Chena Gilstrap Is Athletic Ban. Speaker

Hico Civic Club annual Athletic Banquet will be held Friday evening, April 15, starting at 7:30 p.m. in the school cafeteria.

Speaker for the fete is Claude (Chena) Gilstrap, Athletic Director at Arlington State College and former football coach at that school. Mr. Gilstrap is a noted and humorous speaker, and the committee on arrangements feels fortunate in securing a speaker so well known in the athletic field.

Mr. Gilstrap first gained fame for his coaching ability in guiding Arlington State, then a junior college, to two Junior Rose Bowl victories. He retired from the active coaching field this past fall, and was retained as full-time athletic director of the school.

The banquet, sponsored annually recognizes all athletes of Hico High School. Tickets, priced at \$1.25 each, are on sale and may be purchased from any Civic Club member. Seating capacity in the cafeteria is limited, and people desiring to attend the banquet should get tickets in advance.

Some People Confused With Candidates

Some confusion has been evident in county politics as to who is running for what office.

Mrs. Pearl Williams, County Tax Assessor, said this week that people were confused about her seeking re-election this year. Actually, it is Vada Williams, County Clerk, who is asking for another term of office. The tax collector, Mrs. Pearl Williams, was elected to a 4-year term in 1964, to run through 1968.

Hico City Council met in special session Monday night of this week to discuss various bids received and other phases pertinent to replacing the bridge spanning the Bosque River at City Park.

Present were all council members, new mayor W. C. Howard, W. R. Hampton, city street superintendent, and Precinct 3 Commissioner Fred Rainwater.

One firm bid for erection of the bridge has been received. The bid included moving main bridge spans, pouring piers, approaches, sand blasting and painting with the city responsible for removing the old concrete bridge floor, and installing new flooring of their choice after the structure is out in place. The bid price was \$19,500.00.

Council members were of the consensus opinion that they should take alternate bids on various phases of work including removal of the concrete flooring, moving the bridge to Hico, pouring new piers and approaches, and actual erection of the structure.

One bid—for \$7,000.00—has been submitted for moving the bridge to Hico once the old flooring is removed.

Following discussion, the council authorized Mr. Hampton and Mr. Rainwater to contract for removal of the old flooring, and for the moving of the bridge to Hico at the earliest possible date.

People will remember that the bridge problem arose late last summer when the old structure spanning the Bosque collapsed after being struck by an automobile.

Following removal of the debris, Commissioner Rainwater was able to locate and purchase a steel bridge span from Tarrant County (Fort Worth) but an problem after another has prevented removal of the bridge to Hico.

At the meeting councilmen expressed optimistic about chances for an early removal of the bridge to the site in Hico.

Noted Speaker Will Conduct 'Campaign for Christ' at HOT Coliseum

The Central Texas "Campaign for Christ" is scheduled to begin Sunday night, April 17th, in the Heart-O-Texas Coliseum in Waco at 7:45. It will be conducted each evening through Sunday night, April 24th. There is no admission charge, and the public is invited to attend and listen to messages from the Bible and to participate in the singing of hymns.

Evangelist for the campaign is Jimmy Allen of Searcy, Arkansas. Since 1959 Mr. Allen has held the position of Assistant Professor of Bible at Harding College. He is author of a book entitled "What Is Hell Like and Other Sermons," which has enjoyed wide acceptance.

The extent of this man's work is seen in that in recent years he has held over 200 evangelistic meetings in 13 states, and preached in the 1965 Campaign for Christ in Brisbane, Australia. A number of these meetings have been cooperative in nature in which large numbers of congregations in an area have combined their efforts together.

Mr. Allen has received an overwhelming response in his preaching. In 31 meetings held in 1964 and 1965 he has addressed well over a quarter million people. Notable among these was the Campaign conducted in Dallas in 1964 in which over 120,000 people listened to him.

Mr. and Mrs. James L. Arrant and children of Dallas and Mr. and Mrs. J. D. Upham of Rankin spent the Easter holidays with Mr. and Mrs. O. L. Davis and Nancy.

Highlights of the afternoon were a "can-can" by the freshman girls, a strip act by the boys (censored, of course), and a run-away scene. Fairy Community News

By MRS. EUNICE DANIEL

The Easter season has passed and we have heard several remarks that it would rain sometime during the day, with the hope we would have rain for seven Sundays. We are not needing it as the high temperature is drying out the soil. Our deepest sympathy is extended to Mr. and Mrs. O. W. Hefner of Hico in the loss of their son. We who have had sorrow always learn of others who have even greater sorrows to remember that even their remains are so far that God is there also and the day return for his chosen. May God bless them at the time of deep sorrow.

Mrs. Carl King spent the Easter weekend in Grand Prairie visiting some of her sister, Mr. and Mrs. Chester Wood and family. Mr. Harlon, who is taking of training at Ft. Knox, Ky. is on leave. He and his wife are in Grand Prairie.

Mr. and Mrs. Willie Turner had the following children and families home for the Easter weekend: Mr. and Mrs. Billy Turner, Kurtis and Rhonda, Mr. and Mrs. Ray Botkin, Tammy and Patsy, Mr. and Mrs. Ray Turner and Keith and Bernice Turner, all of Killen.

Miss Doran Gwen Willeford of Baylor spent the Easter holidays with her parents, Mr. and Mrs. Oran Willeford and Della. Other guests were Mrs. Willeford's mother, Mrs. Jessie Edwards of Hico.

Mr. and Mrs. T. R. Parks had their children and families home for the Easter weekend. They were Mr. and Mrs. Truett Turner and Bobby and Mr. and Mrs. Dickie Turner of Fort Worth, and Mr. and Mrs. Weldon Parks and Becky of Grand Prairie, who also visited her parents, Mr. and Mrs. Robert Streater.

Mr. and Mrs. Raymond Jones had the following children and families home for the weekend: Mr. and Mrs. Don Bullard, Mark and

Donna of Fort Worth, Mr. and Mrs. Bernard Andrews and Mr. and Mrs. Jerry Paul Jones and family of Bownwood and Donald Ray of the home.

Jimmie Don Sellers spent from Friday through Monday in Stephenville with his aunt and uncle, Mr. and Mrs. D. E. Allison, and was employed while there.

Mr. and Mrs. Roy Driver of Waco visited Sunday in the home of her brother, Mr. and Mrs. J. T. Jackson.

Mr. and Mrs. B. A. Gleason had their daughter, Miss Merrijo, who is student teaching at Duncannonville, and also their other daughter, Mr. and Mrs. Tom Chance of Houston home for the Easter weekend.

Mr. and Mrs. Albert Mason spent Saturday near Evant visiting his brother and mother, Mr. and Mrs. Vernon Mason and Mrs. J. W. Mason.

Mr. and Mrs. Ovie Brummett, Nancy and Grant attended services at the Church of Christ in Dublin Sunday. Bro. Lawrence Smith of Abilene Christian College delivered the message. Mr. Brummett and Bro. Smith attended school together at ACC. After services the Brummetts and Bro. Smith had lunch together, and the Brummetts returned by Stephenville and visited in the home of his aunt, Mr. and Mrs. Johnnie Anderson. Mrs. Anderson, who has had quiet a bout with flu and pneumonia, is now able to be up parttime. Glad to hear from her again.

Mrs. Ted Arrant, who spent last week in the Hico Hospital, returned home Saturday. Also glad to report her able to be up some and hope she is soon better.

Mr. and Mrs. Glenn Arrant and family of Fort Worth and Mr. and Mrs. Garland Arrant and family of Dallas visited during the weekend with their parents, Mr. and Mrs. Ted Arrant.

Mr. and Mrs. W. E. Goyno of DeSota spent the weekend at their home here.

The writer attended singing at Lund Valley Sunday. We were accompanied from Hamilton by Mrs. M. C. Anderson and Mrs. Woosley. Only about 20 were present as many had Easter visitors. We learned that Ollie McDermitt, who has been a patient in the Hamilton nursing home has been taken to a hospital in Austin. His niece, Mrs. Gertrude Belcher, who looks after him lives there and he needed medical aid and it was thought best to make the change. We hope he will be pleased in the change and that he will be doing better soon. He is 84 years of age, and fell and broke a hip several months ago.

It is with deep regret that we report closing of the Turner grocery and station. Fifty years ago no one could have made us believe we would live to see only 1 business in Fairy, that being Willeford garage. When we moved here 62 years ago we had two drug stores, two general merchandise stores, one confectionery, 2 blacksmith shops, three doctors, a hotel millinery shop, two barber shops, a post office and a good school and four churches. However this is happening the world over. The cities have taken our young folks out for better paying jobs and much of our farm lands are in the soil bank. Mr. and Mrs. Turner were very faithful and worked early and late. We only have 8 occupied homes here, but to this scribe it is the dearest place on earth. We have a beautiful country around this little gap in the mountains and when you live at a place as long as we have we feel it is just a part of us, and hope to be able to spend the remainder of our life here.

Mr. and Mrs. Justin Bullard and family spent the weekend near Denton visiting their daughter, Mr. and Mrs. James Sheldon.

A miscellaneous shower honoring Miss Sandra Gardner, bride-elect of Bob Dempsey of Cleburne, was held at the Baptist Church Annex Saturday evening from 7:30 to 9:30. A large number attended. She received a nice assortment of nice and useful gifts. Miss Bernice Turner presided at the guest book. Hostesses for the occasion were Mrs. Willie Turner, Mrs. T. R. Parks, Mrs. Carl Ray Sellers, Mrs. Hollis Percy, Mrs. Lester Timmerman, Mrs. A. W. Rachug, and Mrs. Leslie New. Delicious punch and home-baked cookies was served as refreshments.

Our annual cemetery working was held April 8. Only 20 attended, but a good deal of work was accomplished. Those bringing lunch were Mr. and Mrs. Lawton Cunningham of Hico, Mrs. Ruth Cunningham and this scribe of Fairy. Although only nine stayed for lunch we had more than enough to feed all present. The 1965 report was given after noon and since only one of the committee was present, the same committee will be retained for another year. The following donations were received Friday: Mrs. Mignon Anderson \$5; Mrs. Wallace Edwards, Clifton \$5; Mrs. Myrtle Blakley \$5; Mrs. Ina Sorley, Cranfills Gap \$1; and Mr. and Mrs. Harve Shields \$2.50. Our sincere thanks to all.

Mrs. Ileen Woodward and her sister-in-law, Mrs. Mary Woodward Lane of Pampa and her daughter,

Mr. and Mrs. Guinn and another relative were visitors at the cemetery Saturday, and while here drove to our home and Mrs. Lane left a donation of \$10 for the cemetery. She has relatives buried here and praised the condition.

We received \$1 by mail from Mrs. Hazel Waddell of Star, and while in Hico Monday J. B. Leeth handed us \$2 for the cemetery. We sincerely thank all for your financial help, to those who brought lunch and to those who came and worked. It was decided we would change the annual meeting date to the first Friday after Easter rather than Good Friday as the week preceding Easter is a busy week for so many, and too many like to plant gardens on Good Friday. So we feel the change will be better for all concerned. We missed Mr. and Mrs. Bert Wright and members of their family who usually attend.

Mr. and Mrs. Walter Prinz, Karen and Karol, and Mr. and Mrs. Glenn Arrant, Brent, Lesa and Sheria visited with the ladies mother, Mrs. Ruth Cunningham during the weekend.

Some more birthdates for April are Sheria Arrant, April 13; Lesa Arrant April 26 and Karen Prinz April 30. Guy Blount, April 12, who has our birthdate.

Mr. and Mrs. Ray Turner and Keith visited during the weekend with Mr. and Mrs. Carl Ray Sellers and Janice.

The Carl Ray Sellers spent Monday in Stephenville where Mr. Sellers was working. Mrs. Sellers and Janice visited in the home of her sister, Mr. and Mrs. D. E. Allison and also in the home of the Allison's daughter, Mr. and Mrs. Wayne Pittman, Karen and Kay.

Mr. and Mrs. Winford Gardner had all their children home for the weekend. Present were Mr. and

Mrs. Don Barnett of Neches, Mr. and Mrs. J. T. Dempsey of Cleburne, Miss Sandra Gardner of Arlington, and Randy of the home. Bob Dempsey and his parents of Cleburne also visited in the home.

Mrs. Henry Mackey had all her children and grandchildren home for the Easter weekend. Present were Mr. and Mrs. Doyle Mackey,

Dorothy, Larry, Ronnie and Denise of Azle, Mr. and Mrs. Royce Lee Mackey, Gary and Stevie of Everman, Mr. and Mrs. Ray Stipe of Hico, Mr. and Mrs. Dennis Stipe, Cida, Charlotte and Cheryl of Baton Rouge, and Mr. and Mrs. Charles Stipe of El Campo. All enjoyed a backyard fish fry Saturday afternoon.

IN WATERSHED PROGRAMS—

Soil Leader Says 'Texas Size' Progress Being Made

"Texas-size progress is being made in the small watersheds program," says H. N. Smith, State Conservationist. Soil Conservation Service, in commenting on the status of such projects in the State as of January 1, 1964.

"This progress is possible only because of the teamwork by dedicated local people working through soil and water conservation districts, county commissioners courts and municipalities," Smith added. "Federal and State organizations can and do give assistance but the real prime movers are the local people." Smith went on to say that watershed planning is completed or underway on 95 Texas watersheds involving 13,500,000 acres, 8 percent of the State's total land area.

Almost a million acres of productive land subject to flooding will be protected, including urban and built-up areas.

More than 100,000 structures for storing structures and are types of structures which will be completed to date. The structures are available to provide opportunities for many other types of water management. For example, small to large lakes of water surface provided by these structures are being used for public and private recreation. Fishing, picnicking, swimming, boating, water skiing, camping and other kinds of family recreation are available because of these structures.

Many of these 20 to 70-acre lakes are located in sections which formerly had few, if any, such facilities.

Towns and cities are making use of the impoundments for storage of present and future supplies of water for municipal and industrial use.

Construction of these projects often means a real boost to the local economy. More than \$204,000,000 of Federal funds have been authorized to date for these projects.

More than \$90,000,000 of these funds have been spent to date. Annual expenditures of Federal funds now average about \$11,000,000. Substantial expenditures of local watershed funds boost these figures higher.

"Folks in all parts of the State realize these projects are a real 'backbone deal.' They reduce flooding, protect present and future wa-

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

This may be the first spring since 1961 that our oak trees will not be infested with the tent caterpillars. For the last five years these caterpillars have emerged from cases in late March and early April and caused considerable defoliation to oak trees in the county.

I have examined a few oak trees, but have not seen any caterpillar or egg cases. I'm sure there will be some infestations in the county but not as much as in previous years. It is important to detect the caterpillars when they are small so that more effective results can be obtained from insecticide applications.

Spot treatment may be necessary in some yard trees. Several effective insecticides are available for controlling the leaf-eating pests. The insecticide Sevin in the wettable power formulation has been very satisfactory for the control of caterpillars. Other insecticides that may be used are DDT, Toxaphene, Methoxychlor, Malathion, and Chlordane.

All insecticides are poisons and should be handled with care.

Fresh broccoli prices are expected to drop slightly within the next several days. When selecting broccoli, look for dark green or purplish green color. Compact, unopened bud clusters are signs of freshness. To retain its freshness, broccoli should be placed in a closed container in the refrigerator. It should be used as soon as possible.

Highly nutritious, just one-half cup broccoli provides more than 70 percent of the Vitamin C and more than half of the Vitamin A needed daily by the average person. When you cook broccoli, use only a little water and heat until it is tender. If the stalks are thick, split them so they will be done at the same time as the tender buds. Overcooking hurts color, flavor and texture.

You can prevent breaking and chipping of your glass cooking utensils, tableware and accessory pieces

Things sure have been busy lately. We've been having practice track meets, PIA, the track meet at Clifton, shorthand and typing contests.

Congratulations goes to Jeannye on winning second in the typing contest. We hope you do well at Stephenville.

Becky spotted an unidentified flying object. Just because you didn't know what kind of bird it was doesn't necessarily mean that it—oh, never mind!

Crickett Jennifer hopes that a 6-day vacation will be long enough for you. She misses her jacket, so please return it safely.

Just think—Only six more weeks of school. Whew! Just six more weeks! That is, six weeks while we are writing this, but only five now that we are reading it. Just think, only five more . . .

(Note: The above paragraph may mean nothing to you, but think how it will cheer up the students. Put a smile on your face and forget it. Maybe ignoring it will make it go away. No promises, just maybes).

Butch did you have a nice supper Monday night? It is fun when two families get together.

By looking, you wouldn't think Glenda was an eyes-dropper (That's to make her feel better. It's best to keep the truth to ourselves). Well she's not anymore. Something about Porters and tomatoes made her decide to keep herself out of other's business.

Johnny and Michael don't understand. Why can't you boys get a date? One's girlfriend is coming home and the other went to West

Gas cooks cleaner
When you broil on a modern gas range you can keep the broiler door closed . . . so there's no smoke or spatter to soil your kitchen. And because gas is more controllable it's easier to prevent foods from burning or boiling over. The Burner-with-a-Brain makes all your pans automatic — and also prevents messy boilovers. Gas makes the big difference because it's clean, cool, fast, safe, efficient, dependable and more economical than you-know-what. So get the modern gas range you've always wanted — on sale now at gas appliance dealers, or Lone Star Gas.

BOWLING ALONG...

By RUTH SALMON
League Secretary

Jack Goodman carried away high honors last week, whipping out a 225-964, followed by Mary with a 206 game and Ray Keller with a 179 game as the Bowl Weevils won three points from the Gofers, which was quite a struggle as Charlie Dayton was making pins fly for a 206 game and Jane Hater rolled 188-673.

F-W Ranch won three points over the Has Beens, even though Watt Ross came through with a 188-322 but P. W. Hamilton, bowling as a substitute for the Ranch was a little stronger with 157-536 and Rusty

Roberson had 188-961.

The Rebels dropped three points to the Drop Outs as David Anderson downed pins for a 164 game and Joyce Anderson rolled a 160. Wayne Rutledge had a 155 game.

Gemini 4 and Salmons had the only 2-2 split for the night. It was

quite an unusual game as the Gemini imported some important substitutes leaving Salmons to bowl against three men and one woman, but couldn't get all the rules straight before the night was over and Richard Boone had shot a big 189 game and Yul Bryner had counted out a 171 game. Pat Ross had a 528 series and Glenn a 221-528. Salmons stayed alive with Ruth

rolling 210-909 and More a 539.
