School Vote Is Saturday

An active write-in campaign being conducted this week adds spice to what was expected to be a routine city election next Tuesday, April 5.

When filing date passed—March 5—only one name was on the ballot for mayor and one name each for the three council positions to be filled in the election.

However, that all changed Tuesday when an active campaign was begun for Ray Keller as a write-in candidate for mayor, W. C. Howard, 10-year veteran of the city council, was the only announced candidate up to this week.

The party placing the advertising for Keller didn't indicate whether a campaign was underway for other positions in the city government. Running unopposed for aldermen are Jim Jameson, G. M. Bullard and Tommie Pierce. Pierce is seeking his first term on the council.

The unexpected write-in campaign should spur interest enough in the election to get out the vote. Polls open at 8 a.m. and close at 7 p.m., with A. A. Brown as election judge.

SATURDAY SCHOOL RACE TO DRAW LARGE VOTE

In the Hico Independent School District trustee election set this Saturday, April 1, four names appear on the official ballot for the two places to be filled.

Names of Ralph Turner and Dr. B. C. Dayton were filed first, with those of E. A. Black and Derel Fillingim filed just prior to the deadline.

Turner, local feed mill operator, is seeking his second term on the board. Dayton, Black and Fillingim are asking for their first term of office. E. V. Meador, who served on the board for three terms, declined to seek re-election.

Other names on the local ballot are those of V. H. Jenkins of Hico, seeking the county trustee post for Precinct 3, and Lagree West of Hamilton, county trustee-at-large candidate. Jenkins is asking election to the post previously held by J. B. Woodard, and West is a re-election candidate.

Voter Eligibility

Persons eligible to cast ballots in the city election are those who reside within the city limits of Hico, and who have qualified by either paying poll tax, being over 60, or through the voter registration just recently conducted.

Those who qualified to vote in the school trustee election are those who reside within the Hico Independent School District, and have also qualified through one of the above mentioned methods.

\$100 REWARD

To any person that will come forward, make an affidavit, be willing to testify in court that they heard a person or persons make slanderous, malicious and derogatory accusations that Constable Tom Odom and myself are operating a racket for personal gain by issuance of numerous traffic citations.

I ask you as intelligent people, do you believe that Constable Odom would issue 207 WARNINGS to traffic offenders and only 29 citations in the month of February if we were operating a racket? Any person desiring to check to see if fines are being remitted has only to check with the County Treasurer, City Secretary or write to the Texas Department of Public Safety. Each of these agencies have the record & you are entitled to inspect them.

Common reasoning indicates that the Constable and Highway Patrol are operating for no other reason than to insure safety, prevent accidents, and save lives. All of us are public servants placed in a position solely for your protection and the remuneration for our services are far below standard.

Two have died and one crippled in our town within the past 120 days as a result of excessive speed. Slaughter on our highways and streets is at an all-time high. No one should fear our officers if they are law abiding citizens, they are your friends if you will let them be.

For your information, Constable Odom has not issued one citation to anyone unless they were in excess of 15 miles per hour over the legal posted speed limit, nor to anyone for a failure to stop for a stop signal unless they completely ignored the signal. I firmly believe, in order for you to be issued a citation in Hico, one must commit a major & unsafe violation.

If you object to traffic law enforcement, I suggest that you handle with the Texas Highway Department, the Department of Public Safety and your local government, demand all signal lights, stop signs and all other restricted traffic signs be removed and that all traffic enforcement officers be removed from our highways. If this should become a reality, I will prefer to go to Viet Nam where I would not be subjected to such danger.

I urge any of you, before forming an opinion to talk with me. I'm never too busy to talk with you. I am not seeking your vote unless you believe in principles of law and order. It is as much my duty to protect you as a citizen as it is to prosecute the guilty. I have yet to violate my oath of office and I defy anyone to say that I am dishonest. If the people of Precinct 3 believe in me and want me as your Justice of the Peace, I'll serve. If you don't want me, I have no aspirations for the office.

Friends and acquaintances of Mrs. Mattie Lou Bagwell of Fort Worth were very sorry to learn of her death last Monday. She was found dead in bed on Sunday, Mar. 20 and was thought to have passed away Friday night or early Saturday. She had been visiting her sister, Mrs. Bernice Ferguson in Stephenville and had returned home Friday night. Being unable to contact her by phone the sister went to Fort Worth Sunday and finding her home locked called police. She was thought to have died in her sleep as seemingly she died without a struggle. She had had surgery about a year ago for removal of a goiter and was still having difficulty in breathing and we under-

stand was in the Stephenville Hospital during her stay there. She was born Dec. 10, 1911 near Fairy to the late Joe and Minnie Barbee Abel. She was married to Albert Bagwell in 1945, who passed away Oct. 30, 1964. They had resided in Fort Worth 22 years. She was a member of the Baptist Church and Eastern Star. Survivors are two brothers, Ben Abel of Hale Center and Bill of League City; four sisters, Mrs. Jessie Ellington of Fort Worth, Mrs. Mollie Pell of Dublin, Mrs. Bernell Massey of Roscoe, Ill. and Mrs. Ferguson of Stephenville.

Funeral services were held at 10 a.m. Wednesday, March 22 in the Stephenville Funeral Home Chapel with Rev. Charles Brock officiating. Burial was in Laurel Land at Fort Worth. She is also survived by a number of nieces and nephews and uncles who mourn her passing. She was a niece of Walter and Bill Abel and cousin of Mrs. O. J. Clark Sr. of Fairy. We extend sympathy to those bereaved in her passing.

Those from here attending funeral services for Mrs. Bagwell were Mr. and Mrs. Walter Abel and Bill, Mr. and Mrs. O. J. Clark Sr., the writer and Mrs. C. W. Brunson of Hico. Some failed to learn of the service in time to attend.

Mr. and Mrs. Willie Turner received word Tuesday that his brother-in-law, Hollis Ross of Flat had suffered a heart attack. He was rushed to Gatesville Hospital but passed away soon after reaching the hospital. Mr. Ross would have been 66 in May. He was employed in Killeen and had worked that day. Funeral services were held at 4 p.m. Thursday in Gatesville with Rev. Ollie Williams officiating. Burial was in Restland Cemetery. Mr. and Mrs. Albert Mason attended singing at Center City Sunday afternoon. After singing they visited with her mother, Mrs. C. M. Head in the Goldthwaite Hospital who has been a patient there the past several weeks.

Mr. and Mrs. Hobert Proffitt and her sister and husband, Mr. and Mrs. J. C. Massengale of Hico attended singing Sunday afternoon at Kokomo, near Gorman. While in the area they visited relatives at Gorman.

We received about 4 inches of rain Sunday night, with good indications of more. We are needing rain again and farmers think a good rain would destroy part of the insects. Farmers have been busy planting maize and other row crops and gardening and yard work is well under way. Since an Easter cool spell is expected some are delaying the transplanting of plants

until after Easter. The Ted Arrants had set out 50 tomato plants before the spell last week, and covered them Wednesday night and said they came through fine.

Mrs. Ruth Cunningham returned home Monday afternoon from Fort Worth and Venus where she had been visiting in the homes of her daughters and families.

Rodney McCoy of Dallas spent Saturday night in the home of his aunt and uncle, Mr. and Mrs. Scott Blakley. Their daughter, Mr. and Mrs. Max Lam of Coppas Cove visited in the home Saturday.

Fulbright of Kerrville has been visiting with her mother and Audie, but returned home Tuesday. Other visitors in the home during the weekend were Mr. and Mrs. E. L. Parks and two daughters of Fort Worth.

Mrs. Lilla Byrd spent from Thursday to Sunday in the home of her brothers, Mr. and Mrs. Walter Abel and Bill. Mrs. Byrd makes her home with her children. A daughter and family of Fort Worth were to come by for her Sunday and take her to the home of another daughter in San Angelo. We visited a short while with her late Thursday and was so glad to see her looking so well. She has been very poorly for sometime but seems much better and we hope continues to improve. Other visitors that afternoon were Mrs. Ovie Brummett Grant and Nancy.

Mr. and Mrs. Ted Arrant spent Saturday and Sunday in Dallas and Fort Worth in the homes of their sons, Mr. and Mrs. Garlon Arrant and family at Dallas and Mr. and Mrs. Glenn Arrant of Fort Worth. The Glenn Arrants are having a new home built and expect to move in by June 1.

his sister, Mr. and Mrs. Walter Abel, and will visit her mother, Mrs. Frank Thomas and her sister and family, the Raymond Lowrances at Spring Creek. The Phelps were accompanied by a granddaughter.

Our annual cemetery working will be held on Good Friday, April 8. A basket lunch will be served at the noon hour. Everyone interested in the cemetery should keep this in mind and come and help out in any way possible.

A nice double monument was erected at the W. E. Cunningham lot. Children and grandchildren of the late Mr. and Mrs. George Cunningham also had a small marker set at the parents and aunts graves. Mr. George Cunningham is buried at the Bulman cemetery near Jonesboro. This was a very thoughtful and wise decision as in time to come the graves would have probably been lost. Unmarked graves in the Fairy Cemetery are being marked with a concrete slab, as the wood slabs decay and in many cases the metal slab rust out or get out of place.

We had planned to start work at the cemetery Monday but the weather has delayed the work. We would have got this work done last week but were unable to get hands to help. Recent donations received are Mrs. Lilla Byrd \$5 and Mr. S. N. Akin, Stephenville \$5, also Mrs. Fannie Adams of Lamkin

To the Editor

Dear Sir:

Last week you published a story about the bad side of the human race, the wonders that beat the nice couple out of their money. So I have a story of the good side.

Tuesday, March 22, I was returning home from Corpus Christi and Alice in a station wagon with my husband and daughter-in-law. We put our luggage on top of the car and did not tie them, so the first stop we made was at Pleasanton. We noticed one was gone so we turned and went to Alice looking on both sides of the highway. But no luck. We notified the Highway Patrol and had the information put on an Alice radio station. But still no luck. We got back home, which is six miles northeast of Hico at 12 o'clock that night. About 8:30 a.m. the next day a man who operates a service station in George West phoned and asked if I had

Construction Men Offered Opportunity With Navy Seabees

Unparalleled opportunities for experienced construction men under the age of 40 have just been announced by the Navy.

Qualified men experienced in all fields of construction, with or without previous military service, may apply in the Navy Seabees for immediate enlistment as first, second or third class petty officers.

Under this new program, experienced men will not have to wait the usual interim period in service to qualify for advancement in rate, but will be expected to already possess the maturity and professional attributes of the rating at the time of enlistment.

Upon entering the Navy, the selectees will receive four weeks of instruction at the Seabee Petty Officer's indoctrination course in Davisville, Rhode Island.

Among the many qualified construction men needed are those who have experience as equipment operators, steel workers, utility men, and in various types of the building trade.

lost a suit case, that one of his gas truck drivers had found one and brought it in, and the only identification it had was two envelopes with the return address on it. We offered him a reward, but he refused saying that all he wanted was pay for his phone call.

I have my suit case back with all contents in it. So there are still a lot of honest people in this old world and you will find them in all walks of life.

Do you need extra baked goods for the Easter holidays, but don't have time to bake them? The HD Council is going to have a bake sale on April 8 at 8:30 a.m. in the T. A. Emmett building in Hamilton on the north side of the square. There will be many baked goods for your selection. Don't forget the sale.

Moderate to low temperatures are recommended for cooking eggs to keep protein tender and to make attractive-looking egg dishes.

Take care of your health insurance card. Where should the health insurance card obtained by Texans enrolled in Medicare be kept? This card, which is mailed to an individual when he or she enrolls in Medicare, is "as good as gold" and should be kept in a handy, yet safe place. "The card must be presented upon entering a hospital, nursing home, or when seeking a doctor's help in order to receive Medicare benefits."

The card should be carried in the wallet or purse of the insured person at all times. This assures immediate identification of an individual who may receive Medicare assistance.

"Just be sure, however, that someone is informed as to the whereabouts of your card."

Bread and potatoes aren't necessarily the "culprits." The first two items of food usually dropped by weight watchers are bread and potatoes. This is not necessarily the right thing to do, since it is the total amount of calories consumed in a day that counts.

Four or more servings from the bread group (enriched or whole grain) should be included in each day's diet. This does not mean that the servings should always be bread as such, for the bread group includes noodles, spaghetti, and cereals. The nutrients furnished by the bread group are B vitamins, iron, a small amount of protein and a large amount of starch.

It is the starch which furnishes a cheap source of energy, but which also contributes a large portion of calories. One slice of bread,

SENIOR NEWS

Dorey F. you're going to give Kay T. a complex if you don't stop talking about her friends. They may not be real but you don't have to tell her.

Lynn M. why do you keep making faces in English class? It couldn't really be that bad.

Lee S. who did you say come out to your house Sunday? Boy that's what I call luck. It's not every day you get two good looking boys in one place.

Lynn R. isn't it fun riding around in your boyfriend's "uncle's" car? Not every girl is that lucky, and then not every boy has that nice an uncle.

Verna B. what makes you think your father's so nice all of a sudden? Could your getting the car Sunday have anything to do with it?

Dianne seems to have learned a new lesson in entertaining our guests. She just sat in a car and watch a girl throw toys over her shoulder. Don't you think you're going to hurt those poor guys?

What I, have you found out who that secret admirer is yet? Why just stop and thank boy, think!

You can see Edmund Horton in his desk in English class almost anytime nodding. Two, he's not answering a question—just sleepy.

Linda D. do you and Barry always take hikes on Friday nights? How do you see where you're going.

Glenda O. can truly be called a friend. Who, but a friend would fill your suitcase with rice when you were going on your honeymoon. Just ask Donna M.

The senior class sure misses Donna N. now that she's on her honeymoon. The old school seems to quiet without her.

The seniors would like to be among the first to thank the Missing Links for their great dances and to say keep it up.

By Students of Iredell High School VOLLEYBALL

Last Tuesday, March 22, the high school girls went to Hico for a practice game. In the game, Hico defeated Iredell 3 out of 4 games. March 25, Iredell went to the

Blum tournament. In the first game, Iredell defeated Morgan, both girls and boys. The Iredell girls lost in their game with Koper, but the boys won and came home with the first place trophy.

TEEN TALK

Connie is having trouble naming a name. The reason is because she is a special horse.

Rita is taking up donations. Some trips to Colorado are pretty high. Lucky, we sure wish you would learn some manners. We thought you at least knew to keep your sock on in church.

Seems Walter D. got tickled in biology class. Did Ricky have anything to do with it?

Marvin doesn't have much patience these days. After he told Tommy about three times to get his book, you really can't blame him for yelling.

Lonnie, what was it that someone said to you during Algebra last Friday? It wasn't the truth about who we said you remind us of, but you did make a good grade.

Linda R. has a new hobby. It isn't necessary to tell you about it, but you can bet your boots no one coughs around her.

Jeannette talks to herself. "Get the ball Jeannette! hit the ball Jeannette!" If that does her any good during PE, then we're glad it does someone a little good.

Roland, what did you tell Jimmy D. to do? Now was that nice?

Ricky seems to have gotten the point Thursday. That can have more than one meaning, right Ricky?

WELCOME TO THE HILLCREST ADDITION

Come on! Move to the Hillcrest Addition. We don't have smooth streets, and very few street lights, no sewer lines, but we pay city taxes and usually more than any other part of town in the newer additions, and have been paying about 20 years longer. We do expect to improve our addition when the new additions are all finished and shining with every modern facility.

So-o-o if you would like to live in a good addition and pay city taxes and get nothing in return we would be glad to have you as someday we may have a town of our own. Total cost of homes \$235,000.00; Utilities spent about \$50.00 (in 20 years)

If you are for Fair Impartial Law and Order — Write In — on the Ballot May 7th TOM ODOM For Constable, Precinct 3 (PAID POL. ADV)

Linda H. sure had a nice time last week. Bet you hated to come home.

Jennifer had a few problems Saturday night. It seems someone forgot about the dance. Or did they get delayed?

Come on Butch, tell us one more time. What did you say when you found out we had to stay for another volleyball game at the tournament?

Dickie, what are all those scars on your arm? Who or what did that do to you?

Ruth doesn't walk from place to place. She skips! Even during study hall, you can look up and there she'll get, skipping. What's the matter with that girl?

Walter must know something that we don't know. The other day when the light wouldn't come on, he said his own magic word. And what happened? It worked!

Becky have you ever considered getting shorts that don't have pockets? If you would, it would reduce the complications, such as getting your hand stuck in your pocket just as the volleyball comes toward you.

Connie and Rita sure must have made a fast trip to Hico, it's good that you made it back when you did, Connie, but the next time, before you leave the house turn the water off.

Everyone was walking around with a sick look on their face Friday. It couldn't have anything to do with your weekend assignments could it?

David, what's this we hear about you and your Eski-Honey? And rubbing noses in the moonlight? And your Eski-Honey sweet sewing buttons on your Sunday looms? You've got to be kidding.

Sandra had some good news to tell everyone Monday. She entered a contest and won a trip to Arkansas! We're real happy for you Sandra. Some people have all the luck.

Joyce what was that you said while going out of the school build-

ing? Wasn't it "Oh tell me! You know I don't talk very much, don't be mean, tell me, I never talk and . . ." We don't know she ever found out what she was wanting to know.

Patricia broke her brush, would you care to tell us how you broke it? No, maybe you'd like not. We wouldn't want our teachers to know how violent you really are.

Ronnie H. why did you take my lighter away from him? Does get hot, doesn't it?

Tommy has two very annoying problems. His shoes squeak, and keeps sitting down on tackle. He can understand the shoes squeaking, but those tacks! Maybe a lot of the freshmen boys can help when it comes to sitting on tackle. No, their help isn't exactly help.

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

There was some concern last week over the possible freeze damage to fruit trees in this area. I have talked to several people in surrounding counties who believe the freeze caused considerable damage to their potential yield. After examining several trees in our area I don't believe the freeze hurt our trees at all.

However a good set of peaches and plums on the trees do not assure a good crop. Insects can damage the fruit or even "wipe-out" the crop if they are not controlled.

Insect control on fruit trees is largely a preventative program. Sometimes we do not get too concerned over the insect problem until we see worms in the peaches or plums. Once the insects begin to cause this damage, little can be done to rid the fruit of the pests and prevent further damage. Most of the common fruit damaging insects begin their activity and reproduction during the first 30-45 days after the trees begin to bloom. Therefore, insecticides applied during this early period will control the insects which damage fruit later in the season. The preventive program was discussed in this column last week.

This is the time of year when pasture weed control should be planned. Weeds can reduce pasture yields by as much as 50 percent.

They reduce pasture and hay yields by competing with the desirable plants for nutrients, moisture and light. They lower hay quality, harbor insects and diseases and increase labor equipment costs.

Unpalatable weeds, such as sand-bur and bullnettle, are low-quality forage. This prevents proper utilization of pasture and hay by animals.

Weed control by chemical or mechanical methods can up forage quality and yields. But weed control is no substitute for proper fertilization and management of adapted plants.

There are some cases where weed control is not profitable. This is true when desirable grasses or legumes will not replace weeds killed, the soil fertility level too low to support a good stand and growth of desirable grasses or legumes, the plants are kept grazed or cut so close they are not vigorous enough to resist weed invasion or when removal of the weed canopy results in damage to the grass and soil from severe sun baking.

The best weed control is weed prevention. Some ideas for preventing weeds in pastures are:

Plant the right amount of seed at the proper time, management is important, keep fence rows and roadsides clean, clean combines thoroughly to prevent bringing in weed seed, do not buy feed containing live weed seed, rotate crops, and now, spray or cultivate to kill any weeds that get started. Most weeds are killed easily when they are young and have small root systems.

Weed control is a good investment. It can pay off with better pastures and forage.

VOTE

— FOR —

W. C. Howard for MAYOR

Mr. Howard is especially well qualified to perform all the duties of Mayor. He has served on the City Council for several years. He has a thorough knowledge of all the city finances, duties and responsibilities of this office.

Mr. Howard is a college graduate and a proven, successful businessman. He is progressive and will work for a better city. He has been interested in our schools and all civic affairs and has helped keep the city taxes and property valuations much lower than the average neighboring towns, and the city's finances are in excellent condition.

Remember, it just takes one careless, irresponsible administration to create huge debts and increase your taxes from now on. Be safe and elect Mr. Howard for Mayor with proven ability. Your vote will be most helpful in the election to be held —
