March of Dimes Fund Campaign Set January 27

Bruce Slaughter, general chair- man for the 1966 March of Dimes drive, announced this week that the date of Thursday, January 27, has been set for the annual Mother's March, to be conducted in the residential section of the city as in past years.

The drive, conducted by mothers and ladies who have found homes so receptive in previous years, will be staged at 6:30 p.m., using the traditional porchlight theme. A blast from the fire whistle will signal start of the drive.

School Census Deadline is February 1st

Tuesday, February 1, is the dead- line for enumerating all children of school age.

Results of the census will deter- mine the number of per capita payments each school will receive from the state for 1966-1967.

All children who are now five, but who will be six on or before September 1, 1966, should be listed on the census blank, as well as those who have become six since September 1, 1965. Also children who won't be 18 before Sept. 1, 1966 should be listed. Married teenagers are eligible and should be listed.

Supt. O. C. Cook is census of- ficer for Hico Schools, and he has urged anyone knowing of eligible children who have not been enumerated to please call him at the school.

Captains for the solicitation have been named as follows by chair- man Mrs. Glenn Ross: Mrs. Sandy Ogle, Mrs. Lonnie Redden, Mrs. Von Scott, Mrs. G. R. Lackey, Mrs. N. N. Akin, Mrs. R. J. Russell, Mrs. Norman Johnson, Mrs. Jack Malone and Mrs. Buddy Randals.

The drive will be conducted in the same manner as in previous years, with workers calling on ev- ery home within the designated time period. Anyone overlooked is asked to call Bruce Slaughter's re- sidence, and a worker will pick up contributions or they may leave money at Howard Drug or First National Bank.

A committee has been appointed by Slaughter to work the business district on the same Thursday date.

Among other activities planned for Dimes Funds was the "Hobo Day" held Wednesday by the local Future Homemakers Chapter. Also, coin collectors have been in the business section the past week.

Slaughter urged everyone to give generously to the Foundation to further their fight of birth defects, arthritis, and polio, and to support the Salk Institute for biological studies.

The chairman stated that funds from this year's campaign would be used primarily in the fight to control birth defects.

City, School, County Tax Deadline Near

Last day to pay city, school and county taxes is Monday, January 31, unless you want to pay penalty and interest after that date.

Penalty on city and school taxes is 8 percent, plus one-half of one percent per month for each month thereafter that the taxes are not paid. In other words, taxes which are delinquent for one year are subject to a total of 14 percent in penalty and interest.

If at all possible, it would be to the property owner's advantage to pay taxes before the deadline.

May Primary Draws Three More Area Candidates

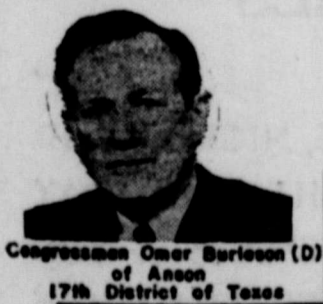

Three new candidates went on record as seeking office this week, with the filing of P. W. Hamilton, local Justice of the Peace for re- election, and W. B. McPherson Jr., seeking re-election as County Su- perintendent.

The other candidate, from Erath County, authorized his name added to the News Review political column Tuesday. He is Robert (Bob) Cathey of Alexander, who is seeking the Erath County Judge post. Cathey is not entirely a new- comer to political circles, having

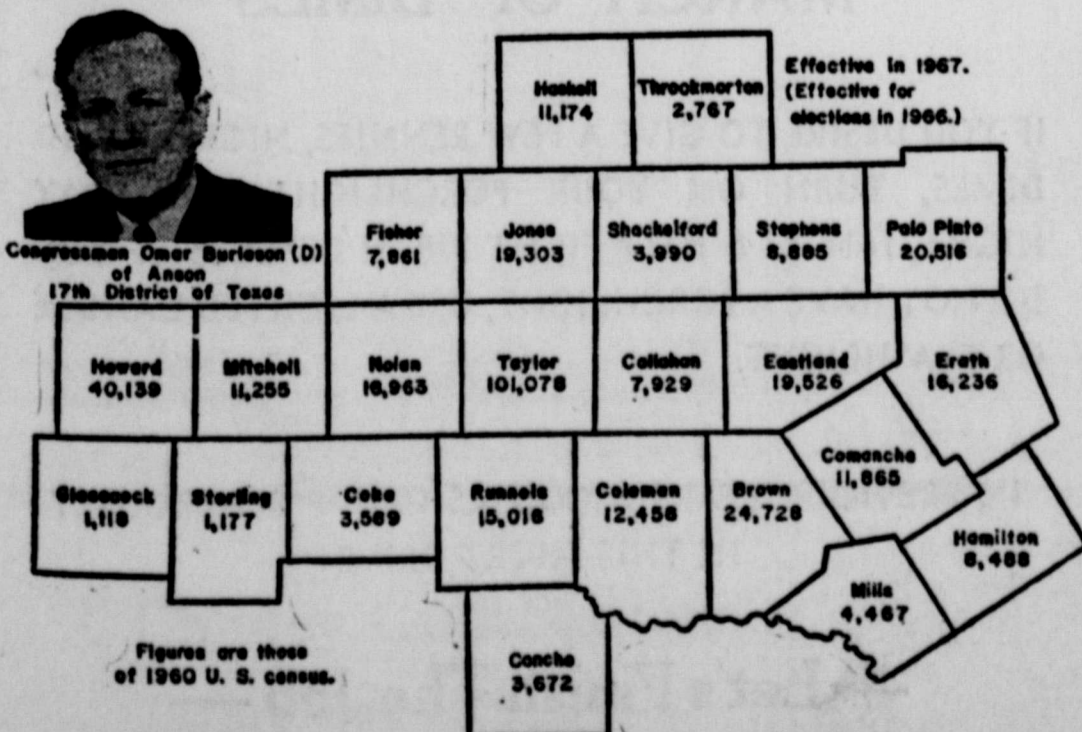

staged an unsuccessful campaign for the State Representative post from this district two years ago. He is the third candidate to file for the Erath post, although the first to have his name added to the NR column.

Judge Hamilton, who was elected three years ago in his initial political venture, is seeking re-election to the Precinct 3 Peace Justice of- fice.

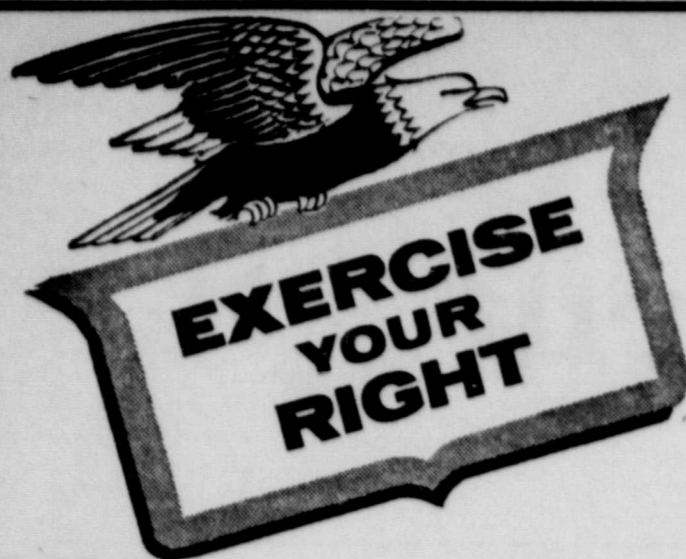

McPherson is seeking his fourth term of office in the superinten- dent's post.

Fairy Community News

By MRS. EUNICE DANIEL

We have much cooler weather today, Monday, the temperature reading being 35 degrees and much colder weather predicted for Monday and Tuesday. Naturally no one likes freezing weather, but we realize we must have it to kill insects and vegetation if a crop is to be made this year. We're now past the middle of January, and roses, cannas and other flowers are still in bloom. Tuesday morning we had a trace of snow.

Two youth returning to Houston on motorcycles Sun. about noon had their trip interrupted when one of the youths, Dan Schriber's motorcycle struck loose gravel on the shoulder of Farm Road 1602 on a short curve near the Scott Blakey home. Barrow-Rutledge ambulance of Hico sent vehicles to the

scene. It was thought the young man received a broken snouider and bruises, and was still suturing quiet a bit when friends from Stephenville arrived at the Hico Hospital to take him home. The boys had spent the weekend at Stephenville with friends, where one or both had attended Tarleton. This turn, like a lot of others we have on these farm roads is very hazardous and there has been several car wrecks at this turn. We hope he received no other injuries other than those suspected.

We wish to report the death of Rev. Albert Berry of Arlington, who died suddenly of a heart attack while on a deer hunt in South Texas about a week prior to Christmas. We called this item in when we received word, as we had already mailed our news, but for some reason it was not printed and we overlooked making mention since. The Berry family formerly resided at Hico and Hamilton and his wife was the former Miss Avice Petony of Fairy. We used to see them quiet often while living in Hamilton. Our deepest sympathy is extended to his wife and family and others who mourn his death. He was an uncle of Vernon Chew of Hico.

Mrs. Ruth Cunningham received a letter and card during the hol-

days addressed to she and her late husband, from a former classmate and friend of Mr. Cunningham. Mrs. Dora McGee of 246 N. Walnut, Woodland, Calif. Mrs. McGee, who was the former Dora Hairston pronounced Hurston here, had sent the Cunninghams several Christmas cards in the past signed Big Bale. He didn't remember anyone wearing the nickname and had asked us if we knew of anyone who did. We didn't and he never learned before he passed away who the cards were from. The Hairston family lived on the Fullbright place about one and a half miles south of Fairy now owned by E. M. Hoover. Four of the children attended Fairy school, namely Carl, Dora, Joe and Mamie. Dora stated in her letter that Carl passed away in 1958. He suffered a stroke, was bed ridden and unable to feed himself for more than five years. He served as county judge at Snyder for a number of years and the Cunninghams had visited with them during the time he was in office. Dora also stated that she and her brother, Joe and sister Mamie and husband had passed through Fairy a little over a year ago. Joe and Mamie and families live on the Plains near Snyder. We would have surely loved to have seen them again. As far as we know that is the only time any of the family had been back here since they moved some 60 years ago. We gave Mrs. McGee's address in case others who knew them would like to write her.

The writer and Mrs. C. W. Brunson of Hico were in Stephenville last Friday afternoon to attend funeral services for Mr. Louis Giesecke Sr. The Giesecke family was one of the families who attended church at Millerville where we attended as a child while living at Duffau. Our deepest sympathy is extended to the bereaved family at this time, and others who mourn his passing. While in Stephenville we visited at the home of our daughter, Mr. and Mrs. D. E. Allison. She stated that their brother-in-law, Dellis Seago of Waco had had recent surgery. We learned Monday that he was able to return home on Monday.

We also learned Monday that Nelson Seago of Cedar Ridge, Colo. is in a hospital at Durango, N.M. following a heart attack. Nelson who has a large apple orchard, had carried a truck of apples to Santa Fe and was on his way home when stricken near Durango. His brother, Perry, has gone to be with him. The Seago family formerly resided in the Fairy community and he attended school here. We extend best wishes to him and wish for him a speedy recovery.

Mr. and Mrs. Willie Turner had their children with them during the weekend. Present were Mr. and Mrs. Billy Turner, Kurtis and Rhonda, Mr. and Mrs. Ray Botkin, Paty and Tammy, Mr. and Mrs. Ray Turner and Keith and Miss Bernice Turner, all of Killeen, and Jackie Turner of Arlington. The men went on a rattlesnake hunt near Johnnie Grimes' home and killed 14 snakes. The Turner clan has really thinned out these reptiles in this area since they moved here some 10 or 12 years ago.

Mr. and Mrs. T. A. Davis of Iredell visited Sunday in the home of Mr. and Mrs. J. H. Davis. Also Mr. and Mrs. Kenneth Davis and two children of Fort Worth were visitors in the home Christmas Eve. For some reason their names were not included with the guest list. Sorry if it was our oversight.

We were sorry to learn of the death of Mrs. Hester Massingill of Lamkin who passed away at the home of a son in South Texas. Services and burial were held at Carlton Sunday afternoon. Our sympathy is extended to the family in their sorrow.

Mrs. Selma Agee and son, Paul of Hamilton visited awhile last Wednesday afternoon in our home. Mr. and Mrs. Weldon Parks and Becky of Grand Prairie spent the weekend with their parents. Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

Mrs. Ruth Cunningham honored members of her family with a birthday turkey dinner Sunday. Birthdays were two sons-in-law, Bob Frederick, Jan. 1, and Glenn Arrant, Jan. 6; the daughters, Sherry, Jan. 14, Mrs. Katherine Prinz, Jan. 31, Mrs. Nelda Frederick, Feb. 2 and a foster grandson, Glenn Penny, Feb. 16. The Prinz family were unable to be with them. Mr. and Mrs. Ted Arrant were also dinner guests, and Mr. and Mrs. Carl King visited in the afternoon. Mr. and Mrs. W. E. Goyno of DeSota and their daughter, Mr. and Mrs. Gene Overton and Derick of Fort Worth visited at the Goyno home during the weekend.

The writer attended singing at Lamkin Sunday. We were accompanied from Hamilton by Mrs. M. C. Anderson and Mrs. Esther Woolsey. While there we visited a few minutes with Mrs. Fannie Adams.

Mr. and Mrs. Ray Turner and Keith of Killeen visited during the

weekend with her parents, Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice.

Mr. and Mrs. Otto Jordan of Cleburne visited Sunday with her brother, Mr. and Mrs. T. R. Parks.

Any time you have news items we would appreciate you calling us, as we can't always get you. We made six calls this morning only to get a busy signal or no answer.

Mrs. Ruth Cunningham learned Tuesday that her daughter and family, Mr. and Mrs. Walter Prinz were in Elgin Monday to attend funeral services for his uncle, who died of injuries received when he fell and broke his hip. He had celebrated his 100th birthday Jan. 9, when relatives gathered to honor him on the occasion.

Other birthdates for January that we have are Mrs. Selma Agee, Hamilton, Jan. 19; James Howell Jones, Jan. 15; and Mrs. Duane McAdams, Hamilton, Jan. 17.

Donations received today, Tuesday for the cemetery are: B. F.

Driver \$5; R. E. Whitson, Fort Worth \$5. Thanks to both.

The writer attended choir practice at the home of Mrs. Dick Moore in Hamilton Friday night. Others attending were Mr. and Mrs. Elbert White of Evergreen; Mr. and Mrs. T. D. Fuller of

Pottsville, Mr. and Mrs. I. A. gan of Energy; Mr. and Mrs. Pipes, Mrs. Janie Conner, Ted Young and Mrs. Edna R. of Hamilton. The class will be at our home this Friday, Jan. 21. Everyone has a copy invitation to attend.

Darwin Cox is Carlton FFA Chapter Farmer

Darwin Cox, son of Mr. and Mrs. Lewis Cox, has been designated as Chapter Farmer for Carlton Future Farmers.

Darwin has four fine wool mutton lambs, a beef cow and a Hereford calf that he recently purchased as his projects this year.

Darwin had some misfortune with his lambs. During Thanksgiving week, stray dogs got in his lamb pen and tore hide from both hind legs of his best lamb. The lambs haven't done very well since that time, but Darwin says that he plans to feed at least eight lambs next year.

Jim S. Dixon, Carlton FFA teacher, says that Darwin is a good student, shows leadership ability, and has a keen interest in Vocational Agriculture. He is Carlton Chapter Secretary this year.

TIGER'S PRIDE

Our praise this week goes out to a sophomore girl. She is about five feet, four inches tall, has brown hair, and can usually be seen riding around with her favorite guy in a white '57 Chevrolet. She is a good basketball player. She has scored several points in all of the games. She also has an outstanding personality and is liked by everyone. By now, everyone has probably guessed our praise goes to Cherry Ramage.

SENIOR NEWS

Lynn R. and Mr. Barnett are playing a new game. It's called "Button, Button."

The senior class defines "flabbergasted" as: walking out of class and going to study hall when you don't have a Civics teacher; then finding out that he wanted to have his class in study hall all the time.

The senior class will certainly miss Leslie R. and Claudia H. Good luck, kids.

BEHIND THE SCENES

Seniors being glad tests are over; Edmund being a smart-aleck; Sandra dropping English; Mike getting embarrassed; Verna making a list of songs; Kay still wearing Christmas colors; Dwain pestering people (right Dee Dee?); Lynn R. asking questions about people (anyone in particular Lynn?); Dee Dee making L.M. write the news; Donna trading the Air Force for the Army; Lynn M. telling Claudia H. "There's no place like home."; Judy P. being unusually quiet; Barbara T. dating Iredell boys; Marjean laughing; Mike D. scheming; Mary Ann asking questions; H. L. and Howard match-making; Dennis P. being sleepy; Liz B. writing news; James G. talking; Marjean Henderson shocking people; the juniors being proud that mid-term tests are over; K-K wiggling her toes; Denna M. and Nellye W. eating out.

A car blowing up on a certain boy from Dublin that C. C. will

JUNIOR JAUNTS

Most of the juniors are exhausted from last week's tests. Cheer up, they're finally over.

The juniors will also be busy with plays until February. We hope they all turn out successful.

The weekend turned out pretty well for some, such as Nellye. Seems as though a certain boy visited her Sunday night, and is expected to come again Thursday.

Monday morning was very bright for Frances. Her Navy boy seemed to have been sick but now has recovered. Letters are important, so Frances says.

Some of us juniors just never have any excitement. Then there are others that simply over-do it. Know what I mean?

Cathy seems to have herself another boy friend. Watch it Cat, not too many at a time.

If the juniors don't get to working on the Mirror, someone is going to get mad, or we may even get hurt.

PERSONALITY PLUS

The subject for this week is a very cute and popular junior girl. She has long black hair and blue eyes.

This girl has a great personality, and has won many honors. She won the Miss Reunion contest in 1965, and is treasurer of her class. Also she is on the Mirror staff, annual staff, and is in the Drama Club.

She can be seen riding around with the special boy she likes, Ed Reed, and the girl she loves, Barbara Casey.

I'm sure that by now you all know that our subject for this

week is Linda Bruner.

POET'S CORNER

"Battleground," Andrea Henderson

Once this field was covered with blood, Smoke, weapons and the fury of Hell.

This is the place where a battle was fought, Where, wounded and dying, the soldiers fell.

Now it is adorned with rich green foliage Now calmness and peace prevail. Deep in a land filled with tradition, Sun-bathed, I found this little vale.

Just a hundred years past, a century ago, This earth felt two armies tread. As they pitched their camp they little dreamed,

Of the battle's end and the countless dead. This war that split a free nation, Was the test of fire for its liberty's life.

The result of a nation, torn in half, Of years of hate and blood and strife. With eyes closed, imagination running wild, I could feel the ground tremble with the roar of the guns; I could see the flash of the waving sabres

And a smokey cloud blotting out the blazing sun. One army claimed themselves victorious

When the action was over and done. Yet, naught but death is truly the victor

When brother fights brother and father fights son. The disgrace of the country, a blot on the nation,

But through it a race of men was freed. To our generation is the tack of the future.

Let us sow the soul of time with good seed. Now that the cannons are forever stilled,

The ranks of the dead lie in sleep. The lesson they taught will never fade.

For with them we have a promise to keep.

FRESHMAN FRANTICS

Mid-term exams are over, and

everyone glad but are dreading report cards.

Mary Ann, what's this about worms attacking cows. Explain.

Dennis P., please tell us about notes and ball point pens; What's the meaning?

Lee C., such things you say. You had better watch yourself or you might say that in front of B.B.

H. L. Hill and Howard S., you two match-makers. You'd better watch yourself. You boys could get into a lot of trouble that way.

Mike S. why were you so surprised when a certain boy and girl came into the show Saturday night?

Liz B. you are awfully happy lately. You make some pretty good grades on exams, or is that why?

Morris B. why does everybody call you "that"? Tell us so we can laugh too.

Mike D. you and other freshman are always thinking of some scheme you can pull off. Better watch it.

We would all like to give three huge gigantic, tremendous, frantic cheers for our old dear fish who attended Cleburne High for several months but now has come back to Hico. Welcome Robbie.

Liz B., why look forward to dissecting a worm with happy anticipation? Poor worm.

Marjean H., what's this about people invading your house Sunday night?

COUPLE OF THE WEEK

Our couple this week is fairly new, but we can all agree that they stand out in any crowd.

The boy is a very popular junior. He drives a 1955 Chevrolet. He was a fine member of the football team, and was honored by making all-district. He has shown his talents as a member of the Drama Club, and was one of the founders of the math club, now serving as its president. His dark eyes, hair and complexion make him very handsome.

The girl is a junior at Carlton. She is a member of the basketball team. Her features are nearly opposite of his. She has long blond hair and blue eyes. She can often be seen in Hico, usually at the phone booth, with K.T.

As we all know by now, this outstanding couple is Ronnie Hefner and De Layne Mercer.

Game Warden Reports

By BOB RHUDDY

The deer season ended December 31 in both Hamilton and Bosque counties with what I thought was a good kill in both areas.

My estimate for Bosque County is about 1000 bucks and 300 does. Of course the doe kill was well down due to the smaller area for doe shooting this year.

Hamilton County did not have any areas that were issued doe or antlerless permits again this year. And the deer kill in that county was bucks only. My estimate for the buck kill is about 60 to 75 in Hamilton County.

For you folks that are interested, the deer kill in Hamilton County is more each year. This is due to the steady increase in deer population in the county. In most areas where you have suitable range, there is a small herd of deer.

Quail season in both counties will run through January 31, and goose season ended Jan. 12. I would like to remind you at this time that there is never an open season on any game animal or bird on any public road or highway. And it is also a violation to discharge a firearm on, along, or across a public road or highway.

As for your shooting preserve books, please put them in your mail box. If you will notice, the postage is paid by the Parks and Wildlife Department and you can just mail it like it is. I will take them but I had much rather you mail them in yourself. The deadline for these is May 1. As you will notice written on the front. Please be sure they are filled out on the inside as the sample shows. Some of you get in late to buy your books and I have several still on my desk. Please come by and pick these up as soon as possible.

On the Home Range

By SONDRRA KOONSEN
Home Demonstration Agent

There are plenty of good ways to stretch that post-holiday budget of yours into well-balanced, quick to fix meals. You'll find some of the best money-stretching items on the grocers' shelves are convenient to use canned foods. Just check the canned foods divisions for economical recipe ideas.

The wide assortment of convenient canned foods fits into every part of the menu. There are all sorts of recipes for first course soups or cocktails, salads, hot or cold meats, seafood and poultry platters, as well as vegetable dishes, hearty oven-baked casseroles, and top of the range skillet meals. Dessert possibilities include simple to prepare compotes, mold-ed gelatin confections and a good selection of pies, cookies and cakes.

Canned foods team with other ingredients to serve straight from

the can. For extra "meal appeal" add a touch of garnish, or a sprinkling of a favorite herb or spice. So for economical and flavorful results in eating, check the many items available in your store's canned goods section.

There'll be a few specials found in the meat department this week. However, some good values may be found at beef counters on chuck cuts, shoulder steaks, ground beef and variety meats.

Egg prices are a little higher than a year ago due to seasonal demand and the fact that there are fewer hens. But eggs remain among the economical food purchases.

Bananas continue as one of the best values at fruit counters, due to continuing heavy imports. Citrus fruit is growing less expensive as bigger crops start to market. Adverse weather is slowing the produce harvests in some areas, but cooking greens in good supply at moderate costs include collards, mustard and turnip tops.

Never use a brand new comb without first washing it in hot soap or detergent suds. Even a comb that looks clean usually has accumulated dust and fingermarks from handling on the counter and may transfer dirt and germs to your clean coiffure.

Instead of washing just sheets in one machine load, and just bath towels and wash cloths in another, mix some towels with some sheets so the rough-textured turkish towels can rub against the smooth sheets during laundering. This "scrubbing" action loosens soil more effectively than when only smooth surfaces are sudsed together.

Glenda seemed to really enjoy science class Monday. It seems Mr. Spence talked about a subject she liked very much. David, what was it he said, something about David being your natural selection.

Becky S. really has a rough time in study hall. Seems as though the junior girls are off limits to her.

The BIG Inch

The ruled box above is a one-inch ad. It measures one column wide by one inch deep. It costs advertisers 50c.

It looks kinda lonesome by itself. But look at it this way.

What you get when you buy a one inch ad in the News Review is not just a single inch of space in the paper, but one inch multiplied by 1,600 copies weekly.

So you are really buying 1,600 inches, which at 140 inches a page would be some 12 pages of printed newsprint.

That's mighty big chunk of space for a cost of only 50c. And that price includes delivery to the reader's home. Just imagine reaching all those families by postcard. It would amount to \$64.00 just for postage. But the News Review does it for a mere 50c per insertion.

So you can see that a little one-inch ad is really a pretty BIG inch when it's advertising space in the News Review. And the figures show that it's the most effective and economical way possible to let people in this area know that you have wares and services that they could use.

Call SY 6-4528 and let a News Review representative show you how a little BIG inch can wake up sales for you.

TELEPHONE BILLS ARE 7 PERCENT LESS THIS MONTH

Starting this month, your telephone bill becomes 7 percent smaller, according to Ken May, District Manager.

The reduction was realized by a drop in the federal excise tax on telephone bills from ten percent to three percent. The tax will be reduced further in subsequent years until it is eliminated entirely in 1969.

This tax reduction will mean a saving of several dollars to customers in Hamilton County. Mr. May said, "However, perhaps more important than the money saved, is the fact that through the combined efforts of telephone companies and their customers, a tax

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

Mrs. Edwin Dittich of Rt. 1 Jonesboro is a pretty good weather forecaster. On Jan. 11 when we were selecting goats at the Dittich place she predicted the first good cold front of the winter to move in on January 18. What did she base her prediction on? She said they planned to shear their goats on Jan. 17 and it always got cold the day after they shear. For those of you who are not familiar with Angora goats they are very sensitive to cold weather for a few days after their nice warm mohair coats have been removed.

At the time this column was written the cold front had moved in our county but there was no precipitation. If it stays dry and does not get much colder the newly sheared goats should not have much trouble.

Dittich's goats did have a good coat of mohair when we looked at them last Tuesday. He started a selection program about four years ago. During these four years he has increased his mohair production more than two pounds per goat and at the same time increased the percentage of kid production. Now he has one of the best commercial flocks in the state.

Paul Schwalbe of Jonesboro has made equally good progress with his Angora goats. About three years ago his goats were divided into three groups. The bottom or third group was sold and he divided the first and second groups into different pastures. Last week we looked at each goat in both groups. Some of the goats in the first group were culled out because of age. Some goats in the second group were also culled and some of the younger goats had improved and were moved into the first group. Paul puts his best billies with the number one group of does and naturally he gets his top replacement goats here.

At least three more county goat

FILM ON CANCER TO BE SHOWN AT HAMILTON

"Cancer in the Female" will be the topic of an educational film to be shown in the Hamilton High School Auditorium Tuesday night, January 25 at 7:30. The film will be followed by a question and answer period conducted by a local doctor.

The Hamilton County Chapter of Young Homemakers of Texas is featuring the film as part of their regular meeting.

Any Hico lady who is interested in maintaining her health is urged to attend. Mrs. Elmer Rost and Mrs. Tom Venable are hostesses for the evening.

producers are starting a selection program this year.

I have been advised that the Texas Animal Health Commission and the Agricultural Research Service is now engaged in a state-wide scabies inspection of all flocks of sheep within the state. These inspections will be carried out under the direction and supervision of the Area Veterinarians.

This inspection of all flocks of sheep will soon get underway in Hamilton County. The sheep will have to be penned for these inspections.

I will try to keep you informed of the developments of this program.

John Wayne Reich of Route 4, Hico, has been advised by the Houston Livestock Show that he has been selected to participate in the Beef Calf Scramble Feb. 26.

John Wayne is the son of Mr. and Mrs. J. D. Reich, and a member of the 4-H Club at Carlton. Only one 4-H Club member is selected from Hamilton County each year for the calf scramble.

Twenty boys will be put into the arena with ten calves. The ten boys who catch the calves will receive certificates worth \$150 toward the purchase of registered beef heifers.

Your county agent will take John Wayne to Houston for the calf scramble.
