Girl Scouts Open Annual Cookie Sale This Weekend

Junior and Cadette Girl Scouts in Hico will soon be participating in the 12th Annual Cookie Sale, sponsored by the Heart of Texas Girl Scout Council. Mrs. Lonnie Redden, Cookie Sale Chairman said this week.

Dates of the sale are February 18-27. The 1965 goal is to sell a total of 50,000 packages of cookies. Quota for Hico is 384 packages.

This is a project by and for the Girl Scouts and it affords every girl an opportunity to assume responsibility while practicing business methods. The girls will not only add to their own troop treasury but will aid the council, of which Hico is a member, in bringing better camping to more girls.

Funds for the maintenance and development of camping facilities come almost entirely from this annual sale.

Local Troop leaders have been busy the past month giving training to all girls in sales techniques, the importance of good grooming, and how to handle single business transactions.

"With the development and maintenance of a first class girls' camp as a goal toward which to work, I'm sure the Girl Scouts in Hico will be working hard to sell their share of cookies. We are again asking the support of friends of Girl Scouts," Mrs. Redden said.

Mrs. Joe Wuemling and son, Bart, of Grand Prairie were recent visitors with her parents, Mr. and Mrs. Ed Blum and children. They also visited with other relatives and friends while here.

Saturday Spree Involves Hico and Iredell Routes

Sheriff Tiny Carr of Bosque County and Deputy Buck Shepherd of Hamilton County were continuing an investigation into the destruction of 31 mail boxes in the two counties last Saturday night.

In a path which started at the Joe Alexander place in the east edge of Hico, the vandals continued their destruction to mail boxes at the Henry Wuemling, Mrs. W. P. Gregory, Pal Drake, and Ryan places, and on around Rural Route 1 out of Hico to the J. N. Fallis place near Langston Crossing. A total of 19 boxes was mutilated on the Hico route.

Ten to twelve boxes on Rural Route 2 out of Iredell were also damaged.

Most of the damage inflicted was tearing away of flags. Boxes that couldn't be pushed down were smashed with a hammer or some other instrument.

One box, that of J. N. Fallis, was carried away, and recovered near Iredell. The box contained first class mail, which was unharmed.

Twenty-eight flags torn away from the rural boxes were recovered Sunday morning in Hico Cemetery.

Hico Postmaster R. B. Jackson reported the damage to postal officials by telephone, and later by written confirmation. Authorities from the postal service had not investigated the incident at mid-week, but both Hico and Iredell postmasters were expecting an inspector before the week is out.

Commenting on the vandalism, Postmaster Jackson said that this was "The most malicious incident that has happened here in my 23 years of service. We have had isolated cases of box destruction before, but never anything on such a large scale."

Historical Survey of Hico Cemetery to Be Directed by Mrs. Jenkins

The Hamilton County Historical Survey Committee recently appointed Mrs. V. H. Jenkins as chairman in charge of making a survey of Hico Cemetery.

Mrs. Jenkins has appointed the following people to assist her in the survey: Mrs. D. E. Bulloch, Mrs. J. R. Russell, Mrs. Robert Simpson, Mrs. Monroe Latham, Mrs. C. M. Langham, Mrs. Ernie Jacobs, Mrs. Otho Horton, Mrs. Winnie Jones, Mrs. Jimmie Ramage, Mrs. Jim Carmean and Mrs. Maron Barnett.

Anyone having information pertaining to the origin or the history of the Hico Cemetery should contact Mrs. Jenkins.

FINALIST—Miss Connie Bulloch, senior student in Hico High School, has been notified of her advancement from the semi-finalist to the finalist stage in the National Merit Scholarship Program. It is from the finalist group that all Merit Scholars for 1965 will be selected. Approximately 1600 finalists will be offered merit scholarships in the current competition. The distinction of being a finalist in the program is won by about one-half of one percent of the secondary school seniors in the nation. Miss Bulloch is the daughter of Mr. and Mrs. D. E. Bulloch.

In a message on page 2 of this issue, Mr. Turner again expressed his appreciation to the many people who have aided him in continuing the business.

First National Ad Entry Cops Second Place In State Contest

Austin, Texas—Neiman-Marcus of Dallas and Mears Town and Country Meats Inc. of Hamilton paced the field of Texas advertisers for December in the Texas Press Association's Ad of the Month Contest.

Winners were announced by TPA President Aubrey McAlister publisher of the Bonham Daily Favorite.

Runner-up in the weekly division was the First National Bank of Hico with an entry in the Hico News Review.

Top weekly ad, that by Mears appearing in the Hamilton Herald-

News, coupled a unique approach with good reproduction for excellent sales appeal. Judge Stormy Davis of Southwestern Bell Telephone, commented.

Davis liked the ad published in the News Review "because it dominated the page and carried a personal appeal."

Rating third in the weekly field was an entry by Big Town Shopping Center in the Texas Mesquite at Mesquite. Fourth place winner was submitted by a Channelview newspaper.

The second place award, a handsome certificate, was presented to Odus Petsick of First National by J. T. Butler advertising manager of the News Review on behalf of Texas Press Association. This was the second consecutive month that a News Review entry copped a second place award, with Howard Drug entry winning in December. Both ads were prepared by Butler.

An unusual aspect of the December contest was that both first and second place winners were submitted from Hamilton County's only two newspapers, the Herald-News and News Review.

Purpose of the Ad of the Month Contest is to encourage newspapers and their advertisers to devote more time and effort to better advertisements.

HERE IN HICO

By E. V. M.

Information received this week from Cong. Omar Burleson, pertaining to new postal quarters for Hico, is self-explanatory in the letter received by the pressman from Mr. B. M. Myers, Jr., Regional Director of the office. The letter:

"Dear Congressman. Please refer to a letter to you from Joseph P. Doherty, Executive Assistant to the Assistant Postmaster General, dated January 28, 1964, concerning office quarters at Hico. As indicated in that letter, we are planning to advertise in Hico under a procedure wherein all interested parties may offer quarters—existing building or new construction. It will be some time before our advertising can be fully prepared—plans, drawings, etc. The advertising will be accomplished at the earliest practicable date—will receive notice in the usual manner as soon as the advertising date has been established. (Your file will indicate that this project was advertised previously on November 20, 1964, with a closing date of December 19, 1964. As a matter of information, no response was received in response to that advertising). Thanks for your interest in this project. Sincerely yours, M. Myers, Jr., Regional Director."

Information is received here that will pass it on to readers.

You might not have known that Mary Madelay, Assistant Manager of the Temple District Social Security office, told Civic members Wednesday of this that Hamilton County residents were being paid the largest percentage of benefits of any county he knew of. Mr. Madelay stated that on a per capita basis, 18 percent of the residents are receiving social security benefits in one form or another.

Mr. Madelay went on to say that a total of 1632 people in the county received benefits totalling \$1,000,000 annually, or \$78,000.00 monthly.

Madelay made the remarks in a speech to Civic Club members on proposed changes in program, and how they might affect each of us.

A project undertaken by W. B. Hill, local English teacher, with the assistance of Marilyn Johanson, homemaker, is commendable.

As a form of memorial, we may make contributions of money or books to the school li-

brary. Those making contributions will receive a memorial card stating for whom the gift was presented, and a permanent label will go into each book donated or purchased, with the information about the donor.

Clean-up project undertaken here last week by a group of businesses located on the East side of main street from the highway to the first intersection, is evidence of what a little man-power (and woman-power) will do to make our town more sightly.

People along that street took it upon themselves to see that the alley directly behind their places of business was given a good old-fashioned cleaning.

With Spring fast approaching, we should all at least start thinking about the eye-sores around cur businesses and residential areas, and start planning to eliminate as many of these as possible to make Hico an even more attractive community.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

Washington, D.C.—The deficit in the balance of payments between the United States and other nations has previously been discussed in this letter. It continues to be an acute problem and one which is causing very great concern. A ten-point program has been outlined by the President. Several courses of action call for legislation, while others are to be taken administratively.

Two things not mentioned could go a long way toward solving our balance of payments. One is to demand the payment of the debts owed us by foreign nations, and particularly France, which by reason of its demands is aggravating the problem.

Another is to put to better use the so-called "counterpart funds" now lying unused in many countries. These are local currencies received in payment for goods and supplies furnished them in the past under Foreign Aid. These

Sunday afternoon.

Thurman Alexander of LaPorte spent Saturday night with his sister, Mrs. Zena Havens. Mr. and Mrs. John Alexander of Stephenville also visited awhile Saturday night with Mrs. Havens. Mr. and Mrs. James McCracken of Killeen were Sunday visitors with her mother.

Mr. and Mrs. Neil Ellis of Fort Worth spent Saturday night with her grandmother, Mrs. Etta Whiteside.

J. J. Carter and family of Fort Worth, and Don Carter and family of Tow spent the weekend with their parents, Mr. and Mrs. W. C. Carter.

country can only be used in the country of origin and only for purposes specified.

A third remedy which was mentioned in the President's proposal is to buy goods and equipment in the United States which may be used by ourselves and others overseas. This is particularly applicable to petroleum and petroleum products. We could reduce by almost one-half our deficit payments if we purchased only three-fourths of our oil needs from supplies produced in this Country. Purchases in foreign countries mainly for military purposes, now are approximately 600,000 barrels daily.

It is believed by scientists that huge quantities of fertilizers and other useable minerals can be recovered from water desalination process. This development could reduce the high cost of desalination to the point of being almost self supporting. At present the cost of producing fresh water from salt water is prohibitively high except on an experiment basis.

Many of us have never thought of what we would do with excess

leisure time. Here is a new problem, if it is a problem at all.

Economists say that the next generation's work schedule may be somewhat like this. Work 20 hours; sleep 55 hours; and leisure time nearly 100 hours. This sort of living will bring new shifts of emphasis on the activities of people. In fact, if and when such happens out entire economy will look considerably different than it does today.

The Perry Masons of science have implicated some 70 plus viruses as capable of causing the common cold. They say there are still more to be identified. It can be assumed that new viruses will be isolated and that some pill will be found to frustrate their evil doings. On the other hand, as one remedy is found, there must be another remedy to cure the side effects.

Steve K. you were a very handsome escort for the prettiest sweetheart ever Monday night.

Henry H. you were the best guard ever Saturday night. Even though the man you were guarding was about 2 feet taller.

Mary M. seems to admire the town of Stephenville, or is it what is in it?

Rodger M. you better get your homework at home, instead of in the mornings.

Belinda C. why won't you tell who sent you that lovely box of candy?

Jeannie B. Valentine's Day was good to you we hear. Don't eat too much candy—it might increase your size.

Mrs. J. those exercises are doing wonders for you. You look smaller everyday.

SENIOR NEWS

The seniors have been rather quite this week.

Mike G. has a new hobby. He plugs up the water fountain with gum.

If you think there is a new girl in school, you're wrong. It is just good old Liz B. with a different color of hair. Looks great Liz.

Most of the seniors attended the Sweetheart Banquet Friday night. The food was wonderful and everyone had a great time.

PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL

Linda J. seems a little different now. She had her 18th birthday Sunday. Happy birthday Linda.

Margo Wolfe did something Sunday night and she is keeping her mouth shut. How about it Margo?

Alma, who was that handsome boy that pulled your chair out for you Saturday?

The senior class would like to send a "get well" cheer to Mrs. Hill. Hurry back. We miss you.

SOPHOMORE STUNTS

Danny Jenkins and Brenda M. turned very red in English Monday. Was something wrong kids?

Linda B. really did enjoy some candy Sunday night. Ed must want you to gain some weight.

Linda C. always manages to meet some of her classmates in some of the strangest places.

Every time we looked around last week we found Denna M. coming out of the hospital. It was a shame that Don had to go home.

Barbara did anything nerve-racking happen to you Monday morning before school?

Nellye and Butch found a new friend Sunday night. Did he frighten you?

K-K was very happy with the presents she received this past weekend.

Dwain, when you get sick it's a very good idea to go home. But some people miss you when you leave.

Alan, Jim Bill and Erarry have been just their great selves this week.

CELEBRITY OF THE WEEK

Our celebrity this week is a cute red-headed junior. She's going steady with a senior, M.G. They drive a green and white 57 Plymouth. They are often seen riding around on Saturday night with L.S. and S.H.

This girl was a cheerleader her sophomore year. She has been on the A basketball team, and is a very popular junior. She has a big part in our play Friday night.

If you don't know by now, our celebrity is Kay Lynn Tooley.

JUNIOR JAUNTS

Linda D. has a terrible time remembering phone numbers. Write yourself a memo. After a person gets as old as you, his memory begins to fade you know.

Glenda O. has had a little spell of forgetfulness too. If you could forget the right things and not the things you need to remember it would be alright. Maybe forgetfulness is catching.

Mike T. hates weekend mornings so he just doesn't get up until afternoon. That's one way to solve a problem.

Kay Lynn that certainly was a pretty box of candy you got for Valentines. Who gave it to you? Oh—that northern boyfriend. Wish everyone had a "nother boyfriend so they could get pretty candy.

Speaking of Valentines, Lynn R. has been mad at Johnny S. ever since Valentines day. It seems the box of candy was so heavy that he fell down carrying it into the house. It wouldn't have been so bad if he hadn't crushed part of

the candy. Oh well, it was really your cold she wanted and not your candy.

Judy S's Valentine likes bologna sandwiches That isn't bad, but he likes them best at midnight.

The juniors have worked hard on their play and we hope we have a good turnout Friday night. In closing we would like to wish Mrs. Hill a speedy recovery.

TWO ATTEND LUNCHEON

Last Saturday, two lucky seniors were very honored to be able to attend a meeting of a sorority of teachers which was held at the Methodist Church at 12 o'clock. In their meeting, the present teachers stressed a welcome to future teachers from Iredell, Clifton and Hico. Those who attended from Hico were Sharon Howard and Alma Burgan.

A luncheon was served at noon and it was followed by a sincere welcome to the honored guests. Then special music by Mrs. Jack Barnett, accompanied by Wayne Ross, was enjoyed by all. The program which followed dealt with life, customs, and politics of Mexico, and it was very enlightening to everyone.

Sharon was asked to attend the meeting by Mrs. Sybil Jernigan, fourth grade teacher, and Alma was invited by Mrs. O. C. Cook, third grade teacher. Sharon plans to attend college at San Marcos and major in Homemaking with a minor in elementary education. Alma has plans to attend Tarleton State College and major in elementary education with a minor in art.

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

On the Home Range

By JEAN HENRY Home Demonstration Agent

Labor saving appliances are well come additions to a home, but the initial cost, operations cost, and life expectancy of the appliance should be considered by consumers.

The use and care of appliances has much to do with the kind and length of service enjoyed.

Some estimated average periods of time which appliances are kept in service by first owners are: Automatic electric washers, 11 years; non-automatic washers, 10; electric clothes dryers, 14; electric refrigerators, 16 years; electric freezers 15 years; gas and electric ranges, 16 years; upright vacuum cleaners 18 years; tank vacuum cleaners 15 years; automatic toasters 15 years; electric sewing machines, 24 years.

Some homemakers buy new appliances before the old ones wear out because the new appliances often have added features with a strong appeal. If expensive repair is needed, often the family decides to buy instead of risking the inconveniences of a breakdown. If one is moving, new equipment may fit into the situation more conveniently.

An all-day workshop is being planned in Hamilton County on large equipment. This scheduled for March 24. Miss Isabel Herndon, Home Economist for Community Public Service Co., several Home Demonstration leaders and I will present information and step-up-charts on refrigerators, ranges and freezers. If one of these appliances is in your future buying plans, you will want to attend this meeting.

By knowing the expected life span of equipment, a family can do better longtime planning, study what is on the market, compare cost, features and models, watch special season sales, save money and avoid inconvenience.

In the garden, now is the time to do the following:

- 1. Move shrubs that are wrongly placed.
2. Prune trees, shrubs and roses.
3. Place a generous amount of peat to encourage root growth in holes before planting shrubs.
4. Cut large shrubs back when you move them.

Weekend visitors in the home of Mr. and Mrs. Monroe Latham were Mr. and Mrs. Garland Latham and children, Gary and Karen of Austin, and Mrs. Frances Watkins, Junior and Patricia of Euless.

Mr. and Mrs. Don Tooley of Junction City, Kansas, visited during the weekend with his parents, Mr. and Mrs. Richard Tooley, Kay and Joe. Don, who is serving with the Army, is being transferred from Kansas to Camp Wolters at Mineral Wells.

Mrs. Meador Hostess To WSG Members Tuesday Evening

Mrs. E. V. Meador was hostess to members of the Wesleyan Service Guild which met Tuesday evening of this week for their February session.

Mrs. Otis Brown opened the meeting with prayer after president Mrs. Watt Ross called the session to order. Minutes of the previous meeting were read and roll was called by Mrs. A. H. Lackey, secretary. Mrs. S. W. Everett gave the treasurers report.

"Hearing God Speak Through the Bible" was program topic presented by Mrs. James Cryer, who was assisted by Mrs. Lackey, Mrs. Everett, Mrs. George Griffiths and Mrs. E. H. Randsall Jr. The program suggested ways for devotional use of the Bible and also stressed to members the need to consider what is meant by the Word of God. The closing thought on the program was that the Bible can teach much more than any other book ever written, about God and man, and to neglect this source of light is folly and defeat. Concluding the program, the hostess served a dessert plate.

Mr. and Mrs. O. M. Moser of Stephenville visited Sunday afternoon with Mr. and Mrs. H. M. Killian.

A large mirror hanging behind the table was decorated with three large wedding bells. Silver and China appointments completed the table setting from which Mrs. Charles Oxley served white cake squares decorated with orchid, and Miss Barbara Casey poured spiced tea. Approximately 80 guests called or sent gifts during the appointed hours from three to 4:30 o'clock.

Phil Watson Is Guest Speaker at Sweetheart Banquet

The young people of Hico First Baptist Church and their guests enjoyed the annual Sweetheart Banquet last Friday evening at 7 o'clock in fellowship hall.

The entertaining area was gaily decorated in red and white. One wall was covered in streamers of red and white and centered by two large cupids and a large heart. Tables were laid with white cloths trimmed with streamers of red and white. Red hearts entwined with ribbon and placed on white doilies centered the tables and were flanked by red tapers. A glow of red shown from each light to further enhance the beauty of the Valentine motif.

Rev. R. E. Tatum gave the invocation, followed by dinner consisting of creamed chicken, green beans, baked potatoes and sour cream, tea, rolls, congealed salad, pickles, olives and pie.

Jan Daehnert sang "Dear Hearts" and gave a brief talk before naming the King and Queen. Named were Miss Jane Akin and Don Jernigan. Mr. and Mrs. Jack Barnett and Mrs. R. E. Tatum presented a skit, "The Meeting of the Half-Hearted Old Maids."

Highlight of the evening was presentation of the guest speaker, Phil Watson, who entertained with jokes and fun and concluded the program with a brief devotional.

Graduated Benefit Plan Stiffer Controls Urged For Medicare by nursing homes

Health care for the aged through Medicare should be geared in part to individual needs, based on actual income, not assets, Mrs. W. R. Payne, operator of Hico Nursing Home said this week.

The proposal was a part of a five-point package of amendments to the King-Anderson Bill (H.R.-1) that has been presented by the American Nursing Home Association and adopted by the Texas Nursing Home Association, according to Mrs. Payne.

Mrs. Payne has operated the local Nursing Home for five and a half years and is a member of the state-wide Association, headquartered in Austin, which studies the benefits of bills concerned with the care of the elderly.

"We feel that our Association needs to accept President Johnson's mandate that a Medicare bill must be passed by this session of Congress," but the amendments will (1) insure higher standards of care and safety for our patients; (2) be safeguards against over-utilization of hospital beds and other health care facilities, and (3) offer benefits scaled to the income levels of the elderly," Mrs. Payne said.

In his February Newsletter, President Phyl Drake of Alice, outlined the THNA proposals and urged the Nursing Home Administrators to "let the general public know what the real issues are concerning Medicare," according to Mrs. Payne.

The amendments have been distributed by President Roy J. McDonald of the American Nursing Home Association, as they were approved by the 4,700 nursing home operators across the nation.

Additional data can be obtained from Mrs. Payne according to the statement released this week.

True Then, True Now

TEN THINGS YOU CANNOT DO . . .

- 1. You cannot bring about prosperity by discouraging thrift.
2. You cannot strengthen the weak by weakening the strong.
3. You cannot help strong men by tearing down big men.
4. You cannot help the wage earner by pulling down the wage payer.
5. You cannot further the brotherhood of man by encouraging class hatred.
6. You cannot help the poor by destroying the rich.
7. You cannot establish sound security on borrowed money.
8. You cannot keep out of trouble by spending more than you earn.
9. You cannot build character and courage by taking away man's initiative and independence.
10. You cannot help men permanently by doing for them what they could and should do for themselves.

Fairy Community News

By MRS. EUNICE DANIEL

A pall of sadness fell over the community as news was circulated that Mrs. Montie (Ogle) Reeves, 64 of Fort Worth had passed away in a Fort Worth Hospital at 7 p.m. Feb. 9. Montie was born in October of 1900 to Jake and Lu-

la (Young) Ogle of Fairy. Her mother passed away a few days later. Montie was reared by her maternal grandparents, Dr. and Mrs. S. W. Young of Fairy. She was an adorable child, and everybody loved her. She attended Fairy school, and resided here until her marriage when she and her husband, Rufus Jones resided near Cranfills Gap for several years.

Two daughters were born to them, Mrs. Sam (Finette) Russell presently of Wichita, Kansas, and Mrs. Billy McElroy, presently of Waco. She was later married to Walton H. Reeves of Fort Worth who survives. Also surviving are the two daughters; three grandchildren and one great-granddaughter; also several cousins including Raymond Cunningham and Jud Massengale of Fairy, and a host of relatives in Hico.

Burial services were held at the Fairy Cemetery on Thursday, Feb. 11 at 4 p.m. at the Dr. Young cemetery lot. She was buried by the side of her aunt, Mrs. Laura Cunningham whom she looked to a great deal for counseling after the death of her grandmother, Mrs. Young in 1918. Her residence in Fort Worth was 4114 Rufe Snow Dr. near the Richland Hills Addition.

She was a member of the Richland Hills Baptist Church. Funeral services were held at 1 p.m. on Feb. 11 at the Gause-Ware Northeast Chapel. The elaborate floral offering was very beautiful. We extend deepest sympathy to the bereaved husband, daughters and families and others who mourn her passing.

We were sorry to learn of the untimely death of Preston Gregory. We had known the family for some 40 years or more as we used to go there to buy blackberries. We extend deepest sympathy

to his aged mother, with whom he made his home, and other relatives who mourn his passing.

Mr. and Mrs. Bill Morin, Lee and Deanna and her sister, Miss Sue Prater, all of Fort Worth spent the weekend with the ladies' parents, Mr and Mrs. Lee Prater. Mr. Morin visited at the Fairy Cemetery Saturday morning looking after his mother's grave.

Mr. and Mrs. O. H. Brummett and children, Grant and Nancy attended services at the Church of Christ in Hamilton Sunday morning and visited awhile in the afternoon with her mother, Mrs. M. C. Anderson.

Mr. and Mrs. Carl Ray Sellers were business visitors in Waco Wednesday of last week.

Mr. and Mrs. Willie Turner had the following children and families visiting with them during the weekend: Mr. and Mrs. Billy Turner, Kurtis and Rhonda, Mr. and Mrs. Ray Botkin, Patay and Tammy and Mr. and Mrs. Ray Turner and Keith, all of Killeen, and Bernice of the home. Other guests in the Turner home Sunday was his sister and husband, Mr. and Mrs. Andrew Powell of Gatesville.

Mrs. Max Lam of Pat visited Saturday in the home of her parents, Mr. and Mrs. Scott Blakley.

Mr. and Mrs. E. M. Hoover attended services at the Church of Christ in Hico Sunday and had lunch in town and visited awhile in the afternoon at the home of her brother, Mr. and Mrs. Prentis Newman of the Millerville community.

Mrs. David Hale and baby of Stephenville visited Sunday afternoon in the home of Mrs. M. E. Parks and Audie.

The writer attended singing at Lund Valley Baptist Church Sunday afternoon and visited after singing hours with Mrs. M. C. Anderson.

A van from Bascons of Keene, Texas brought in the new pews for the Church of Christ Monday and installed them. The church is nearing completion and is an asset to our little village town.

The writer visited a few minutes at the Hico Hospital Monday with a longtime friend, Mrs. Martha Burnett. Glad to report her still doing fairly well.

Our sincere thanks to S. N. Aklin of Stephenville who handed us \$5 at the Fairy Cemetery last Thursday while attending the burial service for Mrs. Montie Reeves, for the care of his family cemetery lot.

Also thanks to Mrs. Julia Brunson of Hico for a \$5 donation for the care of her lot for another year, and also to Mrs. Addie Adams for a donation of \$1 for her lot.

We had a light rain fall during Monday night and is still falling steady Tuesday. Seems we are going to have a good underground season. Seeping is reported in many places.

Mr. and Mrs. C. I. Thomas of the Rockhouse community near Hamilton visited awhile Sunday night in the home of her sister, Mrs. Mignon Anderson.

W. E. Goyne of DeSota and

Fairy was presented a 50-year membership pin at a Masonic meeting at the new Lodge at DeSota recently. Congratulations to him.

Mr. and Mrs. Ray Turner and Keith of Killeen were weekend visitors with her parents, Mr. and Mrs. Carl Ray Sellers, Jimmy and Janice.

What we call life is a journey to death, and what we call death is a passport to life.

They are usually found on the sides of the animal's neck, on the brisket, back, inner surface of the thighs, tail and around the nose, eyes and ears. Chewing lice are smaller and are usually found on the top of the shoulders and around the root of the tail but may also infest

other parts of the body. Many chemicals are available for controlling lice as well as other external parasites of farm live- stock. THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
Texas Press Association

Austin, Texas—Gov. John Connally's top legislative project—creation of a powerful coordinating board to control state colleges and universities—apparently is headed for early enactment.

Breezed through the Senate and House committees to floor calendars without direct attack after members of the Governors' Committee on Education Beyond the High School testified for them.

Quick and easy approval contradicted early rumbles that establishment of the strong central board would meet vigorous opposition in the Legislature.

It seems that opposition, if there is to be any, will be confined to specific details of the bill and not to the overall proposal.

If enacted, the 18-member coordinating board would have broad powers over all aspects of higher education in Texas—junior colleges, as well as senior institutions.

It would have the final word on launching or eliminating college degree programs, control the addition or deletion of courses, develop future plans for higher education and pass on proposals to create new senior colleges.

It would supplant the existing Commission on Higher Education, although members of the commission would be eligible for appointment to the board.

Said Governor Connally: "I am very pleased with the action of the two committees. This reflects what I have said all along—that there is a great will and desire on the part of the Legislature to make some real strides toward excellence in higher education."

Rep. Dick Cory of Victoria is handling the bill in the House and Sen. Bill Moore of Bryan has it in the Senate.

Women's Rights Debated
Legislative committees set aside another Ladies' Night to hear a familiar debate—should the state constitution be amended to insure that no legal rights be "denied or abridged because of sex?"

Without even hearing arguments for or against, a Senate panel quickly agreed that the amendment should be submitted to the voters.

On the other hand, the House committee listened to hours of testimony. Most of it was in opposition to such an amendment. The State Bar and spokesmen for university law schools led the opposition.

Opponents claim the amendment goes too far and would "open a Pandora's box" of future litigation. Specific statutory changes were recommended as preferable for correcting such discrimination as might exist.

Spokesmen for the women's groups, who have stubbornly pushed the amendment, retort with considerable conviction: after all these years of talking about giving women full powers to manage their property and other rights long denied them, little serious effort has been made to repeal the discriminatory statutes one at a time.

Committee on Aging Endorsed
Senate State Affairs Committee gave its blessing to establishment of the Governor's Committee on Aging as a permanent organization.

Sen. Walter Richter of Gonzales, chairman of the present committee, is author of the Senate bill to set up a nine-member panel aided by seven state officials and executives dealing with problems of aging. Committee now is trying to get programs going for senior citizens in every county.

Appointments Announced
Governor Connally appointed Rev. Robert S. Tate Jr. of Austin to the Texas Youth Council. He succeeds Dr. Guy Newman of Brownwood.

Connally also named Frank Sparks of Eastland as judge of the 91st district court. He succeeds the late Judge T. M. Collie. Durwood Manford of Smiley was named to a new term on the State Board of Insurance.

Carr Asks More Money
Attorney General Carr is seeking some \$210,500 more a year for his budget. Request is mainly for funds to represent Texas in hearings before federal agencies and to handle "scandal" cases.

Federal agencies must have a better understanding of Texas problems, contends the attorney general. He noted that consumer states of the north and east have explained their cases in a more convincing manner than has Texas.

Carr said a scandal could result from loose regulation of charitable trusts.

A spokesman for Carr appeared at a House judiciary committee hearing in support of a bill to tighten controls on such trusts.

Water Development Bills
A friendly Senate subcommittee will consider a bill by Sen. George Parkhouse of Dallas which would authorize the Water Development Board to use the \$200,000, 000 water development fund to build reservoirs, treatment plants, pipelines and other facilities for water delivery to wholesale users and to obtain permits for storage and use.

Two other Parkhouse water development bills also remain under Senate committee study. They would convert the Water Commission into the Water Rights Commission, an agency with expanded responsibilities and an executive director, and would revise the Water Development Board and expand its powers, keeping the granting of permits with the Water Commission.
