn connect with the national office... The formation of the district office at Abilene will materially benefit the farmers in this section and that city is to be congratulated upon its step, said Mr. Spencer. Eastland county produces cotton only indifferently and no branch office will be established here, it was indicated. To do so would require the raising of \$5,500. Receiving stations will be located over the county instead... Organization of the district office at Abilene was expected to be completed today.

Rev. Friehling Will Preach Here Sunday

Since the Rev. J. P. Pelman is on his vacation, the Rev. R. Friehling will preach at the Lutheran church for both the morning and the evening hours Sunday. The Rev. R. Friehling is a son of the Rev. C. Friehling, Lutheran Missionary at Mexico City. He graduated from the Lutheran seminary at Springfield, Ill., a few weeks ago and has accepted a call as missionary to Alaska. The Rev. Friehling is not a stranger to the people of Cisco, having become well acquainted with them while doing supply work at Albany during the winter of 1925-26. He has also served a year as assistant pastor at Denver, Colorado... During his stay at Cisco, Rev. Friehling will canvass the members

of Grace church in the interest of Concordia Publishing House. St. Louis, a concern engaged exclusively in the publication of Christian books and magazines... Marshall.—This city to have office building to cost \$200,000... Sabinal.—Sabinal State bank recently shipped a carload of wool and carload of mohair to Boston... Daily News and American and Roundup want ads are a good investment — Phone 80 or 81.

TAKE A HINT
When tempted to over-indulge
"Reach for a Lucky instead"
Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."
Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"
Your Throat Protection—against irritation—against cough
*No special dietary, but moderation in eating and drinking and not more than three meals daily," is Dr. F. McKelvey Bell's advice in the New York Medical Journal to all men and women who want to keep a proper figure. We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
