

Irrigation for Hico Area? It's Here

ABUNDANT — Derel (left) and O. H. Mc... of Iredell appear satisfied with the flow of life-giving water coming from one

of the first major irrigation wells drilled here. The well is located on the former Lewis place southeast of town, now

owned by Fillingim and his father-in-law, J. E. Woodard. Plans call for full irrigation of a 105-acre bottomland field.

Hico area farmers and ranchers are taking a closer look into the possibility of irrigating crops and grazing lands as a result of three major watering projects that have been installed in the locale within the past year.

First of the successful irrigation programs was initiated by Howard Myers of Iredell during last year, and he is the only one of the three that has made a crop using the system.

The three wells have proven many things about prospective large-scale irrigation programs for this area, foremost being the fact that water is available in abundant supplies at a depth that is not prohibitive, cost-wise, in bringing to the surface.

Pentiful water supplies have been found at depths ranging from 175 to 350 feet.

Latest of the systems to be completed, the one on the Derel Fillingim-J. E. Woodard ranch was drilled to a depth of 350 feet, with logs showing 240 feet of water. The well drilled on the Odis Petsick Ranch south of Carlton was bottomed at 175 feet. Howard Myers, who pioneered the program in this area,

drilled his well to about 350 feet. Fillingim-Woodard well is pumping 700 gallons of water per minute.

On a visit to F-W Ranch last Friday, many interesting facts

and details were revealed.

The just-completed well, as stated above, shows a depth of 350 feet, in the Trinity strata, and has 240 feet of water. The 16-inch hole has 12-inch casing

COOL, CLEAR WATER in abundant quantities is shown here gushing from the irrigation well recently drilled on the Odis Petsick Ranch south

of Carlton. Mr. Petsick will use the well to irrigate 100 acres of prime bottomland on Resleys Creek.

for 275 feet, and bottoms out with 10-inch. Pump was set at 268 feet.

A six-inch Western pump is driven by a new Pontiac engine, the pump turning at 1750 RPMs. The pump section has ten bowls, with seven stages. Pump drive engine is fueled by natural gas, availability of which greatly influenced location of the first well on F-W.

Fillingim said that he had two fields of about equal size that he considered for drilling the first well, and decided upon the present field because of the gas line which was easily tapped for power. He estimates that cost of operation will be about half that of using any other type of fuel.

105 Acres to be Watered

Fillingim plans to water a 105-acre river bottom tract with present facilities. Included crop plans to be watered this year are 18 acres of Coastal Bermuda, an oat crop which was already planted when the program was started, and two crops of maize.

He plans to plant the initial maize crop on land not seeded to oats and start another late maize crop as soon as the grain is harvested.

Most of the 105 acres will be subject to the sprinkler system; however, Fillingim said that 35-40 acres would stand gravity flow, with the possibility of even more of the acreage being watered by the latter method in the future.

Plans have already been made to start watering the oat crop within 10 days if natural moisture isn't received.

Irrigation Not New to Fillingim

Although deep-well irrigation is something new to this section, the system of watering crops is not new to Fillingim. He gained experience while residing in West Texas, and has used sprinkler type watering on his present place.

Only draw-back to his previous irrigation programs here was the availability of sufficient water at times when needed.

Fillingim cited an example of two years ago, when he was sprinkling with water from the Bosque River. He made one complete application on an oat crop, and in the middle of the needed second application, his water supply was exhausted. Results of the crop that year were revealing enough to start him thinking about other sources of water.

On the land where two complete waterings were applied, the oat crop harvested 80 bushels per acre, while on the second portion which received only one watering, the crop averaged only 28 bushels per acre, and the grain was of lower quality. Fillingim pointed out that the land was the same, fertilizer was applied in the same amount, yet the lack of one watering cut the yield a fantastic 52 bushels per acre. Thus, actual facts point to one thing—water availability at the proper time means highly increased yields.

More Plans.

Fillingim plans to keep accurate records and pertinent data on his operations this year, and if proven as successful as he thinks they will, he will take steps to initiate further irrigation programs on the place.

The ranch, located five miles southeast of Hico, is known as the old Bob Lewis place. It was purchased about ten years ago by Woodard and Fillingim, and contains 1100 acres. About three years ago, they purchased an additional 500 adjoining acres, known as the Oxley place.

Petsick Well.

Odis Petsick, who purchased the former J. E. Lincoln place, completed an irrigation well late last year which he plans to use to water about 100 acres of Resleys Creek bottomland.

Due to lateness of land preparation, Mr. Petsick plans to water a hay crop this first year.

His well is a five-inch capable of producing 400 gallons of water per minute.

Irrigation of local croplands appear to be the coming trend for this area, with more and more interest generated here. Experts contend that the water is here; it's just a matter of conducting an educational program among area farmers and ranchers to get the most benefits possible out of the area's great potential for increased crop production.

It will be interesting to watch the three present irrigation programs through this first year of full cropping.

MISS DONNA MORGAN
Overall Winner, Co. Junior Show

Future Homemakers Win Honors in County Show

Donna Morgan, granddaughter of Mr. and Mrs. C. E. and a junior student in Hamilton High School, was awarded the honor for her entry in the division of the Home Economics Dept. of the Hamilton Junior Livestock Show last year. Miss Morgan modeled a suit with a striped skirt she had made in the III class. She was a pair of pinkish shears size and won a blue ribbon suit.

Hico girls placing in the division were: Miss Mary Ann, daughter of Mr. and Mrs. Martin, who placed in the senior clothing division; Miss Martin made and blue and white checked and a blue sleeveless two-piece sports division. Miss Mary, daughter of Mr. and Mrs. Bailey, placed second in a pair of green slim jims and white polka dot

senior division with an embroidered scarf. Cathy Cryer placed third with hand-knitted bedroom slippers.

In the foods division, Belinda Christian placed first with divinity candy, and Jerry Beth Merritt placed first with "million dollar" fudge in the candy division; Cathy Cryer placed first in the quick breads division with carrot bread and Sharon Howard placed third with date nut bread.

Mary Beth Martin placed second with baking powder biscuits; and Barbara Casey, third with yeast rolls. In the pie division, Brenda Kennedy placed first with a pineapple fruit pie, and Nellye Wolfe placed first and Suzanne Patterson third, each making chess pies. Elaine Merritt placed fourth with a German Chocolate Cake in the cake division. In the cookie division, Carolyn Wooten placed second and Sharon Howard placed fourth.

The group was supervised by their homemaking teacher, Mrs. Marilyn Johanson. Hico mothers assisting the FHA girls in getting their entries to and from Hamilton were Mrs. James Cryer, Mrs. G. R. Lackey and Mrs. Charles Estley.

Mr. and Mrs. Dave Jones accompanied Mr. and Mrs. J. A. Hendricks of Hamilton to Carthage Sunday where they visited in the home of Mr. and Mrs. R. P. Wall and family.

RIDING ARENA OPENS APRIL 10th

Hico Riding Club arena will not open this Saturday night as planned, due to several interfering factors. Official opening date will be Saturday night, April 10 at 7:30 p.m., weather permitting.

Mrs. Fred Blackburn has been visiting for the past two weeks in Houston in the home of her son, Mr. and Mrs. Cecil Blackburn. They accompanied her to College Station where they were met by Mr. and Mrs. John B. Fouts and sons who brought her home.

Spirited School Trustee Election Set Saturday

Prospects for a large turnout in Saturday's school trustee balloting was in evidence this week with more and more discussion on the merits of each of the candidates. Five men are seeking the three places to be filled on the board, three of whom are incumbents. The candidate slate, in order

that they appear on the ballot, is: E. A. Black, local dairyman, seeking his first term on the board. Bobby Needham, Hico paint contractor, asking for his second term. Chester Land, Duffau farmer, asking for a fourth term. M. I. Knudson, Hico automobile dealer, seeking his fourth term. J. T. Grissom, Duffau dairyman asking for an initial term on the board.

Balloting will be held at Hico City Hall beginning at 8 a.m. and continuing until 7 p.m. A. A. Brown has been named election judge.

Eligible to vote in the Hico election are those people who reside within the district (including those people who live in the portion of the old Fairy district that was de-annexed to Hico), holding a poll tax receipt, or have an exemption. Residents do not have to be property owners.

Little City Election Interest Little interest has been shown in the City election set for Tuesday, April 6. Two incumbents are seeking return to their alderman posts.

One-Act Play Contest Entry To Be Presented Friday at Meridian

Hico High School's production, "Box and Cox," will open district one-act play competition at Meridian High School at 6:30 p.m. Friday.

Three other plays will be presented with a critic judge to decide upon their relative merits.

Other entries in the district contests are Valley Mills, Meridian and Iredell.

"Box and Cox" by J. M. Morton, was presented in the local auditorium Tuesday night. Cast includes Dorothy Gray, Lynn Malone and James Randalls.

RURAL ROAD MARKING Sign Progress Report

Will you help Hico? The Hico Civic Club invites every man, woman and child to join its project of naming all rural roads and points of interest in this entire area. The committee needs a little of everybody's money and a little of everybody's time to make it easier for local people and visitors and tourists to find their relatives, friends and places of interest.

If you will give \$1.00 to \$5.00 or 5 cents to \$1.00 to help make these needed signs, leave your money with one of the committee members: Anne Coleman, Ralph Turner, Mrs. D. C. Hyles, Woody Wilson, Horace Ross or Clyde Jackson.

If you will help paint, cut pipe, put up signs, give your name to Anne Coleman or Harold Walker. You will be called when there is work to be done.

If you have any used 1 1/2 or 2-inch pipe seven feet long or longer that you will give for sign posts, call either of the two mentioned above. Please don't disappoint us—join our project to help Hico and the area to start growing. Let's make everybody everywhere know that we welcome them to Hico.

To date the committee has collected money from the following: first donor, Weston Newton, and Glenn Ross, Conda Salmon, Tommie Pierce, Anne Coleman, Christine Sutton, Thoma Rodgers, Dr. Pepper Co., Harold Walker, Mr. and Mrs. David Hyles, Warren Waddell and Johnny Kilcrease for a total of \$31.66. Goal for the project is \$300. Let's add 300 more names next week.

Boyd McClure has given 80 feet of 2-inch pipe and stock of 2x6s for sign boards. Barnes & McCullough gave about 96 feet of 1x4s for small signs. Being purchased are 1x8s at 8c per running foot and 1x4s for 3c per foot.

Monday night the following people painted first coat on 44 1x8s and 36 1x4; Dean Hyles, Ray Keller, Glenn Ross, Tommie Pierce, Mrs. J. T. Grissom, Harold Walker, Ralph Turner, Christine Sut-

ton, Mike Sutton, Irene Wilson, and Thoma Rodgers. David Hyles and Anne Coleman helped with miscellaneous duties. We'll soon need more painters. Will you volunteer?

Mrs. Sam Burney brought in the chart with names of te roads on the Hamilton Highway and the Olin to Carlton road. We need the names of all other roads soon. Please help your road representative to secure these names.

Fred Rainwater has volunteered to help with locating roads and putting up signs, and also help to contact Commissioners in Bosque and Erath counties.

The vocational Ag class at school has helped in cutting material and boring holes. There is something everyone can do. Please offer your help.

COMMITTEE.

STORAGE—Water from the 700-gallon per minute well is ditched to this storage tank, which in turn will be pumped to various portions of the field.

You can do much to change soil to your needs. As a goal toward which to work here is a description of the "Ideal Soil" for plant growth.

The ideal soil has a deep rooting zone from which plants can take both water and nutrients without restriction.

The ideal soil is loamy in texture; that is, it consists of a favorable mixture of sand, silt and clay particles.

The ideal soil has good structure. The particles of sand, silt and clay are grouped into granules or crumbs, permitting water to enter easily, roots to penetrate deeply, and air to move in and out freely. The soil is firm enough to hold moisture and make close contact with seeds and roots. It allows excess water to drain through readily but holds a good supply for plants to use between rains and irrigations.

The ideal soil contains much organic matter in various stages of decomposition. It also contains many micro-organisms and small animals such as earthworms, that help decompose the organic matter. In the process, they release nutrients for the new plants.

The ideal soil has proper reaction (acidity, for the plants to be grown.

What can be done about changing your soil to meet the standards of the ideal soil? Out of the six factors that go to make the ideal soil, man can alter four of these on a practical and commercial scale. You can do little to change the depth and texture of the soil, but through the use of fertilizer and lime, we can do much toward creating the ideal soil.

Adding lime to the soil when needed enables soil organisms to have a favorable acidity level in which they may live. When the soil has an adequate and balanced supply of nutrients along with the proper acidity, it becomes possible to produce more organic matter by accelerated growth.

Where there is an abundance of organic matter, micro-organisms and the animal life of the soil have plenty of food on which they may thrive. Micro-organisms and animal life partially decompose the organic matter. The partially decomposed materials that make up humus produce stable granular structure in the soil. Since the organic matter in the soil is constantly being broken

down, new supplies must be added regularly to maintain life in the soil.

The basic guide to management of soils is the National Cooperative Soil Survey. The survey is made by a scientist who walks over the land and studies the soils, vegetation, and features of the landscape. With his knowledge of the soil make up and soil behavior, he classifies the different kinds of soils and records boundaries on a map. This map survey is made available through the Soil Conservation Service.

The few irrigation wells that have been drilled in the Hico area the past year has proven there is plenty of good water available ranging in depths of 175 to 350 feet.

The developing of irrigation wells surrounding Hico promises to be more valuable to the farmer and rancher than irrigation projects on the high plains.

have had dark days with weather for the past several days. We hope the weather will soon and gives us a little sunshine.

mentioned in last weeks that the former L. J. Wood had been moved out and since learned that it had only moved a short distance down Gum Branch road to the Berkley place which the buying the Wood place had purchased. The house has remodeled and some additions.

learn with deep regret Tuesday that Mr. and Mrs. Marvin Porch had sold their dwelling in to be moved. We understand purchased by a Mr. Tom of Hamilton and will be there. The Porterfields are getting for other property. We very much to lose them but for them the best of luck whatever decision they make.

P. L. Cox spent last Sun- weekend in Robert Lee visit- ing the home of her daughter, Thelma Mauldin and family, was accompanied by her son, Mr. and Mrs. Troy Mc- Jonesboro. While there daughter gave a luncheon in honor at which twenty-two attended including grand-

children and great-grandchildren. Mr. and Mrs. T. A. Davis and Jimmy of Iredell and Mr. and Mrs. Laymon Newton, Michael, Phillip and Stanley of Rochester visited during the weekend with their parents, Mr. and Mrs. J. H. Davis.

Mr. and Mrs. D. E. Allison and their daughter, Mrs. Wayne Pittman and children, Karen and Kay of Stephenville visited Sunday in the home of their sister and aunt, Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice. Other visitors in the home Sunday were Mr. and Mrs. Texie Allison, Kelley and Dana of near Dublin who also visited her parents, Mr. and Mrs. Garlon Streater and Keith of Lanham, Mr. and Mrs. Ray Turner and Keith of Killen, who also visited his parents, Mr. and Mrs. Willie Turner and Bernice, and this scribe was a luncheon guest of the Sellers Sunday and also visited in the home on our return from singing Sunday afternoon, to be with the Allison and other guests.

Mr. and Mrs. Arvin McDonald of Lorena visited Sunday in the home of his mother, Mrs. P. L. Cox and Mr. Cox. Other visitors were Mr. and Mrs. O. W. Hefner of Hico.

Mr. and Mrs. Darrel Allison of Dublin were recent guests in the

home of his aunt, Mr and Mrs. Carl Ray Sellers and family, but we goofed again and overlooked making mention of it last week.

Mrs. Jessie Edwards of Hico visited in the home of her daughter, Mr. and Mrs. Oran Willeford and Della last week.

Mr. and Mrs. Ray Bodkin, Tammy and Patsy of Killen visited during the weekend with her parents, Mr. and Mrs. Willie Turner and Bernice.

We leave through our grandson, Darrel Allison of Dublin that they received in that area severe damage from hail. Also one news correspondent from Lone Oak community said that their new home would have to be completely re-roofed, and window and door screens were ruined with window panes broken and even the glass covers over the electric meters were broken at their home, and also of neighbors. The neighbors roof was eaten in holes, fist size, from one side to the other. We were enroute home from Brady that afternoon and had reached Hamilton about the time the hail hit but little did we realize we were within twenty-five or thirty miles of such a disastrous hail.

We have been very fortunate here regarding hail storms but of course we realize one could hit us anytime.

Birthdates for April which we have are April 1, Mrs. Lloyd Bolstad of Houston, Rev. Dennis Harris, Hamilton, April twelfth; also this scribe and our twin (in age) Mrs. Jessie Connally of Hico, April twelfth; Cliff Tinkle, Hamilton, April 19; Mrs. Verna Brummett, Alhambra, Calif, April 13; Mrs. Wayne Pittman, Stephenville, April twenty-eighth; Keith Turner, Killen, April 16, and Prentis Newman, April twenty-third. Wishing all a happy birthday.

Mr. and Mrs. Truett Turner and Bobby and another son and wife, Mr. and Mrs. Dickie Turner of Fort Worth visited during the weekend with her parents, Mr. and Mrs. T. R. Parks.

Working of lots at the Cemetery was almost completed prior to the misty weather. It all looks very nice. We regret however that we had to leave a few unsupported lots. We will be glad to give information on condition of your lot if you will call. If you live away and wish floral decorations put out any time we also will do this and make no charge. We received a letter recently from Mrs. Minnie Stanley of Dallas, sister of the late Mrs. Emma (Fort) Ogle, sending us money to get flowers for the Ogle lot. We put these out Saturday and had also put out an artificial flower arrangement for her Christmas, and we have also put out floral arrangements for the children of the late Mr. and Mrs. Hugh Fort, who resident in Calif.

Good Friday, April 16, date for our annual cemetery working, is fast approaching. Although we don't have large attendance like we used to, we hope all who can will try to come and be with us. We will be giving more information next week.

We would like to make identification of a grave located just west of the graves of the late Mr. and Mrs. Albert Barbee. The cemetery map list this grave marked, but un-named. It is located on the north portion of Row No. 8 of the

center section and is a full-length mound. If anyone can give us any information in regard to this we will certainly appreciate it. We had always thought this was the grave of Ben Arnold, as we remember attending his funeral, but after checking the records we see the grave of Mr. Arnold and his son, Fletcher, are listed as being just south of that of Mrs. R. W. Talwell, the former Vera Arnold. We hope someone can give us some information on the identity of this grave.

The writer attended singing at Rock Church near Hamilton Sunday. Due to inclement weather only twelve or 14 attended but we had a good song service.

The first Sunday singing at Pioneer Hall has been changed. They will meet on the fifth Sundays in the future.

Mr. and Mrs. J. T. Jackson spent last Thursday and Friday at Dallas with their daughter and husband, Mr. and Mrs. Louis Abel. Louis is a patient in the VA Hospital there and wasn't doing well at that time. We hope he is much better.

Our sincere thanks for the following recent donations for care of cemetery lots: Mrs. R. M. Hawshe, Hico \$2 on Will Green lot; Rob Hutton \$5; Mrs. A. J. Miller \$5, sent in by her son, Milford of Fort Worth. All these lots were worked and graves mounded early last week.

Mr. and Mrs. Lee Prater spent Sunday in Fort Worth visiting in the home of their daughter and family, Mr. and Mrs. Carl Wiese and children. They celebrated the birthdate of another daughter, Miss Sue Prater of Fort Worth. Her birthdate was Sunday. They were met there by the rest of their children and families, Mr. and Mrs. Royce Prater, Scottie and Beverly of Haltom City and Mr. and Mrs. Bill Morin and children of Waco.

Farmers got very little work accomplished before the misty weather began and many would also like to do some gardening and yard work.

Mr. and Mrs. Don Barnett and two children of Paducah and Sandra and Larue Gardner of Fort Worth visited during the weekend with their parents, Mr. and Mrs. Winfred Gardner and Randy. Mr.

J. T. Depfy of Fort Worth was also a guest in the Gardner home. Mr. and Mrs. Water Abel visited recently in Dallas with their son, Charles and family, and at the VA Hospital with Louis Abel.

Thanks to the many who have called us or met us personally and praised our newsletter and insisted we keep it coming. We were sorry to learn of the passing of Mrs. Hettie Elkins of Stephenville. She was the mother of Mrs. Wallace Haile who was lunchroom supervisor at the Fairy school for several years. Mr. and Mrs. Carl Sellers and the writer were in Hico Tuesday afternoon to attend the funeral.

Winners at the Hamilton Stock Show from the Fairy area were Donald Jones who received second & 4th places on a cow and calf and Jimmy Don Sellers who won first and reserve champion on a junior ram. His senior ram won 2nd, and he placed fourth in the junior ewe division. He also placed fifth on broilers.

"EVERYTHING TO BUILD ANYTHING"

The Mirror

PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL

This week we would like to recognize two groups who have given honor to Hico High over the past year. They are the Four Dimensions and the Charms.

The Charms is a group of girls composed of Kay Jackson, Linda Duncan and Linda Jaggars. Their beautiful voices have been heard in many special occasions. They did a real swell job at the recent athletic banquet, and this Friday night they will sing at a dance at Tarleton. We want them to know how proud we are of them and we wish them much luck and success.

The Four Dimensions is a group of Hico boys composed of Alan Royal, Drewford Barnett, Morgan Leeth and James Mayfield. Alan and Drewford play electric guitars, Morgan plays the bass fiddle and James is on the drums. They also entertained at the athletic banquet and the dance afterwards, and they will play at the Tarleton dance this Friday night. They do a real fine job and Hico High is very proud of them.

CELEBRITY OF THE WEEK

The celebrity this week is a cute senior girl, who is a great fan of Texas U. Besides being the Mirror staff editor, she was chosen best-dressed and participates in both basketball and volleyball.

She can be seen during the week with a number of girls, but on weekends she is found with her five love, A.K.A. This girl is very talented and will make some man a wonderful wife. Besides being an expert seamstress she is a very good cook. She won third and first in a baking contest last week.

By now everyone knows who the celebrity is, but for the few who aren't sure, it is Sharon Howard.

INTERSCHOLASTIC LEAGUE

Examinations are being held this week in all fields of Interscholastic League activity. Daily four contests can be entered without local tryouts because of increased amount of interest shown by students. These contests are one-act play, extemporaneous speaking, persuasive speaking, and debate.

Entered are Jacks Gilliland and Cathy Cray in extemporaneous speaking; Connie Bulloch in persuasive speaking, and Lynn Melson and James Ransdale in debate.

Contests were held Tuesday afternoon in prose reading and poetry interpretation. Dorothy Gray, Mary Weston and Cherry Ramage tried out for the girls division in prose, and Leslie Royal and Dwan Gray in boys division in poetry interpretation. Barbara Casey, Kay Jackson, Dwan Fall and Edmund Hester will try out.

On Wednesday of last week 2

people tried out for ready-writing, but results have not been announced. They were Alma Horgan, Lee Ann Shepherd, Kay Tostoy, Donna Meador and Charles Erick.

Spelling tryouts were held Tuesday with Brenda Kennedy, Kathy Power, Richard Leeth, Alan Royal and Danny Jenkins taking part.

Number sense contestants will be Mike Reeves, Danny Jenkins, Lynn Redden and James Ransdale, while in slide rule, contestants will be Connie Bulloch, Drewford Barnett, Ronnie Heber, Cherry Ramage and Paul Lane.

PIA HEAD

The Hico PIA Chapter elected their head for this year. He was given a gold identification bracelet by the chapter.

He is a senior student, and has a great personality. He plays almost every brass instrument in the band and is now learning to play more of them. He is about six feet tall and has dark brown hair and brown eyes. He also plays the bass fiddle with the Four Dimensions. He can be seen riding around with Gary White.

If by you haven't guessed who our head for the year 1964-65, it is none other than Morgan Leeth.

JUNIOR JANTS

Linda D. what's cooking? Is an old flame burning brightly again?

Dianne J. has decided if you can't beat 'em, join 'em, so she's decided to go with an out of town boy. Now, people can call you the three musketeers. In the other two have trademarks on their necks like the one you have on your?

Paige D. why is it you're such pals with the Freshman girls? Money, honey?

Francis L. doesn't have any trouble driving her car, but when she stops and leaves it, she forgets where it is. Mixed up? So is she.

Lynn M. do you really like to see every show three times? What do you do, memorize the dialogue?

Lee E. your sister may be on television soon, a program called "The Get a Secret". Better start guessing. As of now, you are the only parent, but then, there's always tomorrow.

Denna M. is getting very nifty with a needle and thread. Congratulations on winning the contest at Hamilton.

"Whatever happened to the melted wax?" is the question that puzzles Lynn E.'s brain. She just doesn't believe Johnny really threw it out the window.

SENIOR NEWS

Kay Jackson, why don't you and Mr. Barnett let history class in on your private jokes?

These days you see Dorothy

His granddaughters FOUGHT to attend Blair's SPECTACULAR

ELLEN and CATHERINE

Even though we have moved, we are Hicoans. THE UNSWITCHABLES ALL THE WAY. Especially after the royal treatment the citizens of this area displayed at Aunt Louise's and Pop's BIG SALE last Saturday!

Blair's Hardware & Sporting Goods

Gray sewing in study hall. It is real cute Dorothy.

Sandens Hoke is in study hall talking about what Sandens?

Cheryl Baily has uncovered one of her special traits. It is none other than writing poems for English class. What did you make on it, Cheryl?

I'm sure it just happened that last week Elizabeth Stramer and Louis Marce were absent on the same day. Please tell us what's up.

The seniors are all looking forward to graduation and I don't far away, because long we will have to rush on the last minute details before school is out.

James Randall, have you taken up the habit of talking loud or is it just when you are practicing for the play?

Recall Greece, please don't eat too much spinach before you come to school next week. The reason is so maybe you won't hit the volleyball so hard during our lunch period next week.

The class is glad to see Connie Bulloch back at school this week. She was absent most of last week with some trouble.

Ronnie Barton and his pals are getting rich winning money at all the stock shows. Must be some pig too.

James Crews and James Johnson are going to Science Fair at Waco Friday. Good luck.

The senior class has two redheads in the room. They are Linda Little and Linda Jaggars.

Larry Sappan, what happened to your finger? Did Sandens bite it? Remember, you must tell the truth.

One certain boy and girl in the class had better be more careful of what they say in study hall. Congratulations to all the senior girls who placed with their cooking at the Hamilton show Friday.

Alma Horgan got a beautiful wrist watch for graduation over the weekend.

Building, Remodeling, Moving, In Spotlight Here Past Few Weeks

The past few weeks have marked many residential building new homes, purchasing, remodeling and moving, as well as improvement in the business section.

Mr. and Mrs. Jake McClammy and girls have purchased the former Jerry Lackey place and have moved there.

Mr. and Mrs. Aubrey Gibson of Carleton, recently moved to the Bernard Ogilvie home, vacated by Dr. and Mrs. Charles Jayton who purchased the former H. N. Wolfe home.

Mr. and Mrs. Jess Smith have purchased the Trimmer house and will move there as soon as complete renovation is finished.

Mr. and Mrs. D. D. Montgomery have moved to Hico from Iredell and are residing in the new home built recently by Trust Blackburn.

Mr. and Mrs. E. V. Meador recently moved to their newly completed home.

The John Pitts farm south of Hico was recently sold to Mr. and Mrs. Gordon Kuhns and they have moved here from Midland.

Jess Smith M&M Station is displaying a new paint job and other improvements.

The former Guyton home purchased last year by Dennis Pierce, was sold recently to Mrs. Demp Smith and was moved directly south of its former location, undergoing remodeling.

A new home located north of city water works is in the completion stages by Frank Lindsey.

New storage facilities are being built at Hico City Hospital, in preparation of an extensive improvement program there.

Several other building and remodeling projects are planned for this spring.

Now... we offer you Purina CHECK-R-MIX SERVICE to help you make more money from your grain.

We have expanded our facilities and can now offer farmers in this area exclusive Purina Check-R-Mixing.

You can run your farm with less labor and get more money for your grain by taking advantage of these three important services:

GRAIN BANKING: Just bring your grain to us where it will be weighed, tested, graded, and safely stored in our grain bank until you need it.

CHECK-R-MIXING: When you're ready to have your grain ground and mixed with a Purina Concentrate, call us. We can build a "just right" balanced ration according to the weight or age of birds or animals you're feeding.

BULK DELIVERY: As soon as your ration is ground and mixed, we'll bring it out to your farm in our bulk truck and auger it directly into your bins or feeders, saving you money, time and labor.

Old Building at Fort Richardson by E. M. Schiwek

FORT RICHARDSON

... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts... here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jackshoro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same... best expressed by the soldiers themselves, "a long time between paydays."

BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U.S. Savings Bonds program you can take care of this situation quickly and effectively. For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments. Buy U.S. Savings Bonds every payday automatically through the payroll savings plan.

Tea Shower Honors Miss Jane Akin in Grady Hooper Home

Miss Jane Akin, bride-elect of Don Jernigan, was honored with a tea shower Saturday, March 27 in the home of Mrs. Grady Hooper. Co-hostesses for the courtesy were Mrs. L. J. Chaney, Mrs. R. E. Jackson, Mrs. E. H. Rands Jr., Mrs. Wayne Rutledge and Mrs. J. B. Wooton.

Guests were received by the honoree, her mother, Mrs. N. N. Akin, mother of the future bridegroom, Mrs. Bernell Jernigan, and grandmother of the honoree, Mrs. H. A. Warren Sr.

Mrs. Eddie Mote registered the guests at a small table graced with a miniature cut glass basket of yellow and white daisies.

The entrance hall and other entertaining rooms were decorated with flower arrangements of the bride's chosen colors of yellow and white.

Co-hostesses alternated in the gift rooms.

The bride's table was laid with a yellow organdy cloth and centered with an arrangement of yellow and white daisies in a large cut glass basket. Cut glass and silver appointments completed the table setting, from which Mrs. Jan Daehert, sister of the bride-elect served cake, and Mrs. Leon Bernard, sister of the future bridegroom, served punch.

Approximately 200 guests called or sent gifts during the appointed hours of three to five o'clock.

Mrs. Rands Hostess At Party for Thursday Bridge Club Members

The home of Mrs. T. A. Rands was the scene of a bridge party Thursday of last week when she entertained members and a guest of her club.

The hostess served refreshments of cake and sherbet during the afternoon.

Mrs. Ellis Rands was a guest of the club, and members present included Mrs. Mae Bates, Mrs. C. H. Boyd, Mrs. Bill Boyd, Mrs. J. W. Fahey, Mrs. P. W. Hamilton, Mrs. Nadine Creath and Mrs. E. H. Rands.

Following bridge play, Mrs. Bill Boyd was winner of high score and Mrs. Creath won second high.

Weekend visitors in the home of Mr. and Mrs. Ellis Adcock were Mrs. Ila Hamilton and Butch of Holliday, Mr. and Mrs. Eddie Maxwell and son and Mr. and Mrs. Wiedle Bullard and daughters, all of Holliday.

El Paso Services Held For Weldon Stromberg

Weldon B. Stromberg passed away in a hospital at El Paso Saturday, March 28 from an illness of some one year duration. He was 58 years of age. Born in Lockhart, Mr. Stromberg was employed by the U.S. Government in Nogales, Arizona and at El Paso for 30 years.

Final rites were conducted at El Paso Tuesday. He is survived by his wife, the former Vincee Jane Laney of Hico; two sons, John C. of El Paso and Edward of Baton Rouge, La.

Mrs. H. H. Ramage of Hico and Mrs. G. O. Ferguson of Stephenville are sisters of Mrs. Stromberg.

Garden Club Meet Set Friday, April 9th

All members are urged to attend.

WSCS Members Conclude Study on 'Spanish Americans'

The Woman's Society of Christian Service met Monday in Fellowship Hall of First Methodist Church for the conclusion of the study, "Spanish Americans," under the direction of Mrs. B. C. Dayton.

Mrs. George Loden presided over a short business meeting, followed by the program.

Assisting Mrs. Dayton was Mrs. Morse Ross, who presented information about the Lydia Patterson Institute of El Paso.

Mrs. Dayton dismissed the group with prayer.

Next meeting will be April 12 when members meet in the home of Mrs. Hord Rands.

Present were Mrs. Dayton, Mrs. Loden, Mrs. Ross, Mrs. John Rusk, Mrs. Otis Brown, Mrs. Edgar Elliott, Mrs. Ellis Rands, Mrs. W. F. Hafer and Mrs. Lee Partain.

Local Chapter Will Observe National FHA Week April 4-10

Hico Future Homemakers of America will be even busier than usual from April 4 to 10th. That is the week the half million members of this national youth organization observes National FHA Week.

The FHA Chapter at Hico has scheduled a number of activities for the week, according to Mrs. Marilyn Johanson, advisor. The group will hold its regular monthly meeting with Mrs. Lyndale Palmer of Lone Star Gas Co. presenting the program, "Careers in Home Economics." Also at the beginning of the week the group will attend church in a body at the Church of Christ Sunday morning.

Future Homemakers are home economics students in junior and senior high schools. The organization, founded 20 years ago, states as its Creed:

"We face the future with warm courage and high hope. For we are the builders of homes . . . for America's future. Homes where living will be the expression of everything that is good and fair. Homes where truth and love and security and faith will be realities, not dreams."

A national program of work guides the activities of individual FHA Chapters and members. Projects on this year's program are: You and Your Values; Focus on Family Friendship; Marriage Calls for Preparation; Stay in School; and Action for Citizenship.

All projects, Mrs. Johanson stated, further FHA's overall goal, which is to help individuals improve personal, family and community living.

Future Homemakers of America is sponsored by the U.S. Office of Education and America Home Economics Association, but receives its financial support from the dues of members.

Mrs. Chris McFarland and Mrs. Letha Cornelius of Hamilton visited Tuesday with Mrs. Virgil Holloway.

Weekend guests in the D. O. Chew home were Mrs. Celesta Mosire and girls, Colleen and Deedra Scott of Abilene, Mr. and Mrs. Alfred Eubanks and sons and J. L. Dillard of Irving, Mr. and Mrs. Tommy Chek of Eastland and Mr. and Mrs. Bill Eubanks of Carlton. Mrs. Chew's mother, Mrs. Birta Taylor of San Angelo is visiting here at this time.

Guests in the Don Madison home recently were their daughter and family, Mr. and Mrs. Gall Johnson of Brownwood and some friends, Mr. and Mrs. Paul Stalling of Blanket.

Mr. and Mrs. J. H. Rodgers visited recently in Copperas Cove with her sister and brother-in-law, Mr. and Mrs. J. W. Krenpahn. They were met there by another sister, Miss Eva Durham of Orange.

Mr. and Mrs. Claud Arnold visited Sunday with Mrs. Minta Henderson of Hamilton. Recent visitors in the Arnold home were Mr. and Mrs. Truitt Arnold of Stephenville.

Cynthia Gray has been ill this week.

Ruth and Estelle Crawford of Hamilton spent the weekend with Jerry Beth and Elaine Merritt.

Several families attended the stock show in Hamilton last Friday and enjoyed seeing all the fine livestock and other exhibits.

Rev. Sam Drake of Hamilton preached for both services Sunday. He was accompanied by Mrs. Drake. He served as pastor of Olin Baptist Church 26 years ago. They were Sunday guests of the Claud Arnolds.

Oran Jo and Jessie Pool of Odessa spent the weekend with their mother, Mrs. J. E. Pool.

Following is a recent letter from the Bidsoes, former pastor of Olin Baptist Church which will be of interest to many people throughout the Hamilton Co. Baptist Association:

Greetings from Chickasaw! We arrived in Lansing, Ill. on Wed., March 3, after a good visit with family and friends in Arkansas and Indiana. Our trip was not marred by any bad weather, but it began snowing our first night here and has snowed every day since. The snow stops no on-

up here. The snow plows keep the streets clean and safe and folks go merrily on their way.

Much of our time the last several days has been spent in trying to get settled—which we are not, yet. We spent the first night with our pastor then we moved into a kitchenette apartment in a motel in Lansing. We stayed there for six days while our people looked for an apartment for us. Then we moved to an efficiency apartment in a nice building in Harvey, Ill. where we will remain until our living quarters are completed in our church building. Until we move our ph. number is 331-707, Harvey. We will let you know when we get our permanent number. We are already receiving our mail in Homewood, however, and the address is 1853 Ridge Road, Homewood, Ill. Plans now are to begin work on our living quarters sometime the latter part of this week.

There were countless details to be worked out before we could begin using our building. The village board had to meet and approve the use of the building for a dwelling then they had to meet again to approve its use for a church. We also had to meet several times with a group of Christian Scientists because they have a lease to use our building until the first of May. We also have a dancing class and various clubs who will be using the building for several weeks. The Home Mission Board has notified us that our loan to buy the building has been approved so now all we need is for them to send us the money.

In order to be relieved of the heavy rent at the school building where we have been meeting, we began having services in our building on March 14. Sunday School is at 1 p.m. and church at 2:15 p.m. Training Union is at 7 p.m. and church at 8. These times will be effective until the second Sunday in May.

On our first Sunday, March 7, we had 40 in Sunday School with an offering of \$120.00. There were three additions—the two of us and one young man by letter. On March 14 we were down in Sunday school with 23 in attendance and an offering of around \$94.00. But our Training Union attendance on that night was 21, for which we were grateful.

FUNERAL SERVICES HELD TUESDAY FOR W. C. CRANFILL

Funeral services were held for W. C. (Will) Cranfill, 81, at Clair- ette Methodist Church at 2 p.m. Sunday. Rev. A. L. Cronk, pastor, officiated.

Mr. Cranfill passed away in the Dublin Hospital last Friday at 6:35 a.m. He had been ill for some time.

Born December 26, 1884 in Bos- que County, Mr. Cranfill was a retired farmer. He had lived 30 years at Clairette. He was a mem- ber of the Methodist Church.

Survivors are his widow, Mrs. Ruth Cranfill of Clairette; four daughters, Mrs. Zelma Valentine of Three Rivers, Mrs. May Wood of Three Rivers, Mrs. Rita Beights of Dallas and Mrs. Mary Jane Harris of Joplin, Mo.; two sisters, Mrs. Annie Burnette of Ft. Worth and Mrs. Rita Mullins of Fort Worth; twelve grandchildren and 21 great-grandchildren.

Two special hymns were sung, one by Mrs. A. L. Cronk and one by the Martin sisters, Rebecca and Mary Beth, accompanied by Mrs. Chester Martin at the piano. Burial was in Clairette Ceme- tery under direction of Barrow- Rutledge Funeral Home. We ex- tend sympathy.

Several have asked if I was sick last week as they failed to see my column in the News Review. I wasn't ill, and perhaps the news will be printed this week.

Well, March is about past and it has been the coldest March that many have seen. The old saying, March came in like a Lion and will go out like a lamb. The days are getting some longer, and we hope spring is just around the corner.

Mrs. Etta Whiteside and Charlie Dowdy met her son and wife, the Jack Whitesides of Seminole at Brownwood Sunday and spent the day with them.

Regular first Sunday services will be this week at 11 a.m. Sunday School is at 10 a.m. at the Methodist Church.

Mrs. H. K. Self spent from Friday until Sunday in Fort Worth with her son, Melvin Self and family.

Doane Martin of Texas Tech is visiting his parents and sisters, Mr. and Mrs. Chester Martin, Re-becca and Mary Beth this week.

Rev. and Mrs. A. L. Cronk and children attended the ministers meeting and covered dish supper at Clifton Friday night.

There will be a singing at Pleas- ant Hill Church Thursday night, April 8 at 7:30. Everyone is in- vited.

Everyone is invited to the Easter Sunrise service at Pleasant Hill Methodist Church. Bring your breakfast with you to cook in the fellowship hall after services.

Mr. and Mrs. Gerald Wolfe and Jerry and his friend from Rich- ards visited Sunday with Mr. and Mrs. J. R. Wolfe.

Mr. and Mrs. J. O. Noland vis- ited with Mr. and Mrs. Iris Noland at Selden Sunday afternoon.

Sunday visitors in the L. W. Hoffpouir home were Mr. and Mrs. Leonard Hoffpouir of Mart, Frank McAnally and sons of Fort Worth, Mr. and Mrs. Freeman McAnally and family of San Angelo, and Mrs. Gage McAnally and daughter of Dublin.

Several from this area attend- ed the annual REA meeting in Stephenville last Tuesday. Charlie Dowdy was the only lucky person from Clairette. He won a prize of \$5 certificate on his electric bills, and this meeting was the first he ever attended.

Mrs. H. S. Manning and two children of Huntsville, Alabama, have visited several days with her parents, Mr. and Mrs. Lee Part- in.

Mrs. J. O. Noland visited a few days last week with her children in Weatherford.

The Busy Bee Club met Thurs- day from two to 4 p.m. with Mrs. Bunnie Alexander. During the busi- ness session officers were elect- ed for another year, as follows: President, Mrs. Arvy Dowdy, vice- President, Mrs. Maida Christian, secretary, Mrs. Lucille Mayfield, treasurer, Mrs. Myrtle Thompson, food chairman, Mrs. Donna Wolfe, entertainment chairman, Eunice Lee.

The club will observe its 31st anniversary this month.

Members enjoyed two contest games, with prizes going to Mrs. Maida Christian and Mrs. Zenith Johnson.

and cake to the members. Next meeting will be with Mrs. Maida Christian on April 1st.

We were sorry to hear of Dwain Wolfe of Fresno, Calif. being in a car accident recently, and glad he was not seriously injured. He was reared pretty close to this news reporter's home, and the son of Mr. and Mrs. J. R. Wolfe. We all wish for him a speedy recov- ery.

The cold wave that hit here last Thursday night left us with plenty of ice Friday and Saturday morn- ings. I noticed my English pea vines were killed.

Mrs. Henry Mayfield and Her- man Roberson received a message recently that their brother, Tom B. Roberson of Haskell had been ill several days in a hospital there. At last report he had been moved from Haskell to a hospital in Abilene, and was very ill. Mrs. Mayfield, Mr. Roberson and son, Franklin of Hico and Mrs. Cleone Salmon of Stephenville went to Abilene Sunday to visit their brother.

Mr. and Mrs. James McCracken and Richard Lee of Killeen vis- ited during the weekend with her mother, Mrs. Zena Havens.

Mr. and Mrs. Earl Medford of Crawford visited Sunday with Mrs. H. K. Self.

CARLTON SOLDIER RECEIVES PROMOTION

Fort Pork, La.—Harold G. Sharp son of Mr. and Mrs. Sam C. Sharp of Carlton, received an early pro- motion to Army pay grade pri- vate E-2 following successful completion of basic combat train- ing at Fort Polk March 20.

Sharp was awarded the promo- tion two months earlier than is customary because of his pro- ficiency in firing the M-14 rifle, his high score on the physical combat proficiency test and his

military bearing and leadership capabilities. The early promotion program is the result of a new Department of the Army policy to recognize and provide incentive to outstand- ing trainees.

Sharp is a 1957 graduate of Carlton High School and was em- ployed by Central Freight in Fort Worth before entering the army.

Funeral Services Held Tuesday, March 30, For Mrs. Hettie Elkins

Mrs. Hettie Elizabeth Elkins of Stephenville passed away Monday of this week in Hico City Hospital at the age of 76. She was born Dec. 21, 1888 in Culman, Ala. and had made her home in Stephenville for the past 13 years. She was a longtime resident of Duffau and a member of the Duffau Baptist Church. Her husband, John Marion Elkins, preceded her in death November 25, 1931.

Funeral services were held Tuesday at 2:30 p.m. in Hico First Baptist Church, Rev. John Miller and Rev. R. E. Tatum officiated, with burial in Hico Cemetery under direction of Barrow-Rutledge.

Survivors are two daughters, Mrs. Adena Hall of Hico and Mrs. Irma Holder of Fort Worth, three sons, E. E. Elkins of Ft. Worth, Marvin Elkins of Los Angeles, Cal. and Johnnie Elkins of Abilene; four sisters, Mrs. Mebra Green and Mrs. Dottie Brauer of Stephenville, Mrs. Martha Nachtigall of Mingus and Mrs. Luis Hall of Sacramento, Cal.; four brothers, Jim, Will and John Land of Hico, and Cal Land of Dallas; 18 grandchildren and twenty-two great-grandchildren.

pallbearers were the following grandsons, Don Hall, Danny Hall, Max Hall, Phil Elkins, Kenneth Holder and Dean Elkins.

Texas forests provide Texans with many products for everyday living such as lumber, paper, chemicals, and plastics. They also provide many opportunities for recreation: as a place to hunt, fish, bird watch, or just enjoy the out-of-doors at a picnic.

More than 41,000 Texans work in Texas' forests and mills to produce an annual payroll of \$138 million and products worth \$500 million per year.

The Texas Forest Service, now celebrating its Golden Anniversary, is dedicated to the perpetuation, protection and utilization of this natural resource.

The following sponsors salute the Texas Forest Service on its 50 years of service to forestry in Texas.

Henderson Herd Recently Classified

The Registered Brown Swiss dairy herd owned by Ronnie Henderson was officially classified recently by an official classifying judge from the Brown Swiss Cattle Breeders Association, Beloit, Wisconsin.

Type classification, like production testing, is one of the official programs of herd improvement of the National Brown Swiss Association. Classifications helps a breeder get the answers about the type of each animal in his herd just as production testing gives him the answers concerning the producing ability of each cow in the herd.

In the Henderson herd the judge rated two cows excellent, the highest classification possible; five very good; 3 good plus; and one good.

Hamlin Rites Held For Former Resident

Funeral services were held Mar. 29 in Hamlin First Baptist Church for Luther Haught, who passed away Wednesday of last week in

a Hamlin hospital following a long illness. Burial was at Hamlin.

Mr. Haught was born Dec. 20 1890 at Iredell, where he was raised, and later was married to Miss Nellie Lester. The retired cement contractor had made his home in Hamlin for many years.

Survivors include his widow; a daughter, Mrs. Delmer Hill; four sons, Albert, Junior, Terry and Aubrey, all of Hamlin; several grandchildren; three sisters, Mrs. R. M. Hanshaw of Hico, Mrs. M. D. Grisham of Los Cruces, N.M., and Mrs. Fred Jackson of Wichita Falls; and two brothers, H. D. Haught of Iredell and M. H. Haught of Pampa.

BOWLING ALONG...

By EUTH SALMON League Secretary

First National Bank, holder of second place last week, dropped an 8-4 decision to Hico Motor Co. with Harold Walker rapping a 214 game, 148 series.

News Review downed Parks Orphans 4-0 with Sarah Reeves counting pins for a 303-422.

Paul Hamilton was trying real hard for the Rebels to win more than one point as he blasted a 223-544, but the Bowl Weevils were too strong and won three points with Jack Goodman getting a 213-

556. Check Furniture and F-W Ranch split as Glenn Ross fumbled into a 322. George Kilgus, substiting for F-W Ranch, notched a 209-302.

Monette Dove topped the scoring for the women with a 225-963, as Morse Ross led the men with a 563 bringing Salmons a 2-1 decision over Judy's, but the games were close as Pete Keller had a 311 series and Bill Hafer had a 342 game.

Top scorers were Monette Dove 963, Pat Ross 494, Mary Goodman 477, Ruth Salmon 455 and June Roberson 451. Morse Ross 563, Jack Goodman 556, Harold Walker 544, Paul Hamilton 544 and Glenn Ross 522.

Schedule for this week finds First National and the Rebels on lanes 1 and 2, Cheeks and Judy's on 3 and 4, Orphans and Weevils on five and six. Salmons and News Review on 7 and 8 and Hico Motors and F-W Ranch on 9 and 10.

Table with 2 columns: Team, Standings. Rows include Salmon Shoppers, News Review, Bowl Weevils, Hico Motors, First National, Judy's Beauties, Check Klappins, F-W Ranch, Parks Orphans, The Rebels.

Hico City Tournament Fourth annual Hico City Tournament will be staged at Texas Bowl April 9, 10, and 11. Entry deadline has been established for next Thursday, April 8.

Both singles and doubles in women's and men's divisions will be staged. Entry fee for each event is \$1.00, with \$1.00 for bowling and \$1.00 for trophy fund.
