### OUR TOWN:

Are like people: they need someone to love them, someone who cares.

We use our towns, abuse them, impose on them, crowd them, stretch them, tear at them and worst of all, ignore them.

from them and seldom put anything back. Seldom care.

town needs that little knot of people who are concerned about people who are concerned about the way it looks, how it works; who care for its history and who respect its spirit; who understand its nature and character.

town needs architects and artists, the historians and teachers, the bankers and businessmen who will put into their towns the care that will make their community vital and beautiful.

don't you care?

and bunting going up in this week serves as further reminder that it is less than two weeks until Reunion time. And we are planning to be with us for the four days. Most plans are complete for the four-day and everything points to an successful affair. Any way look at it, people look forward to the celebration each and each of us residing here use this once-a-year program to further show our visit that they are really welcome, and it is reunion time or any time of the year.

trouble in Cedar Hill at 9:30 can create some anxious moments especially if you are rushing to catch an 11 p.m. flight out of Love Field.

is the predicament that we caught in last Saturday when taking daughter Denna to Dallas to catch a flight to Philadelphia with 49 other teenagers from Texas to attend the annual FHA Convention.

there is always someone who come to your rescue just when things seem hopeless. It is said to us.

er several trying minutes it was obvious that it was impossible to have a burned-out generator repaired in Cedar Hill, so the old memory and affection to the fullest, we returned that Mr. and Mrs. H. R. Bear, who formerly operated the Bear and a drive-in grocery store, might still be living there. Telephone call verified this, the Bakers, being still the fine people that they were residing here, bid farewell to visitors, hopped in their car, whisked us to Love Field in a matter of time.

ness to say, their kindness some rather anxious moments and we shall be eternally grateful to these ex-Hico residents someday just might move into our midst.

## Youth Training Program Being Considered for Hamilton County

Consideration is being given to the possibility of establishing a Neighborhood Youth Corps or Work Training Program in the schools of Hamilton County, according to W. B. McPherson, Jr., County School Superintendent.

This would be a part-time employment of school age youth 16 to 21. It is requested that all youth, both boys and girls, in this age group who are interested in part-time employment for the coming year to indicate their desire by completing a form at the office of the local school superintendent or the county superintendent.

Completion of this form needs to be done now so that the superintendent can see if there is sufficient interest to justify the establishment of the program. Contact should be made with school officials immediately.

## Programs For Reunion Completed This Week

### Miss Reunion Contest Draws 33 Entries

Through Wednesday noon, 33 contestants had been entered in the annual Miss Reunion Contest, to be held Friday evening, July 30 at Hico City Park.

Co-chairmen Mrs. Von Scott and Mrs. J. D. Partain said that five more sponsors had indicated that they would have an entry in before the deadline.

Deadline is Friday, July 16, and out of necessity of having enlargements, reductions, and engravings made, the News Review needs the pictures not later than noon that day.

A complete list of entries, along with pictures of the contestants, will be published next week.

Reunion Manager Ray Keller this week completed programming for the four nights of the annual celebration, set to begin Wednesday, July 28.

According to the manager, opening night, Wednesday, will feature Don Foley's Westerners, a string band with a reputation for producing good, wholesome entertainment.

Something new has been added for the Thursday night program, when Keller signed "The Continentals," a Beattle rock and roll type band from Fort Worth. The group comes to Hico highly recommended, having appeared on

several television and radio programs, and can produce entertainment for both the young at heart and the oldsters too.

Friday night will feature the annual Miss Reunion Contest, and at mid-week, the entry list stood at 33 hopefuls ready to vie for the title of Junior Miss Reunion and Senior Miss Reunion.

Saturday night will feature the traditional Old Fiddlers Contest, and Keller said that entries already in insured a large group of fiddlers for the show.

### Booster Trip

The manager is planning a booster trip for Saturday, July 24 to neighboring towns to further publicize the affair. A tentative route listed by Keller is as follows: Dublin, Stephenville, Tolar, Bluff Dale, Glen Rose, Walnut Springs, Meridian, Cranfills Gap, Hamilton, Carlton, back to Hico and on to Iredell, returning to Hico for a street show later that afternoon if time allows.

The caravan will form at City Hall at 8 a.m., and Keller has asked that as many merchants and individuals as possible go along on the trip.

### Parade Shaping Up

The annual parade, set for 6 p.m. Wednesday afternoon, is also shaping up, with many businesses and organizations already at work making floats. Mrs. Fred Rainwater and Bill Doty are co-chairmen of the parade.

## Fairy Community News

By MRS. EUNICE DANIEL

A pall of sadness fell over this and surrounding communities at noon Saturday when word was received that W. E. (Bogue) Cunningham had passed away at Harris Hospital in Fort Worth. He had been in declining health for the past several years but continued to try to operate his farm until this spring when he realized he would have to quit. He sold his crop and his wife purchased the Marvin Porterfield residence in Fairy and had moved there only a few weeks ago.

He was born to the late George and Milbrey Cunningham in the east edge of Hamilton County on July 1, 1889, who were the parents of six sons and six daughters. He had spent most of his life in the Fairy community and received his education in the Fairy school, having been an acquaintance and schoolmate of the writer 61 years ago. In early manhood he was married to Miss Ruth Tooley of

near Olin. To their union five daughters were born, the first little Jamie Nell passed away in May 1918 at the age of 18 months, and the second, little Ruth Louise, who died in 1922 at the age of 3 months. Daughters surviving are Mrs. Walter (Katherine) Prinz of Fort Worth, Mrs. Bob (Nelda) Fredrick of Venus and Mrs. Glenn (Sherry) Arrant of Fort Worth. Grandchildren surviving are Karen and Karol Prinz, and Shyria, Brent and Lesa Ruth Arrant, all of Fort Worth, and one foster grandchild, Glenn Penny of Venus. He is also survived by his wife and two brothers, J. B. (Ben) of Fairy and L. S. (Lawton) of Hico.

Funeral services were held at the Hico First Methodist Church at 10 a.m. Monday with Rev. Hubert Taylor, pastor, and Dr. Hayden Edwards, longtime acquaintance of Fort Worth officiating. Burial was in the Fairy Cemetery besides the graves of his little

daughters. Bogue, as he was familiarly known, had been a member of the Masonic Lodge for 52 years, had he lived for three more days. He was a man of many friends and in our 61 years acquaintance we don't recall ever hearing a harm word spoken against him. He was a very devoted husband, father and grandfather. Not only was he devoted to his family, but to his community, church, school and lodge. We feel the loss of our school during the past year shortened his days. He was a sick man and the loss of the school bore greatly on his mind. He had been a member of the Fairy Methodist Church 32 years.

The family had resided on the old Pittman place, now owned by Murry Cole of Fort Worth, for 24 years. He was carried to Ft. Worth July 5 and entered the hospital for treatment and underwent surgery Friday morning, July 9, but all was too much for his frail body and weakened condition. He is now at rest and free from all pain and worries.

Pallbearers were Grady Hooper and J. C. Prater of Hico, D. E. Allison of Stephenville, Wilfred Pitts of Hamilton, Frank Hanes of Pottsville and Dalton Burgess of Venus. Masonic graveside rites were held at the cemetery, with Macon L. Rice of Venus, worshipful master in charge, assisted by Jasper Jenkins of Hamilton, senior warden, Audie Stockton, junior warden, and W. E. Goyne, chaplain. Lodges represented were Fairy, Hico, Clairette, Carleton, Hamilton, Dublin, Venus, DeSota, and Fort Worth. Rev. Wesley Jones of Lanham gave the dismissal prayer. The bountiful floral offering was very beautiful and bore tribute to his memory.

A large crowd attended the services and a procession of more than one and a half miles in length followed the body to its last resting place. May God bless and comfort the bereaved wife and family and other relatives who mourn his passing. He will be greatly missed.

We received word Monday of the death of Mrs. Elsie Wetterman of Casper, Wyoming, who passed away July 2. Funeral serv-

ices and burial were held in Casper Tuesday, July 6. Mrs. Wetterman was the former Miss Elsie Brummitt, daughter of the late Mr. and Mrs. J. W. Brummitt of near Fairy, and spent the first half of her life here and attended church at Fairy. Sympathy is extended to those who mourn her passing.

Mr. and Mrs. Oran Willeford, Delia and Doran spent the weekend sight-seeing at Galveston and other points.

Mr. and Mrs. Carl Ray Sellers, Janice and Jimmie, and Miss Mary Lynn Miller of Hamilton spent Sunday in Killen visiting in the home of the Sellers' daughter, Mr. and Mrs. Ray Turner and Keith. Mr. and Mrs. Carl King were in Ballinger during the weekend to visit his mother and sister, Mrs. Edna King and the Midgleys, and received word of the death of Mr. Cunningham and made their visit short and returned home.

Rev. and Mrs. Val Nance and family and his parents, Mr. and Mrs. Val Nance Sr. visited last Sunday week in the home of Mr. and Mrs. Leslie New. Mrs. Nance's parents, Mr. and Mrs. Taylor attended church at Fairy that day but returned home after lunch at the church.

Mr. and Mrs. Weldon Parks and Becky visited during the weekend with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

Mr. and Mrs. Otto Jordan of Cleburne visited Monday in the home of her brother, Mr. and Mrs. T. R. Parks.

Mr. and Mrs. W. E. Goyne had their daughters and families visiting them during the weekend. Present were Mr. and Mrs. O. E. Overton and family and Mr. and Mrs. Bennie Dowdy and son all of Fort Worth.

Mr. and Mrs. Durwood Brooks, Cathy and Billy of Grand Prairie visited during the weekend with her parents, Mr. and Mrs. Edwin Guinn and Sammie. The children remained for a weeks visit.

The Abel reunion was held at Hico Park Sunday. A good crowd attended including Mrs. Lilla Abel Byrd who has been in ill health for several years. Others were Mr. and Mrs. H. S. Pitts of Stephenville, who are now residents of a nursing home. We would have surely liked to have seen them all. Mr. and Mrs. G. R. Rivers and Jimmy of Salisbury, N.C. have been visiting in the home of her parents, Mr. and Mrs. Walter Abel the past week and attended the family reunion.

Mr. and Mrs. Billy Turner and Rhonda of Killen visited during the weekend in the home of his parents, Mr. and Mrs. Willie Turner.

It is still very hot and dry in this section. Grasslands are firing

up badly and every precaution should be taken by motorists in discarding cigarette or cigar stubs to avoid costly grass fires, also caution should be used in burning trash around homes.

Mowing was completed again at the cemetery last week and some 30 lots worked. Work has been resumed this week to complete the working of all lots under care. Please check your dues and if due, send in your renewal. This will save us much time and expense in having to notify you Mrs. V. R. Leeth of Hico selected a plot for four graves on the east section of the cemetery Monday and handed us a check for \$5 to help out in the care of the cemetery. We

thank her so much.

Mr. and Mrs. Lloyd Bolstad, D'Ann and Glenn of Houston have been visiting since Friday in the home of her parents, Mr. and Mrs. E. M. Hoover. They plan to return home Sunday.

Mrs. Zella Anderson has returned home after an extended visit in the home of her daughter, Mr. and Mrs. Jetty Palmer, and in the home of a granddaughter and family in Alabama. While there they made a sight-seeing trip to Florida.

Raymond Jones was stung by 5 wasp last week which caused considerable pain and required medical attention. He was stung on the back of his neck which caused a

swelling in his chest. He is some better at last report. The pests are quiet poisonous and a good idea to keep them and their nests gassed out. This makes it a rule to check the amount of gas and get all nests wasps in sight.

Mrs. Don Dowdy, sister-in-law of Mrs. Bennie Dowdy visited recently in the W. E. Goyne home. Her husband is in the service and has just recently returned from the Philippines.

Mr. and Mrs. Bill Ellis of Fort Worth were weekend visitors to his parents, Mr. and Mrs. Ben

## MRS. TODD WILL ATTEND DISTRICT ASSEMBLY

The Hico Congregation of Jehovah's Witnesses is especially pleased to announce some of its local members will attend the "Word of Truth" District Assembly in Lubbock the last part of July.

Among those attending is Mrs. Jerry Todd of Hico. What makes this unusual is Mrs. Todd is advanced in age and although having frequented such conventions for many years, is not about to miss this one.

Explaining why she was traveling so far to attend the convention, Mrs. Todd said I've never missed one of these conventions before when I was a little younger and do not plan to as long as I can get around. In fact, attending conventions keep me from getting rusty spiritually and this is something I can control.

Mrs. Todd will not be the only elderly one from the Hico Congregation in attendance but will be joined by several other local delegates.

"These conventions of Jehovah's Witnesses always mean so much to me," Mrs. Todd went on to explain. "There you will see youths as well as persons of advanced years seated side by side taking in Bible instruction. Often you will see entire families of several generations present."

The convention will draw delegates from Texas, Oklahoma, Kansas and New Mexico, with 6,000 expected for the July 22-25 conclave.

**SAFETY DEVICE**—In order to combat the growing number of accidents involving slow moving vehicles, a safety emblem has been developed to alert motorists approaching from behind. The emblem, shown mounted on the rear of the above tractor, is brilliantly colored for quick recognition either in daytime or at night.

A comprehensive program to encourage use of the emblem by farmers and others who operate slow vehicles and to acquaint the public with its meaning is being coordinated by Texas Farm Bureau Safety Department.

### Safety Program Underway to Reduce Slow Vehicle Crashes

A comprehensive safety program being inaugurated in Texas and other states could sharply reduce losses of life and property caused by rear-end collisions with slow-moving vehicles on public roadways.

Farmers, contractors, and others who operate vehicles at speeds under 25 mph. can use a simple, inexpensive warning device to alert motorists in time to slow down. Developed through extensive research at the University of Ohio, the brilliant two-colored triangular symbol is endorsed by the National Safety Council, American Society of Agriculture Engineers, Automotive Safety Foundation and other groups.

An educational program aimed at developing widespread use by farmers and other operators of slow vehicles and acquainting the general public with its meaning is being coordinated by Texas Farm Bureau Safety Department.

Joe Smetana, TFB safety director, said the emblem is intended to supplement and not replace other warning devices such as red lights, red flags, etc. Use at the present time is on a voluntary

basis only, but some states either have passed laws or have legislation pending making it mandatory on certain types of vehicles.

The emblem and optional mounting assemblies can be purchased at a very nominal cost through Farm Bureaus. Non-Farm Bureau members can purchase them at the same low price members pay, and plans are being made to have them sold through implement dealers and other similar businesses.

The emblem, made of light-weight aluminum materials, has a solid center triangle of fluorescent orange with a one and three-quarter inch outer border of red reflective material. The orange material has been proven to be highly visible to approaching motorists at distances exceeding one-fifth mile. At night, the reflective border glows brilliantly in the path of oncoming headlights—producing a hollow, red triangle which immediately identifies a slow-moving vehicle.

Researchers at Ohio State University said that two out of three accidents involving slow-moving vehicles are rear-end collisions. These rear-end collisions account

#### Special Session Rejected

Governor Connally has rejected requests for a special legislative session to deal with rising car insurance rates in Texas.

State Representatives Carl A. Parker and J. D. Weldon, both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4 percent which were authorized by the State Board of Insurance to take effect August 1.

Connally said he doubts any practical benefits would be gained from a special session at this time, although he shares concern over the increases. The governor made three principal points:

\* Texas' liability rates after the August increases will be lower than those of 34 states and the District of Columbia.

\* Two recent legislative inquiries already have been conducted on rate-making methods and have determined no fault with the Insurance Boards' formulae which are available for public scrutiny.

\* The Legislature is willing to give "little support" to stronger laws to curb rising auto accidents which bear directly on insurance rates.

#### Court Speaks

State Supreme Court has agreed to review the case involving the state's right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines.

High court backed Amarillo Court of Civil Appeals in ruling that Moore County District Court must hear the suit challenging boundaries of county commissioner's precincts.
